		العملية هي الظاهرة الموضوعية التاريخية الأكثر أهمية على الإطلاق في تاريخنا المعاصر ، تكمن قوتها في السورة التكنولوجية المعاصرة ، ولها آثارها الممتدة والواسعة النطاق سواء كانت هذه الآثار إيجابية أم سلبية . وقد تركّز موضوع هذه الدراسة حول بعض متطلبات تطوير التعليم قبل الجامعي في ضوء تحديثات العولمة . أولا : مشكلة الدراسة حدثت كثير من التحولات العالمية تحت مسمى العولمة مما يتطلب من جميع الحضارات إما الاندماج فيها أو الانعزال عنها أو محاولة الجمع بين إيجابياتها ومحاولة تقادى سلبياتها ، وقد أبرزت نتائج بعض الدراسات والاتجاهات الفكرية بعض مظاهر التأثيرات المحتملة على سياسات التعليم قبل الجامعي من حيث : الأهداف ، المعلم ، الإدارة ، التمويل ، المناهج ... ومن هنا فإن إشكالية الدراسة تم وضعها في صورة السؤال الرئيسي التالي : ما أهم متطلبات تطوير التعليم قبل الجامعي في ضوء تحديثات العولمة ؟ وينتفع من هذا التساؤل التساؤلات الفرعية التالية : 1- ما أهم تحديثات العولمة وانعكاساتها المتوقعة على التعليم قبل الجامعي في مصر ؟ 2- ما التغيرات الواجب إدخالها على أهداف التعليم قبل الجامعي لمواجهة تلك التحديات . 3- متطلبات تطوير أداء المعلم المصري بحيث يصبح قادرا على مواجهة تحديثات العولمة ؟ 4- ما الصيغ المناسبة لتمويل التعليم والإنفاق عليه في ضوء التغيرات الناجمة عن العولمة ؟ ثانيا : أهداف الدراسة هدفت الدراسة الحالية إلى محاولة التعرف على : 1- أهم تحديثات العولمة وانعكاساتها المتوقعة على التعليم قبل الجامعي فمصر . 2- التغيرات الواجب إدخالها على أهداف التعليم قبل الجامعي لمواجهة تلك التحديات . 3- متطلبات تطوير أداء المعلم المصري بحيث يصبح قادرا على مواجهة تحديثات العولمة . 4- الصيغ المناسبة لتمويل التعليم والإنفاق عليه في ضوء التغيرات الناجمة عن العولمة . ثالثا : أهمية الدراسة تتضح أهمية الدراسة في محاولة إلقاء الضوء على بعض إشكاليات العولمة المطروحة وانعكاساتها على منظومة التعليم قبل الجامعي وسبل مواجهتها ذلك أن ظاهرة العولمة تعد من الظواهر العالمية والتي لها انعكاساتها الواضحة وشديدة التأثير على المجتمع الدولي في مختلف المجالات ومنها التعليم . رابعا : حدود الدراسة نظرا لاتساع موضوع تطوير التعليم ، وصعوبة تناول جميع عناصر النظام التعليمي فقد اقتصرنا الدراسة فقط على : أ- الأهداف . ب- المعلم . ج- التمويل . خامسا : عينة الدراسة وأدواتها قام الباحث بإعداد استبيان حول : " بعض متطلبات تطوير التعليم قبل الجامعي في ضوء تحديثات العولمة " ثم قام بعرضه على مجموعة من المحكمين وأعاد صياغته في صورته النهائية ثم عرضه على أفراد العينة المتمثلة في السادة أعضاء هيئة التدريس بكليات التربية ببعض الجامعات . سادسا : خطة الدراسة يمكن تحديد خطة البحث فيما يلي : 1- دراسة نظرية تشمل على العناصر الآتية : أ- إشكاليات العولمة وانعكاساتها على التعليم في مصر . ب- بعض متطلبات تطوير التعليم قبل الجامعي في ضوء تحديثات العولمة في مجالات الأهداف التربوية ، إعداد المعلم ، تمويل التعليم . وذلك عن طريق : - الإطلاع على بعض الدراسات العربية والأجنبية التي تناولت مستقبل التربية والتعليم في ضوء تحديثات العولمة . - مراجعة الأدبيات ذات العلاقة بالعولمة وتأثيراتها على التعليم . - محاولة بناء مرجعية نظرية لتفسير إشكاليات العولمة في تأثيرها على منظومة التعليم قبل الجامعي في مصر . 2 - دراسة ميدانية : تقوم على أساس استبيان موجه إلى السادة أعضاء هيئة التدريس ببعض كليات التربية في مصر بهدف التعرف على " بعض متطلبات تطوير التعليم قبل الجامعي في ضوء تحديثات العولمة " سابعا : نتائج الدراسة 1 - فيما يتعلق بالدراسة النظرية فقد تبين أن : - العولمة هي أساسا مفهوم اقتصادي قبل أن يكون مفهوما سياسيا أو ثقافيا أو علميا وقد تجلت إشكاليات العولمة الاقتصادية في أن أصبح الاقتصاد العالمي بشكل مستقل عن الاقتصاديات القومية ويكون الفاعلون الرئيسيون في الاقتصاد العالمي هي الشركات المتعددة الجنسيات ، ومع زيادة الانفتاح على العالم فرضت العولمة الاقتصادية تحديا يتعلق بالمنافسة العالمية ووفقا لهذا التحدي فإن عناصر المنافسة والجودة والتميز هي التي تحكم قوانين السوق خلال المرحلة القادمة . - إشكاليات العولمة	2004			طه، صلاح طه إبراهيم.	بعض متطلبات تطوير التعليم قبل الجامعي في ضوء تحديثات العولمة /	ماجستير.	247920	1
	2005	بالمصل ، نسبة الفوسفاتيز الطوي بالمصل. نسبة الالبومين بالمصل . زمن وتركييز البروثرومين ومعامل التجلط العالمي . الكشف عن كائنات الالتهاب الكيدي الفيروسي بالمصل . الكشف عن الأمراض الوراثية المعدية (TORCH) أجريت هذه الدراسة الوصفية باستخدام مجموعة ضابطة في قسم أمراض النساء والتوليد بكلية طب سوهاج جامعة جنوب الوادى . وقد كان ذلك خلال الفترة من أول يوليو 1993 حتى نهاية يناير 1995. ولقد كان الهدف منها هو دراسة دور الفحص بالموجات فوق سمعية باستخدام جهاز (الدوبلر) في تشخيص أورام الجهاز التناسلى. وعلىه فإن استخدام جهاز الدوبلر لدراسة مسار السبل الموى داخل أورام الجهاز التناسلى والشرابين المغذية لهذه الأورام (الشران الرحمى والشران المبيضى) مع دراسة الإطلاق المرجعى لمؤشرات المقاومة لسرعة سريان الدم داخل هذه الشرابين يعتبر ذو قيمة كبيرة لتشخيص نوعية وسلوك هذه الأورام	2005 .			.Yousef,Gihan Yousef Ali	Some Clinico-Pathological Studies of Liver Diseases in Children /	Doctoral.	9176421	2
		أجريت هذه الدراسة الوصفية باستخدام مجموعة ضابطة في قسم أمراض النساء والتوليد بكلية طب سوهاج جامعة جنوب الوادى . وقد كان ذلك خلال الفترة من أول يوليو 1993 حتى نهاية يناير 1995. ولقد كان الهدف منها هو دراسة دور الفحص بالموجات فوق سمعية باستخدام جهاز (الدوبلر) في تشخيص أورام الجهاز التناسلى. وعلىه فإن استخدام جهاز الدوبلر لدراسة مسار السبل الموى داخل أورام الجهاز التناسلى والشرابين المغذية لهذه الأورام (الشران الرحمى والشران المبيضى) مع دراسة الإطلاق المرجعى لمؤشرات المقاومة لسرعة سريان الدم داخل هذه الشرابين يعتبر ذو قيمة كبيرة لتشخيص نوعية وسلوك هذه الأورام	1996 .	Sohag :	Mostafa abd El Khalek Abd El Lah,	Abd El Lah,Mostafa abd El Khalek.	The Role of Doppler Ultrasound in Gynecological Tumors		9178026	3
	2001 .	أجريت هذه الدراسة في قسم طب الأطفال بمستشفى سوهاج الجامعي على 44 طفل مصاب بمرض نقص الصفائح الدموية الذاتى منهم 20 حالة حادة و 24 حالة مزمنة كما تم دراسة 10 اطفال اصحاء كمجموعة تحكمية.	2001 .	Sohag:	Al-Zahraa Al-Sayed Ahmed;	.Ahmed,Al-zahraa Al-sayed	Some Immunological Aspects of Idiopathic Thrombocytopenic Purpura in Children		9178076	4
	2000	اشتملت الدراسة على 5165 طفلا(2787من الذكورو2378من الاناث)تتراوح اعمارهم ما بين اسبوع وحتى اثني عشر عاما في اربع قرى تمثل المناطق الجغرافية المختلفة لمحافظة سوهاج.وتهدف الدراسة الى عمل مسح شامل للاعراض والعلامات المشيرة الى امكانية وجود امراض بالجهاز البولي.	2000	Sohag	Moustafa Mohamed Abousedira	Abousedira,Moustafa Mohamed	Screening for Urinary Tract Diseases in Rural Children in Sohag		9178548	5

							هذه الدراسة دراسة مسحية لأطفال الاريافمنذ الولادة وحتى عمر الخامسة عشر،وقد اشتملت هذه الدراسة على ثمانية قرى تمثل مختلف المناطق بمحافظة سوهاج فى صعيد مصر.وقد اجريت هذه الدراسة فى الفترة من شهر يونيو 1994وحتى نهاية يوليو1997م.		
6	9180665	Evaluation of Congenital Heart Disease in Rural Children in Sohag/	Mohamed,Mohamed Abd El Aal.	Mohamed Abd El Aal Mohamed,	Sohag:	2000 .	هذه الدراسة تم إجراؤها لدراسة مشكلة العقم غير المفسر الأسباب وقد تم إختيار المريضات من بين المترددات على عيادة العقم بقسم أمراض النساء والتوليد بمستشفى سوهاج التعليمى - جامعة جنوب الوادى. وقد شملت الدراسة 503 مريضة تم التعامل معهن فى الفترة من يناير 1993 حتى 1995. ونستخلص من هذه الدراسة أن إصابة عنق الرحم بميكرو اللاميديا يعتبر من أكثر الأسباب لحالات العقم غير المفسر الأسباب ويجب هذه الحالات بعقار الدوكسيسيكلين. كما أن قصور الجسم الأصفر يلى حالات الإصابة بميكروب الكلاميديا من حيث الأهمية.		
7	9180765	A STUDY ON THA PROBLEM OF UNEXPLAINED INFERTILITY	ABDEL-LATIF,SALAH ROSHDY AHMED.	SALAH ROSHDY AHMED ABDEL-LATIF,	Sohag :	1996 .	اجريت هذه الدراسة لهدفين رئيسيين أولاً:تقدير حجم مشكلة الأمراض الوراثية فى محافظة سوهاج كمحافظة ممثلة لمصر العليا ثانياً:تقييم الإجراءات الغزوية المختلفة التى تستخدم لتشخيص الأمراض الوراثية قبل الولادة وكذلك تعطين وأتقان الطرق المعملية التى تستخدم لهذا الغرض.وقد أستنتج من هذه الدراسة أولاً: أن الأمراض الوراثية ليست نادرة فى محافظة سوهاج من مصر العليا أن زواج الأقارب هو العامل الخطر الرئيسى لانتشار هذه الأمراض ثانياً: أن بذل السائل الأمينوسى فى الثلث الأوسط من الحمل يعتبر أسهل وأمن إجراء لتشخيص الأمراض الوراثية مع أن هناك مميزات ودواعى إستعمال خاصة لإجراء أخذ عينة من الزغيب المشيمية وعينة دم الحبل السرى عبر الجلد.		
8	9180768	PRENTATAL DIAGNOSIS OF GENETIC DISEASES IN HIGH RISK PREGNANCIES	Ait-AllahAbdou Saeed ,	Abdou Saeed Ait-Allah,	sohag :	1996 .	البعوض من أهم الحشرات التى تنقل الإنسان ليس فقط لما تنتقله من أمراض خطيرة مثل الملاريا والفالاريا والالتهاب السحائى وحمى النج ولكن أيضاً لما يسببه من ازعاج للإنسان عن طريق التسع المتكرر فى الأماكن التى يتواجد فيها بكثرة. وقد اشتمل البحث الذى طبق على مدى سنة كاملة ابتداء من ربيع 2004 الى شتاء 2005 على ما يلى : أهداف البحث : معرفة الأنواع المختلفة من البعوض المتواجد فى محافظة سوهاج عن طريق دراسة شاملة على مدار الاربعة فصول. مناطق الدراسة : أجريت الدراسة على سبعة مناطق وتم جمع اليرقات منها بشكل متكرر وهى : أخميم.سفاق. ساقنته. عرب محروس. دير الاميا شنوده. العمره. مدينة ناصر. طرق الدراسة : جمع يرقات البعوض عن الصيد بالشباك وطريقة الجمع باستخدام المغارف المخصصة لأخذ العينات من مصادر المياه. بعض هذه اليرقات تم تثبيتها فى المعمل بطرق معينة وفحصها مجهرياً وذلك بغرض تصنيفها وتحديد بعض المعالم الشكلية المحددة لأنواع المختلفة من يرقات البعوض المتواجد فى سوهاج. الجزء الآخر من عينات اليرقات تم ترتيبه فى المعمل ليكمل دورة حياته ويصل الى الطور البالغ وذلك بهدف تأكيد التشخيص الاولى له كيرقة من نوع معين من البعوض وللمعرفة اكثر الأنواع المقاومة للتغير فى الظروف البيئية وقدرتها على التحمل لاختلاف الظروف المحيطة وبالتالي تكون هى اكثر الأنواع انتشاراً فى المحافظة. نتائج الدراسة مناقشة وشرح لبعض موصافات الشكل الخارجى لليرقات والمشخص لها كنوع معين من اليرقات والاستعانةبرسوم توضيحية وصور فوتوجرافية بالميكروسكوب الالكترونى. دراسة الكثافة والتوزيع الفعلى ليرقات البعوض فى سوهاج. التعرف على وجود خمسة انواع من يرقات البعوض فى سوهاج وهم على الترتيب حسب أغلبية كثافة التواجد كويليكس بيبينز موليستس(70.1%) من مجموع اليرقات المجمعة، كويليسيتا لوتجاريالات(8.6%)، اينس كاسبيس (3.3%)كويليكس بوزيلس (7.7%)،كويليكس انتيناتس (5.3%).		
9	9196320	Master. Observational study on different types of mosquitoes in Sohag /	Hassan, Faten Abu El-Magd.			2005		Fatma Galal Sayed, Abd El-Fatah El-NaDr.di, Hanaa Ahmad El-Hady.	
10	9213524	Intensive Care of Critically Ill Pediatric Patients	.Ali,Safaa Husien	Safaa Husien Ali	Sohag	2000	تعتبر العناية الحرجة بالأطفال الحظل الطبى الذى يتعامل مع الحالات الحادة المهددة للحياة عند الاطفال.وقد تتم هذه العناية فى قسم الاسعاف او فى وحدات غناية وسيطة او فى وحدات العناية المركزة وهذا حسب شدة الحالة والحاجة لتجهيزات معينة.		
11	9213836	Gene Therapy in Pediatrics	Ahmed,Mona Abd El-Baky	Mona Abd El-Baky Ahmed	Sohag	1998 .	يعتبر العلاج بالجينات واحدا من اهم اهداف علم الوراثة البشرية حيث ات الامراض الوراثية مزمنة ويصعب علاجها فى معظم الاحوال ويهدف العلاج بالجينات الى ادخال جينات سليمة فى الخلية لتؤدي وظيف الجينات المريضة .		
12	9218723	Epidemiological Aspects of Neoplastic Diseases in Children	.Ahmed,Abeer Abdul Moniem	Abeer Abdul Moniem Ahmed	Sohag	2000	توضح الخصائص الوبائية للسرطان عند الاطفال وجود اختلافات فى معدلات الحدوث لهذه الاورام نتيجة لعوامل مختلفة مثل العمر،الجنس وفصول السنة وعوامل اخرى واكثر الاورام شيوعا عند الاطفال هى اللوكيميا والى تمثل تقريبا ثلث الحالات جميعا.والاورام الخبيثة المخ والاعضاء الاخرى من الجهاز العصبى هى الثانية فى الترتيب و سرطان الغدد الليمفاوية هو النوع الثالث فى الترتيب.		

								يعتبر الجين (gene) الوحدة الأساسية للوراثة وتحفظ المعلومات الوراثية ككتل من أزواج القواعد الحمض النووي الديوكسي ريبوزي ويسمى الدنا (DNA) على شكل لولب مزدوج ويؤلف المزيغ المكون من الدنا والبروتين المسمى الهستون الكروماتين وهو المادة الموجودة في النوية الخلوية والتي بنورها تتكثف لتكون سنة وأربعين كروموزوما.		
13	9218802		Gene Analysis in The Diagnosis of Genetic Diseases	.Abd-El-Moniem,Ehab Saoud	Ehab Saoud Abd-El-Moniem	Sohag	1998	هدف البحث دراسة بعض هذه الطفيليات، ونسبة الإصابة بها في الدجاج و، (85) تمت هذه الدراسة على مدى سنة ابتداء من شهر ابريل سنة 1995 حتى مارس سنة 1996 فقد تم فحص 312 دجاجة من الانواع المختلفة بمحافظة اسيوط واسفرت الدراسة ان ان نسبة الإصابة بالديدان في الدجاج كانت (36.85%).		
14	9221250		بعض الدراسات الطفيلية و المناعية على طفيليات الدجاج.	جيهان محمد سيد.	كلية الطب البيطري.	جامعة اسيوط	1996		و	
15	9221351		Movement Disorders in Children	Morsy,Mohamed Mofeed Fawaz	Mohamed Mofeed Fawaz Morsy	Sohag	1997	من المعروف ان معظم اضطرابات الحركة تتبع من العقد القاعدية وتشمل هذه العقد القاعدية النواة المنزلية الصدفة، الكرة الشاحبة،المهاد،تحت المهاد،المادة السوداء،النواة الحمراء،والنسيج الشبكي في غطاء الدماغ المتوسط وتعرف هذه الاجزاء ايضا باسم الجهاز خارج الهرمي وترتبط تلك الاجزاء مع بعضها البعض وايضا مع قشرة المخ والمخيخ من خلال وسائل متعددة.		
16	9226057		The Uses of Gastrointestinal Endoscopy in Pediatrics	.Radwan,Ashraf Mahmoud	Ashraf Mahmoud Radwan	Sohag	2001	يعتبر ابتكار منظار صغيرة الحجم و بروز تخصص امراض الجهاز الهضمي عند الاطفال كتخصص قائم بذاته من اهم العوامل التي ساهمت في استخدام منظار الجهاز الهضمي بشكل مؤثر في الرعاية الصحية للأطفال والضعف.		
17	9230932	Master	prevalence of middle ear pathologies in children with bilateral sensorineural hearing loss /	Abbas, Abbas Radeh.			1996	أجريت هذه الدراسة على الأطفال المصابين بفقدان السمع العصبي بال [أذنين لبيان معدل انتشار امراض الأذن الوسطى بين الأطفال]. وتم اجراء هذه الدراسة على 200 طفل (113 من الذكور؛ 87 من الإناث) حيث تراوح اعمارهم من 4 سنوات الى 12 سنة. (فحص الكليتيكي بمنظار الأذن؛ قياس ضغط الأذن؛مقياس حدة السمع للأذنين)تم فحص هؤلاء الاطفال بواسطة * %30 اوضحت هذه الدراسة ان معدل انتشار امراض الأذن الوسطى بين الأطفال المصابين بفقدان السمع العصبي للأذنين من هؤلاء الأطفال يعانون من أمراض نشطية (التهاب ارتشاحي – التهاب صديدي) 9% معرضون بدرجة كبيرة 10% للإصابة بأمراض نشطية؛ 11% يعانون من أمراض متبقية ان هذا المعدل المرتفع لأمراض الأذن الوسطى بين هؤلاء الأطفال يوضح مدى أهمية الفحص المتكرر المنتظم لهم؛ * لاكتشاف أى امراض فى الأذن الوسطى مبكراً وعلاجه طبياً أو جراحياً	Abd El Mateen Mousa, mahmoud Raghieb El Sherif.	1996
18	9231536		Study of genomic instability in squamous cell carcinoma of the upper aerodigestive tract by random amplified polymorphic DNA	Al-Hussein Awad Ali			2001	يوجد للرسله ملخص باللغة العربيتتنامي سرطان الرأس والرقبة نتيجة حدوث بعض التغييرات الجزيئية العديدة والتي بدورها تعكس التأثير المتعدد للمواد المسرطنة ، وذلك كنتيجة مباشرة لممارسة بعض العادات السيئة مثل تدخين التبغ أو التأثير بالعمال البيئية ، كما أنه في بعض الحالات يكون بسبب الفيروسات ، هذا بالإضافة إلى درجة الاستعداد الوراثي للمقاومة أو قابلية الإصابة بالسرطان . تساهم الدراسة الحالية كإقتراح بديل يسمى بوسامات RAPDS أو دلالات التضخم العشوائي لجزيئات الدنا متعددة الصور . اتاحت هذه التقنية عن كشف جديد لتعدد الصور في جزيئ DNA حيث تستند على التكبير العشوائي لقطع . باستخدام بادنة (مسير) منفردة ذات تتابع عشوائي DNA أمكن توظيف اختبار RAPDS في هذه الدراسة لتحديد ظاهرة عدم الاتزان الجينومي والتي تم كشفها باستخدام ثلاثة بادئات مختلفة عن طريق فقد شطايا الـ DNA ، أو اكتسابها أو إنجرافها على الجل . حيث تحدث الطفرات في الحالة الأخيرة داخل مواقع الارتباط بين البادنة والقالب لجزيئ الـDNA مثل طفرات الحذف أو الإدخال مما ينتج عنه حركة إنجرافية لشطايا الـDNA وحيث أن هذا النوع من الواسمات يعتبر من الأنواع السائدة فإنه في الوقت الذي يستحيل معه أن نتحقق أي الانسجة تكون متجانسة أو متغايرة الأليات فيمكننا وببساطة عندما نفترض تفسير غياب شطايا الـDNA في الورم النسيجي فيكون هذا مؤشرا لتغير النسيج الطبيعي من الحالة المتغايرة الي الحالة المتجانسة وكنتيجة مباشرة لفقد خاصية تعدد الأليات .		
19	9237032		Genetic aspects of Neuromuscular Diseases in Children	.Sadek,Abd El-Rahem Abd Rabo	Abd El-Rahem Abd Rabo Sadek	Sohag	2000	تتكون الوحدة الحركية من اربع مكونات:العصبون الحركي في جزع النخاع او العمود البطني للنخاع الشوكي،العصب الطرفي،الوصل العصبى العضلى والاياف العضلية المصبغةعصبون حركي وحيد.وتتأثر الوحدة الحركية بالعصبون المحرك العلوى.		

20	9237422		Renal Failure in Children	.Boray,Naglaa Fawzy Ahmed	Nalaa Fawzy Ahmed	Sohag	1999 .	القصور الكلوي هو عدم مقدرة الكلى على أداء وظائفها بكفاءة ويمكن أن يكون هذا القصور حاد أو مزمن		
21	9237553		دراسات مورفولوجية مقارنة على القولون والمستقيم وقناة الشرج في بعض الحيوانات المستأنسة/	عبد المهيمن مصطفى محمد الشيخ.	faculty of veterinary medicine,	assuit univer	1997	أجريت الدراسات المورفولوجية على خمس وعشرين من كل من الكلاب والماعز والحمير من كلا الجنسين ومختلف الاعمار.		
22	9240384		دراسات عن ميكروبات اليستريا في الالبان وبعض منتجاتها بمحافظة اسيوط.	ناهد محمد محمد وهبة.		جامعة اسيوط:	1E+07	تعتبر ميكروبات اليستريا من الميكروبات الواسعة الانتشار في الطبيعة ولعبت الالبان ومنتجاتها دورا خطيرا في الإصابة بمرض listeriosis.		
23	9243079		Assessment of ischemic heart diseases in young women	Rushdi,yassir Mohamed Kamal	yassir Mohamed Kamal Rushdi	sohag	2005	يوجد للرسمية ملخص باللغة العربية		
24	9243158		Nocturnal Enuresis in Children	.Abdel Mawgoud,Eman Ahmed	Eman Ahmed Abd El-Mawgoud	Sohag	2003	التبول اللاارادي عند الأطفال يعتبر عرض وليس بمرض وهو يكون نتيجة اسباب عضوية اوسيكولوجية ومن الممكن ان تكون اسباب وراثية

			Diarrhoea is among the greatest killers of infants and children in egypt and many other developing countries , it accounts for 25-30% of deaths among infants and children in the present study 200samples of diarrheic patients were collected from the outpatient pediatric clinic and pediatric department of sohag university hospital .the age of examined patients varied from 6 months up to 15 years . 170from those patients were immunocompetent and 30 were immunocompromised (with severe malnutrition) All samples were preserved in mif solution then examined by direct microscopic examination and all samples were examined by modified zeihl neelsen stain to show the coccidian parasite (23%)out of 200samples were found to be harbouring parasites ,33(19.4% of them were found in immunocompetent and 13)(40.33% in immunocompromised patients . Giardia lamblia infection was to be found in 22 (11% patient (the most common protozoal infections in the present study,16)9.41% were found in immunocompetent children and 6(20% in immunocompromised patients ,all positive cases were detected by direct microscppic examination.	2003	SOHA G	Usama hussien Abd allah	Abd allah , usama hussien	Studies on parastic diarrhoea in children=	267	9296604
			The objective of this thesis is studying the breaklinks incorporation effect on different terrain types ,that ,with using different sampling density and different interpolation methods. To achieve this objective, different data sets that resrepresent different types of the terrain are obtained at different grid spacing between observed points. The pattern of the obtained data is the regular grid ;this pattern is chosen to simplify the change of sampling interval by skipping some points from the original observations.	2005 .	أسوان :	محمد عثمان عواض عبد الوهاب ،	عبد الوهاب، محمد عثمان عواض.	دراسة تحليلية لتأثير جيومورفولوجية سطح الأرض على التمثيل الرقمي للأرتفاعات /	268	9296643

766	9370919	Antioxidant activity of vitamin e and its protective effect against histological changes induced by cisplatin in the kidney and liver of adult male albino rats /	Ahmed, Doha Saber Mohamed.	Doha Saber Mohamed Ahmed ,	Sohag	2005	it was found that treatment with cisplatin caused several histological, histochemical and ultrastructural changes in the kidney.		
767	9370990	GEOLOGIC,PETROGRAPHIC AND GEOCHEMICAL STUDIES OF URANIFEROUS GRANITOIDS IN GARRA-EL GIDAMI AREA,CENTRAL EASTERN DESERT,EGYEL /	MAHMOUD,FALHAM ORABY	FALHAM ORABY MAHMOUD,	QENA	1999	EL GARRA-EL GIDAMI PLUTON IS AN ELLIPTICAL PLUTON,COVERING AN AREA ABOUT 75 KM AND INTRUDED INTO AMPHIBOLITE,GNEISSOSE GRANITE AND SYN-TECTONC GRANITOIDS WITH SHARP CONTACTS		
768	9370993	Synthesis and Electronic absorption spectra of some new cyanine dyes deriver from azoles /	.Deff-Allah, Emad mohamed	Emad mohamed Deff-Allah ,	Aswan	2006	The aim of the work included in this thesis is the syn-thesis of novel photosensitizer solvatochromic cyanine dyes		
769	9371073	INTERPRETATION OF GRAVITY DATA OF KHARGA OASIS AREA, WESTERN DESERT,EGYPT /	ABD EL.ALL.ESMAT.MOH AMED .	ASSIUT :		1982	The studied area covers about 16.2000square kilometers in south-eastern part of the weatern desert of egypt by a detailed study and critical analysis of the bouguer anomaly map of this area we shown that it is characterized mainly by complex subsurface in the from of :Major uplifted block in the basement surface and probably the overlying sedimentary cover characterized by gravity high south-east of ginah village.Major downfaulted block in the basement surface and the above sedimentary cover characterized by gravity lows south -east of bulag village and north-west of baris village.The uplifted and downfaulted blocks are separated by linear anomalies these anomalies are always associated with faults which affecting the basement complex as well as the overlying sedimentary cover.block diagrams of all detected faults in the investigated area show the following.		
770	9371080	GEOLOGIC STUDIES ON THE BASEMENT COMPLEX OF EL URF AREA,EASTERN DESERT, EGYPT /	SOLIMAN,MAMDOU H,FARAG .		SSSSUIT :		DETAILED MAPPING OF THE AREA AROUND GABAL EL URF REVEALD THE PRESENCE OF ANUMBER OF ROCK UNITS .		
771	9371169	COMPARATIVE STUDY BETWEEN FIBEROPTIC BRONCHOSCOPY AND CT-GUIDED PERCUTANEOUS TRANSTHORACIC NEEDLE BIOPSY IN THE DIAGNOSIS OF MEDIASTINAL AND PLEUROPULMONARY LESIONS /	MAHMOUD, HAMDY ALI MOHAMMADIN.	HAMDY ALI MOHAMMADIN MAHMOUD ,	Sohag	1998	IN THIS STUDY,PERCUTANEOUS TRANSTHORACIC CT-GUIDED NEEDLE BIOPSY AND FIBEROPTIC BRONCHOSCOPE WERE USED TO ESTABLISH THE FINAL DIAGNOSIS IN 55PATIENTS		
772	9371191	GEOLOGIIC SETTING AND PETROGRAPHIC AND GEOCHEMICAL CHARACTERISTIC OF URANIUM-BEARING GRANITIC ROCKS IN EL EREDIYA-EL MAGHRABIYA AREA,CENTRAL EASTERN DESERT,EGYPT /	AHMED,ABU EL-HASSAN ESMAT	ABU EL-HASSAN ESMAT AHMED ,	QENA	1999	THIS THESIS DEALS WITH EL-EREDIYA AND EL-MAGHRABIYA GRANITES,AND THEIR CHARACTERISTICS AS URANIUN-BEARING GRANITIC ROCKS		
773	9371273	دراسة في التكامل بين المنظّمات التنموية ببعض قرى محافظة سوهاج /	الجبالى، جمال الدين يوسف عبد العال.	جمال الدين يوسف عبد العال الجبالى ،	القاهرة :	1994	تحاول هذه الرسالة الوقوف على مدى التكامل بين المنظّمات التنموية القائمة في بعض قرى محافظة سوهاج وذلك من خلال تحديد درجة التنسيق والترابط والتعاون فيما بينها حتى يمكن تحديد درجة تحقيقها لأهدافها بما يساهم بالحاجات الأساسية لتطوير القرية المصرية.		
774	9371347	HYDROGEOLOGICAL STUDIES ON THE QUATERNARY WATER BEARING SEDIMENTS IN THE AREA BETWEEN ASSIUT AND ASWAN /	RACHWAN,ABD ELHAY.ALY.FARAG .	RACHWAN,ABD ELHAY.ALY.FARAG ؛		1982	IN THE NILE VALLEY,THERE IS A RELATIVELY THICK SEDIMENTARY SECTION BELONGING TO THE QUATERNARY. THIS SECTION ACTS AS AN IMPORTANT AQUIFER AND DURING THE PAST DECADES IT WAS STUDIED BOTH FROM THE GEOLOGICAL AND THE HYDROGEOLOGICAL STAND POINTS .		

775	9371348		GEOLOGY OF UM SAMIUKI AREA EASTERN DESERT, EGYPT /	EL HABAAK, GALAL, HAMMED, SAYED .		EL HABA AK, GALAL, HAMED, SAYE D ؛	UM SAMIUKI AREA IS LARGELY OCCUPIED BY METAVOLCANIC ROCKS DISSECTED BY THRUST FAULTS, NORMAL FAULTS AND SHEAR ZONES. THE METAVOLCANICS OCCUR AS SEPARATE BELTS TRENDING NEARLY WNW-ESE.			
776	9371591		بعض الجوانب التريبوية في القصص القرآني في سورة الكهف :	عمر، منى عرفة حامد.	منى عرفة حامد عمر ،	أسوان :	1995 .	تهدف الرسالة إلى معرفة طرق معالجة القصص القرآني أما يعاني منه الإنسان بصفة خاصة والمجتمع بصفة عامة من مشكلات تريبوية في في الوقت الحاضر من خلال تناولها لسورة الكهف التي تشتمل على بعض الجوانب التي تحقق للإنسان عند تمسكه بما اشتملت عليه من مبادئ خير في الدنيا والآخرة.		
777	9371683		ROLE OF HDR BRACHYTHERAPY IN MANAGEMENT OF OESOPHAGEAL CANCER /	AHMAD, KHALID FOUAD SAYED	KHALID FOUAD SAYED AHMAD .	Sohag :	[199 -].	RECENT ADVANCES IN DIAGNOSTIC PROCEDURES HAVE ENABLED EARLIER DIAGNOSES OF MANY ESOPHAGEAL CANCER PATIENTS.		
778	9371684		GEOPHYSICAL AND GEOLOGICAL STUDIES ON THE ENTRANCE OF WADI EL-ASSIUTI, EASTERN DESERT, EGYPT /	BAKHEIT, ABUDEIF, ABDEL AAL .	BAKHEIT, ABUDEIF, ABDEL AAL ؛		1983 .	THE STUDY AREA COVERS ABOUT 480 KM, LIMITED BY THE LATITUDES 27 09 AND 27 21 N AND THE LONGITUDES 31 13 AND 31 28 E , LIES ON THE EASTERN BANK OF THE RIVER NILE AT THE ENTRANCE OF WADI EL- ASSIUTI NOTHEAST OF ASSIUT CITY .		
779	9371726		GEOPHYSICAL STUDY FOR EL-MARASHDA AREA BY THE ELECTRIC METHODS /	SALEM, SALEM, RAMADAN .	SALEM, SALEM, RAMADAN ؛	QENA :	1986 .	THE STUDIED AREA IS LIMITED BY THE CULTIVATED LANDS OF THE WESTERN RIVER NILE BANK IN THE NORTH /		
780	9371777		GEOLOGY OF WADI UM GHEWIG AREA, EASTERN DESERT, EGYPT /	Asran, Asran Mohamed Hassan	Asran Mohamed Hassan Asran,	Sohag :	1992 .	The Pre-cambrian rocks of the studied area around W. Um Gheig are differentiated into two major tectonic units, viz. an old intrastucture and a young suprastrucure or the Pan-African unit. The old infrastructure occupies the south western part of the map area and is tectonically overlain by the younger suprastructural unit which forms a semicircular belt around the infrastructure. Both the infra and suprastructural units are folded into major synclines and anticlines plunging 8 southeast ward		
781	9371909		GEOPHYSICAL AND STRUCTURAL STUDIES, IN THE AREA BETWEEN LONGITUDES 29-31 E, AND LATITUDES 28-30 N /	ABU EL MAGD, HAMID, ATTIA .	ABU EL MAGD, HAMID, ATTIA ؛	ASSIUT :	1982 .	THE PURPOSE OF THE PRESENT WORK IS TO DELINEATE THE TOPOGRAPHY OF THE BASEMENT RELIEF AND THE SUBSURFACE STRUCTURE OF THE OVERLYING SEDIMENTS FROM THE AVAILABLE DATA OF TOTA MAGNETIC INTNSITY AND BORE HOLES DATA .		
782	9371933		العوامل الاقتصادية والاجتماعية والثقافية المؤثرة على مشاركة القادة المحليين في العمل الإرشادي الزراعي بمحافظة سوهاج /	كوكب، عبد المنعم محمد عبد الرحمن.	عبد المنعم محمد عبد الرحمن كوكب ،	القاهرة :	1993 .	تهدف هذه الرسالة إلى التعرف على العوامل المؤثرة على درجة مشاركة القادة الإرشاديين المحليين في الأنشطة الإرشادية باعتبار أن تلك العوامل تتصل مباشرة بما يقومون به من مهام إرشادية.		
783	9372039		STRUCTURAL FRAMEWORK OF THE CENTRAL EASTERN DESERT OF EGYPT, USING REMOTE SENSING TECHNIQUES AND GROUND DATA	FARGHALY, ABU DEIF MOHAMED ABU DEIF	ABU DEIF MOHAMED ABU DEIF FARGHALY,	qena :	1999 .	THE CENTRAL EASTERN DESERT OF EGYPT REPRESENTS A VERY COMPLICATED PART OF THE PAN-AFRICAN PRECAMBRIAN CRYSTALLINE ROCKS IN EGYPT IT COMPRISES GREAT VARIETIES OF DIFFERENT IGNEOUS AND METAMORPHIC ROCK UNITS, WHICH HAVE DIFFERENT MINERLOGICAL AND CHEMICAL COMPOSITIONS		
784	9372230		GEOLOGICAL AND SEDIMENTOLOGICAL STUDIES OF THE UPPER CRETACEOUS ROCKS-CENTRAL SINAI-EGYPT /	SELIEM, MOSHRIF MOHAMED	MOSHRIF MOHAMED SELIEM,	QENA :	1998 .	THE PRESENT THESIS DESCRIBES THE GEOLOGICAL FEATURES AND SEDIMENTOLOGICAL CHARACTERS OF THE UPPER CRETACEOUS SEQUENCE AT CENTRAL SINAI		
785	9372293		THE TECTONIC EVOLUTION OF THE BASEMENT ROCKS AROUND WADI ABU SHIGIELI, CENTRAL EASTERN DESERT, EGYPT/	.MAHMOUD , SOLIMAN ABU EL ATTA ABD ALLAH	SOLIMAN ABU EL ATTA ABD ALLAH MAHMOUD	QENA :	2003 .	THE STUDY AREA LIES TO SOUTHWEST OF SAFAGA PORT AT THE RED SEA HILLS IN THE CENTRAL EASTERN DESERT OF EGYPT		
786	9372295		GEOPHYSICAL AND HYDROGEOLOGICAL STUDIES FOR EXPLORATION AND EVALUTION OF THE GROUNDWATER AND ITS ENVIRONMENTAL PROTECTION IN THE UPLANDS OF WADIRASYAN, TAIZ, YEMEN /	ABDUL KADER, AHMED ABDUL AZIZ	AHMED ABDUL AZIZ ABDUL KADER,	assuit :	2005 .	WADI RASYAN IS ONE OF THE MOST MAJOR WADIS THAT FORM THE RED SEA DRAINAGE BASIN, IT DRAINS THE HIGH AND MIDLAND REGION OF THE WESTERN YEMEN MOUNTAINS INTO THE TIHAMA LOWLANDS . THE PRESENT STUDY IS FOCUSED ON THE MOST IMPORTANT AND LARG PART OF TAIZ GOVERNORATE, THE UPLANDS OF W. RASYAN, WHICH COVERS APPROXIMATELY 1806 KM AND EXTENDS BETWEEN THE LATITUDES 13 23 AND 13 53 NORTH , AND THE LONGITUDES 43 37 AND 44 10'		
787	9374163		HYDROLOGY AND HYDROGOLOGY INVESTIGATIONS IN THE KALABSHA AT ASWAN /	MOUSTAFA, SAMEH MOUSA	SAMEH MOUSA MOUSTAFA,		1991 .	IN THIS RESEARCH, THE GEOLOGICAL CONDITIONS PREVAILING THE AREA WEST OF THE HIGH DAM RESERVOIR, SOUTHEASTERN PART OF THE WESTREN DESERT OF EGYPT, WERE INTERRELATION, IFANY, BETWEEN SEEPAGE LOSSES FROM THE RESERVOIR AND THE LEVEL OF ACTIVE SEISMICITY IN THE AREA		
788	9375999		MINERALOGICAL AND GEOCHEMICAL STUDIES ON GEBEL EL-MOTAGHIARAT AREA, SOUTHWEST BARANICE, EGYPT /	ABU EL-ELA, EL-SAID MOHAME	EL-SAID MOHAME ABU EL-ELA,		1984 .	THE AREA OF GEBEL EL-MOTAGHIARAT, WHICH IS THE SUBJECT OF THE PRESENT THESIS, LIES BETWEEN LATITUDES 23 51 2 TO 23 53 36 N. AND LONGITUDES 35 18 31 TO 35 24 52 E, SOUTH-WEST OF BARANICE , EASTERN DESERT , EGYPT		
789	9376012		EVALUATION OF THE NILE VALLEY AQUIFER FROM ASWAN TO ASSIUT USING GEOPHYSICAL AND HYDROGEOLOGICAL METHODS /	HAMADAN, ALI MOHAMED ALI	ALI MOHAMED ALI HAMADAN,	aswan :	2005 .	THE STUDIES AREA IS SITUATED ALONG THE NILE VALLEY BETWEEN ASWAN AND ASSIUT , OCCUPYING BY THE FLAT NILE FLOODPLAINS THAT FORMING THE OLD CULTIVATED LANDS, AND BOUNDED FROM BOTH SIDES BY A DESERT FRINGES THAT ARE USUALLY SUITABLE FOR RECLAMATION A STRIP OF THE DESERT FRINGES, HAS ALREADY BEEN RECLAMED AND IRRIGATED ESSENTIALLY WITH GROUNDWATER		
790	9376060		a study about azimuth and slowness anomalies of primary seismic waves in aswan region /	shater, abu bakr ahmed shater .	shater, abu bakr ahmed shater ؛	QENA :	1989 .	the present study deals with the p-wave travel times deduced from the seismograms recorded by the telemetered seismic station network of aswan high dam lake .		

791	9376096	THE CONTRIBUTION OF SHALLOW SEISMIC REFRACTION IN DEFINING THE GENINEERING CHARA CTERISTICS OF THE FOUNDATION MATERIALS OF SOHAG EL-GEDIDA CITY,NILE VALLEY,EGYPT /	TRABEES,ELHAMY ALY ABD-ELAZIZ	ELHAMY ALY ABD-ELAZIZ TRABEES,	SOHAG :	2005 .	THE CURRENT WORK IS A TRIAL FOR USING SOME SEISMIC AND SEISMOLOGICAL TECHNIQUES FOR STUDING THE ENGINEERING QUALITY AND SITE EFFECTS OF THE SOIL OF THE STUDY AREA,USING SHALLOW SEISMIC REFRACTION TECHNIQUE AS A GEOPHYSICAL METHOD FOR SUBSURFACE EXPLORATION,THE COMPRESSIONAL AND SHEAR WAVE VELOCITY MODELS HAVE BEEN CONSTRUCTED,ALSO UTILIZING THE MICROTREMORS METHOD AS A SEISMOLOGICAL TECHNIQUE FOR THE SITE EFFECTS AND SOIL AMPLIFICATION FOR THE SEDIMENTARY LAYERS OF THE STUDY AREA SELECTED TO BE A NEW URBAN AREA,LOCATED AT THE WESTERN BANK OF THE NILE RIVER,WEST GIRGA CITY ,SOHAG GOVERNORATE.THIS AREALIES BETWEEN LATITUDES 26 15 55 AND 26 17 05 AND LONGITUDES 31 45 45 AND 31 47 15		
792	9376128	GEOLOGICAL STUDIES ON THE AREA TO THE SOUTH OF GEBEL IGLA EL-AHMAR ESTERN DESERT,EGYPT /	MOHAMED,EZZAT ABD-EL-RAHMAN	EZZAT ABD-EL-RAHMAN MOHAMED,	ASWAN :	1987 .	THE ARES UNDER STUDY BELONGS TO THE CENTRAL EASTERN DESERTS LATE PROTEROZOIC TERRAIN		
793	9376153	MINERALOLGICAL AND GEOCHEMICAL STUDIES ON SOME GOLD DEPOSITS AND HOST ROCKS,WADI ALLAQI,SOUTH EASTERN DESERT,EYGP /	ABDEL RADY,ASHRAF EMAM	ASHRAF EMAM ABDEL RADY ,	assuit :	2005 .	ORE-MINERALOGY AND GEOCHEMISTRY OF HAIMUR,MARAHIQ AND HARIARI GOLD MINERALIZATIONS ARE THE MAIN TARGET OF PRESENT STUDY HAIMUR GOLD MINE LIES AT LAT 22 38 N AND LONG 33 18 E,MARAHIQ GOLD MINE OCCURS AT LAT 22 30 57 N AND LONG 33 30 33 27 E GEOLOGICALLY,THE OPHIOLITIC MELANGE AND ISLAND-ARC ROCKS COVER HAIMUR AND MARAHIQ GOLD MINE AREA TOW MAJOR SHEAR ZONES NW-TRENDIND ALLAQI SHEAR ZONE & NE-TRENDING HAIMUR SHEAR ZONE CUT ACROSS THE AREA OF HAIMUR GOLD MINE AND TOW MAIN SHEAR ZONES TRENDING NW-SE AFFECT THE AREA OF MARAHIQ GOLD MINE		
794	9376197	COMPLEX GEOPHYSICAL STUDY IN THE SOUTH WESTERN DESERT OF EGYPT /	MOUSA,MOUSA FAKHRY	MOUSA FAKHRY MOUSA,	Assuit :	1992 .	The present study is based mainly on total intensity magnetic and Bouguer anomaly maps at scale of 1:500,000. The available surface geological and the physical properties data (magnetic susceptibility and destiny) are also utilized. The first stage concerned the evaluation of the geophysical data. In this connectiopn, the spacing systems used in both data types have been evaluated in frequency domain terms and has also included diagnosis of artifacts which resulting from the original survey design		
795	9376214	EFFECT OF THE CONSTRUCTION OF ASWAN HIGH DAM ON THE GROUNDWATER IN THE AREA BETWEEN QENA AND SOHAG,NILE VALLEY,EGYPT /	SAYED,SAMIR ABDALLAH ELEWA	SAMIR ABDALLAH ELEWA SAYED ,	assuit :	2004 .	THE PRESENT STUDY DEALS MAINLY WITH THE EFFECT OF THE CONSTRUCTION OF HIGH ASWAN DAM HAD ON THE GROUNDWATER IN THE NILE VALLEY ,EGYPT.THE STUDY AREA OCCUPIES THE NILE VALLEY AT QENA AND SOHAG IN UPPER EGYPT,BOUNDED GEOGRAPHICALLY BY LATITUDES 25 8 6 AND 26 54 24 N AND BETWEEN THE EASTERN AND WESTERN LIMESTONE PLATEAU.FOUR LOCATION MAPS OF WELLS HAVE BEEN USED TO CARRY OUT THE STUDY . THE RESULTS OF CHEMICAL ANALYSIS CONCERNING THE GROUNDWATER SAMPLES OF THE MONITORING WELLS ARE BASED ON THE DATA BANK OF RESEARCH INSTITUTE FOR GROUNDWATER RIGW,TO ESTIMATE THE VARIATION IN THIER QUALITY.		
796	9376235	planktonic foraminifera and biostratigraphy of some upper cretaceous-lower tertiary section in the red sea area /	osman,mohamed.ramadan .	osman,mohamed.ramadan +	QENA :	1989 .	fourteen planktonic foraminiferal zones assigned to the coniacian-santonian,campanian,maastrichtian,paleo-cene and early eocene ages are recorded in the upper cretaceous-lower tertiaryv sequences cropping out in the red sea area .		
797	9376272	STRATIGRAPHICAL STUDIES ON SOME SUBSURFACE OLIGOCENE SECTIONS IN THE NORTHERN PART DF THE WESTERN DESERT.EGYPT /	MASOUD,MOHAMED ALY MOHAMED	MOHAMED ALY MOHAMED MASOUD,	EGYPT ;	1983 .	THE 01IGOCENE IN EGYPT WAS MARKED BY GENERAL UPLIFTING,AND ACCORDINALY CONTINENTAL SEDIMENTS ARE CHARACTERISTIC.HOWEVER,EXTENSIVE SUB-SURFACE MARINE SEDIMENTS OCCUR IN THE NORTHERN WESTERN DESERT		
798	9376277	The Crust and upper mantle in uper egept deduced from recored earthquakes data /	Shater,Abu Bakr Ahmed.	Abu Bakr Ahmed Shater,	Qena :	1995 .	Aswan seismic network is located the northern part of nasser lake and south of Aswancity,southern Egypt.The minimum apparent velocity method(MAV)of earthquaker analsis,has been applied in the analysis of local and regional earthquakes data recorded by the Aswan seismic network to pbtain the layered crustal velocity structure at Aswan area,based on the analysis presented here.Layered crustal velocity structure was identified withe comperessional-wave_P-Wave)velocities in each layer is {5.2, 6.3, 7.02, 8.01 km/sand layer thickness is 3.38,10.12, 16.06,km resectively}.As a result,we can assume that the conrad discontinty is at 13.95km depth as mohorovicic discontinuity is at 30km depth.		
799	9376328	SEISMOLOGICAL STUDIES AT ASWAN AREA /	MOHAMED,HAGGAG HAMED	DEPARTMENT OF GEOLOGY.FACULTY OF SCIENCE-ASSIUT UNIVERSITY	ASSIUT :	1992 .	IN THIS WORK ,THE SEISMOLOGICAL SITUATION AT ASWAN AREA WAS INVESTIGATED IN ORDER TO DETERMINE THE MECHANISM OF FAULTING ALONG KURKUR FAULT AND THE RIVER NILE CHANNEL,AS WELL AS TO DETERMINE THE RELATION BETWEEN THE INTENSITY OF MICRO-EARTHQUAKE ACTIVITY AND ATTENUATION LEVEL OF THE SEISMIC WAVES IN KALABSHA AREA		
800	9376349	مصادقة الصحافة المصرية القومية والحزبية	عبدالله ، عزة عبدالعزيز	عزة عبدالعزيز عبدالله	سوهاج	1997	تتناول الرسالة: المشكلة البحثية وتحدث الاديان عن الانسان وضعفه امام كثير من الفواضل فيرتكبها ومؤمنًا اذا كان صادق والتزم بالصدق وتنمية القارة الافريقية على كل المحاور السياسية والاقتصادية والثقافية والاجتماعية ويعتبر البعض أن الصدق الاعلامي أكثر خطورة من الصدق السياسي لأن السياسة نفسها لاتملك من أدوات التعبير أقوى وأهم من الاعلام ورغم أهمية الصدق الاعلامي للتنمية الشاملة إلا أن الدراسات الاعلامية الافريقية لاتزال حتى الآن تقتد البحوث التطبيقية التي تخضع بالفعل لمؤشرات علمية.		

801	9376357	SEDIMENTOLOGICAL AND GEOCHEMICAL STUDIES ON RECENT SHALLOW WATER SEDIMENTS RED SEA, EGYPT /	MOHAMED, AHMED WAHABALLA	AHMED WAHABALLA MOHAMED,	QENA :	2000 .	ALONG THE RED SEA COAST OF EGYPT, THE SHALLOW MARINE ECOSYSTEM AND GEOSYSTEM ARE DYNAMIC HAVING VARIABLE BOTTOM SEDIMENT TYPES, DIVERS BIOLOGIC HABITATS, AND LOCALIZED DEPOSITIONAL AND TRANSPORTATION PROCESSES THEY ARE IMPACTED BY MANY ACTIVITIES, AS PHOSPHATE MINING, OIL INDUSTRY, RECREATION, HOUSING, SEWAGE AND WASTE DISPOSAL, AND SHIPPING MUCH OF THE INPUT OF CONTAMINANTS IS TO GEOLOGRAPHICALLY LOCALIZED AREAS AROUND URBAN AND INDUSTRIAL DEVELOPMENTS		
802	9376366	A STUDY OF THE ASWAN ARCHAEOLOGICAL QUARRIES, RATES OF WEATHERING AND DETERIORATION OF GRANITES AND THE TECHNOLOGY OF PETRIFYING IN ANCIENT EGYPTIANS /	HASSAN, HESHAM ABBAS AHMED	HESHAM ABBAS AHMED HASSAN,	qena :	2005 .	the present work mainly deals with the geology, geochemistry and structural setting of the aswan monumental granites		
803	9376421	المهدي، ناصر محمد فلسفة النهضة عند إسماعيل مطهر :		ناصر محمد عبداللطيف المهدي ،	سوهاج :	2000 .	تتناول الرسالة الحديث عن التحديث والتجديد وما يستتبعه من مفاهيم من المباحث المهمة في مجال الفكر العربي الحديث والمعاصر وتتناول الدراسة تفاصيل حياة إسماعيل مطهر من خلال كتاباته ومفهوم الدين ودوره الحضاري وموقفه من إشكاليات الدين الرئيسية مثل قضية الألوهية وقضية الوحي وأدلته في كل من الموقنين العلماني والعقلاني.		
804	9376458	شعر سبط بن التعاويذى	بكرى ، حسن عبدالرحيم أحمد	حسن عبدالرحيم أحمد بكرى	قنا	2001	تتناول الرسالة الدراسة الصوتية ومطلع القصيدة ومعرفة ظواهر التكرار معرفة الأساليب أسلوب الشرط وأساليب الاستفهام وأساليب النداء والسبب والقسم والتحدث عن الدراسة الدلالية والمعجم اللغوي للشاعر ابن التعاويذى.		
805	9376486	INTERPRETATION OF AEROMAGNETIC ANOMALIES OF SOUTH EASTERN DESERT OF EGYPT /	HADAD, ASSEM ELSAYED	ASSEM ELSAYED HADAD,	ASSIUT :	1984 .	THE QUALITATIVE AND QUANTITATIVE INTERPRETATION OF THE AEROMAGNETIC ANOMALIE IN THE SOUTH EASTERN DESERT OF EGYPT WERE ABLE TO GIVE AN INTERESTING AND VALUABLE INFORMATIONS ABOUT THE TECTONIC SET UP OF THE AREA		
806	9376524	Geology of the area south of wadi zeidun central eastern desert, Egypt /	Mahmoud, Mohamed Mahmoud El-Taky	Mohamed Mahmoud El-Taky Mahmoud,	Qena :	1995 .	The aim of the present study is to map in details this part of the Egyptian basement and to classify the different outcropping rock units especially the granites and Hammamat sediments.		
807	9376573	HIGHLIGHTS ON THE NATURE, PETROGRAPHY AND GEOCHEMISTRY OF SOME ROCK UNITS INCORPORATED IN ATALLAN SHEAR ZONE, CENTRAL EASTERN DESERT, EGYPT /	HASSAN-HESHAM ABBAS AHMED	HESHAM ABBAS AHMED HASSAN,	QENA, egypt :		the precambrian rocks exposed at wadi atalla area comprise an ultra basic association, dokhan volcanics, fawakhir granite, hammamat felsites. these rock units are dissected by sinistral strike-slip faults and shear zones running subparallel and diagonal to their major dimensions.		
808	9376707	APPLICATION OF TECHNIQUES FOR ENGINEERING PURPOSES AND DELINEATING THE UNDERGROUND WATER AT NEW TIBA CITY, LUXOR, EGYPT	ISMAIL, ISMAIL SAYED AHMED	ISMAIL SAYED AHMED ISMAIL,	qena :	2000 .	THE SCOPE OF THIS THESIS IS APPLICATION OF GEOPHYSICAL TECHNIQUES FOR ENGINEERING PURPOSES AND DELINEATING THE UNDERGROUND WATER AT NEW TIBA CITY, LOUXOR, EGYPT		
809	9376756	Recent to quaternary river Nile sediments:	Osman, Mohamed Rushdy Fahmy		vienna :	1996 .	The study area is located in upper Egypt between the latitudes 26°12' N, and between longitudes 32°12' 55' E (between Aswan and Naga-Hammadi). The present study is concerned with the river Nile sediments from quaternary until the recent in this area. These sediments were differentiated from older to younger into three types, namely quaternary sediments, banks sediments and islands sediments .		
810	9377001	INTERPRETATION OF AEROMAGNETIC ANOMALIES OF SOUTH EASTERN DESERT OF EGYPT /	RAHMATALLA, RAHMATALLA.A .	RAHMATALLA, RAHMATALLA.A .	ASSIUT :	1984 .	THE PRESENT STUDY MAKES USE OF QUALITATIVE AND QUANTITATIVE INTERPRETATIONS APPROACHES OF THE AEROMAGNETIC DATA OF SOUTH EASTERN DESERT OF EGYPT .		
811	9377005	geophysical studies of the area from south Beni-Suef to Beni-Mazar, western desert /	kamal, fathy ashour mohamed .	kamal, fathy ashour mohamed .	qena, egypt :		the digitized and gridded aeromagnetic and gravity data of the study area has been processed and enhanced using firstly Fourier transformation and then applying various filter techniques were some simple maps were prepared.		
812	9377009	BENTHONIC FORAMINIFERA AND BIOSTRATIGRAPHY OF THE UPPER CRETACEOUS-LOWER TERTIARY SUCCESSION ALONG THE RED SEA COASTAL AREA, EGYPT /	Mohamed, Mohamed Youssef ali .	Mohamed, Mohamed Youssef ali .	qena :	1995 .	THE UPPER CRETACEOUS-LOWER TERTIARY SUCCESSION ALONG THE RED SEA COASTAL AREA COMPRISES FROM BASE TO TOP AT THE QUSEIR-SAFAGA AREA: THE NUBIA SANDSTONE, QUSEIR FORMATION, DUWI FORMATION, DAKLALA FORMATION, TARAWAN CHALK, ESNA FORMATION AND THEBES FORMATION . AT ESH EL-MELLAHA RANGE IT INCLUDES FROM BASE TO TOP: THE CRETACEOUS-PALEOZOIC SANDSTONE, THE MATULLA FORMATION, THE SUDR CHALK, THE TARAWAN CHALK, THE ESNA FORMATION AND THE THEBES FORMATION .		
813	9377026	AGEOPHYSICAL STUDY ON THE AREA LIES BETWEEN WADI ABU HAD AND WADI ABU MARWA ON THE SOUTHERN PART OF THE GULF OF SUEZ, A.R.E /	Ahmed, Ahmed Moussa Mohamed .	Ahmed, Ahmed Moussa Mohamed .	Sohag, Egypt :	2005 .	The present study aims to delineate the subsurface structural and tectonic framework of the area to determine the basement tectonic features, which probably control the above basement sedimentary cover and depth to the basement complex of the investigated area to guide and assist in the planning of follow-on exploration efforts in the selected locality. The depth to the surface of the basement complex and to the causative source bodies has been estimated using different techniques for a group of gravity and magnetic anomaly which reveals that the mean depth to the surface of the basement complex in places where the sedimentary cover is found ranging between 0.5 to 2.0 km. The depth to the source bodies was calculated using Euler deconvolution, Werner deconvolution and analytical signal method to assist the purposes of modeling and then 2D/1D forward modeling was performed for two gravity and magnetic profiles to calculate the depth, dip, densities and magnetic susceptibilities of the causative body.		
814	9377029	A study on the earthquake mechanics around the high dam lake Aswan, Egypt /	Hassib, Gaber Hassan	Gaber Hassan Hassib,	Sohag :	1996 .	After the occurrence of the November 14, 1981 earthquake 60 km southwest of the high dam with magnitude of 5.1, the area surrounding the northern part of Aswan lake subjected to several detailed seismic investigation. One of these earthquakes and seismic sources study.		

815	9377031		ENVIRONMENTAL GEOLOGY AND NATURAL RESOURCES OF WADI ZEIDUN AREA,EASTERN DESERT,EGYPT /	AHMED,RAAFAT MAHMOUD .	AHMED,RAAFAT MAHMOUD :	QENA :	wadi zeidun area which lies to the southeast of qena city is chosen for the present environmental base line study aiming to delineate basic informations about the locality wich are necessary for its development and planning for establishing new agricultural and industrial settlements in qena governorate.			
816	9377032		A GEOPHYSICAL STUDY ON AN AREALYING TO THE SOUTHWEST OF SOHAG CITY, ARAB REPUBLIC OF EGYPT /	Abu-deif,Abdel-baset Mohamed .	Abu-deif,Abdel-baset Mohamed :	QENA :	THE PRESENT STUDY DEALS MAINLY WITH DETERMINING OF SUBSURFACE GEOLOGY AND STRUCTURE,IN AN AREA LYING TO THE SOUTHWEST OF SOHAGE CITY DELINEATED BETWEEN THE LATITUDES 26 20-N AND 26 35-N ,AND THE LONGITUDES 31 30-E AND 31 45-E,PARTICULARLY THOSS OF ECONOMIC INTEREST , AS WELL AS THE STATISTICAL ANALYSIS OF THE GEOTECTONIC ELEMENTONIC ELEMENTS IN THE AREA UNDER STUDY AND PROBABLY NORTHERN AFRICA CONTINENT. THUS,CRITICAL ANALYSIS OF THE OBSERVED GRAVITY AND MAGNETIC ANOMALY MAPS,WHICH HAVE BEEN OBTAINED BY CARRYING OUT FIELD SURVEYS USING GRAVIMETER AND PROTON MAGNETOMETER INSTRUMENTS,IS PERFORMED .			
817	9377039		TECTONIC EVOLUTION OF THE MEATIO AREA EASTERN DESERT,EGYPT /	FARGHALY,ABU DEIF MOHAMED ABU DEIF	ABU DEIF MOHAMED ABU DEIF FARGHALY,	ASSUIT :	1992 .	THE AREA UNDER CONCIDRATION IS LOCATED AROUNED GABAL MEATIQ,WEAST OF QUSEIR,EGYPT,COVERING ABOUT 650 KM2 IN THE CRYSTALLINE BASEMENT ROCKS FROM LATITUDE 26 00 00TO 26 12 30 N.,AND FROMLONGITUDE 33 36 00 TO33 55 00E.THIS AREA IS BOUNDED FROM THE WESTBY WADI UM ESH EL ZARAQA AND WADI ABU MREIWA,AND FROM THE EAST BY WADI BIR EL SEYALA TO THE EAST OF WADI MURR.THE SOUTHERN SECTOR OF THIS AREA IS TRAVERSED BY THE QIFT-QUSEIR ASPHALT ROAD,WHEREAS THE NORTHERN ONE IS DISSECTED BY WADI SODMEIN		
818	9377042		GEOLOGICAL AND RADIOMETRIC STUDIES ON GEBEL EL SHAALUL AREA,CENTRAL EASTREN DESERT OF EGYPT	ASSRAN,HASSAN MOHAMED	HASSAN MOHAMED ASSRAN ,	ASWAN :	2000 .	THE INVESTIGATED GEBEL EL SHALUL AREA LIES IN THE CENTRAL EASTERN DESERT OF EYGP BETWEEN LATITUDES		
819	9377043		APPLICATION OF NEW SEISMIC EXPLORATION CONCEPTS FOR STRUCTURAL AND STRATIGRAPHIC INTERPRETATION FOR ABU QIR OFFSHORE AREA-EGYPT	MOURAD,MOUBARAK MOHAMED ALI	MOUBARAK MOHAMED ALI MOURAD ,	qena :	2005 .	THE FOLLOWING STUDY INCLUDES THE APPLICATION OF SOME NEW GEOLOGICAL AND GEOPHYSICAL METHODS TO DELINEATE THE SUBSURFACE STRUCTURAL AND STRATIGRAPHIC FEATURES AS WELL AS STUDY OF THE SUBSURFACE GEOLOGY OF ABU QIR OFFSHORE AREA AND THEIR IMPLICATIONS FOR HYDROCARBON ENTRAPMENTS		
820	9377045		GEOLOGICAL STUDIES OF THE BASEMENT ROCKS-SEDIMENTARY COVER CONTACT BETWEEN WADI MUELHA AND WADI BEIZAH EASTERN DESERT,EGYPT /	WAZERY,MOHAMMED ABDEL SHAFY	MOHAMMED ABDEL SHAFY WAZERY,	QENA :	2001	the present work deals with the study of the geology of the contactzone between the basement rocks and the nubian sandstone.the contact zone within this area is the most favourable place in the eqstern desert where the volcanic rocks occur along the contact with more or less well preserved weathering crust.		
821	9377047		ARCHAEOMAGNETIC STUDIES FOR SOME ARCHAEOLOGICAL LOCALITIES IN A.R.E .	ISMAEIL,BADRAWY MOHAMED	BADRAWY MOHAMED ISMAEIL,	Qena :	1993 .	The present study tries to excute some comparisons between different geophysical methods such as archaeomagnetism, radiocarbon, and thermoluminescence		
822	9377054		Paleocene/Lower eocene echinoids of Egypt:A revision /	Elattaar,Atef Abd el-Hamied A.A .	Atef Abd el-Hamied A.A Elattaar ,	Sohag :	1996 .	The main aim of this research is to study of systematic and taxonmic revision of echinoids and the areal and vertical distributions of these echinoids in the studied sections,in order to arrive at the most reliable biostratigraphic scheme and their biogeographic distribution inside and outside of Egypt .		
823	9377059		SEDIMENTOLOGICAL STUDIES ON THE NUBIA SANDSTONE,EASTERN DESERT /	MOHAMED,ABBAS, MOHAMED.MOHAMED .	MOHAMED,ABBAS.MOHAMED.M OHAMED :	ASSIUT :	1985 .	THE NUBIA GROUP IN THE AREA BETWEEN QENA AND IDFU,IN THE WEST ,AND THE BASEMENT RANGE ,IN THE EAST ,IS DIVISIBLE INTO A DOMINANTLY SANDSTONE UNIT BELOW AND A SHALE-SAND UNIT ABOVE .		
824	9377060		AN INTEGRATED GEO-ELECTRIC AND WELL LOGGING STUDY TO EVALUATED THE EFFECT OF SALT WATER INTRUSION ON EL-QAA PLAIN AQUIFERS, SOUTHWESTERN SINAI /	Ismail,Ismail Sayed Ahmed	Ismail Sayed Ahmed Ismail :	Qena :	1995 .	THE PRESENT STUDY DEALS WITH THE INTERPRETATION OF THE AVILABLE VERTICAL ELECTRICAL SOUNDINGS AND ANALYSIS OF THE GIVEN WELL LOG DATA (CRESISTIVITY,SELF-POTENTIAL AND GAMMA RAY)AND THE AVAILABLE HYDROGEOLOGICAL AND HYDROCHEMICAL DATA WITHIN THE STUDY AREA.		
825	9377062		PETROLOGICAL AND GEOCHEMICAL STUDIES ON WADI SHIBAN GNEISSES,TAIZ,REPUBLIC OF YEMEN /	NAMAN,ABDUL-HAMID MALEK MODHESH	ABDUL-HAMID MALEK MODHESH NAMAN ,	ASSIUT :	2006 .	THE PRESENT THESIS IS CONCERNED WITH STUDYING THE PETROLOGY AND GEOCHEMISTRY OF THE BASEMENT ROCKS IN WADI SHIBAN AREA.THIS AREA CONSTITUTES A SMALL PART OF THE SOUTH EAST TAIZ SET BLOCK CROPPING OUT IN SOUTHWESTERN YEMEN AS AN EXTENSION OF ABAS CONTINENTAL TERRANE WINDELY ET AL.1996.IT LIES ABOUT 45 KM SOUTHEAST OF TAIZ AND IS BOUNDED BY LATITUDES 13 19 55 AND 13 23 10 N,AND LONGITUDES 44 11 35 AND 44 13 40 E		
826	9377063		BENTHONIC FORAMINIFERA AND BIOSTRA TIGRAPHY OF THE UPPER CRETACEOUS-LOWER TERTIARY SUCCESSION ALONG THE RED SEA COASTAL AREA,EGYPT /	MOHAMED,MOHAMED,YOUSSEF,ALI .	MOHAMED,MOHAMED,YOUSSEF ,ALI :	QENA :	1995 .	IN ORDER TO STUDY THE BENTHONIC FORAMINIFERAL BIOSTRARIGRAPHY OF THE UPPER CRETACEOUS-LOWER TERTIARY SUCCESSION OF THE RED SEA COASTAL AREA,SIX STRATIGRAPHIC SECTIONS WERE STUDIED.		
827	9377065		Geological studies and petroleum potential of eastern Qattara depression,Western desert,Egypt /	Shhab El-Din,Mohamed Mohamady	Mohamed Mohamady Shhab El-Din ,	Aswan :	1996 .	The present work deals with geologyand hydrocarbon potentiality of the Abu Gharadig Basin. Data of twenty wells,drilled in this basin,were evaluated.		
828	9377066		palynological studies on the subsurface rocks,north western desert,egypt /	moawad,abdel rahim mohamed mahmoud .	moawad,abdel rahim mohamed mahmoud :	qena :	1990 .	in the present investigation,a palynological study of the sporomorphs(spores and pollen) and dinoflagellate cysts is carried out on the cretaceous as well as the uppermost jurassic sequences in two selected boreholes drilled at the northern part of the western desert of egypt		

829	9377068	SEDIMENTOLOGICAL AND STRATIGRAPHICAL EVOLUTION OF WADI EL-DAKHAL AND SURROUNDING AREA, GLUF OF SUEZ, EGYPT /	SHAHEEN, MAMDOU ABO EL-HAMIED.M	MAMDOU ABO EL-HAMIED.M SHAHEEN,	ASSIUT :	1997 .	THE PRESENT STUDY DEALS WITH THE SEDIMENTARY COVER OF THE UPPER CRETACEOUS-NEOGENE SUCCESSION, IN ADDITION TO THE QUATERNARY SEDIMENTS OF WADI EL-DAKHAL AND THE SURROUNDING AREAS BETWEEN RAS GHARIB AND SOUTH GALALA PLATEAU. THE STUDY AREA EXTENDS FOR ABOUT 60 KM ONSHORE IN THE WESTERN SIDE OF THE GULF OF SUZE BETWEEN LONGITUDES 32 20 AND 32 50 EAST AND LATITUDES 28 30 AND 28 55 NORTH, COVERING A TOTAL AREA OF ABOUT 2000 SQ KM. THE STUDY AREA HAS BEEN CHOSEN AS A MID-AREA BETWEEN SOUTHERN GALALA IN THE NORTH AND WADI EL-TARFA IN THE SOUTH.		
830	9377070	geochemical and structural evolution of the late pan-african hammamat sediments, wadi kariem area, central eastern desert, egypt /	khaleal, farrage mohammed	farrage mohammed khaleal,	qena :	2001 .	WADI KARIEM AREA LIES TO THE THOUTH WEST OF QUSEIR AT THE RED SEA HILLS IN THE CENTRAL EASTERN DESERT OF EGYPT COVERING AN AREA OF ABOUT 250 KM.		
831	9377071	GEOLOGY AND GEOCHEMISTRY OF ABU FARAYED GRANITOID AND ITS ENVIRON, SOUTH EASTERN DESERT, EGYPT /	AHMED, KHALED ABD EL-FADEEL	KHALED ABD EL-FADEEL AHMED ,	SOHAG :	2006 .	THE PRESENT THESIS DEALS WITH THE GEOLOGY AND GEOCHEMISTRY OF ABU FARAYED GRANITOID AND ITS ENVIRON. THE STUDIED AREA LIES BETWEEN LATITUDES 23 19'4 AND 23 42'34 N AND LONGITUDES 35 11 AND 35 30 E. THE ROCK UNITS THAT EXPOSED IN THE AREA ARE INFRACRUSTAL ROCKS OLDEST, OPHIOLITIC MELANGE INTRUSIVE ROCKS AND POST GRANITE DYKES YOUNGEST.		
832	9377072	GEOPHYSICAL STUDIES OF THE AREA NORTH EASTERN ASWAN, EASTERN DESERT, A.R.E /	MOHAMED, AHMED WAHABALLA	AHMED WAHABALLA MOHAMED,	QENA :	1995 .	INTERESTING RESULTS HAVE BEEN EXPLORED FROM THE COMBINED ANALYSIS OF THE VARIOUS GEOPHYSICAL DATA (AEROMAGNETIC AND AERORADIOMETRIC) BESIDE THE AID OF SURFACE GEOLOGY OF THE AREA UNDER STUDY.		
833	9377075	APPLICATION OF NEW SEISMIC EXPLORATION CONCEPTS FOR STRUCTURAL AND STRATIGRAPHIC INTERPRETATION FOR ABU QIR OFFSHORE AREA-EGYPT /	MOURAD, MOUBARAK MOHAMED ALI .	MOURAD, MOUBARAK MOHAMED ALI :	QENA :	2005 .	THE PRESENT WORK AIMED TO PROVIDE A DETAILED SUBSURFACE GEOLOGICAL AND GEOPHYSICAL PICTURES ON ABU QIR OFFSHORE AREA BASED ON THE INFORMATION DERIVED FROM WELL DATA AND SEISMIC SURVEYS AS WELL AS PUBLISHED AND NON PUBLISHED REPORTS THAT HAD BEEN CARRIED OUT IN ABU QIR OFFSHORE AREA.		
834	9377076	GEO-ENVIRONMENTAL ASSESSMENT FOR THE SUGGESTED SOHAG-HURGHADA ROAD, USING REMOTE SENSING TECHNIQUES AND GIS APPLICATIONS, EASTERN DESERT, EGYPT /	EL-KHASHAB, MOHAMED HUSSEIN MOHAMED	MOHAMED HUSSEIN MOHAMED EL-KHASHAB ,	SOHAG :	2006 .	THE STUDY AREA IS SITUATED IN THE CENTRAL PART OF THE EASTERN DESERT OF EGYPT. IT EXTENDS FROM THE RED SEA TO THE NILE RIVER AND IS BOUNDED BETWEEN LATITUDES 26 30 & 27 30 N LONGITUDE 31 00 & 34 00 E. THE SUGGESTED SOHAG-HURGHADA ROAD OF ABOUT 220 KM LENGTH IS A VERY VITAL TRAFFIC ARTERY CROSSING THE EASTERN DESERT AND LINKING THE RIVER NILE AT SOHAG CITY TO THE RED SEA AT HURGHADA CITY. THE REGIONAL GEOLOGICAL AND STRUTUAL STUDIES, REMOTE SENSING TECHNIQUES AND GIS APPLICATIONS ARE APPLIED FOR THE DESIGN PURPOSE ALONG THE PROPOSED DESERT ROAD AND SETTLEMENT.		
835	9377078	MICROPALAEONTOLOGICAL STUDIES OF UPPER CRETACEOUS SUCCESSION IN THE NORTHERN PART OF WESTERN DESERT OF EGYPT /	TAMMAM, MOHAMED AHMED	MOHAMED AHMED TAMMAM,	SOHAG :	1988 .	THE PRESENT THESIS DEALS WITH THE LITHOSTRATIGRAPHY, THE BIOSTRATIGRAPHY, THE SYSTEMATIC PALEONTOLOGY AND THE PALEOECOLOGY OF THE UPPER CRETACEOUS SUBCROPS IN TWO WELLS, IN THE NORTHERN PART OF THE WESTERN DESERT, EGYPT.		
836	9377079	Geological mineralogical and geochemical studies on the neogene and quaternary Nile basin deposits, Qena-Assiut stretch, egypt /	Omer, Adly Abdel-Aziz Mohamed	Adly Abdel-Aziz Moha Omer,	sohag :	1996 .	Due to the important role of the Nile River in the development of the old Egyptian civilization, numerous scholars contributed much to the study of the neogene and quaternary Nile basin deposits in order to understand the geological history of the river. Although various studies were carried out on the Nile basin deposits, no clear picture about its geological evolution has been yet established.		
837	9377081	GEOPHYSICAL STUDIES OF THE AREA SOUTH EAST ASWAN, EGYPT /	MENEISY, AHMED MOHAMED SAAD	AHMED MOHAMED SAAD MENEISY,	ASWAN :	2006 .	THE MAIN TARGET OF THIS WORK IS TO DELINEATE THE STRUCTURAL FRAMEWORK OF THE AREA, ILLUSTRATE THE ROLE OF THE SEPARATION METHODS IN THE RESOLUTION OF THE MULTI SOURCES MAGNETIC IMPLICATIONS OF THE AREA AND ESTABLISH THE ROLE OF THESE STRUCTURES IN CONTROLLING THE DISTRIBUTION OF MINERALIZATION IN THE STUDY AREA.		
838	9377083	geochemical and environmental studies of recent marine sediments and some invertebrates of the red sea, egypt /	madkour, hashem abbas mohamed .	madkour, hashem abbas mohamed :	qena :	2004 .	recently, there has been an increase in interest in the red sea and its marine life, but most of the publications about it remain on a general level .		
839	9377146	Biostratigraphic studies on the miocene succession of the Red Sea Basin-Egypt /	Jammam, Mohamed Ahmed	Mohamed Ahmed Jammam	Sohag :	1996 .	A-the stratigraphy of seven deep-sea wells drilled in the offshore of the Egyptian sector of the red sea has shown that the northern part of red sea is underlain by a miocene sequence comparable in lithologies, thicknesses and faunal content to those known in the southern and southwestern gulf of suz.		
840	9377147	THE TECTONIC EVOLUTION OF THE BASEMENT ROCKS AROUND WADI ABU SHIGIELI, CENTRAL EASTERN DESERT, EGYPT /	Mahmoud, Soliman Abu ELAtta Abd Allah	Soliman Abu ELAtta Abd Allah Mahmoud,	QENA, EGYPT :	2003 .	The ABU SHIGIELI area lies on the western margin of the RED SEA and consists mainly of a series of half grabens alternative with horsts. from east to west, they are: GABAL GASUS rift block (GRB) Abu Shigieli horst (ASH), UM Huetat rift block (HRB) Abu Gawa horst (AGH) Gabal Wassif rift block (WRB) AND GABAL AQarib horst (GAH).		
841	9377152	GEOLOGY, PETROGRAPHY, GEOCHEMISTRY AND RADIOACTIVITY OF KADABORA DISTRICT, CENTRAL EASTERN DESERT OF EGYPT /	AHMED, ABU EL FETOUH ABDEL RAOUF	ABU EL FETOUH ABDEL RAOUF AHMED,	ASWAN :	2002 .	THE INVESTIGATED KADABORA AREA LIES IN THE CENTRAL EASTERN DESERT OF EGYPT BETWEEN LATITUDES 25 24 AND 25 37 N AND LONGITUDES 34 18 AND 34 35 E, COVERING APPROXIMATELY 900 KM		

842	9377186		GEOCHEMICAL EXPLORATION FOR THE GOLD HAIMUR AREA,WADI ALLAQI,SOUTH EASTERN DESERT,EGYPT /	DARWISH,MOHAMED ABDLLAH GAD DARWISH,	MOHAMED ABDLLAH GAD DARWISH,	ASWAN :	2000 .	THE PRESENT STUDY DEALS WITH THE GEOLOGY,STRUCTURAL SETTING AND FEATURES,PETROGRAPHY,MINERALOGY OF GOLD-BEARING QUARTZ VEINS AND VEINLETS AS WELL AS GEOCHEMICAL EXPLORATION FOR GOLD IN HAIMUR AREA THIS AREA IS LOCATED IN WADI ALLAQI,SOUTHWESTERN PART OF THE EASTERN DESERT OF EGYPT IT INCLUDES AN AVCIENT GOLD MINE,LOCATED AT THE INTERSECTION OF LATITUDE 22 38 20 N AND LONGITUDE 33 17 40 E THE AREA UNDER INVESTIGATION IS DRAINED BY WADI ALLAQI TRENDING N W-S E DIRECTION,AND WADI HAIMUR WHICH STRIKES ALONG A NEARLY NE-SW DIRECTION AND THEIR TRIBUTARIES THE AREA IS COVERED BY PRECAMBRAIN BASEMENT ROCKS,WHICH INCLUDES THREE MAIN ROCK UNITS		
843	9377188		geology,geochemistry and petrogenesis of the pan-african plutonic igneous rocks in wadi um gheig,central eastern desert,egypt /	youssuf,taha mohamed amron .	youssuf,taha mohamed amron ,	Qena :	2004 .	the um gheig area is located in the central eastern desert of egypt.most authors consider that the investigated area is part of the nubian shield,whichis subdivided into an infrastructural unit and asuprastructural unit .		
844	9377965		Endoscopic Treatment of Ureteral Stones	Soliman,Mohammed Mahmoud.	Mohammed Mahmoud Soliman,	Sohag :	1996 .	يوجد بالرسالة ملخص باللغة العربية يحتوى على (اشتملت هذه الدراسة 150 مريضاً يعانون من وجود حصوات بالحالب بالحجم وأعداد مختلفة وذلك باستخدام المنظار الجراحى. ولقد وجدنا أن علاج حصوات الحالب باستخدام المنظار الصلب له نتائج مرضية حيث أنه يتم بسرعة ونقطة في وجود- المهارة اللازمة لذلك .وهو مناسب تماماً لعلاج الحصوات الموجودة بالجزء الأسفل من الحالب .ووجد أيضاً ان المتابعة الروتينية للمرضى لفترات طويلة، مع إجراء الفحوصات المعملية والاشعة غير لازمة لأن المتابعة كانت قليلة جداً وذلك مقارنة بالمضاعفات التي تسببها الجراحة المفتوحة		
845	9378206		Evaluation of the efficacy of postoperative non-invasive cpap in postanesthetic hypoxemia /	Ramadan, Raafat Ahmed Salem.	Raafat Ahmed Salem Ramadan ,	Sohag :	2004 .	The aim of this work is to evaluate the efficacy of postoperative non-invasive CPAP via boussignac device in postanesthetic hypoxemia due to the development of atelectasis under general anesthesia.		
846	9378247		تفسير البحر المحيط لأبى حيان الاندلسى من قوله تعالى "ليس البر"إلى قوله تعالى "تلك الرسل "	نصر ، جمال محمد محمد	جمال محمد محمد نصر	قنا	1997	تتناول الرسالة المصادر التي اعتمد عليها أبوحيان في تفسيره ومنهجه في اعراب القرآن ومذهبه النحوى من خلال من الجزء المحقق من تفسير البحر المحيط موقفه من القراءات القرآنيةوموقفه من السماع والقياس وموقفه من الزمخشري وابن عتبه واتجاه أبى حيان إلى التفسير بالرأى.		
847	9378268		The role of Holmium-Yag Laser in Endoscopic treatment of Ureteral strictures /	Saad El Dien, Wael Mohamed Gamal El-Dien.	Wael Mohamed Gamal El-Dien Saad El Dien ,	Sohag :	2004 .	Surgical correction of ureteral strictures had been the only available treatment before endourologic techniques were developed.		
848	9378519		PALYNOLOGICAL STUDIES ON SOME SUBSURFACE SEDIMENTS OF JURASSIC AND CRETACEOUS IN THE NORTHERN PART OF THE WESTERN DESERT,EGYPT /	MOAWAD, ABD ELRAHIM MOHAMED MAHMOUD.			1998 .	IN THE PRESENT STUDY,A PALYNOLOGICAL INVESTIGATION OF SPOROMORPHS AND DINOFLAGELLATE CYSTS OF THE JURASSIC AND CRETACEOUS SEQUENCES IN THREE WELLS WERE ANALYZED.		
849	9378524		Spline collocation methods for the solution of differential algebraic equations=	Diab , El-sayed elsanousy hussien	El-sayed elsanousy hussien Diab	SOHAG	2001	The aim goal of this thesis, is to present some methods for solving DAE's.		
850	9378574		SEDIMENTOLOGICAL AND GEOCHEMICAL STUDIES ON THE DUWI AND QUSEIR FORMATIONS FROM ABU TARTUR AND TENEIDA,WESTERN DESERT /	HONEIN,NASHAAT ATTIA	NASHAAT ATTIA HONEIN,	ASSIUT :	1993 .	THE PRESENT WORK WAS INITIATED IN ORDER TO SHED MORE LIGHT ON THE GEOLOGY OF THE UPPER CRETACEOUS DEPOSITS IN THE TENEDIDA AND ABU-TARTUR AREAS,WESTERN DESERT		
851	9378611		Transport properties of some bi-based alloys=	Ali , Ahmed mahmoud khalil	Ahmed mahmoud khalil Ali	SOHAG	1998	The current-voltage characteristics ,the d.c electrical conductivity,and the thermoelectric power of different compositions based on the system Bi10-x Se70 Ge20 Cux with 0<x>5 at..		
852	9378627		Beneficiation of Kaolinite ore and Its utilization in Industrial Applications=	Ahmed , Yehia desouky	Yehia desouky Ahmed	ASWAN	1998	the thesis constructs in general,of three main chapters.the first chapter includes introduction and aim ofinvestigoin.in the second chapter,the expermental part is given,the third chapter includes the results and discussion		
853	9378655		دراسة اثرية للنقوش الكتانية الباقية بمصر العليا منذ بداية الفتح الإسلامى حتى نهاية القرن التاسع عشر (641-1318-21م)1900م	طربوش ، أمين محمد أمين حسين	أمين محمد أمين حسين طربوش	قنا	2002	لقد أكدت الدراسة على شيوع استخدام اللغة العربية على النصوص،وإن كان بعض النصوص في بعض المنائر الخاصة بامسيحيين كتب النص وجاتبه النص باللغة القبطية كما اوضحت الدراسة انتشار نصوص التجديد بكثرة في المنطقة وعلى العمار المدنية.		
854	9378710		Histopathological and histochemical effects of heroin on liver of the white rat=	Awad alla , Eatemad ahmed	Eatemad ahmed Awad alla	ASWAN	2001	It is known that ,narcotic addiction have become aserious international problem deeply affecting the world-wide communities from the health,social and economic points of view.		
855	9378724		THE CHEMICAL MONITORING OF SOME ELEMENTAL AND NON-ELEMENTAL CONTENTS FOR SOME BAKED AND MANUFACTURED FOODS FOR KIDS /	.EL SAID, SAFAA EL-NAHAS ABAS	SAFAA EL-NAHAS ABAS EL SAID ,	Aswan :	2004 .	THE PRESENCE OF TOXIC ELEMENTS IN KID'S FOOD E.G.,POTATO CHIPS,CARATE,BISCUITS,AS WELL AS CAKES MAY CAUSE HEALTH PROBLEMS FOR CHILDREN		
856	9378729		الرقابة القضائية على ملامة القرارات الإدارية/	أحمد ، ثروت عبد العال .	ثروت عبدالعال أحمد	أسيوط	1992	تتناول الرسالة موضوع الرقابة القضائية على ملامة القرارات الإدارية من خلال اسباب القرار الإدارى،الرقابة الضمنية،الرقابة الصريحة.		
857	9378810		Geochemical and structural evolution of the late pan-african hammamat sediments, wadi kariem area, central eastern desert,egypt=	Khaleal , farrage mohammed	Farrage mohammed Khaleal	QENA	2001	Wadi kariem area lies to the southwest of quseir at the red sea hills in the central eastern desert CED of egypt covering an area of about 250Km2(fig.1.

