THE CONFERENCE

The objective of THE FIRST INTERNATIONAL CONFERENCE ON NANOTECHNOLOGY AND ITS APPLICTIONS (ICNA - I - 2014) will be to provide a major interdisciplinary forum for presenting new approaches from relevant areas of nanotechnology.its also intended to benefit from this event to bring scientific research in the field into its applications ,to facilitate technology transfer and to share ideas between participants.

PRESENTATION TOPICS

The conference program will address a variety of disciplines including:

- Semiconductor Nanostructure and devices.
- Nanomaterials in Environmental Sciences
- Nanomaterials in Medicine
- Nanomaterials in Biology
- Nanomaterials in Chemistry
- Toxicology of Nanomaterials
- Nanomaterials in Innovation
- Computational Studies in Nanomaterials
- Nanomaterials for Energy Storage
- Nanoelectronics , Nano-magnetic
- Nano-Optics and Nano-optoelectronics
- Nanocomposites
- Other related topics

IMPORTANT DATES

Abstracts submission :

30 December 2013

Acceptance Notifaction :

10 january 2014

Full paper submission :

15 february 2014

ABOUT QENA AND LUXOR

The city of qena is the capital of qena governorate the city is located southern part of Egypt. It is most famous for its proximity to the temple of Dandara,(about 4 km) and luxor (60km) Tourists traveling between Luxor and the Red Sea(hurghada and safaga) will pass through qena. Qena is noted for the traditional pottery.

Luxor is the capital of the Luxor governorate. Luxor Temple is a large Ancient Egyptian temple complex on the east bank of the River Nile.

Luxor city was founded in 1400 B.C and known as "thebes" .

"thebes "was the capital of the known world by that time .

." In Luxor there are six great temples: four on the left Nile bank known to travellers as Goornah,

Dayr-el- baharee, the Ramesseum, and Medinet Haboo, and the two temples on the right bank are Karnak and Luxor temple.