886	9379211	Hepatic Biotransformation of Verrucarin J in Male Mice /	Youssef, Osama Abd-Allah.	Osama Abd-Allah Youssef ,	Sohag :	1999 .	the first part deals with a general survery of the electrochemical and corrosion behavior of both sb and sb-sn alloys in various media .		
887	9379212		نعينع ، محمد أحمد إبراهيم				تهدف هذه الرسالة الى التعرف على أنماط إستخدام الأرض بالمركز ومعرفة إمكانيات البيئة ومدى الإستخدام لهذه الإمكانيات ،كما تهدف الى تحديد مكالات المركز للعمل على مواجهتها حتى يمكن العمل على تخطيط أمثل لإستخدام الأرض.		
888	9379216		مركز أبو تشت-محافظه قنا :	سوهاج :		1995 .	the study area is located in the north in the north part of the Qattara depression between latitude 29'20" E. The gravity data used in this study covered an area of about 13,300 km. These data were provided by the general petroleum company.Additional data covering an area of 60,000 km were obtainal from the African gravity map project. Both data were standarddized by recalculating the bouguer anomalies provided by the GPC using density equal to 2.67g/cm.		
889	9379221	Interpretation of gravity data of the north western desert,Egypt /	Hassan,Mohamed Fekry Khalil	Mohamed Fekry Khalil Hassan,	Assiut :	1997 .	The study of crustal movements is considered an important task for geodesists,geologists and geophysicists.This is due to that phenomena is very dangerous on the human life in the world,so all constructed projects must be secured against the crustal deformations at local,regional and global scales.The Study of crustal movemontes means the detremination of the magnitude,direction and the rate of these movements.the present day crustal deformation within Egypt is related to the regional tectonic forces and local tectonies of Egypt.		
890	9379223	CRUSTAL STRAIN AROUND THE NORTHERN PART OF LAKE NASSER,EGYPT,USING GPS TECHNIQUES AND SEISMOLOGICAL DATA /	Radwan,Ali Mohamed Mohamed	Ali Mohamed Mohamed Radwan,	Assuit :	2005 .	THE PRESENT THESIS DEALS WITH THE GEOLOGY,PETROGRAPHY,AND GEOCHEMISTRY OF THE BASEMENT ROCKS OF GABAL EL-URF AREA,CENTRAL EASTERN DESERT,EGYPT.THE MINERALOGY AND THE RADIOACTIVITY AS WELL AS THE URANIUM AND THORIUM DISTRIBUTION IN THE DIFFERENT ROCK UNITS THAT EXPOSED IN THE AREA AREA DISCUSSED. THE AREA LIES BETWEEN LATITUDES 26 B35 AND 26 51 47 N AND LONGITUDES 33 10 45 AND 33 30 E JUST NORTH QENA-SAFAGA ASPHALTIC ROAD 160 KM ABOUT 8KM NORTH EL-MISSIKAT EXPEDITION.THE AREA HAS A RUGGED TOPOGRAPHY AND ARID CLIMATE.

This study was undertaken to detect the role of the less frequently studied risk factors for IHD in young women that may have acausal link to the athrothrombotic process as lipoprotein(a,homocysteine and chlamydia pneumonia infection.		
920	9379668	EVALUATION OF THE RESULTS OF ARTHROSCOPICALLY ASSISTED ANTERIOR CRUCIATE LIGAMENT RECONSTRUCTION USING HAMSTRING TENDON AUTOGRAFT FOR ACL DEFICIENT KNEES	Ahmed, mohamed omar mohamed	Mohamed omar mohamed ahmed	SOHAG :	2005	THE FEMORAL ATTACHMENT OF THE ACL IS AT THE POSTERIOR PART OF THE INNER SURFACE OF THE LATERAL FEMORAL CONDYLE THIS SITE HAS BEEN DESCRIBED BY GIRGIS ET AL AND ODENSTEN		
921	9379677	A detailed microearthquakes study in Abu dabbab Area-eastren desert-Egypt=	Mohamed , Gad El Kareem Abdrabou	Gad El Kareem Abdrabou Mohamed	ASSIUT :	2005	this study is focused on the unusual phenomena of earthquake activity at Abu Dabbab area,central part of the eastren desert of egypt and at about 24KM away from the red sea coast.the aim of this study is to describe the earthquake activity at this region and to throw the lights on the nature of this activity		
922	9379738	THE ROLE OF 24- HOURS AMBULATORY BLOOD PRESSURE MONITORING IN EVALUATION OF BORDERLINE HYPERTENSION	AHMED ,MOHAMED BOHAMED BOGHDADY	MOHAMED BOHAMED BOGHDADY AHMED	SOHAG :	1996	THE PRESENT STUDY AIMED TO EXAMINE THE RELIABILITY AND REPRODUCIBILITY OF THE MEASUREMENTS OBTAINED BY 24-H A B P M AND TO EXPLORE THE RELATIONSHIP		
923	9379759	Acomparative study of stop and chop technique versus divide and conquer technique of phacoemulsification /	Abd Allah, Hatem Gamal El Din.	Hatem Gamal El Din Abd Allah ,	Sohag :	2004 .	Phacoemulsification is considered to be the most suitable technique for cataract extraction as it provides anumber of attractive benefits for both the patient and the surgeon.		
924	9379828	GEOLOGICAL INTERPRETATION OF GRAVITY DATA ALONG THE NILE VALLEY AND ADJACENT AREAS,EGYPT /	OTHMAN,AHMED BAKHEET .	OTHMAN,AHMED BAKHEET .	ASSIUT :	2000 .	THIS STUDY IS CONCERNED MAINLY WITH THE COMPARISON OF THE SURFACE AND SUBSURFACE STRUCTURES OF THESE AREAS,BESIDE THE DEDUCTION OF THE TECTONIC FORCES THAT CAUSED THEM .		
925	9379829	RENAL FUNCTION IN CHILDERN WITH B-THALASSEMIA MAJOR	KHODERY MOHAMMED,ASHRAF	ASHRAF KHODERY MOHAMMED	SOHAG :	2003	THE PRUPOSE OF THIS STUDY IS TO DESCRIBE THE FUNCTIONAL ABNORMALITIES OF THE KIDNY IN PATIENTS WITH B- THALASSEMUA AND POVIDE EVIDENECE		
926	9379836	THE EFFECT OF INFRARED LASER ON POST-NATAL DEVELOPMENT OF PROSTATE AND SEMINAL VESICLES IN ALBINO RAT ESSAY=	EL-SALMEY , AYMAN MOHAMED	AYMAN MOHAMED EL-SALMEY	Assiut	1997	THE PRESENT article throw a light in the complex nature of the cellular low level laser effects hnvolved in clinical and laboratory experiments and clinical studies		
927	9379860	Preparation and characterization of intrinsically conducting polypyrrole polymers for application as ion sensitive films /	Mahmoud, Mohamed M.El-Dessouki.	Mohamed M.El-Dessouki Mahmoud ,	Sohag :	1998 .	The general scope of the present thesis is the preparation and characterization of intrinsically conducting polypyrrole polymers for application as ion sensitive films.		
928	9379879	INFANT FEEDING AND CANCER	Ali, mostafa ashry mohammad	Mostafa ashry mohammad Ali	SOHAG :	2002	THE PRESENT WORK AIMS TO THROW SOME LIGHT ON THE ROLE PLAYED BY DIET PARTICULARLY INFANT NUTRITION IN THE CAUSATION AND PREVENTION OF CANCER		
929	9379891	التنمية السياحية لساحل البحر الاحمر	عصام المجدد ، عصام امام	عصام امام عبدالمجيد	القاهرة	1991	تتناول الرسالة السياحة والعوامل الخارجية المؤثرة على التخطيط السياحي ومعرفة السياحة في مصر والبيئة الطبيعية ومقوماتها السياحية لمنطقة البحر الاحمر وسواء البيئة الزرية أو البحرية والتحدث عن الدراسات السياحية لمنطقة البحر الاحمر.		
930	9379894	STUDY ON ATTENUATION OF SOLAR RADIATION BY AEROSOLS OVER SOME REGIONS IN A.R.EGYPT:	shazly,afaf gaballah	afaf gaballah shazly. ;	gena.:	2001 .	the intensity of direct solar radiation incident on agiven surface element depletion along its path through the atmosphere.		
931	9379910	STUDIES ON THE RECENT SEDIMENTARY ENVIRONMENTS AND THE BENTHIC FORAMINIFERA IN THE INTERTIDALZONE OF THE AREA BETWEEN GEMSHA AND MARSA ALAM,RED SEA,EGYPT	Ahmed,Mohamed Abdel-wahab mohamed	Mohamed Abdel-wahab mohamed Ahmed,	Qena :	1996 .	THE RED SEA EXTEENDS IN THE NORTHWESTERN DIRECTION FROM THE NARROW STRAIT OF BAB EL-MANDAB AT ITS SOUTHERN END TO THE SOUTHERN TIP OF SINAI PENISULA.THE NEARSHORE STRETCH IS OF TENLY BORDERED FROM THE SEWARD SIDE BY MANY PATCHES OF COLAR REEFS AND SOME LAGOONS SEPARATING IT FROM THE OPEN SEA AND COASTAL PLAIN BOUNDED IT FROM THE LAND WARD .		
932	9379914	New Approaches for synthesis of some heterocyclic compounds as new derivatives of pyridine=	Aly, Aamal Aly Abdou	Aamal Aly Abdou Aly	Aswan	1998	It has been found that the reactions of cinnamonnitrile derivatives with aarylidene cyanoacetohydrazid have produced the triazolo 1.5-a pyridine derivatives in much higher yield than that reported by soto		
933	9379957	Effect of anatural bradykinin potentiator on cadmium toxicity during embryogenesis of white rat =	Mohamed , Amin abdou seleem	Amin abdou seleem Mohamed	SOHAG :	2004	Metals are omnipresent in the environment ,occurring in varying concentrations in air,bedrock,soil,water,and all biological matters.		
934	9380010	VALUE OF ULTRASONOGRAPHY IN RENAL DISEASES=	MOHAMED , MOHAMED ABD EL MOHSEN			1996	The aim of this work was to present an over view evaluation of the role of ultrasonography in all cases of kidney pathology and malfunctions,expanding upon its advantages,ACCURACY,LIMITATIONS AND PITFALLS.		

935	9380067		GIANT RETINAL TEAR=القطع الشبكي العملاق	Abd allah ,hatem gamal eldin	Hatem gamal eldin Abd allah	sohag	1999	GIANT RETINAL TEAR IS DEFINED AS RETIANAL BREAK EXTENDING 90DEGREES OR MORE AROUND TGE CIRCUMFERENCE OF THE FUNDUS. MOST OF THE GIANT RETIANAL TEARS ARE IDIOPATHIC, THE SECOND MOST COMMON TYPE IS TRAUMATIC CAUSED BY CONTUSION OF THE GLOBE.		
936	9380070		Geochemical characteristics of the suprficial nile basin sediments and their environmental relevance,sohag area,egypt=	Ali , mohamed hassan mohamed	Mohamed hassan mohamed Ali	SOHA G	2005	the main objective of the current study is direct to evaluate the distribution levels of the total heavy metals and thier bioavailability in surficial sediments from the study area.identifying the possible sources of heavy metals and discussing thier pro bable environmental impact is a main objective		
937	9380078		An application of queueing theory on sugar industry in upper egypt =	Hamed , Hamed ahmed	Hamed ahmed Hamed	ASWA N	2003	In this thesis ,we deal with the economical and environmental cost problem of the waiting time and crowd of the queue of the trucks in fornt of the sugar factories in upper egypt.		
938	9380080		التعليم في محافظة قنا	عبدالمعز فضل عبدالرازق محمود	جامعة الأزهر، كلية اللغة العربية بالقاهرة، قسم التاريخ والحضارة ،	القاهرة :	1997	تتناول الرسالة:مراكز التعليم ومعاهد التعليم،المعالم العلمية والاشهر العلماء،العلوم الانسانية اللغوية وواشهر العلماء وأهم الكتب ومعرفة الكتب التي تناولت الرياضيات،العدوية والطبيعية والانسانية واشهر العلماء وأهم الكتب.		
939	9380182		LONG TERM FOLLOW UP OF ANATOMICAL AND FUNCTIONAL OUTCOME OF W.NEOBLADDER=	.HAMMADY , AHMED R.A	AHMED R.A HAMMADY	sohag	1999	THIS study was done to evaluate long-term follow up of the anatomical and the functional changes after constructing W-neobladder as abladder substitution after radical cystectomy.		
940	9380205		Biological ,genetical and taxonomic studies on some tilapiine species of upper egypt =	Ali , safaa megally	safaa megally Ali	QENA	2003	The present study aimed at : Applying the concept of size and shape on the morphometric characteristics of three tilapiine species considered to elucidate intra- and inter-specific variations.		
941	9380213		controllability for singular systems in hilbert spaces=	Ramadan , Ayman khalf Allah mohamed	Ayman khalf Allah mohamed Ramadan	QENA	2005	this thesis contains four chapters,the target of them is them is an important coverage for some basic concepts of control theory such also controllability,observability, assignability and other concepts,also we study the relation between them.our study is concentrating on the singular control system,and this study is given in two different cases, when the state spaces and the control spaces are finite and infinite dimensional space		
942	9380244		GEOLOGICAL AND GEOTECHNICAL STUDIES ON SOME TYPES OF SEDIMENTARY ROCKS IN EGYPT /	Badry,Mohamed Mostafa Mohamed	Mohamed Mostafa Mohamed Badry,	QENA :	2004 .	The present work is atrial to discuss the geotechnical characteristics of some different types of sedimentary rocks i south Egypt along the Nile vally (Assuit/Qena)and the southern part of the Red Sea coast.		
943	9380245		THE REMOVAL EFFICENCY OF SOME HEAVY METAL IONS FROM AQUEOUS SOLUTIONS USING DIFFERENT ADSORBENTS=كفاءة إزالة بعض أيونات العناصر الثقيلة=من المحاليل المائية باستخدام ممتزات مختلفة	ABD ALLAH , SAAABAN AHMED ALDARDEER	SAAABAN AHMED ALDARDEER ABD ALLAH	ASWA N	2002	ADSORPTION IS ATERM COMMONLY USED FOR SVERAL DIFFERENT PROCESSES INVOLVING PHYSICAL AS CHEMICAL INTERACTION BETWEEN THE SOLID SURFACE OF SBSTANCE AND DISSOLVED METAL ION SPECIES.		
944	9380334		Effect of some detergents on some mycological activities in egyptian soil=	Amer , Ahmed Auel-fadel	Ahmed Auel-fadel Amer	QENA	1999	The presenst investigation aimed at studying the effect of detergents on the population of soil fungi,when applied directly to the soil or when incorporated into isolation agar medium.		
945	9380368		Application of chemical methodes for the treatment of boilers water in the company of egyptian chemical industries-kima=	Mohamed , hegazy mohamed hegazy	hegazy mohamed hegazy Mohamed	ASWA N	2002	the present M.Sc .thesis deals with trying to find soulutions for the varity problems which have appeared in latest time in the department of acid and boilers at the company of egyptian chemical industries,represented in corrosion and failure which frequently occur in the evaporators and superheaters of acid line boilers,in addition to the failure of water-condensate circuit		
946	9380394		HYDROGEOLOGICAL AND HYDROGEOCHEMICAL STUDIES OF THE QUATERNARY AQUIFER IN QENA GOVERNORATE,EGYPT /	Abdel bassier,Mohammed aly	Mohammed aly Abdel bassier,	Qena :	1997 .	THE AREA OF STUDY IS ESSENTIALLY OCCUPIED BY SEDIMENTARY ROCKS BELONGING TO THE UPPER CRETACEOUS, THE TERTIARY AND THE QUATERNARY INFORMATION ABOUT THE GEOMORPHOLOGY AND GEOLOGY OF THIS AREA IS PRINCIPALLY FOUND INTHE WORK OF SAND FORD (1934), SANDFORD AND ARKEL (1933),ABD EL RAZIK (1972), WENDFORDETEL (1976) AND SAID (1962,1981,1991) .		
947	9380408		Fuelwood energy in eastern desert (wadi allaqi conservation area /	Salem, Ramadan Mohammed.	Ramadan Mohammed Salem ,	Aswan :	2000 .	present and future energy needs in developing countries are generally different in urban areas from those in rural areas.		
948	9380453		APPLICATION OF SOME GEOPHYSICAL AND HYDROGEOLOGICAL TECHNIQUES FOR GROUND WATER RESOURES INVESTIGATION IN SELECTED AREAS BETWEEN IDFU-MARSAALAM(EASTERN DESERT,EGYPT) /	ABD ELKADER,AHMED ABD ELAZIZ	AHMED ABD ELAZIZ ABD ELKADER,	ASSUI T :	2001 .	geoelctrical and hydrogeological survery was carried out in the area between idfu-marsalam to investigate its ground water potentiality .		
949	9380459		Cyclo-condensation and Addition reactions in the synthesis of some new heterocyclic compounds as cyanine dye derivatives=	Abu El nasr,omaima Abd El Hakam mohamed	omaima Abd El Hakam mohamed Abu El nasr	ASWA N	1998	the purpose of the present investigation was to compare and evaluate the synthesis,spectral behaviour and acid-base properties of some corresponded cyanine dye covering different types		
950	9380467		MANAGEMENT OF SACROCOCCYGEAL PILONIDAL SINUS=	ABDALLAH , MOHAMED RAMADAN	MOHAMED RAMADAN ABDALLAH	SOHA G	2004	PILONIDAL DISEASE is a poorly understood disease which has a propensity for disrupting the lives of young people and for which we have an assortment of the therapeutic maneuvers.		
951	9380539		Some Studies on Marker of Endothelial Cell Damage Cytokines and Haemostatic Abnormalities in Psoriasis	Fayed,Hanan Mahmoud Abdel Latif	Hanan Mahmoud Abdel Latif Fayed	Sohag	2005	الصدفية مرض جلدى مزمن شائع يتميز بازدياد فى معدل انقسام خلايا طبقة البشرة وزيادة الازوعية الدموية فى طبقة الالامة مصحوبا بارتشاح ادمى من الخلايا الليمفاوية"ت".وعلى الرغم من ان هناك عدة عوامل تسبب فى حدوث هذا المرض الا انه قد ثبت ان العوامل المناعية تلعب دورا مهما فى حدوثه وتتحكم الميتوكنينات(خاصة عامل النخر الورمى الفا) فى شدة الالتهابات لهذا المرض.		
952	9380557		Effect of Administration of melatonin on dna synthesis and proliferation in A drenal cortex and thyroid follicules of DMBA-treated mice=	Aref,Abdel-baset Aref mohamad	Abdel-baset Aref mohamad Aref	Sohag	2000	the present investigation dealt with the effect of daily melatonin administration -for 60 days started i day post-DMBA injection and 30 and 60 days started 90 days post-DMBA injection-and/or a single dose of a carcinogen DMBA for different periods		
953	9380606		TREATMEENT OF SOME PROBLEMS IN DYNAMICS OF ELASTIC BODIES /	AHMED,MOUSA.KHA LIFA	MOUSA.KHALIFA AHMED ,	ASSIU T :	1992 .	THE AIM OF THIS THESIS IS TO STUDY THE FREE VIBRATION OF THIN,HOMOGENOUS,ISOTROPIC,ELASTIC CYLINDRICAL SHELL IN THE ABSENCE OF THE BODY FORCES .		
954	9380640		A study of some efficient algorithms for drawing graphs /	Omer,Mohamed Abdel-Halim El-Sayed.	Mohamed Abdel-Halim El-sayed Omer ,	Aswan :	2002 .	this thesis present efficient algorithms for drawing planar graphs.graph drawing addresses the problem of constructing geometric representation of information and finds applications in almost every branch of science and technology.in this thesis we study traingulated drawings,convex drawings and orthogonal drawings		

955	9380688	ENGINEERING SEISMOLOGICAL STUDIES ON THE PROPOSED LOCATION OF ASWAN NEW CITY /	Abdel Motaal,Abdel-Nasser Mohamed	Abdel-Nasser Mohamed Abdel Motaal,	Aswan :	2003 .	The Study area lies in South Egypt between latitude 24°09' 20" and 24°13' 07" N and longitude 32°50' 18" and 32°52' 08" E on the West bank of the River Nile about 12 k.m north to the Aswan city,and covers an area of area of about 21km2		
956	9380786	PROBLEMS OF MAGNETO-AND THERMOMAGNETOELASTICITY FOR INFINITE,CIRCULAR CYLINDRICAL BODIES=مسائل في نظرية المرونة المغنطيسية والمرونة الحرارية المغنطيسية للأجسام الاسطوانية الدائرية اللانهائية	ABBAS ,IBRAHIM ATIATALLAH ABDEL-RHMAN	IBRAHIM ATIATALLAH ABDEL-RHMAN ABBAS	SOHA G	1999	THE AIM OF THIS THESIS,WHICH CONSISTS OF FOUR CHAPTERS,IS TO STUDY SOME PROBLEMS OF MAGNETO-AND THERMO-MAGNETOELASTICITY FOR INFINITE,CIRCULAR CYLINDRICAL BODIES		
957	9380790	A CLASSICAL TREATMENT OF ATOMIC HYDROGEN IN ELECTROMAGNETIC FIELDS /	MOHAMED,NASER. METWALLY,ALY	NASER.METWALLY,ALY MOHAMED +	ASWAN :	1993 .	IT IS WELL KNOWN THAT,THE ENERGY EQUATION OF AN ELECTRON MOVING IN A COULOMB FIELD AND EXTERNAL ELECTROMAGNETIC FIELDS IS AN UNSEPARABLE ONE .		
958	9380800	HYDROGEOLOGICAL AND HYDROGEOCHEMICAL EVALUTION OF THE AREA BETWEEN QENA AND QUS EASTERN DESERT,EGYPT /	Mahmoud,Abdel Mawgoud Mohammed	Abdel Mawgoud Mohammed Mahmoud,	QENA :	2005 .	The present thesis deals with the hydrogeology and hydro-geochemistry of the area between Qena and Qus ,it lies to the east of the River Nile . It delineated by longitudes 32°41' and 33°55' E and latitudes 25°50' and 26°11' N		
959	9380802	TUTORIAL SYSTEM TO TEACH DIFFERENTIATION /	MOHAMED,MARGHANY.HASSAN	MARGHANY.HASSAN MOHAMED +	ASSIUT :	1993 .	ONE OF THE MAJOR GOALS OF INTELLIGENT TUTORING SYSTEMS IS TO IMPROVE THE QUALITY OF EDUCATION AND TRAINING .		
960	9380808	FEMALE CIRCUMCISION IN SOHAG CITY,SIZE OF THE PROBLEM,AND ITS MEDICAL IMPACT ON REPRODUCTIVE HEALTH=	.ABD EL- WAHAB , WALEED MOHAMMED	WALEED MOHAMMED ABD EL-WAHAB	SOHA G	2001	female circumcision encompasses a number of traditional operations that involve cutting away parts of the female external genitalia or other injury to female genitals whether for cultural or other non therapeutic reasons.		
961	9380816	A COMPARATIVE STUDY OF THE CHOICES OF THE SMOOTHING PARAMETERS UNDER OPTIMAL KERNELS /	ABD ELRAHMAN,AYMAN. MOHAMED	AYMAN.MOHAMED ABD ELRAHMAN +	ASSIUT :	1992 .	THE OBJECTIVE OF THIS THESIS IS THE ESTIMATION OF THE SMOOTHING PARAMETER H UNDER OPTIMAL KERNELS IN THE NONPARAMETRIC DENSITY FUNCTION ESTIMATORS .		
962	9380822	COMPARISON ON SOME SELECTED OLDER AND YOUNGER GRANITOID ROCKS,EASTERN DESERT,EGYPT /	Moubark,Karem Mohamed	Karem Mohamed Moubark ,	Qena :	2005 .	The area under investigation is Located in the pan-African basement of central Eastern Desert.It covers an area about 600km2 of the basement complex and is bounded by the following co-ordinates:Longitude 33°15':30 33' E and Latitude 26° 20':26'45' N.		
963	9380830	GEOPHYSICAL STUDIES OF THE AREA SOUTH EAST ASWAN,EGYPT	MENEISY , AHMED MOHAMED	AHMED MOHAMED MENEISY	ASWAN	2006	THE MAIN TARGET OF THIS WORK IS TO DELINEATE THE STRUCTURAL FRAMEWORK OF THE AREA,ILLUSTRATE THE ROLE OF THE SEPARATION METHODS IN THE RESOLUTION OF THE MULTISOURCE MAGNETIC IMPLICATIONS OF THE AREA AND ESTABLISH THE ROLE OF THESE STRUCTURES IN CONTROLLING THE DISTRIBUTION OF MINERALIZATION IN THE STUDY AREA		
964	9380839	ON STABILITY, BOUNDEDNESS AND PERIODICITY OF THE SOLUTION OF A CERTAIN NON-LINEAR DIFFERENTIAL EQUATION /	Abdel-Aziz,Mohamed Abdel-Allah	Mohamed Abdel-Allah Abdel-Aziz +		1988 .	This thesis is devoted to the study of stability, boundedness and periodicity of solution for a certain non-linear differential equation of the fourth-order.		
965	9380841	SEDIMENTOLOGICAL,AND ENVIRONMENTAL STUDIES ON SOME ISLANDS OF THE RED SEA,EGYPT /	EL Said,Mohamed Abbas	Mohamed Abbas EL Said,	QENA :	2005 .	The purpose of this work is to identify the environments,to determine the environmental problems,to evaluate the existing practices and past successes and failures in coastal policymaking.Furthermore, it is expected that mechanisms for using science in coastal policymaking identified in the regions could be transferred to other regions and used nationally and that comparisons among regions would yield additional insights.		
966	9380855	IMPACT OF CONSTRUCTIONS ON THE SEDIMENTARY PARAMETERS AND THE ENVIRONMENT,HURGHADA,RED SEA,EGYPT /	Madian,Sayed Mohamed Sayed	Sayed Mohamed Sayed Madian,	QENA :	2005 .	THE SCOPE OF THIS THESIS IS IMPACT OF CONSTRUCTIONS ON THE SEDIMENTARY PARAMETERS AND THE ENVIRONMENT,HURGHADA RED SEA EGYPT		
967	9380880	MINERALOGICAL AND GEOCHEMICAL STUDIES ON PERSPECTIVES OF FORMATION OF GOLD PLACERS IN THE AREA OF SUKKARI GOLD MINE CENTRAL EASTERN DESERT,EGYPT /	Ahmed,Adel Mohamed Ali	Adel Mohamed Ali Ahmed,	QENA :	2005 .	The mineralogical composition and geochemical characteristics of the placer gold and the source rocks in the sukkari gold mine area were investigated in detail-some efforts were directed to the gold extraction tests from placers around the mine		
968	9380887	ON BITOPOLOGICAL ORDERED SPACES /	SAYED,ABDEL HAMIED FARRAG .	SAYED,ABDEL HAMIED FARRAG +	QENA :	2001 .	IN THIS THESIS WE ARE INTERESTED IN INTRODUCING THE IDEA OF ORDER IN THE AREA OF BITOPOLOGICAL STRUCTURES SUCH SEPARATION AXIOMS,COMPACTNESS,COMPACTIFICATIONS AND ORDER-CONNECTEDNESS .		
969	9380892	GEOPHYSICAL STUDIES OF SOME ARCHAEOLOGICAL SITES IN UPPER EGYPT /	YOUSSEF,SALEM BADRY AHMED	SALEM BADRY AHMED YOUSSEF,	QENA :	2006 .	Geophysical investigations have been conducted in some of the archaeological sites at Luxor and Sohag in upper Egypt. The studied sites in Luxor area include the Amenhotep III temple,Habou temples and Madamout temple These sites studied using the earth resistivity method utilizing different electrode configurations(Wenner,Shlumberger and Wenner-Shlumberger array)with aiding of ABEM-Terrameter SAS 300 resistivity meter.		
970	9380900	ON FUZZY BITOPOLOGICAL SPACES /	MOHAMED,AHMED AREF ABD ELLATIF .	MOHAMED,AHMED AREF ABD ELLATIF +	QENA :	2001 .	THE THEORY OF FUZZY SETS WAS INTRODUCED BY ZADEH 1965,AS AN ATTEMPT TO DEVELOP A MATHEMATICALLY PRECISE FRAMEWORK IN WHICH TO TREAT SYSTEMS OR PHENOMENA .		
971	9381212	NONLINEAR RESPONSE ANALYSIS OF STEEL TOWERS OF CABLE-STAYED BRIDGE UNDER EARTHQUAKE MOTION=التحليل اللاخطي لمساكن الأبراج المعدنية الجامدة تحت تأثير الحركة الزلزالية لكوابل الكباري المعقدة تحت تأثير الحركة الزلزالية	Hussein , mohamed omar mohamed	mohamed omar mohamed Hussein	ASWAN	2004	RECENT DEVASTATING EARTHQUAKES AROUND THE WORLD HAVE UNDERSCORED THE TREMENDOUS IMPORTANCE OF UNDERSTANDING THE WAY IN WHICH CIVIL ENGINEERING STRUCTURES RESPOND DURING SUCH DYNAMIC EVENTS.		
972	9381250	cytogenetic studies of some species of freshwater fishes in upper egypt=دراسات وراثية خلوية لبعض أنواع من أسماك المياه العذبة في مصر	Mohamed ,rafaat galal el-din	Rafaat galal el-din Mohamed	Qena	2000	the present study includes the morphological and cytogenetical studies of ten species representing five orders and seven families of freshwater fishes.		

973	9381266		PATTERNS OF PRESENTATION OF TUBERCULOUS PATIENTS ATTENDING SOHAG UNIVERSITY HOSPITAL (RETROSPECTIVE AND PROSPECTIVE STUDY	AL KHAYAT, KHALED FAWZY MOHAMMED	Khaled fawzy mohammed al khayat	SOHA G:	2004	TO IDENTIFY THE VARIABLE RECENT PRESENTING PICTURES OF TUBERCULOSIS AMONG THE PATIENTS ATTENDING SOHAG UNIVERSITY HOSPITAL AS WELL AS THE DIFFERENCES FROM THE CLASSICAL PRESENTING PICTURE		
974	9381289		INTRATHECAL ROPIVACAINE VERSUS BUPIVACAINE FOR PATIENTS UNDERGOING ENDOSCOPIC UROLOGICAL SURGERY	IBRAHIM , MOHY EL-DEEN MOHAMMED	MOHY EL-DEEN MOHAMMED IBRAHIM	SOHA G	2004	THE AIM OF THE STUDY WAS TO EVALUATE THE EFFICACY AND SAFETY OF SPINAL ANESTHESIA WITH ISOBARIC ROPIVACAINE, COMPARED WITH ISOBARIC BUPIVACAINE IN PATIENTS UNDERGOING ENDOSCOPIC UROLOGICAL SURGERY.		
975	9381293		صعيد مصر في عصر المماليك البحرية(784-1250هـ/1382م)	يونس ، سعيد عثمان	سعيد عثمان يونس	سوهاج	1995	تتناول الرسالة الحياة السياسية في صعيد مصر في عصر المماليك البحرية وتكلم على حركة العربان وكيف كان الصعيد منفى للمتأولين لحكومة المماليك وتكلم الباحث أيضا عن الحياة الاقتصادية سواء كانت زراعة وثروة معدنية وصناعة وتجارت تناول الحياة الاجتماعية وطبقات المجتمع في عصر المماليك في الصعيد.		
976	9381314		COMPARISON BETWEEN CLINICAL MODIFIED ALVARADO SCORE SYSTEM AND LAPAROSCOPY IN DIAGNOSIS OF ACUTE APPENDICITIS	M. GODA,ASSER ABD EL HAMID	SOUTH VALLEY-FACULTY OF MEDICINE	SOHA G:	2000	DIGNOSTIC LAPAROSCOPY IS RADIDLY GAINING WIDE ACCEPTANCE AS ALTERNATIVE TO DIAGNOSTIC LAPAROTOMY THIS LARGELY DUE TO SURGEONS GROWING FAMILARITY		
977	9381343		physico-chemical stidies on the speciation of heavy elements in the river Nile دراسات فيزيائية وكيميائية على توزيع المكونات=السدiments الكيميائية والعناصر الثقيلة الموجودة في رواسب نهر النيل	mahmoyd , eman mohamed fawzy	Eman mohamed fawzy mahmoyd	ASWAN	2000	the present study includes the determination of totel and extractable concentrations of some heavy trace and major elements "fe,mn,ca,mg,k,na,cd,co,pb andzn" in aswan to giza.		
978	9381361		EVALUATION OF ERECTILE DYSFUNCTION	ALI , MOHAMMED Z	Mohammed z.ali	SOHA G:	1998	ERECTION IS THE RESULT OF COMPLEX INTERACTION AMONG THE PSYCHOLOGIC NEUROENDOCRINE AND VARCULAR MECHANISMS ACTING ON PENILE TISSUE IT IS TRIGGERED BY VARIOUS REFLEXOGENIC AND PSYCHOGENIC STIMULI		
979	9381404		NEUROLOGICAL MANIFESTATIONS ASSOCIATED WITH EAR , NOSE,AND THROAT DISAES(RETROSPECTIVE STUDY)	FARG, AHMED FAWZY SADEEK	AHMED FAWZY SADEEKFARG	SOHA G:	2000	CENTRAL NERVOUS SYSTEM COMPLICATION OF OTITIS MEDIA ARE RARE TODAY BECAUSE OF THE DEVELOPMENT OF EFFECTIVE ANTIMICROBIAL AGENTS AND THE DEVELOPMENT OF SOPHISTICATED		
980	9381460		in vitro propagation of some important plants	abd-elwahab , tarek ahmed	Tarek ahmed abd-elwahab	ASWAN	2001	'in vitro propagation of researshed the three plant species "s.arghelc proximus and salvadora persiica in this study was successfully achieved.		
981	9381524		NUMERICAL ANALYSIS OF DIVIDING FLOW IN SHORT OPEN CHANNEL التحليل الرياضي لتقسيم السريان في تقريعات=BRANCHES القنوات المكشوفة ذات المدى القصير	FARAH,KHALD MOHAMMED AHMED	FARAH,KHALD MOHAMMED AHMED		2004	THE THEORETICAL OR EVEN THE EXPERIMENTAL ANALYSIS OF FLOW AT OPEN CHANNEL JUNCTION WHERE AGIVEN STREAM BRANCHES INTO TWO ONES,IS APROBLEM THAT HAS STILL RECEIVED LITTLE ATTENTION		
982	9381545		STUDIES ON SOME QUINES AND THEIR DERIVATIVES	ABD EL-HAMED,AYMAN SALAH EL-DEEN	AYMAN SALAH EL-DEENABD EL-HAMED	QENA:	2000	BECAUSE OF THE WIDE SPREAD APPLICATION OF QUINONES AND THEIR DERIVATIVES IN VARIOUS FILEDS INCLUDING USE AS FUNGICIDES ANTIBACTERIALS DERIVATIVES IN VARIOUS		
983	9381614		CORE OF NUCLEON- NUCLEON INTERACTION	HASSANEEN,KHALED SABER AHMED	KHALED SABER AHMED HASSANEEN	SOHA G:	1998	WE INVESTIGATED THE ARGUMENT OF VINH MAU et al. [1991] THAT THE GOOD DESCRIPTION OF THE NUCLEON-NUCLEON NN INTERACTION AT SHORT DISTANCES BY QUARK MODELS COULD BE QUESIONED.		
984	9381633		BIOLOGICAL AND ECOLOGICAL STUDIES ON MOSQUITOES WITH SPECIAL REFERENCE CULEX PIPPIENS=	BAKRY,SHADIA MUSTAFA.	.SHADIA MUSTAFA BAKRY		1999	the study of the biological life cycle of culex pipiens l.		
985	9381653		WORKING OUT A SOFTWARE PACKAGE FOR SOLVING THE DELAY DIFFERENTIAL EQUATIONS	EL- GENDY,ALI MAHFOOZ MORSY	ALI MAHFOOZ MORSY EL- GENDY	ASWAN:	1999	THE AIM OF THIS THESIS IS TO DESIGN A PACKAGE OF PROGRAMS FOR SOLVING THREE DIFFERENT PROBLEMS		
986	9381750		synthesis and studies of some heterocyclic compounds=دراسات على بعض المركبات الغير متجانسة=الحلقة	aref , amal mohamed	Amal mohamed aref	ASWAN	1998	the reactivity of cyanoacetohydrazide derivative 5 toward some selected arylidenemalononitrile 7 arylidenethylcyanoacetate 13 and arylidenethioacetamide derivatives 17 have been examined.		
987	9381935		PALAEONTOLOGICAL STUDIES ON SOME INVERTEHRAE FOSSILS FROM THE EOCENE OUTCROPS,EL MINIA AREA MIDDLE EGYPT /	SHAIKAMI,USAMA YOUNES	USAMA YOUNES SHAIKAMI,	ASSIUT :	1995 .	THE PRESENT THESIS IS CONCERNED WITH THE STUDY OF PALAENTOLOGIC,STRATIGRAPHIC AND BIOSTRATIGRAPHIC ASPECTS OF THE EOCENE SEQUENCE PXPOSED ALONG THE EASTERN BANK OF THE RIVER NILE OF EL MINIA GOVERNORATE,MIDDLE EGYPT		
988	9381994		optical and eletrical properties of amorphous sb-sn-o thin films=الخصائص الضوئية لاجنية رقيقة=sp-sn-o"مورفية	EL-mishnip , hazem mohmoud ali darwish	Hazem mohmoud ali darwish EL-mishnip	SOHA G	1999	in recent years,there have been extensive studies on thin films exhibiting high electrical conductivity,as well as high transparency in the visible spectrum and high reflectivity in the infrared ir region.		
989	9382249		GEOELECTRIC STUDIES FOR WADI ZIEDUN AREA,EASTERN DESERT,EGYPT /	AHMED,FATHY AHMED ABD-ALLA	FATHY AHMED ABD-ALLA AHMED,	QENA :	1995 .	THE PRESENT STUDIES AIMS ESSENTIALLY AT EVALUATING THE SUBSUR FACE HYDROLOGICAL PICTURE PREVAILING IN THE STUDIED AREA		
990	9382430		PETROLOGICAL AND GEOCHEMICAL STUDIES OF GEBEL EL-GIDAMI GRANITIC PLUTON,EASTERN DESERT EGYPT /	ALI,BATAA HUSSEIN	BATAA HUSSEIN ALI ,	ASSIUT :	1994 .	THE PRESENT WORK DEALS WITH THE GEOCHEMICAL AND PETROLOGICAL STUDIES ON EL-GIDAMI GRANIT PLUTION OCCURRING AT THE CENTRAL EASTERN DESERT OF EGYPT		
991	9382564		fungaemia and pulmonary fungal infections in cancer patients	Mohammed , Fatma hassan ahmed	Fatma hassan ahmed Mohammed	SOHA G	2004	fungaemia is a serious and life threatening infection in patients with hematological and non hematological malignancies.several factors predispose to invasive fungal infection,defect in immune cells and uiceration of the skin,oropharynx and gastrointestinal tract know predisposing factors.		
992	9382617		power filter for harmonic suppression and unity power factor achievement=مرشح قدرة للتوافقيات معتحقيق معامل قدرة قيمته الوحدة	abdel-karim , emad ahmed hussein	Emad ahmed hussein abdel-karim	ASWAN	2005	the thesis is divided into three parts,which are as fallows:part one:areview for the harmonics proplem,and their effects.		
993	9382626		RECENT INVERTE BRATES ALONG THE RED SEA CASTAL PLANI BETWEEN MARSALAAM AND RAS BANAS /	E BAID ALLA,NAGEH ABID EL RAHMAN	NAGEH ABID EL RAHMAN E BAID ALLA,	ASSIUT :	1988 .	THE RED SEA EXTENDS IN ANORTH WESTERN DIRECTION FROM THE NARRAW STRAIT OF BAB EL-MANDAB AT ITS SOUTH ERN ENT TO THE SOUTH-ERN TIP OF SINIA PENINSULA AT ITS SOUTH ERN END,IT IS CONNECTED TO THE GULF OF ADEN AND APENS INTO THE INDIAN OCEAN		

1013	9384904		دراسة تحليلية لأثر التخطيط في حل مشكلة الغذاء في جمهورية مصر العربية /	إسماعيل ،فاروق محمد أبو الفتوح .	القاهرة : فاروق محمد أبو الفتوح ،	1994 .	الهدف الرئيسي من البحث ينحصر في تحليل أثر التخطيط القومى للقطاع الزراعى فى حل المشكلة الغذائية فى جمهورية مصر العربية،مع إلقاء الضوء على مفهوم التخطيط القومى وأهميته للقطاع الزراعى.		
1014	9384950		ON BITOPOLOGICAL ORDERED SPACES=الفضاءات المرتبة ثنائية التوبولوجيا	SAYED , ABDEL HAMIED VFARRAH	ABDEL HAMIED VFARRAH SAYED	QENA 2001	THE STUDY OF TOPOLOGICAL ORDERED SPACES WAS INITIATED BY NACHBIN,L 17.IN THIES THESIS WE ARE INTERSTED IN INTRODUCING THE IDEA OF ORDER IN THE AREA OF BITOPOLOGICAL STRUCTURES SUSH SEPARATION AXIOMS.		
1015	9384981		SOME PROBLEMS OF FLOW OF NON-NEWTONIAN FLUIDS IN APOROUS MEDIUM /	MAHDY,ABD-ELNASSER SOBHY MOHAMMED	ABD-ELNASSER SOBHY MOHAMMED MAHDY	QENA : 2001 .	THE AIM OF THIS THESIS IS TO STUDY SOME PROBLEMS OF FLOW AND HEAT TRANSFER FOR NON-NEWTONIAN FLUIDS IN POROUS MEDIUM .		
1016	9384988		PETROGRAPHY AND GEOCHEMISTRY OF GABBROIC ROCKS OF GABAL ZEIATIT AND GABAL UM SELLIM SOUTH EASTERN DESERT-EGYPT /	SALEM,ABDO SALEM MOHAMED	ABDO SALEM MOHAMED SALEM,	QENA, EGYPT : 2001 .	the present work is apetrographic,geochemical and petrogenesis studies of gabbroic rocks of gabal zeiatit and gabal umsellim in the south eastern desert.		
1017	9385070		geology and radioactivity of gabal abu mesaid aref with emphasis on granitic,north eastern desert,egypt /	farrag,hassan ismail ahmed	hassan ismail ahmed farrag,	qena,egypt : 2003 .	agroup of volcanic and qlutonic rocks represent the products of pan-african orogeny, constitute the major petro-tectonic association of gabal abu mesaid area in the northern part of the eastern desert.		
1018	9385090		UI thrasonography Of Small Joints In Rheumatoid Arthritis Patients	Hassan,Mohamed Hamed	Mohamed Hamed Hassan,	Sohag : 2004 .	يعتبر مرض الروماتيد من الالتهابات المزمنة والذى يمكن ان يؤثر على اعضاء الجسم المختلفة ولكن غالبا ما يتضمن المفاصل خاضعة المفاصل الصغيرة للاطراف البعيدة بشكل متماثل		
1019	9385104		GEOLOGY AND RADIOACTIVITY OF GABAL ABU MESAID AREA WITH EMPHESIS ON GRANITIC ROCKS, NORTH EASTERN DESERT,EGYPT=	FARRAG,HASSAN ISMAIL AHMED.	.HASSAN ISMAIL AHMED FARRAG	2003	THE STUDY AREA IS SUBJECTED TO MANY TECTONIC EVENTS THAT LEFT BEHIND SEVERAL TRENDS OF FACULTS SHEAR AND MAJOR FRACTURES.		
1020	9385146		aN EVALUATION OF SOME MODERN FERTIZATION TECHNIQUES FOR CERTAIN SALT AFFECTED SOILS=	DARWISH,dARWISH SAM	dARWISH SAM DARWISH	cairo : 1993 .	TWO FIELD EXPERIMENTS WERE CONDUCTED DURING 1990 AND 1991 SEASONS.BOTH COTON-GIZA 75-AND MAIZE-GIZA 2-WERE USED AS INDICOTOR PLANTS TO COMPARE THE EFFICIENCY OF ANHYDROUS AMMONIA AS A SOURCE OF NITROGEN WITH A SOLID NITROGEN FERTILIZER AT RATE OF 70 KG NIFED.AND 110KG NIFED.FOR COTTON AND MAIZE RESPECTIVELY WITH OR WIYHOUT DIFFERENT MICRONUTRIENTS TREATMENTS		
1021	9385148		geoelectric studies for wadi ziedun area,eastern desert,egypt /	ahmed,fathy ahmed abd alla	fathy ahmed abd alla ahmed,	qena,egypt : 1995 .	to evaluate the ground water possibilites with in the area,geophysical investigation was carried out utilizing the electrical resistivity survery wich was performed applying the vertical electrical sounding technique(drilling)by the use of the teframeter sas 300 apparatus.		
1022	9385186		ON FUZZY BITOBOLOGICAL SBACES=عن الفراغات ثنائية التوبولوجية الفازية	MOHAMED , AHMED AREF ABD ELLATIF	AHMED AREF ABD ELLATIF	QENA 2001	THE THEORY OF FUZZY SETS WAS INTRODUCED BY ZADEH 1965,AS AN AT TEMPT TO DEVELOP AMATHEMATICALLY PRECISE FARMEWORK IN WHICH TO TREAT SYSTEMS OR PHENOMENA WHICH IS		
1023	9385196		SOME NEW HOMOLGICAL CLASSES OF RINGS /	IBRAHIM,AHMED SHAWKY AHMED	AHMED SHAWKY AHMED IBRAHIM	ASSIUT : 1982 .	THE AIM OF THIS THESIS IS TO INVESTIGATE CERTAIN CLASSES OF RINGS BY IMPOSING VARIOUS HOMOLOGICAL RING THEORETICAL CONDITIONS ON THEIR MODULES .		
1024	9385274		LAPAROSCOPIC VERSUS OPEN SURGERY FOR INFLAMMATORY BOWEI DISEASES:APROSPECTIVE COMPARATIVE STUDY=	HASSAN,ASEM ELSANI MOHAMED	,ASEM ELSANI MOHAMED HASSAN	2003	THIS STUDY WAS DONE TO EVALUATE THE FEASIBILITY AND SAFETY OFLAPAROSCOPICALLY-ASSISTED INTESTINAL SURGERY IN IBD PATIENTS AND TO DETERMINE WHETHER SUSH SURGERY CONFERS CLINICAL ADVANTAGES IN APROSPECTIVE COMPARISON WITH OPEN SURGERY.		
1025	9385287		SOME STARTIGRAPHICAL AND SEDIMENTOLOGICAL STUDIES ON THE RAS BANAS PENINSULA,RED SEA MARGINAL AREA,SOUTHERN PART OF EGYPT /	ALI,KAMALABOU EL MAGD	KAMALABOU EL MAGD ALI	ASWAN : 1994 .	THE PRESENT STUDY DEALS WITH THE LITHO- AND BIOSTRATIGRAPHY,STRUCTURE,PETROGRAPHY,SEDIMENTOLOGY AND GEOCHEMISTRY OF THE NEOGENE-QUATERRNARY SEDIMENTARY SEQUANCE OF RAS BANAS PENINSULA		
1026	9385347		ASTUDY IN THE RESULT OF CONSERVATIVE AND OPERATIVE METHODES OF TREATMENT OF ACRTABULAR FRACTURES=دراسة نتائج العلاج الجراحى والعلاج التحفظى فى كسور الترويف الحقى	MOUSA,SHAZLI SALEH	SHAZLI SALEH MOUSA	sohag 1998	THE AIME OF THIS WORK WAS TO INVESTIGATE THE COMPLEXITY OF THESE FRACTURES.		
1027	9385421		palynological studies on the subsurface sequence from northern gulf of suex(egypt) /	el-soughier,maher ibraheim abdel rahem	maher ibraheim abdel rahem el-soughier ,	aswan,egypt : 2002 .	THIS WORK AIMS TO STUDY THE CHRONOSTRATIGRAPHY OF THE SAMPLED SUBSURFACE PALEOZOIC-MESOZOIC SEQUENCE FROM THE OFF- SHORE AREA NORTHERN GULF OF SUEZ		
1028	9385482		ACCELERATION OF PARTIAL QUADRATIC INTERPOLATION TECHNIQUE /	RADWAN,AHMED,ALI,AHMED	AHMED,ALI,AHMED RADWAN	ASSIUT : 1980 .			
1029	9385489		GEOLOGICAL AND MINERALOGICAL STUDIES ON ABU MARAWAT AREA,CENTRAL EASTERN DESERT,EGYPT /	AHMED,AHMED ABD EL-RASHEED	AHMED ABD EL-RASHEED AHMED,	SOHA G,EGYPT : 2000 .	the studied abu marawat area lies within the pan-african basement complex exposed in the central eastern desert of egypt: 1-talc-car bonate rocks 2-metavolcanics and thier equivalent pyroclastics 3-metagabbro-diorite complex 4-synkinematic granitoids 5-hammamat.sediments 6-younger basic-ultrabasic intrusions		
1030	9385491		LINEAR AND NONLINEAR RAYLEIGH - TAYLOR INSTABILITY IN MAGNETOHDRODYNAMICS /	ABIED ALLAH,MOHMOUD.HAMAD	ABIED ALLAH,MOHMOUD.HAMAD	BANI SEUF : 1987 .	WE HAVE PRESENTED THE EFFECT OF MAGNETIC FIELD ON RAYLEIGH-TAYLOR INSTABILITY WITH MASS AND HEAT TRANSFER .		
1031	9385528		SOME EXAMPLES OF T(6)-COMPLEXES AND HYPERBOLIC COMPLEXES /	AHMED,WAGEEDA MOHAMED MAHMOUD	WAGEEDA MOHAMED MAHMOUD AHMED	ASWAN : 2001 .	THE FIRST CHAPTER COVERS BASIC MATERIAL IN GEOMETRIC GROUP THEORY,THE SECOND CHAPTER GIVES SOME EXAMPLESAND THE THIRD CHAPTER COVERS HYPERBOLIC COMPLEXES .		

1032	9385529		THE IMPACT OF SEISMIC REFLECTION INTERPRETATION IN DELINEATING THE STRUCTURAL-STRATIGRAPHIC INFERENCES OF NORTH BITTER LAKES AREA,NORTHERN EGYPT /	TARABEES,ELHAMY ALY ABD EL-AZIZ	ELHAMY ALY ABD EL-AZIZ TARABEES ,	sohag, egypt :	2002 .	the present study is atrial to interperet the available data,that derived from well logs and seismic reflection data,in the area north of the better lakes,in order to delineats its structural and stratigraphic inferences,and also to detect the locations that cold be valid to be traps for hydrocarbon accumulation.		
1033	9385556		APPLICATIONS OF GEOPHYSICAL TECHNIQUES AT NEW QENA CITY,QENA,EGYPT /	MOHAMMED,ALHUS SEIN ADHAM BASHER	ALHUSSEIN ADHAM BASHER MOHAMMED	QENA, EGYPT :	2003 .	THE PRESENT STUDY EMBRACES ELECTRICAL RESISTIVITY,LABORATORY MEASUREMENTS OF ELECTRICAL,PROPERTIES,AND SEISMIC REFRACTION SURVEYS.THE STUDY AIMS AT DETAILING THE PREVAILING SUBSURFACE CONDITIONS FROM THE VIEWPOINT OF GROUND WATER LOCATION,DEPTH AND QUALITY .		
1034	9385561		TOPOLOGICAL APPLICATIONS ON SOME SUPRAOPEN SETS /	HASANEIN,IBRAHIM ABDEL EL-HAMEED M	IBRAHIM ABDEL EL-HAMEED M HASANEIN ,	ASSIUT :	1982 .	IN THIS THESIS WE STRENGTHEN MANY RESULT IN 35,48.50,52 AND BY USING SOME TYPES OF SUPRAOPEN SETS A SET AND PREOPEN SET WE INTRODUCE AND STUDY THE CONCEPT OF A-CLOSED GRAPHS,PRECLOSED GRAPHS AND THE STRONG COMPACT SPACES .		
1035	9385569		micropaleontological studies on the paleocene-eocene transition in south egypt /	saad,khaled ahmed ahmed	khaled ahmed ahmed saad	assiu :	2001 .	the late paleocene-early eocene interval was acritical episode in earth history because major changes in ocean circulation and global climate,reflected in significant turnover in maqrine and terrestrial biotas,occurred during approximately 2.2 my.of this interval.		
1036	9385573		HYDROGEOLOGICAL STUDIES ON SOME AREAS IN THE NEW VALLEY GOVERNORATE, WESTERN DESERT, EGYPT /	SEIF EL NASR,AHMED MOSTAFA	AHMED MOSTAFA SEIF EL NASR,	ASSIUT :	2002 .	aregional groundwater flow model for the nubian sandstone aquifer system in egypt was developed.then this model was calibrated using the available hydrogeological data from the observation wells.		
1037	9385656		ENVIRONMENTAL CHEMICAL STUDIES ON THE EFFECTS OF NARCOTICS,ACTIVATORS AND INHIBITORS COMPOUNDS ON PEOPLE LIVING IN ASWAN GOVERNORATE=دراسات كيميائية بيئية علي تأثير المخدرات والمنشطات والمثبطات علي بعض الاصحاء والمتعاطين بمحافظة اسوان	MOSTAFA,MOSSTAFA MOHMOUD MOHAMED	,MOSSTAFA MOHMOUD MOHAMEDMOSTAFA		1998	THE PRESENT WORK IS CONFINED TP STUDY THE ENVIROMRNTAL ABUSED DRUGS WHICH ARE PRESENT IN THE URINE SAMAPLES COLLECTED FROM POPULATIONS WORKING AND AT ASWAN GOVERNORATE.		
1038	9385688		ARTHROSCOPICALLY ASSISTED ANTERIOR CRUCIATE LIGAMENT RECONSTRUCTION USING BONE-BATELLAR TENDON-BONE AUTO- GRAFT FOR ANTERION CRUCIATE LIGAMENT DEFICIENT KENEES	ABDEL-RAHMAN,ABDEL-RAHMAN HAFEZ KHALIFA		Qena:	ABDEL-RAHMAN HAFEZ KHALIFA ABDEL-RAHMAN,	THE RESULTS IN THISE STUDY SHOWED THAT AN ARTHROSCOPIC ACI RECONSTRUCTION USING ABTB AUTOGRAFT AND TIBIAL PRESS FIT TECHNIQUE LEADS.

1040	9386424	Master	The Relation Between Body Mass index and left ventricular mass and cardiac output in patients with chronic hypertension /	Mahmoud, Doaa Abas.			2003	يوجد للرسمالة ملخص باللغة العربية يحتوي علي انه مازالت العلاقة غير واضحة بين امراض القلب ودرجة البدانة في مرضى ارتفاع ضغط الدم ولذا فقد أجريت هذه الدراسة بهدف بحث العلاقة بين معدل كتلة الجسم وكل من كتلة البطن الأيسر ومعدل ضخ الدم في مرضى ارتفاع ضغط الدم وكذلك استهدف الدراسة تقدير معدل حدوث تضخم عضلة البطن الأيسر أجريت هذه الدراسة الاستدافية في قسم الامراض الباطنة بمستشفى سوهاج الجامعي واتضح : زيادة سمك الجدار الخلفي والحاجز بين البطينين في مرضى ارتفاع ضغط الدم مقارنة بالفوار المجموعة الضابطة وفي-1 مرضى المجموعة الثالثة مقارنة بمرضى المجموعة الثانية	Adel A.ElSayed, Sayed M.Abd El-Rahman, Ali T.Ali.	#####
1041	9386474		NUMERICAL TREATMENT OF VOLTERRA INTEGRAL EQUATIONS OF THE FIRST KIND /	HANAFY,IBRAHEEM, MOHAMED,IBRAHEE M	IBRAHEEM,MOHAMED,IBRAHEE M HANAFY ,	ASSIUT :	1981 .	THE THESIS IS CONCERNED WITH THE NUMERICAL SOLUTION OF VOLTERRA INTEGRAL EQUATION OF THE FIRST KIND .		
1042	9386506		SOME MECHANICAL PROPERTIES OF HOMOGENEOUS GODEL TYPE UNIVESSE /	SAYED,AHMED MIHANNY ABD ALLA .	SAYED,AHMED MIHANNY ABD ALLA ,	ASSUIT :	1992 .	THE GODEL UNIVERSE AND CONSEQUENTLY THE HOMOGENEOUS GODETYPE UNIVERSES ARE COSMOLOGICAL SOLUTIOS OF THE EINSTEIN'S FIELD EQUATIONS IN THE NON-EMPTY SPACE.THESE SOLUTIONS ARE MATHEMATICALLY COMPLICATED BECAUSE OF THEIR INTRINSIC ROTATION OF THEIR MATTER CONTENT WITH RESPECT TO COMPASS OF INERTIA .		
1043	9386614		APPLICATIONS OF VARIATIONAL CALCULUS IN OPTIMUM SHAPE PROBLEMS IN HYDRODYNAMICS /	ESMAIL,ABDEL-BASET, HUSSEIN	ABDEL-BASET,HUSSEIN ESMAIL ,	ASSIUT :	1981 .	THIS THESIS CONTAINS THE SOLUTION OF THREE OPTIMUM SHAPE PROBLEMS IN FULL CAVITY FLOW AND BENEATH AFREE SURFACE .		
1044	9386693		ON PROPERTIES OF SOLUTIONS OF TWO DIMENSIONAL DIFFERENTIAL EQUATIONS /	MOUSTAFA,KHALED ABD EL-KADER .	MOUSTAFA,KHALED ABD EL-KADER ,	ASSUIT :	1994 .	IN THIS THESIS WE CONTINUE THIS INVESTIGATION BY LOOKING AT SOME PROPERTIES OF THE CLASS OF EQUATIONS WHICH ARE RELEVANT TO THE KP EQUATION .		
1045	9386697		APPLICATION OF SECONDARY AMINES IN SYNTHESIS OF SOME NEW SPIRO HETEROCYCLIC COMPOUNDS=استخدام بعض الامينات الثانوية في تخليق بعض المركبات سبيرو الحلقة الجديدة	OMRAN,OMRAN ABD ELLAH	OMRAN ABD ELLAH OMRAN	Sohag	1998	THE WORK PRESENT IN THIS THESIS DEALS WITH THE SYNTHESIS OF ANEW CLASS OF SPIRO HETEROCYCLIC SYSTEM STARING WITH 1-PHENYL-1-AMINOCYCOLAIKANE		

1046	9386701	GEOLOGY,GEOCHEMISTRY AND STRUCTURAL EVOLUTION OF THE ATALLA FELSITE,CENTRAL EASTERN DESERT,EGYPT /	Amron,Taha Mohamed	Taha Mohamed Amron,	qena :	1997 .	THE PRESENT THESIS IS AN ATTEMPT TO ELUCIDATE THE GEOLOGICAL , GEOCHEMICAL AND STRUCTURAL CHARACTERISTIC OF THE LATE PAN-AFRICAN ATALLA FELSITE WITH EMPHASES ON THE FIELD RELATIONS BETWEEN THE ATALLA FELSITE AND THE COUNTRY ROCKS , ESPECIALLY UM HAD GRANITE .		
1047	9386785	SOME PROBLEMS IN GEOMETRIC FUNCTIONS THEORY CONCERNING CLASSES RELATED TO FUNCTIONS OF BOUNDED BOUNDARY ROTATION /	DEIAB,EZAT ABDEL-WAHAB .	DEIAB,EZAT ABDEL-WAHAB +	ASSUIT :	1994 .	SOME PROBLEMS IN GEOMETRIC FUNCTIONS THEORY CONCERNING CLASSES RELATED TO FUNCTIONS OF BOUNDED BOUNDARY ROTATION .		
1048	9386869	SEDIMENTOLOGICAL,AND ENVIRONMENTAL STUDIES ON SOME ISLANDS OF THE RED SEA,EGYPT=	EL SAID,MOHAMED ABBAS	,MOHAMED ABBAS EL SAID		2005	THE PRESENTSTUDY COVERS THREE ISLANDS,WADI EL GIMAL AS AN ISLAAND EXPOSED TO ALESSER ENVIRONMENTAL PROBLEMS.		
1049	9386884	NUMERICAL TREATMENT OF INTEGRO-DIFFERENTIAL EQUATIONS /	MANSOUR,MOHAMED,AHMED	MOHAMED,AHMED MANSOUR .	ASSIUT :	1981 .	THE PRESENT THESIS,WHICH CONSISTS OF THREE CHAPTERS AND AN APPENDIX,IS CONCERNED WITH THE NUMERICAL TREATMENT OF SOME INTEGRO-DIFFERENTIAL EQUATIONS OF FREDHOLM AND VOLTERRA TYPES .		
1050	9386947	تور وسائل الاعلام							
1051	9387007	STABILITY ANALYSIS FOR SYSTEMS OF NONLINEAR HILL 'S EQUATIONS /	SAYED,SAYED ATYA AHMED	SAYED ATYA AHMED SAYED +	ASSIUT :	2001 .	THE MAIN GOAL OF THIS THESIS IS TO STUDY THE STABILITY ANALYSIS FOR SYSTEMS OF NONLINEAR HILL 'S EQUATIONS .		
1052	9387028	PALYNOLOGICAL STUDIES ON SOME CRETACEOUS ROCKS IN NORTHERN EGYPT /	DEAF,AMR SAID ABDEL RAHMAN	AMR SAID ABDEL RAHMAN DEAF .	ASSSIUT,EGYPT :	2002 .	adverse,well preserved playnofloras were successfully recovered from two borehole sections in the north western desert and north eastern desert of egypt .spores,pollen,elaterosbores and freshwater algae(terrestrial)and dinoflagellate cysts in addition to marine microforaminiferal test lining marine)are identified.		
1053	9387070	THERMODYNAMIC FUNCTIONS OF ELECTROLYTE SOLUTIONS /	OSMAN,ABDEL-NASSER ABDEL-MAUGOOD .	OSMAN,ABDEL-NASSER ABDEL-MAUGOOD +	QENA :	1995 .	THE IONIC SOLUTION BASIS LIES IN THE DEBYE-HUCKEL THEORY OF ELECTROYTE SOLUTION.THIS THEORY IS EXACT INTHE LIMIT OF SMALL CONCENTRATIONS .		
1054	9387097	EMPIRICAL BAYES ESTIMATION /	ABD EL-RAHMAN,MOHAMED ,EL SOADY FAKHRY	MOHAMED,EL SOADY FAKHRY ABD EL-RAHMAN +	ASSIUT :	1981 .	THIS THESIS DEALS WITH THE EMPIRICAL BAYES METHODS OF ESTIMATION IN BOTH OF THE PARAMETRIC AND NON-PARAMETRIC CASES .		
1055	9387104	الهيئة التأسيسية والتنظيمية للاتصالات والخدمات البريدية في الضفة الغربية وقطاع غزة		المجلس الاقتصادي الفلسطيني للتاتمية والاعمار	القدس	1999			
1056	9387152	THEORY OF ALGEBRAIC SPACES OVER SPECIAL RINGS /	MOHAMED,SAAD SHARKAWY .	MOHAMED,SAAD SHARKAWY +	QENA :	1995 .	THE BODY OF THIS THESIS IS ORGANIZED AS FOLLOWS:IN CHAPTER O,ARE BRIEFLY RECALL SOME OF DEFINITIONS AND NECESSARY NOTATIONS,REFERRING THE READER TO THE BASIC CONCEPTS OF COMMUTATIVE ALGEBRA AND ALGEBRAIC GEOMETRY,AS PRESENTED IN[10,13,26,33,35[.		
1057	9387156	ASTUDY OF ABSOLUTE-CONVERGENCE OF FOURIER SERIES COEFFICIENTS FOR MULTIVARIABLE VECTOR VALUED FUNCTIONS /	EL-LEITHY,OMAR,ABDEL KADER	OMAR,ABDEL KADER EL-LEITHY +	ASSIUT :	1981 .	THIS THESIS,WHICH CONSISTS OF FIVE CHAPTERS,IS CONCERNED WITH ASTUDY OF ABSOLUTE-CONVERGENCE OF FOURIER SERIES COEFFICIENTS OF MULTIVARIABLE VECTOR VALUED FUNCTIONS .		
1058	9387163	موسوعة رجالات من بلاد العرب .	صالح زهر الدين	صالح زهر الدين	بيروت.	2001			
1059	9387180	GEOLOGY OF GABAL ABU-KHAPIEF AND ASSOCIATED MINERALIZATION,EASTERN DESERT,EGYPT /	ABU EL-HASSAN,ESMAT AHMED	ESMAT AHMED ABU EL-HASSAN,	QENA, EGYB T :	1995 .	g.abu khariief area represents apart of the basement rocks of the central eastern desert of egypt,that is located 45km west of safaga town.		
1060	9387243	SOME SPECIAL FUNCTIONS SETS OF POLYNOMIALS OF SEVERAL COMPLEX VARIABLES /	MAKKY,MOSAED MAHMOUD .	MAKKY,MOSAED MAHMOUD +	ASSUIT :	1994 .	THIS THESIS IS CONTAINS ASTUDY IN THE FIELD OF SPECIAL FUNCTIONS,SIMILAR SETS OF POLYNOMIALS,FINITE PRODUCT SETS AND HADAMARD PRODUCT SETS .		
1061	9387299	TOPICS ON FUZZY TOPOLOGICAL ORDERED SPACES /	IBRAHIEM,KAMAL EL-SAADY .	IBRAHIEM,KAMAL EL-SAADY +	ASSUIT :	1994 .	IN THIS THESIS WE ARE INTERESTED IN INTRODUCING THE IDEA OF ORDER IN THE AREA OF FUZZY STRUCTURES SUCH AS FUZZY TOPOLOGICAL VECTOR SPACES,FUZZY NEIGHBORHOOD SPACES,FUZZY UNIFORM SPACES,FUZZY PROXIMITY SPACES AND FUZZY SYNTOPOGENOUS SPACES .		
1062	9387379	ON CAUHY PROBLEM FOR SOME SPECIAL SYSTEMS OF PARTIAL DIFERENTIAL EQUATIONS /	MOHAMED,NAIMA MOHAMED .	MATHEMATICS DEPARTMENT,FACULTY OF SCIENCE , SOUTH VALLEY UNIVERSITY +	ASWAN,EGYPT :	2004 .	partial differential equations play an important part in the investigation of pyre mathematics and physical phenomena.An important style of these equations are the parabolic equations,which are very successful generalzation of the equation of heat conductance.This equations is very important in many applications.The study of parabolic equations ,begun by I.G.Petrovskiy in 1933,who his principle work depends on the fundmental solutions of parabolic equations and he also deals with Cauchy problem for parabolic equations .		
1063	9387391	REPRESENTATION OF ANALYTIC FUNCTIONS BY SPECTIAL POLYNOMIALS /	Makky,Mosaied Mahmoud	Mosaied Mahmoud Makky +	Assuit :	1988 .	The main aim of this thesis, is to study the representation of analytic function by spectial polynomials of single complex variable or two complex variables in certain regions .		
							THIS THESIS ,WHICH CONSISTS OF FOUR CHAPTERS,DEALS WITH CERTAIN NONLINEAR PROBLEMS IN SOLITON THEORY THE FIRST CHAPTER IS AN INTRODUCTION TO THE BASIC CONCEPTS AND HISTORICAL DEVELOPMENT FOR MODEL.THESE MODELS ARE CONSIDERED IN THIS RESEARCH CHAPTER 2 DEALS WITH THE MOTION OF DAMPED 4 KINK UNDER AN EXTERNAL APPLIED FORCE AND ALSO IN THE PRESENCE OF THE COMPLICATION OF THERMAL FLUCTUATIONS .I HAVE EVALUATED THE CORRELATION FUNCTION,AND THE DIFFUSION COEFFICIENT FOR 4 KINKS USING SINGULAR PERTURBATION EXPANSION.		

1064	9387402		MOTION OF SOLITONS AND KINKS FOR 4 EQUATION AND SBS EQUATION UNDER VARIOUS EFFECTS /	RAMADAN,SAYED AHMED AHMED SAYED .	RAMADAN,SAYED AHMED AHMED SAYED †	QENA : 1998 .	CHAPTER 3 DEALS WITH THE USUAL 4 EQUATION IN THE PRESENCE OF WEAK EXTERNAL PERTURBATIONS.WE HAVE SHOWN THAT KINKS ARE LOCALIZED INSIDE POTENTIAL BARRIERS OF SCHOTTKY TYPE.THESE BARRIERS ARE DUE TO THE DISORDER EFFECT IN THE MATERIAL .THE CASE IS EXAMINED IN BOTH STATICS $t=0$ AND DYNAMIC BARRIERS FOR ONLY LOW-VELOCITY KINKS.LOCALIZATION OF KINKS REDUCES THEIR VELOCITY AND AFFECTS ITS CENTRE-OF-MASS. IN CHAPTER 4,I HAVE STUDIED SBS EQATIONS IN THE PRESENCE OF SMALL DAMPING AND OPTICAL KERR EFFECTS USING MULTISCALE TECHNIQUES.A FIRST-ORDER PERTURBATION FOR SBS IS DEVELOPED.I HAVE FOUND THAT THERE IS A STATIONARY SOLUTION FOR A SOLITON.THE VELOCITY OF THIS SOLITON IS DETERMINED BY THE DAMPING AND KERR COEFFICIENTS.WE ALSO HAVE FOUND THAT THERE IS A CONSTANS SHIFT IN THE AMPLITUDE OF THE PUMP IN THE REGION BETWEEN THE FRONT OF THE BACKWARD MOVING SOLITON AND FORWARD LIGHT CONE OF THE PUMP .		
1065	9387408		SOME QUANTUM STATISTICAL PROPERTIES OF ATOM-FIELD INTERACTION /	ALY,MOHAMMED EL-SOGHAYER ATETO .	ALY,MOHAMMED EL-SOGHAYER ATETO †	QENA, EGYPT : 2004 .	The aim of the thesis is to discuss some main basic concepts,methods and results of the already very rich body of knoeledge obtained recently at the attempts to understand,qualitatively and quantatively,quantum phase(qp)as well as its properties,stuctures and potentials for applications .		
1066	9387413		ON NON-CONTINUOUDS MAPPINGS /	EL-DEEB,SALAMA NADY MOHAMED .	EL-DEEB,SALAMA NADY MOHAMED †	ASSIUT : 1982 .	IN THIS THESIS WE STRENGTHEN MANY RESULTS IN SOME PREVIOUS PAPERS 12,25,32,35,39,47,AND BY USING THE CONCEPTS OF A-SETS,PREOPEN,B-OPEN,A-CLOSED AND B-CLOSED SETS WE INTODOUCE AND STUDY THE CONCEPTS OF A-CONTINUITY,A-OPEN,A-CLOSED,PRECLOSED,B-CLOSED MAPPINGS,A-TOPOLOGICAL INVARIAANTS,B-CLOSED GRAPHS,P-REGULAR SPACES AND A-COMPACT SPACES AND GIVE NEW CHARACTERIZATIONS OF SOME TYPES OF THE ABOVE CONCEPTS ALSO,WE INVESTEGATE THE CONCEPT OF CONTINUITY RESP CLOSED GRAPHS WHICH GENERALIZES THE CONCEPTS OF CONTINUITY AND SUPRACONTINUITY RESP CLOSED A-CLOSED AND PRECLOSED GRAPHS .		
1067	9387426		Sohag Experiencewith Exracorporeal Shoch Wave Lithotripsy for Caliceal Stones	El-hameed,Ahmed Mamdouh Abd.	Ahmed Mamdouh Abd El-hameed,	Sohag: 2004 .	يوجد بالرسالة ملخص باللغة العربية اصبح التقنيات باستخدام الموجات الصدمية هو الخيار المفضل والاسير لدى الكثير من الاطباء لمعالجة حصوات جيبوب (الكلية لكونها سهلة التطبيق ولفظة أعراضها الجانبية.كما أصبحت الحاجة ملحة لمعالجة هذه الحصوات حتى وإن كانت غير مسببة لأي أعراض لأن تركها بدون علاج قد يؤدى الى زيادة حجم الحصوة فيما بعد وظهور الأعراض بعد أن تكون قد سببت مضاعفات خطيرة بالكلية .وسوف نستعرض في هذه الرسالة خمسين مريضاً ممن ترددوا على العيادة الخارجية بقسم المسالك البولية بكلية طب سوهاج ويعانون من وجود حصوات بجيبوب الكلية العلوى أو الاوسط أو السفلى وتم إجراء التقنيات لهذه الحصوات باستخدام الموجات الصدمية . كان أقصى حجم للحصوة في هؤلاء المرضى هو 20مم وتستمر الجلسة حتى الوصول إلى 4000 موجة صدمية وإذا لم يتم التقنيت يتم عمل جلسةأخرى بعد أسبوعين ويحد أقصى ثلاث جلسات .تم إخضاع الأطفال الى التخدير الكلى أما الكبار فقلقوا المسكنات. وتم الاستدلال على الحصوات باستخدام الأشعة العادية إذا كانت الحصوة معتمة أو باستخدام الأشعة التلفزيونية إذا كانت الحصوة منفذة للأشعة.وتم تصنيف النتائج كالتالى تقنيت تام للحصوة بدون أى بواقي للحصوة بعد التقنيت 2- بواقي للحصوة بعد التقنيت قد تكون ذات أهمية (أكبر من-1: 4م) أو غير ذات أهمية (أقل من 4م) 3- فشل عملية التقنيت إذا لم تظهر أى دلائل على الحصوة بعد ثلاث جلسات.أقد كانت نتائج التقنيت متقاربة بالنسبة إلى حصوات الجيبب العلوى والاوسط حيث بلغت 81.25% و78.95% على التوالي أما بالنسبة الى الجيبب السفلى فكانت نتاجه أقل من سابقه حيث بلغت 65.4% حيث تأثرت نتاجه بالخواص التشريحية، له.وبالنسبة للمضاعفات الناتجة عن التقنيت فلم تقلل أكثر من انسداد الحالب ببعض أجزاء الحصوة وتم علاجها بسهولة باستخدام منظار الحالب		
1068	9387433		Cystitis in Females (clinical Study)	Farag,Fawzy Fathy.	Fawzy Fathy Farag,	Sohag: 2005 .	يوجد بالرسالة ملخص باللغة العربية يحتوى على(أقد شملت الرسالة عدد 343مريضة من المترددات على العيادة الخارجية للميالك البولية بكلية طب سوهاج ,حيث كانت شكاوهن تنحصر فى ألم أثناء التبول ,زيادة عدد مرات التبول وتغير طبيعة البول. وبعد اجراء الفحص الطبى والتحاليل والإشعاعات اللازمة قمنا بتقسيم المريضات لثلاثة مجموعات عمرية ,المجموعة الاولى وتشمل مريضات تراوحت اعمارهن بين سنة ونصف حتى ثمانية عشرة سنة,وشملت المجموعة الثانية اثنا تراوحت اعمارهن بين 19,49 سنةبينما شملت المجموعة الثالثة اثنا تراوحت اعمارهن بين 49,60عاما . %,و قد وجد ان اعدامهم المسببات لتلك الاعراض كان التهاب المثانة البكتيرى بنسبة 61%,88* و79%فى المجموعات الثلاثة على الترتيب .وجاءت البكتيريا سالبة الاستجابة لمصبغة غرام المسبب الرئيس لمعظم هذه الحالات. وجاءت التهابات المهبل كثنائى مسببات تلك الاعراض ,ووجدنا ايضا ان الاعراض السالف ذكرها تعزى فى بعض الحالات* التى شملتها الدراسة لوجود التهابات مزمنة فى المثانة نتيجة اصابة مزمنة بالتهارسيا ,اورام سرطانية بالمثانة ,قرح (اوحصوات بالمثانة او عدوى الدودة الديوسية وذلك بنسب متفاوتة فى المجموعات العمرية الثلاث		
1069	9387434		CHARACTERIZATIONS BASED ON RECURRENCE RELATIONS FOR MOMENTS OF GENERALIZED ORDER STATISTICS /	KHALAF,MOHAMAD FAWZY .	KHALAF,MOHAMAD FAWZY †	SOHAG : 2002 .	OUR AIM IN THIS RESEARCH IS TO CHARACTERIZE DISTRIBUTIONS OF PARTICULAR IMPORTANCE BASED ON RECURRENCE RELATIONS FOR MOMENTS AND CONDITIONAL MOMENTS OF GENERALIZED ORDER STATISTICS .		
1070	9387435		A STUDY ON SUBMANIFOLDS AND THEIR PROJECTIONS ON EUCLIDEAN SPACES /	AHMED,AHMED SAYED .	AHMED,AHMED SAYED †	QENA : 1998 .	IN CLASSICAL CAN BE MORSE THEORY THE EULER CHARACTERISTIC OF A COMPACT MANIFOLD CAN BE COMPUTED BY COUNTING CRITICAL POINTS OF PROJECTION LINE cf.1.14 ON THE OTHER HAND THE GAUSS-BONNET THEOREM cf. 2,3,7,11,24 relates the euler characteristic to AN INTEGRAL OF THE CURVATURE.THEREFORE THERE IS A RELATION BETWEEN PROJECTIONS ONTO LINES AND THE CURVATURE INTEGRAL .		
1071	9387438		MIXTURES OF INVERSE GAUSSIAN DISTRIBUTIONS /	AHMED,KHALAF EL-DABBE .	AHMED,KHALAF EL-DABBE †	ASSIUT : 1982 .	THIS THESIS CONTAINS FIVE CHAPTERS PLUS AN INTRDUCTORY CHAPTER IN THE INTRODUCTION A BRIEF HISTORY OF THE INVERSE GAUSSIAN DISTRIBUTION AND ITS NATURAL ORIGIN AS BROWNIAN MOTION IS GIVEN THE LITERATURE IS REVIEWED AND THE MIXTURES OF INVERSE GAUSSIAN DISTRIBUTIONS ARE DESCRIBED .		
1072	9387440		A STUDY OF SOFT WARE RELIABILITY /	IBRAHIM,TARIK MOHAMMED ABDEL-KADER .	IBRAHIM,TARIK MOHAMMED ABDEL-KADER †	ASSIUT : 2002 .	THE PERFORMANCE OF A SOFTWARE SYSTEM IS DEPENDENT ON THE TOOLS AND TECHNIQUES USED DURING ITS DEVELOPMENT AND OPERATION .		

1073	9387441		FURTHER STUDY ON BASIC SETS OF POLYNOMIALS /	KISHKA,ZEINHUM MAHMOD GOMA .	KISHKA,ZEINHUM MAHMOD GOMA †	ASSIUT : 1983 .			
1074	9387491		SOME PROBLEMS OF FLOW OF VISCOUS FLUIDS IN APOROUS MEDIUM /	MOHAMED,RAMADAN N ABD-ALLAH .	MOHAMED,RAMADAN ABD-ALLAH †	ASSIUT : 1995 .	OUR AIM IN THESIS,WHICH CONSISTS OF SIX CHAPTER,IS TO STUDY SOME PROBLEMS OF FLOW AND HEAT TRANSFER IN POROUS MEDIUM .		
1075	9387503		NUMERICAL TREATMENT OF HEAT TRANSFER IN MICROPOLAR BOYNDARY LAYERS /	MOHAMMADEIN,AH MED ALI .	MOHAMMADEIN,AHMED ALI †	ASSIUT : 1994 .	THE BOUNDARY LAYER FLOWS CONSTITUTE ON IMPORTANT CLASS OF FLEW PROBLEMS WHICH ARE EXTREMELY USEFUL IN MANY ENGINEERING APPLICATIONS.IN THE CONTEXT OF MICROPOLAR FLUID THEORY THESE FLOWS ASSUME AN ADDED IMPORTANCE .		
1076	9387511		ONPREDITION INTERVALS USING ASUBSET OF THE ORDER STATISTICS OF ASAMPLE FROM ANEXPONENTIAL MODEL /	ABD ELLAH,AHMED HAMED .	ABD ELLAH,AHMED HAMED †	ASSIUT : 1993 .	THIS THESIS IS NAINLY CONCERNED WITH THE PREDICTION INTERVALS (PI) IF THE UNDERLYING DISTRIBUTIONS ARE ONE PARAMETER EXPONENTIAL DISTRIBUTION.WE SHALL CONSIDER TOW DIFFERENT APPROACH,AND SECOND,ABAYESIAN APPROACH .		
1077	9387520		NUMERICAL STUDIES FOR OPTIMAL CONTROL PROBLEMS /	EL-KADY,MAMDOUH MOHAMED METWALY .	EL-KADY,MAMDOUH MOHAMED METWALY †	ASSIUT : 1994 .	OUR OBJECTIVE OF THIS THESIS WHICH CONSISTS OF FIVE CHAPTERS,IS TO INTRODUCE ANEW NUMERICAL METHOD FOR SOLVING NON-LINEAR OPTIMAL CONTROL PROBLEMS USING CHEBYSHEV SPECTRAL PROCEDURE IN ADDITION,WE PRESENT ANEW APPROACH TO SOLVE SOME OF PARTIAL DIFFERENTIAL EQUATIONS AND OPTIMAL CONTROL PROBLEMS WITH PARABOLIC SYSTEMS .		
1078	9387526		ON SEPARATION AXIOMS AND SOME TYPES OF COMPACTNESS IN FUZZY TOPOLOGY /	ISMAIL,ABD EL-BASET HUSSEIN .	ISMAIL,ABD EL-BASET HUSSEIN †	ASSIUT : 1993 .	ON SEPARATION AXIOMS AND SOME TYPES OF COMPACTNESS IN FUZZY TOPOLOGY .		
1079	9387590		SUBSURFACE GEOLOGIC STUDIES OF GEBEL EL-EREDIY URANIUM OCCURRENCE,CENTRAL EASTERN DESERT,EGYPT /	OMRAN,ALI AHMED	ALI AHMED OMRAN ,	QENA : 1999 .	THE PRESENT THESIS IS CONCERNED WITH THE STUDY OF LITHOLOGY PETROGRAPHY,RADIOMETRY AND GEOCHEMISTRY OF THE CORE SAMPLES RECOVERED FROM ER-1 BORE HOLE WHICH REPRESENTS THE FIRST BORE HOLE DRILLED IN THIS OCCURRENCE.		
1080	9387595		ON DISCRIMINANT ANALYSIS ASSOCIATED WITH GOMPERTZ DISTRIBUTIONS /	Ramadan,Sabreen Gad EL-Hak Ali .	Ramadan,Sabreen Gad EL-Hak Ali †	Assuit : 2004 .	The Main Objective of the THESIS is to study the problem of DISCRIMINANT ANALYSIS associated with GOMPERTZ populations. The THEESIS consists of five chapters besides the introductry chapter.		
1081	9387602		Cytochemical Markers in Acute Leukemias	.Hamed,Elham Omar	Elham Omar Hamed	Sohag . 1998	يتميز سرطان الدم بتكاثر متزايد و غير منظم للخلايا البائية للدم في مراحل مختلفة من النضج وقد قامت المجموعة الفرنسية الأمريكية البريطانية(FAB) بعمل تصنيف لسرطان الدم حيث تم تقسيمه : القسم الأول:سرطان الدم الليمفاوي الحاد ويشمل على ثلاثة انواع فرعية القسم الثاني:سرطان الدم غير الليمفاوي الحاد ويشمل على سبعة انواع فرعية.		
1082	9387731		MANIFOLDS OF LINES IN NON-EUCULIDEAN SPACE /	AL-SALAMY,NASSAR HASSAN ABDEL-ALL .	AL-SALAMY,NASSAR HASSAN ABDEL-ALL †	ASSIUT : 1983 .			
1083	9387780		STUDIES ON USING GENETIC ALGORITHMS FOR SOLVING OPTIMAL COMPUTER NETWORKS DESIGN PROBLEMS WITH FUZZY GOALS /	Hassan,Moatamad Refaat .	Hassan,Moatamad Refaat †	QENA : 2006 .	The Aims of the present work are to solve the problem of optimizing computer network topology subject to reliability,cost,transmission delay and throughput constraints by using genetic algorithms and fuzzy optimization .		
1084	9387819		ON BITOPOLOGICAL SPACES .	AHMED,FATHI HESHAMKHEDR .	AHMED,FATHI HESHAMKHEDR †	ASSIUT : 1983 .	IN THIS THESIS WHICH CONSISTS OF FIVE CHAPTERS WE STRENGTHEN MANY RESULTS IN SOME PREVIOUS PAPERS 20 21 22 45 46 ALSO WE INTRODUCE AND STUDY SOME TYPES OF COMPACTNESS AND SEPARTION AXIOMS IN BITOPOLOGICAL .		
1085	9387820		PARALLEL NUMERICAL COMPUTER ALGORITHMS /	MOHAMED,MOHAMED RAMADAN SAADY .	MOHAMED,MOHAMED RAMADAN SAADY †	QENA : 1997 .	THIS DISSERTATION ADDRESSES SOME OF THETHEORETICAL AND PRACTICAL ISSUES INVOLVED IN THE DESIGN AND IMPLEMENTATION OF NUMERICAL ALGORITHMS.WE SHALL FOCUS ON THE IMPLEMENTATION ON PARALLEL COPUTERS,THIS INCLUDES THE TRANSPUTERS AND NETWORKB OF WORKSTATIONS .		
1086	9387847		change of topologies and roughsets= تغير التوبولوجيات ومجموعات الاستقراء	Zadan , ahmed abd allh mohamed	Ahmed abd allh mohamed Zadan	Aswan 2003	the theory of routh set is formally based on an abroximation sbace athat consisting of a nonembly set u and abartition of u denoted by e u,which can be characterized by the equivalence relation r.		
1087	9388023	Master.	Prognostic value of cardiac treponin T(CTnT) elevation in chronic renal failure patients on haemodialysis /	Abdel-Rahman, Amgad Aref Abdel-Satar.		2005 .	يوجد للرسله ملخص باللغة العربية القيمة التنبؤية لإرتفاع تريبونين القلب تي في مرضى الفشل الكلوي المعالجين بالاستصفاء الدموي"الهدف من هذه الرسالة هو دراسة الفائدة والقيمة التنبؤية لإرتفاع تريبونين القلب تي في مرضى الفشل الكلوي المعالجين بالاستصفاء الدموي وتوقع حدوث المشاكل القلبية في هؤلاء المرضى. أجريت هذه الدراسة على 80 مريض يعانون من فشل كلوي مزمن ويعالجون بالاستصفاء الدموي المنتظم (50) مريض لا يعانون من قصور بالشرايين التاجية للقلب و(30) يعانون من قصور بالشرايين التاجية او مشاكل قلبية لا يوجد علاقة إحصائية بين تريبونين القلب تي ونسبة البوليبيد والكرياتينين أو نسبة السكر بالدم. متوسط مستوي تريبونين القلب تي أعلى في المجموعة الثانية (المتوسط 0.11) عنه في المجموعة الاولى (المتوسط-2 0,08) أتضح أن ارتفاع نسبة تريبونين القلب تي ملحوظ دائما في مرضى الفشل الكلوي المزمن بدون وجود مشاكل قلبية حادة وأن هذا الارتفاع له دلالة إحصائية وتنبؤية لتوقع المشاكل القلبية التي يمكن أن تحدث لهؤلاء المرضى.	2005	
1088	9388133		ECOLOGICAL AND BGYSIOLOGICAL STUDIES ON FRANKIA-CASUARINA SYMBIOSIS IN EGYBT=دراسات بيئية وفسيولوجية على العلاقة التكافلية بين بكتيريا فرانكيا واشجار الكازوارينا في مصر	ABD EL-KARIM , MAMMDOUH MAHMOUD	MAMMDOUH MAHMOUD ABD EL-KARIM	QENA 2004	THE EFFECT OF STORAGE TIME AND TEMPERATURE ON THE INFECTIVITY AND EFFECTIVENESS OF FRANKIA ENTRAPPED IN POLYACRYLAMIDE GEL WAS STUDIED.		
1089	9388183		MYCOFLORA AND MYCOTOXINS OF SOME MEAT PRODUCTS /	ZAHRI,ABDEL-NASER AHMED .	ZAHRI,ABDEL-NASER AHMED †	ASSIUT : 1990 .	THE PRESENT INVESTIGATION WAS DESIGNED TO STUDY THE PREVALENCE AND POPULATION DENSITY OF THE GLUCOPHILIC,HALOPHILIC AND/OR HALOTOLERANT FUNGI OF 100 SAMPLES OF MEAT PRODUCTS(20 SAMPELES OF EACH OF SAUSAGE,HAMBURGER,LUNCHEON,CORNEB BEEF AND PASTIRMF) .		
							يوجد للرسله ملخص باللغة العربية يعتبر التليف الكبدى وخاصة الناتج عن البلهارسيا والالتهاب الكبدى الوبائى من اكبر المشاكل الصحية في مصر والاصابة المزمنة بفيرس سى هي من اهم اسباب التليف الكبدى وسرطان الكبد في مصر حيث ان مصر بها أعلى نسبة اصابة بفيرس سى في العالم (9,18%) . وتليف الكبد كثيرا ما يصاحبه ارتفاع في ضغط الوريد البابى والتي تعتبر دوالى المرئ احد مضاعفاتها .		

1090	9388189	Master.	Platelet count/spleen diameter ratio: A Non-invasive parameter to predict the presence of esophageal Varices in patients with liver cirrhosis /	Abd El-Massih, Wefky Sewiha Hanna.			2005 .	وأهم نتائج هذه الدراسات كانت أن المقاييس المتصلة بشكل مباشر أو غير مباشر بارتفاع ضغط الدم في الوريد البابي مثل اتساع قطر الوريد البابي تضخم الطحال ونقص عدد الصفائح الدموية لها القدرة على التنبؤ بوجود دوالي المرئ في مرضى التليف الكبدى. ويزيد قطر الوريد البابي مع ارتفاع ضغط الدم بالوريد البابي لدى مرضى التليف الكبدى عنه في الشخص الطبيعى. هدف الدراسة التعرف على مقاييس إكلينيكية وبيوكيميائية ومقاييس معتمدة على الموجات فوق الصوتية لإمكانية التنبؤ بوجود دوالي المرئ في مرضى التليف الكبدى بطريقة غير تدخلية.	2005	
1091	9388281		EFFECTS OF ASCORBIC ACID, PYRIDOXINE OR METHIONINE APPLICATION ON SOME DROUGHT STRESSED CROP PLANTS /	EL-TAYEB, MOHAMMED ATTIA .	EL-TAYEB, MOHAMMED ATTIA ؛	ASSIUT :	1990 .	THE OBJECTIVE OF THIS STUDY WAS TO INVESTIGATE THE EFFECT OF VARIOUS SOIL MOISTURE CONTENTS ON GROWTH AND SOME RELATED PHYSIOLOGICAL ACTIVITIES OF BROAD BEAN, COWPEA, LUPIN AND SUNFLOWER PLANTS		
1092	9388368		منهجية منطق المحمول في علم الذكاء الاصطناعي	إبراهيم ، هيثم السيد السيد	هيثم السيد إبراهيم	قنا	2004	تتناول الرسالة دراسة المستوى الأول للاتجاه التطبيقي وهي "الدراسات المنهجية" ولذا نتحدث عن علاقة المنطق بعلوم الكمبيوتر وأبعاده وبقائنا وبیان شارح لكيفية تطبيق المنطق ويمكن معالجة مشكلات تصميم وبناء نظم حاسوبية في مجال من المجالات.		
1093	9388371		STUDIES ON THE MYCOFLORA OF IDFU-MARSA ALAM ROAD AREA, EASTERN DESERT, EGYPT /	EL-SAID, AHMED HUSSIEN MOHAMED .	EL-SAID, AHMED HUSSIEN MOHAMED ؛	ASSIUT :	1990 .	STUDIES ON THE MYCOFLORA OF IDFU-MARSA ALAM ROAD AREA, EASTERN DESERT, EGYPT .		
1094	9388373		ACLASS OF MULTIVARIATE DISTRIBUTIONS: CONSTRUCTION, COPULAS AND INFERENCES /	Ateya, Saieed Farag Abd AL-Galeel .	Ateya, Saieed Farag Abd AL-Galeel ؛	Assuit :	2004 .	The aim of this work is to construct a class of multivariate distributions by compounding the class of continuous distributions, which was used by AL-Hussaini and Osman (1997), AL-Hussaini (1999), Ahmed (2001), Ahmed and Fawzy (2003) and AL-Hussaini and Ahmed (2003a, b) with gamma distribution. This THESIS consists of four chapters.		
1095	9388414		ASTUDY OF COHESION IN FOUR PLAYS BY BERNARD SHAW AND OSCAR WILDE=دراسة لادوات الربط في اربع مسرحيات لبرناردشو واسكار وايلد	ABDEL NASER, MANAL MOHAMED	MANAL MOHAMED ABDEL NASER	Sohag	1996	THIS IS A STUDY OF THE COHESIVE RELATIONSHIPS THAT WE PERCEIVE AMONG THE LEXICAL ITEMS AND THE THEMATIC SIGNIFICANCE THAT THESE RELATIONSHIPS REVEAL IN FOUR PLAYS BY BERNARD SHAW AND OSCAR WILDE.		
1096	9388501		NUMERICAL SOLUTION OF OPTIMAL CONTROL PROBLEMS GOVERNED BY DIFFERENTIAL ALGEBRAIC EQUATIONS /	Anam, Fawzia Ali Ghaleb .	Anam, Fawzia Ali Ghaleb ؛	ASSUIT :	2006 .	The Main Goal of this THESIS, which consists of four chapters, is to introduce a new approach for solving the problem of differential algebraic equations (DAEs) and optimal control problems governed by DAEs. This approach depends on optimization technique and Pontryagin's Maximum principle.		
1097	9388542		AN APPLICATION OF QUEUEING THEORY ON SUGAR INDUSTRY IN UPPER EGYPT /	HAMED, HAMED AHMED .	HAMED, HAMED AHMED ؛	ASWAN :	2003 .	THE MAIN AIM OF THIS THESIS IS THE IMPROVEMENT OF THE SUGAR FACTORY PERFORMANCE, BY STUDYING THE CURRENT PATTERN OF SERVICE IN THE SUGAR FACTORIES .		
1098	9388573		ON THE PERAIRABLE DUPLICATION SYSTEM WITH PREVENTIVE MAINTENANCE /	MOHAMED, MOHAMED ABDEL-WAHAB .	MOHAMED, MOHAMED ABDEL-WAHAB ؛	ASSIUT :	1983 .			
1099	9388584		STUDY ON STABILITY OF SOLUTION FOR SOME PROBLEMS IN ORDINARY DIFFERENTIAL EQUATION /	El-Amin, Mohamed Abdel Aziz	Mohamed Abdel Aziz El-Amin .	Aswan :	1989 .	To study stability of solutions of a linear differential equation, Liapunov introduced two methods for the investigation of stability		
1100	9388652		STUDIES OF SURFACTANT LEVEL IN CASES OF BRIMARY ATROPHIC RHINITIS=دراسة معدل عوامل المنطج النشطة في حالات= ضمور الانف الابتدائي	SAYED , RAAMMADAN HASHEM	RAAMMADAN HASHEM SAYED	SOHAG	1998	WE STUDIES THE SURFACTANT SYSTEM IN CASES OF PRIMARY ATROPHIC RHINITIS COMPARED TO NORMAL CASES BOTH HISTOLOGICALLY AND BIOCHEMICALLY		
1101	9388734		STUDIES ON PHYCOPERIPHTON OF THE NIL SYSTEM AT ASWAN /	EL-ETIFY, AHMED MOHAMED A.M .	EL-ETIFY, AHMED MOHAMED A.M ؛	ASSIUT :	1991 .	THE PRESENT INVESTIGATION WAS INITIATED TO FOLLOW SEASONALLY, THE QUALITATIVE AND QUANTITATIVE COMPOSITION OF THE PHYCOPERIOD FORM WINTER, 1986.		
1102	9388761		ASTUDY ON SUBMANIFOLDS AND THEIR PROJECTIONS ON EUCLIDEAN SPACES=	AHMED, AHMED SAYED	, AHMED SAYED AHMED		1998	IN CLASSICAL MORE THEORY THE EULER CHARACTERISTIC OF A COMPACT MANIFOLD CAN BE COMPUTED BY COUNTING CRITICAL POINTS OF PROJECTION LINE CF 1		
1103	9388803		LEAF SURFACE FUNGL OF SOME AQUATIC PLANTS IN THE NILE WATER /	NASSAR, MORTADA SHAKER MAHMOUD .	NASSAR, MORTADA SHAKER MAHMOUD ؛	ASSIUT :	1991 .	THE PRESENT INVESTIGATION AIMED TO STUDY THE OCCURRENCE, DISTRIBUTION AND SEASONAL VARIATIONS OF TERRESTRIAL FUNGI ASSOCIATED WITH LEAVES OF NINE AQUATIC PLANTS GROWING IN THE RIVER NILE WATER AT ASWAN, UPPER EGYPT .		
1104	9388877		GERTAIN FUNCTIONS AND SETS OF POLYNOMIALS AND THEIR CONVERGENCE PROPERTIES /	Mohamed, Mahmoud Tawfik .	Mohamed, Mahmoud Tawfik ؛	ASSIUT :	2003 .	This THESIS dealt with a number of topics in the complex analysis which resulted in some results that are very important in this field as we have introduced a number of basic sets of polynomials which is defined and studied for the first time in this THESIS with its convergence properties .		
1105	9388905		NUMERICAL TREATMENT OF SOME PDES VIA SPECTRAL AND SPLINE COLLOCATION METHODS /	ABDEL-RAHMAN, ESSAM OTHMAN .	ABDEL-RAHMAN, ESSAM OTHMAN ؛	ASSIUT :	2003 .	IN THIS THESIS WE PRESENT A MIXED SPECTRAL/SPLINE APPROACH TO SOLVE THE GENERALIZED BURGERS EQUATION .		
1106	9388908		SALINIZATION-FERTILIZATION INTERACTIONS IN RELATION TO GROWTH AND SOME METABOLIC PROCESSES OF SOME ECONOMIC PLANTS /	ESMAIL, AHMED MOHAMED .	ESMAIL, AHMED MOHAMED ؛	ASSIUT :	1991 .	THE OBJECTIVE OF THIS STUDY WAS TO SALINIZATION-FERTILIZATION INTERACTIONS IN RELATION TO GROWTH AND SOME METABOLIC PROCESSES OF SOME ECONOMIC PLANTS .		
1107	9388960		EFFECT OF SOME PESTICIDES ON SOLL-BORNE FUNGI AND SOME SOLL MICROBIAL BIOCHEMICAL PROCESSES WITH SPECIAL REFERENCE TO SOME PROCESSES INVOLVED IN THE NITROGEN CYCLE /	OMAR, SHUKRY AHMED .	OMAR, SHUKRY AHMED OMAR, SHUKRY AHMED ؛	ASSIUT :	1991 .	EFFECT OF SOME PESTICIDES ON SOLL-BORNE FUNGI AND SOME SOLL MICROBIAL BIOCHEMICAL PROCESSES WITH SPECIAL REFERENCE TO SOME PROCESSES INVOLVED IN THE NITROGEN CYCLE .		

1108	9389041		CONTRIBUTIONS TO STOCHASTIC ORDERS AND FAMILIES OF LIFE DISTRIBUTIONS/	Mohamed,Mohamed Kayid .	Mohamed,Mohamed Kayid †	QENA :	2003 .	Stochastic Orders and inequalities are begin used at an accelerated rate in many diverse areas of probability and statistics. In the Literature several concepts of stochastic ordering between random variables have been considered .They are useful in modeling for reliability and economics applications and as amathematical tool to prove important results in applied probability(see Barlow and PROSCHAN(1981),alzaid(1988),ALZAID et al.(1991),Fagioli and pellery (1993),SHAKED and SHANTHIKUMAR (1994),KEBIR(1994),SHAKED and WONG(1997),belzunce et al.(1997))and BELZUNCE et al.(1999).		
1109	9389050		A GENERALIZATION OF THE MATCHING PROBLEM OF THE DISCRETE ORDER STATISTICS /	OMAR,ADEL MOHAMED MAHMOUD .	OMAR,ADEL MOHAMED MAHMOUD †	QENA :	1993 .	IN THIS SECTION WE SHALL DEFINE THE NOTION OF AN ORDER STATISTIC AND WE SHALL INVESTIGATE SOME PROPERTIES OF SUCH A STATISTIC THESE STATISTICS HAVE IN RECENT TIMES COME TO PLAY AN IMPORTANT ROLE IN STATISTICAL INFERENCE PARTLY BECAUSE SOME OF THEIR PROPERTIES DO NOT DEPEND ON THE DISTRIBUTION FROM WHICH THE RANDOM SAMPLE IS OBTAINED .		
1110	9389076		ON SOME PROPERTIES SOLUTIONS OF A CLASS OF PARTIAL DIFFERENTIAL EQUATIONS /	MANSOUR,MAHMOUD BAKHIET.	DEPARTEMENT MANSOUR,MAHMOUD BAKHIET†	QENA :	1993 .	FOR MANY YEARS AGO IT WAS THOUGHT THAT THE PROPERTIES OF THE SOLITARY WAVE SOLUTION OF THE NONLINEAR PARTIAL DIFFERENTIAL EQUATIONS OF EVOLUTION TYPE WERE ACCORDING TO A BALANCE BETWEEN NONLINEARITY AND DISPERSION EFFECTS .		
1111	9389083		ON THE SUM OF NON-IDENTICAL RANDOM VARIABLES /	AWAD,AHMED MOHAMED RASHAD .	AWAD,AHMED MOHAMED RASHAD †	ASWAN :	2003 .	THE COMBINATORIAL APPLICATION THAT WILL BE CONSIDERED IN THIS THESIS IS AN APPLICATION OF THE WELL-KNOWN INCLUSION AND EXCLUSION PRINCIPLE TO OBTAIN THE DISTRIBUTION OF A SUM OF NON-IDENTICAL INDEPENDENT BERNOULLI VARIATES .		
1112	9389084		IMMUNOLOGICAL ASPECTS OF DIABETES MELLITUS IN CHILDREN=	Mohamed , Montaser mohamed Eldarder	Montaser mohamed Mohamed Eldarder	SOHAG :	2003 .	Diabetes mellitus is a term referred now to a group of disorders of metabolism of carbohydrate ,fat and protion associated with a erlative or absolute insufficiency of insulin secretion		
1113	9389086		SOME QUANTUM EFFECTS OF THE TRAPPED ION INTERACTION WITH ALASER FIELD /	ABDEL-HAMEED,HAMADA FAWZY .	ABDEL-HAMEED,HAMADA FAWZY †	Sohag :	2004 .	Aprincipal objective of this thesis has been to investigate the extent to which the interaction of the laser field with the trapped ion is considered in many different direction.Our perspective has been to seek qualitatively new manifestations of entanglement at the single-photon level within the setting of ion trap.The most important methods for cooling and trapping atoms are based on the use of the forces acting on atoms in the laser fields or in the fields composed of laser fields and the magnetic or gravity fields. The dynamics of atoms in the laser fields is thus akey for understanding the techniques of atom cooling and trapping.		
1114	9389116		HIGHER ORDER GAUSSIAN CURVATURES OF HYPERSURFACES IN EUCLIDEAN SPACE E^{n+1} /	HASSAN,SOAD ALY .	HASSAN,SOAD ALY †	ASSIUT :	1997 .	HERE,WE GIVE A BRIEF ACCOUNT OF THE HISTORY OF THE RESULTS WHICH HAVE BEEN OBTAINED PREVIOUSLY .		
1115	9389120		NUMERICAL TREATMENT OF SOME PROBLEMS FOR HEAT AND FLUIDS FLOW THROUGH POROUS MEDIA /	Abdel-GAIED ,Saher mohamed .	Abdel-GAIED ,Saher mohamed †	Assiut :	2004 .	THE STUDY OF HEAT AND MASS TRANSFER DURING FLUID FLOW THROUGH POROUS MEDIUM IS OF GREAT INTEREST FOR SCIENTISTS AND PHYSICIANS . MANY PRACTICAL APPLICTIONS IN PETROLEUM IN DUSTRY,NUCLEAR REACTORS ,GEOPHYSICS,AGRICULTURE AND FOOD INDUSTRIES NEED MORE UVESTIGATIONS ABOUT THERMAL CONVECTION THROUGH SATURATED FLUID IN POROUS MEDIUM.		
1116	9389130		NUMERICAL TREATMENT OF SINGULAR PERTURBATION PROBLEMS IN PARTIAL DIFFERENTIAL EQUATIONS AND /	ALY,ALY EL-BADRY SHAMARDAN .	ALY,ALY EL-BADRY SHAMARDAN †	ASSIUT :	1983 .	THE PRESENT THESIS,WHICH CONSISTS OF FOUR CHAPTERS,IS CONCERNED WITH THE NUMERICAL TREATMENT OF SOME PROBLEMS TAKEN FROM THE THREE TYPES (1),(2)AND(3 .		
1117	9389131		A COMPARATIVE STUDY OF FINITE ELEMENT AND FINITE DIFFERENCES SCHEMES APPLIED TO MULTIPHASIC BIOMECHANICAL MATERIALS /	Abbas,Ibrahim Atiatah Abdel-rhman .	Abbas,Ibrahim Atiatah Abdel-rhman †	Sohag :	2004 .	THE PRESENT THESIS IS DEVOTED TO INTRODUCE THE COMPARATIVE STUDY OF FINITE ELEMENT AND FINITE DIFFERENCE SCHEMES APPLIED TO MULTIPHASIC BIOMECHANICAL MATERIALS.		
1118	9389132		STUDY AND DEVELOPING SOME SUBJECTS IN COMPLEX ANALYSIS /	Batahan,Raed Saleh Faraj .	Batahan,Raed Saleh Faraj †	ASSIUT,EGYPT:	2004 .	This THESIS investigates some subjects in complex analysis such as generalizations of hypergeometric matrix function in asingle complex variable and serval complex variables,the generalized Hermite matrix polynomials,Hadamard product set of maximum modukus sets associated with entire functions and Hadamard product set of D-sets of polynomials of two complex variables.Some results,which are important in this field,have been obtained in this THESIS .		
1119	9389140		VALUE OF THORACOSCOPY IN DIAGNOSIS OF IDIOPATHIC PLEURAL EFFUSION	Mobaek ,Ismail SAYED MOHamed	Ismail sayed Mohamed Mobarak	sohag :	1997 .	This study included 25 patients with idiopathic pleural effusions ,admitted in chest department,SOHAG UNIVERSITY HOSPITAL, DURING THE PERIOD FORM SEPTEMBER 1995 TO OCTOBER 1996 .THEY WRER 17 MALES AND 8 FEMALES .THEIR AGES RANGED FROM 16-69 YEARS OLD WITH MEAN AGE OF 37.4YEARS.		
1120	9389145		STUDIES ON SOME FACTORS THAT MAY AFFECT FRANKIA EFFECTIVENESS IN ITS SYMBIOSIS WITH CASUARINA PLANTS/	Salem,Wessam "Mohamed Ali"Mahmoud .	Salem,Wessam "Mohamed Ali"Mahmoud †	QENA, EGYPT :	2006 .	This STUDY is answering some questions about the role of Casuarina,in symbiosis with Frankia,in soil improvement and amelioration The Main factors, such as biological interactions,that interact and affect both the endosymbiont and the host plant,especially in arid lands,were in focus.		
1121	9389147		NUMERICAL SOLUTIONS FOR SOME PROBLEMS OF HEAT AND MASS IN MICROPOLAR BOUNDARY LAYERS /	Abdou,Mohammed Modather Mohammed .	Abdou,Mohammed Modather Mohammed †	Aswan :	2005 .	IN THESE PROBLEMS,WE STUDIED THE INFLUENCES OF THERMAL RADIATION,HEAT GENERATION,VARIABLE VISCOSITY,VISCOUS DISSIPATION,VISCOUS IN COMPRESSIBLE FLUIDS WITH TEMPERATURE DEPENDENT VISCOSITY AND THERMAL CONDUCTIVITY,MAGNETIC FIELD ,FLOW WITH UNIFORM SUCTION AND INJECTION .		
1122	9389148		REDUCING THE ENCODING TIME OF FRACTAL IMAGE COMPRESSION /	ALI,MAHMOUD HASABALLAH MAHMOUD .	ALI,MAHMOUD HASABALLAH MAHMOUD †	QENA :	2003 .	IN THIS THESIS A LOSSY STILL-IMAGE COMPRESSION TECHNIQUE,FRACTAL IMAG COMPRESSION IS PRESENTED .		

1123	9389149	SOME APPLICATIONS OF LAGRANGE THEOREM IN FINDING THE PROBABILITY DISTRIBUTION FOR MATCHING OF NATURALLY ORDERED SAMPLES WITH INTERVALS /	Amer,Saleh Mohamed Saleh .	MathemaAmer,Saleh Mohamed Saleh †	Aswan : 1989 .	In this thesis the researcher gives another proofs to three combinatorial indentities using lagrang theorem.		
1124	9389155	ON INTERVAL-VALUED INTUITIONISTIC FUZZY TOPOLOGICAL SPACES /	SIYED,NABILE HASSAN .	SIYED,NABILE HASSAN †	SOHA G : 2003 .			
1125	9389156	SIMILARITY SOLUTIONS OF PARTIAL DIFFERENTIAL EQUATIONS GOVERN SOME PROBLEMS OF NEWTONIAN AND NON-NEWTONIAN FLUIDS FLOW VIA LIE-GROUP ANALYSIS /	Hamad,Mohammed Abdallah Abdallah	Mohammed Abdallah Abdallah Hamad †	ASSUIT : 2006 .	in this dissertation ,group methodes are presented for finding the similarity solutions ,which govern the problems of convective flow in the boundary layer of newtonian and non-newtonian fluid		
1126	9389158	SALT TOLERANCE OF SOME WHEAT CULTIVARS /	Mohawad,Arafat Abdel-Hamed Abdel-Latef .	Mohawad,Arafat Abdel-Hamed Abdel-Latef †	QENA, EGYPT : 2005 .	The objective of the present investigation was carried out to study the physiological responses of three wheat cultivars(cv.Sakha-69-,cv.Sds-1 and cv.Giza-168) to varoius levels of salinity and some related physiological activities of theses cultivars during two different stages of growth(Seedling and Fruiting Stages).		
1127	9389165	VIRIAL COEFFICIENTS OF FLUIDS FOR THE SQUARE-WELL POTENTIAL /	Ibrahim,Said Mohamed Ahmed .	Ibrahim,Said Mohamed Ahmed †	Assiut : 1989 .	The study of fluids has occupied a central place in mathematics and other sciences, and the relation between the pressure P, volume V and temperature T is important. Thus in previous century, the scientists obtained the well known equation of state for an ideal gas in the form .		
1128	9389168	ESTIMATING BEST APPROXIMATION OF SOLUTION OF INTEGRAL EQUATIONS AND A DESIGN OF A COMPUTER ORIENTED LANGUAGE /	HELMY,BAHAA EL-DIN HELMY ISMAIL ABDEL-AZIZ .	HELMY,BAHAA EL-DIN HELMY ISMAIL ABDEL-AZIZ †	ASSUIT : 1983 .	THE OVERDETERMINED SYSTEM IS ONE WAY OF IMPROVING THE SOLUTION OF ILL-CONDITIONED PROBLEMS .THE METHODS USED TO SOLVE THE OVERDETERMINED SYSTEM ARE INVESTIGATED.THESE METHODS ARE THE Lp-approximations,when p=1 and 8 and also the one-sided Lp-approximations.recommended algorithms,which minimize the round-off error and operation counts,for handling the different approximations are given,the .		
1129	9389172	ON PROJECTIVE MAPPINGS AND THEIR PROPERTIES /	SAAD,MOHAMMED KHALIFA ABDEL-WAHAB .	SAAD,MOHAMMED KHALIFA ABDEL-WAHAB †	SOHAG : 2003 .	STUDYING OF THE PROBLEM OF MAPPING OF THE WHOLE OR PART OF THE EARTH IS DONE WITH SUITABLE SCALE BY SPECIFIC MATHEMATICAL LAWS BY SPECIFIC PROJECTION TAKEN FROM THE MATHEMATICS OF GEOGRAPHICAL MAPS .		
1130	9389223	EVALUATION OF THE EOLE OF P 53 TUMOUR SUPPRESSOR GENE MAEKER IN THE DIAGNOSIS OF CHRONIC DISEASES=دراسة قيمة دور الدلالة بى 53 فى تشخيص امراض الكبد المزمنة	ELSAGHER,NAYEL ABD-ELHAMED ZAKI	,NAYEL ABD-ELHAMED ZAKI ELSAGHER	1996	in this study,we detemined panteropic p 53 antigen in sera of patients with hcc, matastatic liver lesions,liver cirrhosis and controls.		
1131	9389228	THE DEVELOPMENT OF THE DRAMATIC FLEMENTS IN THE DOETRY OF ROBERT FROST:1874-1963 DRAMATIC CHEORY AND DRACTICE = تطور العناصر الدرامية فى شعر روبرت فروست"النظرية والتطبيق"	UNIS,HASSAN M	HASSAN M UNIS	1996	THIS STUDY TRACES THE DEVELOPMENT OF THE DRAMATIC ELEMENTS IN THE POETRY OF ROBERT FROST.		
1132	9389234	METAL COMPLEXES AND SPECTRAL BEHAVIOUR OF SOME AZOPYRAZOLO-PYRIMIDINE DERIVATIVES=.	AHMED,ALSAYED ABDEL-MOATY	ALSAYED ABDEL-MOATY AHMED,	1999	THE SCOPE OF THIS THESIS IS TO PRESENT ASTUDY ON THE TRARTOMERIC STRUCTURES,SPECTRAL CHARACTERISTICS OF SOME ARYLAZOPHRAZOLOPHRIMIDINE DERIVATIVES.		
1133	9389241	THE USE OF IRONY AS AVEHIC FOR SOCIAL CRITICISM IN THE MAJOR PLAYS OF EPWARD ALBEE=استخدام امطوب السخرية كوسيلة- لالتقد الاجتماعى فى المسرحيات الرئسية لادوار وألبى	FAHMY,EMAN MOHAMED	EMAN MOHAMED FAHMY,	1999	THISE RESEARCH DEMONSTRATES ALBEES USE OF IRONY AS AN EFFECTIVE DRAMATIC MEDIUM TROUGH WHICH COULD CRITICIZE THE AMERICAN SOCIETY		
1134	9389248	STUDIES ON EGYPTIAN TOXIC FRESHWATER CYANOBACTERIA BLUE-GRCENALGEA:IDENTIFICATION,PRODUCTI ON AND REMOVAL OF MICROCYSTINS=	MOHAMED,ZAKARIA ATLA	ZAKARIA ATLA MOHAMED	1998			
1135	9389331	APPROXIMATE ANALYTICAL STUDY OF CERTAIN DIFFERENTIAL EQUATIONS /	ABD EL-LATIF,GAMAL,MOST AFA .	ABD EL-LATIF,GAMAL,MOSTAFA †	ASSUIT : 1984 .	OUR AIM IN THIS THESIS,WHICH CONSISTS OR TWO CHAPTERS,IS TO FIND THE APPROXIMATE SOLUTION FOR CERTAIN DIFFERENTIAL EQUATIONS WHICH ARE WEAKLY NON-LINEAROR NON-LINEAR,WITH VARIABLE COEFFTCIENTS,THAT ARE FUNCTIONS OF THE INDE PENDENT VARIABLE .		
1136	9389367	Some physiological biochemical studies on funci isolated from skin of mammals	Mahmoud,Ahmed Lotfy El-Fayed	Ahmed Lotfy El-sayed Mahmoud	Assiut : 1991 .	In this investigation,the mycoflora associated with skin (ringworm)diseases in humans and animals were intensively studies in Assiut governorate. The ability of serval dermatophytes and other opportunistic pathogens to grwow on media supplemented with essential oils investigated.		
1137	9389378	ESTIMATION OF THE PARAMETERS OF THE BIVARIATE IN VERSE GAUDDIAN DISTRIBUTION /	MOUSTAFA,HANIM, MOHAMMED .	MOUSTAFA,HANIM,MOHAMMED†	ASSUIT : 1984 .	THIS THESIS CONTAINS THREE CHAPTERS PLUS AN INTRODUCTORY CHAPTER,IN THE INTRODUCTION,THE LITERATURE IS REVIEWED AND THE PROBLEM IS DESCRIBED .		
1138	9389419	PROPAGATION OF THE WAVES IN THE ELASTIC MEDIA /	Saleh,Mahmoud,Moh amed,Selim .	Saleh,Mahmoud,Mohamed,Selim †	EGYPT : 1998 .	The study of Ray leigh and love waves propagation in elastic flat-layered media under initial stresses is considered .		
1139	9389456	TOXICITY OF SOME HEAVY METALS TO ISOLATES OF GENUS PSEUDOMONAS ISOLATED FROM SOHAG GOVERNORATE AND STUDIES ON THE BEHAVIORAL RESPONE OF RESISTANT AND SENSITIVE ONE OF PSE UDOMONAS AERUGINOSA SOH.22 TO CADMIUM STRESS /	Mohamed,Rehab Mustafa .	Mohamed,Rehab Mustafa †	Sohag : 2005 .	The aim of the thesis is studied TOXICITY OF SOME HEAVY METALS TO ISOLATES OF GENUS PSEUDOMONAS ISOLATED FROM SOHAG GOVERNORATE AND STUDIES ON THE BEHAVIORAL RESPONE OF RESISTANT AND SENSITIVE ONE OF PSE UDOMONAS AERUGINOSA SOH.22 TO CADMIUM STRESS .		
1140	9389487	Metabolic response of dunalieila tertiolecta to salinity and nutrient limitation in continuous culture /	Issa,Ahmed Abd Elsalm Hassan .	Issa,Ahmed Abd Elsalm Hassan†	Assiut : 1991 .	The abundance and distribution of phytolankton in natural habitats are regulated by various environmental factors. The degree of stress and consequently the relative importanc of each factor changes with time and space.		

1141	9389491	PETROV CLASSIFICATION OF HOMOGENEOUS GODEL-TYPE UNIVERSE AND SOME GEOMETRIC PROPERTIES /	ABD EL-NAEM,MOSTAFA ALI .	ABD EL-NAEM,MOSTAFA ALI †	EGYP T :	1994 .	THIS THESIS,WHICH CONSISTS OF FOUR CHAPTERS , IS CONCERNED WITH PETROV CLASSIFICATION AND SOME HIDDEN SYMMETRY PROPERTIES SUCH AS HOMOTHEIC MOTION AND CONFORMAL MOTION IN THE HOMOGENEOUS GODEL-TYPE UNIVERSE .		
1142	9389520	EFFECTIVENESS OF DIFFERENTSETS OF POLYNOMIALS OF TWO COMPLEX VARIABLES /	ABU L-EZ, MAHMOUD	MAHMOUD ABU L-EZ †	ASSIU T :	1983 .	THE CHIEF AIM OF THIS THESIS;WHICH CONSISTS OF FOUR CHAPTERS;IS TO STUDY SOME CONVERGENCE PROPERTIES FOR DIFFERENT BASIC SETS OF POLYNOMIALS OF TWO COMPLEX VARIABLES,AND OF IN PARTICULAR STUDING EFFECTIVENESS .		
1143	9389538	DEFORMATIONS OF GENERALIZED HYPERRULED SURFACES AND THEIR STABILITY INTHE EUCLIDEAN SPACE E_n+1 /	Abd- Ellah,Hamdy,Nour,El-Dine .	Abd-Ellah,Hamdy,Nour,El-Dine †	EGYP T :	1999 .	The differential geometry of line mani folds (surfaces,line cong runces and line complex)of a three-dimen sional space is one of the important branches of differential geometry since it is directly connected with the foundation of this science which is the theory of surfacesruled .		
1144	9389591	الشعور بالوحدة النفسية و علاقته ببعض المتغيرات الشخصية والاجتماعية لدى الأطفال المعاقين بصرياً .	خليل ، هدى أحمد خلف	هدى أحمد خلف خليل	قنا	2002	تتناول الرسالة : تتحدث عن فئة من الأطفال ذوى الاحتياجات الخاصة (المعاقين بصرياً)وهي فئة تحتاج الى مزيد من الإهتمام والرعاية النفسية والاجتماعية .		
1145	9389599	ASTUDY OF FIXED POINTS FOR SINGLEAND MULTI VALUED MAPPINGS /	Hassan,Mohamed,Abd-ELRAHMAN ,Ahmed .	Hassan,Mohamed,Abd-ELRAHMAN ,Ahmed †	EGYP T :	1999 .	In this thesis,which consists of five chapters,weobtain some fixed point theorems for single .		
1146	9389619	GROWTH AND SOME METABOLIC ACTIVITIES OF FRESH WATER ALGAE UNDER VARIABLE TREATMENTS /	GALAL,HAMDY RAMADAN MOHAMED .	GALAL,HAMDY RAMADAN MOHAMED †	QENA :	1998 .	IN THIS INVESTIGATION,THE PHYSIOLOGICAL RESPONSE OF SOME FRESH WATER ALGAL CULTURES TO SALINIZATION AND HERBICIDE TREATMENTS WAS STUDIED .		
1147	9389640	MULTIPLICATION MODULES IN COMMUTATIVE RINGS /	ABD EL-BAST,ZEINAB.ABD EL-MONAM .	ABD EL-BAST,ZEINAB.ABD EL-MONAM †	ASWA N :	1988 .	THE THEORY OF MULTIPLICATION IDEALS GENERALISES THE THEORY OF PRINCIPAL IDEALS AND INVERTIBLE(OR MORE GENERALLY PROJECTIVE)IDEALS .		
1148	9389671	Effect of cadmium on the physiological activities of some crop plantes and tissue cultures /	El-Enany,Abdel Wahab El-Sadek Ibrahim .	El-Enany,Abdel Wahab El-Sadek Ibrahim †	Assiut :	1991 .	The objective of this study was vto investigate the effect of cadmium when supplied in various concentrations on the biochemical behaviour of the different plant organs and tissue cultures of tobacco,maize and bean plants .		
1149	9389683	فعالية برنامج مقترح لتنمية بعض مهارات الفهم الإبداعى فى القراءة لدى تلاميذ الصف الأول من المرحلة الثانوية .	أمين ، عبد الرحيم عباس	عبدالرحيم عباس أمين	قنا	2001	تتناول الرسالة : على محورين (الإطار النظرى للدراسة ويشتمل على أهمية اللغة ونورها فى الحياة وفى المنهج المدرسى ونورها فى خدمة الفرد والمجتمع الإطار الميداني فى الدراسة ويشتمل على عرض لمكونات البرنامج من حيث أهدافه ومحتواه وإستراتيجية التدريس .		
1150	9389743	EFFECT OF SOME ORGANIC ADDITIVES ON SALINIZED CHLORELLA VULGARIS /	DESOUKY,SAYED ABBAS .	DESOUKY,SAYED ABBAS †	ASSIU T :	1995 .	IN THIS INVESTIGATION,THE PHYSIOLOGICAL RESPONSE OF ALGAL CELLS TO SOME SALINIZATION TREATMENTS WAS FOLLOWED .		
1151	9389860	ANALYTICAL AND NUMERICAL PERIODIC SOLUTIONS OF AQUASI-LINEAR SECOND ORDER DIFFERENTIAL EQUTION /	ALY,MAMDOUH,MAHMOUD,HASSAN	MAMDOUH,MAHMOUD,HASSAN ALY †	ASSIU T :	1982 .	OUR AIM IN THIS THESIS,WHICH CONSISTS OF THREE CHAPTERS,IS TO STUDY THE PERIODIC SOLUTIONS OF AQUASI-LINER SECOND ORDER DIFFERENTIAL EQUTION ANALYTICALLY AND NUMERICALLY .		
1152	9389908	REPOSE OF VICIA FABA PLANT TO CADMIUM TOXICITY /	EL-Zohri,Manal Hussein Ahmed .	EL-Zohri,Manal Hussein Ahmed †	Assiut :	2006 .	In the present work ,the following points have been tried to be screened: 1-Selecting of the most Cd-sensitive versus the most Cd-tolerant cultivar out of twelve vicia faba cultivars. 2-Studying the effect of various cadmium concentrations on growth and carbohydrates,proteins,and free amino acids contents. 3-Following the capacity of the two selected cultivars for Cd uptake,accumulation and translocation as affected by cadmium supply. 4-The last goal of this study:is (i)to determine,if there are, cultivar differences in GSH and PCS production by increasing Cd concentration,(ii) to assess the differences in PCS chain (iii)to detect,if there are,any iso-forms of PCS in the test plants.		
1153	9390008	PREVALENCE OF HEPATITIS B AND C IN RHEUMATOID ARTHRITIS	Abd El-Rady,Eman Ragab	:Eman Ragab Abd El-Rady	:Sohag	2002	مرض الروماتويد هو مرض مفصلي مزمن غير معروف السبب ينتج عنه التهابات مزمنة بالمفاصل تؤدي الى الام وتيبس كما انه يتطور فى اغلب الحالات ليؤدي الى اعاقة وتدمير لعظام المفاصل.يعتبر الالتهاب الكبدى الوبائى بى و سى مشكلة كبرى فى مصر وفى قارة افريقيا حيث انه من 70-90% من حالات الاصابة تتحول الى حالات مزمنة. ومن المحتمل ان يكون نقص المناعة الموجود فى مرضى الروماتويد بالاضافة الى تعرضهم المستمر للعقوصات والعلاج الكيميائى مثل الميثوتريكسات هو سبب لزيادة حدوث العدوى المزمنة بالفيروس الكبدى بى و سى فى هؤلاء المرضى والتي تغطى احياناً أعراض مشابهة لأعراض الروماتويد المفصلي وخصوصاً فى غياب الصفراء والاضطراب فى وظائف الكبد الذى يصاحب عادة الالتهاب الكبدى.		
1154	9390062	STUDIES ON FRESHWATER FUNGI IN ASSIUT (Egypt) and Sana'a(Yemen) /	Abdullah,Qais Yusuf Mohammed .	Abdullah,Qais Yusuf Mohammed †	ASSIU T :	2005 .	The first part of this THESIS attempts to compare between the occurrence and distribution of aquatic fungi in Assiut and Sana'a This study is intended: 1-To INVESTIGATE THE OCCURRENCE AND DISTRIBUTION OF AQUATIC FUNGI IN ASSIUT REGION EGYPT 2-TO INVESTIGATE THE OCCURRENCE AND DISTRIBUTION OF AQUATIC FUNGI IN SANA'A REGION-YEMEN 3-TO COMPARE THE BETWEEN AQUATIC FUNGAL OCCURRENCE AND DISTRIBUTION OF FRESHWATER HABITS IN TWO DIFFERENT GEOGRAPHICAL AND MICROECOLOGICAL REGIONS:ASSIUT ANA SANA'A The second part of this THESIS is concerning following: 4-STUDY THE EFFECTS OF TWO MOLLUSCICIDES ON THREE SELECTED AQUATIC FUNGAL SPECIES:GROWTH,SEXUAL AND ASEXUAL REPRODUCTION,SOME MORPHOLOGICAL ASPECTS AS A WELL AS SOME META ACTIVITIES. WHICH RECOVERED FROM TWO INVESTIGATED AREAS .		
1155	9390077	Some metabolic activities of green cells under various osmotica with a special reference to the compatible solutes /	Shafea,Adel Ahmed .	Shafea,Adel Ahmed †	Assiut :	1992 .	The physiological, the cellular and the molecular responses of much interest since they generally offer clues for environmental managment and genetic manipulation of plants so as to optimize their performance under stressful conditions .		
							Differential line geometry consists of 3 parts: 1-The yheory of ruled surface (a ruled surface is defined as a one parametric family of lines) 2-the theory of congruences (a congruences is defined as atwo parametric family of lines)		

1156	9390122	SOME KINDS OF LINE MANIFOLDS IN NON-EUCLIDEAN /	Ahmed,Ahmed Sayed.	Ahmed Sayed Ahmed ,	Assiut : [الإسكندرية]	1989 .	3-The theory of complexes (a complex is defined as a three parametric family of lines). The non-linear hydrodynamic and magnetohydrodynamic Rayleigh-Taylor stability problems for various configurations have been investigated in this thesis which is divided into five chapters.		
1157	9390269	NON-LINEAR RAYLEIGH-TAYLOR STABILITY OF FLUIDS WITH AND WITHOUT MAGNETIC FIELDS /	Shehata,Mahmoud Hassan.	Mahmoud Hassan Shehata ,	Sohag : [الإسكندرية]	1989 .	1. All the three taxa examined had the same chromosome number of 116,believed to be the tetraploid number. 2. the rate and percentage of germination and the subsequent gametophytic development are affected by spore sowing density and the cultural conditions applied,pH of the media. 3. Antheridia were produced on pteris critica prothalli but never seen in P.cretica var.cristata cultures. .		
1158	9390284	Experimental and ultrastructural studies of apogamy in pteris cretica /	El-Desouky,Fatma Ahmed .	El-Desouky,Fatma Ahmed †	Aswan : [الإسكندرية]	1991 .			
1159	9390350	شرح جرائم التزييف والتزوير .	عبد الفتاح مراد.	عبد الفتاح مراد.	الإسكندرية	1999			
1160	9390371	FEASIBILITY OF THE USE OF KARYOLOGICAL STUDIES IN THE CLASSIFICATION OF SOME =SPECIES OF ARTHROPODS	.ALI,FAYZA MOHAMMED	FAYZA MOHAMMED ALI,		2002	ATOTAL OF THIRDY SPECIES OF ARTHROPODS ERPRESENTING TWO ORDER OF CLASS INSETA AND ONE ORDER OF CHASS ARACHNIDA WERE MORPHOLOGICALLY AND CYTOGENETICALLY STUDIED . THE RESULTS OF THE CHROMOSOMAL ANALYSIS WERE COMPARED WITH THOSE OBTAINED FORM THE CLASSICAL METHODS IN TAXONOMY USING ECOLOGICAL,MORPHOLOGICAL,		
1161	9390411	STUDIES ON EGYPTIAN TOXIC FRESHWATER CYANOBACTERIA(BLUE-GREEN ALGAE):IDENTIFICATION,PRODUCTION AND REMOVAL OF MICROCYSTINS /	MOHAMED,ZAKARIA ATIA .	MOHAMED,ZAKARIA ATIA †	SOHA G : [الإسكندرية]	1998 .	CYANOBACTERIA PRODUCE A WIDE VARIETY OF CHEMICALLY UNIQUE SECONDARY METABOLITES(HORMONES,TOXINS...ETC)WHICH APPEAR NOT TO BE USED BY THE ORGANISM FOR ITS METABOLISM I.E. CELL DIVISION OR METABOLISM .		
1162	9390472	SECONDARY METABOLITES FORMTION OF THE TERVERTICILLATE PENICILLIA /	ABO-DAHAB,NAGEH FATHY .	ABO-DAHAB,NAGEH FATHY †	SOHA G : [الإسكندرية]	1998 .	THE GENERIC NAME PENICILLIUM WAS INTRODUCED BY LINK(1809).IT IS HARD TO OVERESTIMATE THE IMPORTANCE OF PENICILLIUM IN NATURE AND THE AFFAIRS OF MAN .		
1163	9390500	STRUCTURAL INFERENCE APPLIED TO THE GENERALIZED GAMMA DISTRIBUTION /	MASWADAH,MOHAMED SADEK MOHAMED .	MASWADAH,MOHAMED SADEK MOHAMED †	ASWAN : [الإسكندرية]	1989 .	THE AIM OF THIS THESIS IS TO APPLY THE STRCTURAL APPROACH TO A SPECIFIC GENERAL MODEL;THAT IS ,THE GENERALIZED GAMMA DISTRIBUTION (g.g.d)the structural probability distribution for parameters of the three-parameter and the four-parameter G.G.D.'S BASED ON COMPLETE AND CENSORED SAMPLES ARE DERIVED .NUMERICAL ILLUSTRATIONS ARE PRESENTED.STRUCTURAL PREDICTION DENSITIES FOR SPECIFIC FUTURE MEASUREMENTS HAVE BEEN DERIVED .ALSO AN EXTENSIVE STUDIES FOR THE THREE-PARAMETER REGRESSION MODEL BASED ON THE CLASSICAL AND THE STRUCTURAL INFERENCE PROCEDURES ARE PRESENTED .		
1164	9390527	NUMERICAL TREATMENT OF SINGULAR PERTURBATION PROBLEMS IN ORDINARY DIFFERENTIAL EQUATIONS AND PARTIAL DIFFERENTIAL EQUATIONS /	TEMSAH,RAGAB SADEK MAHMOOD	RAGAB SADEK MAHMOOD TEMSAH,	ASSIUT : [الإسكندرية]	1989 .	THIS THESIS IS CONCERNED WITH SPECTRAL METHODS FOR THE NUMERICAL TREATMENT OF SOME SINGULAR PERTURBATION PROBLEMS IN ORDINARY DIFFERENTIAL EQUATIONS AND PARTIAL DIFFERENTIAL EQUATIONS		
1165	9390531	STUDIES ON FUNGI ASSOCIATED WITH TILAPIA FISH IN RIVER NILE WATER /	Badran,Ramdan Ali Mohamed .	Badran,Ramdan Ali Mohamed †	ASSIUT,Egypt : [الإسكندرية]	1989 .	This Work was designed to study intensively the terrestrial and Zoosporic associated with and pathogenic to TILAPIA fish and their role in diseses of Tilapia .		
1166	9390533	Ecological studies on freshwater macrophytes in regulated waverboidies in Egypt and UK/	Ali,Magdi mohamed Mohamed .	Ali,Magdi mohamed Mohamed †	Asswan : [الإسكندرية]	1992 .	As a result of building large structures accross a river and impounding water behind,there are changes in limological regime including chemecal and physical changes with may cause a profound alteration in the flora and fauna affecting the important food sources of fish,displacement of human populations and biomedical problems.		
1167	9390540	CALCIUM-DROUGHT INTERACTIONS ON CARBON STRATEGY,MEMBRANE DISORDERS AND SOME RELATED METABOLIC PROCESSES OF HELIANTHUS ANNUUS L.,VICIA FABA L.AND ZEA MAYS L/	EL-HAKIMI,abdul baset mohammed ahmed .	EL-HAKIMI,abdul baset mohammed ahmed †	ASSIUT : [الإسكندرية]	1999 .			
1168	9390553	SCREENING FOR BRUCELLA ANTIBODIES IN FARM WORKERS IN SOHAG GOVERNORATE	GHOWIL , ALI ABD -RAHMAN SAYED	ALI ABDEL -RAHMAN SAYED GHOWIL	SOHA G	2003	BRUCellosis IS A ZOONOTIC DISEASE THAT EXISTS WORLDWIDE ESPECIALLY IN THE MEDITERRANEAN BASIN AND IT RANKS AFTER SALMONELLOSIS AND TUBERCUIOSIS AS THE MOST IMPORTANT SYSTEMIC INFECTION CAUSION CAUSING FEVER OF UNKNOWN ETIOLOGY.		
1169	9390554	ON THE SPECTRAL THEORY OF OPERATORS BUNDLES /	El-Sherbiny,Hamed Moostfa.	Hamed Moostfa El-Sherbiny ,		1980 .	The definition of multiple completeness of the system of eigen and adjoint vectors in a Hilbert space H has been introduced for the first time in the famous work of Keldys, M.V.		
1170	9390555	PHOTOSYNTHESIS AND SOME RELATED METABOLIC PROCESSES AS INFLUENCED BY SALINIZATION TREATMENTS /	Mohamed,Refat Abdel-Basset .	Mohamed,Refat Abdel-Basset †	Assiut, Egypt : [الإسكندرية]	1986 .	In this THESIS the physiological responses of chlorella vulgaris (modertaley salt tolerant)and ankistrodesmus lalatus(highly salt sensitive) to salinization treatments (long-term and short-term experiments)were followed.		
1171	9390556	Enviroment and vegetation in the South Eastern Desert,Egypt /	Aisa,Mohammed Gaber Sheded Ali .	Aisa,Mohammed Gaber Sheded Ali †	Asswan : [الإسكندرية]	1992 .	The study of variations in the composition and structure of vegetation with changes in the environment has been one of the most interesting and informative aspects of plant ecology.		
1172	9390559	CHEMOSYSTEMATIC STUDIES OF SOME GENERA OF THE COMPOSITATE IN EGYPT /	EL-Karemy,Zeinab Ahmed Reda .	EL-Karemy,Zeinab Ahmed Reda †	Assiut, Egypt : [الإسكندرية]	1985 .	This Work aims to revise the various taxa of the tribe Astereae known from Egypt.The results of this revision will serve as abase for the preparation of the detailed treatment of this family for the flora of Egypt .		
1173	9390561	An improving reopitization shortest path algorithms /	El-Kady,Mamdouh Mohamed Metwally .	Mamdouh Mohamed Metwally El-Kady ,	Aswan : [الإسكندرية]	1990 .	THE problem of finding an optimal paths is one of the important problems in the operations research technology. This thesis examines different algorithms for calculating the shortest paths problems from all nodes to all other nodes in the network .		

1174	9390562	Human dermatophytes in Assiut and New Valley governorates /	El-Shanawany,Abdel-Rahim Ahmed	El-Shanawany,Abdel-Rahim Ahmed	Assiut	1993	In this investigation,the human dermatophytes and their causal agents (dermatophytes)were studied in Assiut and the New ValleyGovernorates,during the period January 1991 to June 1992 .		
1175	9390564	CHANGES OF CARDIAC FUNCTION IN CIRRHOTIC PATIENTS WITH AND WITHOUT ASCITES=	KENAWY,MONA AHMAD MOHAMED AHMAD.	MONA AHMAD MOHAMED AHMAD KENAWY		2003	THE OCCURRENCE OF CARDIAC FUNCTIONS ABNORMALITIES IN CIRRHOTIC PATIENTS HAS GAINED RECENT ATTENTION,AIthough CLINICAL SYMPTOMS OF CARDIAC IMPAIRMENT AT REST ARE OFTEN NOT APPARENT.		
1176	9390565	EFFECTS OF GROWTH REGULATORS ON SOME PARAMETRES OF PLANT WATER RELATIONS UNDER SALINITY AND ALKALINITY STRESSES /	Gadalla,Mohamed Abou EL-Ela Ahmed	Gadalla,Mohamed Abou EL-Ela Ahmed	Assiut, Egypt	1990	The investigation aimed to study the interactive effects of some growth regulators Abscicic Acid and Kinetin and soil moisture stress induced by increased salinity Osmotic stress on the water relations of some crop plants,namely,clycine max and two different wheat species one of them grown in Egypt TRITICUM SATIVUM S. and the other grown in west Germany TRITICUM AESTIVUM K .		
1177	9390567	PLANT-WATER-SOIL RELATIONSHIPS OF BALANITES AEGYPTIACA (L.)DEL.IN DESERT ENVIRONMENTS /	RADWAN,USAMA AHMED ABD-EL-WAHAB .	RADWAN,USAMA AHMED ABD-EL-WAHAB	ASWAN	2001	THE PRESENT INVESTIGATION DOCUMENTS THE PHYSIOLOGICAL AND MORPHOLOGICAL RESPONSES ON THE INTERACTING RESPONSES OF AN INDIGENOUS DESERT TREE(BALANITES AEGYPTIACA)TO LABORATORY CONDITIONS THAT ARE SIMILAR TO AN ARID ENVIRONMENT .		
1178	9390568	Protoplast fusion with particular emphasis to the fates of plastids /	Hassaneien,Ahmed Mohammed	Hassaneien,Ahmed Mohammed	Sohag	1992	Man in modern civilization usually tries elaborate new techniques to remove limitation in the old methods or provide the mankind with creative and analytical tools.These powerful tools in the future may help us to control partly the nature as we need.		
1179	9390569	Conservation laws of a class of differential equation /	Moustafa,Khaled Abd El-Kader .	Khaled Abd El-Kader Moustafa		1990	For many years ago it was thought that the properties of the solution of nonlinear partial differential equations of evolution type was according to a balance between nonlinearity and dispersion .		
1180	9390570	Interactive effects of salinity and temperature on the physiology of some cereal crop plants .	Faheed,Faeza Ahmed	Faheed,Faeza Ahmed	Assiut	1992	Growth,physiology and metabolism of plants are to be altered by salinity stress.This alteration may result from salt effects on dry matter allocation,ion relations,water status,physiological processes,biochemical reactions or on combinations of such processes.However,in most cases, there are quantitative and qualitative differences in the degree of plants response to salinity stress.		
1181	9390571	STUDIES ON THE MYCOFLORA OF THE NEW VALLEY AREA WESTERN DESERT,EGYPT /	Abdel-Sater,Mohamed Ahmed		Assiut, Egypt	1990	The aims of this thesis is study on the mycoflora of the new valley area desert ,Egypt.		
1182	9390572	ECOPHYSIOLOGICAL STUDIES ON SOME INDIGENOUS DESERT PLANTS IN UPPER EGYPT /	ABED SOROUR,WAFAA ABDEL-WAHAB .	ABED SOROUR,WAFAA ABDEL-WAHAB	ASWAN	2001	THE PRESENT STUDY FOCUSES ON UNDERSTANDING THE EXTENT OF ENVIRONMENTAL IMPACT ON TWO SMALL ISOLATED POPULATIONS OF THREE PLANTS:FAIDHERBIA ALBIDA,ZIZIPHUS SPINA-CHRISTI AND RICINUS COMMUNIS .		
1183	9390801	Eco-physiological studies on some desert plants /	Badri,Mohamed Ali El-Soghair .	Badri,Mohamed Ali El-Soghair	Asswan	1993	The present work is concerned with the geobotany (visual examination of vegetation cover)and biogeochemistry (chemical analysis of vegetation)in mineral exploration in the south-Eastern Desert of Egypt. This work was carried out in the South- Eastern Desert of Egypt.known as the Nubian Desert,lying between latitude 22N and 25 N.		
1184	9390803	STUDIES ON THE GENUS FSARIUM IN EGYPT /	Abdel-Hafez,Abass Ibrahim Ismail	Abdel-Hafez,Abass Ibrahim Ismail	Assiut, Egypt	1981	AIM OF THE PRESENT INVESTIGATION The Scope of this THESIS is merely Ecological,and it aimed to collect precise Knowledge on the genus Fusarium in Egypt .		
1185	9390815	MYCOFLORA AND MYCOTOXIN OF SORGHUM GRAINS IN EGYPT /	AHMED,SAMIA SOLIMAN .	AHMED,SAMIA SOLIMAN	SOHAG	1999	FILAMENTOUS FUNGI ARE RESPONSIBLE FOR A WIDE RANGE OF FOOD SPOILAGE .		
1186	9390820	On Foliation and the topology of 3-manifolds /	Abd-Ellah,Hamdy N. .	Hamdy N.Abd-Ellah		1990	The study of foliations on manifold has a long history in mathematics even though it did not emerge as a distinct field until the appearance in the 1940's of the work of ehresmann and reeb since that time ,the subject has enjoyed a rapid development and at the moment ,it is the focus of a great deal of research activity.		
1187	9390835	KLEIN IMAGES OF MANIFOLDS OF LINES ON HYPERQUADRIC IN ELLIPTIC SPACES /	HASSANIEN,SHAWKY FAHMY .	HASSANIEN,SHAWKY FAHMY	ASSIUT	1984	THIS THESIS CONCERNED MAINLY WITH THE INVESTIGATION OF DIFFERENTIAL GEOMETRY OF LINE SPACE AND ITS LINE SUBMANIFOLDS IMMERSED IN THE THREE-DIMENSIONAL ELLIPTIC SPACE S3.		
1188	9390940	CONFIDENCE REGIONS FOR THE PARAMETERS OF THE LOGNORMAL DISTRIBUTION /	NAROUZ,SAMIA DANIEL .	NAROUZ,SAMIA DANIEL	WARS AW	1984	FIXED -PRECISION CONFIDENCE REGIONS FOR THE MEAN,FOR THE VARIANCE AND FOR BOTH OF THEM SIMULTANEOUSLY ARE CONSTRUCTED. THIS PAPER IS BASED ON THE GENERAL THEORY DEVELOPED FOR THE MEAN BY CHOW AND ROBBINS 1965,AND ON THE GENERAL THEORY OF FIXED -WIDTH ESTIMATION THROUGH MLE DEVELOPED BY KHAN 1969. ZACKS' 1970 CONSTRUCTION IS MODIFIED .ASYMPTOTIC PROPERTIES CONSISTENCY AND EFFICIENCY ARE DISCUSSED IN DETAIL .		
1189	9391057	Ecological studies on the salt secreting halophytes in Egypt /	Mohamed,Taha Ramadan .	Mohamed,Taha Ramadan	Assiut	1993	Salines are formed on coasts and are directly affected by the proximity of the Sea.Salt composition of such salines closely resembles that of sea water. On the other hand, underground infiltration of sea water or other sources of saline water into the capillary fringes of neighbouring habitats constitute a continuous supply of salts to such habitats.		
1190	9391140	Histological And Immunohistochemical Study Of The Elastic System Organization In Post Burn Grafted Areas	Abdel-Rasoul,Hoda Mohamed Elsayed	Hoda Mohamed Elsayed Abdel-Rasoul,	Sohag	2006	لقد أجرى هذا البحث لدراسة تفصيلية هيئة الألياف المرنة والألياف الكولاجين في المناطق المنقبضة من الجلد المرقع بعد الحروق وذلك باستخدام الطرق النسيجية والكيميائية النسيجية المناعية ومن هذه الدراسة نستخلص أن اعاده بناء وترتيب الألياف المرنة في مناطق الجلد المرقعة في الإنسان تأخذ سنوات عديدة		
1191	9391271	THE EFFECTIVITY OF THE FRANKIA-CASUARINA SYMBIOSIS IN RELATION TO THE EFFECT OF SOME ENVIRONMENTAL FACTORS PREVALENT IN EGYPT /	SAYED,WAIEL FARGHALY .	SAYED,WAIEL FARGHALY	ASSIUT	1995	IN THIS THESIS AIMS TO THE EFFECTIVITY OF THE FRANKIA-CASUARINA SYMBIOSIS IN RELATION TO THE EFFECT OF SOME ENVIRONMENTAL FACTORS PREVALENT IN EGYPT .		
1192	9391333	FURTHER STUDIES ON THE FUNGAL FLORA OF THE PHYLLOSPHERE AND PHYLLOPLANE OF SOME PLANTS /	Abdel-Gawad,Khyria Mohamed .	Abdel-Gawad,Khyria Mohamed	Assiut, Egypt	1984	THE AIM OF THE THESIS This THESIS aimed at intensive study of the phyllosphere and the phylloplane fungi in Egyptian plants .		
1193	9391341	Effect of some spesticides on aquatic fungi in River Nile /	Abd-Elaah,Gamalat Abdel-allem .	Abd-Elaah,Gamalat Abdel-allem	Assiut	1993	Aquatic fungi can be recovered from all kinds of aquatic habitats (fresh and marine water) both in open water (pelagic) and in the bottom (benthic zone).they live as saprophytes or parasites of plants and animals.		

1194	9391366	BACTERIAL BORN PATHOGENS CONTAMINATING THE WATER ENVIRONMENT IN THE RIVER NILE IN ASWAN /	Mekki,Wafaa farouk zareah	Wafaa farouk zareah Mekki	qena :	2002 .	THE BACTERIAL BORN PATHOGENS WHICH INHABIT THE WATER BODY ENVIRONMENT IN THE RIVER NILE IN ASWAN CITY AND THEIR EFFECTS ON THE GENERAL HEALTH WAS INVESTIGATED VIATWO TRIPS IN RIVER NILE FROM SOUTH TO NORTH OF ASWAN CITY .		
1195	9391380	STUDES ON THE MYCOFLORA OF SCHOOLS AT QENA AND RED SEA GOVERNORATES,EGYPT /	MAGHRABY,THANA A AHMED .	MAGHRABY,THANAA AHMED	ASSIU T :	1994 .	IN THES THSIS AIM TO STUDES ON THE MYCOFLORA OF SCHOOLS AT QENA AND RED SEA GOVERNORATES,EGYPT .		
1196	9391400	Interaction of an Atom (or More)with afinite Number of Energy levels with light .	Abdel-Aty,Mahmoud,Mohamed,Ahmed .	Abdel-Aty,Mahmoud,Mohamed,Ahmed	EGYP T :	1999 .	This thesis presents atreatment of two problems,The first is atreatment of the phase properties of a field mode interacting with athree-level atom .		
1197	9391459	MYCOFLORA AND TRICHOTHECENE - TOXINS OF PADDY Oryza SativaL. GRAINS IN EGYPT /	EL-Maghraby,Osman Mohamed Osman .	EL-Maghraby,Osman Mohamed Osman	ASSIU T,EGYPT :	1984 .	THE AIM OF the THESIS This thesis aimed at intensive study of Mycoflora AND Trichothecene-Toxins of Paddy Oryza Sativa L. Grains in Egypt .		
1198	9391486	Eco-Physiological and playnollogical studies on the vegetation of the extreme arid part of Egypt .	El-Khatib,Ahmed Ali Ahmed .	El-Khatib,Ahmed Ali Ahmed	Sohag :	1993 .	The present study embraces some field studies on the exterme arid part of Egypt that include,Eastern Desert (Assiut-Qena Desert),the littoral salt marsh of the Red Sea (extending about 400km from hurghada in the north to Marsa Alam in the south)and the southern oases of the Western Desert (Dakhla and Kharga Oases).		
1199	9391508	SOLUTION OF SOME PROBLEMS IN THERMOELASTIC MEDIA/	Zeidan,Nour,Abdel Mawla,Abdel Mawgoud .	Zeidan,Nour,Abdel Mawla,Abdel Mawgoud	EGYP T :	1999 .	The problem deals with the thermal stresses in a rotating non-homo geneous cylindrical or thotropic composite cylin-der .		
1200	9391522	STUDES ON THE MYCOFLORA OF SUGARCANE FIELDS IN UPPER EGYPT /	GHERBAWY,YOUSU F AHMED MOHAMED HASSAN .	GHERBAWY,YOUSUF AHMED MOHAMED HASSAN	ASSIU T :	1994 .	IN THES THSIS AIM TOSTUDES ON THE MYCOFLORA OF SUGARCANE FIELDS IN UPPER EGYPT .		
1201	9391537	FURTHER STUDIES ON FRESHWATER FUNGI IN ASWAN AREA,EGYPT /	Massoud,Mohammed Salah El-din A .	Massoud,Mohammed Salah El-din A	aswan :	2002 .	THE PRESENT WORK REPRESENTS AN INTENSIVE STUDY OF THE FRESHWATER FUNGI (AQUATIC AND TERRESTRIAL) WHICH ASSOCIATED WITH AQUATIC PLANTS AND SAMPLES WERE COLLECTED FROM THE RIVER NILE AT ASWAN,TWO PRINCIPAL IRRIGATION CANALS (BALANA AND KALABSHA) .		
1202	9391552	NATURAL OCCURRENCE OF ZEARALENONE AND ZEARALENON PRODUCING FUNGI ISOLATED FROM WHEAT GRAINS,FLOUR AND BREAD IN EGYPT /	EL-MARAGHY,SAAD SHEHATA MOHAMED .	EL-MARAGHY,SAAD SHEHATA MOHAMED	ASSIU T,EGYPT :	1984 .	The scope of this THESIS is study Natural occurence of zearalenone and zearalenone producing Fungi isolated from wheat Grains,Flour and Bread in Egypt .		
1203	9391576	Strongly quasti partial planes and their logic /	Ahmed,Osama Rashed Sayed .	Osama Rashed Sayed Ahmed .		1994 .	THIS THESIS CONSISTS OF FOUR CHAPTERS DEALS WITH THE STUDY OF A-STRONGLY QUASI PARTIAL PLANES AND THEIR LOGIC. IN CHAPTER 0 ,WE WILL GIVE AN EXPLANATORY WHICH CONTAINS AN INTRODUCTION .		
1204	9391578	Influence of some herbicides on the root TIPS and root CAPS of pisum sativum,phaseolus vulgaris and vicia faba /	Fayez,Khalaf Ali .	Fayez,Khalaf Ali	Sohag:	1993 .	Roots are the mouth of plants,and the first organ produced after germination of seeds.They are responsible for anchorage, supply the plants with water and nutrients ,and exchange various phytohormons with the shoots .		
1205	9391607	NUMERICAL SOLUTION OF OPTIMAL CONTROL PROBLEMS GOVERNED BY ORDINARY AND DELAY DIFFERNTIAL EQUATIONS USING SPLINE FUNCTIONS /	EL-Katib,Mostafa,Ali,Abd El-Naaim.	EL-Katib,Mostafa,Ali,Abd El-Naaim	EGYP T :	1999 .	Before all I do indeed thank the omniscient God who guided and aided me to bring forth to light this thesis .		
1206	9391622	INTERACTIVE EFFECTS OF SOME VITAMINS AND SALINITY ON SOME BROAD BEAN LINES /	MAHGOUB,MOHAM ED MAHGOUB AZOOZ .	BOTANY DEPARTMENT.FACULTY OF SCIENCE AT QENA.SOUTH VALLY UNIVERSITY.	QENA :	1997 .	THE OBJECTIVE OF THE PRESENT INVESTIGATION WAS CARRIED OUT TO STUDY THE PHYSIOLOGICAL RESPONSES OF THREE BROAD BEAN LINES,900-3,67 AND13 TO VARIOUS LEVELS OF SALIMITY AND SOME RELATED PHYSIOLOGICAL ACTIVITIES OF THESE LINES .		
1207	9391685	PHYTOCHEMICAL STUDY OF SOME MEDICINAL DESERT PLANT /	AHMED,AEFAFA IBRAHIM HAMED .	AHMED,AEFAFA IBRAHIM HAMED	ASWA N :	1994 .	THIS WORK REPRESENTS ACONTRIBUTION TO PHYTOCHEMICAL STUDY OF SOME MEDICINAL DESERT PLANT .		
1208	9391712	Application of remot sensing in exploration for mineralized granites in central eastern Desert ,Egypt /	Gad; sabreen ata .	Faculty of science in Aswan - svu	aswan :	2002 .	The study area located in the central estern desert of egypt between latitudes 24 45 and 25 20 N and longitudes 33 45 and 34 30 E .		
1209	9391763	METABOLIC RESPONSE OF SYNECHOCOCCUS SP.STRAIN PCC 7942 TO SOME NUTRIENT DEFICIENCIES WITH SPECIAL REFERENCES TO IRON /	Hifney,Awatief fahmy .	Hifney,Awatief fahmy	assiut :	2002 .	CYANOBACTERIA ARE AREMARKABLE GROUB OF SIMPLE OXYGENIC PHOTOSYNTHETIC PROKARYOTES.CYANOBACTERIA MAKE A MAJOR CONTRIBUTION TO PRESENT-DAY PHOTOSYNTHESIS AND NITROGEN FIXATION,BUT ARE ALSO NOTORIOUS FOR CAUSING SUCH AS DEUSE AND OF TENTOXIC BLOOMMS IN LAKES AND OCEANS .		
1210	9391769	ECOPHYSIOLOGICAL STUDIES ON SOME HYDROPHYTES IN ASSIUT PROVINCE /	SALEH,ALI TONY .	SALEH,ALI TONY	ASSIU T :	1997 .	THE PRESENT WORK WAS CONDUCTED TO PROUIDE INFORMATION OF THE ECOPHYSIOLOGICAL BEHAVIOUR OF NINE SUBMERGED AND LEAVED MACROPHYTES:EICHORNIA,CRASSIPES,MYIOPHYLLUM,SPICATUM...INC .		
1211	9391815	EFFECT OF SOME PESTICIDES ON MORPHOGENESIS AND SOME METABOLIC ACTIVITIES OF THREE AQUATIC FUNGI /	IBRAHEEM,ESAM HOSNEY ALI .	IBRAHEEM,ESAM HOSNEY ALI	ASSIU T :	2000 .	PESTICIDES ARE CHEMICALS PRINCIPALLY DESIGNED TO COMBAT THE ATTACK OF VARIOUS PESTS ON AGRICULTURAL AND HORTICULTURAL CROPS .		
1212	9391828	EFFECT OF SOME FACTORS ON THE GERMINATION OF SEEDS UNDER WATER STRESS /	SAYED,SUZAN ABDEL-MONEIM .	SAYED,SUZAN ABDEL-MONEIM	ASSIU T :	1996 .	THE PRESENT STUDY AIMS TO EFFECT OF SOME FACTORS ON THE GERMINATION OF SEEDS UNDER WATER STRESS .		
1213	9391894	ALGEBRAIC AND TOPOLOGICAL PROPERTIES OF PARTICAL GROUPS /	ABDELLAH,MOHAMED.EL-GHALI.MOHAMED .	ABDELLAH,MOHAMED.EL-GHALI.MOHAMED	ASSIU T :	1988 .	AMONG OTHER GENERALIZATIONS OF THE CONCEPTS OF AN IDENTITY AND INVERSION IN A GROUP ARE THE NOTIONS OF,SO-CALLED,PER-TIAL IDENTITIES AND PARTIAL INVERSES IN A SEMIGROUP.		
1214	9391930	MYCOFLORA AND MYCOTOXINS OF SOME MEDICINAL PLANTS AND THEIR ANTIMICROBIAL ACTIVITIES IN EGYPT/	YOUSSEF,MOHAMED SAYED .	YOUSSEF,MOHAMED SAYED	SOHA G :	1995 .	THE PRESENT INVESTIGATION COMPRISED TWO PARTS THE FIRST PART WAS DESIGNED TO STUDY THE PREVALENCE AND POPULATION DENSITY OF THE MYCOFLORA THE SECOND PART WAS PLANNED TO STUDY THE INHIBITORY EFFECTS OF THE DIFFERENT ESSENTIAL OILS,CHLOROFORM AND WATER .		

1215	9391942	PALYNOLOGICAL STUDIES ON THE EGYPTIAN SPECIES OF COMPOSITAE (SUBFAMILY CICHORIOIDEAE) AND ITS TAXONOMIC SIGNIFICANCE /	Said,Ahmed kamal El-deen Osman Mahmoud .	Said,Ahmed kamal El-deen Osman Mahmoud :	Qena :	2003 .	THE PRESENT WORK DEALS WITH A SYSTEMATIC REVISION OF THE NATIVE TAXA WHICH BELONG TO TRIBES, SUBTRIBES AND SPECIES OF SUBFAMILY CICHORIOIDEAE SENSU BREMER (COMPOSITAE). THE REVISION IS BASED ON THE COLLECTIONS KEPT IN THE HERBARIUM AND MSB.		
1216	9391981	SOME RESULTS ON FUZZY TOPOLOGICAL SPACES /	ZAHARAN,AHMED.MOHAMED .	ZAHARAN,AHMED.MOHAMED :	ASSIUT :	1989 .	AFTER THE DISCOVERY OF FUZZY SETS IN 1965 BY ZADEH,L.A. [70] MUCH ATTENTION HAS BEEN PAID TO GENERALIZING THE BASIC CONCEPTS OF TOPOLOGY TO FUZZY SETS AND THUS DEVELOPING A THEORY OF FUZZY TOPOLOGY .		
1217	9391987	A study of fixed points for Multivalued functions in complete metric spaces /	Ahmed,Mohamed Abd El-Rahman .	Mohamed Abd El-Rahman Ahmed .	Sohag :	1994 .	FIXED POINT THEORY IS AN IMPORTANT AREA IN THE FAST GROWING FIELDS OF NON-LINEAR ANALYSIS AND NON-LINEAR OPERATORS . IT IS RELATIVELY YOUNG AND FULLY DEVELOPED AREA FOR RESEARCH .FIXED POINT THEOREMS HAVE FOUND FRUITFUL APPLICATIONS IN VARIOUS AREAS VIZ. THE THEORY OF NON-LINEAR OSCILLATIONS .		
1218	9392005	ON FUZZY TOPOLOGICAL SPACES /	FATH ALLA,MAHMOUD AHMED	MAHMOUD AHMED FATH ALLA,	SOHAG :	1984 .	THIS THESIS FOLLOWS THE DEVELOPMENT OF THE THEORY OF FUZZY TOPOLOGICAL SPACES AS INTRODUCED IN [12.		
1219	9392028	ANALYSIS OF SEXUAL HORMONE BIOSYNTHESIS IN PARASITIC DEVELOPMENT OF PARASITELLA PAVASITICA ON DIFFERENT HOSTS/	Saleem,Abdel-rahman Saleem Soliman .	Saleem,Abdel-rahman Saleem Soliman :	Jena, Germany :	2003 .	THIS WORK AIMED TO DETERMINE THE RANGE OF THE TRISPORIC ACID SYSTEM AS A SIGNAL SYSTEM WITHIN ZYGOMYCETES AND TO FIND OUT POSSIBLE CORRELATIONS WITH HOST SPECTRUM OF PARASITELLA PARASITICA. SUCH CORRELATION WOULD CONTRIBUTE IN UNDERSTANDING THE PHYLOGENY OF ZYGOMYCETES.		
1220	9392053	ROLE OF THE LIVER IN XENOBIOTIC TOXIC TRANSFORMATION=	AZEEM , ABDEL RAHMAN WAGEEH ABDEL	ABDEL RAHMAN WAGEEH ABDEL AZEEM	SOHAG :	2000	LOCATION OF THE LIVER AT THE END OF THE PORTAL CIRCULATION MAKES IT THE FIRST ORGAN TO COME INTO CONTACT WITH ORALLY INGESTED AGENTS THAT ARE ABSORBED FROM GIT		
1221	9392065	MORPHOLOGICAL AND CYTOGENETICAL VARIATIONS OF ACACIA SPECIES IN EGYPT /	SHAHEEN,ABDEL-SAMAI MOUSTAFA .	SHAHEEN,ABDEL-SAMAI MOUSTAFA :	ASSIUT :	1995 .	THE STUDY AIMS TO INVESTIGATE THE PATTERNS OF VARIATION WITHIN AND BETWEEN THE EGYPTIAN ACACIA SPECIES AND THE BROADER RELATIONSHIPS BETWEEN THESE SPECIES .		
1222	9392067	Numerical treatment of some singularly perturbed problems by invariant imbedding methods /	Mohamed,Adel Abou-Elmagid Swise .	Assiut :		1990 .	This thesis is mainly concerned with computational invariant imbedding methods for the numerical treatment of some singularly perturbed two-point boundary value problems in both linear and non-linear ordinary differential equations .		
1223	9392068	Studies on thermophilic and thermotolerant Fungi in Egyptian soils /	Moharram,Ahmed Mohammed .	Moharram,Ahmed Mohammed :	Assiut :	1994 .	It is now well known that thermophilic fungi grow at high temperatures in nature and man-made habitats, and that the ability to do so is a dominant characteristic of these species (Tansy and Brock, 1978).		
1224	9392077	BIODIVERSITY OF FUNGI IN SUBTROPICAL MANGROVES /	ABDEL-WAHAB,MOHAMED AHMED .	ABDEL-WAHAB,MOHAMED AHMED :	SOHAG :	2000 .	THIS INVESTIGATION HAS BEEN CARRIED OUT TO STUDY SEVERAL ASPECTS OF ECOLOGY AND TAXONOMY OF SUBTROPICAL MANGROVE FUNGI IN HONG KONG AND EGYPT .		
1225	9392095	METABOLISM OF CERTAIN SALINIZED MEDICINAL PLANTS /	ALI,REFAT MOHAMED .	ALI,REFAT MOHAMED :	ASSIUT, EGYPT :	1987 .	Studying the metabolic activities of plants in relation to variations in external conditions is extremely important in explaining and understanding the interrelationships between structure, function, productivity and growth conditions .		
1226	9392109	About the shock wave structure in multicomponent fluids /	Hussein,Mohamed Eid Mohamed .	Mohamed Eid Mohamed Hussein .	Sohag :	1995 .	THE PRESENT THESIS IS DEVOTED TO STUDY SOME PROBLEMS OF THE SHOCK WAVES STRUCTURE IN GAS DYNAMICS. THE AIM OF THIS THESIS IS AN ATTEMPT TO OBTAIN SOME BETTER RESULTS TO SOME PROBLEMS THAN THE RESULTS TO SOME PROBLEMS THAN THE RESULTS PREVIOUSLY OBTAINED .		
1227	9392110	Treatment of some methods for traffic assignment problem /	Mahmoud,Tarek Mostafa .	Tarek Mostafa Mahmoud .	Sohag :	1990 .	The shortest path is considered one of the important problems in operations research which has many applications in real life e.g., traffic assignment .		
1228	9392141	Empirical studies of data flow testing techniques /	Hamed,Ahmed Younes .	Assiut :		1990 .	The main aim of the present research was to empirically study the efficiency and costs of two of the new data flow testing strategies proposed by Rapps & Weyuker and Laski & Korel .		
1229	9392188	GENE-ECOLOGICAL AND PHYTOCHEMICAL STUDIES ON GENUS CYPERUS IN EGYPT /	LAWFIK,ABDEL-RAHEEM QENAWI .	LAWFIK,ABDEL-RAHEEM QENAWI :	AIN SHAMS :	2000 .	SIGNIFICANT MORPHOLOGICAL AND CHEMICAL VARIATIONS HAVE BEEN REVEALED IN CYPERUS ROTUNDUS POPULATIONS IN EGYPT .		
1230	9392197	SOME MODELS OF INTERACTIONS BETWEEN ATOMS AND LIGHT (INVESTIGATION OF PHASE PROPERTIES /	ABDEL-ATY ,MAHMOUD MOHAMED AHMED	MAHMOUD MOHAMED AHMED ABDEL-ATY .	SOHAG :	1995 .	IN THIS THESIS, WE CONSIDER PHASE PROPERTIES OF THE FIELD INTERACTING WITH A TWO-LEVEL ATOM IN A LOSSLESS CAVITY (JAYNES-CUMMINGS MODEL) WITH AN ADDITIONAL KERR MEDIUM FOR ONE-MODE . THIS HAS BEEN CARRIED OUT USING THE NEW PHASE FORMALISM OF PEGG AND BARNETT .		
1231	9392202	HEAT AND MASS TRANSFER PROBLEMS IN BOUNDARY LAYER /	HASSANIEN,ESMAIL AHMED MOHAMED	ESMAIL AHMED MOHAMED HASSANIEN,	ASSIUT :	1986 .	OUR AIM IN THIS THESIS IS TO STUDY SOME PROBLEMS OF THE FLOW, HEAT AND MASS TRANSFER IN BOUNDARY LAYER OF NON-NEWTONIAN FLUID		
1232	9392209	Physiological effects of salinity on some antioxidative enzymes in some maize cultivars /	Abou AL-hamd,Mona Fawzy .	Mona Fawzy Abou AL-hamd .	Qena :	2005 .	The results obtained in the present work clearly demonstrated that the three maize cultivars SC129, SC13 and C155 studied displayed distinct variation in salinity tolerance during vegetative growth stage .		
1233	9392211	MODIFICATION OF HEPATIC AND RENAL FUNCTION UNDER THE SINGLE AND COMBINED ADMINISTRATION OF NONSTEROIDAL ANTIINFLAMMATORY DRUGS AND SOME HEAVY METAL SALTS =	AHMED ,SANAAB ABDEL -AAL	SANAAB ABDEL -AAL AHMED	ASSIUT :	2002	NONSTEROIDAL ANTIINFLAMMATORY DRUGS (NSAIDS) ARE AMONG THE MOST WIDELY USED OF ALL THERAPEUTIC AGENTS. FOR THE MOST PART, NSAIDS ARE VERY SAFE DRUGS, ONLY A VERY SMALL PERCENTAGE OF PATIENTS EXPERIENCE ADVERSE EVENTS THAT RESULT IN SERIOUS COMPLICATIONS.		
1234	9392214	Taxonomic and achene anatomy of species of anthemideae Asteraceae/	Zareh,Momen Mostafa Mahmoud .	Zareh,Momen Mostafa Mahmoud :	Assiut :	1987 .	The compositae or asteraceae is one of the largest families of flowering plants with about 1100 currently accepted genera and 25000 species.		
1235	9392223	Physiological and ecological studies on the algal flora isolated from soils at Qena regions /	Mohawed ,Abla Abdel-Mawgoud .	Abla Abdel-Mawgoud Mohawed .	Qena :	2005 .	This THESIS embraces two main studies ; namely ecological and physiological studies .The scope of the study is: physiological and Ecological Studies on The Algal Flora isolated from Soils at Qena Regions .		

1236	9392225		STUDIES ON CEPHALOSPORINASE ENZYMES OF B-LACTAM ANTIBIOTIC-RESISTANT BACTERIA /	NOOR EL-DIEN,AHMAD ELTYIEB MOHAMAD .	NOOR EL-DIEN,AHMAD ELTYIEB MOHAMAD.	AIN SHAM S :	1999 .	THIS INVESTIGATION WAS CARRIED OUT ON 57 DIFFERENT CLINICAL SAMPLES COLLECTED FROM FACULTY OF MEDICINE,CAIRO UNIVERSITY,AND SAYED GALAL HOSPITAL,EL-AZHAR UNIVERSITY .		
1237	9392227		Studies on freshwater fungi of Aswan High dam lake /	Ei-Zayat,Soad Abdel Monem .	Ei-Zayat,Soad Abdel Monem .	Aswan :	1988 .	This investigation embraces some studies on AHDLo follow the variations in physico-chemical characteristics and in terrestrial mesophilic, thermophilic and thermotolerant fungal populations as well.local and seasonal variations were studied by collecting water and sumerged mud samples from five marginal sites.		
1238	9392234		Morphologically,Molecularly and pathogenically characterization of fusarium Spp.from wheat in upper Egypt /	Shebany,Yassmin Mohamed .	Yassmin Mohamed Shebany .	Qena :	2005 .	THE AIM OF THE PRESENT INVESTIGATION The present investigation was designed to study intensively the following:-survey of FUSARIUM SPP.associated with wheat seeds and wheat field in upper Egypt monthly variation of soil airborne fungi in wheat field of the Botanical Garden of Faculty of AGRICULTURE IN QENA :UPPER EGYPT Genetic stucture of the most common FUSARIUM species isolated during this Work,using RAPD-PCR technique The ability of selected species to invade wheat plants THE role of antioxidant enzymes and other metabolic activities in resistance of wheat plants to different FUSARIUM species .		
1239	9392235		Fermentarion studies of a thermostable urate oxidase produced by an obligate thermophilic bacterium in shake flasks /	Shabeeb,Mohammed El-Shereif A .	Shabeeb,Mohammed El-Shereif A .	Aswan :	1988 .	Microorganisms asre more and often finding use as producers of various physiologically active substances. Especially important examples are varioys enzymes,including those which have found use in medecine.		
1240	9392238		UNSTEADY BOUNDARY LAYER PROBLEMS FOR THE FLOW OF ONE PHASE AND TWOPHASE FLUIDS /	Soliman,Mohmoud Abou-Elmagd	Mohmoud Abou-Elmagd Soliman .	Sohag :	1990 .	This thesis deals with the problem of determining the velocities and boundary layer thickness for the unsteady laminar boundary layer flow of single and two phase fluids surrounding a plane plate .		
1241	9392239		SOME PROPERTIES OF SOLUTIONS OF ORDINARY DIFFERENTIAL EQUATIONS	AHMED,MAHMOUD MOHAMED ALY	MATHEMATICS DEPARTMENT,FACULTY OF SCIENCE-ASWAN,ASSUIT UNIVERSITY	ASWAN :	1986 .	THE QUALITATIVE THEORY OF DIFFERENTIAL EQUATIONS IS IN A PROCESS OF CONTINUOUS DEVELOPMENT REFLECT IN THE GREAT NUMBER OF BOOKS AND PAPERS DEDICATED TO IT .IT IS WELL KNOWN THAT THE BEGINING OF THE QUALITATIVE THEORY OF DIFFERENTIAL EQUATIONS IS DIRECTLY CONNECTED WITH THE CLASSICAL WORKS OF POINCARÉ,LYAPUNOV,AND BIRKHOFF ON PROBLEMS OF ORDINARY AND CELESTIAL MECHANICS.FROM THESE ORIGINS,STABILITY THEORY,THE MATHEMATICAL THEORY OF OSCILLATIONS WITH SMALL PARAMETERS,AND THE GENERAL THEORY OF DYNAMIC SYSTEMS HAVE BEEN DEVELOPED.		
1242	9392240		MAGNETOHYDRODYNAMIC RAYLEIGH-TAYLOR INSTABILITY PROBLEMS USING DIFFERENT BOUNDARY CONDITIONS /	AHMED,GAMAL ABD-ALLAH	GAMAL ABD-ALLAH AHMED .	QENA :	1995 .	IN THE PRESENT WORK,WE STUDIED THE LINEAR AND THE NONLINEAR RAYLEIGH-TAYLOR STABILITY PROBLEM BECAUSE OF ITS APPLICATIONS IN THE FIELD OF PLASMA PHYSICS. FOR SOME-WHAT MORE DETAILED SUMMARY WE REFER TO THE LAST PART OF THE INTRODUCTION .		
1243	9392241		STUDIES ON THE GENUS ASPERGILLUS AND ITS TELEOMORPHS IN EGYPT /	HUSSEIN,NEMMAT ABDEL-GAWAD .	HUSSEIN,NEMMAT ABDEL-GAWAD .	ASSIUT :	2002 .	THE PRESENT WORK WAS DESIGNED TO STUDY THE GENUS ASPERGILLUS AND ITS TELEOMORPHIC GENERA SUCH AS EMERICELLA,EUROTUM,FENNELLIA AND NEOSARTORIA .		
1244	9392244		Endophytes of aquatic plants /	Fahmy,Nayer Mohamed .	Nayer Mohamed Fahmy .	Qena :	2005 .	The present THESIS aimed to study the diversity of endophytic microorganisms of healthy looking leaves(young and old) and roots (young and old)of Eichornia Crassipes plants collected from two sites,NILE RIVER and irrigation canals,at Sohag governorate In addition the endophytic fungi of senescent and decayed leaves were also studied .		
1245	9392250		Laboratory and field studies on Nile phytoplankton /	Zidan,Mohammed Ali .	Zidan,Mohammed Ali .	Assiut :	1983 .	There is no doubt that since the construction of Aswan High Dam,there have been considerable alterations in physical-chemical-and consequently in biological characteristics of Nile waters in Egypt .		
1246	9392251		THE USE OF ORTHOGONAL POLYNOMIALS IN ESTIMATING PRIOR DISTRIBUTIONS /	ABO AL-AGAG,NASSER AMIN	NASSER AMIN ABO AL-AGAG .	sohag :	1992 .	The main objective of this thesis is to particularly study from the observed data, the estimation of unknown prior destiny function based on orthogonal polynomials .		
1247	9392256		Effect of salicylic acid on copper toxicity of sun flower plants /	Hassan,Naglaa Loutfy Ahmed .	Naglaa Loutfy Ahmed Hassan .	Qena :	2005 .	THE RESULTS OBTAINED IN THE PRESENT WORK SUPORT THE CONCLUSION THAT SA INCREASES COPPER RESISTANCE IN SUNFLOWER PLANTS THOUGH THE MECHANISM OF ANTIOXIDANT DEFENSE SYSTEM .		
1248	9392258		HISTOLOGICAL STUDIES ON THE EFFECT OF AGING ON THE PINEAL GLAND OF MALE ALBINO RAT =	SOLIMAN , NESREEN GAMAI EIDIEN ABD EL-HAIEIM.	NESREEN GAMAI EIDIEN ABD EL-HAIEIM SOLIMAN	SOHAG :	2002 .	THE PINEAL GLAND IS A SMALL PYRIFORM REDDISH GERY .IT OCCUPIES A DEPRESSION BETWEEN SUPERIOR COLLICULI (WOLSTANHOLM, AND KNIGHT 1971;MULLER ET AL.,1993)		
1249	9392286		EFFECTS OF ENVIRONMENTAL STRESS ON AN INDIGENOUS MEDICINAL PLANT PERGULARIA TOMENTOSA /	Mahalel,usama AHMED .	Mahalel,usama AHMED .	Aswan :	2004 .	IN THIS STUDY SOME CARDIAC GLYOSIDE WERE ISLATED FROM MATURE PERGULARIA TOMENTOSA GROWING IN THE EGYPTIAN DESERT AND COMPARED WITH PLANTS GROWING IN CONTROLLED LABORATORY CONDITIONS .		
1250	9392405		NUMERICAL TREATMENT OF RADON INTEGRAL EQUATIONS /	EL-SHAFFEE,MOHAMED, EL-SAID,I	MOHAMED,EL-SAID,I EL-SHAFFEE .	ASSIUT :	1983 .	THE THESIS IS CONCERNED WITH THE NUMERICAL SOLUTION OF ABEL AND RADON INTEGRAL EQUATIONS OF THE FIRST KIND .		
1251	9392408		THEORETICAL INVESTIGATION ON SOME TOPICS IN NON-EQUILIBRIUM STATISTICAL MECHANICS /	HUSSIAN,HAMDAN ABDEL ZAHER .	HUSSIAN,HAMDAN ABDEL ZAHER .	ASSUIT :	1996 .	SOME TOPICS IN NON-EQUILIBRIUM STATISTICAL MECHANICS .		
1252	9392523		ASTUDY OF LACUNARY SEQUENCES AND CONVERGENCE OF VECTOR VALUED FOURIER SERIES,IN BANACH SPACES /	RAMADAN,AHMED,ABD EL-KADER	AHMED,ABD EL-KADER RAMADAN .	ASSIUT :	1982 .	THIS THESIS,WHICH CONSISTS OF FIVE CHAPTERS,DEALS WITH ASTUDY OF LACUNARY SEQUENCES AND ACONVERGENCE OF VECTOR VALUED FAURIER SERIES IN BANACH SPACES .		
1253	9392528		DETERMINATION OF TRACE ELEMENTS IN CEMENT=تقدير العناصر الضئيلة التركيز في الاسمنت	SOLIMAN , OMAR AHMED	OMAR AHMED SOLIMAN	ASSIUT :	1996 .	voitammetric methods have been used for the determination of cr ,vi,cu,impbii,cd,ii,and u vi.the method is based on controlled adsorbtive preconcentration of the ions on the hanging mercury dropping electrode HMDEin presence of ammonium tartrate followed by cathodic reduction of the surface species by linear sweep voitammetry.		

1254	9392533	GENETIC ENGINEERING OF MAIZE FOR SALT TOLERANCE.DEVELOPMENT OF A NEW SYSTEM FOR SORGHUM TRANSFORMATION,AND MOLECULAR CLONING /	EL- MAGHRABY,YAHIA HELMY EL-SAYED .	EL-MAGHRABY,YAHIA HELMY EL-SAYED †	SOHA G :	2002 .	PUTATIVE TRANSGENIC MAIZE MERISTEM LINES WERE MULTIPLIED,ACCLIMATED,TRANSFERRED TO SOIL AND GROWN TO MATURITY IN THE GREENHOUSE .		
1255	9392543	SOLUTIONS OF SOME ELASTO-DYNAMIC PROBLEMS IN AN DIMENSION /	ABD-ALLAH,A.M	A.M ABD-ALLAH †	SOHA G :	1982 .	OUR AIM IN THIS THESIS IS TO STUDY SOME ELASTADYNAMIC PROBLEMS IN ONE DIMENSION FOR HOMOGENEOUS IS ATROPIC BODIES IN THE ABSENCE OF THE ADY FORCES .		
1256	9392558	DOPPIER SONOGRAPHY OF THE PORTAL CIRCULATION CASES WITH PORTAL HYPERTENSION= دراسة الدورة البابية بطريقة دوبلر للموجات فوق الصوتية في حالات ارتفاع ضغط الدم بالدورة البابية	AHMED , ESMAIL FAROUK ESMAIL	ESMAIL FAROUK ESMAIL AHMED	SOHA G	1996	the aime of this study is to asses and to study color doppler haemodynamic parameters of portal hypertensive patients.		
1257	9392580	BIODIVERSITY AND BIOTECHNOLOGICAL POTENTIAL OF EGYPTIAN HALOPHILIC BACTERIA/	HASSAN,HANAN ABDEL-FATAH MOHAMED .	HASSAN,HANAN ABDEL-FATAH MOHAMED †	QENA :	2002 .	THE AIM OF THIS WORK WAS DESIGNED TO STUDY THE POPULATION DENSITY OF HALOPHILIC BACTERIA(HALOBACTERIA) AND THEIR BIOTECHNOLOGICAL ASPECTS .		
1258	9392587	"Salinity-calcium interactions on major macromolecules and chlorophylase activity of two green alage /	El-hakimi,Abdul Baset Mohammed Ahmed .	Abdul Baset Mohammed Ahmed El-hakimi ,	Assiut :	1995 .	Salt-stressed plants and algae exhibit generally various disorders in growth and metabolism. Numerous works have been conducted concerning the metabolic pathways and to what extent they might be shifted by salinity stress. In this respect, massive informations on the effects of salinity are available in the literature. However, there are some other processes which got less interest and needed to be more intensively investigated. For some of these processes, this work was diverted. Due to the increasing evidences concerning the protective action of calcium,it was studied in combination with stressing concentrations of NaCl .		
1259	9392637	LAPAROSCOPIC PROCEDUR FOR VARICOCELECTOMY= استئصال دوالي الخصية بواسطة منظار البطن	Ahmed , kaled nasser fadle	kaled nasser fadle Ahmed	SOHA G	1996	VARICOCELE IS ABUNCH OF DILATED AND TORTUOUS PAMPINIFORM PLEXUS OF VEINS I.E.VARICOSE VEINS IN THE SPERMATIC VEIN		
1260	9392924	Utilization polymerase of chain reaction for the detection,cloning and sequencing of plant viruses and viroids /	Shamloul,Abdel- Moneim Mohamed .	Abdel-Moneim Mohamed Shamloul ,	Sohag :	1995 .	Banana bunchy top is the most devastating virus is phloem limited,occurs in extremely low concentration and it is n't mechanically transmitted .		
1261	9392951	MICROSTRUCTURE AND SOME OF PHYSICAL PROPERTIES OF CHALCOGENIDE GE-IN-SE SYSTEM= دراسات للتكوين الدقيق وبعض الخواص الفيزيائية لمركبات من النظام جرمانيوم-النيوم-سيلينيوم-السالكونجيني	EL-ASSAL,NASSER ASRAN ABD ALLAH ABD EL-RAHIM	EL-ASSAL,NASSER ASRAN ABD ALLAH ABD EL-RAHIM	SOHA G	2003	THERMAL PROPERTIES,NAMELY,TEMPERATURES OF GLASS TRANSITION TG CRYSTALLIZATION ONSET TC,CRYSTALLIZATION PEAK TP AND ASSOCIATED HEAT CAPACITY INCREMENT AT THE GLASS TRANSITION REGION AC WERE MEASURED USING DSC AT DIFFERENT HEATING RATES.		
1262	9392974	NUMERICAL SOLUTION OF ASYSTEM OF FIRST ORDER DIFFERENTIAL EQUATIONS BY SPLINES /	EL-HAWARY , HASSAN MOHAMED HASSAN	HASSAN MOHAMED HASSAN EL- HAWARY †	ASSUI T :	1984 .	OUR OBJECTIVE IN THIS THESIS,WHICH CONSISTS OF THREE CHAPTERS,IS TO INTRODUCE ANEW PROCEDURE WHICH USES SPLINE FUNCTIONS FOR SOLVING SYSTEMS OF FIRST ORDER DIFFERENTIAL EQUATIONS .		
1263	9393056	Seasonal varition of toxic cyanobacteria and their toxins in the Nile roiver and irrigation cannals at Sohag provins /	Ali,Wafaa Saleh Mohamed .	Wafaa Saleh Mohamed Ali ,	Sohag :	2004 .	This study adopted the following aims A-Environmental factors affecting the dominance and toxin production by cyanobacteria in the Nile River and irrigation Canals . B-The possible contribution of benthic species ,in addition to planktonic species to toxic cyanobacteria . C-Adsorption of cyanobacteria toxins on the water sediments as afate of these toxins in the environment,and the possibility of using these for toxin removal during water treatment .		
1264	9393090	BIOSYSTEMATIC STUDIES IN AIZOACEAE S.LAT. SESUVIOIDEAE	Hassan,Nasr Mahmoud Sayed .	Hassan,Nasr Mahmoud Sayed .	Assuit :	2004 .	THE STUDY AIMS TO THE FOLLOWING POINTS: 1-REVISING TAXONOMICALLY THE REPRESENTATIVE TAXA OF AIZOACEAE S.2.IN EGYPT AND SUDAN. 2-ESTABLISHING ADATABASE DEALS WITH INDIGENOUS TAXA. 3-REVISING TAXONOMICALLY THE TRIANTHEMA TRIQUETRA COMPLEX.		
1265	9393117	different modalities for treatment of chronic anal fissure	mahmoud,ahmed gaber hassein	ahmed gaber hassein mahmoud	sohag	2003	anal fissure is acommon,painful condition that causes significant morbidity in ayounng and otherwise healthy population.it is asplit in the skin of the distal anal canal that usually progresses to from achronic liner ulcer in its chronic stage.		
1266	9393201	THE QUANTUM CORRECTION TO THE VIRIAL COEFFICIENTS OF FLUIDS WITH SQUARE-WELL POTENTIAL IN ARBITRARY DIMENSIONS /	YAHYA,ABDEL- AZIM ABDEL-HADY .	YAHYA,ABDEL-AZIM ABDEL- HADY †	SOHA G :	1996 .	THE QUANTUM CORRECTION TO THE VIRIAL COEFFICIENTS OF FLUIDS WITH SQUARE-WELL POTENTIAL IN ARBITRARY DIMENSIONS .		
1267	9393254	Studies on the riverian vegetation of some islands at Aswan governorate,Egypt /	Hamada,Fatma Abd- Allah Mohamed .	Fatma Abd-Allah Mohamed Hamada ,	Aswan :	2004 .	The present study investigates the floristic composition,the ecological features;discusses the major factors affecting the distribution and grouping of the plant species that are present on seven islands located throughout the RIVER NILE Aswan governorate and includes apytochemical investegation on OXYSTELMA ESCULENTUM var.alpini;one of the most common species on the studied islands .		
1268	9393274	THE VALUE OF FLEXABLE CHOLEDOCHOSCOPE IN MANAGMENT OF DILA TED EXTRAHEPATIC BILLARY TRACT=	AL-ISLAM ,AHMED SAIF	AHMED SAIF AL- ISLAM	Sohag	1998	OUR STUDY INCULDED 20 PATIENTS WHOM DIAGNOSED TO HAVE EXTRAHEPATIC BILIARY CHANNEL DILATION EITHER BY ABDOMINAL UITRASONOGRAPHY OR DURING THE BILIARY OPERATIONS.		
1269	9393338	CHARACTERIZATIONS OF DISTRIBUTION FUNCTIONS BY CONDITIONAL MOMENTS AND ORDER STATISTICS /	AHMAD,ABD EL- BASET ABD ALLAH .	AHMAD,ABD EL-BASET ABD ALLAH †	ASSUI T :	1995 .	THE OBJECTIVE OF THIS RESEARCH IS TO CHARACTERIZE OF SOME KNOWN DISTRIBUTIONS IN STATISTICS,WHICH ARE OF PARTICULAR IMPORTANCE,BASED ON CONDITIONAL MOMENTS AND PROPERTIES OF ORDER STATISTICS .		
1270	9393360	SOLUTIONS OF SOME PROBLEMS IN MECHANICS OF ELASTIC MEDIA /	AHMED,SAID MOHAMED .	AHMED,SAID MOHAMED †	ASWA N:	1995 .	THE AIM OF THIS THESIS,IS TO STUDY SOME PROBLEMS IN MECHANICS OF ELASTIC MEDIA .		
1271	9393382	NUMERICAL TREATMENT OF A CLASS OF STIFF DELAY DIFFERENTIAL EQUATIONS /	MAHMOUD,MOHAM ED AHMED HUSSIEN .	MAHMOUD,MOHAMED AHMED HUSSIE †	ASSUI T :	1996 .	THIS THESIS,IS CONCERNED WITH PROCEDURES FOR SOLVING STIFF DELAY DIFFERENTIAL EQUATIONS.		

1272	9393388	*PREDICTORS OF ACUTE URINARY RETENTION IN PATIENTS WITH SYMPTOMATIC BPH * ARETEROSPECTIVE REVIEW OF FILES =	MOHAMED , EL-NISR RASHED	EL-NISR RASHED MOHAMED	SOHAG	2003	THE PRESENT STUDY INCULDED 134 PATIENTS WITH SYMPTOMATIC BPH 82 OF OF THEM PRESENTED BY ACUTE URINARY RETENTION (AUR) (RETENTIVE GROUP).		
1273	9393405	ON THE SEPARATION OF SOME SYSTEMS OF DIFFERENTIAL EQUATIONS /	EL- GENDI,BARAKAT ABD EL-AZIZ MOHAMED .	EL-GENDI,BARAKAT ABD EL-AZIZ MOHAMED ؛	ASWAN :	1995 .	OUR OBJECTIVE OF THIS THESIS IS TO STUDY THE PROBLEM OF SEPARATION FOR SOME SYSTEMS OF DIFFERENTIAL EQUATIONS IN BANACH AND HILBERT SPACES,AND STUDY THE EXISTENCE AND UNIQUENESS OF THE SOLUTION FOR THESE SYSTEMS IN THESE SPACES.		
1274	9393406	Eco-physiological responses of wheat and faba bean plants to reclaimed waste water irrigation at Qena city /	Ali,Noha Ahmed El-Tayh .	Noha Ahmed El-Tayh Ali ,	Qena :	2002 .	THE STUDY PRESENTED HERE WAS CONDUCTED TO INVESTIGATE THE ECO-PHYSIOLOGICAL RESPONSES OF WHEAT AND FABA BEAN PLANTS TO RECLAIMED WASTE WATER IRRIGATION AT QENA CITY .		
1275	9393823	Studies on the weed flora in Qena governorate /	Moustafa,Mahmoud Fawozy Mahmoud .	Mahmoud Fawozy Mahmoud Moustafa ,	Qena :	1996 .	THE PRESENT STUDY DESCRIBES THE VEGETATION IN QENA AREA,AND DISCUSS THE MAJOR FACTORS AFFECTING ITS DISTRIBUTION AND GROUPING .		
1276	9393827	Studies on cmangrove-inhabiting fungi of the red sea /	Abdel-Wahab,Mohamed Ahmed .	Mohamed Ahmed Abdel-Wahab ,	Sohag :	1996 .	THE PRESENT INVESTIGATION AIMED TO STUDY THE OCCURRENCE DISTRIBUTION AND SEASONAL VARIATION OF MARINE FUNGI ON DRIFT WOOD;SAND;DECAYED ATTACHED TWIGS;DECAYED LEAVES OF AVICENNIA MARINA AND ON DECAYED ALGAL SAMPLES OF THE INTERTIDAL ZONE OF RED SEA IN UPPER EGYPT .		
1277	9393856	Microbiological studies on abydos temple at upper Egypt /	Mohamed,Rehab Moustafa .	Rehab Moustafa Mohamed ,	Sohag :	1997 .	THE PRESENT INVESTIGATION AIMED TO STUDY THE OCCURRENCE AND DISTRIBUTION OF MICROFLORA ASSOCIATED WITH WALL PAINTINGS,STONE BUILDINGS AS WELL AS IN THE AIR OF ABYDOS TEMPLE AT UPPER EGYPT,THEIR ROLE ON BUILDING(PAINTINGS AND STONES)DETERIORATION WAS ALSO EXTENSIVELY STUDIES USING ADVANCED .		
1278	9393871	Physiological response of some salinized leguminous plants to seed soaking in thiamine or ascorbic acid /	Hussein,Sohair Thabet Hamed .	Sohair Thabet Hamed Hussein ,	Qena :	1998 .	GROWTH,PHYSIOLOGY AND METABOLISM OF PLANTS ARE KNOWN TO BE ALTERED BY SALINITY STRESS		
1279	9393953	QUALITATIV STUDY OF ASYSTEM OF DIFFERENTIAL EQUATIONS /	SOLIMAN,AHMED ABOU ALMAGED	AHMED ABOU ALMAGED SOLIMAN ,	ASSIUT :	1982 .			
1280	9393981	THE VALUE OF ANTIKERATIN ANTIBODIES IN DIFFERENTINTION BETWEEN RHEUMATOID ARTHRITIS AND POL YARTHRITIS ASSOCIATED WITH HEPATITIS C=	,TAMER MOHAMMED ABDEL	,TAMER MOHAMMED ABDEL		2004	RHEUMATOID ARTHRITIS (R A) IS THE MOST COMMON CHRONIC DISABLING AUTOIMMUNE DISEASE (TANAKA ET AL., 2003)WHICH CHARACTERIZED BY SYMMETRIC POLYARTHRITIS THAT AFFECTS THE HANDS AND FEET.(PINCUS ET AL., 1995) M.		
1281	9393985	AHYBRID CONDUGATE GRADIENT AND PARTIAL QUADRATIC INTERPOLATION METHOD /	ABD EL-LATEEF,BAHGAT ABD EL-HAMEED	BAHGAT ABD EL-HAMEED ABD EL-LATEEF ,	ASSIUT :	1982 .	OUR AIM IN THIS THESIS,WHICH CONSISTS OF THREE CHAPTERS,1-SURVEY ON OPTIMIZATION PROBLEMS 2-THE MIXED METHOD IN THE UNCONSTRAINED OPTIMIZAION PROBLEMS 3-CONSTRAINED OPTIMIZAION RECHNIQUES		
1282	9394014	ESTIMATION OF THE PARAMETERS OF SOME DISTRIBUTIONS FROM THE EXPONETIAL FAMILY:CLASSICAL,BAYESIAN ESTIMATES,AND ESTIMATES BASED ON HAZARD RATES/	ABO AL-AGAGG,NASSER AMIN .	ABO AL-AGAGG,NASSER AMIN ؛	SOHAG :	1995 .	THIS THESIS IS MAINLY CONCERNED WITH ESTIMATION OF THE PARAMETERS OF SOME SPECIAL DISTRIBUTIONS WICH ARE MEMBERS OF THE EXPONENTIAL FAMILY OF DISTRIBUTIONS.WE SHALL BE DEALING WITH THE MAXIMUM LIKELI-HOOD ESTIMATION PROCEDURE,AND THE BAYESIAN APPROACH WHERE WE CONSIDER DIFFERENT PRIOR DENSITY FUNCTIONS.		
1283	9394051	On Bitological spaces /	Abdel-Hakeim,Khalaf Mohamed	Khalaf Mohamed Abdel-Hakeim ؛	Assiut :	1986 .	In this thesis,which consenter offour chapters,we use the concept of filters to intruduce and study closed graphs. I: Filtration and Bitopological spaces. II: On separation Axioms. III: On some types of pairwise compactness and pairwise regular closed functions.		
1284	9394054	THIRD TRIMESTER SERUM LEVEL OF INHIBIN, NITRIC OXIDE (NO) AND CADMIUM IN NORMAL PREGNANCY, NON PROTEINURIC HYPERTENSION AND PRE-ECLAMPSIA.	Youseff, Reda Salah	Reda Salah Youseff	Sohag :	2002	ارتفاع ضغط الدم من المضاعفات التي تعاني منها بعض السيدات أثناء الحمل ومن أهم هذه المضاعفات تسمم الحمل الذي يمثل 7% بين السيدات الحوامل والمقصود بتسمم الحمل هو ارتفاع ضغط الدم بوجود زلال في البول مع تورم في الجسم تبدأ ظهور هذه الأعراض بعد 20 اسبوع من الحمل.وتهدف هذه الدراسة الى قياس مستوى مادة الانهيبين والنيترك اوكسيد والكاديموم في مصل السيدات الحوامل اللاتي يعانين من تسمم الحمل وارتفاع ضغط الدم أثناء الحمل مقارنة بالسيدات ذات الحمل الطبيعي.وقدتينت من الدراسات أن مادة الانهيبين في مصل السيدات ذات تسمم الحمل تزيد عن السيدات ذات الحمل الطبيعي والسيدات ذات ارتفاع ضغط الدم أثناء الحمل.ونقل نسبة مادة النيترك اوكسيد في السيدات ذات تسمم الحمل عن السيدات ذات ارتفاع ضغط الدم وعن اسيدات ذات الحمل الطبيعي.وتزيد نسبة الكاديموم في السيدات ذات تسمم الحمل عن السيدات ذات الحمل الطبيعي وعن السيدات ذات ارتفاع ضغط الدم أثناء الحمل.		
1285	9394107	THE FLUCTUATIONS IN ATOMIC VARIABLES OF THE GENERAL JAYNES-CUMMINGS MODEL WITH AN ADDITIONAL KERR-LIKE MEDIUM /	ALI,MOHAMMED EL-SOGHAYER ATETO	MOHAMMED EL-SOGHAYER ATETO ALI ؛	QENA :	1997 .	IN THIS THESIS,WE INVESTIGATE THE PHENOMENON OF THE FLUCTUATIONS IN ATOMIC VARIABLES FOR A GENERALIZED JAYNES-CUMMINGS MODEL IN THE PRESENCE OF KERR-LIKE MEDIUM ARE SOLVED EXACTLY WITH A TWO-LEVEL ATOM, AND ONE MODE,AND ALSO TWO MODES .		
1286	9394122	Mineral nutrition of seedlings of two desert plants :	Mohamed,Amal Ali Awadallah .	Amal Ali Awadallah Mohamed ,	Aswan :	2002 .	IN THE PRESENT STUDY THE MINERAL NUTRITION OF TWO TYPICAL DESERT PLANT(BALANITES AEGYPTIACA AND SOLENOSTEMMA ARGHEL)WAS STUDIED .		
1287	9394142	ON PROPERTIES OF SOLUTIONS OF A CERTAIN CLASS OF NONLINEAR PARTIAL DIFFERENTIAL EQUATIONS /	EL-GENDY,MAGDY KAMEL .	EL-GENDY,MAGDY KAMEL ؛	ASSUIT :	1995 .	IN THIS,WE INTRODUCE A NEW CLASS OF NONLINEAR PARTIAL DIFFERENTIAL EQUATIONS OF FOURTH ORDER.THIS CLASS CONTAINS,AS ELEMENTS,MANY OF THE WELL EQUATIONS SUCH AS THE BOUSSINESQ EQUATION,MODIFIED IMPROVED BOUSSINESQ EQUATION,SECOND ORDER BENJAMIN ONOEQUATION,AND...etc.		
1288	9394195	Physiological,subcellular and molecular aspects of wheat due to herbeicides tratments /	Osman,Deya E-Deen Mohamed Radwan .	Deya E-Deen Mohamed Radwan Osman ,	Sohag :	2001 .	IN THES THSIS AIM TO STUDY PHYSIOLOGICAL,SUBCELLULAR AND MOLECULAR ASPECTS OF WHEAT DUE TO HERBICIDES TREATMENTS .		
1289	9394210	Studies on algal flora inhabiting mangroves of the red sea at the upper Egypt /	Ismail,Mohammed Said .	Mohammed Said Ismail ,	Qena :	1999 .	MANGROVES(60 SPECIES)ARE SHRUBS AND TREES THAT GROW IN THE SHORE-LINE OF THE TROPICAL AND SUBTROPICAL SEAS .		

1290	9394227	ON FUZZY TOPOLOGICAL SPACES /	ABDELLAH,SAYED MAHMOUD	SAYED MAHMOUD ABDELLAH	QENA :	1997 .	OUR MAIN IS OBJECT TO INTRODUCE THE CONCEPT OF FUZZY SEMI-SEPARATION AXIOMS,FUZZY STRONGLY PRE-SEPARATION AXIOMS AND FUZZY a* SEPARATION AXIOMS,FP-SEMI-SEPARATION AXIOMS,FP-PRE-SEPARATION AXIOMS AND FP-A-SEPARATION AXIOMS,ALL OF WHICH TURN OUT TO BE GOOD EXTENSIONS OF CLASSICAL SEPARATION AXIOMS .		
1291	9394244	Numerical treatment of some singularly perturbed problems /	Al-Nasr,Model Ahmed Abdulla	Model Ahmed Abdulla Al-Nasr	Assiut :	1987 .	The present thesis is concened with the numerical treatment of some singularly perurbed initial-value and boundary-vale problems.it consists of three chapters and apendix.		
1292	9394264	Heavy metals toxicity to egyptian soil fungi /	El-Shanawany,Abdel-Rahem Ahmed .	Abdel-Rahem Ahmed El-Shanawany ,	Assiut :	1987 .	تم في هذا البحث اختيار ستة من العناصر الثقيلة وهي الزئبق (كلوريد الزئبق) الزنك (كبريتات الزنك) الرصاص (نترات الرصاص) النحاس (كبريتات النحاس) وذلك لدراسة سمييتها على تعداد الفطريات عند اضافتها الى التربة او الى المنبت الغذائي الاجاري بثلاثة تركيزات مختلفة .		
1293	9394287	Algal control of sewage water and reuse in irrigation of some cropplants in Qena area /	Hussien,Asmaa Ahmed .	Asmaa Ahmed Hussien ,	Qena :	2002 .	THE STUDY PRESENTED HERE WAS CONDUCTED TO INVESTIGATE THE ALGAL CONTROL OF SEWAGE WATER AND REUSE IN IRRIGATION OF SOME CROPPLANTS IN QENA AREA .		
1294	9394293	ESTIMATION OF THE PARAMETERS OF THE 3-PARAMETER LOGNORMAL DENSITY FUNCTION /	NAROOZ,SAMIA DANIEL	SAMIA DANIEL NAROOZ	ASSIU T :	1978 .	THIS THESIS DEALS WITH THE ESTIMATION OF THE PARAMETERS OF THE 3-PARAMETER LOGNORMAL DESNITY FUNCTION IN TWO SITUATION:WHEN THE FUNCTION FUNCTION IS TRUNCATED AND WHEN AGIVEN SAMPLE DROWN FROM APOPULATION WITH THIS DENSITY FUCTION IS CENSORED .		
1295	9394327	Biochemical and physiological studies on some frankia strains and actinorhizal symbiosis /	Mahmoud,Mohamed ali Salem	Mohamed ali Salem Mahmoud ,	Qena :	2002 .	THESTUDY PRESENTED HERE WAS CONDUCTED TO INVESTIGATE THE BIOCHEMICAL AND PHYSIOLOGICAL STUDIES ON SOME FRANKIA STRAINS AND ACTINORHIZAL SYMBIOSIS .		
1296	9394348	Effect of some detergents on some mycological activities in egyptian soil /	Amer,Ahmed Abuel-Fadel Bakry .	Ahmed Abuel-Fadel Bakry Amer ,	Qena :	1999 .	THE PRESENT INVESTIGATION AIMED AT STUDYING THE EFFECT OF DETERGENTS ON THE POPULATION OF SOIL FUNGI,WHEN APPLIED DIRECTLY TO THE SOIL OR WHEN INCORPORATED INTO ISOLATION AGAR MEDIUM .		
1297	9394366	Studies on the Effect of Added Combined Nitrgen on Nodulation and Dinitrogen Fixation by Some Legumes /	Abd Allah,Mohamed Hemida .	Mohamed Hemida Abd Allah ,	Assiut :	1987 .	The effect of combined N on root hair infection by specific rhizobia, noudle development and structure, nitrogenase activity and some growth parameters of four legumes were studied .		
1298	9394372	Some priblems in Non-linear mechanics /	El-Gayyae,Mohamed Khalil Hassan .	Mohamed Khalil Hassan El-Gayyae ,	Assiut :	1986 .	For obtaining an analytical solution,all relations needed to be scribe the physical system must be expressed in mathematical terms. Appropriate equations,either algebraic or defferntial must be found to relate all variables of the system .		
1299	9394445	Treatment of some singular perturbation using optimization techniques /	Bakier,Ahmed Yousef Abdel-Hakiem	Ahmed Yousef Abdel-Hakiem Bakier ,	Assiut :	1986 .	THIS THESIS IS CONCERNED WITH THE NUMERICAL TREATMENT OF SOME SINGULARLY PERTURBED BOUNDARY-VALUE PROBLEM IN ORDINARY DIFFERENTIAL EQUATIONS AND PARABOLIC PARTIAL DIFFERENTIAL EQUATIONS USING SOME OPTIMIZATION TECHNIQUES .		
1300	9394463	On indecomposable decompositions of torsion-Free abelian groups /	Al-Sani,Shaikha Jaer Jassim .	Shaikha Jaer Jassim Al-Sani ,	Assiut :	1986 .	This dissertation displays the disparity and antinomies of various indecomposable decompositions of torsion-free modules.The past conception concerning the role of ismorphism had been shaken after jonsson`s discovery (see [30]and[31])of the non-equivalence of two indecomposable decompositions of torsion-free abelian groups of low finits ranks .		
1301	9394626	Applications of maximum principle to singular perturbation problems /	Mohamed,Mohamed Ramadan Saddy .	Mohamed Ramadan Saddy Mohamed ,	Qena :	1986 .	This thesis is concerned with the application of the robin problems.such problems may arise in chemical reactos for the catalytic chemical reaction .		
1302	9394674	Bioversity of higher freshwater in the nil /	Abdel-Aziz,Faten Awad .	Faten Awad Abdel-Aziz ,	Qena :	2000 .	THE STUDY PRESENTED HERE WAS CONDUCTED TO INVESTIGATE THE BIOVERSITY OF HIGHER FRESHWATER IN THE NIL .		
1303	9394699	Studies on kerationophilic fungi of schools in Sohag region /	Gaad,Noha Mohamed Abdel-Raouf .	Noha Mohamed Abdel-Raouf Gaad ,	Sohag :	2001 .	THE STUDY PRESENTED HERE WAS CONDUCTED TO INVESTIGATE THE STUDIES ON KERATIONOPHILIC FUNGI OF SCHOOLS IN SOHAG REGION .		
1304	9394705	Treatment of some problems in dynamics of elastic bodies /	Ahmed,Reda Ahmed Zait .	Reda Ahmed Zait Ahmed ,	Assiut :	1984 .	Sumarine hulls and flight structure fuselages have commonly been approximated by cylinders of finite or infinite length,with consequent uncertainty regarding the effect on response of the actual end geometry of the structure .		
1305	9394711	THE ENVIRONMENTAL IMPACT OF SEWAGE SLUDGE APPLICATION ON HGROWTH AND EAVY METALS UPTALS UPTAKE AND TRANSLOCATION IN SUNFLOWET AND SORGHUM PLANTS /	Abuzuhri,Kamal Mohammed Borhom .	Kamal Mohammed Borhom Abuzuhri ,	assuit :	2004 .	THE PRESENT WORK AIMED TO STUDY THE ENVIRONMENTAL IMPACT OF SEWAGE SLUDGE APPLICATION ON SOME CHARACTERISTICS OF SANDY SOIL,PLANT GROWTH CHARACTERISTICS,CONTENTS OF NUTRITIVE AND HEAVY METALS UPTAKE AND TRANSLOCATION IN SUNFLOWER HELIANTHUS ANNUNNS L.AND SORGHUM SORGHUM BICOLOR L.PLANTS .		
1306	9394722	Effects of cultivation on aquatic plants in canals in upper Egypt /	Abdel-Freed,Ibrahim Bayoumi .	Ibrahim Bayoumi Abdel-Freed ,	Qena :	2001 .	THE STUDY PRESENTED HERE WAS CONDUCTED TO INVESTIGATE THE EFFECT OF CULTIVATION ON AQUATIC PLANTS IN CANALS IN UPPER EGYPT .		
1307	9394744	COMPARATIVE STUDY FOR THE EFFICACY OF GRANISETRON,ONDANSETRON AND METOCL OPRAMIDE ON PREVENTION OF NAUSEA AND VOMITING DURING AND AFTER SPINAL ANAESTHESIA FOR CESAREAN SECTION=	Mohamed,yaser saber	,yaser saber Mohamed		2001	THIS PROSPECTIVE-RANDOMIZED COMPARATIVE STUDY THAT WAS CARRIED OUT ON 80 PARTURIENTS,AMONG THOSE DESIGNED TO HAVE EIECTIVE CESAREAN SECTION UNDER SPINAL ANESTHESIA,THIS STUDY WAS DONE AT SOHAG UNIVERSITYHOSPITAL.		
1308	9394757	EFFECT OF NIGELLA SA TIVA SEED OIL ON THE PANCREAS ,LIVER AND KIDNEY OF CORTISONE TREATED ADUL MALE ALBINO RATS =	EL-RAHIM , MOHAMMED HAMDY ABD	MOHAMMED HAMDY ABD EL-RAHIM	SOHA G	1999	THIS WORK WAS DONE TO STUDY THE EFFECT OF NIGELLA SATIVA SEED OIL ON THE LIVER, KIDNEY AND PANCREAS OF ADUIT MALE ALBINO RAT TREATED WITH CORTISONE,60ANIMALS WERE USED .THEY WERE DIVIDED INTO 3GROUPS,EACH GROUP INCLUDE 20ANIMALS		
1309	9394776	Studies on the fungl Flora and viral infection of cucumber plant /	Abdel-Razik,Nagwa Abdel-Sabour .	Nagwa Abdel-Sabour Abdel-Razik ,	Assiut :	1998 .	THIS INVESTIGATION WAS DESIGNED TO STUDY BOTH VIRAL DISEASES OF CUCUMBER PLANTS CULTIVATED IN ASSIUT GOVERNORATE AND THE MYCOFLORA ASSOCIATED WITH THE VIRUS INFECTED PLANTS .		
1310	9394779	Effect of some pesticides on the mycoflora of soybean seeds and production of lipase and protease enzymes /	Saleem,Abdel-Rahman Saleem Soliman .	Abdel-Rahman Saleem Soliman Saleem ,	Qena :	1995 .	THE PRESENT INVESTIGATION WAS DESIGNED TO STUDY INTENSIVELY THE FOLLOWING:1-THE COMPOSITION,NUMBERS AND FREQUENCIES OF OCCURRENCE OF GLUCOPHILIC AND OSMOPHILIC OR OSMOTOLERANT FUNGI ASSOCIATED WITH 50 SOYBEAN SEED SAMPLES COLLECTED FROM VARIOUS GOVERNORATES IN EGYPT .		

1311	9394781	Studiws on soil alage in Assiut erea /	Hifney,Awatief Fahmey .	Awatief Fahmey Hifney ,	Assiut : 1998 .	THIS INVESTIGATION REPRESENTS ACOMPARATIVE STUDY OF THE ALGAL COMPOSITION AND SOIL CHEMISTRY OF THE SAMPLES COLLECTED FROM NILE BANK SITES(I&II),CANAL BANK SITES(III&IV) AND CULTIVATED SITES(V&VI)AND WASTE LAND SITE(VII)IN ASSIUT AREA .		
1312	9394788	Effect of some mooluscicides on the mycoflora of Egyptian soil /	Rashedy,Zeinab El-Kady .	Zeinab El-Kady Rashedy ,	Qena : 1998 .	THE PRESENT INVESIGATION AIMED AT STUDYING THE EFFECT OF MOLLUSCICIDES ON THE POPULATION OF SOIL FUNGI,WHEN APPLIED DIRECTLY TO THE SOIL OR WHEN INCORPORATED INTO ISOLATION AGAR MEDIUM .		
1313	9394826	The role of some ecological and physiological factors in frankia actionorhizal symbiosis /	Abdel-Karem,Mammdouh Mahmoud .	Mammdouh Mahmoud Abdel-Karem ,	Qena : 1998 .	THREE ISOLATES WERE OBTAINED FROM DIFFERENT LOCATIONS IN QENA,EGYPT.THE ISOLATION METHODS USED WERE DIFFERENTIAL FILTRATION AND NODULE FRAGMENTAION .		
1314	9395362	Environmental steresses and water use effecincy by plants /	Tammam,Susan Ahmed .	Susan Ahmed Tammam ,	Assiut : 2002 .	THE PRESENT INVESTIGATION AIMED AT STUDING THE ENVIRONMENTAL STRESSES AND WATER USE EFFICIENCY BY PLANTS .		
1315	9395372	Study of the population ecology of some desert plants /	Abdel-Wahab,Usama Ahmed .	Usama Ahmed Abdel-Wahab ,	Aswan : 1993 .	THE MAIN GOAL OF THIS WORK IS TO HELP TO MAINTAIN THE BALANCE BETWEEN THE SUSTAINABLE UTILISATION OF MEDECINAL PLANTS AND THEIR CULTIVATION IN WADI ALLAQI TO ENSURE THAT OVER-USE DOES NOT OCCUR,IN ACCORDANCE WITH ALLAQI'S DESIGNATION AS A CONSERVATION AREA .		
1316	9395425	The mangaeto hydrodyanmic approximation for ratating toroidal plasma /	Hammed,Hussein El-Sayyed Hassan .	Hussein El-Sayyed Hassan Hammed ,	Assiut : 1985 .	THE THESIS CONSISTS OF AN INTRODUCTION AND THREE CHAP-TERS THERE ARE SEVERAL REACTIONS AMONG THE LIGHT ELEMENTS WHICH MIGHT BE SUITABLE FOR THE GENERATION OF FUSION POWER OF THESE,THE DUTERIUM-TRIUM(D-T)REACTION HAS THE HIGH-ESTCROSS SECTION AL LOW ENERGY AND ALSO REIEASESAVERY LARGE QUANTITY OF ENERGY .		
1317	9395468	Sstudies on Aquatic fungi of egyptian on soil (Delta region) /	Ibraheem,Esam Hosney Ali .	Esam Hosney Ali Ibraheem ,	Assiut : 1993 .	THE PRESENT INVESTIGATION WAS DONE TO STUDY THE SEASONAL FLUCTUATIONS (THE FIRST PART) AS WELL AS THE OCCURRENCE AND DISTRIBUTION OF AQUATIC FUNGI IN SOIL SAMPLES COLLECTED FROM NILE DELTA AND SUEZ CANAL REGIONS INCLUDING 11 GOVERNORATES .		
1318	9395654	ECOLOGICAL AND PHYSIOLOGICAL STUDIES ONFRANKIA-CASURINA SYMBIOSIS IN EGYPT	Abdel-karim,Mammdouh Mahmoud .	Abdel-karim,Mammdouh Mahmoud ,	qena : 2004 .	the effect of storage time and temerature on the infectivity and effectiveness of frankia entrapped in polyacrylamide gelwas studied. four frankia-casurarian strains were tested for their infectivity and effectiveness on c.equisetifolia plants.		
1319	9395735	Studies on the effect of salt and drought stress on growth and rhizobium symosis of lablab purpureus (L.)sweets. in Aswan ereas /	Younis,Magdi Ali Mohamed .	Magdi Ali Mohamed Younis ,	Aswan : 1993 .	THE AIM OF THE PRESENT INVESTIGATION WAS TO STUDY THE EFFECT OF SALINITY "SODIUM CHLORIDE" AND NODULE EFFECIENCY OF LABLAB PURPUREUS (L.) SWEET ,A GENOTYPE NATIVE TO ASWAN AND OLD NUBIA AREAS .		
1320	9395930	STRIPPING VOITAMMETRIC STUDY OF COPPER (II)IONS ON GOLD AND GOLD - POIYPYRROIE MODIFIED EIECTRODE BEARING 5-SUIFOSALIC ACID/	AHMED,AMIRA YEHYA MOHAMED	AMIRA YEHYA MOHAMED AHMED	2006	THE GENEREAL SCOPE OF THE PRESENT THESIS IS THE STRIPPING VOITAMMETRIC STUDY OF COPPER (II)IONS ON GOLD AND GOLD - POLYPYRROIE MODIFIED ELECTRODE BEARING 5-SUIFOSALICYLIC ACID		
1321	9396218	STUDIES ON INDUCTION OF 49KDA APYRASE DURING GERMINATION OF PISUM SATIVUM L.VAR.ALASKA/	Moustafa,Mahmoud Fawzy Mahmoud .	Moustafa,Mahmoud Fawzy Mahmoud,	Matsu yama,Japan: 2004 .	IN THE PRESENT STUDY WE USED 2D-PAGE AND WESTERN BLOTTING TO INVESTIGATE THE EXPRESSION OF DIFFERENT ISOTYPES OF APYRASE (EC3.6.1.5) DURING IMBIBITION ,GERMINATION AND INTIAL GROWTH OF PEA (PISUM SATIVUM L.VAR.ALASKA) SEEDLINGS IN THE DARK .		
1322	9396227	Physiological studies on some aspects of bacterial pathogenesis in some plants /	Farghaly,Marwa Mohamed .	Marwa Mohamed Farghaly ,	Sohag : 2006 .	The information presented in this THESIS is valuable to ward understanding molecular basis of the relationship of pathogen to host during pathogenesis,such understanding might eventually lead to plan strategies and design biotechnological protocols[genetic engineering or tissue culture techniques]to preduce disease resistant crops based this explanation in the results of this research are put in hands of plants molecular biologists and biotechnologists to extend their research towards the ultimate goal .		
1323	9396236	Deficient spline aproximations forsolving second order defferintial equations /	Mahmood,Mohamed Ahmed Hussien .	Mohamed Ahmed Hussien Mahmood ,	Assiut : 1984 .	This thesis is concerned with the numerical solution of seconed order initial value problems in ordinary differential equations .		
1324	9396238	Response of some sorghum cultivars to salt stress and hormonal treatment /	Abdel-Latef,Arafat Abdel-Hamed .	Arafat Abdel-Hamed Abdel-Latef ,	Qena : 2002 .	THE RESULTS OBTAINED IN THE PRESENT WORK CLEARLY DEMONSTRATED THAT THE THREE SORGHUM CULTIVARA STUDIED DISPLAYED DISTINCT VARIATION IN SALINITY TO LERANCE DURING VEGETATIVE GROWTH STAGE THE MAIN EXPERIMENT RESULTS CAN BE BRIEFLY SUMMARIZED .		
1325	9396239	EVALUATION OF MATASTATIC SPINAL LESIONS UTILIZING MRI AND 99M TC MDP BONE SPECT=	EL MONEM , SHERIF SHARKAWY ALY ABD	SHERIF SHARKAWY ALY ABDEL EL MONEM	SOHAG 2003	OUR STUDY INCULDED 30CANCER PATIENTS FOR WHOM FULL HISTORY TAKING PHYSICAL EXAMINATION,BONE SCANNING AND SPINAL SPINAL SPECT,AND SPINAL MRI EXAMINATION WERE PERFORMED		
1326	9396329	Studies on the mycoflora of pens and feedstuffs of cattle and chicken in upper Egypt /	Gherbawy,Yousuf Ahmed Mohamed M .	Yousuf Ahmed Mohamed M Gherbawy ,	Assiut : 1989 .	DURING THE LAST THREE DECADES SPECIAL ATTENTION WAS PAID TO PROVIDE INFORMATIONS ON THE INCIDENCE AND ACTIVITIES OF FUNGI IN POULTRY AND ANIMAL FEEDSTUFFS .		
1327	9396535	BIODIVERSITY OF AQUATIC FUNGI:FROM THE RIVER NILE TO THE SEA /	Abdel-aziz,Faten awad	Faten awad Abdel-aziz,	Qena : 2004 .	this investigation has been carried out to document biodiversity of higher aquatic fungi at seven sites in egypt,of which three are freshwater,two blackish and two saline sites.		
1328	9396620	PHOTOSYNTHESIS AND PHOTORES PIRATION OF CHLORELLA FUSCA AS REGULATED BY INTERACTION OF CARBON DIOXIDE WITH EITHER NITROGEN OR TEMPERATURE /	Ahmed,Huwida Abdel-kader	Huwida Abdel-kader Ahmed ,	Assuit : 2002 .	EXPECTED ELEVATION IN AT MOSPHERIC CO2 CONCENTRATION,PARSE,MAY AFFECT PHOTOSYNTHESIS THROUGH SEVERAL MECHANISMS.PROMINENT OF WHICH IS INCREASING SUBSTRATE CONCENTRATION FOR CARBOXY LATING ACTIVITY OF THE CARBON DIOXIDE FIXING ENZY ME RUBISCO SIMULTANEOUSLY WITH INHIBITED OXYGENATION ACTIVITY AKEY STEP IN PHOTORESPIRATION.		
1329	9396714	Bacteriological and physico-chemical examination of water from diffrent sources in sohag governorate /	Abo-Amer,Aly El-sayed Aly .	Aly EL-sayed Aly Abo-Amer ,	Assiut : 1994 .	This study was carried out on nine types of water which were which were collected from 66 diffrent sites of sohag governorate. All of these samples were collected through the period from novmber 1992 to november 1993 .		

1330	9396729	THE DIAGNOTIC VALUE OF THROMBOPOIETIN LEVEL MEASUREMENT IN THROMBOCYTOPENIN=	MOSTAFA , MONA SALEH	MONA SALEH MOSTAFA	SOHA G	2004	THE STUDY WAS PERFORMED ON FIFTY-EIGHT PATIENTS SUFFERING FORM THROMBOCYTOPENIA ,AND TEN APPARENTLY HEALTHY PERSONS AS A CONTROL GROUP		
1331	9396820	RETROSPECTIVE AND PROSPECTIVE STUDY OF INFANTILE PYLORIC STENOSIS IN SOHAG UNIVERSITY HOSPITAL=دراسة استعادية ومستقبلية لحالات ضيق الفتحة الوابية للرضع في مستشفى سو هاج الجامعي	KASIM , ABDIN KHAIR-ALLAH	ABDIN KHAIR-ALLAH KASIM	SOHA G	2000	IN THIS STUDY,27CHILDREN WITH INFANTILE PYLORIC STENOSIS WHO WERE MANAGED IN SOHAG UNIVERSITY HOSPITAL OVER A4- YEARS PERIOD HAVE BEEN STIDIES BOTH PROSPECTVELY AN RETROSPECTIVELY		
1332	9396839	Numerical studies in unconstrained optimization and some of its application /	El-Komboz,Mohamed Said Salim .	Mohamed Said Salim El-Komboz ,	Assiut :	1985 .	THE MAIN GOAL OF THIS THESIS,IS STUDIES IN UNCONSTRAINED OPTIMIZATION AND ITS APPLICATION IN: I-SOLUTION OF THE ALGEBRAIC MATRIX RICCATI EQUATION IN THE OPTIMAL CONTROL PROBLEMS		
1333	9396862	Mycoflora in air and air-dust in Egypt /	El-Ghazaly,Ahmed Barakat Ahmed	Assiut .		1987 .	II-SOLUTION OF TWO-POINT BOUNDARY VALUE PROBLEM . The main objective from this thesis is studying air-dust particles collected from different Egyptian Governorates are heavy polluted with viable fungal propagules .		
1334	9396883	PHYTOSOCLOLOICAL AND FLORISTIC STUDIES ON SALLUM AREA, EGYPT	Baayo,Khadija Ali Mustafa	Botany department - faculty of sciences - assuit university	Assuit	2005	THE PRESENT STUDY HAS BEEN CARRIED OUT TO ANSWER THE FOLLOWING KEY QUESTION :(1)WHAT ARE THE PRESENT STATUS OF THE FLORISTIC COMPOSITION OF THE VEGETATION IN THIS AREA ? (2)WHAT ARE THE MAJOR ENVIRONMENTAL GRADIENTS ASSOCIATED WITH THE OBSERVED PATTERNS OF PLANT COMMUNITIES ? IT IS HOPED THAT AN UPDATED FLORISTIC LIST AND DISTRIBUTION MAPS FOR THE PERENNIAL SPECIES OF THE SALLUM AREA WILL BE PERPARED.		
1335	9396954	ON RECORD VALUES AND ITS APPLICATIONS =	ABD EL-MOUGOD , GAMAL AMIN	GAMAL AMIN ABD EL-MOUGOD	SOHA G	2005	IN THIS THESIS ,WE PRESENT INFERENTIAL METHODS BASED ON RECORD VALUES .FIRST ,WE DERIVE THE THE SINGLE AND PRODCUT MOMENTS OF RECORD VALUES AND ESTABLISH SEVERAL RECURRENCE		
1336	9396975	AMBULATORY BLOOD PRESSURE MONITORING IN PATIENTS WITH CHRONIC RENAL FAILURE=متابعة قياس ضغط الدم المستمر في مرضى الفشل الكلوي المزمن	ABDALLA , SHARAF EL-DEEN SHAZLY	SHARAF EL-DEEN SHAZLY ABDALLA	SOHA G	2001	HYPERTENSION IS PREVALENT IN PATIENTS ON CHRONIC DIALYSISAND IS LIKELY ASIGNIFICANT CONTRIBUTOR TO HIGH CARDIOVASCULAR DEATH RATE IN THE ESRD POPULATION		
1337	9397070	The effect of metabolic inhibitors in the physiologicalactivities of some economic plants /	El-Enany,Abdel Wahab El-Sadek .	Abdel Wahab El-Sadek El-Enany ,	Assiut :	1986 .	THERE IS SOME EVIDENCE THAT THE TISSUES OF SOME PLANTS CONTAIN A VARIETY OF POLLUTIONS,INCLUDING CERTAIN META-BOLIC INHIBITORS,WHICH MAY ADVERSELY AFFECT PLANT GROWTH AND COMPOSITION .		
1338	9397145	Non-Hodgkin Lymphoma	Ahmed,Saher Nor eldeen	Saher Nor eldeen Ahmed,	Sohag :	2005 .	يوجد للرسالة ملخص باللغة العربية		
1339	9397187	demographic study on the woody vegetation in wadi al-allaqi, south - east egypt	Ibrahim , Ashraf hussein	Ashraf hussein Ibrahim	ASWAN	2006	the study area is located in the south-eastern desert of egypt wadi allaqi biosphere reserve is sutuated about 180km asouth of aswan,on the eastern side of lake nasser.		
1340	9397193	Sttudies on cellulose-decomposing fungi inriver Nile water at Qena /	Badran,Ramadan Ali Mohammed .	Ramadan Ali Mohammed Badran ,	Assuit :	1986 .	The aime of the present investigation :- 1-selection of adaaquate isolation medium and cellulosic baiting substrate(s) for their isolation in the field as well as in vitro. 2-seasonal periodicities of these fungi in water and mud samples. 3-studies on the production and activity of cellulase by some common cellulose-decomposing fungi .		
1341	9397216	CLINICO-EPIDEMIOLOGICAL STUDY OF EARLY BREAST CANCER IN SOHAG(RETROSPECTIVE STUDY)١	Mohammed,Ahmed El-Sayed	Ahmed El-Sayed Mohammed,	Sohag :	2004 .	تمثل هذه الدراسة نظرة من العمق على مشكلة سرطان الثدي المبكر ولها جانبان : الأول:يهدف الى إلقاء نظرة عالمية على مختلف جوانب ووبائيات هذا الموضوع. الثاني:يمثل نظرة نقد موضوعية خاصة بالمشكلة من خلال مراجعة ملفات المرضى الطبية الخاصة الكواجة بقسم علاج الأورام بكلية الطب.		
1342	9397273	Syudies on aquatic fungi in El-Ibrahimia Canal /	Khalilil,Abdel-Raouf Mahmoud Ahmed .	Abdel-Raouf Mahmoud Ahmed Khalilil ,	Assiut :	1984 .	In the work,it was aimed at studying the occurrence and popilation composition of freshwater phycomycetes in the biggest irrigation canal in Egypt {Ibrahimia Canal}in monthly collected surface water and submerged mud samples during the period from december 1981 to november 1983 .		
1343	9397285	Ecological and physiological studies on halophilic fungi in Egypt /	Abdel-sater,Mohammed Ahmed .	Mohammed Ahmed Abdel-Sater ,	Assuit :	1987 .	The presnt investigation was designed to study intensively the composition,numbers and frequency of occurrence of halophilic (or halotoerant) fungi from cultivated,desert and saline soils collected from different habitats in egypt .		
1344	9397310	Efeect of herbicidal auxins on physiological activities of some economic plants /	Abdel Rahman,Afaf M.Hamada .	Afaf M.Hamada Abdel Rahman ,	Assuit :	1987 .	The present investigation was concerned with growth changes produced by to herbicidal auxins 2,4-D and 2,4,5-T in various parts of the test plants sunflowers,bean and maize and has as its brime objective the role played by the two compounds .		
1345	9397411	Physiological and ecological studies of some microogansmis isolated saity soil in Egypt /	Mohammed,Hana Abdel-fatah .	Hana Abdel-fatah Mohammed ,	Assuit :	1990 .	This work embaces an extensive study of the microbial existence and activitienees in salt . affected soils of egypt . the following main points were taken into consideration:- 1-isolation and identification of bacteria (especially thoses belonging to the genus bacillus) and fungi . 2-test for the salt tolerance of different rhizobium isolates .		
1346	9397419	Taxonomic studies on the gnaphaliinae (Asteraceae-Inuleae) In Egypt /	Zareh,Momen Mostafa Mahmoud .	Momen Mostafa Mahmoud Zareh ,	Assiut :	1984 .	The pressent work deals with the systematic revision of the subtribe gnaphaliinae sensu amplo of tribe inuleae.the revision revealed the presence of eight genera withe 14 species .		
1347	9397468	Effects of some pesticides on soil mycoflora and some soil mycrobial activities /	Omer,Shukry Ahmed .	Shukry Ahmed Omer ,	Assuit :	1987 .	Three pesticides, Commonly used in Egypt, were employed in three doses the lowest is equivalent to the recommended field dose,to study yheir selective effects on the population of common soil fungi, soil respiration and when incorporated into the isolation agar medium .		
1348	9397496	My coflora and my cotoxins of cornins (zea mays L.)in Egypt .	Ahmed,Somya Toliman .	Somya Toliman Ahmed ,	Assuit :	1991 .	Corn(maize) serves both as ahuman food and as afeed forlives tock corn is produced from about latitude 50 n- which marks the northen limit of the growing area in Europe and Asia to about 40 S in south america .		
							The present investigation was designed to study :		

1349	9397499		Mycoflora associated with dates in Aswan area /	Nassar,Mortada Shaker Mahmoud .	Mortada Shaker Mahmoud Nassar ,	Aswan : 1986 .	1-survey of mesophilic,thermophilic and osmophilic fungi of fresh dates attached to tress during the different stages of development. 2-my colflora of 30 dry date samples representing 5 varieties in Aswan area mosmophilic,thermophilic and osmophilic. 3-seasonal fluctuations of air-borne fungi in data palm plantations and in the same periods of sampling to compare between the composition of these fungl associated with date fruits .		
1350	9397533		Effect of plant hormones and salinity on some physiological activities of some plants /	Eldeep,Bagig Ahmed Ali .	Bagig Ahmed Ali Eldeep ,	Assiut : 1984 .	The main experimental results can be summarised in the following points: 1- Salinization induced a considerable reduction in seed germination. 2- The fress-and dry matter yieds of salt affected plants were significantly reduced. 3- The mineral compisition of the test plants,showed somewhat variable respones to salinization treatments. 4-The production of soluble,insoluble as well as total carbohydrates by maize plants were reduced with the rise of salinizatin level. .		
1351	9397554		COMBINED CAUDAL AND GENERAL ANAESTHESIA IN CHILDREN -THE USE OF FENTANYL AND/OR CLONIDINE WITH LOCAL ANAESTHETICS AS A METHOD TO PROLONG THE DURATION OF SURGICAL ANALGESIA=	ABU ELWAFA,WESAM ABDEL GALIL	WESAM ABDEL GALILABU ELWAFA	Sohag 2000	IN SUMMARY ,ADDITION OF CLONIDINE OR FENTANYL OR MIXTURE OF BOTH DRUGS TO IOCAL ANAESTHETICS SIGNIFICANTLY PROLONGRD THE DURATION OF SURGICAL ANALGESIA AFTER A SINGLE SHOT CAUDAL INGECTION		
1352	9397620		Studies on the effects of salinty on growth and chemical composition of some plants /	Ismail,Ahmed Mohamed .	Ahmed Mohamed Ismail ,	Assiut : 1982 .	This work aimed to study the effects of different salinization treatments using either NaCl or combinations of each of NaCl & KCl;NaCl & Nah2 PO4 and NaCl & KH2 PO4 on transpiration,growth,pigment content,minerial composition and carbohydrate content of some crop plants,namely,broad bean,maize and sunflower .		
1353	9397633		ROLE OF COLOUR DOPPLER SONOGRAPHY IN EVALUATION OF LOWER LIMB VENOUS SYSTEM= DURING THIRD TRIMESTER PREGNANCY	HASAN,NAHLA MOHAMMAD ALI	,NAHLA MOHAMMAD ALI HASAN	2002	PREGNANCY MAY CAUSE IMPORTANT CHANGES IN VENOUS FUNCTION THAT MAY RESULT IN VASCULAR SYMPTOMS AND COMPLICATION.		
1354	9397638		Chemosystematic studies of the family geraniaceae in Egypt .	El-Karmey,Zeinab Ahmed R .	Zeinab Ahmed R El-Karmey ,	Assuit : 1983 .	This these deals with the chemosystematic of the family geraniaceae in egypt .		
1355	9397646		Physiological response of some medicinal plants to salinity	Ali,Refat Mohamed	Botany Department,Faculty of science,Assiut University	Assiut 1983	Soil culture technique was used to study the effect of different salinization treatments on germination;transpiration,water content,growth,pigment contents,photosynthetic activity,crbohydrate,nitrogen & alkaloid contents and mineral composition of the medicinal plants;Dature Stramonium,Hyoscyamus Muticus and Atropa Belladonna.		
1356	9397652		Studies on the weed flora of aswan area /	Shaheen,Abdel-Sami M .	Abdel-Sami Moustafa Mohammed Shaheen ,	Assiut : 1987 .	The present study deals with the weed flora of Aswan Area. Its aim is to investigate the likely relationships between crops (units offarmed ecosystem) and the weed assemblages associated with them .		
1357	9397672		Studies on phytoplankton of the Nile sestem in Upper Egypt /	Ahmed,Zeinab Abdel Fatah .	Zeinab Abdel Fatah Ahmed ,	Assiut : 1983 .	This investigation embraces some field studies on three types of water areas at SSohag (the Nile,an irrigation canal and closed Fish pond).These studies were performed monthly from May 1981 to October 1982(18 month)to follow the variatios in physico-chemical characteristics and phytolankton populations as well .		
1358	9397674		THE EFFECTS OF ADENOIDECTOMY,TONSILLECTOMY AND ADENOTONSILLECTOMY ON THE EUSTACHIAN TUBE FUNCTION AND MIDDLE EAR PRESSURE=	MOHAMED,ABDEL-KAREEM SAYED	ABDEL-KAREEM SAYED MOHAMED	sohag 2001	DYSFUNCTION OF EUSTACHIAN TUBE HAS IONG BEEN WIDEIY ACCEPTED AS AN IMPORTANT CONTRIBUTORY CAUSE OF DISEASES OF MIDDLE EAR NEGATIVE MIDDLE EAR PRESSUER IS AN EARLY SIGN OF IMPAIRED TUBAL FUNCTION .		
1359	9397700		Physiology of some Nile Algae /	Mohamed,Refat Abdel Basset .	Refat Abdel Basset Mohamed ,	Assiut : 1983 .	The dominant green nile alage,chlorella vulgaris,scenedesmus obliquus and Ankistrodesmus Falcatus were experimented with during this investigation.Unialgal cultures of each were used to cast light upon physiology of each of these representatives .		
1360	9397744		Taxonomic revision of the Genus erodium l'herit in Egypt /	Al Naggar,Salah Mohamed Ibrahim .	Salah Mohamed Ibrahim Al Naggar ,	Assiut : 1982 .	The revision of Erodium species in Egypt is based on herbarium specimens deposited in CAT and AST {Assiut university herbarium,proposed abbreviation}, as well as field studies .		
1361	9397746		BLADDER CANCER BILHARZIAL&NON-BILHARZIAL A RETROSPECTIVE STUDY =	(NOUH,MOHAMED (AHMED ABD EL-MONEN	MOHAMED (AHMED ABD EL-MONEN NOUH,	2000	HE PRESENT STUDY WAS CONDUCTED UPON 451 PATIENTS SUFFERING FORM BLADDER CANCER,383 PATIENTS WERE BILHARZIAL AND 68 CASES WERE NON-BILHARZIAL,IN THE UROLOGY DEPARTMENT,SOHAG UNIVERSITY HOSPITALS,IN THE PERIOD FROM 1993 1999.		
1362	9397752		Soil fungi in state of Qatar /	Al-Suabi,Aisha Abdulla Turkey .	Aisha Abdulla Turkey Al-Suabi ,	Assuit : 1983 .	The present study was designed to study intensiveley soil fungi and their distribution in various localities and habitats. For this purpose,42 soil samples were collected and assayed for their fungal content and for some of physical and chemical properties .		
1363	9397755		Mycoflora and aflatoxin of cotton seeds and cotton seed products /	Hessien,Sabh Saber Mohamed .	Sabh Saber Mohamed Hessien ,	Assiut : 1982 .	The important of fungi in the deterioration of foods and feed stuffs: The conditions of tropical and subtropical regions of the globe {70 to 100 percent humidity,> 80 F}are most favourable for the rapid proliferation of fungi .		
1364	9397756		EFFECT OF INTRATHECAL MIDAZOLAM ON THE ANALGESIC ACTION OF SPINAL BLOCKADE WITH BUPIVACAINE IN PATIENTS UNDERGOING HAEM ORRHOIDECTOMY=	ALI, HITHAM MOHAMMED	, HITHAM MOHAMMED ALI	2003	THIS SYUDY WAS CARRIED OUT IN SOHAG UNIVERSITY HOSPITAL IN THE DURATION FORM GANUARY 2002 TO GANUARY 2003 AND INCLUDED 45 PATIENTS (ASA I-II)WITH AGE 20-40YEARS.		
1365	9397758		Some physiological studies on fungi isolated from poutry feedstuffs /	Mahmoud,Ahmed Lotfy El-Sayed .	Assuit :	1988 .	One hundred and ten samples representing five ingredients of poultry feeds were mycologically examined.The poultry feed ingredients included soybean meal,ground maize,cotton-seed cake,wheat bran and fish meal .		
1366	9397760		Selective effect of some pesticides on mycoflora and mycotoxins production in corn grains and sunflower seeds /	Hasan,Hassan Ahamed Hassan .	Hassan Ahamed Hassan Hasan ,	Assuit : 1988 .	The aim of the present investigation substantial economic losses of foods and feeds occur yearly due to deterioration by moulds .		

1367	9397765	Production of microbial protein of an applicable value from a methanol utilizing bacterium /	Ahmed,Arafa Ibraheim Hamed .	Arafa Ibraheim Hamed Ahmed ,	Aswan :	1989 .	The aim of the present investigation are : A)to identify ared-pigmented methanol utilizing bacterium . B)to study thepossile production of avaluble microbial science cell protein(scp) under static conditions .		
1368	9397766	Effect of some detergents on some mycological activities in egyptian soil /	Abuel-Fadel,Ahmed .	Ahmed Abuel-Fadel ,	Qena :	2000 .	The present investigation aimed at studying the effect of some detergents on some mycological activities in egyptian soil .		
1369	9397767	Studies onphytopalankton of some polluted waters in Assuit area /	Essa,Ahmed Abdel-Salam Hassan .	Ahmed Abdel-Salam Hassan Essa ,	Assuit :	1989 .	This investigation represents a comparative study of the chemistry and phytoplankton composition of water samples collected from nile,irrigation canals and aclosed pond in Assuit area .		
1370	9397771	Plant as indicators in the eastern desert,Egypt /	El-Soghair,Mohamed Aly .	Mohamed Aly El-Soghair ,	Aswan :	1987 .	The present work related to branch of ecology which is called geobotanical indication this comprising the study on relationship between the plant community and geological formation and application of individual deset species in biogeochemical prospecting .		
1371	9397776	STUDIES ON FUNGAL FLORA OF AERIAL PART OF SOME MEDICINAL PLANTS AND EFFECT OF SOME PLANT EXTRACTS ON THEIR PATHOGENIC FUNGI /	SALEH,FULL EL-NADA MOHAMED.	FULL EL-NADA MOHAMED SALEH,	QENA :	2000 .	TWO MEDICINAL PLANTS,MATRICARIA CHAMOMILLO L.(CHAMOMILE)AND(CUMIN)WERE USED AS NATURALLY INFECTED PLANTS WITH POWDERY MILDEWS DISEASE AND CULTIVATED OF FARMACY ASSUIT UNIVERSITY.		
1372	9397942	STUDIES ON THE METABOLISIM OF SOME SUGARS AND SUGAR ACIDE IN FUNGI /	Abdel-fatah,Osama Mohamed.	Osama Mohamed Abdel-fatah,	Qena :	1998 .	MOST OF THE STUDIES REPORTED ON THE MULTIPLE BRANCHES OF CARBOHYDRATE METABOLISM IN MICROORGANISMS REVOLVE AROUND GLUCOSE AND ITS DERIVATIVES (RAWN 1983 B),WHILEAS ONLY FEW REPORTS WERE CARRIED OUT ON THE METABOLISM OF OTHER CARBOHYDRATE INCLUDING GALACTOSE AND GALACTONIC ACID .		
1373	9397991	Numerical treatment of constrained optimization its applications /	Zahrn,Mosa Mohamed .	Mosa Mohamed Zahrn ,		1995 .	OUR OBJECTIVE OF THIS THESIS,WHICH CONSISTS OF FOUR CHAPTERS,IS TO INTRODUCE TWO NEW NUMERICAL METHODS FOR SOLVING CONSTRAINED OPTIMIZATION PROBLEMS BY USING THE APPROACH OF PENALTY FUNCTION WITH THE PARTIAL QUADRATIC INTERPOLATION (PPQI) METHOD IN UNCONSTRAINED OPTIMIZATION PROBLEMS (EL-GINDY 1977).ALSO WE USE THESE METHODS TO SOLVE BOTH LINEAR AND NON-LINEAR OPTIMAL CONTROL PROBLEMS USING OUR PROPOSED METHOD .		
1374	9398047	POSTPARTUM OVARIAN RESUMPTION IN CATTLE IN SOUTH VALLEY =	AHMED, AHMED EZZAT	AHMED EZZAT AHMED	sohag	2006	OUR REASEARCH AIMED TO STUDY THE POSTPARTUM OVARIAN RESUMPTION OF FRIESIAN COWS IN A DAIRY STATION IN QUENA PROVINCE,EGYPT .THOSE ANIMALS WERE CHARACTERIZED BY MULTIPLE AND LACTATION PERIODS THAT VARIED FORM ONE TO SEVEN CALVING ,		
1375	9398154	INDUCTION OF HEPATITIS C VIRUS-SPECIFIC CYTOTOXIC T LYMPHOCYTES IN MICE BY IMMUNIZATION WITH DENDRITIC CELLS TRANSDUCED WITH REPLICATION-DEFECTIVE RECOMBINANT ADENOVIRUS =	AZIZ, NADA ABDEL-MOHSEN MOHAMED ABDEL-	NADA ABDEL-MOHSEN MOHAMED ABDEL-AZIZ	SOHA G	2003	HEPATITIS IS A MAGOR GLOBAL HEALTH PROBLEM THROUGHOUT THE WORLD.THE WORLD HEALTH ORGANIZATION (WHO)ESTIMATED THAT AS MANY AS 170 MILLION PERSONS,OR ABOUT 3%OF THE WORLD.S POPULATION		
1376	9398157	RESIDUATED MAPPINGS AND THEIR PROPERITIES /	MOHAMED,ISMAIL ABD EL-MAGEED	ISMAIL ABD EL-MAGEED MOHAMED ,	SOHA G :	1994 .	THIS THESIS CONCERNS WITH THE STUDY OF SOME PROPERITIES OF THE RESIDUATED MAPPINGS. IT IS DIVIDED INTO THREE CHAPTERS. IN CHAPTER I ,WE SHALL GIVE THE NECESSARY AND SUFFICIENT CONDITION FOR A MAPPING BETWEEN ANY TWO POSETS TO BE RESIDUATED		
1377	9398159	ECOLOGICAL STUDIES ON THE ALGAL FLORA OF EGYPTIAN SOILS AT SOHAG DISTRICT /	Ali,Zakaria Atia Mohamed.	Zakaria Atia Mohamed Ali,	assuit :	1993 .	THE PRESENT WORK IS ACONTRIBUTION TO THE STUDY OF THE ALGAL ORGANISMS INHABITING THE DIFFERENT TYPES OF SOILS IN UPPER EGYPT.		
1378	9398217	Effects of some pesticides on photosynthesis and some related ohysiological activites in some plants /	Sayed,Osman Hendawy.	Osman Hendawy Sayed,	Assiut :	1981 .	In this investigation,the effect of various levels of parquat (herbicide), Lannate (insecticide) and benlate (fungicide)Upon plant water relations,growth,pigente cintent,Photosynthetic activity and chemical -and mineral composition of sunflower ,cotton and cowpea plants were studies.		
1379	9398418	ROLE OF MRI IN DIAGNOSIS OFMUL TIPLE SCLEROSIS=	ESMAEL,USAMA EL-SAYED	USAMA EL-SAYED ESMAEL		2002	MULTIPLE SCLEROSIS (MS)IS A CHRONIC,RELAPSING DISORDER THAT AFFECTS THE CENTRAL NERVOUS SYSTEM AND CHARACTERIZED BY MULTIPLE DEMYELINATING LESIONS IN TIME AND SPACE.		
1380	9398421	PRODUCTON OF DRUGSLOWERING BLOOD CHOLESTEROL LEVEL BY FUNGI /	ALI,SAFAA MOHMOUD HUSSEIN.	SAFAA MOHMOUD HUSSEIN ALI,	ASSUIT :	2001 .	THE PRESENT INVESTIGATION WAS DESIGNED TO STUDY THE POTENTIALITIES OF STSTINS PRODUCTION BY 574 ISOLATES OF FUNGI BELONGING TO 13 GENERA AND 46 SPECIES IN ADDITION TO FOUR SPECIES VARIETIES.		
1381	9398451	Growth of sulphate crystal and study of their high temperature phase transition /	El-Maghraby,El-Maghraby Mohamed A	El-Maghraby Mohamed A El-Maghraby .	Assiut :	1992 .	Since many years,researches were conducted for artifical crystais with useful applications in electronic equipment.during the seconed world war, interest was given for producing large crystals which were the heart of sonar equipment for detecting submarines.		
1382	9398609	SOME PHYSICAL PROPERTIES OF CDO-CONTAINING GLASSES /	ABD ALREHEM,MARGHN EI MOHAMED	MARGHNEI MOHAMED ABD ALREHEM .	QENA :	1991 .	CADMIUM BORATE GLASSES IN THE SYSTEMS CD0-B2 03 AND CD0-B2 03-SiO2 WERE PREPARED BY MELTING THE APPROPRIATE BATCH COMPOSITION IN PT-RH CRUCIBLES AT 900 TO1200 C .		
1383	9398610	POSTOPERATIVE ANALGESIC EFFECT OF INTRATHECAL NEOSTIGMINE AND ITS INFLUENCE ON SPINAL ANESTHESIA=	BADAWY , FAWZY ABASS	FAWZY ABASS BADAWY	SOHA G	2000	OUR STUDY WAS CARRIED OUT ON 48 PATIENTS ASKING FOR POST OPERATIVE ANALGESIA AFTER HEMORRHOIDECTOMY UNDER SPINAL ANESTHESIA,THIS STUDY WAS DONE AT SOHAG UNIVERSITY HOSPITAL		
1384	9398617	Growth of ADP creystals and investigations about ITs hich temperature phase transition /	Amin,Susan Abd El-Wahab	Susan Abd El-Wahab Amin .	Assiut :	1993 .	Ammonium dihydrogen phosphate, NH4 H2 Po4{hereafter ADP}belongs to the family of isomorphous hydrogen-bonded ferroelectrics of the potassium dihydrogen phosphate KH2 Po4 (KDP)type.		
1385	9398668	THE MAGNETIC FIELD EFFECTS ON SOME PROBLEMS IN MICROPOLAR FLUIDS /	AHMED,GHANIM IBRAHIM	GHANIM IBRAHIM AHMED ,	ASSIU T :	1997 .	OUR AIM IN THIS THESIS ,IS TO STUDY THE MAGNETIC FIELD EFFECTS ON SOME PROBLEMS IN MICROPOLAR FLUIDS		
1386	9398713	ELECTRICAL AND DIELECTRIC PROPERTIES OF BATIO3-LOADED POLYVINYL CHLORIDE /	ALI,KARAM ABDEL-ATTI IBRAHIM	KARAM ABDEL-ATTI IBRAHIM ALI .	ASWAN :	1991 .	IN THE PRESENT WORK, A SERIES OF COMPOSITES OF PLASTICIZED PVC BLENDED WITH BATIO3 CERAMIC WERE PREPARED .		

1387	9398752	Photoconductivity of hydrogenated amorphous silicon /	Ahmed,Hosney Mohamed Aly	Hosney Mohamed Aly Ahmed	Aswan	1992	Ther has been a considerable and growing interest in theoretical and experimental investigations of the properties of hydrogenated amorphous silicon {a-Si:H}. The optical properties of the sambles were studied after being quenched and annealed at different temperatures to room temperature.		
1388	9398778	Studies on the effects of salinity on growth and chemical composition of some plants /	Esmail,Ahmed Mohamed.	Ahmed Mohamed Esmail,	Assiut	1982	This work aimed to study the effects of different salinization treatments using either NaCl or combinations of each of NaCl & KCl ; NaCl & NaH2PO4 AND NaCl & KH2PO4 on transpiration ,growth ,pigment,contents,mineral composition and Carbohydrate content of some crop plants ,namely,broad bean,maize and sunflower.		
1389	9398803	Effect of melatonin on reproduction in female rabbits	Ahmed,Hoda Mostafa.	Hoda Mostafa Ahmed,	SOHA G:	2001	يوجد للرسالة ملخص باللغة العربية يحتوي على (دراسة تأثير الميلاتونين في جرات مختلفة عن طريق الحقن في الغشاء البريتوني يوميا الساعة السادسة مساء على الوظائف التناسلية لاثلاث الانثب الصغيرة البالغة هذاويغزى تأثير الميلاتونين على الحمل الى عدة عوامل منها : التأثير السلبى للميلاتونين على المبايض مما يؤدى الى نقص افراز هرمونى الاستراديول والبرجسترون مما يؤدى الى-1- التأثير السلبى على الحمل (التأثير المباشر للميلاتونين على الرحم-2).		
1390	9398835	HEAT TREATMENTS AND CORROSION RESISTANCE MEASUREMENTS OF RF PLASMA NITREDED 304 STAINLESS STEEL /	KHALIL,SAYED MOHAMMED	SAYED MOHAMMED KHALIL	SOHA G :	1991	NITRIDING PROCESS IS A WELL KNOWN TECHNIQUE FOR IMPROVING THE MECHANICAL PROPERTIES OF STAINLESS STEEL .		
1391	9398874	NOVEL SYNTHESIS OF HETEROCYCLIC COMPOUNDS FORM 9,10-DIHYDRO- ANTHRACENE-9,10-ENDO-?,B-SUCCINIC ANHYDRIDE-	DARDEER , HEMMAT MOHAMED	HEMMAT MOHAMED DARDEER	Qena	2005	BECAUSE OF THE WIDE PHARMACOLOGICAL APPLICATIONS OF PYRROLE,PYEIMIDINE AND CONDENSED PYRIMIDINE,THE AIM OF THIS WORK IS TO SYNTHESIZE NEW DERIVATIVES OF PYRROLE AND PYRIMIDINE CONDENSED WITH ANTHRACENE IN POSITION 9AND10 VIA THE 9,10-DIHYDROANTHRACENE-9,10		
1392	9398891	MYCOBIOTA AND MYCOTOXINS OF COFFEE FRUITS INYEMEN /	AL-KOLAIBE,ABDU MOHAMMED GHALIB.	ABDU MOHAMMED GHALIB AL- KOLAIBE,	ASSUIT :	2002	THISWORK WAS UNDERTAKEN TO STUDY EXTENSIVELY THE MYCOBIOTA AND MYCOTOXINS OF COFFEE FRUITS AND BEANS COLLECTED FROM DIFFERENT TOCALITIES IN YAMEN REPUBLIC.		
1393	9398937	ON THE USE OF SIMPLE TECHNIQUES FOR PREPARING A SILICON SOLAR CELL /	AMER,AMER ABD-ALLAH EL- KORASHY	AMER ABD-ALLAH EL-KORASHY AMER	Assiut	1981	The original aim of this work was to make a study on MIS stuctures using silicon for energy conversion. It was planned to study the effect of interfacial surface properties and to look for the appropriate matching conditions to improve cell efficiency .		
1394	9398954	A study of fixed points for mappings in metric and 2-metric spaces /	Ahmed,Ahmed El-Sayed .	Ahmed El-Sayed Amed ,	Sohag	1997	FIXED POINT THEORY IS ABRANCH OF MATHEMATICS HAVING AWIDE SPECTRUM OF APPLICATIONS IN NET ONLY AREAS OF MATHEMATICS,BUT ALSO IN MANY PRACTICAL FIELDS SUCH AS PHYSICS AND ECONOMICS .		
1395	9399023	FUNGAL CONTAMINATION OF WHEAT GRAINS DURING STORAGE AND ITS EFFECT ON MYCOTOXINS PROBUCTION AND GRAIN QUALITY /	AL-ABSSY,AMER ALI MOHAMED.	AMER ALI MOHAMED AL-ABSSY,	ASSIUT :	2002	THE PRESENT STUDY FOCUSED TO WARDS STUDING THREE OBJECTIVES .1- MYCOBIOTA OF THE SAMPLES 2-MYCOTOXIMS EITHER NATURALLY OCCURRED IN THE SAMPLES OR PRODUCED BY ISOLATES COLLECTED FROM TGESE SAMPLES AND 3-GRAIN QUALITY.		
1396	9399043	Growth and Properties of Ferroelectric Crystals /	ABD EL-AZIZ,ABD EL-AZIZ ABU EL-FADL	ABD EL-AZIZ ABU EL-FADL ABD EL-AZIZ	Assiut	1981	Crystal growth can be caaled, in a wide sense, the science and technology of controlling phase transitions that lead to (single crystalline) solids. It was necessary in Egypt to enter the field of growing single crystals, specially the ferroelectrics for their wide applicability in modern technology.		
1397	9399044	DIELECTRIC PROPERTIES OF SYNTHETIC FIBRES NYLON-6 /	GERGES,MELAD KOSTENS	MELAD KOSTENS GERGES,	ASSUIT :	1977	THE PRESENT WORK IS CONNECTED WITH THE STUDY OF THE EFFECT OF PARTICLE SIZE AND MOISTURE CONTENT ON THE DIELECTRIC BEHAVIOUR OF NYLON-6		
1398	9399050	Study of Physical properties of clay of the High Dam lake at Aswan and it's applications /	Mohamed,Ali Ibrahim	Ali Ibrahim Mohamed	Aswan	1993	Sience the foundation of the High Dam at Aswan, yhe suspended in silt load of the Nile flood was annually deposited in the High Dam lake.The bulk deposits accumulated along years from a major problems.		
1399	9399097	EXCITATION AND INOIZATION OF ALKALI VAPOURS INDUCED BY LASER RADIATION /	ABDEL- RAHMAN,HUSSEIN ABDEL-KAFEZ	HUSSEIN ABDEL-KAFEZ ABDEL- RAHMAN	SOHA G :	1997	IN THE PRESENT WORK AMODIFIED MODEL,WHICH IS PREVIOUSLY DEVELOPED AND SUCCESSFULLY INTERPRET THE EXPERIMENTAL RESULTS ON LASER INDUCED IONIZATION DASED ON RESONANCE SATURATION OF SODIUM VAPOR ATOMS,IS APPLIED TO INVESTIGATE THE PHYSICAL PROCESSES INVOLVED IN CESIUM PLASMA FORMED BY RESONANTLY LASER EXCITATION .		
1400	9399102	A STUDY OF THE STRUCTURAL PROPERTIES OF CHALCOGENIDE GLASS IN THE (GE-S-BI)SYSTEM /	MAHDY,EL HOSSIENY EL TAHER	EL HOSSIENY EL TAHER MAHDY	QENA	2000	Amorphous Semiconductorsالامورفيةالموصلات بدراسة اتيابه الموصلات لاسباب متعددة اهمها سهولة تحضيرها ورخص ثمنها وكذلك تميزها بخواص فيزيائية قد لا تتوفر في اتيابه الموصلات البلورية Chalcogenide System والنظام الكالكوجيني هو سبيكة من اتيابه الموصلات الامورفية تحتوي على واحد(على الاقل)من عناصر الكبريت S او السيلينيوم Se والتيلوريوم Te .		
1401	9399105	STUDIES ON SOME HEAVY METALS IN THE ATMOSPHERE OF QENA /	KASEM,MOHAMED M.NASSARY	MOHAMED M.NASSARY KASEM,	ASSUIT :	1984	QENA LIES IN UPPER EGYPT ABOUT 600 KMS FOR FROM CAIRO IT IS SURROUNDED BY EASTERN AND WESTERN HILLS,MAJORITY OF POPULATION CROWDING NEAR EDUCATIONAL,HEALTH ,POLICE,FINANCIAL...SERVICES.INHABITANTS HAVE MANY ACTIVITIES SUCH AS AGRICULTURE,CERAMICS,MECHANICAL AND HANDWORK,AUTOMOBILES DRIVING AND BUILDING MATERIALS MANUFACTURE,etc		
1402	9399106	STUDIES ON SOME FRESHWATER ALGAE AS AFFECTED BY MOLLUSCICIDES IN ASSIUT REGION /	MOHAMED,SHEREN EL-TAWEL.	SHEREN EL-TAWEL MOHAMED,	ASSIUT,EGYPT :	2006	The presented THESIS aimed to study freshwater Algae as Affected by Molluscicides in Assiut region.		
1403	9399108	CRYSTALLIZATION AND SEMICONDUCTING PROPERTIES OF SOME THALLIUM COMPOUNDS /	MOHAMAD,KHALED MAHMOUD	KHALED MAHMOUD MOHAMAD	QENA	2000	A SOLID IS CRYSTALLINE OR NOT DOES NOT DEPEND ON ITS APPEARANCE OR MACROSCOPIC FORM.CRYSTALSRE WHOSE ATOMS ARE DISTRIBUTED IN SPACE IN AN ORDERED PATTERN.THE IS LONG-RANGE,I.E. THE PATTERN REPEATS ITSELF EXACTLY MANY TIMES		
1404	9399116	RADIATION SHIELDING PROPERTIES OF SOME NATURAL ROCKS IN UPPER EGYPT /	UOSIF,MOHAMAD AMIN MAHMOUD	MOHAMAD AMIN MAHMOUD UOSIF	QENA	1996	AIM OF PRESENT WORK TO STUDY RADIATION SHIELDING PROPERTIES OF SOME NATURAL ROCKS IN UPPER EGYPT .		
		Study of Somephysical properties of some	Isamy,Mohamed Tag-	Mohamed Tag-AI	Sohag		Through out this work,the flash method is used to study the thermal properties namely, the thermal heat capacity,the thermal conductivity and the thermal diffusivity of some carbonate materials.		

1405	9399132	Carbonates at high temperatures /	AIDen Mostafa	samy	:	1994	The used apparatus was calibrated using a standar Al ₂ O ₃ single crystal sample.		
1406	9399170	DEMOGRAPHIC STUDY ON THE WOODY VEGETATION IN WADI AL-ALLAQI, SOUT-EAST EGYPT /	Ibrahim,Ashraf Hussein,	Ashraf Hussein Ibrahim,	ASWAN, EGYPT	2006	The study area is located in the south Eastern Desert of Egypt Wadi Allaqi Biosphere Reserve is situated about 180KM south of ASWAN ,on the eastern side of Lake Nasser between latitude 22'and 23' N,and longitude 33' and 35' E. This study is of special importance for the populations of trees and shrubs that are continuously subjected to overuses, cutting, overgrazing and other constraints.		
1407	9399183	Studied on the attenuation of light in the atmosphere of Qena «Upper Egypt»	Mohamed,Badry El Nobl	Physics Departent, Faculty of science, assiut university	Qena	1990	The sun is main source of energy for atmospheric circulation. It emits energy almost entirely by radiation, a portion of which is intercepted by the earth and atmosphere. In fact the mean temperature of the globe is fairly constant, and thus the earth (including its atmosphere) must lose energy at the same rate as it is absorbed.		
1408	9399187	INFLUENCE OF THE PREPARATION CONDITIONS AND ANTIMONY OXIDE ON SOME OF FERROELECTRIC PROPERTIES IN (PB1-1.5X LAX)TiO ₃ CREAMICS /	ALY, HESHAM AHAMED KAMAL	HESHAM AHAMED KAMAL ALY	QENA	1996	AIM TO WORK TO STUDY INFLUENCE OF THE PREPARATION CONDITIONS AND ANTIMONY OXIDE ON SOME OF FERROELECTRIC PROPERTIES IN (PB1-1.5X LAX)TiO ₃ CREAMICS .		
1409	9399213	STUDIES ON ENTOMOPATHOGENIC FUNGI OF CEREAL APHIDS INFESTING WHEAT PLANTS IN ASSIUT, EGYPT /	HAMAM, GAMAL HAMAM ABDEL-ALEEM.	GAMAL HAMAM ABDEL-ALEEM HAMAM,	ASSIUT	2003	THE OBJECTIVE OF THIS WORK WAS TO 1-SURVEY ENTOMOPATHOGENIC FUNGI OF CEREAL APHIDS INFESTING WHEAT PLANT SOUTHERN EGYPT 2-MONITOR THE SEASONAL INCIDENCE OF FUNGI ON CEREAL APHID SPECIES.		
1410	9399215	Heat, Salt and water budget of Lake Nasser /	Abd ellah, Ramadan Gad El-Rab	Ramadan Gad El-Rab Abd ellah	Aswan	1994	There is increasing awareness of the significant relationship between climate, continental water (lakes and rivers) and environment. The effect of climate hazards which regularly affect the River Nile are till now not understood.		
1411	9399225	EFFECTS OF SINTERING ON THE ELECTRICAL PROPERTIES OF SELENIUM POWDER COMPACT /	Negm, Nemat Zaki Mohamed	Nemat Zaki Mohamed Negm	Assiut	1981	A detailed study of sintering and allied changes of the electrical properties of selenium powder compacts was performed in the present work.		
1412	9399239	Studies of some properties of a rotating plasma /	Eiz Aldeen, Eiz Aldeen Fathy Taha Kotp	Eiz Aldeen Fathy Taha Kotp Eiz Aldeen,	Assiut	1995	A homopolar device was designed to enable a rotating plasma to be investigated in a low current CD discharge. The device includes three open windows right angle to the anode surface, one of them for measurements purpose, and two other to connect the device to the vacuum system and to argon gas cylinder.		
1413	9399249	Investigation of some physical properties of Ti ₂ Te and Ga ₂ Se single crystals /	Saleim, Abu Alwafa Abu almeref Mohamed	Abu Alwafa Abu almeref Mohamed Saleim,	Qena	1995	Practical use of materials, or solids, depends to a large extent on our ability to change or modify the properties of a certain specific material or group of materials.		
1414	9399311	PREPARATION OF SOME SEMICONDUCTOR COMPOUNDS AND MEASURING THEIR PHYSICAL PROPERTIES /	MOBARAK, MOSTAFA MOHAMED AHMED	DEPARTMENT OF PHYSICS (QENA), FACULTY OF SCIENCE, ASSIUT UNIVERSITY	QENA	1990			
1415	9399325	STUDY OF THE MECHANISM OF ENERGY TRANSFER IN SOME DIFFERENT SCINTILLATOR SYSTEMS IN PRESENCE AND ABSENCE OF SECOND SOLUTION /	ABDEL-AFIZ, MOHAMED HUSAM MAHMOUD	MOHAMED HUSAM MAHMOUD ABDEL-AFIZ	Assiut	1990	THE EFFICIENCY OF THREE DIFFERENT SOLVENTS (XYLENE, TOLUENE AND BENZENE) HAD BEEN INVESTIGATED IN BINARY LIQUID SCINTILLATION SOLUTIONS UNDER CS137 IRRADIATION IN PRESENCE AND ABSENCE OF AN EXTERNAL QUENCHER		
1416	9399368	PION-NUCLEON COUPLING CONSTANT AND LOW ENERGY AND DEUTERON PROPERTIES /	EL-SAYED, RAGAA ABU-DEEF OSMAN	RAGAA ABU-DEEF OSMAN EL-SAYED	SOHAG	1990	BY USING THE ONE PION EXCHANGE POTENTIAL (OPEP) WITH ELEVEN DIFFERENT VALUES OF THE PION NUCLEON COUPLING CONSTANT G ₂ IN THE 3S ₁ -3D ₁ COUPLED STATE, THE DEUTERON PROPERTIES AND LOW ENERGY PARAMETERS ARE CALCULATED BY USING THE METHOD OF REF		
1417	9399393	RECENT PHASE SHIFT ANALYSIS AND DEUTRON INTERACTION MODELS /	SULTAN, EMAD EL-DEEN A.M	EMAD EL-DEEN A.M SULTAN	Assiut	1990	FIVE LOCAL POTENTIALS FOR THE 3S ₁ -3D ₁ STATE HAVE BEEN OBTAINED BY FITTING THE RECENT EXPERIMENTAL SCATTERING PARAMETERS OF ARNDT ET AL (1970) AND THE BINDING ENERGY OF THE DEUTERON IN A COMPUTER SEARCH SCHEME		
1418	9399403	NATURAL RADIOACTIVITY SOME LOGGALLY ROCKS AND SOILS IN WADI-QENA /	EL-ARABI, ABD EL-GABAR MOHAMED	ABD EL-GABAR MOHAMED EL-ARABI,	Assiut	1991	WITH RECENT ADVANCES AND WIDESPREAD OF NUCLEAR REACTORS AND IN THE APPLICATIONS OF RADIOACTIVE ISOTOPES, IT IS OF CONSIDERABLE IMPORTANCE THAT ACCURATE DETERMINATIONS SHOULD BE MADE OF RADIOACTIVE ELEMENTS EXISTING IN THE NATURAL MATERIALS		
1419	9399430	PHYSICAL PROPERTIES OF SOME PHASES FROM TERNARY SEMICONDUCTOR COMPOUNDS /	ABO AL HASEN, ASHRAF MAHMOUD IBRAHIM	ASHRAF MAHMOUD IBRAHIM ABO AL HASEN	ASWAN	1991	NOWADAYS SEMICONDUCTOR COMPOUNDS PLAY AN IMPORTANT ROLE IN TECHNOLOGICAL DEVELOPMENT BECAUSE OF THEIR ATTRACTIVE CHARACTERISTICS SO, THEY CALL THE ATTENTION OF MANY PHYSICISTS TO EXPLORE MORE AND MORE OF THEIR HIDDEN SECRETS		
1420	9399454	DATA MINING AND KNOWLEDGE DISCOVERY USING FUZZY SETS	OMRAN, NAHLA FATHY AHMED	Nahla fathy ahmed omran	Qena	2006	FUZZY LOGIC CONSIDERED AS A TECHNIQUE FOR DATA MINING IS A MATHEMATICAL TOOL TO REPRESENT UNCERTAIN AND IMPRECISE KNOWLEDGE		
1421	9399469	ANTHROSCOPIC SYNOVECTOMY OF THE KNEE JOINT	KHALIFA, ABDEL RAHMAN HAFEZ	Abdel rahman hafez khalifa	sohag	1996	THE AIM OF THE STUDY IS TO EVALUATE THE SHORT - TERM RESULTS OF ARTHROSCOPIC SYNOVECTOMY OF THE KNEE JOINT FOR VARIOUS CONDITIONS AFFECTING THE SYNOVIUM		
1422	9399478	THE RMS-RADIUS OF THE DEUTERON AND THE NONLOCALITY OF THE NUCLEON-NUCLEON INTERACTION /	HASSAN, EL-SHAZLI MAHMOUD	DEPARTMENT OF PHYSICS, FACULTY OF SCIENCE AT QENA, ASSIUT UNIVERSITY	QENA	1987	THE ROOT MEAN SQUARE RADIUS OF THE DEUTERON IS SENSITIVE TO THE NONLOCALITY STRENGTH OF THE NONLOCAL POTENTIAL MODELS. IT CHANGES IN THE SAME DIRECTION AS THE STRENGTH OF THE REPULSIVE NONLOCALITY WOULD DO. THE CORRELATION BETWEEN THE ROOT MEAN SQUARE RADIUS AND OTHER DEUTERON PROPERTIES SUCH AS THE QUADRUPOLE MOMENT IS REVEALED		
1423	9399488	ALGAL CONTROL OF SEWAGE WATER AND REUSE IN IRRIGATION OF SOME CROP PLANTS IN QENA تنقية مياه الصرف بواسطة الطحالب وإعادة استخدامها في ري بعض أنواع المحاصيل في منطقة قنا	HUSSEIN, ASMAA AHMED	ASMAA AHMED HUSSEIN	Qena	2002	the study presented here was conducted to investigate the algal control of sewage and reuse in irrigation of some crop plants to follow the changes that might take place in growth and some related physiological activities of Chlorella sp		
1424	9399518	TRANSFORMING GROWTH FACTOR- A IN DIAGNOSIS OF HEPATOCELLULAR CARCINOMA	AZIZ, SHEREEN PHILIP	Shereen philip aziz	sohag	2004	THIS STUDY IS DESIGNED TO MEASURE THE LEVELS OF TGF- α IN PATIENTS WITH CIRRHOSIS AND HCC		

1425	9399534	CHARACTERIZATION AND PROPERTIES OF CHALCOGENIDE CU IN SE THIN FILMS /	MOHAMED,AHMED SALEM	AHMED SALEM MOHAMED,	ASSUIT :	1999	ENERGY DISPERSIVE X-RAY SPECTROSCOPY(EDS),X-RAY DIFFRACTION(XRD),TRANSMISSION ELECTRON MICROSCOPY (TEM) AND SELECTED AREA ELECTRON DIFFRACTION (SEAD) WERE USED TO INVESTIGATE THE STRUCTURE OF THE A-DEPOSITED AND THERMALLY ANNEALED CUINSE FILMS		
1426	9399540	STUDY OF FERROELECTRIC PROPERTIES OF LEAD TITANATE CERAMIC MODIFIED WITH STRONTIUM AND LANTHANUM IONS /	MOSTAFA,MASSAUD MOHAMED AHMED	MASSAUD MOHAMED AHMED MOSTAFA,	QENA :	2005 .	1- ثابت العزل الكهربى ودرجة حرارة التحول الطوارئ- 2- زمن استرخاء ديابى الجرح- 3- ثابت كوري فاين- 4- طاقة التشبيط		
1427	9399549	STUDIES ON ALGL FLORA INHABITING MANGROVES OF THE RED SEA AT UPPER EGYPT	ISMAIL , MOHAMMED SAID	MOHAMMED SAID ISMAIL	QENA	1999	the maine objective of the first of the present investigation is to make acomplete survey to the flora inhabiting the upper intertidal zoneof two mangrove refgions along the red sea coast,in the vicinity of hurghada and safaaga.		
1428	9399554	PHOTOCONDUCTIVITY OF AMORPHOUS SILICON /	ABDEL- GHANI,FOUAD ABDEL WAHAP	FOUAD ABDEL WAHAP ABDEL- GHANI,	ASWAN :	1988 .	THE SPECTRAL DISTRIBUTION OF THE D.C PHOTOCONDUCTIVITY AT ROOM TEMPERATURE AND AT DIFFERENT TEMPERATURES FOR A HYDROGENATED AMORPHOUS SILICON a-Si:H SAMPLES WERE STUDIED . THE STUDIES,ALSO CONCERNED THE SPECTRAL DISTRUBUTION FOR THE SAME SAMPLES QUENCHED FROM DIFFERENT TEMPERATURES TO ROOM TEMPERATURE AND ALSO AT DIFFERENT ANNEALING TEMPERATURES.		
1429	9399573	EFFECT OF SOME DETERGENTS ON SEINAL STAIN DETECTION FROM SOME SOILED FABRICS	ABD -ALLAH, ESSAM MOHAMMED	Essam mohammed abd- allah	sohag:	2003	TO STUDY THE EFFECT OF SOME DETERGENTS ON THE DETECTION OF SEMINAL STAIN FROM SOME SOLIDE FABRICS		
1430	9399598	EFFECTS OF SOME INSECTICIESD ON GERMINATION AND CELL DIVISION OF ALLIUM CEPA AND VICIA FABA /	Tawfeek,Abdel- raheem Qenawy.	Abdel-raheem Qenawy Tawfeek,	Assuit :	1994 .	IN THE PRESENT STUDY THE AIME IS TO DETERMINE THE EFFECTS OF DIFFERENT CONCENTRATION AND TREATMENT DURATIONS OF THREE NEWLY USED INDUCE CHROMOSOMAL ABERRATIONS USING THE INVIVO TEST SYSTEM OF THE CHROMOSOMES OF ALLIUM CEPA ROOT MERISTEMS .		
1431	9399615	CENTRAL RETINAL VEIN OCCLUSION	KAMEL, AHMED GAD	Ahmed gad kamel	Assuit:	2004	ISCHEMIC CRVO IS THE SEVERE FROM OF THE DISEASE CRVO MAY PRESENT INITIALLY AS THE ISCHEMIC TYPE OR IT MAY PROGRESS FROM NON ISCHEMIC		
1432	9399630	ASTUDY OF SOME PHYSICAL PROPERTIES OF CHALCOGENID GLASS IN THE AS-S SYSTEM	ELNAEMR,MOHAMED ADNAN	MOHAMED ADNAN ELNAEMR,	QENA :	2004 .	SCIENTIFIC RESEARCH ON THE PROPERTIES OF AMORPHOUS CHALCOGENIDES HAS BEEN PROGRESSED AT AN IMPRESSIVE RATE FOR MORE THAN 30 YEARS MUCH OF THIS WORK HAS BEEN STIMULATED BY THE FACT THAT,THESE MATERIALS ARE EASY TO PREPARE IN NON-CRYSTALLINE RORM		
1433	9399641	HEAVYIONS ELASTIC SCATTERING.	MAHMOUD,ZAKARYA MOHAMED MOHAMED	ZAKARYA MOHAMED MOHAMED MAHMOUD,	ASSUIT,EGYPT :	2000 .	in this thesis we used the alpha-structure of nuclei to construct folded optical model potentials built upon an interaction.the resulted potentials werw used to analyze the elastic scattering angular distributions for the-particles and light heavy ions scattering.our thesis is divided into three main parts.		
1434	9399657	STUDY ON SOME PROPERTIES OF RF PLASMA NITRIDED 304 AUSTENITIC STAINLESS STEEL /	MOHAMED,MOHAMED ABED	MOHAMED ABED MOHAMED ,	assuit :	1991 .	NITRIDING PROCESS IS A WELL KNOWN TECHNIQUE FOR IMPROVING THE MECHANICAL PROPERTIES OF STAINLEES STEEL		
1435	9399680	Natural rodioactive measurements of some sedimentary rocks in Upper Egypt /	Mohamed, Adel Gad El-Kareem Abbady	Adel Gad El-Kareem Abbady Mohamed,	Qena :	1994 .	As a continuation of the program of measuring the natural radioactivity in the enviromental media in Upper Egypt ,the work presedented in this thesis is cincernd with the evaluation of uranium and thorium contents in some sedimentary rocks in eastern Desert in Upper Egypt.		
1436	9399689	MICROBIAL STUDIES ON CERTAIN AIKALOPHILIC MICROORGANISMS /	Mekki,Wafaa Farouk Zarean.	Wafaa Farouk Zarean Mekki,	aswan :	1994 .	ATTEMPT WERE MADE TO ISOLATE,PURIFY AND IDENTIFY ALKALOPHILIC MICROORGANISMS WHICH HAVE THE ABILITY TO GROW UNDER HIGER AKALINE CONDITIONS (I.E.PH 10-14) ASWAN SOILS WERE SELECTED AS NATURAL MEDIA WHICH MAY BE CONTAMINATED WITH SUCH KING OF ALKALOPHILIC MICROORGANISMS .		
1437	9399701	LES FAUSSES CONFIDENCES: TRADUCTION EN ARABE ET ETUDE LITTERAIRE ET LINGUISTIQUE	SEBAQ, MOHAMED FEKRY	Mohamed fekry sebaq	Qena:	2000	DANS LA PREMIERE PERIODE 1715-1750 LES OEUVRES D ART SELON LES FORMES TRANDITIONNELLES SONT ENCORE NOMBREUSES MAIS SOUS L INFLUENCE		
1438	9399713	LOCAL NATURAL MATERIALS AS RADIATION SHIELDS /	Mohamed,Abd El Baset Abady	Abd El Baset Abady Mohamed,	Qena :	1983 .	Several types of radiations arise from fission events or from interaction of fission products with nuclei.		
1439	9399726	LOCALIZATION OF NONLOCAL NUCLEON-NUCLEON POTENTIALS /	SHEHATA,MUSTAFA ABDEL-FATTAH	MUSTAFA ABDEL-FATTAH SHEHATA ,	SOHAG :	1991 .	ADIRECT METHOD WHICH USES NO APPROXIMATIONS TO LOCALIZE NONLOCAL POTENTIALS IS TESTED		
1440	9399779	CRYSTAL GROWTH AND STUDY OF SOME PHYSICAL PROPERTIES OF BI2TE3 AND BI2S3 SINGLE CRYSTALS /	MOHAMED,MAHMM OUD SAYED ABDEL- SADEK	MAHMMOUD SAYED ABDEL- SADEK MOHAMED,	QENA :	2004 .	THE PRESENT THESIS IS DEVOTED TO STUDY THE ELECTRICAL CONDUCTIVITY HALL EFFECT,THE THERMOELECTRIC POWER AND SWITCHING PHENOMENA OF BI2TE3 AND BI2S3 SINGLE CRYSTALS		
1441	9399788	CESAREAN DELIVERY IN SOHAG UNIVERSITY HOSPITAL,MATRRNAL AMB PERINATAL OUTCOME	ABDEL- HAFEZ,MOHAMMED YAHYA	MOHAMMED YAHYA ABDEL- HAFEZ	Sohag	2004	THE MAIN AIM OF AN OBSTETICIAN THROUGHOUT THE ACT OF DELIVERY IS TO ACHIEVE-AS MUCH AS HE CAN-THE SAFETY OF THE MOTHER,AND HER BABY AS SOHAG UNIVERSITY HOPITAL CARRIES THE BURDEN OF A LARGE NUMBER OF DELIERIES AND ALSO OF REFERRED COMPLICATED CASES, PERIODIC STATISTICAL		
1442	9399795	STUDIES ON PARASITIC HELMINTHS OF AMPHIBIANS IN ASWAN GOVERORATE	SALEH, NAGLAA MOUSTAFA KAMEL	Naglaa moustafa kamel saleh	Aswan :	1999	THE PRESENT WORK IS GOING TO INCLUDE :		
1443	9399808	Studies on some solar radiation components related to aerosols in the Atmosphere of Qena	Adam,Mahmoud El-Nobi	Mahmoud El-Nobi Adam,	Qena :	1994 .	The radiant energy of the sun is practically the main source of energy that influences atmospheric motions and many various processes in the atmospheric and surfac layers of the earth's crust.		
1444	9399875	EFFECT OF SILICON ADDITION ON THE PRECIPITATION AND PHASE TRANSITIONS IN SUPERSATURATED Al-25 AT .% ZN AND Al-32 AT .% ZN /	ABDEL- MAGEED,AMR ABDALLA EBRAHIM	AMR ABDALLA EBRAHIM ABDEL- MAGEED,		1999 .	THE EFFECT OF ADDITION OF 1 AND 2 AT % SI ON THE PRECIPITATION AND PHASE TRANSFORMATIONS THAT TAKE PLACE IN AL-25 AT % ZN ALLOYS HAS BEEN STUDIED		

1445	9399877	GEOLOGY AND URANIUM POTENTIALITIES IN UM NAGGAT AREA CENTRAL EASTERN DESERT EGYPT	MOGHAZY, NASSER MOSTAFA MOHAMED	Nasser mostafa mohamed moghazy	Asawn :	2002	THE NAGGAT AREA COVERING AN AREA ABOUT 400 Km OF THE PRECAMBRAIN CRYSTALLINE BASEMENT ROCKS AND CLASSIFIED INTO THE FOLLOWING LITHO- TECTONIC UNITS THE OPTIOLITIC MERLANGE		
1446	9399886	SYNTHESIS AND STUDIES OF FINCTIONAL HETEROCYCLIC COMPOUNDS DERIVE FORM LOW _MOLECULAR WEIGHT CARBOHYDRATES	YOUNES,AHMED MOHAMED MOSAALLAM	,AHMED MOHAMED MOSAALLAM YOUNES		1999	the maine objective of the studies described in this thesis involved the synthesis of some classes of heterocyclic derived from low _molecular weigh carbohydrates.		
1447	9399948	Combarison of the structural and physical properties of the binary systems In3 Te4 and Ti2 S5 crystals /	Ahmed, Khaled Ebnalwaled Abdelfattah	Khaled Ebnalwaled Abdelfattah Ahmed,	Qena :	2003 .	As for the growing in the field of semiconductor technology,new material are needed. Growing new crystals is a main goal in this respect.This is ,of course,besides improving the old crystals or improving their growth condition.		
1448	9399952	GASTROESOPHAGEAL REFLUX IN INFANTS	HUSSEIN,HEITHAM	Heitham Mahmoud Hussein	Sohag	2005	GASTROESOPHAGEAL REFLUX(GER) ISDEFINED AS THE REGURGITATION OF GASTRIC CONTENTS INTO THE ESOPHAGUS.RECURRENT VOMITING IN TWO THIRDS OF 4-MONTH-OLD INFANTS,BUT IS PRESENT IN ONLY 5 TO 10 OF INFANTS BY 1 YEAR OF AGE.		
1449	9399964	A NEW METHOD OF AGE ESTIMATION FROM ADULT TEETH	SOLIMAN, SOHEIR ALI MOHAMAD	SOHEIR ALI MOHAMAD SOLIMAN	Aswan	1996	THE PRESENT STUDY IS AN ATTEMPT TO DESIGN SIMPLE EQUATIONS TO SIMPLE EQUATIONS TO PREDICT UNKNOWN AGE OF AN INDIVIDUAL FROM DENTAL AGE CHANGES OF ONE MORE OF HIS TEETH		
1450	9400008	STUDIES ON RADIOACTIVE AEROSOLS IN QENA /	AHMED,NUR KHALIFA	NUR KHALIFA AHMED,	QENA :	1983 .	THE PRESENT INVESTIGATION HAS THREE AIMS:1-TO CHECK WHETHER THERE IS ARTIFICIAL RADIOACTIVITIES IN THE ATMOSPHERE DUE TO NUCLEAR TESTS. 2- TO IDENTIFY PRESENT RADIOACTIVE ELEMENTS. 3-TO COMPARE BETWEEN THE RADIOATIVE ELEMENTS AND THEIR ACTIVITIES IN QENA AND THAT IN A MONUMENTAL REGION DANDARA TEMPLE ON ONE HAND AND BETWEEN THOSE ACTIVITIES MEASURED IN OTHER PLACES ASSUIT AND GEZA ON THE OTHER HAND		
1451	9400084	STUDY OF THE MECHANISM OF ENERGY TRANSFER IN SOME DIFFERENT SCINTILLATOR SYSTEMS UNDER8-RAY IRRADIATION	MAHMOUD,HUSSEIN MOHAMED	HUSSEIN MOHAMED MAHMOUD ,	ASSIUT :	1998 .	THE ENERGY TRANSFER RATE CONSTANT K3 AND QUENCHING RATE CONSTANT K7B ARE DETERMINED UNDER GAMMA EXCITATION FOR DIFFERENT SOLUTES		
1452	9400146	SYNTHESIS OF SOME NEW HETEROCYCLICE COMPOUNDS=	OSMAN,FATMA HASSAN MOSTAFA	,FATMA HASSAN MOSTAFA OSMAN		2000	the early of the biological effects of pyrazole,pyridine,pyrimidine,1,2,4-triazole and thiophene derivatives encouraged us to prepare some of its derivatives as which may be have biological activity.		
1453	9400223	LOW-LEVEL GAMMA RAY SPECTROMETRY FOR SOILS,ROCKS AND BUILDING MATERIALS /	MOHAMED,ABDEL-BASET ABBADY	ABDEL-BASET ABBADY MOHAMED,	ASSUIT :	1988 .	THE PRESENT INVESTIGATION CONCERNS TO APPLY AND CALIBRATE A LOW-LEVEL GAMMA-RAY SPECTROMETER TO ESTIMATE THE RADIOACTIVITIES AND HENCE THE CONCENTRATION OF THE NATURAL RADIOACTIVE ELEMENTS:URANIUM,THORIUM AND POTASSIUM IN DIFFERENT SAMPLES OF SOIL AND ROCK FROM'FICHTELGEBIRGE'IN FRG		
1454	9400228	Rn-222 concentration of som water samples in Uper Egupt determined with gamma-spectrometric measurements /	Harb,Shaban Ramadan Mohamed	Shaban Ramadan Mohamed Harb,	Qena :	1994 .	the concentration of 222 m in samples of drinking and ground water in qena governorate have been measured applying low-level gamma-ray spectrometric method.		
1455	9400257	SOME OF PHYSICAL PROPERITIES OF CHALCOGENIDE GE-SB-SE ALLOY SYSTEM /	ABU LAILA,SODKY HAMED MOHAMED	SODKY HAMED MOHAMED ABU LAILA,	SOHAG :	1999 .	THE CALCULATED VALUES OF THE PARAMETER R,WHICH DETERMINES THE DEVIATION FROM STOCHIMETRY,HAVE CONFIRMED THAT THE PREPARED COMPOSITIONS WERE NON-STOICHIOMETRIC		
1456	9400274	BIODIVERSITY AND BIOTECHNOLOGICAL POTENTIAL OF EGYPTIAN HALOPHILIC BACTERIA=	HASSAN,HANAN ABDEL-FATAH MOHAMED	,HANAN ABDEL-FATAH MOHAMED HASSAN		2002	the aime of this work was designed to study to study population density of halophilic bacteriahalobacteria and thier biotechnological aspects.		
1457	9400276	CEREBROVA SCUL AR STROKE EPIDEMIOL OGICAL AND HEMATOLOGICAL STUDY IN SOHAG GOVERNORATE=	OSMAN , MOHAMED ABD ALLAH ABBAS	MOHAMED ABD ALLAH ABBAS OSMAN	SOHAG :	2000	THE AIM OF THIS WORK IS TO EVALUATE A GROUP OF PATIENTS,WHO ADMITTED TO THE NEUEOLOGY DEPARTMENT-SOHAG UNIVERSITY HOSPITAL,AS REGARD THEIR AGE,SEX,TYPE OF STROKE...,AND TO STUDY VARIOUS STROKE RISK FACTORS AMONG THESE PATIENTS WITHPARTICULAR ATTENTION TO THE HEMATOLOGICAL DISORDERS WITH STUDYING OF VARIOUS COAGULATION PARAMETERS AMONG THESE PATIENTS.		
1458	9400281	STUDY ON ATTENUATION OF SOLARRADATION BY AEROSOLS OVER SOME REGIONS IN A.R.EGYPT /	SHAZLY,AFAGABALLAH	AFAGABALLAH SHAZLY,	QENA, EGYPT :	2001 .	THIS STUDY INCLUDES: 1-ANALYSIS OF THE RESULT AT DIFFERENT MONTHS,SEASONS AND OVER THE WHOLE PERIOD ON THE BASIS OF HOURLY,AND MONTHLY AVERAGES 2-ACOMPARESON among the different turbidity coefficients in cairo,aswan and martuc,reflecting the characteristics of three 3-the effect of some weather parameters relative humidity(RH)in fraction.		
1459	9400287	ARTHROSCOPIC EVALUATION OF THE INCIDENCE OF MEDIAL MENISCUS VERSUS LATERAL MENISCUS INJURIES IN UPPEREgypt "DIAGNOSIS AND TREATMENT"	AHMED , ASHRAF RASHAD	ASHRAF RASHAD AHMED	sohag	2005	THE MENISCI HAVE LONG BEEN TOPICS OF INTEREST AND DISCUSSION		
1460	9400324	CRYSTAL GROWTH AND SOME PHYSICAL PROPERTIES OF GA SE AND IN SE CRYSTALS	GAD EL KARIM,GAMAL EL DIN ATA	GAMAL EL DIN ATA GAD EL KARIM,	ASSUIT :	1987 .	THE PRESENT INVESTIGATION TO STUDY CRYSTAL GROWTH AND SOME PHYSICAL PROPERTIES OF GA SE AND IN SE CRYSTALS		
1461	9400389	Physical and structural properties of Ti2S Crysstal /	Galal,Eman Mohammed Abdelrhman.	Eman Mohammed Abdelrhman Galal,	qena :	2003 .	IN recent years much attraction have been paid to the thallium compounds.THIS is due to the growing intersetin new semiconductor materials for tecnohlogy .for this reasons the present work was focused on Ti2 S crystal..		
1462	9400394	SOME QUANTUM STATISTICAL PROPERTIES OF ATOM-FIELD INTERACTION=	ALY,MOHAMMED EL-SOGHYER ATETO	,MOHAMMED EL-SOGHYER ATETO ALY		2004	the aime of this thesis,is on one side,to illustrate and analyze various puzzling phenomena that are due to the quantum entanglements and related tothe atom-field interaction.		
1463	9400415	THE EFFECTS OF GAMMA RADIATION ON THE PHOTOCONDUCTIVITY OF CdTe /	Auzaid,Mohamed Aly Ahmede	Mohamed Aly Ahmede Auzaid,	Qena :	1984 .	The effect of y- rays radiation on the phtoconductivity on single crystals of CdTe werte studied at room temperature using different intensities of the white light		

1464	9400426	STUDY OF NATURAL RADIOACTIVE NUCLIDES IN SOME GOLD MINES IN UPPER EGYPT /	AHMED,GAHFAR MOHAMAD EL-SOGIAR	GAHFAR MOHAMAD EL-SOGIAR AHMED,	QENA :	2005 .	THE PRESENT THESIS IS CONCERNED WITH THE MEASUREMENTS OF THE NATURALLY OCCURRING RADIONUCLIDES IN GRANITIC ROCKS COLLECTED FROM SOME GOLD MINES IN UPPER EGYPT		
1465	9400441	SUPERCONDUCTING PROPERTIES OF SB-DOPED (Bi,Pb) -Sr-Ca-Cu-O COMPOUNDS /	IBRAHIM,ESLAM MOHAMED MOHAMED	ESLAM MOHAMED MOHAMED IBRAHIM,	QENA :	1999	THE PRESENT WORK CONCERNS MAINLY WITH PREPARATION,CHARACTERIZATION AND CONDUCTION BEHAVIOR OF Sb-DOPED (BiPB) SrCaCuO HIGH Tc SUPERCONDUCTING MATERIALS		
1466	9400474	Slope of the neutron form factor $G_n(q^2)$ AT $q^2=0$ /	Darwish, Eed Mohamed	Eed Mohamed Darwish ,	Sohag :	1995 .	An empirical linear $b-A^{2s}[1+n^2]$ relation with a negative slope is found for deuteron nonlocal potential models having the correct values of r_D and Q ,where, b is the slope of the neutrom form factor $G_n(q^2)$ at $q^2=0$, A is the asymptotic S-state amplitude, n is the asymptotic D/S ratio, r_D is the deuterin root mean square radius and Q is the deuteron quadrupole moment		
1467	9400484	NUCLEON-NUCLEON INTERACTION WITH NONLOCAL TENSOR CONTEIBUTION FOR THE $3S_1$ - $3D_1$ STATE /	ZAHARAN,ELBADRY S	ELBADRY S.ZAHARAN ,	ASSIUT :	1988 .	IN THESE AIMED TO STUDY NUCLEON-NUCLEON INTERACTION WITH NONLOCAL TENSOR CONTEIBUTION FOR THE $3S_1$ - $3D_1$ ATATE		
1468	9400502	STUDIES ON THE NUCLEAR OPTICAL MODEL POTENTIAL AND APPLICATIONS /	Ahmed,Hussein Mohamed Aly	Hussein Mohamed Aly Ahmed ,	aswan :	1992 .	IN THIS THESIS,WE CONSIDER THE ELASTIC SCATTERING DIFFERENTIAL CROSS SECTIONS FOR S+S AT DIFFERENT LABORATORY ENERGIES 90,97,09,120 AND 160 MEV,0+SI AT FOUR LABORATORY ENERGIES 33.16,54.6,141.5 AND 215.2 MEV AND 0+MG AT THREE ENERGIES 24.0,27.8,38.1 MEV TATEN IN THE CENTER OF MASS SYSTEM .		
1469	9400565	PHYSICAL PROPERTIES OF SEMICONDUCTOR CRYSTAL /	El Karim,Gamal El Din Ata Gad	Gamal El Din Ata Gad El Karim,	Qena :	1984 .	Electrical conductivity and hall coefficeint (Rx)of polycrystalline Ins, grown from the melt, have been investigated over the temperature rang 273-700k.		
1470	9400571	COMPUTED TOMOGRAPHY AND CONVENTIONAL RADIOLOGY OF ATLANTOAXIAL JOINT IN RHEUMATOID ARTHRITIS PATIENTS=	ABDELHAMID,MAHMOUD YOUSSEF	MAHMOUD YOUSSEF ABDELHAMID	sohag :	2004	RHEUMATOID ARTHRITIS IS A CHRONIC INFLAMMATORY DISEASE WITH UNKNOWN ETIOLOGY . THE MAIN TARGET OF RHEUMATOID INFLAMMATION IS THE SYNOVIAL LINING OF JOINTS.		
1471	9400595	ELECTRONIC TRANSPORT OF HYDROGENATED AMORPHOUS SILICON /	ABD EL-MONGY,ABD EL-RAHMAN ABD EL-MABOOD	ABD EL-RAHMAN ABD EL-MABOOD ABD EL-MONGY ,	ASSUIT :	1988 .	THE AIM OF THIS REASEARCH PROGRAMME WAS TO STUDY THE ELECTRONIC PROPERTIES OF R.F.MAGNETION SPUTTERED A-Si:H IN GENERAL AND TO MEASURE THE DENSITY OF ITS LOCALIZED GAP STATES,IN PARTICULAR		
1472	9400604	CRYSTAL GROWTH AND SOME PHYSICAL PROPERTIES OF CATE AND TITE SINGLE CRYSTALS /	Aadam,Souad Hemedalla Gameh	Souad Hemedalla Gameh Aadam ,	Aswan :	1992 .	SEMICONDUCTORES ARE CONSIDERED THE BACKBONE OF DAYLIFE TECHNOLOGY.ACTUALLY,MODERN TECHNOLOGICAL PROGRESS IS MAINLY DUE TO THE INTENSIVE STUDIES IN THE FIELD OF SEMICONDUCTORS BOTH EXPERIMENTAL AND THEORETICAL.		
1473	9400667	OPTICAL AND ELECTRICAL PROPERTIES OF AMORPHOUS Sb-Sn-O THIN FILMS /	EL-MISHNIP,HAZEM MAHMOUD ALI DARWISH	HAZEM MAHMOUD ALI DARWISH EL-MISHNIP,	SOHAG :	1999 .	IN RECENT YEARS,THERE HAVE BEEN EXTENSIVE STUDIES ON THIN FILMS EXHIBITING HIGH ELECTRICAL CONDUCTIVITY,AS WELL AS HIGH TRANSPARENCY IN THE VISIBLE SPECTRUM AND HIGH REFLECTIVITY IN THE INFRARED (IR) REGION.		
1474	9400696	Studies on the optical potential and ITS applications /	Hemdan,Amel Mohamed Hassan	Amel Mohamed Hassan Hemdan,	Aswan :	1995 .	The elastic scattering of heavy ions most direct and simplest approach to the nucleus-nucleus interaction.At low incident $\{E/A$		
1475	9400710	STUDIES ON SOME HEAVY METALS IN THE ATMOSPHERE OF QENA /	Kasem,Mohamed M. Nassary	Mohamed Mohamed Nassary Kasem,	Qena :	1984 .	The environment is defined as that outer physical and biological system in which man and other organisms live		
1476	9400739	PREPARATION AND STUDY OF THE PROPERTIES OF SOME AI BIII C2VI AND AIII BIII C2VI SEMICONDUCTOR COMPOUNDS /	MOBARAK,MOUSTAFA MOHAMED AHMED	MOUSTAFA MOHAMED AHMED MOBARAK,	Qena, Egypt :	1996 .	This work deals with two very intersting and related families of semiconductor,the AI BIII C2VI chalcopyrite compounds and the AIII BIII C2VI chalcogenide semiconductors.The ternary semiconductor compounds $CuInX_2$ (X=S,Se,and Te)and $GaInX_2$ (X=Se and Te)have been extensively studied,not only for their academic interest but also because of their possible practical applications in solar cell light emitting diode technologists as well as in various non-linear optical devices		
1477	9400750	ELECTRICAL,OPTICAL AND STRUCTURAL PROPERTIES OF GE SE AMORPHOUS SEMICONDUCTORS /	El-kabany,Nahed Abu El-hassa T	Nahed Abu El-hassa T.El-kabany ,	Assuit :	1992 .	1-SHORT-RANGE ORDER.WHICH INVOLVING THE ORDER WITHIN ASINGLE STRUCTURAL UNIT AND ITS IMMEDIATE NEIGHBOURS,I.E.DESCRIBES THE NEAREST NEIGHBOUR BONDING ENVIRONMENT OF EACH ATOMIC SPECIES.IT INVOLVES BOND TYPES,DISTANCES AND ANGLES, EXTENDS OVER AVOLUME.IN THIS CASE THE TYPICAL DISTANCE IS IN THE RANG OF 3-5 A. 2-MEDIUM-RANGE ORDER INVOLVES THE WAY IN WHICH THE SHORT -RANGE CONFIGURATION ARE BROUGHT TOGETHER TO BUILD UP THE NETWORK STRUCTURE OF THE GLASSES.		
1478	9400805	THE ROOT-MEAN-SQUARE RADIUS OF THE DEUTERON /	HUSSIEN,ABDOU MEKKY MOUSA	ABDOU MEKKY MOUSA HUSSIEN,	QENA, EGYPT :	2001 .	تحتوي الرسالة علي صفحة اخري للعنوان باللغة العربية تحمل العنوان التالي جذر متوسط مربع نصف قطر الديوترون و ملخصها : يعتبر الديوترون THE DEUTERON من ابسط الانظمة النووية التي تتكون من جسيمين نوويين ، حيث يتكون من تراكيب نيوترون و بروتون في الحالة المزدوجة $3S_1$ - $3D_1$.		
1479	9400811	FRAGMENTATION OF 4.5 A GE V/C MG AND SI NUCLEI IN EMULSION /	Abdel-daim,Al-bauimy Mohamed	Al-bauimy Mohamed Abdel-daim ,	sohag e :	1991 .	WE STUDIED INELASTIC COLLISIONS OF MG AND SI NUCLEI WITH EMULSION AT 4.5 A GEV/C. THE EXPERIMENTAL VALUE OF THE INTERACTION MEAN FREE PATH IS CONSISTENT WITH CALCULATED VALUES OF INTERACTION CROSS-SECTION WHICH ARE BASED ON GEOMETRICAL CONSIDERATIONS .		
1480	9400812	Preparation of one semiconductor compound from binary system and investigation its physical properties /	Aly,Salwa said Ahmed.	Salwa said Ahmed Aly,	Qena, EGYPT :	2002 .	Nowdays semiconductor compounds play an important role in technological development because of their attractive characteristics.SO,THEY call the attention of many physicists to explore more and more of their hidden secrets.		
1481	9400818	APPLICATIONS OF GEOPHYSICAL THCHNIQUES AT NEW QENA CITY, QENA,EGYPT=	MOHAMMED , AIHUSSEIN ADHAM BASHER	AIHUSSEIN ADHAM BASHER MOHAMMED	QENA :	2003	THE PRESENT STUDY EMBRACES ELECTRICAL RESISTIVITY,LABORATORY MEASUREMENT OF ELECTRICAL POPERTIES,AND SEISMIC REFRACTION SURVERYS		

1482	9400830	Studies in the nuclear optical model potential /	Mokhtar,Sherif Rashad	Sherif Rashad Mokhtar ,	Assiut:	1995 .	When a nucleon or a group of nucleons collides with a nucleus several processes may take place[1]:a direct scattering,or a reaction in a time of the order of the transit time,or it can be captured to form a compound nucleus.The direct processes are elastic {shape} scattering,inelastic scattering and the whole range of charge exchange,knockout and nucleon transfer reactions.		
1483	9400831	COMPATIVE STUDY ON THE MASS ABSORPTION IN BASIC AND INTERMEDIATE ROCKS /	Mahmood,Hussein Mohamed	Hussein Mohamed Mahmood,	Qena:	1984 .	Several types of radiations arise from fission events or from interaction of fission products with nuclei.		
1484	9400835	STUDIES ON SOLAR AND TERRESTRIAL RADIATION TRANSFER THROUGH THE EARTH-ATMOSPHERE SYSTEM,INCLUDING ATMOSPHERIC GREENHOUSE EFFECT /	ABDALLA,BADRY NOBI MOHAMED	BADRY NOBI MOHAMED ABDALLA ,	QENA :	1998 .	This work deals with very interesting problem concerning studies on solar and terrestrial radiation transfer through the Earth-atmosphere system,including atmospheric greenhouse effect.Greenhouse gases H ₂ O,CO ₂ ,O ₃ ,CH ₄ ,N ₂ O and CFCs,aerosols,and clouds play an important role in climate change.Most of these parameters are effective absorbers and/or scatterers,and this may perturb the energy balance on the Earth		
1485	9400853	THEORETICAL MODELLING OF LASER INDUCED RESONANCE IONIZATION OF METALLIC VAPOURS /	Mahmoud,Mohamed Abdel-hameid	Mohamed Abdel-hameid Mahmoud ,	sohag :	1991 .	STUDY OF LASER PRODUCED PLASMAS IS ONE OF THE FASTEST GROWING FIELDS OF PRESENT-DAY PHYSICS.IT HAS BROUGHT ABOUT NUMEROUS INNOVATIONS IN MATERIALS TREATMENT , SUCH AS QUALITY CHANGE , WELDING , DRILLING ,AND RELATED HIGH POWER BEAM WEAPONS.		
1486	9400866	Physical properties of CdTe single Crystal and thin films /	Mohamed,Ayman Ahmed El-Amin	Ayman Ahmed El-Amin Mohamed,	Aswan :	1995 .	THE AIM OF THE PRESENT WORK: the present work deals with some studies of optical absorption,for two prepared samples (cdte single crystal and cdte polycrystalline thin film).		
1487	9400874	SEDIMENTOLOGICAL STUDIES ON THE QUATERNARY CLASTIC SEDIMENTS AT QUSEIR DISTRICT,RED SEA,EGYPT=	AHMED , ABU EL HAGGAG NASR EL DEEN	ABU EL HAGGAG NASR EL DEEN AHMED	QENA	1996	THE PRESENT INVESTIGATION DEALS WITH THE STUDY OF THE QUATERNARY CLASTIC SEDIMENTS COLLECTED FROM DIFFERENT AREAS AROUND QUSEIR ON THE EGYPTIAN RED SEA COAST.		
1488	9400882	physicochemical properties of some multi-component oxide glasses /	mohamed,fatma badri	fatma badri mohamed,	aswan:	2002 .	the major aim of the study is the investigation of the addition of chlorine ion to the oxide glass network.it is found that the addition of chlorine ion affected the properties of the glass.the dc activation energy was found to decrease with the increase of chlorine concentration.		
1489	9400886	Theoretical study on the dispersion of pollutants emitting from Qift cement factory in its surrounding area /	AbdelBaset, Hofny AbdelBaset	AbdelBaset Hofny Abdelbaset,	Qena:	2003 .	Atmospheric harmful pollutants are increasing rapidly due to the intense development of industry,immense expansion of transportation networks and construction of electric and power . stations.		
1490	9400892	Studies on the elastic scattering of light particles /	Mahmoud,Sanaa Fouad	Sanaa Fouad Mahmoud ,	Aswan :	1995 .	The work presented in this thesis is divided into three main parts. The first part concerns with the calculations of the differential cross-section of elastic scattering for $c_{13} + c_{12}$ at 260 MeV.These calculations were performed in the context of the folding model calculations.form factors for the single nuclear excitation of the target are derived by two ways.		
1491	9400895	ON SOME OF THE TRANSPORT PROPERTIES OF LANTHANUM BASED SUPERCONDUCTING COMPOUNDS /	SHABAN,HAMDY TAWFIK	HAMDY TAWFIK SHABAN ,	QENA :	1995 .	The present THESIS aimed to study some of the transport properties of lanthanum based superconducting compounds.		
1492	9400896	STUDIES ON THE PERFORMANCE OF ATOMIC ABSORPTION SPECTROPHOTOMETRY THE SPECTRAL LINES OF COBALT /	EL- DESOUKY,NAGWA AHMED	DEPARTMENT OF PHYSICS,FACULTY OF SCIENCE AT ASWAN,ASSUIT UNIVERSITY,	ASWAN:	1988 .	THE AIM OF THIS THESIS IS TO STUDY THE EFFECT OF DIFFERENT SOLVENTS ON THE SENSITIVITY,THE LEAST AMOUNT DETECTED BY ATOMIC ABSORPTION.COBALT HAS BEEN CHOSEN AS THE ELEMENT TO BE DETERMINED WHILE THE SOLVENTS USED ARE WATER,ETHANOL,METHANOL,ISOPROPANOL,n-BUTANOL AND ACETONE.		
1493	9400901	THE ELECTRICAL PROPERTIES OF KDP AND ADP MONOCRYSTALS /	AMER,NAGAH ABDALLAH ELKORASHY	NAGAH ABDALLAH ELKORASHY AMER,	Qena:	1984 .	THE STUDY OF THE ELECTRICAL PROPERTIES FOR FERROELECTRIC AND ANTIFERROELECTRIC CRYSTALS HAS BEEN STIMULATED BY THE NEED FOR SUCH MATERIALS IN MANY SCIENTIFIC APPLICATIONS,SO THAT WE INFERRED TOWARD THESE STUDIES IN OUR LABORATORY. THIS THESIS CONSIDERED A PART OF THE RUNNING RESEARCH WORK IN OUR LABORATORY IN WHICH THE PREVIOUS WORK CONCERNED WITH THE STUDY OF THE GROWTH MECHANISMS OF SOME FERROELECTRIC KDP CRYSTALS AND ANTIFERROELECTRIC ADP CRYSTALS AND ITS ELECTRICAL CONDUCTIVITY ABOVE ROOM TEMPERATURE.		
1494	9400909	FOOD ADDITIVES AND HEALTH OF CHILDREN=	ELLATIF,OMAR AHMED ABD	OMAR AHMED ABD-ELLATIF	SOHAG	2002	THIS ESSAY DISCUSSES THE DIFFERENT ASPECTS CONCERNED WITH FOOD ADDITIVES INCLUDING IDENTIFICATION,PRINCIPLES OF THEIR USE,CLASSIFICATION AND HEALTH HAZARDS IMPOSED ON HUMAN DUE TO THEIR MISUSE.		
1495	9400919	ELECTRON-OPTICAL PROPERTIES OF SINGLE-POLE MAGNETIC ELECTRON LENSES /	MARAI,FATHI ZAKARIA ALI	FATHI ZAKARIA ALI MARAI ,	Birmingham :	1977 .	The thesis is concerned with the study of single-polepiece lens characteristics.These show,among other things,that the correction of spiral distortion in the electron microscope is feasible with a projector system using single-polepiece lenses for the intermediate and final projector lenses.It is shown that the optimum design for such a system is two single-pole lenses facing each other,in which the intermediate lens,with large bore,works as a correcting lens.Such an arrangement has the advantage of increasing the field of view and considerably reducing the length of the viewing chamber compared with that of current electron microscopes,especially high voltage electron microscopes.		
1496	9400927	SURFACE ULTRAVIOLET RADIATION MEASUREMENTS IN QENA "UPPER EGYPT"=	NOUBY , EMAN FOUAD EL-SAID	EMAN FOUAD EL-SAID NOUBY	QENA	2006	UV RADIATION FROM THE SUN IS AN AREA OF INTEREST TO BOTH SCIENTIFIC COMMUNITY AND THE GENERAL PUBLIC.UV RADIATION HAS NUMEROUS USEFUL APPLICATIONS,		
1497	9400928	DIELECTRIC MEASUREMENTS AND IR-SPECTROSCOPY OF[(Pb1-1.5xLax)(Ti1-yMny)O3] FERROELECTRIC CERAMICS /	HAMADA,ENSHERAH MOHAMED SAAD EL DIN	ENSHERAH MOHAMED SAAD EL DIN HAMADA ,	QENA :	1995 .	In the present work the specimens were of the general formula (pb1-1.5xLax)Ti1-yMny)O3.THIS FORMULA WAS BASED ON THE ASSUMPTION THAT LANTHANUM SUBSTITUTIONS FOR Pb2+,and Mn4+ substitutes as a tetravalent for Ti4+. These substitutions were also assumed to create vacancies in the Pb positions,so that the structure would be electrically neutral.		

1498	9400943	JUGULAR BULB OXYGEN SATURATION (SJO2)AS A PREDICTOR OF OUTCOME AFTER HEAD INJURY=	MOHAMED, TAGHRI D AL-SAYED	.TAGHRID AL-SAYED MOHAMED		2005	head injuries CAN OCCUR IN ANY FORM OF ACCIDENTS AND IN MANY SPORTS, USUALLY CONTACT SPORTS AND ACCIDENTAL AND UNRELATED TO A CERTAIN ACTIVITY.EVALUATION OF HEAD INJURY INCULDES;		
1499	9400944	PHOTOCONDUCTIVITY IN GALLIUM ARSENID SINGLE CRYSTAL /	MAHMOUD,HASSAN EL-SOGHAIR	HASSAN EL-SOGHAIR MAHMOUD,	ASWAN:	1989	THE AIM OF THE PRESENT WORK IS TO STUDY THE SPECTRAL DISTRIBUTION OF THE STEADY -STATE PHOTOCONDUCTIVITY OF GALLIUM ARSENIDE SINGLE CRYSTAL.THE EFFECT OF INTENSITY OF LIGHT,BIAS VOLTAGE AND TEMPERATURE ON THE SPECTRAL DISTRIBUTION WERE ALSO STUDIED.		
1500	9400973	MOLECULAR STUDIES ON ORGANAENESIS OF CULTURED SOLANUM NIGRUM CELLS AND TUSSUES UNDER THE INFLUENCE OF DIFFERENT CULTURE CONDITIONS /	SOLTAN,DIA MOHAMED HAMED MOHAMED.	DIA MOHAMED HAMED MOHAMED SOLTAN,	QENA:	2000	IN THESE WORK AIMED TOMOLECULAR STUDIES ON ORGANAENESIS OF CULTURED SOLANUM NIGRUM CELLS AND TUSSUES UNDER THE INFLUENCE OF DIFFERENT CULTURE CONDITIONS.		
1501	9401094	THE HOMOLOGY THEORY WITH THE INNER SYMMETRY PROPERTY FOR CERTAIN CLASSES IN OPERATOR ALGEBRAS	EL-DEAN, ALAA HASSAN NOUR	Alaa hassan nour el-dean	Aswan:	1996	IN THIS THESIS WE ARE INTERESTED IN THE SECOND PART OF THESE GROUPS WE STUDY THE GROUPS SIMPLICIAL CYCLIC REFLEXIVE AND DIHEDRAL COHOMOLOGY OF CERTAIN CLASS OF OPERATOR ALGEBRA		
1502	9401099	TRETMENT OF DEFORMITIES AROUND KNEE USING ILIZAROV DEVICE	IBRAHIM, ABDEL KHALEK HAFEZ	Ahmed ibraheem el-dosouqi	sohag:	2000	THE AIM OF THIS RESEARCH IS TO STUDY AND EVALUATE THE RESULTS OF TREATMENT OF DEFORMITIES AROUND KNEE USING THE LLIZAROV DEVICE OF RETROSPECTIVE CASES OPERATED UPON BETWEEN 5- 1995 AND 7- 1999		
1503	9401112	EVALUATION OF RESULTS OF TREATMENT OF UNUNITED CARPAL SCAPHOID FRACTURES USING A VOLAR INLAY BONE GRAFT	EL-SHERIF, MOHAMED YAHYA	Mohamed yahya el-sherif	Sohag:	2001	THE AIM OF THE WORK WAS TO ACHIEVE A SIMPLE AND YET EFFECTIVE MEANS FOR PRODUCING SATISFACTORY MANAGEMENT UNUNITED FRACTURES OF SCAPHOID AND EVALUATING THE RESULTS OF MANGEMENT OF 18 CASES		
1504	9401128	SOME INVESTIGATION ON AC CORONA /	HAMADA, ENSHERA H M.SAAD EL-DIN	ENSHERAH M.SAAD EL-DIN HAMADA,	QENA:	1989	THE PRESENT WORK REPRESENT A CONTINUATION OF THE RESEARCH ON CORONA IN OUR LABORATORY.WE WILL TRY TO OBTAIN EXPERIMENTAL RESULTS AT THIS STAGE OF A RESEARCH PROGRAM TO STUDY THE INFLUENCE OF FREQUENCY ON THE CORONA DISCHARGE IN THE RANGE 50 HZ UP TO 200 HZ.THE EFFECT OF PURE ARGON AND NITROGEN ON THE AC CORONA DISCHARGE WILL ALSO BE STUDIED.		
1505	9401134	EFFECT OF SOLVENT ON REACTIVITY TRENDS OF Fe(II) CO(III) AND Ni(II) COMPLEXES OF TRIDENTATE IMINE LIGANDS AND DETERMINATION OF COBALT AND NICKEL SPECTROPHOTOMETRICALLY	KANDEL, TAREK ABD EL- SAMAD ABD EL- RAHMAN	Tarek abd el-samad abd el-rahman	sohag:	2005	THE AIM OF THE WORK IS EXTEND TO THE INVESTIGATION OF THE SOLVENT EFFECT ON THE KINETIC PARAMETERS FIRSTLY WE WILL CALCULATE THE TRANSFER CHEMICAL POTENTIAL FROM SOLUBILITY DATA TO GIVE AN OVERALL IDEA OF SOLVENT EFFECTS		
1506	9401136	Deuteron D-State Probability /	Mustafa,Yasser Mohammed Ahmed	,Yasser Mohammed Ahmed Mustafa	Qena:	2003	New relation are found between the peak values Mand the deuteron quadrupole moment OD Fm the D-state amplitude AD Fm the asymptotic ratio n and the parameter . This is done by using Fifty-six potential models Table2 ;Forty-nime of them are local potentials and the other seven are nonlocal.		
1507	9401159	Radiation shielding properties of some natural rocks in Uper Egypt /	Uosif,Mohamed Amin Mahmoud	Mohamed Amin Mahmoud Uosif,	Qena:	1996	As the number of nuclear power plants on order continues to grow,the demand for nuclear engineers should also increase.shielding technology and shied physics must routinely be translated into shield designe. As a continuation of the program of measuring the natural radioactivity in the environmental media in Upper Egypt ,the woek presented in this thesis is concerned with the studying of shielding properties of some natural rocks in Upper Egypt.		
1508	9401168	NUMERICAL TREATMENT OF SOME HEAT TRANSFER PROBLEMS OF FLUIDS FLOW IN POROUS MEDIUM	GAIED, SAHAR MOHAMED ABEDEL	Sahar mohamed abdel gaied	Aswan:	1998	POROUS MEDIA ARE VERY MUCH PREVALENT IN NATURE AND THEREFORE THE STUDY OF FLOW THROUGH A POROUS MEDIUM IS IMPORTANT IN MANY APPLICATIONS		
1509	9401169	Studies on some photometric and spectrophotometric measurements and their applications /	Abbas,El-Sayed Mostafsa Abd El-Kaream	El-Sayed Mostafsa Abd El-Kaream Abbas ,	Sohag:	1999	The science of photometry deals with quantitative measurement of the properties of light: The basic quantities, viz, spectral content, spatial distribution, and polarization must be known to completely describe light. So photometry allows us to compare light sources and outhter light-related product. For example, light sources are rated according to their average expected life-time, light output, color and spatial distribution. Luminous flux is the geometrically total light output from a light source and probably is the most important parameter for lamp products.		
1510	9401184	AIR POLLUTION STUDIES IN THE ATMOSPHERE OF THE ALUMINIUM FACTORY AT NAGI HAMMADI /	HASSAN, ABDEL GAL EEL ABDELAAL.	ABDEL GALEEL ABDELAAL HASSAN,	QENA:	1989	OUR PROGRAM AIMS TO SURVEY ON INDUSTRIAL AREA LOCATES TOTALLY IN WESTERN DESERT.THIS SURVEY HAS BEEN DIRECTED TO INVESTIGATE:a- airPOLLUTION IMPACT OF EMISSIONS AS A RESULT OF DIFFERENT INDUSTRIAL OPERATION. B-THE MAIN FEATURES OF THE AREA,AND THE EFFECT OF METEOROLOGICAL ELEMENTS ON ACCUMULATION ,TRANSPORTATION AND DILUTION OF CONTAMINATS. C-THE PHYSICAL CHARACTERISTICS OF THESE CONTAMINANTS SIZE ,SIZE DISTRIBUTION AND MAIN CONSTITUENTS.		
1511	9401190	Optical and structural properties of fibres /	Yassein,Khaled Mohamed	Khaled Mohamed yassein,	Aswan:	2001	the optical and structural properties of polypropylene fibers with differnt deniers(6deniers,150mm),(10deniers,90mm),(12deniers,150mm)and(15deniers,90mm) are investigated using different interferometric techniques.		
1512	9401213	STRUCTURAL STUDY ON Ge1-x Se2 Sbx AMORPHOUS /	HUSSEIN, MOHAMMED ABU EL-OYOUN HASSAN	MOHAMMED ABU EL-OYOUN HASSAN HUSSEIN ,	ASSIUT:	1998	Since Ge1-x Se2 Sbx chalcogenide glasses achieve good infrared transmission properties, a potential use in IR optical fibers and an increase of the life time of xerographic drum, it deserves further structure investigation.		

1513	9401219	MINERALOGICAL AND GEOCHEMICAL STUDIES ON PERSPECTIVES OF FROMATION OF GOLD PLACERS IN THE AREA OF AUUKARI GOLD MINE CENTRAL EASTERN DESERT EGYPT	AHMED, ADEL MOHAMED ALI	Adel mohamed ali ahmed	Qena:	2005	ON THE BASES OF THIS STUDY IT IS RECMENDED TO CARRY OUT THE EXTRACTION TESTS ON THE (10 MM) SIZE OF THE WHOLE PLACER IN THE STUDIED AREA		
1514	9401231	Comparative Study on the attenuation and scattering Gamma-Arys through igneous and Sedimentary rocks /	Mohamed,Atef Mohamed El-taher	Atef Mohamed El-taher Mohamed,	Qena:	1996 .	Almost since the concurrent discoveries of radioactive materials,accelerators and reactor piles,physicsts have been concerned with the interaction of energetic radiation with matter and trying to ensure that humans are not exposed to dangerous amount of radiation.		
1515	9401238	CYTOPROTECTIVE EFFECT OF COPPER(I)NICOTINIC ACID COMPLEX AGAINST CHEMOTHERAPY	ABDUL MOTY,MOHAMED A.	MOHAMED A ABDUL MOTY		1996	here is one of the trials in-depth treatment of serious side effects of the chemotherapeutic agant 5-fu as a traditional drug that acts against the liver cancer disease, known as hepatocellular cercinoma		
1516	9401268	Some physical properties of TiN PREPARED USING RF plasma /	Mohamed, Mohamed Raaif Ismaiel	Mohamed Raaif Ismaiel Mohamed,	Sohag:	2003 .	A systematic study was undertaken with surface of titanium nitrided by RF inductively coupled plasma. The continuous plasma processing time was changed from only 3 to 40 min in steps of 5 min or less. Also, plasma-processing power was varied from 250 to 600W IN STEP 50W.the effect of cyclic plasma time on titanium samole was investigated.		
1517	9401279	EVALUATION OF NATURAL VENTILATION INDEX OVER DIFFERENT CITIES IN EGYPT /	AMER,EMAD ALI AHMED	EMAD ALI AHMED AMER,	QENA:	2005 .	THE SUITABILITY OF APARTICULAR LOCATION FOR INDUSTRIAL DEVELOPMENT DEPENDS PARTLY ON THE POLLUTION POTENTIAL,I.E.,THE ABILITY OF THE ATMOSPHERE ABOVE THE REGION TO DISPERSE AND DILUTE POLLUTANTS;THE POLLUTION POTENTIAL IS USUALLY MEASURED IN TERMS OF MIXING HEIGHTS AND WINDSPEEDS;I.E.,VENTILATION INDEX.		
1518	9401280	ORHTHALMIC MANIFESTATIONS OF MALNUTRITION	MOSTAFA, ENAYAT ABDELFAATTAH FARRAG	Enayat abdefattah fraag mostafa	sohag:	2006	THE AIM OF THE WORK TO HAVE AN OVERVIEW ABOUT DIFFERENT VUTRITIONAL SUBSTANCES THAT ARE ESSENTIAL TO NORMAL OPHTHALMIC FUNCTIONS AND ALSO TO REVISE THE EFFECTS OF MALNUTRITION IN THE EMERGENCE OF SOME OCULAR DISEASES AND MANIFESTATIONS		
1519	9401283	THE ROLE OF HELICOBACTER PYLORI IN PEPTIC ULCER=	MOHAMED , ABEER SHENIF	ABEER SHENIF MOHAMED	SOHA G	2003	NO DOUBT THAT H.PYLORI IS NOW BEING CONSIDERED AS A MAJOR CAUSE OF MORBIDITY; BEING LINKED TO PEPTIC ULCERS AS WELL AS TO GASTRIC CANCER. NUMEROUS TESTS HAVE BEEN PROPOSED FOR THE DIAGNOSIS OF H.PYLORI INFECTION.		
1520	9401291	Characterization of Sintered and Hot-Pressed Powder Compacts of Some Superconducting Oxids /	KHALIL,SAYED MOHAMMED	SAYED MOHAMMED KHALIL ,	Sohag :	1996 .	throughout this present work,it was decided to study some transport proper-ties of hot - pressed and sintered power compacts of two bi-based superconducting systems.		
1521	9401360	Effect of rf plasma carbonitriding on physical properties of 304 stainless steel and 1050 aluminium /	Abed ELrahman,Ahmed Mohamed Mohamed Mohamed	Ahmed Mohamed Mohamed Mohamed Abed ELrahman,	Sohag:	2000 .	in recent years there has been growing interest in using low-pressure glow discharge for promoting chemical or physical reactions that are otherwise diffcult or indeed impossible to achieve by conventional methods.		
1522	9401378	STUDIES ON SOME OF THE PHYSICAL PROPERTIES OF PURE AND METAL IONS DOPED AMMONIUM TETRACHLOROZINCATE [(NH4)2ZnCl4] SINGLE CRYSTALS /	SAYED,MANSOUR ABD EL-STTAR	MANSOUR ABD EL-STTAR SAYED,		2002 .	CONTINUOUS PROGRESS IN SCIENCE AND TECHNOLOGY IMPOSES NEW AND INCREASED REQUIREMENTS ON FERROELECTRIC MATERIALS,BECAUSE ITS CRYSTALS PLAYED A DECISIVE ROLE IN THE DEVELOPMENT OF DETECTORS OF INFRARED RADIATION BASED ON THE PYROELECTRIC EFFECT.		
1523	9401422	PHYSIOLOGICAL SRUDIES ON THE EFFECTS OF SOME INSECTICIDES IN BIOCHEMICAL AND HEMATOLOGICAL PARAMETERS IN BLOOD OF RATS	Ahmed,Rana Abd EL-SATAR	Rana Abd EL-SATAR Ahmed	Qena	2005	THE main purposes of utilization of pesticides are in agriculture,public health and personal use.the extensive use of such agents in agriculture,and the repetitive exposure of farmers, consumers and field animals to agents, necessitate intensive on the hazards of toxicity.		
1524	9401457	DEUTERON WAVES AT SHORT DISTANCES /	SHEHATA,MUSTAFA ABDEL-FATTAH	MUSTAFA ABDEL-FATTAH SHEHATA ,	SOHA G:	1997 .	THIS WORK IS STUDY OF THE RADIAL DEUTERON WAVEFUNCTIONS AT SMALL RADII		
1525	9401479	CORONA CURRENT DISTRIBUTION IN WIRE-PLANE GAPS AS INFLUENCED BY NEARBY METALLIC GRIDS /	KOTB,AYMAN ABDEL-FADEEL ABDEL-AZIZ	AYMAN ABDEL-FADEEL ABDEL-AZIZ KOTB,	ASSIU TL:	2006 .	THIS THESIS IS AIMED AT INVESTIGATION HOW THE CORONA PERFORMANCE OF CONDUCTOR-TO-PLAN GAPS IS INFLUENCED BY AGRID UNDERNETH THE STRESSED CONDUCTOR.		
1526	9401482	PREPARATION OF SOME SEMICONDUCTOR COMPOUNDS AND MEASURING THEIR PHYSICAL PROPERTIES /	MOBARAK,MOSTAF A MOHAMED AHMED	MOSTAFA MOHAMED AHMED MOBARAK,	QENA:	1990 .	PREPARATION OF SOME SEMICONDUCTOR COMPOUNDS AND MEASURING THEIR PHYSICAL PROPERTIES.		
1527	9401511	Radiotherapy film and ionization chamber dosimetric measurements /	Mustafa,Moamen Mohamed Omran	Moamen Mohamed Omran Mustafa,	Assiut:	2003 .	Dosimetry of radiotherapy treatment beams is a very important procedure because successful radiation therapy requires an accurate delivery of dose to a cancerous volume of tissue.		
1528	9401517	crystal growth and studies of some ternary semiconductor compounds /	Ali,Badr Mohammed	Badr Mohammed Ali,	Aswan :	2001 .	the tigase single crystal was grown in the solid state laboratory at aswan by very slow cooling from its melt by atequine,wich is realted to the bridgman technique.		
1529	9401577	STRATIGRAPHICAL AND PALEOECOLOGICAL STUDIES ON SOME PALEOCENE-EOCENE SUCCESSIONS IN EGYPT	TANTAWY,ABDL AZIZ A.M	,ABDL AZIZ A.M TANTAWY		1998	thethree best expanded paleocene sections g.		
1530	9401612	PREPARATION AND CHARACTERIZATION OF THIN FE-BASED MAGNETIC ALLOY FILMS /	ABDEL-LATEEF,MEDHAT ABDEL-RADY	MEDHAT ABDEL-RADY ABDEL-LATEEF ,	SOHA G :	1997 .	The main interest of this work is the optimization of the film surface keeping at the same time a sufficient quality with regard to the magnetic performance.DC-sputtering process allows us to perpare Nd-Fe-B films with a surface roughness of less than 100nm.Such films have been patterned successfully and were applied in microtechnology.Lemke et al 1995a.		
1531	9401646	COMPARATIVE STUDY BETWEEN THE EFFECT OF ORAL IVERMECTIN AND TOPICAL CROTAMITON IN TREATMENT OF PEDICULOSIS CAPITIS AMONG SCHOOL CHILDREN IN SOHAG GOVERNORATE=	EL DAHAB , SOHA HISHMAT ABU	SOHA HISHMAT ABU,EL DAHAB	SOHA G	2005	PEDICULOSIS CAPITIS IS A WORLDWIDE PUBLIC HEALTH PROBLEM, SCHOOLCHILDREN ARE MOST COMMONLY AFFECTED,BUT PERSONS OF ANY AGE MAY BE INVOLVED.		

1532	9401651	ELECTRICAL ,OPTICAL AND STRUCTURAL PROPERITIES OF GE 15TE85-X CU X AMORPHOUS SEMICONDUCTORS /	SAID,ABDEL EL-DENGLAWEY	ABDEL EL-DENGLAWEY SAID,	QENA:	1999 .	THE RESULTS SHOWED THAT THE OPTICAL ENERGY GAP ,(E.)FOR Ge15 TE85-X CUX FILMS INCREASES AS ANNEALING TEMPERATURE INCREASES.THIS INCREASE COULD BE DUE TO THE REDUCTION OF THE NUMBER OF UNSATURATED DEFECTS WHICH DECREASE THE DENSITY OF LOCALIZED STATES IN THE BAND STRUCTURE.		
1533	9401665	Study of clusterization in Li6 Nucl At high energy Li6 induced reactions in emulsion /	El-Tabal,Ahmed Yousef	Ahmed Yousef El-Tabal,	Sohag:	1995 .	This thesis is concerned with the ptojectile fragmentation reactions induced by Li6-nucleus with emulsion nuclei at 4.5 A GeV/c incident momentum.study of these reaction is suggested as a trail to discover the internal structure of the Li6-nucleus,in other words,to investigate the presence of Li6 in a cluster configuration at high energy reactions of Li6-nucleus.		
1534	9401689	STRUCTURAL CORRELATION OF AMORPHOUS ASGESE SPECIMENS /	ABDEL-BASET,AHMED MOHAMED	AHMED MOHAMED ABDEL-BASET,	ASSIUT:	2006 .	MANY IMPORTANT CORRECTIONS WERE DONE FOR THE X-RAY INTENSITY SUBTRACTION OF THE BACKGROUND FROM THE MEASURED X-RAY INTENSITY FOLLOWED BY CORRECTIONS FOR THE POLARIZATION AND COMPTON-MODIFIED SCATTERING YIELDS THE COHERENT INTENSITY AS AFUNCTION OF THE SCATTERING ANGLE.		
1535	9401725	PREDICTION OF THE STRONG GROUND MOTIONS DUE TO LARGE EARTHQUAKES USING GREENS FUNCTION AT IMPORTANT NATIONAL STRUCTURES IN ASWAN EGYPT	OMAR,KHALED ABD ELAH MAHMOUD	KHALED ABD ELAH MAHMOUD OMAR	Aswan	2006	THIS STUDY IS THE FRIST WORK FOR PREDICTION THE STRONG MOTION OF A FUTURE EARTHQUAKE AT THE HIGH SITE THE RESULT OF THE SIMULATED LARGE EARTHQUAKE IS COMPARED WITH THE INTENSITY DISTRIBUTION OF THE 1981 EARTHQUAKE		
1536	9401759	HIGHLY ORIENTED CERAMIC OF THE BI-TYPE SUPERCONDUCTORS /	ABDEL-GHANNY,HASSAN AHMED	HASSAN AHMED ABDEL-GHANNY ,	SOHAG :	1995 .	Throughout this work,experimental studies on stuctural and transport properties of bulk samples of highly oriented ceramic superconductors based on bismuth have been prepared. Contribution of ascertain machanism is a matter depends on experimental conditions and starting composition.		
1537	9401782	THERMAL AND LASER INITATION OF SOLID EXPLOSIVES /	ABDULRHMAN,SALAH ALDEEN GALAL	SALAH ALDEEN GALAL ABDULRHMAN,	ASSIUT:	1998 .	THEORETICAL CALCULATIONS ARE DESCRIBED TO STUDY THE BEHAVIOR OF SOLID EXPLOSIVE WHEN HEATED BY THREE DISTINCT MECHANISMS;BY CONDUCTIVE HEAT EXCHANGE(CONSTANT SURFACE TEMPERATURE),CONVECTIVE HEAT EXCHANGE (FLOW OF A HOT GAS),AND BY CONTINUOS AND PULSED LASER.		
1538	9401791	PROSTAGLANDINS IN OBSTETRIC AND GYNECOLOGICAL PRACTICE	MAHMOUD,IMBABY MOHAMMED	Imbaby mohammed mahmoud	Sohag:	2000	THE AIM OF THIS REVIEW IS TO SUMMARIZE THE ROLE OF NATURAL PROSTAGLANDINS IN THE PHYSIOLOGY OF HUMAN REPRODUCTION AND TO DISCUSS THE THERAPEUTIC APPLICATIONS OF SYNTHETIC		
1539	9401796	ANALYSIS OF SKIN INFILTRATING LYMPHOCYTES IN THE TUMORIGENIC AND INFLAMMATORY KERATIOCYTIC HYPERPROLIFERATIVE LESIONS/	EL-BADAWI , ZEINAB HAMDI	ZEINAB HAMDI EL-BADAWI	SOHAG	2004	THE KERATINOCYTIC HYPERPROLIFERATIVE SKIN LESIONS ENCOMPASS WIDE RANGE OF DISEASES CHARACTERIZED BY VARIABLE EPIDERMAL HYPERPLASIA.		
1540	9401798	Mossbauer and Magnetic Studies of Manganese Ferrite; Fine Particles and Thin Films /	Mohmoud,Mohamed Housam	Mohamed Housam Mohmoud ,		1999 .	Recently ferrite systems have recieved a great deal of interest as fine magnetic particle and thin films for a wide range of applications in ceramics and magnetic media technology. Magnetic properties of fine particles differ drastically from those of the corresponding bulk materials. This difference in properties is the results of various effects due to magnetic interactions etween small particles.		
1541	9401844	Deuteron tensor polarization and D-State probability /	Mustafa,Yasser Mohamed Ahmed	Yasser Mohamed Ahmed Mustafa ,	Qena :	2005 .	يتكون الديوترون من ترابط بروتون ونيوترون في الحالة المزدوجة وهو من ابسط الانظمة النووية التي تستخدم في دراسة وفهم طبيعة القوى النووية وذلك نظرا لان معظم خواصة الاساسية قد تم تعيينها مثل طاقة الربط EB binding energy ،العزم المغناطيسي magnetic moment ،عزم رباعي القطب QD quadrupole moment نصف قطر الديوترون rd..... الخ .		
1542	9401852	ASSESSMENT OF THE NATURAL RADIO ACTIVITY LEVELS CEMENT /	MOSTAFA,AHMED MOHAMED AHMED	AHMED MOHAMED AHMED MOSTAFA,	ASSIUT:	2005 .	CEMENT IS COMMONLY USED IN BUILDING MATERIALS WHICH CONSIDERED AS ONE OF THE BASIC INDUSTRIES WHICH PLAYS AN IMPORTANT ROLE IN THE NATIONAL ECONOMY OF MOST COUNTRIES.		
1543	9401860	GEOLOGY OF THE AREA NORTH DINEIBIT EL- QULEIB SOUTHEASTERN DESERT EGYPT	ABDEL HAMID, ABDEL HAMID SAAD	Abdel hamid saad abdel hamid	Aswan :		ON THE BASIS OF REGIONAL STRUCTURAL CORRELATION AS WELL AS CORRELATION WITH NEARBY AREAS THE NORTH DINEIBIT EL-QULEIB AREA ADDED AN ANTHOR EMPHASIS ON THE PAN-AFRAICAN		
1544	9401881	NEW APPROACHES FOR INTERESTING PRECURSORES IN THE HETEROCYCLIC AND =DYES SYNTHSIS	SAYED,SAMIA MOHAMED	SAMIA MOHAMED SAYED		1998	ALTHOUGH EXTENSIVE EFFORTS HAVE RESULTED IN THE SYNTHESIS,SPECTRAL BEHAVIOUR,SOLVATVATOCHROMIC STUDIES AND PROPABLE MODRNN APPLICATIONS OF CYANINE DYES.		
1545	9401960	Aueteron potential model with momentum dependent tensor contribution /	Sultan,Emad El-Deen Abdel-Raheem Mohamed .	Emad El-Deen Abdel-Raheem Mohamed Sultan ,	Assiut :	1993 .	A nucleon-nucleon potential model with a tensor momentum dependency has been introduced.The relevant numeric and computer methods have also been established .		
1546	9401962	MICROPALAEONTOLOGY AND BIOSTRATIGRAPHY OF SUDR AND ESNA FORMATIONS AT WADI EL TARFA SOUTH GALALA EGYPT	ISMAIL, HESHAM AHMED HUSSEIN	HESHAM AHMED HUSSEIN ISMAIL	Qena:	1996	THIS STUDY DEALS WITH THE MICROPALAEONTOLOGY AND BIOSTRATIGRAPHY OF SUDR AND ESNA FORMATIONS BASED ON BOTH PLANKTIC AND BENTHIC FORAMINIFERA		
1547	9401978	A study of electrical,optical and structural properties of As-Se Ti thin films /	Said,Adel El-Denglawey .	Adel El-Denglawey Said ,	Qena :	2005 .	The structural investigation of As-Se-Ti were carried out using X-ray diffraction,XRD,Differential scanning calorimetry,DSC to identify the material phase nature (amorphous or crysalling). The analysis of a, applying energy band theory,revealed indirect transition .		
1548	9401996	CLINICO-EPIDEMIOLOGICAL STUDY OF RECTAL CANCER IN SOHAG CENTERS(RETROSPECTIVE STUDY)/ ASTUDY ON THE EARTHQUAKE MECHANICS AROUND THE HIGH DAM LAKE ASWAN,EGYPT=دراسة عن ميكانيكة الزلازل=دراسة حول بحيرة الدد العالي اسوان-مصر	GHAFFIER,NEHALK AMEL ALY HUSSEIN	NEHALKAMEL ALY HUSSEIN GHAFFIER	Sohag	2005	THIS WORK IS ARETROSPECTIVE STUDY STARTING FROM JANUARY 1999 TILL THE END OF 2003,ATTEMPTING TO THROW LIGHTS ON VARIOUS PRESENTATIONS,VARIOUS DIAGNOSTIC PROCEDURES,MODALITIES OF TREATMENT AND THE OUTCOME OF PATIENTS WITG RECTAL CANCER ALSO ,THIS STUDY TRIES TO PRODUCE SIMPLE CLINICO-EPIDEMIOLOGICAL OVERVIEW OF THE PROBLEM IN PATIENTS WITH RECTAL CANCER ATTENDING SOHAG CANCER CENTERS		
1549	9402008		HASSIB,GABER HASSAN	GABER HASSAN HASSIB	Sohag	1996	the operation of the aswan seismic networkover aperiod of several years allowed us to categorize the seismicity patterns in kalabsha area.		

1550	9402009	Extracting anew valu of the dueteron radius by re-analysis of the experimental data /	Hassan,El-shazly Mahmoud .	El-shazly Mahmoud Hassan ,	Qena :	1991 .	THE AIME OF THIS WORK IS TO CALARIFY THE SITUATION CONCERNING THE ROOT MEAN SQUARE (RMS)RADIUS OF THE DEUTERON BY RE-EXAMINING AND IMPROVING THE DETERMINATION OF IT FROM THE EXPERIMENTALLY DETERMINED ELECTRIC FROM FACTOR RATIO R AND FROM THE NEUTRON ELECTRIC FROM FACTORS SLOPE B AT Q =0 .		
1551	9402030	THE PORTRAIT OF MOSLEMS IN DANTE,S(1265-1321) THE DIVINE COMEDY=	IBRAHIM , HALA MUHAMMAD	HALA MUHAMMAD IBRAHIM	QENA	2000	THIS THESIS IS,TO SOME DEGREE,AN ATTEMPT TO SHOW THE PORTRAIT OF MOSLEMS IN DANTE,S THE DIVINE COMEDY.		
1552	9402031	TRANSPORT PROPERITIES OF GA0.54IN0.55SB ALLOY /	MOHAMED,MAHROUS RASHAD AHMED	MAHROUS RASHAD AHMED MOHAMED,	SOHA G:	1998 .	RESULTS OBTAINED FOR THE THERMOELECTRIC POWER CONFIRMED THE DOMINATION OF THE MIXED CONDUCTION. BOTH ELECTRONS AND HOLES COULD CONTRIBUTE TO THE OBSERVED THERMOELECTRIC POWER.HOWEVER,COMPENSATION SEEMED POSSIBLE AT PARTICULAR TEMPERATURES OF MEASUREMENT DEPENDING ON THE TEMPERATURE OF ANNEALING.		
1553	9402051	Physical properities of CdS single crystal /	El-Desouky,Nagwa Ahmed .	Nagwa Ahmed El-Desouky ,	Swan :	1995 .	The main objective of this project was to measure the physical properties of a CdS single.The study greatly added to our understanding of charge carrier transport in this material .		
1554	9402091	FALUT DURATION FOR VOLTAGE INSTABILITIES INITIATION	SALEH , MAHMOUD MOHAMED HUSSIEN	MAHMOUD MOHAMED HUSSIEN SALEH	Aswan	2006	THE THESIS IS CONCERNED WITH THE FAULT DURATIONS NECESSARY FOR VOLTAGE INSTABILITIES INITIATION IN POWER SYSTEMS DURING VARIOUS SYSTEM OPERATING CONDITIES.		
1555	9402114	COMPUTED TOMOGRAPHY AND MAGNETIC RESONANCE IMAGING IN CASES OF PHARYNGEAL MASSES	mohammad,essam-eldin ahmed	,essam-eldin ahmed mohammad		2004	the aime of this work is to emphasize the role,value and impact of ct and MRlin detecting,evaluating and different types of pharyngeal masses and to depict different ct and MRI patterns caused by variable pathologic processes sush as physiologic,congenital,inflammatory and neoplastic masses.		
1556	9402138	Studies on deep levels in cadmium telluride singel crystal /	Abdel-raheem,Mostafa Mohamed .	Mostafa Mohamed Abdel-Raheem ,	Sohag :	1990 .	IT IS KNOW THAT SILICATION IS THE MOST EXTENSIVELY STUDIED MATERIAL AND HAS REACHED AS STAGE OF MATURITY.FAR LESS IS KNOW ABOUT CADMIUM TELLURIDE. THERE ARE SOME APPLICATIONS WHERE THIS MATERIAL IS UNIQUELY SUITED .		
1557	9402143	Electronic conduction in chalcogenide in the films based on tellurides of arsenic /	Abu-Selhy,Abd El-Hameed Abu-Al Adb Darweesh .	Abd El-Hameed Abu-Al Adb Darweesh Abu-Selhy ,	Assiut :	1996 .	A systematic investigations of the structural optical and electrical properties of [AS2Te3]1-xAGx , [AS.Te]1-x Sex , AS24Te71 and AS46Te46Ge8 films were carried .		
1558	9402157	SEASONAL VARIATION OF TOXIC CYANOBACTERIA AND THEIR TOXINS IN THE NILE RIVER AND IRRIGATION CANNALS AT SOHAG PROVINCE=	ALI,WAFAA SALEH MOHAMED	WAFAA SALEH MOHAMED ALI	Sohag	2004	THIS STUDY INCLUDED THREE PARTS,1- SEASONAL VARIATION OF PHYTOPLANKTON AND TOXIC CYANOBACTERIA;2- BENTHIC CYANOBACTERIA AND THEIR TOXINS IN THE SEDIMENTS OF NILE AND IRRIGATION CANALS;AND 3- CABAPILTY OF SEDEMENTS FOR		
1559	9402163	STUDY OF FERROELECTRIC PROPERTIES OF LEAD TITANATE CERAMIC MODEFIED WITH STRONTIUM AND LANTHANIUMIONS	MOSTAFA , MASSAUD MOHAMED AHMED	MASSAUD MOHAMED AHMED MOSTAFA	QENA	2005	FERROELECTRICITY IS APHENOMENON WHICH WAS FIRST DISCOVERED IN SINGLE CRYSTAL MATERIALS(ROCHELLE SALT) IN1921		
1560	9402167	Groth and characterization of ga2 te3 and ti5 te3 crystals /	Hamza,Eman Jaber	Eman Jaber Hamza,	Aswan :	2001 .	As aresult of the advances in technology in the present time,a new semiconducting materials are neede. semiconductor materials formed from a (b group are having a unique characters).		
1561	9402175	FROM BRUECKNER-HARTREE- FOCK APPROXIMATION TO SPECTRAL FUNCTION IN NUCLEAR MATTER AND FINITE NUCLEI=الدالة=من تقريب بروكنر-هاتري-فوكالى الدالة=الطيفية للوسط النووي اللانهائي والنواة المحدودة	GAD,KHALAF HAMMAD	KHALAF HAMMAD GAD	sohag	2002	it is found that this reation is not good specially at momen-tum abovefermi momentum.		
1562	9402187	Natrual radioactivity of rocks and bulding material and its relevance for the radiation exposure due to randon /	Mohamed,Abdel Gad El-Kareem Abbady .	Abdel Gad El-Kareem Abbady Mohamed ,	Qena :	2002 .	The activity concentrations(bq/Kg) of the natural occuring radionuclides .		
1563	9402203	OPTICAL,ELECTRICAL AND STRUCTURAL PROPERITIES OF As-Te-Ga CHALCOGENIDE SYSTEM /	ABD-ELHADY, ABD-ELSALAM FOAD	ABD-ELSALAM FOAD ABD-ELHADY,	QENA:	1998 .	THE RESISTIVITY OF FRESHLY DEPOSITED FILMS OF DIFFERENT COMPOSITIONS WAS FOUND TO DECREASE WITH INCREASING THE TEMPRATURE,DISPLAYING THE BEHAVIOR OF SEMICONDUCTORS .THE DEPENDENCE OF B ON T SHOWED INTRINISTIC BEHAVIOR WITH SINGLE ACTIVATION ENERGY,WHICH EXTENDED OVER A WIDE TEMPERATURE RANGE.		
1564	9402207	DEUTERON D-STATE PROBABILITY	MUSTAFA,YASSER MAHAMMED AHMED.	YASSER MAHAMMED AHMED MUSTAFA		2003	NEW RELATIONS ARE FOUND BETWEEN THE PEAK VALUES M AND THE DEUTERON QUADERON QUADRUPOLE MOMENT OD FM,THE D-STATE AMPLITUDE AD FM,THE ASYMPTOTIC RATIO AND THE PARAMETER F.		
1565	9402223	Study of inclusive and central Magnsium-Emulsion collosions at 4.5 A Gev/c /	Mohamed,Mohamed Al-Hagazy Jilany .	Mohamed Al-Hagazy Jilany Mohamed ,	Sohag :	1990 .	THE PRESENT THESIS IS ASTUDY OF THE NUCLEUS-NUCLEUS INTERACTION AT HIGH ENERGY . THE GENERAL CHARACTERISTICS OF THE VARIOUS TYPES OF INTERACTIONS BETWEEN MG NUCLEI AND NUCLEI OF NUCLEAR EMULSION AT 4.5 A GEV/C ARE STUDIED .		
1566	9402275	IMPLANTATION AND MIGRATION OF HYDROGEN AND HELIUM IN METALS AT LOW TEMPERATURE /	Soltan,Abdel moem Sayed Ahmed	Abdel moem Sayed Ahmed Soltan ,	assuit :	1990 .	HYDROGEN,DEUTERIUM AND HELIUM WERE IMPLANTED AT A TEMPERATURE 5K AT ENERGIES FROM 0.25 TO 3KEV IN TO AUIN FILMS OF THICKNESSES FROM ABOUT 50 TO 800N M OF THE HEAVY METALS GOLD (FCC), TUNGSTEN AND TANTALUM (BCC)AND RHENIUM (HCP).		
1567	9402421	MEASUREMENTS ON THE BACKGROUND ATMOSPHERIC RN-222 AND RN-220 ONENTRATIONS IN QENA DESERT /	YOUSSEF,AHMED MOHAMED MOHAMED	AHMED MOHAMED MOHAMED YOUSSEF,	QENA:	1992 .	WITH THE INCREASING INTEREST IN THE LAST YEARS IN THE NUCLEAR FUEL CYCLE,ATTENTION HAS BEEN FOCUSED ON THE EFFETS OF RADON AND RADON DAUGHTERS ON URANIUM MINERS.		
1568	9402430	ELETRICAL,OPTICAL AND STRUCTURAL PROPERTIES OF TE 50 AS50-X CUX AMORPHOUS ALLOYS /	ABU-SEHLY,ABO EL-HAMEED A.D	ASSIUT:		1992 .	THE AIM OF THE PRESENT WORK IS TO INVESTIGATE THE STRACTURAL ELECTRICAL CONDUCTION,SWITCHING AND OPTICAL PROPERTIES OF THE MODIFIED GLASSES,TE-AS-CU SYSTEM.		

1569	9402449	DISCRIMINATION BETWEEN NATURAL EARTH QUAKES AND UNDERGROUND NUCLEAR EXPLOSIONS USING ASWAN SELSMIC TELEMETERED NETWORK /	DAHY,SAYED ABD ALLAH MOHAMED	SAYED ABD ALLAH MOHAMED DAHY,	ASWAN:	1991 .	THERE ARE VARIOUS CRITERIA FOR DISRIMINATION BETWEEN NUCLEAR EXPLOSIONS AND NATURAL EARTHQUAKES.		
1570	9402465	TRANSPORT PROPERTIES OF THIN FILMS OF SOME BI X GE 20 SE 80-X CHALCOGENIDE ALLOYS /	AHMED,SAAD ABDEL RAHMAN	SAAD ABDEL RAHMAN AHMED ,	SOHAG:	1992 .	CONDUCTION BEHAVIOR OF THIN FILMS OF DIFFERENT COMPOSITIONS OF THE SYSTEM BI X GE 20 SE 80-X WITH 5< X<		
1571	9402466	INRARED SPECTROSCOPIC STUDIES OF POTASSIUM FERROCYAINDE TRIHYDRATE SINGLE CRYSTAL /	ABO-ELRAHMAN,MOSTAFA I	MOSTAFA I ABO-ELRAHMAN,	ASSIUT :	1992 .	POTASSIUM FERROCY ANIDE TRIHYDRATE K[FE(CN)6]3H2O(KFCT)SINGLE CRYSTAL IS INVESTIGATED BY IR ABSORPTION SPECTRA.		
1572	9402590	EFFECT OF A-NAPHTHOL AND POPOP ON FLUORESCY YIELD IN THE PRESENCE OF SOME QUENCHERS UNDER y-RAY IRRADIATION /	MOHAMED,MOHAMED MANSOUR	MOHAMED MANSOUR MOHAMED,	ASSIUT :	1992 .	THE STUDY OF THE PHENOMENON OF THE FLUORESCENCE YIELD IN LIQUID SCINTILIATION IS DUE TO AN OVERLAP OF THE FLUORE-SCENCE AND ABSORPTION SPECTRY,WHIC LEAD TO SELF-ADSORPTION OF PART OF THE FLUORESCENCEEMISSION.		
1573	9402591	PREPARATION OF SINGLE CRYSTALS FROM THE TERNARY SEMICONDUCTOR GROUP AND STUDIES ON THEIR PHYSICAL PROPERTIES /	ABD EL-MAGEED,RAMADAN MOHAMED SQLEM	RAMADAN MOHAMED SQLEM ABD EL-MAGEED,	ASWAN:	1992 .	TL GAS2 AND TLGASE2 ARE SEMICONDUCTORS FROM A III B III C 2 VI GROUP WHICH HAVE BEEN SHOWN TOBE NEW MATERIALS WITH ATTRACTIVE CHARACTERISTIC.		
1574	9402777	SPECTROSCOPIC STUDIES ON TRACE ELEMENTS OF SOME ALUMINIUM PRODUCTS /	ALY,AHMED MAHMOUD AHMED	AHMED MAHMOUD AHMED ALY,	QENA:	1998 .	تحتوي الرسالة على ملخص باللغة العربية،العنوان التالي:دراسات طيفية على العناصر المنخفضة التركيز في بعض منتجات الامونيوم تتضمن هذه الرسالة دراسة تأثير اضافة تركيزات مختلفة من عنصرى السيليكون والمغنسيوم للالومنيوم النقي لتكوين سبيكة الومنيوم مغنسيوم.ايضا معرفة تأثير ذلك من حيث التشغيل على البارود،وكذلك عمل تخمير للعينات عند درجات حرارة مختلفة.وتتكون الرسالة من ثلاثة فصول تحتوى على (15)جذولا و(100)شكل.		
1575	9402810	STUDIES ON CERTAIN PARASITES OF SOME FISHES FROM THE RED SEA /	MOHAMED,TAREK ABDEL-AZIZ AHMED	TAREK ABDEL-AZIZ AHMED MOHAMED ،	QENA :	1998 .	DURING THIS WORK 216FISHES BELONGING TO 8FAMILIES AND 10 GENERA WERE COLLECTED AND EXAMINED DURING THE DIFFERENT SEASONS OF 1995-1996		
1576	9402818	PHOTOCONDUCTIVITY & OPTICAL AND ELECTRICAL PROPERTIES OF TIGASSE AND TILNSSE SINGLE CRYSTALS /	Marei,Hassan EL-Soghlar Mahmoud	Hassan EL-Soghlar Mahmoud Marei ,	ASSIUT :	1994	The aime of the present work is to study temperature dependence of the electrical conductivity of TiGasse and Tlinssse single crystals over a wide range of temperature.		
1577	9402819	STUDIES ON THE PROTECTIVE EFFECT OF MELATONIN,VITAMIN C AND VITAMIN E ON LEAD-INDUCED OXIDATIVE STRESS ON CLARIAS GARIEPINUS /	MOHAMED,SOAD HASSAN	SOAD HASSAN MOHAMED ،	ASSIUT :	2006 .	THE PRESENT WORK DESIGNED TO STUDY THE PROTECTIVE EFFECT OF DIFFERENT ANTIOXIDANTS(MELATION,VITAMIN E AND VITAMIN C)AS AFREE RADICAL SCAVENGER ON THE OXIDATIVE STRESS AND MORPHOLOGICAL CHANGES INDUCED BY LEAD EXPOUSURE OF FISH(CLARIAS GARIPENUS)IN THIS STUDY ,THE BODY WEIGHT OF THE FISH POPULATION BEFORE AND AFTER THE EXPERIMENTAL DURATION WAS RECORDED		
1578	9402838	SEVOFLURANE ANESTHESIA IN CHILDREN,INDUCTION AND RECOVERY CRITERIA.	ABDEL GHANY,FOAD IBRAHIM SOLIMAN.	FOAD IBRAHIM SOLIMAN ABDEL GHANY,	Sohag:	2004 .	يوجد بالرسالة ملخص باللغة العربية ويحتوى على :التخدير من خلال الاستنشاق يستخدم بكثرة في حالات التخدير الكلى للأطفال وذلك لرائحته المقبولة للأطفال مما يسهل استخدامه وكذلك سرعة الافاقه بعد العملية بالاضافة الى تأثيره التثبيطى القليل على الجهاز الدورى و التنفسى. وجد من خلال هذه الدراسة أن عقار السيوفلوران يتميز بسرعة بداية التخدير والافاقه)		
1579	9402839	TRANSPORT PROPERITIES OF SOME BI-BASED ALLOYS /	ALI,AHMED MAHMOUD KHALIL	AHMED MAHMOUD KHALIL ALI,	SOHAG:	1998 .	THE FIELD DEPENDENCE OF THE ELECTRICAL CONDUCTIVITY WAS FOUND TO PASS THROUGH THREE MAIN REGIONS.FIRST,THE OHMIC-, REGION AND THIRD,SWITCHING ON-OR QUISI-SATURATION REGION SECOND,THE FIELD ENHANCEMENT.		
1580	9402865	NUMERICAL TREATMENT OF FUNCTIONAL DIFFERENTIAL EQUATIONS	EL-OWNY,HASSAN BADRY	HASSAN BADRY EL-OWNY	Aswan	1997	DELY DIFFERENTIAL EQUATIONS NUMERICAL SOLUTION RUNGE-KUTTA METHODS LAGRANGE INTERPOLATION HERMITE INTERPOLATION STABILITY		
1581	9402882	Measurement of natural radioactivity level in natural resources (plants,rocks and soil)in Wadi Allaqi biosphere reserve,southeastern Desert ,Aswan,Egypt/	Badwy,Mahmoud Ali Hussien Ibrahem	Mahmoud Ali Hussien Ibrahem Badwy ,	Aswan :	2006 .	THE PRESENT STUDY IS ACONTINUATION OF THE PROGRAM OF MEASURING NATURAL RADIOACTIVITY IN DIFFERENT ENVIRONMENTAL MEDIA IN QENA,RED SEA AND ASWAN, UPPER EGYPT		
1582	9402886	Investigation of some physical properties for Mn Sn Se ALloys /	Abd EL-khair, Moharram EL-sayed Hassan	Moharram EL-sayed Hassan Abd EL-khair ,	ASWAN,south valley univer sity :	2007 .	بدأت دراسة اشباه الموصلات المغناطيسية فى اواخر 1970 وذلك لاهمية الخواص الكهربية والمغناطيسية فى التصنيع والتكنولوجيا وذلك لاعتمادها على درجة الحرارة والمجال المغنطيسى. لدراسة لتأثير هول لشبه الموصل شبة المغناطيسيةMn Sn Se التى يتغير نموذج لمواد الغير وماجنتك بخواص الكهربية لشبه المعدن لها التطورات الاساسية لهذا النظام تعرف جيداً تكوين منطقة الاكترون ويتم فهم الخواص المغناطيسية جيداً خلال العمل الحالى تم تقدير دراسة الخواص الاساسية .		
1583	9402891	SOME ASPECTS OF CLUSTERIZATION AND COLLECTIVE FLOW IN NUCLEUS.NUCLEUS INTERACTION AT 4.5 A GEV/C /	Abdallah,Nabil Nourelddeen	Nabil Nourelddeen Abdallah ,	Sohag :	1991 .	INTERACTIONS OF MG+AG (BR) AND SI-AG (BR) AT 4.5 A GEV/C HAVE BEEN THOROUGHLY INVESTIGATED. HADRONIC AND BARYONIC CLUSTERS HAVE BEEN IDENTIFIED WITH SIGNIFICANT STATISTICS.		
1584	9402912	STUDY OF INELASTIC INTERACTIONS OF RELATIVISTIC 40AR PROJECTILE AND ITS ERAGMENTS IN NUCLEAR EMULSION /	EL-HAMALAWAY,AHMED ABD EL-SAMIC	AHMED ABD EL-SAMIC MOHAMED EL-HAMALAWAY ,	cairo :	1984 .	IN THIS WORK IS DEVOTED TO THE STUDY OF ANUMBER OF BASIC EXPERIMENTAL CHARACTERISTICS OF INELASTIC COLLISIONS OF 1.8AGEV ARGON NUCLEI IN NUCLEAR EMULSIONS		
1585	9402942	Effects of intercalation of Ag on the expense of Cu on the superconducting properties of BSCCO doped Pb compounds /	Ali,Eslam Mohamed Mohamed Ibrahim	Eslam Mohamed Mohamed Ibrahim Ali ,	Sohag :	2002 .	All the Bi1-8Pb0.2Sr2Ca2Cu3-xAgxOy compositions with the norimal silver content 0>x>1 tested in this work were prepared by solid state reaction technique.		
1586	9402970	EXPERIMENTAL STUDIES ON SOME TRANSPORT PROPERITIES OF Bi2-xInx Se3 /	AHMED,SALEH AHMED SALEH	SALEH AHMED SALEH AHMED,	SOHAG:	1997 .	THE CURRENT DENSITY-ELECTRIC FIELD CHARACTERISTICS WERE FOUND TO OBEY POWER EQUATION WITH THE POWER DEPENDS ON BOTH COMPOSITION AND CONDITIONS OF ANNEALING .HOWEVER,WITHIN THE RELATIVELY LOW FIELD REGIONS,OHMIC CONDUCTION WAS DOMINANT.		
1587	9402977	Effect of tin addition the precepitation and phase transitions in supersaturated Al-Cu alloys /	Ebrahim,Amr Abd-Alla	Amr Abd-Alla Ebrahim ,	Assiut :	2006 .	In the present investigation,the decomposition and precipitation processes in supersaturated Al-Cu binary and Al-Cu-Sn tenary alloys have been studied by means of the microhardness measurements and differential scanning calorimetric analysis (DSC).The obtained results have been confirmed by TEM,SEM and XRD analysis.		

1588	9402978	CRYSTAL GROETH AND PROPERTIES OF IN TE AND IN2 TE3 SINGLE CRYSTALS /	Elshaikh,Haroun Abdelfattah	Haroun Abdelfattah Elshaikh ,	ASWA N :	1990 .	ACTUALLY WE LIVE IN THE AGE OF THE SEMICONDUCTOR APPLICATIONS. INTENSIVE INVESTIGATIONS ON SEMICONDUCTORS STRENGTHEN THE BACKBONE OF TECHNOLOGY. GIANT PROGRESS, RECENTLY IN TECHNOLOGY ,IS CONCENED MAINLY EITH INTENSIVE EXPERIMENTAL AND THEORTICAL STUDIES IN THE FIELD OF SEMICONDUCTORS.		
1589	9402992	TRANSPORT PROPERTIES OF SOME HIGHT SUPERCONDUCTING MATERIALS /	ALI,AHMED MOHAMED AHMED	AHMED MOHAMED AHMED ALI ,	ASSIU T :	1993 .	The main object of this work was to reveal the possibility of transformation to the superconducting state of compositions of the considered system YBCO and optimization of the required conditions for transition to the low resistance state of these materials.		
1590	9403018	From Brueckner-Hartree-Fock Approximation to Spectral Function in Nuclear Matter a/	Gad,Khalaf Hammad	Khalaf Hammad Gad ,	Sohag :	2002 .	Brueckner-Hartree-Fock Approximation are performed for nuclear matter using exact tratment of the Pauli operator.		
1591	9403028	COMPARATIVE STUDY BETWEEN FINE NEEDLE ASPIRATION CYTOLOGY AND TRU-CUT NEEDLE BIOPSY FOR DIAGNOSIS OF BREAST MASSES=	AHMED,AHMED ROSHDI HAMED	AHMED ROSHDI HAMED AHMED	ASSIU T	2004	SINCE ITS INTRODUCTION,FNAC HAS GROWN IN POPULARITY AND BECOME THE FIRST INITIAL USED PROCEDURE AFTER HISTORY HISTORY TAKING AND CLINICAL EXAMINATION FOR DIAGNOSIS OF SOLID AND CYSTIC BREAST LUMPS.		
1592	9403048	Studies on atmospheric turbidity including the effect of some weather parameters /	Kassem, Khalaf-Allah Omar.			1997	The radiant energy of the sun as it passes the atmosphere undergoes complicated transformations. Absorption and scattering of radiant energy take place. Because of the scattering of radiant energy, we observe at the surface level not only the direct solar radiation in the form parallel beams of the sun S rays, but also diffuse radiation. Falling form every point of the sky. Direct solar radiation and diffuse radiation comprise global radiation. Vertical component of direct solar radiation is the solar radiation coming from the solid angle of the sun S disc, as received on a horizontal surface. Sky (Diffuse) radiation is the downward diffuse solar radiation as received on a horizontal surface from a solid angle of (2 π) with the exception of the solid angle subtended by the sun s disc. Global solar radiation is the downward direct and diffuse solar radiation as received on a horizontal surface.		
1593	9403066	CRYSTAL GROWTH AND PHYSICAL PROPERTIES OF Ga2 Se3 AND Ga2 S3 SINGLE CRYSTAL /	Abo EL Hassan,Ashraf Mahmoud Ibrahim	Ashraf Mahmoud Ibrahim Abo EL Hassan ,	ASSIU T :	1994 .	The semiconductor compounds from the group AIII BVI have been the subject of intensive investigations in recent years as these materials have promising properties.The compound Ga2Se3 and Ga2S3 SINGLE CRYSTALE are semiconductors from A2III B3VI group which have interesting physical characteristics		
1594	9403096	NEATRON MATTER /	NAGER,SAAD ABD EL-AZIZ ALI	SAAD ABD EL-AZIZ ALI NAGER ,	ASSIU T :	1987 .	THE PURPOSE OF THE WORK IS TO EXTEND EARLIER NUCLEAR MATTER CACULATION TO THE STUDY OF PROPER TIES OF NEUTRON MATTER		
1595	9403103	THE STRUCTURE OF CHAL COGRNIDE GLASSES IN THE GE-S-SB SYSTEMS /	Abouzied,Mohamed Ali Ahmed	Mohamed Ali Ahmed Abouzied ,	ASSUI T :	1990 .	OUR AIM IS TO STUDY THE STRUCTURE OF CHACOGENIDE GLASSES IN THE GE-S-SB SYSTEM. THE SYSTEM OF (GE 33.33-XS 66.67 SBX) WITH X =0,1066,3033,10,20 AND 30 AT .% THE SYSTEM OF (SB40-XS60 GE X) WITH X =0,5,8,14,20,30 AND 40 AT % AND THE SYSTEM (GES2) 100-X(SB2S3)X WITHX=0,10,20,30,40,50,60,70,AND 100 AT % WERE PREPARED BY DIRECT ALLOYING FROM THE ORIGINAL ELEMNTS.		
1596	9403145	RECENT TRENDS ON SYNTHESIS OF SOME NEW HETEROCYCLIC COMPOUNDS AND SOLVATO CHROMIC PHOTSENSITIZER AS EXTRACTED PHYTO-PIGMENT LIKE	EL-BAGA,NARIEMAN YOUSIF MAHMOD	,NARIEMAN YOUSIF MAHMOD EL-BAGA		2005	BASIC CATALYZED HYDROXYLAMINE OF 2-METHY1 BENZOXAZINONE RESULTED IN RING TRANSFORMATION AFFORDING TWO MAIN ENTITIES 3-HYDROXY-2-METHY1-BENZPYRIMIDINE-4-ONE 2 AND BENZPYRID-4-ONE-2- OXIME 3. SOME SELECTED FUSED, BEARING AND SPIRO HETEROCYCLIC COMPOUNDS WERE SYNTHESISED BASED ON THE LATTER HETEROCYCLIC TRANSFORMED		
1597	9403150	PHOTOCONDUCTIVITY INAMORPHOUS HYDROGENATED SILICON /	MADKOUR,HAROUN ALY EL-SAYED	HAROUN ALY EL-SAYED MADKOUR ,	ASSIU T :	1987 .	THE WORK IN THIS IS COCERNED WITH THE STUDIES OF BOTH OPTICAL PROPERTIES AND PHOTOCONDUCTIVITY IN AMORPHOUS HYDROGENATED SILICON PERPARED BY MANGNETRON SPUTTERING,ORTHODOX SPUTTERING AND GLOW DISCHARGE IN THE FORM OF THIN FILMS.		
1598	9403157	COLLISION RADIATIVE MODEL IN AQUASI STATIONARY HOMOGENEOUS SF6 ARC PLASMA FOR PRESSURE P BETWEEN 1 AND 8 ATMOSPHERE /	Habib,Abdelaziz Abdalla Mohamed	Abdelaziz Abdalla Mohamed Habib ,	assuit :	1989 .	THE MAIN THEME,IN THE PRESENT WORK IS THE MODELLING OF THE EXTINCTION OF AN SFE PLASMA,BASED ON THE ANALYSIS OF COLLISIONAL AND RADIATIVE PROCESSES.		
1599	9403159	ROLE OF ULTRASONOGRAPHY IN MALE INFERTILITY=	ELDIN , MOHAMMED HASSN ALAM	MOHAMMED HASSN ALAM ELDIN	sohag	1998	MALE INFERTILITY IS ACCOMMON MEDICAL PROBLEM AND SOME PATIENTS HAVE SPECIFIC DEFINED CONDITIONS THAT MAKE THEM EITHER STERILE OR SUBFERTILE.		
1600	9403177	Preparation,Characterization,aqnd Electronic properties of thin films of the High-Temperaties superconductor HgReBa2Can-iCunOy /	Salem,Abuelwafa Abouelmaaref Mohamed	uniorr Sitat Mainz	Mainz	2004	A short historical acconunt of some important discoveries in the field of superconductivoty and of the grasual increase of the gradual increase of the superconducting critical temperconductivity Tc in time is given.		
1601	9403191	ECOLOGICAL STUDIES ON TERMITES(ISOPTERA)AND ASSOCIATED ARTHROPODS IN QENA /	ABOU-ELMAGD,SAWSAN MOHAMED	SAWSAN MOHAMED ABOU-ELMAGD ,	QENA :	2006 .	ECOLOGICAL STUDIES ON THE WHITE ANT PSAMMOTERMES HYBOSTOMA DESNEUX AND ITS ASSOCIATED ARTHROPODS TOOK THE ATTENTION OF AUTHORS AS ARESULT OF THEIR ECONOMIC IMPORTANCE		
1602	9403192	FUSION REACTIONS /	Ismaiel,Galal Saad Hasan	Galal Saad Hasan Ismaiel ,	assuit :	1989 .	THEORETICAL STUDY FOR FUSION REACTION ARE MADE RECOVERING DIFFERENT TYPES OF NUCLEUS-NUCLEUS PAIRS RANGED FROM LIGHTERIONS (9BE) TO HEAVIER IONS (209BI).TWO TYPES OF NUCLEAR POTENTIALS I.E.M3Y AND DDMSY INTERACTIONS,HAVE BEEN USED AND DIFFERENT APPROXIMATION METHODS ARE TAKEN INTO ACCUNT.		
1603	9403200	CYTOGENETIC STUDIES OF SOME SPECIES OF BIRDS OF UPPER EGYPT /	AHMED,NAGAT ABDLY DARDER	NAGAT ABDLY DARDER AHMED ,	QENA :	1998 .	ATOTAL OF FOURTEEN SPECIES OF BIRDS REPRESENTING EIGHT ORDERS OF CLASS AVES WERE MORPHOLOGICALLY AND CYTOGENETICALLY STUDIED		
1604	9403205	EVALUATION OF RESULTS OF MANAGEMENT OF FRACTURES OF THE NECK OF THE FEMUR IN CHILDREN	ABU-GABAL,KHALED ABDEL SATTAR	KHALED ABDEL SATTAR ABU-GABAL		2002	THIS WORK WAS PLANNED TO STUDY THE RESULTS OF TREATMENTOF FRACTURES OF THE NECK OF THE FEMUR IN CHILDREN THE MATERIAL OF THE STUDY INCLUDED A TOTAL OF 17 CHILDREN PATIENTS HAVING FEMORAL NECK FRACTURES		

1605	9403231		BIOLOGICAL STUDIES ON SOME FISHES FROM ASWAN REGION /	MOKHTAR,FAYZA MOHAMMED	FAYZA MOHAMMED MOKHTAR ,	ASWAN :	1994 .	IN ASWAN REGION OF THE RIVER NILE THERE ARE THREE FRESHWATER BODIES : THE MAIN RIVER DOWNSTREAM OF ASWAN DAM,LAKE NASSER (OR THE HIGH DAM LAKE)- UPSTREAM OF THE HIGH DAM AND ASWAN RESERVOIR- IN BETWEEN		
1606	9403234		ELECTRON MICROSCOPIC STUDY OF SPERMATOOA IN SMOKERS=	ELTAIEB , MOUSTAFA ADAM ALI	MOUSTAFA ADAM ALI ELTAIEB	sohag	2003	MANY STUDIES HAVE REPORTED AN ASSOCIATION BETWEEN CIGARETTE SMOKING AND DECREASE IN SEMEN CONCENTRATION,MOTILITY, NORMAL FORMS AND SEMEN VOLUME		
1607	9403253		SALT TOLERANCE OF SOME WHEAT CULTIVARS	MOHAWAD,ARAFAT ABDEL-HAMED ABDEL-LATEF	ARAFAT ABDEL-HAMED ABDEL-LATEF MOHAWAD		2005	THE OBJECTIVE OF THE PRESENT INVESTIGATION WAS CARRIED OUT TO STUDY THE PHYSIOLOGICAL RESPONSES OF THREE WHEAT CULTIVARS (CV.SAKHA-69,CV.SDS-1 AND CV. GIZA-168) TO VARIOUS LEVES OF SALINITY AND SOME RELATED PHYSIOLOGICAL ACTIVITIES OF THESE CULTIVARS DURING TWO DIFFERENT STAGES OF GROWTH((SEEDLING AND FRUITING STAGES		
1608	9403255		LIGHT AND ELECTRON MICROSCOPIC STUDIES OF SOME COCCIDIAN PARASITES INFECTING REPTILES IN QENA PROVINCE /	HUSSEIN,ABDEL-NASSER AHMED	ABDEL-NASSER AHMED HUSSEIN ,	QENA :	2004 .	The present intends to give some information by light and electron microscopes on both blood and merogonic stages of some parasites from qena governorate,Egypt		
1609	9403297		Some metabolic effect of insulin and Alloxan in the Nile Fish clarias Lazera /	Al-Salahy,Mohamed Bassam Al-Saied	Mohamed Bassam Al-Saied Al-Salahy ,	Assiut :	1990 .	The aim of the present investigation is to study the physiological role of both insulin and alloxan injection on the metabolic activity of fish clarias lazera through different periods (1/2, 5 ,18, 24, 48 and 72 hrs.)after treatment.		
1610	9403310		INSTRUMENTAL LOW-LEVEL MEASUREMENTND SPECTROMTRY OF ALPHA-PARTICLE EMITTERS IN GEOLOGICAL MATERIAL /	Ahmed,Nour Khalifa	Nour Khalifa Ahmed ,	Qena :	1989 .	RADIONCTIVITY IS ONE OF THE FUNDAMENTAL PHENOMENA OF PHYSICS IN NATURE . IT DESCRIBES THE INSTABILITY OF ATOMIC NUCLEI,WHICH SPONTANEOUSLY DECAYS INTO ANOTHER ATOMIC NUCLEOUS EITHER OF THE SAME OR ANOTHER ELEMENT,ACCOMPANIED BY EMITTING (RADIOACTIVE) OR (IONIZING) RADIATION.		
1611	9403312		NERVE GRAFTING	ABDEL RAHMAN , HASSAN HAMDY	HASSAN HAMDY ABDEL RAHMAN	sohag	1997	THIS STUDY COMPOSED THE REVIEW OF 10 PATIENTS WITH NERVE GRAFT,5OF THEM WERE BRACHIAL PLEXUS IN WHICH 12 NERVE GRAFTS WERE DONE.		
1612	9403322		COMPARATIVE KARYOLOGICAL STUDIES OF SOME SPECIES OF BIRDS IN EGYPT /	IBRAHIM,ALI HUSSIEEN ABU ALMAATY	ALI HUSSIEEN ABU ALMAATY IBRAHIM ,	QENA :	2006 .	Thirty-one species of birds representing ten orders of class aves,which were collected from eight sites on the Mediterranean Sea Coast and Lake Manzala, were morphologically and cytogenetically studied		
1613	9403340		STOCK ASSESSMENT OF SOME IMPORTANT COMMERCIAL FISH SPECIES OF LAKE NASSER,EGYPT /	ADAM,EL-HUSSEIN AMMAR	EL-HUSSEIN AMMAR ADAM ,	ASSIUT :	2004 .	The main goal of this thesis is study stock assessment of some important commercial Fish species of Lake Nasser in Egypt		
1614	9403347		Neuroendocrine profile in Rats addicted to amphetamine sulphate with special reference to carbohydrate metabolism /	EI Daly,Ezzat Sedky Aly	Ezzat Sedky Aly EI Daly ,	Aswan :	1990 .	Amphetamine a stimulat substance maintains wakefulness,increase and facilitate motor activity,however ,it has a far more profound stimulatory effect o the central nervous system. Amphetamine sulphate,which was used in this study has the strongest peripheral and weakest central effect on CNS.		
1615	9403351		PRELIMINARY DOPPLER STUDY OF THE PORTAL VEIN IN PATIENTS WITH LIVER CIRRHOSIS WITH OR WITHOUT OESOPHAGEAL VARICES=	AL- SENBESY,MOHAMED ABDEL-RAZEK ZAKI	MOHAMED ABDEL-RAZEK ZAKI AL-SENBESY	Sohag	1998	the aim of this work is to assess the value of doppler sonography in diagnosing oesophageal varices in different types of liver cirrhosis and its correlation with endoscopic findings.		
1616	9403373		STUDIES ON TRANSITION METAL COMPLEXES OF BENZOYL THIOUREA DERIVATIVES AND ORTHO PHENYLENE DIAMINE=	ELMASRY,ALAA EL-DEEN SAYED ALY	ALAA EL-DEEN SAYED ALY ELMASRY	Sohag	1996	THE GENERAL SCOPE OF THIS OF THIS THESIS WAS TO PRESENT A SYSTEMATIC STUDY ON THE LIGATING PROPERTIES OF SOME BENZOYL THIOUREA DERIVATIVES .		
1617	9403375		IMMUNOBIOLOGICAL STUDIES ON THE FAMILY SCHISTOSOMATIDAE /	Saleh,Naglaa Moustafa Kamel	Naglaa Moustafa Kamel Saleh ,	ASWAN :	2005 .	Aim of the present work was to find outthe prevailing human species of SCHISTOSOMA and its rate of infection,examination of different snails for human and bird schistosome cercariae and pigeons,examination of sparrows to find out the adult schistosomes and preparation of crude antigen from these adults and to estimate it as avaccine against SCHISTOSOMA MANSONI in laboratory mice		
1618	9403376		HISTOLOGICAL AND BIOCHEMICAL STUDIES ON GRASS CARP,CTENOPHARYNGODON IDELLA UNDER THE EFFECT OF THE BIOPESTICIDE NEEM(TRIOLOGY)	OKAIL,HANAN ALI MAHMOUD	HANAN ALI MAHMOUD OKAIL,		2005	The present study was planned to investigate the effect of neem biopesticide(Triology) on some histopathological and biochemical aspects of liver,Kidney,gills and intestine of the fresh water fish ,namely,grass caro"CTenopharyngodon idella"collected from fish culture station at EL-Ahaiwa,Sohag Governorate		
1619	9403382		CONDITIONAL METHOD OF INFERENCE FOR SEVERAL LIFE CHARACTERISTICS OF THE PARETO DISTRIBUTION BASED ON COMPLETE AND CENSORED SAMPLES=	MOHAMED , SEHAM ALI	SEHAM ALI MOHAMED	ASWAN :	2005	IN THIS THESIS,WE APPLY THE CLASSICAL APPROACH FOR ESTIMATING SOME CHARACTERISTICS OF THE PARETO DISTRIBUTION. SIR FISHER (1952)PRESENTED THIS APPROACH AS A PRACTICAL METHOD IN STATISTICAL INFERENCE.		
1620	9403391		A STUDY OF THE RESULTS OF ARTHROSCOPIC OPEN TREATMENT OF SUBACROMIAL IMPINGEMENT SYNDROME	EL-AZAB , HOSAM EL-DEEN MAHMOUD AHMED	HOSAM EL-DEEN MAHMOUD AHMED EL-AZAB	SOHAG	2002	THE SHOULDER JOINT IS THE MOST FREELY MOBILE JOINT IN THE BODY ALTHOUGH ITS CAPSULE IS THIN , LAX AND ALLOWING WIDE RANGE OF MOVEMENT , IT IS STRENGTHENED BY ROTATOR CUFF OR MUSCLOTENDINOUS CUFF		
1621	9403546		Studies on protozon parasites Which may infect some birds in Assiut Governorate /	Abed,Gamal Hassan	Gamal Hassan Abed ,	Assiut :	1991 .	To day birds represent a main source of animal proteins alllover the world.pigeons and doves (family.columbidae)are remarkable for a high food value.In some countries birds form the main food beside other nutritive substances. Many parasitic protoza can be harmful to the birds.		
1622	9403630		Studies on Echinostomes of birds in Aswan governrate /	Saad,Atef Ibrahim Abd Elkader	Atef Ibrahim Abd Elkader Saad ,	Assiut :	1991 .	These sanails were belonging to six species. 1. Biomphalaria alexandiana. 2. Bulinus truncatus. 3. physa acuta. 4. Cleopatra Bulimoides . 5. Melania Tuberculata and . 6. Lymnaea Cailliaud		

1623	9403634		STUDIES ON THE BIOLOGY AND THE CHEMICAL DEFENSE OF SOME MARINE INVERTEBRATES,RED SEA,EGYPT /	MOUSTAFA,ALAA YOUSRY FAHMY	ALAA YOUSRY FAHMY MOUSTAFA	SOHAG :	2005 .	AIMS OF THE PRESENT WORK Collect and identify two venomous groups of molluscan invertebrates to use them in the present study. Study the structure of ink and digestive glands and their role in the chemical defense in the two sea hares Aplysia Oculifera and Aplysia Fasciata. Study the toxicity of the ink fluid from the two sea hares using mice ,Artemia,bacteria and fungi. Discuss the difference between the methods of defense in the two groups of molluscs "sea hares and cone snails"		
1624	9403666		BIOLOGICAL AND PHYSIOLOGICAL STUDIES OF THE CICHLID FISH "OREOCHROMIS NILOTICUS(L.)" FROM THE RIVER NILE AT SOHAG GOVERNORATE /	OKAIL,HANAN ALI MAHMOUD	HANAN ALI MAHMOUD OKAIL	SOHAG :	1999 .	TILAPIA IS AN IMPORTANT FISH.IT HAS A WIDE DISTRIBUTION AND IS SUITABLE FOR DIFFERENT HABITATS IN THE TROPICAL AND SUBTROPICAL REGIONS		
1625	9403681		ASTUDY OF THE ROLE OF TRANSVAGINAL ULTRASONOGRAPHY VERSUS LAPAROSCOPY IN DIAGNOSIS OF PELVIC PAIN=	MONEM , ALLAM MOHAMMAD ABDEL	ALLAM MOHAMMAD ABDEL MONEM	SOHAG	1997	THIS STUDY WAS DONE WITH THE OBJECTIVES OF EVALUATING THE ACCURACY,SENSITIVITY AND SPECIFICITY OF T.V.S. COMPARED TO LAPAROSCOPY IN DIAGNOSIS OF CAUSES OF PELVIC PAIN.		
1626	9403696		USEFULNESS OF ECHOCARDIOGRAPHIC LEFT VENTRICULAR HYPERTROPHY IN RELATION TO ATHERO THROMBOTIC BRAIN INFARCTION	MOHAMED,MOHAMED ALAA ALSAYED	MOHAMED ALAA ALSAYE MOHAMED	Sohag	1996	AS STROKE IS VERY SERIOUS HEALTH PROBLEM OUR STUDY AIMED AT PREDICTION OF THE INCIDENCE OF LEFT VENTRICULAR HYPERTROPHY(LVH) IN PATIENT WITH ATHEROTHROMBOTIC BRAIN INFARCTION USING ELECTROCARDIOGRAM(ECG) AND ECHOCARDIOGRAPHY (ECHO)		
1627	9403784		CYTOTOXIC MARKERS IN ACUTE LEUKEMIAS	HAMED , ELHAM OMAR	ELHAM OMAR HAMED	ASSIUT	1998	THIS STUDY WAS CONDUCTED IN UNIVERSITY HOSPITAL OF SOHAG FACULTY OF MEDICINE.		
1628	9403824		BIOLOGICAL STUDIES ON SOME SPECIES OF SEA HARES(MOLLUSCA:OPISTHOBRANCHIA)COLLECTED FROM THE RED SEA,EGYPT /	MOUSTAFA,ALAA YOUSRY FAHMY	ALAA YOUSRY FAHMY MOUSTAFA	SOHAG :	1999 .	ARICH MYTHOLOGY WAS SURROUNDING THE SEA HARES,RELATED TO THE BELIEF OF THEIR POISONING NATURE		
1629	9403854		EFFECT OF ISUPREL(B2STIMULANT) ON HAEMODYNAMICS AFTER CLOSED MITRAL COMMISSUROTOMY	ABD EL-GHAFFAR,AYMAN MOHAMMED MOHAMMED	AYMAN MOHAMMED MOHAMMED ABD EL-GHAFFAR	sohag	1998	TO ESTABLISH THE ROLE OF ISOPROTERENOL IN THE TREATMENT OF LOW CARDIAC OUTPUT STATES RESULTING FROM RIGHT VENTRICULAR FAILURE AFTER CLOSE MITRAL COMMISSUROTOMY		
1630	9403910		Studies on some of parasites in some Nile fishes in Sohag governorate /	Ebraheem,Momen El-Damarany	Momen El- Damarany Ebraheem	Sohag :	1992 .	The present study aimed to Studies on some of parasites in some Nile fishes in Sohag governorate. Research on diseases and parasitic infections from which fish suffer poses so many problems and questions that this branch of science is well on the way to becoming a special discipline. The most important problems, is that concerning the feeding of the world's population.		
1631	9403923		BIODIVERSITY OF HIGHER FRESHWATER IN THE NILE	ABDEL-AZIZ,FATEN AWAD	FATEN AWAD ABDEL-AZIZ,	Qena:	2000	A TOTAL OF 64 FUNGAL TAXA, INCLUDING 40 ASCOMYCETES, 20 MITOSPORIC FUNGI AND 4 BASIDIOMYCETES WERE IDENTIFIED FROM SOHAG QENA AND ASWAN		
1632	9403939		FOOD CONSUMPTION,ASSIMILATION AND GROWTH OF SOME TERRESTRIAL ISOPOD SPECIES IN QENA REGION /	ABD EL-LATIF,MOHEY EL-DEIN ZEIN EL-ABDEIN	MOHEY EL-DEIN ZEIN EL-ABDEIN ABD EL-LATIF	QENA :	1998 .	INDIVIDUALS OF PORCELLIONIDES PRUINOSUS,PORCELLIONIDAE LAEVIS AND PORCELLIO OLIVIERI WERE COLLECTED FROM THREE LOCALITIES IN QENA PROVINCE AND REARED ON MORUS ALBA,EUCALYPTUS GLOBULUS,FICUS CARICA,CITRUS SINENSIS,PSIDIMUM GUAYANA AND MANGIFERA SP		
1633	9403983		STUDIES ON SOME HEMATOLOGICAL AND BIOCHEMICAL CHANGES ASSOCIATING PARASITIC SKIN AFFECTIONS IN SMALL RUMINANTS.	ALI , ALSAGHER OMRAN AHMED	ALSAGHER OMRAN AHMED ALI	ASSUIT	2005	THIS WORK WAS PLANNED TO EVALUATE THE EFFICACY OF SOME EXTERNAL PARASITIC SKIN AFFECTIONS ON THE HEMATOLOGICAL AND BIOCHEMICAL PARAMETERS OF GOATS AND SHEEP.		
1634	9404086		Studies on some parasites of rodents in Qena with special reference to those recovered from Muscles and peripheral Blood /	Rabie,Soheir Ahmed Hamdi M	Soheir Ahmed Hamdi M Rabie	Assiut :	1992 .	The present study aimed to Studies on some parasites of rodents in Qena with special reference to those recovered from Muscles and Peripheral Blood. The main points in this study is. 1. Studies on protozoan parasites. 2. Trypanosomatidae. 3. Plasmodiidae. 4. Sarcocystis.		
1635	9404107		EFFECT OF MELATONIN ON REPRODUCTION IN FEMALE RABBITS	AHMED , HODA MOSTAFA	HODA MOSTAFA AHMED	SOHAG	2002	MELATONIN IS CONSIDERED THE MOST IMPORTANT AND THE MOST ACTIVE SUBSTANCE IN THE PINEAL GLAND		
1636	9404293		N-PHENYLSULFONYLOXYPHthalimide IN THE SYNTHESIS OF HETEROCYCLIC COMPOUNDS=	ABD ELRAHIM,MOHAMED MUBARAK TAHA.	MOHAMED MUBARAK TAHA ABD ELRAHIM		2001	the main objective of the study described in this thesis involved the synthesis of some quinazolinone derivatives derived from n-phenylsulfonyloxyphthalimide and 3-amino-2,4-dihydroquinazolin-4(1H)-one		
1637	9404302		EPIDEMIOLOGICAL ASPECTS OF NEOPLASTIC DISEASES IN CHILDREN=	AHMED , ABEER ABDUL MONIEM	ABEER ABDUL MONIEM AHMED	SOHAG	2000	THE EPIDEMIOLOGICAL FEATURES OF CANCER AMONG CHILDREN HAVE STIMULATED ABUNDANT DESCRIPTIVE AND ANALYTIC INVESTIGATION		
1638	9404421		THE USE OF GENETIC BIOMARKERS FOR THE ENVIRONMENTAL RISK ASSESSMENT INDUCED BY POLLUTION=	MOHAMED,TITO NEEEM YOUSSEF HABIB	TITO NEEEM YOUSSEF HABIB MOHAMED,		1998	the genetic effects of environmental pollutants include mutations in somatic cells or germinal cells that are the direct of exposure to toxicants.		
1639	9404427		Studies on the distribution,Ecology and Biology of freshwater leeches in Upper Egypt,With description of a species new to Egypt from Gizah /	Moustafa,Ahmed Sayed Mohamed	Ahmed Sayed Mohamed Moustafa	Assiut :	1992 .	The study aims to Studies on the distribution,Ecology and Biology of freshwater leeches in Upper Egypt,With description of a species new to Egypt from Gizah. The study aims to reveal the effect of different ecological factors on the distribution,ecology and biology of the freshwater leeches in Upper Egypt. The book includes both field and laboratory studies.		
1640	9404432		SOME PROBLEMS IN GENERAL RELATIVITY CORRELATION BETWEEN SERUM-ASCITES ALBUMIN CONCENTRATION GRADIENT (SAAG)AND ENDOSCOPIC PARAMETERS OF PORTAL HYPERTENSION=	ALY,HAMADA FAWZY ABDEL-HAMEED.	HAMADA FAWZY ABDEL-HAMEED ALY	sohag	1997	STUDYING SYMMETRY PROPERTIES IN GENERAL RELATIVITY IS OF GREAT INTEREST FOR TWO REASONS.		
1641	9404454			ABDEL-KADER , USAMA MOHAMED ABDEL-AAL	USAMA MOHAMED ABDEL-AAL ABDEL-KADER	SOHAG	2002	THE OBJECTIVE OF THIS STUDY WAS TO DETERMINE THE CORRELATION AND ASSOCIATION BETWEEN THE LEVEL OF SAAG AND THE COMPLICATION OF PHTN MAINLY THE PRESENCE AND THE GRADE OF EV FOUND ON UPPER ENDOSCOPY.		

1642	9404541	SECONDARY METABOLITES FORMATION OF THE TERVERTICILLATE PENICILLIA=تكوين الايضيات الثانوية بواسطة البنسيليوم=ثلاثية الفروع	ABO-DAHAB,NAGEH FATHY	NAGEH FATHY ABO-DAHAB	Sohag	1998	the first part of this study aimed to screening some of patulin producing terverticillate penicillia for their extra-cellular secondary metabolites production using agar plug technique.		
1643	9404562	ANALYSIS OF SILENT AND NONSILENT DISCHARGES IN NONUNIFORM FILED GAPS /	Yahia,Ashraf El-Sayed Sayed Ahmed	Ashraf El-Sayed Sayed Ahmed Yahia ,	assuit :	2002 .	In this study, the characteristic of corona and silent discharge plasmas including ozone generation have been investigated.		
1644	9404567	PHYSIOLOGICAL RESPONSE OF SOME SALINIZED LEGUMINOUS PLANTS TO SEED SOAKING IN THIAMINE OR ASCORBIC ACID	HUSSIN , SOHIR TABET HAMED			1998	RESPONSES OF PLANTS IN CONNECTION WITH THE ACTION OF NAC1 AS ASALINIZING AGENT AND THIAMINE OR ASCORBIC ACID AS AMELIORATING AGENTS		
1645	9404568	POST-COLONIALISM:A THEORY OF RESISTANCE WITH A SPECIAL REFERENCE TO FRANTZ FANON THE WRETCHED OF THE EARTH/	EL ARIF , ABDEL NAIM IBRAHIM AWAD	ABDEL NAIM IBRAHIM AWAD EL ARIF	QENA	2006	POST-COLONIAL THEORY IS ONE OF THE RECENT CRITICAL THEORIES IN THE SECOND HALF OF THE TWENTIETH CENTURY.		
1646	9404593	Histogenesis of some embryonic organs of a teleost fish gambusia affinis holbrookii /	LASHEIN,FAKHR EL-DIN MUSTAFA	FAKHR EL-DIN MUSTAFA Lashein .	KAFR EL-SHEIK H :	1990 .	THIS INVESTIGATION DEALS WITH THE EMBRYONIC DEVELOPMENT OF THE DIGESTIVE SYSTEM OF TELEOST FISH,gambusia affinis holbrookii THE EMBRYONIC STAGES AS WELL AS THE ADULT STAGE WERE STUDING.EMBRYONIC STAGES WERE DIVIDED INTO EIGHT STAGE ACCORDING TO MORPHOLOGICAL CHARACTERS OF THE WHOLE EMBRYOS AS WELL AS MORPHOLOGICAL AND HISTOLOGICAL CHARACTERS OF THE DIGESTIVE SYSTEM FOR EACH EMBRYOIC STAGE		
1647	9404623	OUTCOME OF SURGICAL MANAGEMENT FOR MALIGNANT OBSTRUCTIVE JAUNDICE=	EL SHERIF , OLA AHMED MAHMOUD	OLA AHMED MAHMOUD EL SHERIF	SOHA G	2005	OUR STUDY WAS CARRIED OUT ON 48 CASES PRESENTED WITH ADVANCED MALIGNANT OBSTRUCTIVE JAUNDICE WHO UNDERWENT SURGERY FOR RELIEF OF BILE DUCT OBSTRUCTION DURING THE PERIOD FORM JULY 2003TO JANUARY 2005 IN THE DEPARTMENT OF GENERAL SURGERY.		
1648	9404628	Seasonal effects on the neuroendocrine profile in reptiles with special reference to carbohydrate and lipid metabolism /	Abdel-Hameed,Abdel-Hameed Mansour	Abdel-Hameed Mansour Abdel-Hameed .	Aswan :	1993 .	The phenomenon of hibernation is one of the most fascinating adaptive responses manifested in nature.An animal is capable of markedly reducing its basal metabolic rate,utilizing fat reserves and abstaining from food during winter. In the present investigation,Two spaces of reptiles are choosen,these are ,Malpolon monspessulanus and Uromastix aegyptius living in the Egyptain deserts and manifesting the phenomenon of hibernation.		
1649	9404672	APPLICATION OF REMOTE SENSING IN EXPLORATION FOR MINERALIZED GRAITES IN CENTRAL EASTERN DESERT,EGYPT	GAD , SABREEN ATA	SABREEN ATA GAD	Aswan	2002	THE STUDY AREA IS LOCATED IN THE CENTRAL EASTERN DESERT OF EGYPT BETWEEN LATITUDES 24 45 AND 25 20N AND LONGITUDES33 45 AND 34 30E		
1650	9404701	Short Range Correlation in Finite Nuclear Systems /	Mokhatar,sherif Rashad	sherif Rashad Mokhatar ,	assuit :	2002 .	A Model that treats short-range correlation in finite nuclei in case of nuclear excitation is developed. The model considers the correlations up to the first order in the number of correlation life.		
1651	9404707	SPECTRAL/SPLINE COLLOCATION METHODS FOR THE SOLUTIONS OF SOME PARTIAL DIFFERENTIAL EQUATIONS(PDES).	ATTIA , MOHAMED AHMED IBRAHIM	MOHAMED AHMED IBRAHIM ATTIA	QENA	2004	IN THIS THESIS WE PRESENT A MIXED SPECTRAL / SPLINE APPROACH TO SOLVE THE GENERALIZED BUGER'S EQUATION AND THE KORTEWEG DE VRIES EQUATION.		
1652	9404732	Effect of electronical stimulation and Na cl solution on regeneration of HIND LIMBS in stages of the Egyptian toad,bufo regularis reuss /	Farag,Reda Abdel-Rahman Ali	Reda Abdel-Rahman Ali Farag .	Assiut. :	1993 .	The present study aims to Effect of electronical stimulation and Na cl solution on regeneration of HIND LIMBS in stages of the Egyptian toad,bufo regularis reuss. It is well known that urodeles retain the regenerative capacity of their transected limbs throughout their life history.		
1653	9404774	POTENTIOMETRIC AND SPECTROPHOTOMETRIC STUDIES ON SOME ORGANOPHOSPHORUS COMPLEXES	ZOROMBA , MOHAMAD SHAFEEK TAHA			2003	THIS THESIS ENTITLED POTENTIOMETRIC AND SPECTROPHOTOMETRIC STUDIES ON SOME ORGANO- PHOSPHOROUS COMPLEXES		
1654	9404775	PHYSICO-CHEMICAL INDUCED BY Y-IRRADIATION IN SOME COMPOUNDS OF MEDICAL AND BIOLOGICAL ACTIVITIES /	Hammad,Abdel-Reda Gadel-Karim Hussien	Abdel-Reda Gadel-Karim Hussien Hammad ,	assuit :	2002 .	In recent years metalo-organic and organic materials are used widely. These materials can suffer considerable radiation damage during their operaional lives and it is obviously important to know the effects of radiation on their physical behavior.		
1655	9404807	EXACT AND APPROXIMATE RELIABILITY FOR COMPUTER NETWORKS	ABD-ELLAH , MOHAMED HESHMAT	MOHAMED HESHMAT ABD-ELLAH	SOHA G	2002	THE DEVELOPMENT OF RELIABLE COMPUTER NETWORKS IS BECOMING OF INCREASING IMPORTANCE		
1656	9404863	CLINICO-EPIDEMIOLOGICAL STUDY OF CANCER BLADDER IN SOHAG CANCER CENTERS (RETROSPECTIVE STUDY)=	MOHAMMED , AHMED MOHAMMED AMEEN	AHMED MOHAMMED AMEEN MOHAMMED	SOHA G	2004	BLADDER CANCER REPRESENTS THE MOST COMMON MALIGNANT TUMOR OF THE URINARY TRACT, BLADDER CANCER ACCOUNTS FOR 6.5%OF ALL CANCERS ANNUALLY.		
1657	9404866	"Structural, Mechanical and Optical Properties of Some Transition Metal Oxides and Oxyntrides Thin Films" /	Abo Laila,Sodky Hamed Mohamed	Sodky Hamed Mohamed Abo Laila ,	Sohag :	2003 .	The properties of TiOx, TiOxNy and MoOx for optical coating and photocatalytic applications were studied. The study was performed in order to understand and optimize the different processes and sputter conditions which affect the various properties of the nominated materials.		
1658	9404867	HYBRID PENALTY PARTIAL QUADRATIC INTERPOLATION TECHNIQUE AND ITS APPLICATIONS FOR SOLVING OPTIMAL CONTROL PROBLEMS	EL-SAGHEER , ALAA MOHAMED	ALAA MOHAMED EL-SAGHEER	ASWAN	1996	IN THIS THESIS, WE PRESENT AMODIFIED TECHNIQUE BASED ON AMODIFICATION TO THE PENALTY PARTIAL QUADRATIC INTERPOLATION(PPQI)TECHNIQUE		
1659	9404891	Taxonomical and ecological studies on freshwater fleas(Crustacea) in Qena governorate /	Mahmoud,Amal Ahmed	Amal Ahmed Mahmoud .	Qena :	1995 .	The cladoceran species constitute an important group of crustacean zooplankton. They are small,mostly microscopic animals with size ranging from about 0.2 to 3.0 mm, or even more. They play an important role in the food chain,where they form a critical intermediate link between the primary producers and the higher consumers.		

1660	9404898	CRYSTAL GROWTH AND PHYSICAL PROPERTIES OF SOME BINARY SYSTEM SEMICONDUCTORS (THALLIUM SELENIDE AND THALLIUM SULPHIDE CRYSTALS) /	Kasem,Mohammed Mohammed Nassary	Kasem,Mohammed Mohammed Nassary	Assuit:	1989	AlII BVI COMPOUNDS AS A COLLECTIVE GROUP OF MATERIALS HAVE BEEN AND STILL ARE THE SUBJECT OF MUCH INTENSIVE INVESTIGATION. IN THE LAST FEW YEARS (49) WIDE SPREAD ATTENTION HAS BEEN PAID TO THE SEMICONDUCTORS OF THE AlII BVI.		
1661	9404907	A COMPARATIVE STUDY ON THE STRUCTURE OF THE EYE IN DIFFERENT SPECIES OF FISH LIVING IN DIFFERENT HABITATS /	BORAEY, MOHAMED ARAFA ADLEY	MOHAMED ARAFA ADLEY BORAEY	SOHAG:	1989	THE PRESENT STUDY IS DEVOTED TO COMPARE THE ANATOMICAL, HISTOLOGICAL AND MORPHOLOGICAL STRUCTURE OF THE EYE IN FOUR DIFFERENT ADULT TELEOSTEAN NILE-FISHES LIVING IN DIFFERENT HABITATS AND HAVING DIFFERENT FEEDING HABITS.		
1662	9404910	Cytogenetics of a marine invertebrate group in the Red Sea coast around Latitude 27N /	Aly, Abdel-Basset Massoud Ebied	Abdel-Basset Massoud Ebied Aly	Qena:	1994	The best results of chromosomal analysis were obtained from cell spreads of gonads and gills. These results revealed the following: 1. Phylum mollusca 2. Order neogastropoda 3. Order archaeogastropoda 4. Order Apysisiacea 5. Order nudibranchiata		
1663	9404911	OPHTHALMIC CHANGES IN CHRONIC RENAL FAILURE=	LATIF, MOHAMMED AMBER ABDEL	MOHAMMED AMBER ABDEL LATIF	sohag:	2004	THE NUMBER OF URAEMIC PATIENTS IN EGYPT HAVE BEEN NOTICED TO BE STEADILY INCREASING IN THE LAST FEW YEARS ACTUALLY THERE IS NO ACCURATE STATISTIC FOR THIS NATIONAL PROBLEM.		
1664	9404919	Ion Dynamics and Relaxation in Fluoride Ion Conductors PbSnF4, KSn2F5 and RbSn2F5 Studied by NMR and Impedance Spectroscopy /	Mohamad, Mohamad Mahmoud Ahmed	Mohamad Mahmoud Ahmed Mohamad	assuit:	2004	In the present study, ionic conducting mechanism and dynamics and relaxation of fluoride ions in three superionic fluoride ion conductors namely; PbSnF4, KSn2F5 and RbSn2F5, have been studied by NMR and impedance spectroscopy over a wide temperature range.		
1665	9404922	MAGNETIC PROPERTIES OF SOME IRON-BASED ALLOYS /	ABD-ELHAKEEM, AHMED MOHAMED	AHMED MOHAMED ABD-ELHAKEEM,	SOHAG:	2002	the main goal of the present work was to study the magnetic properties of different nominal compositions of the binary $sm \times fe$ 1 with wt%. the solid state reaction technique was the recommended method of preparation of such composition from the power forms of the elements from which the different compositions of the proposed binary are formulated.		
1666	9404938	SPECTROSCOPIC STUDIES ON TRACE ELEMENTS OF SOME ALUMINUM PRODUCTS	ALY, AHMED MAHMOUD AHMED	AHMED MAHMOUD AHMED ALY	QENA:	1998	THE WORK RECORDED IN THIS THESIS DEALS WITH SOME PROPERTIES OF AL-ALLOYS WITH DIFFERENT RATIO OF SI AND MG		
1667	9404939	Behavioural and Biochemical studies on the fleshfly wohlfahrtia Nuba Wiedemann in Upper Egypt /	Khedre, Azza Mohamed Hessien	Azza Mohamed Hessien Khedre	Sohag:	1994	In present study aims to Behavioural and Biochemical studies on the fleshfly wohlfahrtia Nuba (Wiedemann) in Upper Egypt. The study includes two main studies: 1. Behavioural studies 2. Biochemical studies.		
1668	9404947	MEASUREMENTS OF ELECTRICAL AND OPTICAL PROPERTIES OF IN-DOPED CdS THIN FILMS=	HADIA, NOMERY MOHAMED ABASS	NOMERY MOHAMED ABASS HADIA	SOHAG:	2003	THESIS IS TITLE "MEASUREMENTS OF ELECTRICAL AND OPTICAL PROPERTIES OF IN-DOPED CdS THIN FILMS" UNDOPE AND IN-DOPED CdS THIN FILM WITH IN/Cd ATOMIC RATIO EQUAL TO 0.03, 0.05, 0.07, 0.010, 0.15 AND 0.20 DEPOSITED BY ELECTRON BEAM WITH THICKNESS-300NM WERE DEPOSITED BY ELECTRON BEAM EVAPORATION FORM BULK SAMPLES.		
1669	9404959	THE EFFECT OF LEAD AND ITS ACTION WITH SUPPLEMENTATION OF SELENIUM AND VITAMIN E ON THE GROWTH PERFORMANCE, BIOCHEMICAL AND PHYSIOLOGICAL CHARACTERISTICS HISTOPATHOLOGY AND CYTOPATHOLOGY OF OREOCHROMIS NILOTICUS /	OHAIDA, ABDEL SALAM MAHMOUD IBRAIK	ABDEL SALAM MAHMOUD IBRAIK OHAIDA	ASSIUT:	2005	In the present study 480 specimens of oreochromis niloticus were used to determine the adverse effects of different sublethal concentrations of lead 2.5, 5 and 10 ppm on behavioral changes, mortality, growth performance, blood constituents and histopathological characteristics of the liver. The validity of selenium 0.5 and 1.0 mg and vitamin E for inhibition of such effects was testified		
1670	9404960	STUDIES ON THE POST-CRANIAL MUSCULATURE OF PSAMMOPHIS SIBILANS LINNAEUS, ORDER: OPHIDIA, FAMILY: COLUBRIDAE /	ESMAIL, MAGDA MOHAMMED RASHAD	MAGDA MOHAMMED RASHAD ESMail	ASSUIT:	1983	THE SUBJECT OF THE PRESENT WORK IS TO SURVEY THE POST-CRANIAL MUSCULATURE OF THE EGYPTIAN SNAKE, PSAMMOPHIS SIBILANS LINNAEUS, F. COLUBRIDAE TO COMPARE THAT CONDITION WITH THE CONDITION FOUND IN LIZARDS.		
1671	9404962	Study of some deformed aluminum alloys using positron annihilation technique /	Hassan, Mahmoud Essmat	Essmat Mahmoud Hussan,	ASSWAN:	2001	Point defects and dislocations are introduced into a solid by a plastic deformation at room temperature RT.		
1672	9404963	EVALUATION OF RADIOCHEMICAL PURITY OF THE COMMERCIALY AVAILABLE MO 99-TE 99m GENERATORS ELUTES A COMPARATIVE STUDY /	ABDALLA, ALI GADELRAH	ALI GADELRAH ABDELLA,	ASWAN:	2000	evaluation of radiopharmaceutical quality is an important task for scientist in the nuclear medicine field, from both an economical and technical point of view. in egypt, constant weekly delivery of the 99m Tc generator is almost impractical and unavailable especially in distant centers from cairo so, biweekly delivery is the routine one.		
1673	9404980	Effects of Some Fabrication Parameters on the Performance of Silicon Solar Cells /	El Amin, Ayman Ahmed	Ayman Ahmed El Amin	Aswan:	2003	Multicrystalline silicon solar cells are suffering from the roughness of the surface, which could affect both the front and the back contacts.		
1674	9404982	AGE, Growth and population dynamics of tilapia species in the Egyptian Inland waters, Lake EDKU /	Khalil, Ahmed Abdalla	Ahmed Abdalla Khalil	Sohag:	1994	Tilapia are the most common inland water fishes in Egypt, where they constitute from 80 to 90 % of the fisheries of the northern lakes. Several biological studies had been made on tilapia in different locations. The present work is mainly concerned with the identity and growth of tilapia populations in Lake Edku.		
1675	9404986	study of performance of geosynthetic reinforced retaining structures resting on weak soil	Ahmed, Ashraf Abdel-Mobdy Soliman	Ashraf Abdel-Mobdy Soliman Ahmed	ASWAN:	2006	PERFORMANCE OF GEOSYNTHETIC REINFORCED RETAINING STRUCTURES DEPENDS ON A NUMBER OF FACTORS SUCH AS, REINFORCEMENT MATERIAL PROPERTIES		
1676	9404988	INTERGRATED CONTROL TWO MOSQUITO SPECIES Aedes Aegypti and Culex Annulirostris /	SHAALAN, ESSAM ABDEL-SALAM ABDEL-HALEEM	ESSAM ABDEL-SALAM ABDEL-HALEEM SHAALAN	ASWAN:	2005	The research presented in this study focused on: The efficacy of several botanical extracts against Aedes aegypti DENGUE VECTOR and Culex annulirostris JAPANESE ENCEPHALITIS VECTOR larvae. Efficacy of two predaceous insects as biological control agent and factors affecting on their potential		
1677	9404990	THE PHYSICAL PROPERTIES OF SOME OXIDE GLASSES CONTAINING IRON IN RELATION TO THEIR STRUCTURE=	HAMMODA, KHALED HAMMODA EDRES	KHALED HAMMODA EDRES HAMMODA	ASWAN:	1997	GLASSES DOPED WITH TRANSITION METAL IONS BECOME NOW OF HIGH INTEREST BECAUSE OF THEIR VARIOUS APPLICATION IN BOTH SCIENCE AND TECHNOLOGY		
1678	9404991	GROWTH AND PHYSICAL PROPERTIES OF FERROELECTRIC CRYSTALS FOR SENSOR APPLICATIONS /	Amin, Susan Abdel-Wahab	Susan Abdel-Wahab Amin	assuit:	2003	This thesis includes detailed study on growing and physical properties of two crystals of the tungsten-bronze family.		

1679	9405000		GROWTH,X-RAY,OPTICAL,ULTICAL,ULTRASONIC AND ELECTRICAL STUDIES OF SOME A2BX4 SINGLE CRYSTALS /	Amer,Amer Abd-alla El-korashy	Amer Abd-alla El-korashy Amer ,	assuit :	1988 .	THIS THESIS DESCRIBES A SERIES OF STUDIES USING A VARIETY OF TECHNIQUES ON THE A2 BX4 PHASE TRANSITIONS INTRODUCTION (THIS CHAPTER) IS FOLLOWED BY ESSENTIAL THEORY (CHAPTER 2), THEN EXPERIMENTAL AND INSTRUMENTAL DETAILS (CHAPTER3) .IN CHAPTER 4, CRYSTAL GROWTH EXPERIMENTS ARE DESCRIBED .		
1680	9405001		Immunobiology of Cryptosporidium infection in mice /	Abdel-Maskoud,Nazem Mahrous	Nazem Mahrous Abdel-Maskoud ,	Aswan :	1994 .	The present study aims to 1. Morphological study of the oocysts of C.muris and C.parvum 2. Biological study of C.muris in adult immunocompetent mice. 3. Immunological study on serum antibodies by the use of indirect immunofluorescent antibody test (IFAT) and enzyme-linked immunosorbent assay (ELISA) .4. Study of the humoral response to Cryptosporidium muris in adult mice after a- Oral inoculation with intact oocysts b-Intraperitoneal injection with excysted homogenized oocysts. 5. Analysis and delineation of different antigens recognized by the sera using Western blotting (immunoblotting).		
1681	9405002		STUDY OF STRUCTURAL AND FERROELECTRIC PROPERTIES OF SOME CERAMIC SYSTEMS /	ALY,HESHAM AHMED KAMAL	HESHAM AHMED KAMAL ALY ,	Qena :	2004 .	The ferroelectric properties in perovskite structure has been the subject of many investigations.		
1682	9405032		STUDIES ON SOME PROTOZOAN BLOOD PARASITES OF SOME BIRDS IN QENA GOVERNORATE WITH SPECIAL REFERENCE TO MATARIAL PARASITES /	HASSAN,AMAL ABBAS ABDEL-RAHMAN	AMAL ABBAS ABDEL-RAHMAN HASSAN ,	QENA :	1998 .	IT IS THE FIRST TIME TO DO AMALARIAL SURVEY ON WILD BIRDS IN QENA GOVERNORATE AND IN ADDITION TO HOUSE SPARROWS		
1683	9405137		PHYSIOLOGICAL AND BIOCHEMICAL STUDIES ON THE EFFECTS OF BALANITES AEGYPTIACA IN ALBINORAT /	HASSAN,MOHAMED KAMEL	MOHAMED KAMEL HASSAN ,	ASWAN :	2000 .	THE PRESENT STUDY WAS UNDERTAKEN TO STUDY THE EFFECTS OF AN AQUEOUS EXTRACT OF BALANITES AEGYPTIACA MESOCARP ON CARBOHYDRATES AND LIPIDS METABOLISM		
1684	9405162		CYTOGENETIC STUDIES OF SOME SPECIES OF FRESH-WATER FISHES IN UPPER EGYPT /	MOHAMED,REFAAT GALAL EL-DIN	REFAAT GALAL EL-DIN MOHAMED ,	QENA :	2000 .	ATOTAL OF TEN SPECIES OF FRESHWATER		
1685	9405233		EFFECT OF CULTIVATIONS ON AQUATIC PLANTS IN CANALS IN UPPER EGYPT	ABDEL-FREED, IBRAHIM BAYOUMI	Ibrahim bayoumi abdel-freed	Aswan :	2001 .	THE AIMS OF THE PRESENT STUDY ARE: TO INVESTIGATE THE EFFECT OF SUGAR CANE CULTIVATION ON THE DISTRIBUTION OF AQUATIC WEEDS IN IRRIGATION AND DRAINAGE CANALS IN ASWAN GOVERNORATE TO DEFINE PHYSICAL AND CHEMICAL CHARACTERISTICS OF THESE WEEDS HABITATS		
1686	9405239		GENETIC ASPECTS OF NEUROMUSCULAR DISEASES IN CHILDREN	SADEK,ABD EL-RAHEM ABD RABO	Abd el-rahem abd rabo sadek	sohag:	2000	the present work aims to review the recent advances regarding genetics of neuromuscular disorders in children and the applications of these advances both in diagnosis and therapy of these disorders		
1687	9405248		CHEMICAL STUDY ON SOME EGYPTIAN LAKES	KHALAFALLA,MOHAMED ALAA EL-DEEN MAHFOUZ	,MOHAMED ALAA EL-DEEN MAHFOUZ KHALAFALLA		2006	the main objective of this study are to follow up the distribution of some heavy and major metals between different ecosystem components sediment,pore water,water,aquatic plant,fish,shell in the four river Nile delta lakes namely mariut,edku,burullus and manzala.		
1688	9405258		THE DEVELOPMENT OF AN EXPERT SYSTEM FOR BUILDING OBJECT - ORIENTED DATABASES FROM ARABIC NATURAL LANGUAGE DESCRIPTIONS	hany abdou*Abd el-rhman	HANY abdou abd el- rhman	Aswan :	2006	THIS THESIS IS IN THE FIELD OF EXPERT SYSTEM WE DEVELOPMENT AN EXPERT SYSTEM FOR BUILDING OBJECT-ORIENTED DATABASES FROM ARABIC NATURAL LANGUAGE DESCRIPTIONS OF INFORMATION SYSTEM		
1689	9405291		ECOLOGICAL AND BEHAVIOURAL STUDIES ON SOME SPECIES OF ORDER ODONATA IN QENA GOVERNORATE ,EGYPT AND AND NORTHWESTERN (GERMANY) /	MOHAMED,EBRAHEM EASA EASA	EBRAHEM EASA EASA MOHAMED ,	QENA :	2004 .	This THESIS presents ecological and behaviour of order Odonata in Qena Governorate(Egypt)and Niedersachsen & Nordrhein-Western (northwestern part of Germany).The primary aims of this study were to study the ecology and examine mark recapture and habit.The present study was performed in seventeen stations,six of them located in Qena Governorate (Egypt)and the others eleven stations located in Germany		
1690	9405297		SPECTRAL BEHAVIOUR AND CHELATING TENDENCIES OF SOME IMIDAZOLE AND PYRIMIDINE AZO DYES=السلوك الطيفي وقابلية الميل لتكوين معقدات مع بعض اصباغ الازيدازول والبيريمدين	EL-HATY,ESAM YAHIA TAWFEEK ALY	ESAM YAHIA TAWFEEK ALY EL-HATY	Aswan	1997	in this thesis,a series of x-phenylazo derivatives of 2- cyanomethyl benzimidazole,barbituric acid and 2-amino-4,6-dihydroxy pyrimidine		
1691	9405317		Studies on parasitic helminthes of some species of fishes from Hurgada,Red Sea ,Egypt :Taxonomy and some Ecological Phenomena /	Hassan,Amal Abbas Abdel-Rahaman	Amal Abbas Abdel-Rahaman Hassan ,	Qena :	2004 .	The present study aims to Studies on parasitic helminthes of some species of fishes from Hurgada,Red Sea ,Egypt :Taxonomy and some Ecological Phenomena. In a study on the helminth parasites of the Red Sea fishes extended for two years (2002-2003),32 Fish species belonging to 5 orders,19 families and 25 genera have been collected from the coast of Hurgada,Red Sea ,Egypt.		
1692	9405335		SYNTHESIS OF SOME NOVEL HETEROCYCLIC ORGANIC DERIVATIVES=	ABD EL-RAHEEM , AMR AWADALLAH MOHAMMED ,	AMR AWADALLAH ABD EL-RAHEEM	ASWAN	2006	THE FOLLOWING WORK PRESENTED ANOVEL SYNTHETIC PATHWAYS TO PREPARE NEW HETEROCYCLIC COMPOUNDS INCORPORATING PYRAZOLE RING LINKED TO PYRAN.		
1693	9405344		THE ROLE OF HIGH DOSE RATE BRACHYTHERAPY IN TREATING PATIENTS WITH CARINOMA OF THE UTERINE CERVIX	RAFAAT ABDEL-AAL BAKHEET	RAFAAT ABDEL-AAL BAKHEET MOHAMMED	SOHAG	2004	ROUTINE SCREENING AND RECENT ADVANCES IN DIAGNOSTIC PROCEDURES HAVE ENABLED EARLIER DIAGNOSIS OF CERVICAL CANCER.		
1694	9405351		HEPATITIS C VIRUS RNA IN SERUM OF BLOOD DONORS WITH OR WITHOUT ELEVATED TRANSAMINASE LEVELS	ABD EL-MAWGOURD, ABEER MOHAMED MOHAMED	Abeer mohamed mohamed abd el-mawgour	sohag:	1999	AIM OF THE WORK TO DETERMINE THE PREVALENCE OF HCV SEROPOSITIVITY IN SUBJECT ATTENDING THE BLOOD BANK OF SOHAG UNIVERSITY HOSPITAL FOR DONATION AREPRESENTATIVE SAMPLE OF THOSE HCV SEROPOSITIVE DONORS WILL BE SUBJECT TO A BATTERY OF THOSE TESTS		

1695	9405374		STUDIES ON THE MORPHOLOGY AND BIOLOGY OF THE IMMATURE STAGES OF CERTAIN LEPIDOPTEROUS INSECTS /	AWED,AZZA MOHAMED ABDEL-MONEIM	AZZA MOHAMED ABDEL-MONEIM AWED	QENA :	1991 .	THE PRESENT WORK AIMS TO STUDY THE BIOLOGY AND MORPHOLOGY OF IMMATURE STAGES OF CHILO AGAMEMNON BLES.LEUCANIA LOREYI DUP AND NOMOPHILA NOCTUELLA(DENIS&SCHIFF)SPECIMENS WERE COLLECTED,DURING A PERIOD OF 18 MONTH:FROM FEBRUARY 1988 TILL END OF JULY 1989,FROM ASSIUT REGION BY THE TRAPPING AND HAND-PICKING METHODS		
1696	9405377		SOME STUDIES ON RUMEN PROTOZOAN FAUNA OF DOMESTICATED /	OMAR,NADIA IBRAHIM MOHAMED AHMED	NADIA IBRAHIM MOHAMED AHMED OMAR	QENA :	2003 .	In study was based on rumen protozoan fauna of domesticated animals(cattle,sheep and buffaloes) for the first time in Qena Governorate. In this survey the morphology and taxonomy of the holotrichs and the entodiniomorphs were studied. The holotrichs possess cilia over the entire body surface. The entodiniomorphs lack the abundant cilia covering the surface of the holotrichs, but have evolved the highly specialized bands of syncilia which function both in locomotion and food ingestion		
1697	9405403		PHYSICO-CHEMICAL STUDIES ON SOME HYDROXYAZO COMPOUNDS DERIVED FROM 2,6-DIAMINOPYRIDNE AND THEIR METAL COMPLEXES	IBRAHIM,FATMA WAFDI HASSAN	FATMA IBRAHIM WAFDI HASSAN		1998	the thesis contains two main parts.in the first part, the electronic absorption spectra of the above compounds are recorded in pureorganic solvents of different polarities and in aqueous buffer solution		
1698	9405405		MORPHOLOGICAL AND EXPERIMENTAL STUDIES ON THE BLOWFLY CHRYSOMYA MEGACEPHALA(FABRICUS)(DIPTERA:CALLIPHORIDAE),IN EGYPT /	ZOHRY,NASRA MOHAMMED HASANEEN	NASRA MOHAMMED HASANEEN ZOHRY	SOHA G :	2002 .	THIS STUDY WAS AN ATTEMPT TO INVESTIGATE THE MACRO AND MICRO-ANATOMY OF THE DIGESTIVE AND REPRODUCTIVE SYSTEMS OF THE FLY,ESPECIALLY THE CHANGES IN THE MIDGUT DURING DEVELOPMENT AND METAMORPHOSIS		
1699	9405440		Studies on helminth parasites and nematodes infecting bast in Upper Egypt /	Ammar,Khalaf Nour AbdEl-Wahed	Khalaf Nour AbdEl-Wahed Ammar	Qena :	2001 .	The present work studied the helminth parasites found in some common Egyptian bats. The present work studied aims to Studies on helminth parasites and nematodes infecting bast in Upper Egypt.		
1700	9405441		PHYSICAL PROPERTIES OF SOME MULTI COMPONENT OXIDE GLASSES	EL-AGWANY, EHAB MOUSTAFA	Ehab moustafa el-agwany	Aswan :	2002	ALTHOUGH AMORPHOUS MATERIALS ARE NOT NEW THE IRON -RICH SILICEOUS GLASSY MATERIALS RECOVERED FROM THE MOON BY THE APOLLO MISSIONS ARE FOUND TO BE SOME BILLIONS YEARS OLD		
1701	9405457		BIOLOGICAL STUDIES ON THE FLESHFLY WOHLFAHRTIA NUBA WIEDEMANN IN EGYPT /	KHEDRE,AZZA MOHAMED HESSEIN	AZZA MOHAMED HESSEIN KHEDRE	SOHA G :	1991 .	COLONIZATION AND BIOLOGICAL STUDIES OF WOHLFAHRTIA NUBA (WIEDEMANN)DIPTERA:SARCOPHAGIDAE) HAVE BEEN UNDER-TAKEN IN EGYPT		
1702	9405481		MORPHOLOGICAL STUDIES ON A MARINE BIVALVE SPECIES IN EGYPT :MODIOLUS A URICULATUS KRAUSS.(1848) /	ABOUL-DAHAB,HOSNY MOHAMMED	HOSNY MOHAMMED ABOUL-DAHAB	ASSUIT :	1983 .	THE PRESENT INVESTIGATION DEALS WITH THE MARINE MYTILID MUSSEL MODIOLUS AURICULATUS KRAUSS 1848,WHICH IS ONE OF THE COMMON EPIFAUNAL AND INTERTIDAL ZONE COMMUNITY OF THE EGYPTIAN AREA OF THE RED SEA.THE WORK ENTAILS THE EXTERNAL FEATURES AND THE MACROANATOMY AND FUNCTIONAL ADAPTATION OF THE DIGESTIVE,RESPIRATORY,REPRODUCTIVE EXCRETORY,CIRCULATORY AND NERVOUS SYSTEMS OF THIS SPECIES. PARAFFIN SECTIONS WERE ALSO PREPARED TO REVEAL THE STRUCTURE OF CERTAIN PARTS AS THE FOOT ,BYSSUS,LABIAL PALP,STOMACH,STYLE SAC AND MID-GUT,CTENIDIA AND THE RENOPERICARDIAL CONNECTIONS.		
1703	9405490		"CYTOGENETIC STUDIES OF SOME SPECIES OF MARINE INVERTEBRATES IN THE RED SEA COAST AROUND LATITUDE 26 N." /	IBRAHIM,ALI HUSSIEEN ABU ALMAATY	ALI HUSSIEEN ABU ALMAATY IBRAHIM	QENA :	2002 .	SIXTEEN SPECIES OF ANIMALS BELONGING TO PHYLUM MOLLUSCA WHICH WERE COLLECTED FROM THE RED SEA COAST WERE MORPHOLOGICAL AND CYTOGENETICALLY STUDIED		
1704	9405494		SEDIMENTOLOGICAL AND MINERALOGICAL STUDIES ON THE NEOGENE CLASTICS OF WADI UM GHEIG - WADI MOBARAK AREA DER SEA COAST EGYPT	ABU SEIF, EL-SAYED SADEK A	El-sadek sadek A.abu seif	sohag:	1999	RED SEA COAST NEOGENE WADI UM GHEIG -WADI MOBARAK EGYPT SEDIMENTOLOGY MINERALOGY		
1705	9405515		A REVIEW ON RECENT TRENDS IN MANAGEMENT OF PEDIATRIC ARRHYTHMIAS=	AHMED , RAMANDAN ABOU ELHASSAN	RAMANDAN ABOU ELHASSAN AHMED	SOHA G	2004	ARRHYTHMIA IS A DISTURBANCE IN HEART RHYTHM EITHER BY SLOWS THE RATE ,RATEBRADYCARDIA),RAPID RATE TACHYCARDIA OR IRREGULAR HEART		
1706	9405562		Efasibility of the use of karyological studies in the calassification of some species of arthropods /	Ali,Fayza Mohamed	Fayza Mohamed Ali	Qena :	2002 .	Atotal of thirty species of arthropods representing two order of class inseta and one order of class arachnida were morphologically and cytogenetically studied. The results of the chromosomal analysis were compared with those obtained from the calssical methodes in taxonomy using ecological,morphological and anatomical characters alone.		
1707	9405573		STUDIES ON THE SYNTHESIS AND ELECTROCHEMICAL PROPERTIES OF SOME NEW HETEROCYCLIC COMPOUNDS AND SOLVAOCHROMIC BEHAVIOUR OF SOME NEW SYNTHESISED FLUORESENT DYE DERIVATIVES	EL-KODEY, AYMAN MOHAMED MOHAMED	Ayman mohamed mohamed el-kodey	Aswan :	2002	THE SYNTHESISED DYES UNDER INVESTIGATION MIGHT USEFUL IN VARIOUS APPLICATION THUS PYRYLIM CYANINE DYES PARTICULARLY HAVE IMPORTANT APPLICATION IN DIFFERENT ASPECTS AS LASERS DYE FOR NEAR -IR REGION FOR RECORDING DISCS AND IN LIQUID CRYSTAL CELLS		
1708	9405597		Surface Treatment of Stainless Steel Using Plasma and Ion Based Techniques	Abd El- Rahman,Ahmed Mohamed M. M.	Physics Department , Faculty of Science , South Valley University	Sohag	2004	Inductively coupled rf plasma (ICREP) and plasma immersion ion implantatio (Pili) have been used) to modify the surface of AISI-304 stainless steel using N2/C2H2 gas mixture at relatively low pressure.		
1709	9405604		CYTOGENETIC SURVEY OF SOME COMMON VERTEBRATES /	Abdel-rahman,Henely Abdel-shafy Hassan	Henely Abdel-shafy Hassan Abdel-rahman ,	qena :	1994 .	THE AIM OF THIS WORK WAS TO INVESTIGATE THE CHROMOSOMAL ANALYSIS IN SOME SPECIES OF BATS AND REPTILES AND , TO COMPARE THESE RESULTS WITH THE RESULTS OF APPLYING THE CONVENTIONAL MORHOLGICAL AND ANATOMICAL METHODS IN SYSTEMATICS AND TO ANSWER SOME OF THE PROBLEMS CURRENTLY FACING TAXONOMISTS.		

1710	9405615		THEORETICAL STUDY ON THE DISPERSION OF POLLUTANTS EMITTING FROM QIFT CEMENT FACTORY IN ITS SURROUNDING AREA	ABDEL BASET ABDEL BASET ,ABDEL BASET HOFNY	HOFNY ABDEL BASET< BDEL BASET ,ABDEL BASET		2003	ATMOSPHERIC HARMFUL POLLUTANTS ARE INCREASING RAPIDLY DUE TO THE INTENSE DEVELOPMENT OF INDUSTRY, IMMENSE EXPANSION OF TRANSPORTATION NETWORKS AND CONSTRUCTION OF ELECTRIC AND POWER STATIONS		
1711	9405617		PREDICTIVE VALUE OF MCV/RBC COUNT RATIO TO DISCRIMINATE BETWEEN IRON DEFICIENCY ANEMIA AND BETA-THALASSEMIA TRAIT	ABDELLA , ALAA SAAD MOHAMMED	ALAA SAAD MOHAMMED ABDELLA	SOHA G	2001	THE AIM OF THE STUDY IS TO EVALUATE THE PREDICTIVE VALUE OF MCV/RBC COUNT RATIO TO DISCRIMINATE BETWEEN IRON DEFICIENCY ANEMIA AND B-THALASSEMIA TRAIT		
1712	9405631		STUDIES ON THE WEED FLORA IN QENA GOVERNORATE	MOUSTAFA, MAHMOUD FAWOZY MAHMOUD	Mahmoud fawozy mahmoud moustafa	Qena:	1996	THE PRESENT STUDY DESCRIBES THE VEGETATION IN QENA AREA AND DISCUSS THE MAJOR FACTORS AFFECTING ITS DISTRIBUTION AND GROUPING A TOTAL OF 224 SPECIES OF FLOWERING PLANTS AND FERNS BELONGING TO 43 FAMILIES		
1713	9405647		BIOLOGICAL STUDIES ON SOME CRUSTACEANS FROM THE NORTH WESTERN PART OF THE RED SEA, EGYPT /	ISMAIL, TAREK GAD EL-KAREEM	TAREK GAD EL-KAREEM ISMAIL	SOHA G :	2003	THE PRESENT WORK AIMS: 1-TO STUDY THE STRUCTURE OF AZOOBENTHIC COMMUNITY ASSOCIATED WITH MACROALGAE IN EL-MAZRAA SITE IN THE NORTH WESTERN PART OF THE RED SEA 2-TO DESCRIBE THE LOCAL AND TEMPORAL VARIATIONS IN SOME FEATURES OF THIS COMMUNITY SUCH AS ABUNDANCE, SPECIES RICHNESS, DIVERSITY, DOMINANCE, DISPERSION AND THE INTERRELATIONSHIPS BETWEEN THE COMMUNITY AND THE DOMINANT MACROALGAE		
1714	9405649		BIBOLOGICAL AND MORPHOLOGICAL STUDIES ON DANAUS CHRYSIPPUS (L AND PIERIS RAPAE (L (LEPIDPTERA: RHOPALOCERA) IN ASSIUT /	ABD EL-AZIZ, SALAH EL-DIN ABD EL-RAOUF	SALAH EL-DIN ABD EL-RAOUF ABD EL-AZIZ	ASSIUT :	1991	THE SUCCESSFULLY HATCHED EGG PERCENTAGE WAS 80.2% FOR D CHRYSIPPUS WHILE IT WAS 61.3% FOR P. RAPAGAE		
1715	9405676		Ecological studies on aquatic hemiptera collected from Qena and Aswan governorates and their ecosystem relationship /	Osman, Khalid Saied Mohammed	Khalid Saied Mohammed Osman	Qena :	2001	Ecological studies on aquatic hemiptera collected from Qena and Aswan governorates and their ecosystem relationship. Aquatic hemipterous insect (water bug) were surveyed over a period of two years along a distance of about 550km in the South Valley to obtain a well background about populations and abundance of the different aquatic hemipteran taxa in this region.		
1716	9405679		ABOUT THE SHOCK WAVE STRUCTURE IN MULTICOMPONENT FLUIDS	HUSSEIN, MOHAMED EID MOHAMED	MOHAMED EID MOHAMED HUSSEIN	Aswan :	1995	IN THIS STUDY WE FOUND THAT THE SHOCK WAVES THICKENESS OF THE GAS MIXTURE DEPENDS ON THE RATIO BETWEEN THE VISCOSITY COEFFICIENTS FOR THE TOW-COMPONENTS OF THE GAS MIXTURE		
1717	9405846		GEOPHYSICAL STUDIES OF SOME ARCHAEOLOGICAL SITES IN UPPER EGYPT	youssef, salem barbary ahmed	Salem barbary ahmed youssef	Qena:	2006	THE AIM OF THE STUDY IN THIS SITE IS TO DISCOVER THE HIDING ARCHAEOLOGICAL STONES THE PHARAONIC STELLES AND ALSO TO DISCOVER THE EXTENSION AND THE EXTENSION AND THE BURIED PARTS OF THE SPHINX ROAD IN THE FRONT OF THE TEMPLE		
1718	9405971		CRYSTALLIZATION AND SOME PHYSICAL PROPERTIES OF INCOMMENSURATE-FERROELECTRIC AMMONIUM ZINC CHLORIDE CRYSTALS /	Anooz, Saud Ayob Saleh Bin	Saud Ayob Saleh Bin Anooz	ASSIUT :	2004	The present work deals with the study of suitable chemicals ratio to grow Ammonium Zinc Chloride (NH ₄)ZnCl ₄ , here after (AZC).		
1719	9406024		ECOLOGICAL STUDIES ON AQUATIC INSECTS IN QENA GOVERNORATE /	EL-MAHDI, MOHAMMED BASSYOUNI M	MOHAMMED BASSYOUNI M EL-MAHDI	ASSIUT :	1991	THIS STUDY AIMS TO SURVEY THE AQUATIC INSECT FAUNA WHICH MAY EXIST QENA GOVERNORATE. TO PERFORM THIS SURVEY SEVEN STATIONS HAVE BEEN SELECTED OVER THE SURVEY AREA		
1720	9406029		COMPARATIVE ANATOMICAL STUDIES ON THE DIGESTIVE SYSTEM OF TWO BIRDS WITH DIFFERENT FEEDING HABITS /	IBRAHIM, GAMAL HASAN ABDEL RAHMAN	GAMAL HASAN ABDEL RAHMAN IBRAHIM	ASSIUT :	2003	The present work was planned to study the gross anatomy of the alimentary tract of two birds with different feeding habits: the granivorous collared dove, streptopelia roseogrisea and the omnivorous Japanese quail, Coturnix japonica		
1721	9406061		Studies on some parasites in some wildbirds in Qena governorate /	Abd El-Latif, Mohey El-Dien Zin Al-Abdien	Mohey El-Dien Zin Al-Abdien Abd El-Latif	Qena :	2004	The present study aims to Studies on some parasites in some wildbirds in Qena governorate. The present study deals with the helminth infections of some wild birds in Qena governorate. One hundred and thirty seven of wild birds were examined during the present study for helminth parasites. These wild birds belong to 11 families which include 14 different species.		
1722	9406090		BIOMETRIC STUDIES ON FISHES /	KHALIL, SAMIA HUSSEIN MOHAMAD	SAMIA HUSSEIN MOHAMAD KHALIL	ASWAN :	1994	DARLINGTON (1975) STATED THAT MOST FRESH WATER FISH SPECIES COMPRISE ALLOTROPIC POPULATIONS, BETWEEN WHICH GENE FLOW IS EITHER LACKING OR OCCURS ONLY AS A RESULT OF ACCIDENT THROUGH UNUSUAL, UNPREDICTABLE AND MOSTLY NON-BIOLOGICAL PHENOMENA.		
1723	9406105		N-PHENYL SULPHOMYLOXYQUINOLINIMIDE IN THE SYNTHESIS OF NEW HETEROCYCLIC COMPOUNDS	WASEF, TALAAT SHAKER	TALAAT SHAKER WASEF		2006	the aim of this work is to synthesize new pyridine and condensed pyrimidine heterocycles which may possess certain pharmacological activity		
1724	9406185		Nuclear Structure Studies with Realistic Nucleon-Nucleon Forces	Hassneen, Khaled Saber Ahmed	Khaled Saber Ahmed Hassneen K	Sohag :	2004	Studies on the structure of nuclear systems are performed, which are based on realistic nucleon-nucleon interaction.		
1725	9406190		Studies on the protective effect of melatonin on the histological changes induced by 2-nitropropane in some organs of albino rats /	Awad Alla, Eatemad Ahmed	Eatemad Ahmed Awad Alla	Aswan :	2004	The present work was performed to study the protective effect of melatonin as an antioxidant on the 2-nitropropane-induced oxidative stress and morphological changes of male albino rat. In this study, the mitotic index of the liver parenchyma (hepatocytes), the oxidized lipids of the liver, kidney and lung homogenates, and the morphological changes of the liver, kidney, lung, small intestine, and testes were examined.		

1726	9406352	THE CLINICAL SIGNIFICANCE OF CD34 EXPRESSION IN CHILDHOOD ACUTE LYMPHOBLASTIC LEUKAEMIA=	BAKR , MOHAMMAD MAHMOUD	MOHAMMAD MAHMOUD BAKR	SOHA G	1998	LEUKAEMIA IS THE MOST COMMON TYPE OF CHILDHOOD CANCER.ALL IS ACCOUNTING FOR ALMOST MORE THAN 80 PERCENT OF CASE.		
1727	9406391	Cyogenetic studies of some species of mammals of Upper Egypt /	Ahmed,Nagat Abdly Darder	Nagat Abdly Darder Ahmed	Qena	2003	The present study aims to Cyogenetic studies of some species of mammals of Upper Egypt. A total of vtwenty species of mammals representing five different orders (Artiodactyla , perissodactyla,lagomorpha rodentia and insectivora) were morphologically and cytogenetically studied.		
1728	9406399	ECOLOGICAL STUDIES ON TERMITES (ISOPTERA)AND ASSOCIATED ARTHROPODS IN QENA	ABOU-ELMAGD , SAWSAN MOHAMMED	SAWSAN MOHAMMED ABOU-ELMAGD	QENA	2006	ECOLOGICAL STUDIES ON THE WHITE ANT PSAMMOTERMES HYBOSTOMA DESNEUX AND IT IS ASSOCIATED ARTHROPODS TOOK THE ATTENTION OF AUTHORS AS ARESULT OF THEIR ECONOMIC IMPORTANCE		
1729	9406401	BIOLOGICAL STDIES ON THE EFFECT OF SOME WATER POLLUTANTS "INSECTICIDES" ON FRESH WATER FISH(GAMBUSIA AFFINIS) /	HAMADA,HAMDY MAHMOUD AHMED HASSANEIN	HAMDY MAHMOUD AHMED HASSANEIN HAMADA	ASSIUT	1991	THE PRESENT STUDY WAS AIMED TO DETERMINE THE TOXICITY OF THE ORGANOPHOSPHATE PESTICIDE		
1730	9406402	SEROLOGICAL,HEMATOLOGICAL AND BIOCHEMICAL STUDIES ON BRADYKININ POTENTIATING FACTOR ISOLATED FROM SCORPION VENOM /	SALMAN,MUHAMMA D MAHMOUD ALI	MUHAMMAD MAHMOUD ALI SALMAN	AIN SHAM S	2002	Results of the present studies may significantly contribute to the identification of optimal condition for intervention after accidental irradiation or radiotherapy to accelerate recovery of immune system and to reduce irradiation-induces morbidity		
1731	9406404	Preparation and Characterization of Three Modification of Ti-S Semi-conducting System(TiS,Ti2S and Ti4S3)	Mohammed,Badr Mohammed Ali	Badr Mohammed Ali Mohammed	Aswan	2004	Thallium chalcogenides recieved a great deal of attention due to their optical and electrical properties in view of possible optoelectronic device applications.		
1732	9406429	COMPARATIVE STUDIES ON SOME LARVAL STAGES OF SCHISTOSOMES AND INTERMEDIA HOSTS COLLECTED FROM TAIZ,YEMEN and ASSIUT,EGYPT /	AL-TAJ,MOHAMMED ABDO AHMED	MOHAMMED ABDO AHMED AL-TAJ	ASSIUT	2002	This study includes the ecological,morphological,anatomic,electrophoretic,biological and parasitological investigations of schistosome intermediate hosts in Taiz-Yemen and Assiut-Egypt		
1733	9406430	STUDY ON HELMINTH PARASITTES OF MAN IN SOHAG GOVERNORATE WITH SPECIAL REFERENCE TO SCHISTOSAOMIASIS /	AMMAR,KHALAF NOUR ABD EL-WAHED	KHALAF NOUR ABD EL-WAHED AMMAR	ASSIUT	1992	THE PRESENT WORK WAS CONCERNED WITH HELMINTH PAASITES AFFECTING DIFFERENT AGE GROUPS IN SOHAG GOVERNORATE.SPECIAL REFERENCE WAS OFFERED TO STUDY THE PROBLEM OF SCHISTOSOMIASIS THE FIELD OF STUDY WAS THE ENDEMIC DISEASES HOSPITAL IN SOHAG GOVERNORATE ,WHERE 16857 OUT AND INPATIENTS WERE EXAMINED		
1734	9406433	PHYSIOLOGICAL STUDIES ON SOME NILE FISHES /	AHMED,MOHAMME D BASSAM AL-SAID AL-SALAHY	MOHAMMED BASSAM AL-SAID AL-SALAHY AHMED	ASSUIT	1986	THE PRESENT STUDY AIMED TO ASSESS THE EFFECT OF SEASONAL VARIATIONS ON THE CHEMICAL COMPONENTS OF THE MUSCLES OF THREE NILE FISH SPECIES AS WELL AS,THE WEIGHT COMPOSITION OF THE SAME FISH.THE NILE FISHES;NAMELY :TILAPIA NILOTICA,CLARIAS LAZERA AND SYNODONTIS SCHALL WERE SELECTED FOR THE STUDY.		
1735	9406438	Biological and taxonomic studies on some fish species of the genus lethrinus (Family lethrinidae)from abramis (family cyprinidae)from the baltic drainage /	Harabawy,Ahmed Sayed Ahmed	Ahmed Sayed Ahmed Harabawy	Assiut	2002	The present study aims to Biological and taxonomic studies on some fish species of the genus lethrinus (Family lethrinidae)from abramis (family cyprinidae)from the baltic drainage. The Red Sea is characterized by a rich and highly diversified fauna and flora.In spite of presence of a large variety of bony fishes living in and around the coral reefs in the Red Sea,so far ,little is known about the boilogy of these fishes.		
1736	9406447	THE STRUCTURE OF SOME ARSENIC-BASED CHACOGENIDE GLASSES /	ABD-ELHADY,ABD-ELSALAM FOAD	ABD-ELSALAM FOAD ABD-ELHADY	Qena	2004	An adequate understanding of the structure of amorphous solids must be a basis requirement for progress in the present century.		
1737	9406451	REDUCING THE ENCODING TIME OF FRACTAL IMAGE COMPRESSION	ALI , MAHMOUD HASABALLAH MAHMOUD	MAHMOUD HASABALLAH MAHMOUD ALI	QENA	2003	IN THIS THESIS A LOSSY STILL-IMAGE COMPRESSION TECHNIQUE, FRACTAL IMAGE COMPRESSION IS PRESENTED.THE MOST SIGNIFICANT ADVANTAGES CLAIMED ARE HIGH RECONSTRUCTION QUALITY AT LOW CODING RATES ,RAPID DECODING.		
1738	9406456	BIOLOGICAL AND BIOCHEMICAL COMPARATIVE STUDIES ON SOME VENOMOUS ANIMALS OF THE RED SEA AND ATLANTIC OCEAN /	RADWAN,FAISAL FAHMY YASSIEN	FAISAL FAHMY YASSIEN RADWAN	SOHA G	2000	The present study includes: biological and biochemical comparative studies on some venomous animals of the Red Sea and Atlantic Ocean		
1739	9406491	Physiological studies of some natural Effectors on Ca2+ regulation of cardiac muscle /	Sayed,Mohammed Farag	Mohammed Farag Sayed	Assiut	1989	The present study aimed to Physiological studies of some natural Effectors on Ca2+ regulation of cardiac muscle. It is well known that contraction is triggered by an increase in free sarcoplamic calcium concentration serval times over the threshold value.		
1740	9406493	THE FLUCTUATIONS IN ATOMIC VARIABLES OF THE GENERAL JAYNES-CUMMINGS MODEL WITH AN ADDITIONAL KERR- LIKE MEDIUM=	ALI , MOHAMMED EL-SOGHYER ATETO	MOHAMMED EL-SOGHYER ATETO ALI	QENA	1997	IN THIS THESIS,WE INVESTIGATE THE PHENOMENON OF THE FLUCTUTIONS IN ATOMIC VARIABLES FOR A GENERALIZED JAYNES-CUMMINGS MODEL IN THE PRESENCE OF KERR-LIKE MEDIUM WITH ATWO-LEVEL ATOM.		
1741	9406494	STUDIES ON THE POST-CRANIAL MYOLOGY OF SOME EGYPTIAN LIZARDS WITH A SPECIAL EMPHASIS ON FUNCTIONAL,MORPHOLOGICAL AND TAXONONIC ASPECTS /	SHAWKY,NAHED AHMED	NAHED AHMED SHAWKY	ASSIUT	1983	The present study includes studies on the post-cranical myology of some Egyptian Lizards with Aspecial Empasis on functional,Morphological and Taxononic Aspects		
1742	9406502	ON CAUCHY PROBLEM FOR SOME SPECIAL SYSTEMS OF PARTIAL DIFERENTIAL EQUATIONS	MOHAMED , NAIMA MOHAMED	NAIMA MOHAMED MOHAMED	ASWAN	2004	PARTIAL DIFFERANTIAL EQUATION PLAY AN IMPORTANT PART IN THE INVESTIGATION OF PURE MATHEMATICS AND PHYSICAL PHENOMENA		
1743	9406525	BIOLOGICAL STUDIES ON SOME MARINE VENOMOUS ANIMALS AND THE PHYSIOLOGICAL EFFECTS OF THEIR VENOMS ON THE LIVING CELLS /	YASSIEN,FAISAL FAHMY	FAISAL FAHMY YASSIEN	SOHA G	1995	THE PRESENT STUDY CONCERNS WITH THREE DIFFERENT SPECIES OF JELLYFISHES (COELENTERATA : SCYPHOZOA) THAT INHABITING THE RED SEA. THE SPECIMENS WERE COLLECTED FROM TWO ALONG THE EGYPTIAN SIDE ;THE FIRST AT 64 KM NORTH AND SECOND AT 54 KM SOUTH OF QUSIER CITY		
							The present study aimed to Effect of dietary lipids on thyroid hormones metabolism in the Albino RAT.		

1744	9406532	Effect of dietary lipids on thyroid hormones metabolism in the Albino RAT /	ibrahim,Mahmoud salim	Mahmoud salim ibrahim *	Assiut :	1987 .	Cotton seed oil is one of the most important edible oils in Egypt followed by corn oil. These two oils represent the major sources of the hydrogenated edible fats in the Egyptian market.		
1745	9406534	SYNTHESIS AND STUDIES OF SOME HETEROCYCLIC COMPOUNDS=	KHALAFALLA ,MOHAMED ALAA EL-DEEN MAHFOUZ	MOHAMED ALAA EL-DEEN MAHFOUZ KHALAFALLA	ASWAN :	1997	PYRAZOLES AND THEIR SUBSTITUTED DERIVATIVES ARE INTERESTING AS POTENTIAL PHARMACEUTICALS, AND INTERMEDIATES IN DYE INDUSTRY.		
1746	9406542	BIOLOGICAL STUDIES ON MORMYRID FISHES OF THE HIGH DAM RESERVOIR /	ALY, ABDEL-LATIF MOHAMOUD	ABDEL-LATIF MOHAMOUD ALI *	ASWAN :	1993 .	FAMILY MORMYRIDAE IS REPRESENTED IN LAKE NASSER BY TWO GENUS AND 3 SPECIES, VIZ. MORMYRUS ANQUILLOIDES, MORMYRUS CASCHIVE L AND MORMYRUS KANNUM FORSK. THE PRESENT WORK DEALS WITH THE BIOLOGY OF THE LAST SPECIES. THE RESULTS ARE SUMMARIZED.		
1747	9406544	STUDIES ON FASCIOLIASIS IN QENA UPPER EGYPT /	AHMED, ABDEL NASSER AHMED HUSSIAN	QENA :		1996 .	FASCIOLIASIS IS A WORLDWIDE PROBLEM CAUSED BY THE LIVER FLUKE, MAINLY FASCIOLA HEPATICA AND FASCIOLA GIGANTICA. IT IS ESSENTIALLY A SERIOUS DISEASE OF HERBIVOROUS ANIMALS, WHILE HUMAN INFECTION USED TO OCCUR ACCIDENTALLY.		
1748	9406547	GEOLOGICAL STUDIES AND PETROLEUM POTENTIAL OF EASTERN QATTARA DEPRESSION, WESTERN DESERT, EGYPT	SHEHA EL-DIN, MOHAMED MOHAMADY	MOHAMED MOHAMADY SHEHA EL-DIN	Aswan	1996	THE PRESENT WORK DEALS WITH THE GEOLOGICAL STUDIES AND PETROLEUM POTENTIAL OF EASTERN QATTARA DEPRESSION, WESTERN DESERT, EGYPT.		
1749	9406549	TAXONOMIC STUDIES ON SOME NILE MORMYRIFORM FISHES /	MEKKAWY, IMAM ABDEL-GHANY AHMED	IMAM ABDEL-GHANY AHMED MEKKAWY *	ASSIUT :	1987	In the present investigation certain morphometric, osteometric and meristic characters of three Nile fish populations were studied. These populations include M. KANNUM and M. CASCHIVE of Lake Nasser at Aswan and M. KANNUM of the main course of the Nile at Assiut.		
1750	9406551	BIOLOGICAL STUDIES ON DOSINIA RADIATA (MOLLUSCA: BIVALVIA) LIVES IN THE EGYPTIAN WATER /	AMIN, GAMAL EL-DIN SAAD	GAMAL EL-DIN SAAD AMIN *	ASSIUT :	1993 .	THE PRESENT STUDY DEALS WITH THE INFUSORIAN MUSSEL DOSINIA RADIATA REEVE, 1850. IT IS WIDELY DISTRIBUTED ALONG THE RED SEA COAST AND SUEZ CANAL AND OFTEN FOUND BURIED UNDER THE SAND IN THE INTERTIDAL ZONE.		
1751	9406552	ULTRASONOGRAPHY OF SMALL JOINTS IN RHEUMATOID ARTHRITIS PATIENTS	HASSAN , MOHAMED HAMED	MOHAMED HAMED HASSAN	SOHAG	2004	RHEUMATOID ARTHRITIS IS A CHRONIC INFLAMMATORY DISEASE THAT CAN AFFECT VARIOUS ORGANS BUT MAINLY INVOLVES THE SYNOVIAL TISSUE AND DIARTHROIDAL JOINTS. PREDOMINANTLY THE SMALL JOINTS OF DISTAL EXTREMITIES IN SYMMETRIC DISTRIBUTION.		
1752	9406555	TAXONOMICAL AND ECOLOGICAL STUDIES ON FRESHWATER FLEAS (CRUSTACEA) IN QENA GOVERNORATE /	Mohamed, Amal Ahmed	Amal Ahmed Mohamed ,	Qena :	1995 .	The cladoceran species constitute an important group of crustacean zooplankton. A TOTAL OF SIXTEEN SPECIES OF ARTHROPODS REPRESENTING TWO ORDERS OF EACH OF CLASS HEXAPODA AND CLASS ARACHNIDA WERE MORPHOLOGICALLY AND CYTOGENETICALLY STUDIED. THE RESULTS OF THE CHROMOSOMAL ANALYSIS WERE COMPARED WITH THOSE OBTAINED FROM THE CLASSICAL METHODS IN TAXONOMY USING ECOLOGICAL, MORPHOLOGICAL AND ANATOMICAL CHARACTERS ALONE.		
1753	9406557	CYTOGENETIC STUDIES OF SOME SPECIES OF ARTHROPODS OF UPPER EGYPT /	MOSTAFA, FAYZA MOHAMED ALY	FAYZA MOHAMED ALY MOSTAFA ,	QENA :	1995 .	THE CLADOCERAN SPECIES CONSTITUTE AN IMPORTANT GROUP OF CRUSTACEAN ZOOPLANKTON. A TOTAL OF SIXTEEN SPECIES OF ARTHROPODS REPRESENTING TWO ORDERS OF EACH OF CLASS HEXAPODA AND CLASS ARACHNIDA WERE MORPHOLOGICALLY AND CYTOGENETICALLY STUDIED. THE RESULTS OF THE CHROMOSOMAL ANALYSIS WERE COMPARED WITH THOSE OBTAINED FROM THE CLASSICAL METHODS IN TAXONOMY USING ECOLOGICAL, MORPHOLOGICAL AND ANATOMICAL CHARACTERS ALONE.		
1754	9406570	SYSTEMATIC AND HISTOPATHOLOGICAL STUDIES ON SOME PROTOZOAN ENDOPARASITES IN CLARIAS LAZWARA FROM FRESH WATER BODIES IN ASSIUT CITY	Marwan, Aziza Marwan Ahmed	Aziza Marwan Ahmed Marwan ,		1998	The present work deals with parasitic protozoa infecting the internal organs of the catfish Claria in Assiut. It also deals with the impact of these parasites on the infected tissues.		
1755	9406571	ON THE HAAGERUP TENSOR PRODUCT OBSERVATIONAL STUDY ON DIFFERENT TYPES OF MOSQUITOES IN SOHAG	EL MURSI , MOHAMED EL MURSI MOHAMED HASSAN , FATEN ABU EL-MAGD	MOHAMED EL MURSI MOHAMED EL MURSI	SOHAG	2005	IN THIS THESIS, WE STUDY THE HAAGERUP TENSOR PRODUCT OF OPERATOR ALGEBRAS. WE CONSIDER SOME FACTS CONCERNING THE CENTRAL HAAGERUP PRODUCT OF THE MULTIPLIER ALGEBRA.		
1756	9406573	SURVEY FOR DIFFERENT TYPES OF MOSQUITO LARVAE FOUND IN DIFFERENT WATER COLLECTIONS IN SOHAG GOVERNORATE	HASSAN , FATEN ABU EL-MAGD	FATEN ABU EL-MAGD HASSAN	SOHAG	2005			
1757	9406575	GROWTH AND SOME METABOLIC ACTIVITIES OF FRESH WATER ALGAE UNDER VARIABLE TREATMENTS	GALAL, HAMDY RAMADAN MOHAMED	HAMDY RAMADAN MOHAMED GALAL	Qena	1998			
1758	9406648	BIOLOGICAL AND ECOLOGICAL STUDIES ON MOSQUITOES WITH SPECIAL REFERENCE CULEX PIPIENS /	BAKRY, SHADIA MUSTAFA	SHADIA MUSTAFA BAKRY *	QENA :	1999 .	DIFFERENT STAGES OF CULEX PIPIENS L. MOSQUITO WERE COLLECTED FROM SMALL PONDS IN DANDARA (QENA). A STANDARD COLONY OF THIS MOSQUITO HAS BEEN MAINTAINED IN THE LABORATORY CONDITIONS FOR NEARLY THREE YEARS. THIS COLONY USED IN THE PRESENT WORK.		
1759	9406649	CYTOGENETICAL STUDIES OF SOME SPECIES PARASITES IN UPPER EGYPT /	ISMAIL, GAMAL MAHMOUD YOUSIF	GAMAL MAHMOUD YOUSIF ISMAIL *	QENA :	2001 .	A TOTAL OF TWENTY SPECIES OF PARASITES REPRESENTING EIGHT ORDERS OF EACH OF CLASS TREMATODA, CESTODA, NEMATODA, INSECTA AND ARACHNIDA WERE MORPHOLOGICALLY AND CYTOGENETICALLY STUDIED.		
1760	9406654	HISTOPATHOLOGICAL AND HISTOCHEMICAL EFFECTS OF HEROIN ON LIVER OF THE WHITE RAT /	AWAD ALLA, EATEMAD AHMED	EATEMAD AHMED AWAD ALLA *	ASWAN :	2001 .	IT IS KNOWN THAT NARCOTIC ADDICTION HAS BECOME A SERIOUS INTERNATIONAL PROBLEM DEEPLY AFFECTING THE WORLD-WIDE COMMUNITIES FROM THE HEALTH, SOCIAL AND ECONOMIC POINTS OF VIEW.		
1761	9406672	PHYSICAL PROPERTIES OF SOME MULTI COMPONENT OXIDE GLASSES /	EL-AGWANY, EHAB MOUSTAFA	EHAB MOUSTAFA EL-AGWANY,	ASWAN :	2002 .	nearly, at the end of the last century an important scientific and technical revolution in the field of manufacturing apparatuses and techniques was appeared. This was based already on both the advances in the study of electronic circuits and the scientific progress in the field of studying new materials specially amorphous and glass solids.		
1762	9406682	BIOLOGICAL AND PHYSIOLOGICAL STUDIES ON THE EFFECT OF SOME MYCOTOXINS ON SPODOPTERA LITTORALIS (BOISD) (LEPIDOPTERA: NOCTUIDAE) /	Sadek, Medhat Moried	Medhat Moried Sadek *	assuit :	1995 .	FUNGAL MICROBIAL INSECTICIDES PLAY A MAJOR ROLE IN THE CONTROL OF MANY ECONOMIC INSECT PESTS. DURING THE PAST FEW DECADES, A NUMBER OF FUNGI SPECIES HAVE BEEN RECOGNIZED AS PROMISING BIOCONTROL AGENTS (FERRON, 1985; HAJEK AND LEGER, 1994). THERE ARE OVER 700 DESCRIBED SPECIES OF ENTOMOPATHOGENIC FUNGI GROUPED IN APPROXIMATELY 100 GENERA (GOTTEL ET AL., 1990).		

1763	9406683	STRUCTURAL,ELECTRICAL AND SPECTROSCOPIC STUDIES ON POTASSIUM TETRACHLOROZINCATE(K ₂ ZNCL ₄)SINGLE CRYSTALS /	KHATER,HASSAN AHMED HASSAN	HASSAN AHMED HASSAN KHATER,	ASSIUT:	2002 .	numerous materials with the general formula A ₂ BX ₄ , WHERE A AND B ARE CATIONS AND X IS AN ANION, ARE ISOMORPHOUS WITH THE (B-K ₂ SO ₄) SPACE GROUP P6 ₃ /mm AT HIGH TEMPERATURES) OUR WORK ON K ₂ ZNCL ₄ , ABBREVIATED (KTZC ₂), IS A PART OF INVESTIGATIONS OF THE PROPERTIES OF THE TYPE A ₂ BX ₄ FERROELECTRIC FAMILY.		
1764	9406699	BIOLOGICAL STUDIES ON SOME AQUATIC PARASITIC MITES /	Ramadan, Somaia Ahmed	Somaia Ahmed Ramadan	sohag :	1995 .	THE PRESENT INVESTIGATION DEALS WITH MITES HAVING PARASITIC ASSOCIATION WITH THE AQUATIC ANIMAL HOSTS, EITHER MARINE OR FRESHWATER.		
1765	9406734	BIOLOGICAL, GENETICAL AND TAXONOMIC STUDIES ON SOME TILAPIINE SPECIES OF UPPER EGYPT /	ALI, SAFAA MEGALLY	SAFAA MEGALLY ALI	QENA :	2003 .	THE TILAPIINE FISHES HAVE BECOME IMPORTANT SPECIES IN TROPICAL AQUACULTURE, TILAPIINES CAN BE CLASSIFIED INTO SEVENTY DIFFERENT SPECIES THAT LIVE IN A WIDE RANGE OF AQUATIC ENVIRONMENTS		
1766	9406750	ECOLOGICAL STUDIES ON SOME AQUATIC DIPTERA AROUND QENA CITY /	OSMAN, KHALID SAID MOHAMED	KHALID SAID MOHAMED OSMAN	QENA :	1994 .	A MAJOR GOAL OF ECOLOGY IS TO UNDERSTAND HOW ECOSYSTEM COMPONENTS INTERACT. THE AQUATIC DIPTEROUS INSECTS OFTEN OCCUPY AN IMPORTANT POSITION IN THE TROPHIC DYNAMICS OF FRESHWATER ECOSYSTEMS DUE TO THEIR NUMERICAL ABUNDANCE AND ROLE IN RECYCLING NUTRIENTS IN THE SEDIMENTS AND THE FRESHWATER		
1767	9406788	FINDINGS AND COMPLICATIONS OF DIAGNOSTIC LAPAROSCOPY IN INFERTILE WOMEN IN SOHAG CITY	TAMMAM, ABDEL-AZIZ EZZ ELDEIN	Abdel-aziz ezz eldein tammam	sohag:	2001	THIS STUDY CONDUCTED AIMING AT: TO SURVEY LAPAROSCOPIC FINDINGS IN INFERTILE PATIENTS IN OUR LOCALITY CORRELATE THESE FINDINGS WITH THOSE OF HYSTROSALPINGOGRAPHY AND GLUTERALDYDE SERUM GELIFICATION TEST		
1768	9406841	ON THE STABILITY NOTIONS OF PARAMETRIC NONLINEAR PROGRAMMING PROBLEMS AND THEIR APPLICATIONS	ABDEL RADWAN , AMR MOHAMMED	AMR MOHAMMED ABDEL RADWAN	sohag	2005	THESES AIM TO STUDY PARAMETRIC NONLINEAR PROGRAMMING AND THEIR APPLICATION		
1769	9406847	ON FUZZY TOPOLOGICAL SPACES	ABDELLAH, SAYED MAHMOUD	Sayed mahmoud abdellah	Qena:	1988	WE CONSIDER THE BASIC CONCEPTS OF FUZZY SETS AND FUZZY TOPOLOGIES ALSO THIS INTRODUCTORY CHAPTER IS CONSIDERED		
1770	9406914	STUDIES ON SOME PROTOZOAN BLOOD PARASITES OF SOME BIRDS IN QENA GOVERNORATE WITH SPECIAL REFERENCE TO MALARIAL PARASITES	HASSAN, AMAL ABBAS ABDEL-RAHMAN	Amal abbas abdel-rahman hassan	Assuit:	1998	THE PRESENT WORK IS CONDUCTED TO STUDY THE BLOOD PARASITES OF SOME BIRDS IN QENA GOVERNORATE WITH SPECIAL REFERENCE TO MALARIAL PARASITES IN WILD BIRDS		
1771	9407075	SYNTHESIS AND REACTIONS OF SOME NEW PYRIDINETHIONE AND DIHYDROPYRIDINETHIONE DERIVATIVES	OMAR, AHMED MOHAMMAD ABOU-BARK	AHMED MOHAMMAD ABOU-BARK OMAR	Aswan	2001	THE EARLY DISCOVERY OF THE BIOLOGICAL EFFECTS OF 3-CYANO - PYRIDINE-2 (1H)-THIONE AND THIENO(2,3-B)PYRIDINE DERIVATIVES ENCOURAGED US TO STUDY THE SYNTHESIS AND CHEMISTRY OF SOME OF ITS DERIVATIVES AS WHICH MAY HAVE BIOLOGICAL ACTIVITY		
1772	9407224	epidemiological aspects and management strategies of ovarian tumors in sohag city : a hospital based study.				2003	this is a descriptive study that was conducted on a total of 838 patients: 212 patients with ovarian cancer, 124 patients were admitted to sohag city hospital (sohag university hospital, sohag education hospital, sohag general hospital and sohag center institute) during the period from october 1999 to april 2002 and followed up prospectively.		
1773	9407257	BIOCHEMICAL AND PHYSIOLOGICAL STUDIES ON SOME FRANKIA STRAINS AND ACTINORRHIZAL SYMBIOSIS	SALEM, WESSAM MOHAMED ALI MAHMOUD	WESSAM MOHAMED ALI MAHMOUD SALEM	Qena	2002	EXPERIMENTS TO DETERMINE THE MOST FAVORABLE CULTURAL CONDITION FOR GROWING OF DIFFERENT FRANKIA STRAINS WERE CONDUCTED IN TWO DIFFERENT MEDIA, BUCT AND BAP AT 28°C AND 35°C, WITH DIFFERENT SUPPLEMENTS		
1774	9407363	STUDIES ON CERTAIN PARASITES OF SOME FISHES FROM THE RED SEA	MOHAMED , TAREK ABDEL-AZIZ AHMED	TAREK ABDEL-AZIZ AHMED MOHAMED	QENA	1998	DURING THIS WORK 216 FISHES BELONGING TO 8 FAMILIES AND 10 GENERA WERE COLLECTED AND EXAMINED DURING THE DIFFERENT SEASONS OF 1995-1996		
1775	9407374	EXPERIMENTAL STUDIES ON SOME TRANSPORT PROPERTIES OF Bi ₂ XINXSE ₃ GEOLOGY AND HYDROCARBON HABITAT OF UPPER CRETACEOUS SEDIMENTS (ABU ROASH FORMATION) OF THE SWS FIELD, ABU SENNAN AREA, WESTERN DESERT, EGYPT	AHMER, SALEH AHMED SALEH	SALEH AHMED SALEH AHMER	Aswan	1997	THE PRESENT WORK AIMS TO STUDY SOME PHYSICAL TRANSPORT PROPERTIES NAMELY, D.C. ELECTRICAL CONDUCTIVITY, THERMOELECTRIC POWER (SEEBECK COEFFICIENT) AND THERMAL PROPERTIES (THERMAL DIFFUSIVITY, HEAT CAPACITY AND THERMAL CONDUCTIVITY) OF THE SYSTEM		
1776	9407451		BADR, MOHAMED MOHAMED HUSSEIN	MOHAMED MOHAMED HUSSEIN BADR	Aswan	2002	THE PRESENT WORK DEALS WITH STRATIGRAPHIC SETTING AND HYDROCARBON POTENTIAL OF UPPER CRETACEOUS ABU ROASH FORMATION IN SWS-FIELD OF ABU SENNAN AREA, NORTH WESTERN DESERT OF EGYPT		
1777	9408785	EARLY RESULTS OF CLOSED DISPLACED SUPRA CONDYLAR FRACTURES OF THE HUMERUS IN CHILDREN TREATED BY CLOSED REDUCTION AND PERCUTANEOUS PINNING=	AHMED, EL SAYED ABDEL HAMID	EL SAYED ABDEL HAMID AHMED		2000	THIS WORK WAS PLANNED TO STUDY THE RESULTS OF TREATMENT OF DISPLACED SUPRACONDYLAR FRACTURES OF THE HUMERUS IN CHILDREN BY CLOSED REDUCTION AND PERCUTANEOUS KIRSHNER WIRES FIXATION UNDER RADIOGRAPHIC CONTROL.		
1778	9408818	THE ROLE OF FIBROPTIC BRONCHOSCOPY AND INDUCED SPUTUM IN THE DIAGNOSIS OF LUNG CANCER=	ATA, KAMAL ABD EL-SATTAR	KAMAL ABD EL-SATTAR ATA	sohag	1998	THE PRESENT STUDY WAS PROSPECTIVELY DESIGNED AND CONDUCTED DURING THE PERIOD FROM SEPTEMBER 1996 TO MARCH 1998 TO EVALUATE THE RELATIVE DIAGNOSTIC RATE OF SPONTANEOUSLY EXPECTORATED SPUTUM,		
1779	9408960	STUDIES ON THE RECENT SEDIMENTARY ENVIRONMENTS AND THE BENTHIC FORAMINIFERA IN THE INTERTIDAL ZONE OF THE AREA BETWEEN GEMSA AND MARSA ALAM RED SEA EGYPT	AHMED, MOHAMED ABD EL-WAHAB MOHAMED	MOHAMED ABD EL-WAHAB MOHAMED AHMED supervised -M.M ARIF, A.M MANSOUR EL ,HAZEM ALY NOUR, DIN	Qena:	1996	THE PRESENT INVESTIGATION GIVES A DETAILED ACCOUNT ON THE RECENT SEDIMENTS OF THE BEACH AND INTERTIDAL ZONE OF THE AREA BETWEEN GEMSA AND MARSA ALAM ON THE RED SEA COAST OF EGYPT		
1780	9408968	GEOLOGICAL STUDIES OF THE BASEMENT ROCKS-SEDIMENTARY COVER CONTACT BETWEEN WADI MUEILHA AND WADI BEIZAH EASTERN DESERT EGYPT	WAZERY, MOHAMMED ABDEL SHAFY	MOHAMMED ABDEL SHAFY wazery	Qena:	2001	THE PRESENT THESIS CONCERNED WITH THE STUDY OF GEOLOGY OF THE CONTACT ZONE BETWEEN THE BASEMENT AND NUBIAN SANDSTONES THE CONTACT ZONE WITHIN THE STUDIED AREA IS THE MOST FAVORABLE PLACE IN THE EASTERN DESERT WHERE VOLCANIC ROCKS OCCUR ALONG THE CONTACT WITH MORE OR LESS WELL PRESERVED WEATHERING CRUST		

1781	9409020	repair efficien on the flexural behavior of corroded r.c.slabs	abduilah,ahmed mahmoud	ahmed mahmoud abduilah	aSWAN	2005	THISwork presents an experimental study concerning the flexural efficiency of some different repiring system for the reinforced concrete slabs,which have the extreme conditions of the corrosion process.		
1782	9409140	HAEMODYNAMIC CONSEQUENCES OF NONINVASIVE POSITIVE PRESSURE VENTILATION	MOBARAK,ISMAIL SAYED MOHAMED	ISMAIL SAYED MOHAMED MOBARAK	Aswan	2004			
1783	9409189	HIGHLY ORIENTED CERAMIC OF THE BI-TYPE SUPERCONDUCTORS	ABDEL-GHANNY,HASSAN AHMED	HASSAN AHMEDABD EL-GHANNY	Sohag	1995	throughout this work,experimental studies on strctual and transport properties of bulk samples of highly oriented ceramic superconductors based on bismuth have been prepared.		
1784	9409258	VALUE OF SKIN TESTING IN DIAGNOSIS CSES OF BRONCHIAL ASTHMA AMONG PATIENTS ATTENDING SOHAG UNIVERSITY	HUSSEIN,MONA TAHA		sohag	2006	BRONCHIAL ASTMA IS A SERIOUS HEALTH PROBLEM. THIS AIRWAY DISEASE THAT CAN BE SEVERE AND SOMETIMES FATAL,AFFECTS PEOPLE OF ALL AGES IN COUNTRIES THROUGHOUT THE WORLD AND ITS PREVALENCE IS INCREASING EVERYWHERE.ASTHMA IS A SIGNIFICANT BURDEN TODAY NOT ONLY IN TERM OF HEALTH CARE COSTS BUT ALSO OF LOST PRODUCTIVITY AND REDUCES PARTICIPATION IN FAMILY LIFE.		
1785	9409269	BONE NARROW TRANSPLANTATION ESSAY	GAMEEL,KHALED RASHED MOHAMED	KHALED RASHED MOHAMED GAMEEL	Aswan	1996	AIM OF THE EEVIEW IS TO FOCUS ON GENERAL INDICATIONS OF BONE MARROW TRANSPLANTATION PREPARATORY CONDITIONING REGIMEN TECHNICAL PROCEDURES		
1786	9409278	AUTORADIOGRAPHIC IDENTIFICATION OF CORTICOTROPIN-RELEASING HORMONE AND INTERLEUKIN-1B RECEPTORS IN LYMPH NODE,SPLEEN AND PAWTISSUE OF RAT /	Mousa,Shaaban Abdelwahab	Shaaban Abdelwahab Mousa	qena :	1995 .	IN THE PRESENT WORK RECEPTOR AUTHORADIOGRAPHY ON SIDE MOUNTED TISSUE SECTIONS WAS USED:A-TO DETERMINE THE PRESENCES OF CRH AND IL-1B BINDING SITES IN THE POPLITEAL LYMPHNODES, SP;EEN AND SUBCUTANEOUS PAW TISSUE OF NORMAL RAT . B-TOSTUDY THE EFFECT OF FREUNDS COMPLETE A DJUNVANT-INDUCES INFLAMMATION OF THE RAT HINDPAW ON THESE ON BINDING SITES.		
1787	9409308	ROLE OF SEED STRUCTURE IN THE TAXONOMY OF FLOWRING PLANTS REPRESENTED IN THE FLORA OF EGYPT= دور البذرة في تصنيف النباتات الزهرية المعثلة في=Flora مصر	HUSSEINE,SOHAIR THABET HAMED	SOHAIR THABET HAMED HUSSEINE	Qena	2006	the aime of the present study is to use the macro-and micromorphological attributes of seeds of taxa under study to show its taxinomic importance in the process of differentiation and identification		
1788	9409321	GEOLOGICAL STUDIES OF THE AREA FROM SOUTH BENI-SUEF TO BENI-MAZAR WESTERN DESERT EGYPT	KAMEL,FATHY ASHOUR	FATHY ASHOUR KAMEL	Aswan	1999	THE RESULTS OF THE TECTONIC TREND ANALYSIS SHOWED THAT THE STUDY AREA WAS AFFECTED BY THREE MAJOR TECTONIC TRENDS OF WHICH THE NW IS PROMINENT

1826	9411255	DISSOLUTION AND INHIBITION OF CU-ZN ALLOY IN NITRIC ACID	HASSAN, IBRAHIM ABD-ALLAH ISMAIL	Ibrahim abd -allah ismail hassan	Qena:	2000	THE PRESENT WORK AIMED TO INVESTIGATE AND CLARIFY THE DISSOLUTION OF CU-ZN(70/30) IN NITRIC ACID SOLUTIONS IN ABSENCE AND PRESENCE OF DIFFERENT ADDITIVES		
1827	9411329	CYTOGENETICAL STUDIES OF SOME SPECIES OF PARASITES IN UPPER EGYPT	ISMAIL, GAMAL MAHMOUD YOUSIF	Gamal mahmoud yousif ismail	Qena:	2001	IN ORDER TO FILL THIS GAP AND ALSO TO CORRELATE THE CHROMOSOMAL NUMBER AND MORPHOLOGY WITH THE CLASSICALLY ESTABLISHED TAXONOMIC RELATIONSHIPS		
1828	9411362	MICROSTRUCTURE AND SOME OF PHYSICAL PROPERTIES OF CHALCOGENIDE GE IN SE SYSTEM /	ELASSAL, NASSER ASRAN ABDALLAH ABD-ELRAHIM,	NASSER ASRAN ABDALLAH ABD-ELRAHIM ,	SOHAG :	2003 .	MICROSTRUCTURE AND SOME OF PHYSICAL PROPERTIES OF CHALCOGENIDE GE IN SE SYSTEM		
1829	9411367	the contribution of shallow seismic refraction in defining the engineering characteristics of the foundation materials of Sohag el-gedida city, Nile valley, Egypt.	Trabees, Elhamy Aly Abd El-Aziz	elhamy aly abd el-aziz Trabees	sohag	2005	the aim of this research thesis is to develop: 1- a seismic microzonation analysis for the new Sohag industrial zone. 2- a division of the new Sohag industrial zone area to seismic micro zone, according to their engineering qualities. 3- a study on the site effects and the soft soil amplification for the ground motion using some seismological tools. 4- an assessment of the seismic hazard using a simulation method to monitor the earthquake damage at the future.		
1830	9411464	Studies on Mesocostoides Corti and Taenia crassiceps as models for cysticercosis; Comparison of brain and liver infection /	Mohamadin, Hoda Saady	Hoda Saady Mohamadin	Qena :	2000 .	the scope of this thesis is studies on mesocostoides corti and taenia crassiceps as models for cysticercosis comparison of brain and liver infection		
1831	9411523	Studies on some Quinones and their derivatives /	Abdel-Hamed, Ayman Salah El-Deen.	Ayman Salah El-Deen Abdel-Hamed,	Qena :	2000 .	The present study aimed to study some Quinones and their derivatives. These include the following: 1- Diels Alder addition to benzoquinone. 2- Nucleophilic addition of amines to some 2-aryl-1,4-naphthoquinone. 3- Utilization of some 2-aryl-1,4-naphthoquinone and 2-aryl-1,3-aryl-1-amino-1,4-naphthoquinone in the synthesis of new heterocyclic compounds, accordingly, it is aimed in the following introduction to introduce a detailed survey of the chemistry related to these topics.		
1832	9411532	SYNTHESIS OF SOME NOVEL HETEROCYCLIC ORGANIC DERIVATIVES /	ABD EL-RAHEEM, AMR AWADALLAH.	AMR AWADALLAH ABD EL-RAHEEM,	ASWAN, EGYPT :	2006 .	The present work presented a novel synthetic pathways to prepare new heterocyclic compounds incorporating ring linked to pyran, pyridine, pyrazole and other heterocyclic moieties. Probably, the new compound may have pharmaceutical applications.		
1833	9411544	R-T STABILITY PROBLEMS WITH AND WITHOUT MAGNETIC FIELD AND SOME RELATED PROBLEMS	HOSHOU DY, GAMAL ABD-ALLAH AHMED	Gamal Abd-Allah Ahmed Hoshoudy,	QENA	2002	HERE THE RAYLEIGH-TAYLOR INSTABILITY (RTI) PROBLEM HAS BEEN STUDIED BECAUSE RTI IS A GENERAL PHENOMENON IN PHYSICS WITH A WIDE RANGE OF APPLICATIONS IN ASTROPHYSICS (METEOROLOGY) AND LASER PLASMAS TURBULENCE OCEANOGRAPHY		

1834	9411615	SOME STUDIES ON THE LIFE CYCLES OF SOME SPECIES OF SARCOCYSTIS IN CATS /	MOHAMMED,NADIA IBRAHIM	NADIA IBRAHIM MOHAMMED ,	QENA :	1997 .	IN 1843,MIESCHER OBSERVED,FOR THE FIRST TIME,CYSTS CONTAINING A LARGE NUMBER OF BANANA-SHAPED PROTOZOA WITHIN THE MUSCLES OF A HOUSE MOUSE. UNTIL 1882,THESE CYSTS WERE KNOWN AS MIESCHER'S TUBES,RAINERY'S BODIES OR POROSPERMS. BALBIANI (1882) PROPOSED THE NAME SARCOPODIA DUE TO THE TYPICAL LOCALIZATION OF THE CYST WITHIN THE MUSCLES.		
1835	9411620	Synthetic studies on Quinones /	Amin,Khaled Said.	Khaled Said Amin,	Qena :	2000 .	The present study aimed to Synthetic studies on Quinones. The main objective of the studies in this thesis involed the synthesis of some new class of double fused heterocyclic quinones starting with bromanil.		
1836	9411669	MICROBIOLOGICAL STUDIES ON ABYDOS TEMPLE AT UPPER EGYPT	MOHAMED, REHAB MOSTAFA	REHAB MOSTAFA MOHAMED	SOHA G	1997	THE PRESENT INVESTIGATION AIMED STUDY THE OCCURRENCE AND DESTRIUTION MICRO FLORA ASSOCIATED WITH WALL PAINTINGES		
1837	9411674	CHEMICAL AND BIOLOGICAL STUDIES ON SUGAR CANE BAGASSE AND THEIR EFFECTS ON THE QUALITY OF WOOD PRODUCT MEDIUM DENSITY FIBEROARD /	ELGELANI,ABD-EL BASET ABD-EL HAMID ADAM.	ABD-EL BASET ABD-EL HAMID ADAM ELGELANI,	QENA, EGYPT :	2006 .	AIMS OF WORK This work was carried out in Nag Hamady for Fiberoard Company (NFB)to illustrate behavior of raw material (stored Bagasse).Explanation of weakness of some mechnical properties of MDF is the main objective through the following aims: The effect of the stored period on the chemical composition of bagasse constituents Effect of steam heating on bagasse chemical constituents,and om mechanical properties MDF panels Isolation and identification of microorganism that attacked bagasse constituents during wet bulk storage period.		
1838	9411676	THE IMPACT OF HYDROGEOLOGICAL CONDITIONS ON THE ARCHAEOLOGICAL SITES AT SOME LOCALITIES BETWEEN QENA AND ASWAN, EGYPT	AHMED, AYMAN ABDEL-HAMEED	AYMAN ABDEL-HAMEED AHMED	Aswan	2003	PHARAONIC MONUMENTS REPRESENT THE MOST VALUABLE SOURCE OF INFORMATION ON ANCIENT EGYPT,COVERING THE PERIOD OF APPROXIMATELY 3000 B.C.TO 300 B.C. IN ADDITION THE GRECO-ROMAN CULTURE		
1839	9411725	Disslution and inhibition of Cu-Zn alloy in nitric ACID /	Hassan,Ibrahim Abd- Allh Ismail.	Ibrahim Abd-Allh Ismail Hassan,	Qena :	2000 .	In the present work,the dissolution of Cu-Zn alloy (70/30) was studied in nitric acid solutions in absence and presence of differnt adsitives, using anodic stripping voltammetry and weight loss techniques. Polarization measurements were carried out in all solutions used.		
1840	9411731	THE EFFECT OF THE SUBSTRATE AND ANNEALING TEMPERATURE ON THE OPTICAL ELECTRICAL AND STRUCTURAL PROPERTIES OF GE TE FILMS /	ABD- ELRAHIM,FARID MOHAMED	FARID MOHAMED ABD- ELRAHIM ,	ASIUT :	2003 .	THE EFFECT OF THE SUBSTRATE AND ANNEALING TEMPERATURE ON THE OPTICAL ELECTRICAL AND STRUCTURAL PROPERTIES OF GE TE FILMS.		
1841	9411755	SYNTHESIS OF SOME PROLINE DERIVATIVES THROUGH THE NON- DECARBOXYLATIVE 1,3-DIPOLAR CYCLOADDITION REACTIONS /	ELGHAREEB,ELGHAREEB EL SHAHAT.	ELGHAREEB EL SHAHAT ELGHAREEB,	QENA, EGYPT :	2006 .	In this work presented forward a general procedure for the synthesis of some proline derivatives via the non-decarboxlative 1,3-dipolar cycloaddition reactions.		
1842	9411793	SOME STUDIES ON RUMEN PROTOZOAN FAUNA OF DOMESTICATED ANIMALS	AHMED,OMAR NADIA IBRAHIM MOHAMED	OMAR NADIA IBRAHIM MOHAMED AHMED	Sohag	2003	THIS STUDYWAS BASED ON RUMEN PROTOZOAN FAUNA OF DEMISTICATED ANIMALS (CATTLEK,SHEEP AND BUFFALOES) FOR THE FIRST TIME IN QENA GOVERNORATE.		
1843	9411865	GROWTH AND PHYSICAL PROPRETES OF POTASSIUM ZINC CHLORIDE MODULATED- FERROELECTRIC CRYSTALS /	MOSTAFA,MOSTAF A MASAOU.	MOSTAFA MOSTAFA MASAOU	ASSUI T :	2004 .	GROWTH AND PHYSICAL PROPRETES OF POTASSIUM ZINC CHLORIDE MODULATED-FERROELECTRIC CRYSTALS		
1844	9411926	Hepatic biotransformation of verruearin J in Male Mice /	Yousef,Osman Abd- Allah	Osman Abd-Allah Yousef,	Sohag :	1999 .	The work mpresented in this thesis deals with hepatic biotransformation of verrucar J in male mice. Eight treated groups of verrucar J (0.9 and 0.5mg/kg body weight)(for two,four,six and eight weeks (for each dose)were compared with eight groups of control mice.		
1845	9411927	DETACHED CRYSTALLIZATION AND TRANSPORT PROPERTIES OF THE TERNARY COMPOUND CDZNT	AHMED, KHALED EBNALWALED ABDELFATTAH			2006	THE II-VI COMPOUNDS HAVE GIVEN RISE TO SEVERAL INVESTIGATIONS IN THE LAST FEW DECADES DUE TO THEIR MULTIPLE APPLICATIONS IN TECHNOLOGICAL DEVICES SPECIAL INTEREST HAS DEVELOPED THE CD1-X ZNX TE SYSTEM		
1846	9411953	THE STUDY OF GENETIC SUSCEPTIBILITY OF SOME HEAD AND NECK CANCERS	BADAWY, SHAHAT BADAWY	BADAWY SHAHAT BADAWY	Sohag	2003	head and neck squamous (hnscc)is afrequent malignancy with a poor survival rate ... all samples were subjected to both molecular the diagnnostic value of DNA content in early detection		
1847	9411992	APPLICATION OF BARBITURIC ACID IN THE SYNTHESIS OF SOME NEW SPIRO AND FUSED HETEROCYCLIC SYSTEMS /	EL-HADY,OMAR MOHAMED.	OMAR MOHAMED EL-HADY,	SOHA G :	2003 .	2,4,6-TRIOXYHEXAHYDRYRIMIDINE (BARBITURIC ACID) 1 WAS ALLOWED TO REACT WITH SOME ARYLIDENE DERIVATIVES OF ACTIVE NITRILES WHERE PYRANO(2,3-D) PYRIMIDINE ;THESE PRODUCTS WERE THEN CONVERTED INTO THE CORRESPONDING PYRIDO (2,3-D) PYRIMIDINE DERIVATIVES 5-7 2-4 WERE OBTAINED.		
1848	9412014	INFLUENCE OF LICONTENT ON THE STRUCTURE ,OPTICAL AND ELECTRICAL PORPERTIES OF ZNO FILMS PREPARED BY CHEMICAL BATH DEPOSITION METHOD /	AHMED, MOHAMED RASHD SHAHAT.	ASSIUT UNIVESITY ,	ASSIU T :	2004 .	INFLUENCE OF LICONTENT ON THE STRUCTURE .OPTICAL AND ELECTRICAL PORPERTIES OF ZNO FILMS PREPARED BY CHEMICAL BATH DEPOSITION METHOD		
1849	9412044	PHYSICALSPECTROSCOPIC STUDIES OF PARACETAMOL AND SOME ANALOGOUS COMPOUNDS /	KHIDR,NAGER KHIDR SAYED.	NAGER KHIDR SAYED KHIDR,	ASSIU T,EGYPT :	2006 .	This THESIS aimed to investigate the suitable stuctures of paracetamol(PA) molecule and some analogous compounds by using some molecular orbital calculations such as CNDO,INDO and CI calculations in addition to spectral studies in pure solvents and in mixed solvents.		
1850	9412057	Synthesis heterocyclic compounds derived from heterocyclic anhydrides /	Gergis,Talaat shaker Wasef.	Talaat shaker Wasef Gergis,	Qena :	2000 .	The studies reported in this thesis involved the synthesis of new hetrocyclic systems from 2,3-pyridine and 2,3-pyrazinedicarboxylic acid anhydrides.Therefore we aimed in this introduction to introduce a detailes survey of the chemistry related to the following topics: 1- preparation methodes of quinolinic and its anhydride. 2-Reactions and properties of quinolinic acid and its anhydride. 3- preparation and properteis of 2,3-pyrazinedicarboxylic acid and its anhydride. 4- Reactions and properties of 2,3-pyrazinedicarboxylic acid and its anhydride. 5- Biological activities..		

1851	9412114	BEE HONEY AS AN INDICATOR FOR ENVIRONMENTAL POLLUTION WITH HEAVY METALS /	FADL-ALLAH,SOMAYA MAHMOUD MOHAMED.	SOMAYA MAHMOUD MOHAMED FADL-ALLAH,	ASWA N,EGY PT :	2006 .	The main objectives of the present study are: To assess the application of using bee honey as a biomarker for environmental contamination with heavy and toxic metals To study the effect of seasonal variation in heavy metal contents in honey,flower and soil Evaluation of toxic metal,especially Cd and Pb,loading in the studied areas. Finding the safe limits of heavy metals in the studying honeys for human consumption Calculate the rate of metals bioaccumulation from soil to plant and from plant to honeys through concentration factor applications Determination the suitable available forms of metals in soil used by plant through metals extraction methods.		
1852	9412125	Spectrophotometric study of some constituents in portland cement /	Ahmed,Hassan Mohamed Mohamed.	Hassan Mohamed Mohamed Ahmed,	Assiut :	1999 .	This thesis includes a spectrophotometric study of some constituents in portland cement.The main objective of the work is to make use of uv-visible spectrophotometry in the development of new rapid test methods for some components analysis of portland cement.		
1853	9412142	STRUCTURAL,ELECTRICAL AND THERMOELECTRIC POWER PROPERTIES OF AGx(As0.4Se0.6)100x CHALCOGENIDE SYSTEM /	ABDOU KAMAL DIAB ,HEMAIA	ABDOU KAMAL DIAB HEMAIA,	:SOHAG	2004 .	STRUCTURAL,ELECTRICAL AND THERMOELECTRIC POWER PROPERTIES OF AGx(As0.4Se0.6)100x CHALCOGENIDE SYSTEM.		
1854	9412165	ELECTROCHEMICAL REDUCTION OF SOME N-(ARYLIDENE)-2-AMINOPYRIDINE COMPOUNDS /	HASSANIEN,REDA HASSANIEN MOHAMED.	ASSIUT :	REDA HASSANIEN MOHAMED HASSANIEN	2003 .	THE MAIN PURPOSES OF THE PRESENT WORK ARE:(i)TO STUDY THE ELECTROCHEMICAL BEHAVIOR OF N-(ARYLIDENE)-2-AMINOPYRIDINE COMPOUNDS UNDER CONTROLLED CATHODIC POTENTIAL CONDITIONS,(ii) TO FIND A NEW WAY FOR THE SYNTHESIS OF SECONDARY ARYL-2-PYRIDYL AMINES AND CYCLIC COMPOUNDS,AND (iii)TO THROW MORE LIGHT ON THE MECHANISMS AND INTERMEDIATE SPECIES INVOLVED IN THE CATHODIC REACTION PROCESSES.		
1855	9412172	CATALYTIC DECOMPOSITION OF ETHANOL OVER MgO AND γ -AL ₂ O ₃ AND THEIR MIXTURES /	ABD-ELRAADY,AHMED ABD-EL FATTAH.	AHMED ABD-EL FATTAH ABD-ELRAADY,	QENA,EGYPT :	1998 .	The main objective of the present work is to study the effect of some factors on the catalytic activity,selectivity and surface properties of AL ₂ O ₃ (an acidic oxide)and MgO (ABASIC OXIDE).		
1856	9412175	Synthesis and reactions of s-triazole-fused heterocycles /	Mohamed,Amer Anwar Amer.	Amer Anwar Amer Mohamed,	Sohag :	1999 .	The present work deals with the synthesis of a special group of heterocyclic compounds,which contains 1,2,4-triazole nucleifused with other heterocyclic rings,and evaluation of their biological activity.		
1857	9412179	Effect of Administration of Melatonin on DNA Synthesis and Cell Proliferation in Adrenal Cortex and Thyroid Follicles of DMBA-treated Mice /	Aref,Abdel-baset Aref Mohamed	Abdel-baset Aref Mohamed Aref	Kena :	2000 .	Excessive proliferation of cells may be abnormally decrease or increase in cell proliferation which may results in pathological events such as hypotrophy and hyperplasia		
1858	9412181	DETERMINATION OF THE NEUTRO-PROTON TRIPLTED SCATTERING LENGTH /	,ALY,KHALED MOHAMED AHMED	KHALED MOHAMED AHMED ALY,	SOHAG :	2004 .	DETERMINATION OF THE NEUTRO-PROTON TRIPLTED SCATTERING LENGTH.		
1859	9412185	CHARACTERIZATION AND CATALYTIC STUDIES OF MGO-V ₂ O ₅ MIXTURES AS CATALYSTS /	ABD-EL KADER,ADEL MOHAMED MOHAMED.	ADEL MOHAMED MOHAMED ABD-EL KADER,	QENA :	2005 .	THE MAIN OBJECTIVE OF THE PRESENT STUDY WAS TO REVIEW THE AVAILABLE INFORMATION(AND CONDUCT A THOROUGH AND NEW INVESTIGATION) CONCERNING TO THE PREPARATION AND CHARACTERIZATION OF PURE MGO AND V ₂ O ₅ SUPPORTED MGO AS CATALYSTS FOR THE OXIDATIVE DEHYDROGENATION OF ETHANOL.		
1860	9412186	BIOLOGICAL STUDY ON SOME FISHES OF HIGH DAM LAKE /	EL-BADAWY,ASHRAF AHMED	ASHRAF AHMED EL-BADAWY	ASWAN :	1991 .	THE PRESENT WORK IS A PART OF A PLAN DIRECTED TO STUDYING THE BIOLOGY OF LAKE NASSER FISH AND DEALS WITH THE BIOLOGY OF BAGRUS DOGMAC AND BAGRUS BAYAD.		
1861	9412188	Beneficiation of chromite ore and its application to the production of various grades of ferrochromium alloys /	Aly,Mahmoud El-Seid Ahmed.	Mahmoud El-Seid Ahmed Aly,	Qena :	1999 .	The present study aimed to Beneficiation of chromite ore and its application to the production of various grades of ferrochromium alloys. The purpose of this study is to investigate and beneficiate the Anu Dahr chromite ore by washing the crushed ore and applying flotation and acid leaching processes. The present thesis,ingenral, is constructed of three main chapters.		
1862	9412194	STUDY OF THE MAGNETIC AND ELECTRICAL PROPERTIES OF SOME NON-CRYSTALLINE IN RELATION TO THEIR STRUCTURE /	HASSANIN,RASHA MOHAMED ALI	RASHA MOHAMED ALI HASSANIN,	ASWAN:	2004 .	STUDY OF THE MAGNETIC AND ELECTRICAL PROPERTIES OF SOME NON-CRYSTALLINE IN RELATION TO THEIR STRUCTURE.		
1863	9412195	STUDIES ON SOME QUINONES AND THEIR DERIVATIVES /	ABD EL-RAHIME,TARIK MOHAMMED EL-AMINE.	TARIK MOHAMMED EL-AMINE ABD EL-RAHIME,	QENA,EGYPT :	1997 .	The test of the studies presented in this thesis involved the use of aryl benzoquinone in the synthesis of previously unreported mono-or bis-heterocyclic systems,hence we aimed in this summary to present a concise but rather comprehensive review about arylation of quinones with special emphasis to their reactions with different compounds which are used in preparing heterocyclic compounds and also applications in various fields.		
1864	9412199	Studies on some parasites of Rodents in Qena with Special Reference to These Recovered from Muscles and Peripheral Blood /	Rabie,Soheir Ahmed Hamdi M.	Soheir Ahmed Hamdi Mohamed Rabie	Qena :	1992 .	It is the first time to do a survey on rodent parasites in Qena Governorate		
1865	9412200	TAXONOMICAL AND ECOLOGICAL STUDIES ON SOME FRESH WATER MITES COLLECTED FROM THE NILE AT SOHAG /	RAMADAN,SOMAIA AHMED	SOMAIA AHMED RAMADAN	SOHAG :	1992 .	THE PRESENT STUDY IS CONCERNED WITH THE TAXONOMY AND ECOLOGY OF SOME FRESH WATER MITES THAT ARE FREE LIVING OR PARASITIC ON OR ATTACHED TO THE ROOTS OF THE NILE FLOATING PLANT EICHORNIA CRASSIPES.		

1866	9412202	INTENTIONAL NORMOVOLMIC HEMODILUTION IN MAJOR ABDOMINAL AND PELVIC SURGERY UNDER GENERAL ANESTHESIA-EFFECTS ON HEMODYNAMICS,ACID BASE BALANCE,AND OXYGEN UTILIZATION=	ABDEL- HAMED,KHALED MOHAMED.	,KHALED MOHAMEDA BDEL- HAMED		1997	THIS STUDY WAS CARRIED OUT AT SOHAG UNIVERSITY HOSBITAL BETWEEN MAY 1995 AND FEBRUARY 1996.		
1867	9412205	STUDIES ON TRANSITION METAL COMPLEXES OF BENZOYL THIOUREA DERIVATIVES AND ORTHO PHENYLENE DIAMINE /	ELMASRY,ALAA EL- DEEN SAYED ALY.	ALAA EL-DEEN SAYED ALY ELMASRY,	QENA, EGYPT :	1996 .	The general scope of this thesis was to present a systematic study on the ligating properties of some benzoyl thiourea derivatives.Both the Stoichiometry and formation constants of cu(II)complexes with the benzoyl thioureas in solution were determined and the isolation of co(II),Ni(II)and cuII complexes solides are described.		
1868	9412213	SYNTHETIC STUDIES AND REACTIONS OF SOME HETEROCYCLIC COMPOUNDS /	HASAN,IBRAHEM MOHAMED ABOU- ZEID.	IBRAHEM MOHAMED ABOU- ZEID HASAN,	QENA, EGYPT :	1995 .	Pyrazolone and isatin compounds show a great importance due to their wide applications for industrial uses and biological fields. This work aimed to synthesis some new heterocyclic compounds from pyrazolone and isatin series hopping that such new compounds will have certain biological effects or other applied uses.		
1869	9412214	ELASTIC AND INELASTIC 6,7 LI SCATTERING AT INTERMEDIATE ENERGIES=	MOHAMED,MAHMO UD AHMED HAASSANAIN	MAHMOUD AHMED HAASSANAIN MOHAMED	Sohag	2000	THEORETICAL STUDIES OF ELASTIC AND INELASTIC SCATTERING SYSTEMS HAVE BEEN WIDELY PERFORMED BY USING THE OPTICAL MODEL POTENTIAL (OMP)IN		
1870	9412215	MORPHOLOGICAL CHANGES IN SOME ORGANS OF MAMMALS DUE TO ISCHAEMIA /	BEKHEET,SOAD HANAFY MAHMOUD	SOAD HANAFY MAHMOUD BEKHEET ,	ASWAN :	1989 .	THE PRESENT INVESTIGATION WAS DESIGNED TO STUDY THE EFFECT OF ISCHAEMIA ON THE MORPHOLOGICAL,CYTOLOGICAL AND CYTOCHEMICAL CHARACTERISTICS OF THE RABBIT LIVER AND KIDNEY.		
1871	9412217	Metal complexex and spectral behaviour of some azopyrazolopyrimidine derivatives /	Ahmed,Alsayed Abdel-Moaty.	Alsayed Abdel-Moaty Ahmed,	Qena :	1999 .	The scop of this thesis is to present a study on the tautomeric structures,spectal characteristics of some ary I azopyrazolopyrimidine derivatives. The study of chelating properties of dervatives towards divalent transition metal ions as well as the structure of the complexes to be formed is a main goal of this thesis.		
1872	9412218	studies on structures of some dihydric phenol derivatives their metal chelates and their application i analysis of some egyptian natural materials /	abou elnaser,eman abdel-hakam mohamed	eman abdel-hakam mohamed abou elnaser,	aswan:	1992 .	studies on structures of some dihydric phenol derivatives their metal chelates and their application i analysis of some egyptian natural materials.		
1873	9412219	NORMS AND ESTIMATES FOR ENTIRE SOLUTIONS OF POISSONS EQUATION IN N-DIMENSIONAL SPACE(2	NOUR,FAWZY ABDEL-ATY MOHAMMED	FAWZY ABDEL-ATY MOHAMMED NOUR	QENA	2005	HAVE INVESTIGATED EXISTENCE AND (OR)UNIQUENESS OF THE ENTIRE SOLUTIONS OF LINEAR ELLIPTIC.		
1874	9412224	STUDIES ON PARASITES OF SOME FISHES IN DAM LAKE /	ABDEL- MAKSOUD,NAZEM MAHROUS	NAZEM MAHROUS ABDEL- MAKSOUD ,	ASWAN :	1988 .	THE PRESENT WORK WAS THEREFORE DONE IN ACCORDANCE WITH THE GROWING REQUIREMENTS FOR THE INTENSIFICATION OF FISH PRODUCTION IN HARMONY WITH THE INCREASING MODERN KNOWLEDGE OF FISH PARASITOLOGY.DAM LAKE WAS CHOSEN AS THE FIELD OF STUDY AS IT IS NOW ONE OF THE MOST ESSENTIAL SOURCES OF FRESHWATER FISHES IN EGYPT.		
1875	9412225	ELECTROANALYTICAL STUDIES ON SOME ANTICANCER DRUGS /	TAHA,ASHRAF MOHAMED.	ASHRAF MOHAMED TAHA,	QENA, EGYPT :	1995 .	This study aimed to through some light on the complexs probably formed between the antineoplastic agent 5-FU and some metal ions.On the other hand,because of the low levels of the anticacancer drugs 5-Fluorouracil and 1,2,3,4, tetrahydrocarbazole in the physiological fluids,highly sensitive techniques are required for their quantification and monitoring So the dudy directed to determine these drugs in low level using stippling voltammetric techniques.		
1876	9412228	some studies of kinetics and hydrometallurgical process for production of alum from industrial wastes /	el-sayed,ezzat abdel- raman	,ezzat abdel-raman el-sayed	ASSIUT:	1992 .	some studies of kinetics and hydrometallurgical process for production of alum from industrial wastes.		
1877	9412232	STUDIES ON PARASITES OF SOME WILD BIRDS AROUND THE HIGH DAM /	SAAD,ATEF IBRAHIM ABDEL- KADER	ATEF IBRAHIM ABDEL-KADER SAAD ,	ASWAN :	1989 .	658 BIRDS BELONGING TO ELEVEN FAMILIES AND FOURTEEN SPECIES WERE EXAMINED FOR HELMINTH PARASITES AS MUCH AS 360 BIRD HOSTS WERE FOUND INFECTED WITH ONE OR MORE PARASITES BELONGING TO EITHER TREMATODES,CESTODES OR NEMATODES.		
1878	9412390	ULTRASTRUCTURAL AND BIOCONTROL STUDIES ON PARASAR COPHAGA ARGYROSTOMA(SARCOPHAGIDAE:DIPTER A) /	MOHAMMED,DOAA SHEHATA	DOAA SHEHATA MOHAMMED ,	ASSIUT :	2004 .	RECENTLY,ATTENTION HAS BEEN FOCUSED ON THE SARCOPHAGIDAE DUE TO THEIR USE IN MEDICO-CRIMINAL ENTOMOLOGY.		
1879	9412427	ROLE OF MELATION IN REDUCING TLYPOXIA-INDUCED OXIDATIVE STRESS /	MOHAMED,HALA ABDEL FATTAH	HALA ABDEL FATTAH MOHAMED ,		2005 .	THE PRESENT WORK WAS PERFORMED TO STUDY THE PROTECTIVE EFFECT OF MELATONIN AS AN ANTIOXIDANT AND FREE RADICAL SCAVENGER ON THE OXIDATIVE STRESS AND MORPHOLOGICAL CHANGES INDUCED BY OXYGEN SHORTAGE(HYPOXIA)OF MALE SWISSALBINO MICE		
1880	9412433	ECOLOGICAL STUDIES ON CERTAIN PESTS AND THE NATURALLY OCCURRING BIOLOGICAL CONTROL AGENTS OF ORDER HEMIPTERA HETEROPTERA IN QENA /	MAHMOUD,MERVAT AHMED BADAWY	MERVAT AHMED BADAWY MAHMOUD ,	QENQ :	2005 .	THE MAIN OBJECTIVES OF THIS INVESTIGATION ARE1-FAUNISTIC COMPOSITION OF PHYTOPHAGOUS AND PREDACEOUS HETEROPTERA 2- DOMINANCE AND SEASONAL ABUNDANCE		
1881	9412448	SYNTHESIS OF NEW HETEROCYCLIC COMPOUNDS FROM NITROPHTHALIC ANHYDRIDE /	ABDALLA,MAHMOU D FAROUK.	MAHMOUD FAROUK ABDALLA ,	QENA :	2000 .	BECAUSE OF THE WIDE SPREAD APPLICATION OF QUINAZOLINEDIONES,THE AIM OF THIS WORK IS TO INVESTIGATE THE EFFECT OF ANITRO GROUP IN THE QUINAZOLINEDIONE MOIETY AND THE PROPABILITY OF ISOMERISATION.		
1882	9412456	STUDIES ON SOME HETEROCYCLIC COMPOUNDS /	SALAMA,ABD EL- SALAM FERAHY.	ABD EL-SALAM FERAHY SALAMA,	ASWAN :	2000 .	في هذا العمل تم الحصول على مركبات جديدة من الحلقات الاروماتية الغير متجانسة الحلقة وهذه المركبات تحتوي على مجموعات الميثيلين النشطة ومن خلال التكوين لوركب2-ميثيل بنزواوكسازين وذلك من تفاعل حمض الانتر انيلك مع اندريد حمض الاستيك لمدة6ساعات.عندما يتحد مركب البنزواوكسازين مع انثيل استر حمض الجليسين معطيا مركب ن-اسيتات الاليل-2-ميثيل كينازولين-4-نون . هذا المنتج الاخير عندما يفقد جزيء كحول ايثيلي يتفاعلة مع ايتراوكسيد الصوديوم تتكون حلقة بيرو لينين جديدة للمركب ناتجا من ذلك التفاعل مركب جديد يعرف باسم3-بيريلينيو[1,2ب]كينازولين-5-نون1 .		
1883	9412561	COMPARATIVE ANATOMICAL AND EXPERIMENTAL STUDIES ON THE STRUCTURE AND FUNCTION OF RETINAL SYNAPTIC ORGANELLES OF EYE IN DIFFERENT ANIMALS /	Abul-ela,Mohammed Rrafa Adly	Mohammed Rrafa Adly Abul-ela ,	sohag :	1997 .	AS POINTED OUT ABOVE, LITTLE IS KNOWN ABOUT RHYTHMIC CHANGES OF SBS IN THE MAMMALIAN RETINA, ESPECIALLY ABOUT THE ROUND FORM, THE SO-CALLED SYNAPTIC SPHERES (SSs) AND THE CLUB-SHAPED RIBBONS (CSRS).		

1884	9412569		THE ROLE OF THE AGED INDIVIDUAL IN THE EPIDEMIOLOGY OF INTRAFAMILIAL SPREAD OF INFECTION=	AYOUB,ABLA IBRAHIM	ABLA IBRAHIM AYOUB	sogah	1984	THE STUDY AIMED ET DETERMINING THE ROLE OF THE AGED INDIVIDUAL IN SPREADING INFECTION AMONG FAMILY MEMBERS LIVING WITH HIM.		
1885	9412576		MOLECULAR BIOLOGY OF GROWTH IN AMODEL ANIMAL AND ITS POTENTIAL APPLICATIONS /	Hussein,Ahmed Ali Ahmed Ali	Ahmed Ali Ahmed Ali Hussein	sohag	1996	CONTINUOUS HUMAN POPULATION EXPLOSION SHOULD BE FACED WITH MATCHING IN CREASE IN FOOD PRODUCTION .THE TWO MAIN SOURCES OF FOOD ARE PLANTS AND ANIMALS.SINCE THE AREA OF LAND AND SEA WHICH PROVIDE FOOD FOR BOTH HUMAN AND ANIMALS,ARE STABLE ON EARTH,BIOLOGISTS ARE CONSTANTLY LOOKING FOR SOLUTIONS TO IN CREASE AND DEVELOP FOOD RESOURCES.		
1886	9412589		CATALYTIC STUDIES ON ZNO-V2 O2 CATALYSTS /	MOHAMED HASHEM ABDEL RAHMAN DARWESH .	MOHAMED HASHEM ABDEL RAHMAN DARWESH	ASSIUT	1992	CATALYTIC STUDIES ON ZNO-V2 O2 CATALYSTS .		
1887	9412600		EFFECT OF THE HEAVY METALS CADMIUM AND LEAD ON EMBRYOGENESIS AND LARVAL DEVELOPMENT OF THE TELEOST FISH,CTENOPHARYNGODON IDELLUS /	Lashein,Fakhr El-din Mostafa	Fakhr El-din Mostafa Lashein	sohag	1996	IN THE PRESENT STUDY , GRASS CARP (CTENOPHARYNGODON IDELLUS) WAS TAKEN AS AMODEL TO STUDY THE TOXICOLOGICAL AND PATHOLOGICAL EFFECTS OF THE HEAVY METALS (CADMIUM AND LEAD) THAT MAY HAVE DEVELOPED IN NATURAL HABITATE DURING ITS DEVELOPMENTAL PROCESSES.		
1888	9412605		SYNTHESIS AND REACTIONS OF SOME NEW PYRIDINETHIONE AND DIHYDROPYRIDINETHIONE DERIVATIVES /	OMER,AHMAD MOHAMMAD ABOU-BAKR.	AHMAD MOHAMMAD ABOU-BAKR OMER,	Qena	2001	THE EARLY DISCOVERY OF THE BIOLOGICAL EFFECTS OF 3-CYANO-PYRIDINE-2(1H)-THIONE AND THIENO [2,3-B]PYRIDINE DERIVATIVES ENCOURAGED US TO STUDY THE SYNTHESIS AND CHEMISTRY OF SOME ITS DERIVATIVES AS WHICH MAY BE HAVE BIOLOGICAL ACTIVITY.		
1889	9412617		STUDIES ON LACTAMS synthesis of new monocyclic B - lactams :	ABDEL MAWGOUD,ABDEL MAWGOUD M.	ASSIUT :	ABDEL MAWGOUD M ABDEL MAWGOUD	1976	THE PRESENT WORK IS TO PREPARE SOME NEW B-LACTAMS COMPOUNDS BEAR SOME RESEMBLANCE TO THE STRUCTURE OF PENICILLIN AND CEPHALOSPORIN C AND MAY SHOW REMARKABLE BIOLOGICAL ACTIVITIES IN THIS DIRECTION.		
1890	9412631		EFFECT OF MELATONIN ON DNA SYNTHESIS AND CELL CYCLE IN SOME ORGANS OF MICE AFTER THE ADMINISTRATION OF ACHEMICAL CARCINOGEN,DMBA /	ELSokkary,Gamal Hassan Abdel-sabour	Gamal Hassan Abdel-sabour ELSokkary	assuit	1998	IN REVIEWING THE LITERATURE,IT BECAME CLEAR THAT,AT PRESENT TIME THERE IS A VOLUMINOUS AMOUNT OF WORK REGARDING THE STUDY OF PINEAL GLAND AND MELATONIN AND THEIR ROLES IN INHIBITION OF CANCER INITIATION AND PROMOTION IN MAMMALS.IN CONTRAST, STUDIES OF THE EFFECTS OF MELATONIN ON CELL PROLIFERATION KINETICS AND CELL CYCLE DURATION ARE RATHER SCARCE AND IN PART CONTRADICTORY.		
1891	9412637		STUDIES ON THE SYNTHESIS AND REACTION OF SOME HETEROCYCLIC ORGANIC COMPOUNDS /	Mahmoud,Aly Hussein Atta	Aly Hussein Atta Mahmoud	Qena	1989	The aim of this work is the synthesis of some new fused heterocyclic system.		
1892	9412650		INTERACTION OF PLASMA PROTEINS AND THEIR SUBSTITUTES WITH CERTAIN ANTI-INFLAMMATORY DRUGS=تفاعل بروتينات البلازما مع بعض الأدوية المضادة للالتهابات	MAHDY,MAHMOUD ABD GHANY MOHAMED	,MAHMOUD ABD GHANY MOHAMED AHDY		1986	the work in this thesis deals with the binding of these drugs to human and bovine serum albumine and thier substitutes,as well as factors that affect the binding process.		
1893	9412651		SPECTRAL STUDIES OF SOME THIAZOLYLAZO DERIVATIVES AND CHARACTERIZATION OF SOME RELTED COMPLEXES /	FARAG SEDDIQUE MOHAMED AHMED .	FARAG SEDDIQUE MOHAMED AHMED	ASSIUT	1992	SPECTRAL STUDIES OF SOME THIAZOLYLAZO DERIVATIVES AND CHARACTERIZATION OF SOME RELTED COMPLEXES .		
1894	9412659		STUDIES ON THE ELECTROCHEMICAL BEHAVIOR OF ALUMINUM AND ALUMINUM ALLOYS IN DIFFERENT MEDIA /	MAGHRABY,EMAN FATHEY.	Qena :	EMAN FATH EY MAGHRABY,	2001	PURE AL IS SOFT AND WEAK BUT BY ALLOYING AND HEAT-TREATING IT CAN PROVIDE A BROAD RANGE OF MECHANICAL PROPERTIES.		
1895	9412661		SYNTHESIS AND APPLICATIONS OF SOME PHENOXY COMPOUNDS CONTAINING HETEROCYCLIC NUCLEUS /	MOHAMED,MAHMOUD ADLY HASSAN..	ASSIUT :	MAHMOUD ADLY HASSAN MOHAMED,	1977	THIS WORK WAS DIRECTED TOWARDS FINDING SOME NEW DERIVATIVES OF PHENOXY ACETAMIDES CONTAINING THE THIAZOLE 1-AND/OR THIADIAZOLE 2-MOETIES WHICH CONSIDERABLE AS MOLLUSCICIDES.		
1896	9412711		CLUBFOOT RADIOLOGICAL ASSESSMENT OF TREATMENT (الحفيرة) (الغذاء) (تقييم نتائج العلاج) بالاشعة	SHALABY,MOHMOUD MOHAMED AWAD	,MOHMOUD MOHAMED AWADSHALABY		1983	the aim of the work is 1- to find out suitable,accurate and practical technique for doing radiographs.2- to find out accurate and easy methods for measuring the different components of the deformity.		
1897	9412730		PHYSICO-CHEMICAL STUDIES OF SOME INORGANIC REACTIONS /	EL-SONBATY,ADEL ZAKY.	MANSOURA :	ADEL ZAKY EL-SONBATY,	1977	THE AIM OF THIS THESIS WAS TO STUDY THE ABILITY OF TIN AND LEAD TO FORM COMPLEXES AND PROTONATED COMPLEXES WITH SOME LIGANDS WHICH CONTAIN DIFFERENT KINDS OF DONOR ATOM AND TO ESTABLISH SOME RELATION BETWEEN THE POSITION OF TIN AND LEAD AND LIGAND DONOR ATOMS IN THE PERIODIC SYSTEM AND THEIR ABILITY TO FORM COMPLEXES AND/OR PROTON COMPLEXES OWING TO THE LIMITATION OF PERTINENT LITERATURE CONCERNING THIS TYPE OF COMPOUNDS.		
1898	9412731		STUDIES ON LECTIN (S) OF THE SILKWORM BOMBYX MORI /	Karayem,Ahmed Mohamed	Ahmed Mohamed Karayem	assuit	1998	THE AIM OF THE PRESENT WORK IS TO DETECT THE EXPRESSION PATTERN OF BOMBYX LECTIN IN DIFFERENT TISSUES OF THE 5TH LARVAL INSTAR OF THE SILKWORM BOMBYX MORI BY USING OLIGOTEX-RT-PCR FOLLOWED BY SOUTHERN HYBRIDIZATION. THE OBTAINED RESULTS WERE CONFIRMED BY IN SITU HYBRIDIZATION USING NON-RADIOACTIVE LABELLED PROBE.		

1899	9412748	STUDIES ON SOME HETEROCYCLIC CYANINE DYES CONTAINING QUINOID MOIETY /	GOMAA, MAHA MOBARAK .	GOMAA, MAHA MOBARAK †	ASSIUT : 1992 .	STUDIES ON SOME HETEROCYCLIC CYANINE DYES CONTAINING QUINOID MOIETY .		
1900	9412794	PHYSICO-CHEMICAL STUDIES ON THE SPECIATION OF HEAVY ELEMENTS ON THE SPECIATION OF HEAVY ELEMENTS IN THE RIVER NILE SEDIMENTS /	MAHMOUD,EMAN MOHAMED FAWZY .	EMAN MOHAMED FAWZY MAHMOUD,	ASWAN : 2000 .	THE ACID OXALATE IS CONVENTIONALLY USED FOR THE EXTRACTION OF METALS,WHICH EXIST AS EXCHANGEABLE,ADSORBED AND EASILY REDUCIBLE OXIDE FROMS,AS WELL AS,TO ASMAALL EXTENT,THOS BOUND TO CARBONATES OR LOW RESISTANT ORGANIC COMPOUNDS.		
1901	9412823	ULTRAS TRUCTURAL AND MORPHOLOGICAL DISCRIMINATION OF ADULT,PUPAL AND LARVAL STAGES OF SPODOPTERA EXIGUA (HUEBNER) ,(LEPIDOPTERA:NOCTUDAE) /	Awad,Azza Mohamed Abd-elmoneim	Azza Mohamed Abd-elmoneim Awad †	assuit : 1999 .	INTHIS STUDY,THE LIGHT HAS BEEN FOCUSED MAINLY ON THE ULTRASTURE OF THE SENSILLA ON THE DIFFERENT STAGES AND PARTS OF SPODOPTERA EXIGUA (HUBNER) HOPEFULLY THIS DISCRIMINATION COULD HELP RESEARCHERS TO GET-RID OF THIS SERIOUS PEST THROUGH OUT ITS SENSORY SYSTEM AND BE ON THE RIGHT TRACK FOR ITS BIOLOGICAL AND CHEMICAL CONTROLS.		
1902	9412876	SYNTHESIS OF SOME NEW DISPERSE AND RECTIVE -DISPERSE DERIVED FROM S-TRIAZOLES AND 1.3.4 OXADIAZOLES /	MOSTAFA,HASSAN MOHAMED .	MOSTAFA,HASSAN MOHAMED †	ASSIUT : 1991 .	SYNTHESIS OF SOME NEW DISPERSE AND RECTIVE -DISPERSE DERIVED FROM S-TRIAZOLES AND 1.3.4 OXADIAZOLES .		
1903	9412921	SYNTHESIS OF TRIAZINONE DERIVATIVES /	ATTALLA,AHMED ABDEL NAIEM.	AHMED ABDEL NAIEM ATTALLA,m	ASSIUT : 1980 .	THE PRESENT WORK DEALS WITH THE PREPARATION OF 1,3 DIPHENY 1-1,2,4 TRIAZIN 6 ONE (CLXXXIV)FROM THE INTERACTION OF HIPPURRIO ACID AND PHENYL HYDRAZINE.		
1904	9412927	CONDUCCOTOMERTRIC AND POTINTIOMETRIC STUDIES ON SOME TRANSITION METALS MIXED LIGAND COMLEXES /	TAHA,GHARAI M.H.A .	TAHA,GHARAI M.H.A †	ASWAN : 1991 .	CONDUCCOTOMERTRIC AND POTINTIOMETRIC STUDIES ON SOME TRANSITION METALS MIXED LIGAND COMLEXES .		
1905	9412962	TOPICS ON FUZZY TOPOLOGICAL ORDERED SPACES=موضوعات في الفراغات المرتبة- فائزية التوبولوجي	IBRAHIEM,KAMAL EL- SAADY			in this thesis we are interested in introducing the idea of order in the areaof fuzzy structures such as fuzzy topological vector spaces,fuzzy neighborhood spaces,fuzzy uniform spaces,fuzzy proximity spaces and fuzzy syntopogenous spaces. 1994		
1906	9413012	BIOCHEMICAL STUDIES ON RED BLOOD CELL MEMBRANE PERMEABILITY USING RADIOACTIVE TRACER TECHNIQUES /	HELAL, MOHAMED RADWAN.	HELAL,MOHAMED RADWAN,	Assiut : 1981 .	BIOCHEMICAL STUDIES ON RED BLOOD CELL MEMBRANE PERMEABILITY USING RADIOACTIVE TRACER TECHNIQUES.		
1907	9413022	STUDIES ON CORROSION AND INHIBITION OF SOME METALS IN DIFFERENT SOLUTIONS /	Rageh,Nasr Mansour M.	Nasr Mansour Mohamed Rageh ,	Qena : 1988 .	In the present study, the crrosion and inhibition of copper, this and lead in different acids has been invistigated. The effect of various parameters, viz concentration, time, temperature, etc, on the corrosion process has been studied		
1908	9413040	COMLEXATION AND STABILITY OF MIXED LIGAND OF SOME TRANSITION METAL LONS WITH GALLIC ACID AND SELECTED LIGANDS /	HASSAN MOHAMED HASSAN MOSTAFA .	HASSAN MOHAMED HASSAN MOSTAFA †	QENA : 1991 .	COMLEXATION AND STABILITY OF MIXED LIGAND OF SOME TRANSITION METAL LONS WITH GALLIC ACID AND SELECTED LIGANDS .		
1909	9413069	EVALUATION OF RESULTS OF OPERATIVE TREARMRNT OF FRACTURE HECK FEMUR IN YOUNG ADULTS=دراسة نتائج العلاج الجراحي لكسور عرق عظيمة الفخذ في صغار البالغين	ALAM EL-DIN,MOHAMED AHMED MOHMAUD A	MOHAMED AHMED MOHMAUDALAM EL-DIN,		the aime of this work is to study the results of treatment of recent displaced fractures of the femoral neck in adults treated by 3cancellous lag screws fixation and to compare our results with those of other auth-ers 1995		
1910	9413107	ESTABLISHMENT OF STEADY STSTE FLOW IN FLUID MIXTURE /	ABD EL-taliam,MOHAMED.RE FAT .	ABD EL-taliam,MOHAMED.REFAT †	SOHAG : 1989 .	THIS THESIS DEALS WITH THE PROBLEM OF DETERMINING THE STEADY STATE ESTABLISHMENT TIME (T ST)FOR THE FLOW OF SIN-GLE AND TWO PHASE FLUIDS IN PIPES .		
1911	9413133	SOME PROBLEMS IN GEOMETRIC FUNCTION THEORY /	ABDEL GAWAD,HOSAM ELDIN .RAGAA .	ABDEL GAWAD,HOSAM ELDIN .RAGAA †	ASWAN : 1990 .	DENOTE BY THE CLASS OF FUNCTIONS F WHICH ARE ANALYTIC AND UNIVALENT IN D={Z:Z		
1912	9413185	physico chemical studies on some phinols and their iodine redpx products as indicators /	mohamed ,fatma hosam el-dien .	mohamed ,fatma hosam el-dien †	Assiut : 1991 .	physico chemical studies on some phinols and their iodine redpx products as indicators .		
1913	9413187	STUDIES ON SOME HETEROCYCLIC COMPOUNDS /	ABD ELKARIM, AHMED AFKAR REZK.	AHMED AFKAR REZK ABD ELKARIM,	ASWAN : 2001 .	THE APPLICATION OF THE SUBSTITUTED HETEROAROMATIC COMPOUNDS IN VERIOUS ASPECTS IS BEYOND ESTIMATION,AND THERE ARE ALWAYS CONTINUOUS NEED FOR THE DISCOVERY OF NEW HETEROCYCLIC COMPOUNDS IN ORDER TO SATISFY THE GREAT DEMAND FOR THESE COMPOUNDS IN INDUSTRIAL AND VARIOUS BIOLOGICAL FIELDS.		
1914	9413189	THE ROLE OF T-LYMPHOCYTE CYTOKINES IN ORGAN TRANSPLANT TOLERANCE=	HASSAN,ALI TAHA ALI	ALI TAHA ALI HASSAN		TRANSPLANTATION TOLERANCE MAY BE DEFINED AS INDEFINITE ALLOGRAFT SURVIVAL IN THE ABSENCE OF CONTINUOUS IMMUNOSUPPRESSIVE THERAPY. 1999		
1915	9413209	SYNTHESIS OF SOME NEW HETEROCYCLIC COMPOUNDS DERIVED FROM 1,4-BENZODIAZEPINE DERIVATIVES /	MOHAMED,KHALED MASOUD.	KHALED MASOUD MOHAMED,	SOHAG : 2004 .	THE WORK PRESENTED IN THIS THESIS DEALS WITH THE SYNTHESIS OF SOME NEW 3-SUBSTITUED,FUSED AND SPIRO HETEROCYCLIC 1,4- BENZODIAZEPINES STARTING FROM ETHY1 2-OXO-5-PHENY1-2,3DIHYDRO-1,4- BENZODIAZEPINES.		
1916	9413215	KINETIC AND REACTIVITY STUDIES OF FE(II),FE(III)COMPLEXES OF MONO AND DIOXIME LIGANDS,AND DETERMINATION OF IRON(II)SPECROPHOTOMETRICALLY /	MOHAMAD,AHMAD DESOKY MOHAMEAD.	AHMAD DESOKY MOHAMEAD MOHAMAD,	SOHAG : 2003 .	CONSIDERING THE HIGH STABILITIES AND SPECIFIC CHARACTERES OF THE OXIME (N-OH) COMPLEX OF IRON (II),2-PYRIDINE ALDOXIME (HPAO),2- ACETYL PYRIDINE KETOXIME (HAPK),2-BENZOYLPYRIDINE KETOXIME (HBPK)AND 2,6- DIACETYLPYRIDINE DIOXOME(H2DAPD) HAVE MUCH ATTENTION IN THE LITERATURE.		
1917	9413226	STUDIES ON SYNTHESIS AND CHEMISTRY OF QUINOXALINE DERIVATIVES /	ALY,MOSTAFA FAWZY .	ALY.MOSTAFA FAWZY †	ASSIUT : 1980 .	STUDIES ON SYNTHESIS AND CHEMISTRY OF QUINOXALINE DERIVATIVES .		
1918	9413249	THE STRUCTURE OF SOME ARSENIC -BASED CHALCOGENIDE GLASSES=	ABD- ELHADY,ABD- ELSALAM FOAD	ABD-ELSALAM FOAD ABD- ELHADY	Sohag 2004	THE CHALCOGENIDE GLASS AS40 Te60WAS PREPARED BY RAPID QUENCHING IN LIQUID NITROGEN.		
1919	9413262	ENVIRONMENTAL CONTROL BY THE PROCSSING OF CATHODE WASTE MATERIALS IN ALUMINIUM SMELTERS /	HASSANAIN,AHMED HUSSEIN .	ASSIUT UNIVERSITY †	ASSIUT : 1990 .	ENVIRONMENTAL CONTROL BY THE PROCSSING OF CATHODE WASTE MATERIALS IN ALUMINIUM SMELTERS .		
1920	9413278	PHYSICO CHEMICAL STUDIES ON SOME TRANSITION METAL COMPLEXES /	AMR,AHMED ABDEL-RAHMAN.	AHMED ABDEL-RAHMAN AMR,	ASWAN : 2003 .	THE AIM OF THIS INVESTIGATION IS TO EVALUATE THE PROTONATION CONSTANTS OF FOUR LIGANDS SEPARATELY.ALSO EVALUATION OF THE STABILITY CONSTANTS OF SOME MONO-AND BILIGAND COMPLEXES.		

1921	9413281	STUDY AND SYNTHESIS OF SOME NEW HETEROCYCLIC COMPOUNDS /	Aboel-Magd,Eman Esmail	Eman EsmailAboel-Magd ,	Qena :	1989 .	The Pyran 2a,b were prepared via refluxing 1a,b with acetylacetone		
1922	9413283	STUDIES AND SYNTHESIS OF SOME NEW QUINAZOLINES AND THEIR DERIVATIVES /	ESMAIEL,AHMED AHMED.	AHMED AHMED ISMAIEL,	ASSIUT :	1982 .	THE NAME QUINAZOLINE IS TODAY UNIVERSALLY USED TO DENOTE THE 1,3-BENZODIAZINE RING SYSTEM 1 WHICH WAS PROPOSED BY WIDEGE.		
1923	9413285	CEPHALOSPORIN ANTIBIOTICS AS COMPLEXING AGENTS TOWARDS SOME TRANSITION AND NON-TRANSITION METAL IONS:SPECTRAL,THERMAL,VOLTAMMETRIC STUDIES	MURSHED,GAMIL ABDULLAH AHMED	CHEMISTRY DEPARTMENT,FACULTY OF SCIENCE,ASSIUT UNIVERSITY		2001	CEPHALOSPORIN ANTIBIOTICS ARE THE MOST IMPORTANT CLASS OF DRUGS AGAINST INFECTION		
1924	9413289	STUDIES ON THE ELECTROCHEMICAL BEHAVIOUR OF SOME ALLOYS IN AQUEOUS SOLUTIONS=	IBRAHIM,BASHEER MOHAMED MOHAMED	BASHEER MOHAMED MOHAMED IBRAHIM	sohag	2004	THE WORK IN THIS THESIS IS CONCERNING IN STUDYING THE ELECTROCHEMICAL AND CORROSION BEHAVIOUR OF SOME METALS AND ALLOYS IN AQUEOUS MEDIA:		
1925	9413290	STUDIES ON GIARDIASIS IN SOHAG GOVERNORATE	EL-HADY,HANAA AHMED	HANAA AHMED EL-HADY	sohag	2000	GIARDIASIS IS THE MOST COMMON PROTOZOAL INFECTION OF THE HUMAN INTESTINALTRACT AND IT FOUND WORLDWIDE		
1926	9413291	STUDIES ON NEW CHALCONES DERIVED FROM A CETYL PHENYLazo-PYRAZOLONE AND ACETYL BENZENE SULPHONAMIDES /	ELEMARY,TALAT IBRAHIM ALY.	TALAT IBRAHIM ALY ELEMARY,	CAIRO :	1982 .	A SERIES OF SULPHONAMIDES WAS PREPARED BY THE INTERACTION OF P-ACETYL BENZENE SULPHONYL CHLORIDE WITH VARIOUS PRIMARY AROMATIC AND SECONDARY AMINES.		
1927	9413292	KINETIC STUDIES ON BASE HYDROLYSIS OF SOME AMINO ACID SCHIFF BASE Fe(II)COMPLEXES /	NASSR,LOBNA ABDEL-MOHSEN EBID.	LOBNA ABDEL-MOHSEN EBID NASSR,	SOHAG :	2001 .	THE GENERAL SCOPE OF THIS THESIS IS TO SYNTHESIZE,CHARACTERIZE AND ELUCIDATE MORE INFORMATION ABOUT THE MECHANISM OF THE BASE HYDROLYSIS REACTION OF SOME AMINO ACID SCHIFF BASE Fe(II)IN AQUEOUS MEDIUM.		
1928	9413295	PHOTOCHEMICAL AND PYROLYTIC STUDIES ON ARYLESTERS AND SUBSTITUTED HYDROXYLAMINES /	ABD EL-GAWAD,ADEL MOHAMED.	ACDEL MOHAMED ABD EL-GAWAD,	ASSIUT :	1982 .	THE WORK UNDERTAKEN IN THIS THESIS INVOLVES STUDIES ON THE THERMAL REARRANGEMENT OF CARBOXYLIC ACID ESTERS,PHENYLHYDROXYLAMINE AND.		
1929	9413297	SEDIMENTOLOGICAL AND GEOCHEMICAL STUDIES ON RECENT SHALLOW WATER SEDIMENTS RED SEA,EGYPT=	MOHAMED,AHMED WAHABALLA	AHMED WAHABALLA MOHAMED	Sohag	2000	ALONG THE RED SEA COAST OF EGYPT ,THE SHALLOW MARINE ECOSYSTEM AND GEOSYSTEM ARE DYNAMIC HAVING VARIABLE BOTTOM SEDIMENT TYPES.		
1930	9413298	ONE STAGE VERSUS MULTIPLE STAGES SOAVE,S PULL-THROUGH PROCEDURE FOR TREATMENT OF HIRSCHSPRUNG'S DISEASE	ABOU EL-DAHAB,NABIL YOUSEF SALAH EL-DIN	,NABIL YOUSEF SALAH EL-DIN ABOU EL-DAHAB		1996	THE MAIN CLINICAL SYMPTOMS WERE ABDOMINAL DISTENSION , AND RECURRENT CHRONIC CONSTIPATION. THE LOSS OF WEIGHT WAS THE MOST COMMON CLINICAL SIGN IN THE PATIENTS		
1931	9413348	A STUDY OF SOME BIOLOGICAL AND PHYSIOLOGICAL PARAMETERS RELATED TO FLIGHT ACTIVITY IN BIRDS /	IBRAHEEM,AHMED SELMY	AHMED SELMY IBRAHEEM ,	QENA :	1996 .	This study aimed in the present work to study two different kinds of birds .the first kind was chosen to be flightless ,the domestic chicken (Gallus gallus domesticus),while the second one is characterized by powerful flight,Palm dove (Streptopelia senegalensis aegyptiaca).		
1932	9413366	FLIGHT ACTIVITY OF NOCTURNAL NEUROPTERA AS INDICATED BY TWO LIGHT TRAPS AT TWO DIFFERENT AREAS IN QENA GOVERNORATE,EGYPT /	NOUR,AHMED MOHAMMED AHMED	AHMED MOHAMMED AHMED NOUR ,	QENA :	1996 .	LIGHT TRAPS HAVE BEEN USED TO COLLECT NOCTURNAL INSECTS TO STUDY THEIR GEOGRAPHICAL DISTRIBUTION AND ECOLOGY.MANY AUTHORS OPERATED LIGHT TRAPS SLIGHTLY ABOVE THE GROUND LEVEL IN VARIOUS PARTS OF THE WORLD TO STUDY THE FLIGHT ACTIVITY OF NEUROPTEROUS SPECIES OF WHOM,WILLIAMS AND KILLINGTON (1935) AT ROTHAMSTED EXPERIMENTAL STATION IN ENGLAND.		
1933	9413567	study of histopathological and ultrastructural changes cryotherapy versus electrocautery in different tracheobronchial lesions.	badawy, mohamed shahat	mohamed shahat badawy	sohag	2004	the study was done in the bronchoscopy unit in chest department in alexandria faculty of medicinethe study of histopathological changes occurred immediately after cryotherapy show only 3 cases of partial necrosis(20%) and no cases of total necrosis appeared.		
1934	9413682	hepatic focal lesions:ultrasonography needle guided biopsy=الأمراض الكبدية المرضية أخذ العينات من البؤر الكبدية المرضية /استشرادا بالموجات التلوق صوتية	abdellatif,hossam el-din rashed	hossam el-din rashed abdellatif		2000	this study included 30 patients suspected to have hepatic metastatic deposits. all patients were referred to the diagnostic radiology department of the national cancer institute,their age ranged from 25-73 years.		
1935	9413825	CYTOPATHOLOGY OF SUPERFICIAL KHRATITIS=	ABU ELASRAR,AHMED MOKHTAR MOHAMED				the cytological features and inflammatory cell response present in the superficial corneal epithelium specimens obtained by the replica technique from 34 patients having trachomatous keratitis were studied.		
1936	9413863	Polarographic Studies Of Some Quinonoid Compound /	El-Kabbany,Hala Mohamed Fathy	Hala Mohamed Fathy El-Kabbany ,	Qena :	1989 .	The aim of this thesis is Polarographic Studies Of Some Quinonoid Compound .		
1937	9413868	metal complexes and spectral characteristics of bibasic schaff glyoxal /	rabie,usama mohamed	usama mohamed rabie,	assuit:	1988 .	metal complexes and spectral characteristics of bibasic schaff glyoxal.		
1938	9413878	SURFACE INVESTIGATIONS ON MIXED OXIDE SYSTEM /	HALAWY,SAMIH AHMED HUSSIE.	SAMIH AHMED HUSSIE HALAWY,	ASSUIT :	1984 .	THE PRESENT INVESTIGATION IS AN ATTEMPT TO STUDY THE SURFACE PROPERTIES OF PURE MOLYBDENUM OXIDE,NICKEL OXIDE AS WELL AS MOLYBDENUM DOBED AND MIXED WITH DIFFERENT PERCENTAGES OF Ni2 IONS INMOL.		
1939	9413886	MARKERS AND SUBPOPULATIONS OF LYMPHOCYTES IN SCHISTOSOMIASIS					THE STUDY WAS DONE ON 30 HEALTHY NORMAL CONTROLS,AND HUNDRED BILHARZIAL PATIENTS,60 WERE URINARY BILHARZIAL CASES AND 40 WERE INTESTINAL NON-ORGANOMEGALIC BILHARZIAL CASES.		
1940	9413898	PROPORTION OF HEPATOMA TO CHRONIC LIVER DISEASES AND OTHER TUMORS IN HOSPITAL ADMITTED PATIENTS,ONE YEAR DURATION=	AHMAD,MOHAMAD ABD EL-RAHMAN	MOHAMAD ABD EL-RAHMAN AHMAD		2000 .	CANCER IS A WORLDWIDE PUBLIC HEALTH PROBLEM,ACCOUNTING FOR AN INCREASING PROPORTION OF ALL DEATHS.		
1941	9413901	SYNTHESIS AND REACTIONS OF SOME NEW THIENO[2,3-C] PYRAZOLE DERIVATIVES OF POTENTIAL BIOLOGICAL INTEREST /	AL-MEKHLAFI,NABIL ALI NAGI.	NABIL ALI NAGI AL-MEKHLAFI,	ASSIUT :	2004 .	THE WORK PRESENTED IN THIS THESIS INVOLVES THE SYNTHESIS OF A SERIES OF NEW THIENO [2,3-C] PYRAZOLE DERIVATIVES OF POTENTIAL BIOLOGICAL INTEREST.		
1942	9413948	synthetic studies and properties of some heterocyclic organic compounds /	hussin,ahmed haleem mostafa	ahmed haleem mostafa hussin,	assuit:	1988 .	synthetic studies and properties of some heterocyclic organic compounds.		

1943	9413955	GEOPHYSICAL AND GEOLOGICAL STUDIES ON THE SEDIMENTARY BASIN OF SOHAG AREA=دراسات جيوفيزيائية وجيولوجية للموض=التريسيي بمنطقة سواهج	ATTIA,MOHSEN MOHAMED	MOHSEN MOHAMED ATTIA	Sohag	1995	the aime of the present workis to get information abouy the geometry of the sedimentary at sohag areawhich generally lies between latitudes 26 25N26 35N and longitudes 31 40E,31 51 FIG.1 with the help of the geological and geophysical studies.		
1944	9414002	ECOLOGICAL STUDIES ON FRESHWATER MACROPHYTES IN REGULATED WATERBODIES IN EGYPT AND UK /	Ali,Magdi Mohamed Mohamed	Magdi Mohamed Mohamed Ali ,	Assuit Univer sity :	1992 .	نتيجة لبناء الانشاءات عبر النهر وحجز المياه خلفها يـدئ الى وجود تغيرات في تركيب المياه "فيزييا وكيميائية" والتي لها تأثير ملحوظ على الفلورا والفونا فتؤثر بدور ها على مصادر الغذائى السمكى وتبدل في المجتمعات السكانية وتؤدى الى مشكلات حيوية طيبه لقد اختبرت المياه المنظمة للحصول على الطاقة الكهربائية في هذه الدراسة لانها تختلف عن البحيرات الطبيعية،فهي تمتاز بصفات طبيعية غير متوفرة في البحيرات الغير منظمة.		
1945	9414018	PHYSICO CHEMICAL STUDIES ON SOME METAL COMPLEXES WITH PYRUNVIC ADIC /	MALLA,MAHMOUD KHODARY.	MAHMOUD KHODARY MALLA,	ASSUI T :	1985 .	THIS THESIS INCLUDES THE REACTION OF AROYLGLYCINES WITH SOME DIFFERENT ALDEHYDES PRESENCE OF ACETIC ANHYDRIDE AND CORRESPONDING 2-OXAZOLIN-5-ONES.		
1946	9414023	synthtic studies and properties of some heterocyclic organic compounds /	temaric,hessan hassan	hessan hassan temaric,	assiu:	1986 .	synthtic studies and properties of some heterocyclic organic compounds.		
1947	9414048	THE CHEMICAL MONITRING OF SOME ELEMENTAL CONTENTS FOR SOME BAKED AND MANUFACTURED FOODS FOR KIDS /	EL-SAID,SAFAA EL-NAHAS.	SAFAA EL-NAHAS EL-SAID,	ASWA N :	2004 .	THE PRESENTS OF TOXIC ELEMENTS IN KID'S FOOD e.g.,POTATO CHIPS,KARATE (A CRISPY PUFFED CORN PASTE),BISCUITS,AS WLL AS CAKES MAY CAUSE HEALTH PROBLEMS FOR CHILDERN.IN THIS STUDY,THIRTEEN ELEMENTS (CA,CD,CO,CU,CR,FE,K,MG,MN,NA,NI,PB AND ZN) WERE ESTIMATED IN SOME SAMPLES OF KIDS ' FOOD.		
1948	9414114	دراسات باقولوجية اكلينيكية لامراض الكبد في الجمال.	ابراهيم احمد فؤاد عبد الرازق.	كلية الطب البيطري؛	جامعة اسيوط:	1999	استخدم550جملا مذبوحا في هذه الدراسة حيث فحص واخذت عينات من400جملا من مجزر القاهرة و150جملا بنى عنوى بمحافطة اسيوط تم اجراء الفحص الهيستوباثولوجي لعينات اكباد الجمال واختبرت عينات للفحص بالميكروسكوب الاللكتروني.		
1949	9414117	SYNTHESIS OF NEW HETEROCYCLES OF POSSIBLE BIOLOGICAL ACTIVITY 'df vfkhluh /	FANDY,RAGAB FAHIEM	RAGAB FAHIEM FANDY,	ASSIU T:	1986 .	SYNTHESIS OF NEW HETEROCYCLES OF POSSIBLE BIOLOGICAL ACTIVITY		
1950	9414190	STRIPPING VOLTAMMETRIC STUDY OF COPPER (II) IONS ON GOLD AND GOLD - POLYPYRROLE MODIFIED ELECTRODE BEARING 5-SULFOSALICY ACID /	AHMED,AMIRA YEHYA MOHAMED.	AMIRA YEHYA MOHAMED AHMED,	SOHA G :	2006 .	THE GENERAL SCOPE OF THE PRESENT THESIS IS THE STRIPPING VOLTAMMETRIC STUDY OF COPPER (II) IONS ON GOLD-POLYPYRROLE MODIFIED ELECTRODE BEARING 5-SULFOSALICYLIC ACID.		
1951	9414196	EXPERIMENTAL STUDIES ON THE DEVELOPING RAT TISSUES FOLLOWING SNAKE ENVENOMATION WITH SPECIAL REFERENCE TO KIDNEY AND ADRENAL=دراسة تجريبية لبيان تأثير سم الكوبرا المصرية=دراسة تجريبية لبيان تأثير سم الكوبرا المصرية على انسجة جنين الفار الابيض وخاصة الكلية وغدة الكظر	EL HESSY,HANY MOHAMED TAWIK	HANY MOHAMED TAW KEL HESSY		1985	in the present work the effect of maternal envenomation using the egyptian cobra snake venom on the dveloping rat tissues were studied using 164 pregnants females.		
1952	9414249	SYNTHETIC STUDIES AND PROPERTIES OF SOME HETEROCYCLIC ORGANIC COMPOUNDES /	TEMARIK,HESSAN HASSAN ALLAS.	HESSAN HASSAN ALLAS TEMARIK,	ASSIU T :	1986 .	THE AIM OF THIS WORK IS THE PREPARATION OF SOME HETEROCYCLIC COMPOUNDS SUCH AS:TRIAZAINOINDOLE:TRIAZOLO TRIAZIONDOLE AND OTHER ISATIN DERIVATIVES.		
1953	9414356	SYNTHESIS OF SOME HETEROCYCLIC COMPOUNDS /	El-Gaziri,Wafaa Noshy Estafanous	Wafaa Noshy Estafanous El-Gaziri *	Qena :	1989 .	The aim of this work is the synthesis of some new 2,3-pyridine and pyrazine heterocycles of expected pharmacological activities .		
1954	9414400	STUDIES ON THE SYNTHESIS AND REACTION OF SOME HETEROCYCLIC ORGANIC COMPOUNDS /	NOUS,AMAL MOHAMED.	AMAL MOHAMED NOUS,	QENA :	1985 .	THE AIME OF WORK IS THE PRERARATION OF CONDENSED BINUCLEAR HETEROCYCLIC COMPOUNDS OF THE FOLLOWING TYPES:PYRANO-PYRAZOLES (185) PYRAZOLO-PYRYLIUM SALTS(186,187).PYRAZOLO-THIIPYRANES(188).PIPERIDINO-PYRAZOLES(189)		
1955	9414406	HEMODYNAMIC CHANGES IN RELATION TO THE TYPE OF VENTILATION AND LUNG COMPLIANCE IN NEONATES WITH RESPIRATORY FAILURE	EHAB, SAOUD ABD EL-MONEIM	EHAB SAOUD ABD EL-MONEIM		2003	IN THIS STUDY THE CENTRAL AND PERIPHERAL HEMODYNAMIC EFFECTS OF THREE MECHANICAL		
1956	9414538	STUDIES ON SELECTED PHOTOGENERATED CARBENES /	MOHAMED,OMIMA SAAD.	OMIMA SAAD MOHAMED,	Assiut :	1991 .	REACTIVE INTERMEDIATES HAVE ALWAYS OCCUPIED A PLACE OF IMPORTANCE IN ORGANIC CHEMISTRY FOR THEIR MECHANISTIC AND SYNTHETIC SIGNICANCE CARBENES ARE REGARDED AS ONE OF THESE INTERESTIGN REACTIVE SPECIES.		
1957	9414592	STUDIES ON PREPARTION AND PROPERTIES OF SOME THALLUM III SULPHATE AND USE OF TI III SALTS OXIDIZING AGENT FOR SOME INORGANIC COMPOUNDS /	ZAIDAN,AMNA SAYED AHMED.	AMNA SAYED AHMED ZAIDAN,	ASSIU T :	1984 .	IN THESIS AIMED TO STUDIES ON PREPARTION AND PROPERTIES OF SOME THALLUM III SULPHATE AND USE OF TI III SALTS OXIDIZING AGENT FOR SOME INORGANIC COMPOUNDS.		
1958	9414596	NEW APPROACHES FOR THE SYNTHESIS OF POLY FUNCTIONALLY SUBSTITUTED AZO HETEROCYCLIC COMPOUNDS /	BERSY,MAGDA ABO EL AZIZ IBRAHIM.	MAGDA ABO EL AZIZ IBRAHIM BERSY,	ASWA N :	1991 .	IT HAS BEEN FOUND THAT PYRIDIN-2-Y1 HDRAZONE DERIVATIVE 1 REACTS WITH ETHY1 CYANOACETATE IN PRESENCE OF AMMONIUM ACCEATE TO TIELD THE ETHY 1 PYRIDAZINE-3-CARBOXLATE DERIVATIVE 2 THE FORMATION OF 2 IS BELIEVED TO PROCEED THROUGH INTERMEDIACY OF AN ACYCLIC PRODUCT 5 WHICHN CYCIZES INTO 6 VIA ETHANOL ELIMINATION.		
1959	9414632	STUDIES ON THE SYNTHESIS,SOLVATOCHROMIC AND ACID-BASE PROPERTIES OF SOME NEW CYANINE DYES INCORPORATING CONDESED TRI-HETEROCYCLIC MOIETIES /	ABD EL-ALL,REDA MHAMOUD.	REDA MHAMOUD ABD EL-ALL,	ASWA N :	1992 .	ALTHOUGH EXTENSIVE EFFORTS HAVE RESULTED IN THE SYNTHESIS,SPECTRAL BEHAVIOUR SOLVATOCHROMIC STUDIES AND PROBABLE MODERN APPLICATIONS OF CYANINE DYES THOSE INCORPORATING CONDENSED TRIHETEROCYCLIC MOIETIES HAVE RECIEVED A LITTLE ATTENTION 9 REF WITHIN THESE RESPECT,THE STUDIES EMBODED IN THE PRESENT THESIS IS THE PREPARATION OF NEW SOLVATOCHROMIC CYANINE DYES CONTAINING PYRAZOLO 2,3-OXAZINE INCONJUNCTION WITH FIVE MEMBERED HETEROCYCLIC MOIETIES HOPING THAT SUCH DYES MIGHT EXHIBIT THE FOLLOWING APPLICATIONS.		
							The aim of the work		

1960	9414637	Electroanalytical Studies on some antibacterial drugs	Mersal,Gaber Ahmed Mahmoud.	Gaber Ahmed Mahmoud Mersal,	Qena :	1999 .	The present work is aimed to determine some antibacterial drugs (Nitrofurantoin,Nitrofurazone,Furazolidone and Furaltadone)using different techniques and to study the complex formation with some metal ions.Also it is aimed to optimize the most suitable conditions to determine the studied drugs in trace level.Due to the presence of these drugs in a low level in physiological fluid,so the study is directed to follow these drugs in biological samples using the high sensitivity of stripping voltammetry and some metal ions were studied potentiometrically to throw some light on their formation constraints.		
1961	9414645	SOLVENT EFFECTS ON THE REACTIVITY TREND OF SOME IRON (II) AND COBALT (III) COMPLEXES /	EL-KHATIB,RAFAT MOHAMAD AHMED	RAFAT MOHAMAD AHMED EL-KHATIB .	SOHA G :	1989 .	Heterocyclic Schiff base complexes of Co (III) are synthesized.		
1962	9414659	PREPARATION,CHARACTERIZATION AND THERMAL STUDIES ON SOME TRANSITION METAL MIXED LIGAND COMPLEXES CONTAINING AMINO ACIDS AND/OR THEIR DERIVATIVES	MOHAMMED,OMAR FARGHALY	MOHAMMED,OMAR FARGHALY	ASSIUT, EGYPT	1999	Many transition metal-amino complexes have considerable biological activity such as antitumor properties.Amino acids usually increase the diffusibility of complexes and enhance their biological action inside the field of chemotherapy.Furthermore the range of applications of the ligands:dithiocarbamates derived from amino acids,Schiff bases and 5-arylaazo-8-hydroxyquinoline derivatives covers different fields such as chemical industry,biology and biochemistry		
1963	9414686	EFFECT OF SOME ORGANIC INHIBITORS ON THE ELECTROCHEMICAL AND CORROSION BEHAVIOUR OF ZINC IN VARIOUS MEDIA /	MOHAMED,ABDEL RAHMAN EL-SAIED.	ABDEL RAHMAN EL-SAIED MOHAMED,	Assiut :	1982 .	THIS STUDY DEALING WITH THE DIFFERENT THEORIES CONCERNING THE MECHANISM OF CORROSION INHIBITION BY ORGANIC INHIBITORS AND THE WORK DONE ON SUCH SUBJECT UP TO THE END OF 1981 IT IS SHOWN THAT ALTHOUGH MUCH ATTENTION HAS BEEN PAID TO THE CORROSION INHIBITION OF OTHER IMPORTANT NON FERROUS METALS WERE CARRIED OUT MOST OF THE ORGANIC COMPOUNDS USED AS INHIBITORS ARE SHOWN TO BE S-CONTAINING AND N-CONTAINING COMPOUNDS.		
1964	9414689	STUDIES ON SOME HETEROCYCLIC COMPOUNDS /	Mostafa,Fatama Hassan	Fatama Hassan Mostafa .	Qena :	1989 .	This thesis includes a new and efficient procedures for the heterocyclic synthesis utilising some azlactones and imidazolones as the starting materials .		
1965	9414691	Spectrophotometric studies and transition metal complexes of some arylazopyrazole derivatives /	Ebead,Youssif Hassan Ahmed.	Youssif Hassan Ahmed Ebead,	Qena :	1999 .	The general scop of this thesis is to present a systematic study on the spectral characteristics and acid-base properties of some 5-amino-4-(aryl)azo-3-methyl-phenyl pyrazole derivatives.It is also aimed in this thesis to study the complexes of co (II),Ni(II)and Cu with the azo compounds under investigation.		
1966	9414695	Mechanistic Studies on the Electrochemical Reduction of Some Arylidene Pyrazolones /	El-Dossouki,Mohamed Mohamed	Mohamed Mohamed El- Dossouki .	Sohag	1990 .	The thesis comprises a mechanistic on study the electrochemical reduction behaviour of some 4-(4'-substituted arylidene)-2-pyrazolin-5-ones at hanging dropping mercury electrode in 0.1 mol dm ⁻³ tetraethylammonium perchlorate/dimethylformamide at 298K		
1967	9414697	KINETIC AND MECHANISM OF SOLVOLYSIS REACTIONS OF CHLOROACETATE IONS AND CHLOROFORMIC ACID ESTERS IN ORGANIC-AQUEOUS BINARY SOLVENT MIXTURES /	EL-BELLIHI,ABDEL-HAMEED A.	ABDEL-HAMEED A EL-BELLIHI,	Assiut :	1982 .	THE TEMPERATURE DEPENDENCE OF THE RATE OF CHLORINE ELIMINATION FROM MONO-,DI-,AND TRI-CHLOROACETATE-IONS IN WATER-ISOPROPYL ALCOHOL SOLVENT MIXTURES HAVE BEEN STUDIED OVER THE TEMPERATURE RANGE 30 TO 65 C AND COVERING SOLVENT COMPOSITIONS VARYING FROM 0.7 TO 1.0 WATER MOLE FRACTION.		
1968	9414698	SYNTHESIS AND REACTIONS OF SOME NEW HETEROCYCLIC COMPOUNDS /	ABD ELMONEM,MAISA ESMEIL	MAISA ESMEIL ABD ELMONEM .	ASSIUT :	1990 .	THE AIM OF THIS WORK IS THE SYNTHESIS AND REACTIONS OF SOME NEW HETEROCYCLIC COMPOUNDS FROM THE PYRAZOLONE SERIES .		
1969	9414700	SYNTHESIS AND CYCLIZATION REACTIONS OF N-PYRROL TRIAZOLES AND APPLICATION OF PHASE TRANSFER CATALYSIS TECHNIQUES IN HETEROCYCLIZATION /	Sultan,Adel Abd El-Rahim Mohamed	Adel Abd El-Rahim Mohamed Sultan .	Assiut :	1982 .	The aim of this thesis is SYNTHESIS AND CYCLIZATION REACTIONS OF N-PYRROL TRIAZOLES AND APPLICATION OF PHASE TRANSFER CATALYSIS TECHNIQUES IN HETEROCYCLIZATION .		
1970	9414717	SYNTHESIS OF SOME NEW HETEROCYCLIC COMPOUNDS DERIVED FROM 1,5-BENZODIAZEPINE DERIVATIVES /	ABO-ZAID,HANAN SALAH.	HANAN SALAHA ABO-ZAID,	SOHAG :	2000 .	THE WORK PRESENTED IN THIS THESIS DEALS WITH THE SYNTHESIS OF SOME NEW 1-OR3-SUBSTITUTED-,FUSED AND SPIRO(1,5)BENZODIAZEPINES STARTING FROM 1,3-DIHYDRO-4-PHENYL(1,5)-BENZODIAZEPIN-2-ONE 1.		
1971	9414729	APPLICATION OF CHEMICAL METHODS FOR THE TREATMENT OF BOILERS WATER IN THE COMPANY OF EGYPTIAN CHEMICAL INDUSTRIES(KIMA) /	MOHAMED,HEGAZY MOHAMED HEGAZY.	HEGAZY MOHAMED HEGAZY MOHAMED ,	ASWAN :	2002 .	IN THE LATEST TIME,SPECIALY IN THE YEARS 95,96 AND97,A VARIETY OF PROBLEMS HAVE APPEARED IN THE ACID AND BOILERS DEPARTMENT AT THE COMPANY OF THE EGYPTIAN CHEMICAL INDUSTRIES(KIMA)REPRESENTED IN CORROSION AND FAILURE OF EVAPORATORS AND SUPERHEATERS,IN ADDITION THE FAILURE OF WATER-CONDENSATE CIRCUIT.		
1972	9414738	CHARGE TRANSFER COMPLEXES OF SOME AZOLES AND AZINES WITH ELECTRON ACCEPTORS /	BAYOUMI,SHAWKAT MOHAMMED.	SHAWKAT MOHAMMED BAYOUMI,		2002 .	THE GENERAL SCOPE OF THE PRESENT THESIS IS A SYSTEMATIC INVESTIGATION ON THE CHARGE-TRANSFER MOLECULAR COMPLEXES OF SOME AZOLES SUCH AS PYRAZOLES,OXAZOLES SUCH AS PYRAZOLES,OXAZOLES,BENZOXAZOLES AND AZINES(TRIAZINES)WITH O-ELECTRON ACCEPTOR(IODINE)AND WITH -ELECTRON ACCEPTORS VIZ.,P-CHLORANIL(CHL),TETRACYANOETH (TCNE)AND 2,3-DICHLORO-5,6-DICYANO BENZOQUINONE(DDQ).		
1973	9414747	STUDIES ON SYNTHESIS OF THIAZOLOTRIAZOLES,TRIAZOLOTHIAZADIAZINES AND SOME RELATED COMPOUNDS /	HABIB,OSAMA MAHMOUD ALI	OSAMA MAHMOUD ALI HABIB,		2002 .	THE PRESENT WORK IS PLANNED TO SYNTHESIZE A NEW HETEROCYCLIC COMPOUNDS CONTAINING S-TRIAZOLE MOIETY AND EVALUATION OF THE BIOLOGICAL ACTIVITIES OF SOME SELECTED ONES.		
1974	9414752	CHEMICAL MODIFICATION OF BAGASSE-UNSATURATED POLYESTER COMPOSITE /	BAKRY,ASHRAF KAMAL.	ASHRAF KAMAL BAKRY,	ASWAN :	2002 .	UNSATURATED POLYESTERS HAVE A VERY WIDE AREA OF APPLICATION EITHER IN THE FORM OF PURE RESIN OR CONTAINING FILLERS.		
1975	9414753	CATALYTIC STUDIES ON SOME SUPPORTED CATALYSTS /	.Mohammed,Suzan Farghaly Abdel-hafez	Suzan Farghaly Abdel-hafez Mohammed,	QENA :	1994 .	THE MAIN OBJECTIVE OF THE PRESENT WORK IS TO THOROUGHLY INVESTIGATE SOME ASPECTS CONCERNING WITH THE PREPARATION,CHARACTERIZATION AND THE CATALYTIC PROPERTIES OF CO3O4-NIO SUPPORTED ON MGO OR R-AL2O3.		
1976	9414754	STUDIES ON SOME HETEROCYCLIC COMPOUNDS /	EL AZAB,ISLAM HELMY.	ISLAM HELMY EL AZAB,	ASWAN :	2002 .	THE SUBJECTS INVESTIGATED IN THIS THESIS AIMED TO PREPARE NEW HETEROCYCLIC COMPOUNDS,WHICH MIGHT HAVE PHARMACETICAL EFFECT.		

1977	9414758	STUDIES ON THE SYNTHESIS AND REACTIONS OF SOME HETEROCYCLIC ORGANIC COMPOUNDS /	Mahmoud,Aly Hussein Atta.	Aly Hussein Atta Mahmoud,	qena :	1989 .	THE AIME OF THIS WORK IS THE SYNTHESIS OF SOME NEW FUSED HETEROCYCLIC SYSTEMS SUCH AS PYRANO [2,3-C] PYRAZOLE,PYRANO [2,3-D]-PYRIMIDINE , AND TRIAZOLO [1,5-C] PYRIMIDINE		
1978	9414760	STUDIES ON THE SYNTHESIS AND ELECTROCHEMICAL PROPERTIES OF SOME NEW HETEROCYCLIC COMPOUNDS AND SOLVATOCHROMIC BEHAVIOUR OF SOME NEW SYNTHESISED FLUORESENT DYE DERIVATIVES /	EL-KADEY,AYMAN MOHAMED MOHAMED.	AYMAN MOHAMED MOHAMED EL-KADEY,	ASWAN :	2002 .	IT IS OF INTEREST TO MENTION THAT THE SPECTRAL BEHAVIOUR OF CYANINE DYE MOLECULES IS ACRITERION FOR THEIR PHOTOSENSITIZATION EFFECT,AND APPLICABILITY IN DIFFERENT PURPOSES.		
1979	9414764	SYNTHESIS AND APPLICATION OF SOME HETEROCYCLES RELATED TO QUINOLINE /	ABDEL- MOHSEN,Shawket Ahmed.	Shawket Ahmed ABDEL- MOHSEN,	assuit :	1994 .	THIS WORK IS DIRECTED MAINLY TO SYNTHESISE SOME NEW HETEROCYCLIC INTERST AS BIOREGULATORS AND/OR ANTIMICROBIAL AGENTS.ALL OF THE PREPARED COMPOUNDS WERE INVESTIGATED AS ANTI-BACTERIAL AGENTS AGAINST DIFFERENT STRAINS FORM GRAM +VE AND GRAM-VE BACTERIA AND AS ANTI-FUNGAL AGENTS ESPECIALLY TOWARDS THE DERMATOPHYTE FUNGI.		
1980	9414765	SYNTHESIS AND REACTIONS OF SOME NEW HETEROCYCLIC COMPOUNDS RELATED TO PYRIDINE DERIVATIVES /	AL-TAIFI,ELHAM ABDEL-RAHMAN ABD-ALLAH.	ELHAM ABDEL-RAHMAN ABD-ALLAH,	Assiut :	2002 .	THE PRESENT WORK WAS PLANNED TO SYNTHESIZE SOME NEW PENTASUBSTITUTED PYRIDINES AND RELATED THIENO[2,3-B]PYRIDINES AS NEW COMPOUNDS IN THIS FIELD OF ANTICIPATED BIOLOGICAL AND MEDICINAL IMPORTANCE.		
1981	9414772	THE REMOVAL EFFICIENCY OF SOME HEAVY METAL IONS FROM AQUEOUS SOLUTIONS USING DIFFERENT ADSORBENTS /	ABDALLAH,SHAABAN AHMED ALDARDEER.	SHAABAN AHMED ALDARDEER ABDALLAH,	ASWAN :	2002 .	ADSORPTION IS A TERM COMMONLY USED FOR SEVERAL DIFFERENT PROCESSES INVOLVING PHYSICAL AS WELL AS CHEMICAL INTERACTION BETWEEN THE SOLID SURFACE OF SUBSTANCE AND DISSOLVED METAL ION SPECIES.		
1982	9414773	PHYSICOCHEMICAL AND ANALYTICAL STUDIES ON SOME NARCOTIC COMPOUNDS AND THEIR TRANSITION METAL COMPLEXES /	Ahmed,Said Mohamed.	Said Mohamed Ahmed,	aswan :	1994 .	THE PRESENT STUDY DEALS WITH THE INVESTIGATION OF SUCH COMPLEXES WHICH CAN BE FORMED BETWEEN FE ₂ ,FE ₃ ,CO ₂ ,CO ₃ ,NI ₂ ,CU ₂ ,ZN ₂ AND CD ₂ AND HEROIN , COCAINE AND MIXTURE OF BOTH LIGANDS.		
1983	9414785	SYNTHESIS,SPECTRAL,SOLVATOCHROMIC BEHAVIOURS AND ACID-BASE PROPERTIES OF SOME NEW CYANINE DYES DERIVED FROM 4(1)-PHENACYL PYRIDINIUM/QUINOLINIUM OR ISOQUINOLINIUM-4(1)-YLSALTS /	ABD EL-MOTALEB ,AHMED MOHAMED.	AHMED MOHAMED ABD EL-MOTALEB,	ASWAN :	2002 .	THE SYNTHESISED DYES UNDER INVESTIGATION MIGHT BE USED IN VARIOUS PROBABLE APPLICATIONS THUS,METHINE CYANINE DYES IN PARTICULAR HAVE MANY VITAL APPLICATIONS,WIDESPREAD AND PREVELANT USES IN MAN'S LIFE OF DIFFERENT FIELDS.		
1984	9414930	PSYCHOLOGICAL ASPECTS OF PSORIASIS /	ABD EL-RAHMAN, ASMAA ABD EL-GAWAD.	ASMAA ABD EL-GAWAD ABD EL-RAHMAN ,	Sohag :	2004 .	PSORIASIS IS A COMMON,CHRONIC CONDITION CHARACTERIZED BY RED,SCALY,AND INDURATION SKIN LESION.		
1985	9415448	ON THE SEPARATION OF SOME SYSTEMS OF DIFFERENTIAL EQUATIONS	EL- GENDI, BARAKAT ABD EL-AZIZ MOHAMED	BARAKAT ABD EL-AZIZ MOHAMED EL-GENDI	Aswan :	1995	OUR OBJECTIVE OF THIS THESIS IS TO STUDY THE PROBLEM OF SEPARATION FOR SOME SYSTEMS OF DIFFERENTIAL EQUATIONS IN BANACH AND HILBERT SPACES AND STUDY THE EXISTENCE AND UNIQUENESS OF THE SOLUTION FOR THESE SYSTEMS IN THESE SPACES		
1986	9415475	POLAROGRAPHIC REDUCTION OF SOME METAL IONS IN PHTHALATE SOLUTIONS /	ALI,AZZA MOHAMAD MOHAMED.	CHEMISTRY DEPARTMENT.FACULTY OF SCIENCE AT ASSUIT UNIVERSITY	ASSIUT :	1985 .	IN THESE THESIS AIMED TO POLAROGRAPHIC REDUCTION OF SOME METAL IONS IN PHTHALATE SOLUTIONS.		
1987	9415567	STUDIES ON THE ELECTROLYSIS AND PHOTOLYSIS OF SOME ARYLALKYL HALIDES /	MOHAMED,OMAIMA SAAD	OMAIMA SAAD MOHAMED ,	ASSIUT :	1985 .	THE PRESENT STUDY EMBRACES TWO PARTS,VIS,THE ELECTROLYSIS AND THE PHOTOLYSIS OF SEVEN ARYLALKYL HALIDES (62-68)SELECTED TO INCLUDE MOST TYPES OF SIGNIFICANCE FOR THIS STUDY .		
1988	9415596	ELECTROANALYTICAL STUDIES ON SOME DRUGS /	MOHAMED,EKRAM MOHAMED RABIE MOUSA.	EKRAM MOHAMED RABIE MOUSA MOHAMED,	QENA :	1998 .	OUR PRESENT STUDY IS AIMED TO DETERMINE SOME ANTIBACTERIAL DRUGS (CEPHAPIRIN,CEFAMANDOLE AND CEFMETAZOLE) USING DIFFERENT TECHNIQUES AND ALSO IS END TO OPTIMIZE THE MOST SUITABLE CONDITIONS TO DETERMINE THE DRUGS UNDER STUDIED IN TRACE LEVEL .DUE TO THE PRESENCE OF THESE DRUGS IN A LOW LEVEL IN PHYSIOLOGICAL FLUIDS ,SO THE STUDY IS DIRECTED TO FOLLOW THIS DRUGS IN BIOLOGICAL SAMPLES USING THE HIGH SENSITIVITY OF STRIPPING VOLTAMMETRY.		
1989	9415602	PHYSICOCHEMICAL AND THERMAL STUDIES ON THE PORTLAND CEMENT PRODUCED IN ASSIUT CEMENT COMPANY /	ABDEL- ATTY,GAMAL ATTA.	GAMAL ABDEL-ATTY ATTA,	Assiut :	2003 .	THIS THESIS COMPRISES A TRIAL FOR A COMPARATIVE STUDY INCLUDING THE PHYSICOCHEMICAL AND THERMAL PROPERTIES OF ORDINARY PORTLAND CEMENT,SINCE,SUCH MATERIAL HAS AN IMPORTANT APPLICATION ON BOTH INDUSTRIAL AND ECONOMICAL SCALES.		
1990	9415832	SYNTHESIS AND CHARACTERIZATION OF SOME HETERO CO(II),NI(II)AND CU(II)BINUCLEAR COMPLEXES WITH N,N-BIS(3-CARBOXY-SALICYLIDENE)-4-CHLORO-1,2-PHENYLENEDIAMINE /	AHMED,AHMED SHAHAT.	AHMED SHAHAT AHMED,	Assiut :	2003 .	RECENTLY THERE IS A GROWING ATTENTION GIVEN TO THE CHEMISTRY OF HETERO BINUCLEAR METAL COMPLEXES WITH POLYDENTATE LIGANDS,BUT LITTLE WORK OF THIS TYPE HAS BEEN DONE INCLUDING HEXADENTATE LIGANDS ESPECIALLY THAT CONTAINING 3-FORMYLSALICYLIC ACID MOIETY.		
1991	9415851	STUDIES ON COMPLEXES OF TRANSITION METAL IONS WITH (R-BENZALDEHYDE) (O-OH-ACETOPHENONE)ETHYLENEDIIMINE SCHIFF BASES /	ASSRAN,AWATEF SAAD EL-DEAN AHMED.	AWATEF SAAD EL-DEAN AHMED ASSRAN,	QENA :	2006 .	RECENT YEARS HAVE WITNESSED A GREAT DEAL OF INTEREST IN THE SYNTHESIS AND CHARACTERIZATION OF TRANSITION METAL COMPLEXES CONTAINING SCHIFF BASES AS LIGANDS DUE TO THEIR IMPORTANCE AS CATALYSTS FOR MANY REACTIONS.		
1992	9415861	STUDIES ON COMPLEXES OF SOME TRANSITION METAL IONS WITH 2-ARYLHYDRAZONE BENZTHIAZOLE DERIVATIVES /	Hamid,Wafaa Thabet.	Wafaa Thabet Hamid,	Qena :	1990 .	The scope of the present thesis is to study the spectral behaviour and coordination properties of some Schiff bases derived from 2-hydrazonobenzothiazole and some aromatic aldehydes.		
1993	9415896	ELECTROCHEMICAL REDUCTION OF SOME ORGANIC COMPOUNDS /	El-Din,Hanan Salah El-Din Nour.	Hanan Salah El-Din Nour El-Din,	Qena :	1990 .	In the present investigation, the electrochemical reduction of some nitro compounds has been studied. The effect of various parameters on the reduction process has been studied.		

1994	9415928		SYNTHESIS AND BIOLOGICAL STUDY OF SOME THIAZOLININONE DERIVATIVES /	EL DEAN SABER, ADEL MOHAMED KAMAL.	ADEL MOHAMED KAMAL EL DEAN SABER,	ASSIUT :	1985 .	IN THESE THESIS AIMED TO SYNTHESIS AND BIOLOGICAL STUDY OF SOME THIAZOLININONE DERIVATIVES.		
1995	9415936		DETERMINATION OF ESSENTIAL AND TOXIC NON-ESSENTIAL ELEMENTS IN INFANT FORMULAS AND MILKS USING SPECTROMETRY AND STRIPPING VOLTAMMETRY /	YOUSSEF, AHMED MOHAMMED KAMAL EL-SAYED.	AHMED MOHAMMED KAMAL EL-SAYED YOUSSEF,	Assiut :	2003 .	INFANT FORMULAS ARE OFTEN THE SOLE SOURCE OF NUTRIENTS FOR NEWBORNS FOR THE FIRST SEVERAL MONTHS OF LIFE, AND MUST SUPPLY ALL OF THE NECESSARY ENERGY, PROTEINS, CARBOHYDRATES, LIPIDS, VITAMINS AND MINERALS REQUIRED BY THE CHILD.		
1996	9415938		SYNTHESIS OF SOME NEW BENZIMIDAZOLES BEARING DIFFERENT HETEROCYCLIC MOIETIES /	Osman, Abd El-Wareth Abd El-Haleem.	Abd El-Wareth Abd El-Haleem Osman,	Assiut :	1989 .	The aim of this work is SYNTHESIS OF SOME NEW BENZIMIDAZOLES BEARING DIFFERENT HETEROCYCLIC MOIETIES.		
1997	9415947		TEXTURE AND CATALYTIC STUDIES ON IRON-ZINC OXIDE MIXTURES /	ABDEL WAHAB, MOHAMED MAHMOUD MOHAMED AHMED.	MOHAMED MAHMOUD MOHAMED AHMED ABDEL WAHAB,	ASSIUT :	1985 .	THE PRESENT INVESTIGATION IS AN ATTEMPT TO STUDY THE SURFACE AND CATALYTIC PROPERTIES OF EITHER PURE ZINC OXIDE OR IRON OXIDE AND THEIR MIXTURES IN DIFFERENT ATOMIC PERCENTAGES.		
1998	9415953		Studies on the electrochemical and corrosion behaviour of antimony and antimony-tin alloys in a Aqueous media /	Ismail, Hatem Gad El-Kareem.	Hatem Gad El-Kareem Ismail,	Sohag :	1998 .	Studies on the electrochemical and corrosion behaviour of antimony and antimony-tin alloys in a Aqueous media Antimony and four of its tin alloys (90%, 80%, 65% and 50% Sb) were prepared by the melt quench technique. The addition of Sn was found to increase the hardness of Sb.		
1999	9415966		STUDIES ON PHOTOSYNTHESIS OF AZOLES AND SYNTHESIS OF CYANOPYRIMIDINE DERIVATIVES /	ABDEL-HAFEZ, AHMED ABDOU AHMED.	AHMED ABDOU AHMED ABDEL-HAFEZ,	ASSIUT :	1985 .	THE FIRST PART OF THIS THESIS, IS CONCERNED WITH THE PHOTOSYNTHESIS OF AZOLES VIA PHOTOCYCLODEHYDROGENATION REACTIONS.		
2000	9415994		SYNTHESIS AND PHYSICO-CHEMICAL PROPERTIES OF SOME AZO COMPLEXES AND CHEMICAL KINETICS OF THEIR REACTION WITH PEROXO REAGENTS /	ADAM, MOHAMED SHAKER SAYED.	MOHAMED SHAKER SAYED ADAM,	SOHAG :	2003 .	AZO COMPOUNDS ARE KNOWN FOR THEIR IMPORTANCE IN MANY APPLICATION FIELDS.		
2001	9416007		Electrochemical studies on some transition metal complexes of trizamacrocyclic compounds /	Ahmed, Ayman Nafady.	Ayman Nafady Ahmed,	Sohag :	1997 .	The Present study aimed to Electrochemical studies on some transition metal complexes of trizamacrocyclic compounds. Transition metal complexes of polyazamacrocyclic ligands has raised much interest in the literature owing to their interesting potential functions.		
2002	9416010		INVESTIGATION OF THE SHIFTS, WIDTHS AND PROFILES IN SPECTRAL LINES IN AR /	ABDEL-AAL, ZAHIRA AHMED	ZAHIRA AHMED ABDEL-AAL,	ASSIUT :	1987 .	THIS THESIS DEALS WITH THE PLASMA SPECTROSCOPY IN LABORATORY SYSTEM WHERE THE CASCADE AR IS USED AS A TOOL TO PRODUCE THE PLASMA AND THE SPECTROGRAPH AS AN EQUIPMENT TO MEASURE THE ARGON SPECTRUM.		
2003	9416014		ELECTRICAL PROPERTIES OF AS-SE-CU AMORPHOUS SEMICONDUCTORS /	DONGOL, MAHMOUD M.E.M.	MAHMOUD M.E.M DONGOL,	ASSIUT :	1983 .	IN THIS THESIS AIMED TO ELECTRICAL PROPERTIES OF As-Se-Cu AMORPHOUS SEMICONDUCTORS		
2004	9416017		SYNTHETIC AND POLYMERIC STUDIES ON SOME NEW DIARYL OXIDES, -SULPHIDES, -SULPHONES AND DIARYLIDENECYCLOALKANONES COMPOUNDS /	ABDO, MAHMOUD ALY HUSSEIN.	MAHMOUD ALY HUSSEIN ABDO,	Assiut :	2003 .	THE TEXT OF THE WORK PRESENTED IN THIS THESIS LIES IN TWO PARTS, THE FIRST PART DESCRIBES THE SYNTHESIS, CHARACTERISTICS AND APPLICATION OF SOME NEW DIARYL.		
2005	9416271		THEORY OF ALGEBRAIC SPACES OVER SPECIAL RINGS	MOHAMED, SAAD SHARKAWY	SAAD SHARKAWY MOHAMED	QENA :	1995 .	THE NOTION OF SPACE IS A GENERALIZATION OF THE NOTION OF SCHEME AS PRESENTED IN GROTHENDIECK (EGA) ELEMENTS DE GEOMETRIE ALGEBRIQUE PUB-MATH IHES(1960-1968)		
2006	9416289		PHYSICO - CHEMICAL STUDIES ON SOME HETEROCYCLIC SCHIFF BASES /	Gabr, Azza Abdallah Abdallah	Azza Abdallah Abdallah Gabr,	ASWAN :	1988 .	The present Thesis includes a study on the kinetics of condensation and hydrolysis reaction of the heterocyclic Schiff bases derived from 3-amino-1,2,4-triazoles, 2-amino-1,3-pyrimidine and 2-amino-4-methyl-1,3-pyrimidine with different aromatic aldehydes viz, salicylaldehyde, p-hydroxybenzaldehyde, p-hydroxy, m-methoxybenzaldehyde and p-nitrobenzaldehyde.		
2007	9416291		GEOPHYSICAL (MAINLY SEISMIC) INVESTIGATIONS WITH ENVIRONMENTAL ASSESSMENT ON RAS QATTARA AREA AND VICINITIES NORTH WESTERN DESERT EGYPT	ABDUDEIF, ABDEL BASET MOHAMED	ABDEL BASET MOHAMED ABDUDEIF	SOHAG :	2001 .	THE PRESENT WORK DEALS WITH THE GEOPHYSICAL STUDIES IN THE INVESTIGATED AREA UPON ANALYZING AND PROCESSING SOME AVAILABLE GEOPHYSICAL DATA IN FORM OF FIVE WELLS ARROMAGNETIC MAP AND SEISMIC LINES		
2008	9416307		ECHOCARDIOGRAPHIC AND DOPPLER ASSESSMENT IN PATIENTS WITH ISCHEMIC MITRAL REGURGITATION: PRE AND POSTOPERATIVE EVALUATION	BOGHADADY, AHMED MOHAMED	AHMED MOHAMED BOGHADADY	SOHAG :	2002 .	THE AIM OF THIS WORK IS: EVALUATE PATIENTS WITH MODERATE ISCHEMIC MITRAL REGURGITATION CLINICALLY AND ECHOCARDIOGRAPHICALLY COMPARE BETWEEN CABG-ALONE AND ALONE CABG WITH MITRAL REPAIR IN TREATMENT OF THESE PATIENTS		
2009	9416312		SYNTHESIS AND REACTIONS OF NEW FUSED HETEROCYCLES RELATED TO PYRIMIDINE MOIETY /	MOUSA, SULIMAN MOHAMMED	SULIMAN MOHAMMED MOUSA,	ASSIUT :	2003 .	THE PRESENT WORK WAS PLANNED TO SYNTHESIZE SOME NEW HETEROCYCLIC COMPOUNDS CONTAINING PYRROLO[2,3-D]PYRIMIDINES, FURO[2,3-D]PYRIMIDINES, THIENO[2,3-D]PYRIMIDINES AND PYRAZOLO[3,4-D]PYRIMIDINES OF ANTICIPATED BIOLOGICAL AND MEDICINAL IMPORTANCE .		
2010	9416323		KINETICS OF HYDROLYSIS OF BIFUNCTIONAL SCHIFF BASES IN ABSENCE AND IN PRESENCE OF SOME DIVALENT METAL IONS /	El-Tajer, Mahmoud Abdel Daim	Mahmoud Abdel Daim El-Tajer,	Aswan :	1988 .	THE GENERAL SCOPE OF THE PRESENT THESIS IS TO CARRY OUT A SYSTEMATIC KINETIC STUDY ON BASE AND ACID HYDROLYSIS RATES OF BIFUNCTIONAL SCHIFF BASES .		
2011	9416335		GEOLOGY, GEOCHEMISTRY AND PETROGENESIS OF THE PAN-AFRICAN PLUTONIC IGNEOUS ROCKS IN WADI UM GHEIG, CENTRAL EASTERN DESERT, EGYPT	YOUSSUF TAHA MOHAMED	SOUTH VALLEY UNIVERSITY- FACULTY OF SCIENCE- GEOLOGY	QENA :	2004 .	FIELD STUDY OF THE MAP AREA REVEALED THE FOLLOWING ROCK UNITS ARRANGED IN THEIR CHRONOLOGICAL SEQUENCE, BEGINNING WITH THE YOUNGEST:-		

2012	9416341	PREPARATION AND CHARACTERIZATION OF THREE MODIFICATIONS OF TI-S SEMI - CONDUCTING SYSTEM (TISTi2S AND Ti4 S3)	MOHAMMED,BADER MOHAMED ALI	BADER MOHAMED ALI MOHAMMED	ASWAN:	2004	THALLIUM CHALCOGENIDES RECEIVED AGRAT DEAL OF ATTENTION DUE TO THEIR OPTICAL AND ELECTRICAL PROPERTIES IN VIEW OF POSSIBLE OPTOELECTRONIC DEVICE APPLICATION THESE CHALCOGENIDE SEMICONDUCTOR COMPOUNDS ARE OF INTERST		
2013	9416388	A SUGGESTED PROGRAMME FOR DEVELOPING SOME BASIC TRANSLATION SKILLS OF ENGLISH MAJORS AND ITS EFFECT ON THEIR ATTITUDES TOWARDS TRANSLATION	TELEIBA,ANTAR SOLHY ABDELLAH	ANTAR SOLHY ABDELLAH TELEIBA	QENA:	2004	THE PRESENT STUDY INVESTIGATED THE EFFECT OF A SUGGESTED PROGGESTED PROGRAMME ON DEVELOPING SOME BASIC TRANSLATION SKILLS FOR A GROUP OF FIRST YEAR ENGLISH MAJORS OF THE FACULTY OF EDUCATION (n=58)		
2014	9416397	Studies on Some Solvatochromism Cyanine Dyes and Their Biological Activites /	Abu El-Hamd,Ragab Mohamed	Ragab Mohamed Abu El-Hamd *	Aswan :	1988 .	The aim of the work embodied in this thesis is the preparation of new solvatochromic asymmetrical cyanine dyes in corporated isolated of biheterocyclic moieties .		
2015	9416535	SOME MICROBIOLOGICAL AND IMMUNOLOGICAL EVALUTION OF URINARY TRACT INFECTION IN SOHAG UNIVERSITY HOSPITAL	YOUSEF,LAILA MOHAMED	LAILA MOHAMED yousef	ASSUIT:	2005	AIM OF THE STUDY WAS TO DEFINE THE PREDOMINANT CAUSATIVE ORGANISMS VULNERABLE GROUB OF PATIENTS (AS DIABETIC PATIENTS PATIENTS WITH STONES PREGNANT WOMEN) PROPER DIAGNOSIS TO FACILITATE THE EARLY SEARCH FOR MANAGEMENT AND PREVENT SERIOUS COMPLICATION AND PROPER ANTIMICROBIAL TREATMENT		
2016	9416545	SOME CLINICO-PATHOLOGICAL STUDIES OF LIVER DISEASES IN CHILDREN	YOUSEF GIHAN YOUSEF ALI	SOUTH VALLEY UNIVERSITY- FACULTY OF MEDICINE- PEDIATRICS	SOHAG:	2004	THE PRESENT STUDY WAS CONDUCTED AT THE PEDIATRIC DEPARTMENT AND PEDIATRIC HEPATOLOGY CLINIC, SOHAG UNIVERSITY HOSPITAL, SOUTH VALLEY UNIVERSITT IN THE PERIOD FROM FEBRUARY 2002THROUGH OCTOBER 2003. IT INCLUDED 106 PATIENTS WITH MANIFESTATIONS OF LIVER DISEASES. THEIR AGES RANGED BETWEEN 16 DAYS AND 13 YEARS.THEY WERE 67 MALES (63.65) AND FEMALES (36.45). THE STUDY ALSO INCLUDED 25 CHILD AS CONTROLS WITH MATCHED AGE AND SEX.		
2017	9416629	Texture and catalytic activity studies of Zinc-Copper ferrite spinels /	Ahmed,Tarek Taha.	Tarek Taha Ahmed,	Sohag :	1996 .	In the present investigation,spinel of the general formula AB ₂ O ₄ were prepared where B represent the trivalent iron and A represents the bivalent zinc and/or copper. During the thermal genesis of these,particularly in air (oxidizing atmosphere) the surface suffers drastically structural changes..		
2018	9416637	ELECTROCHEMICAL REDUTION OF SOME ORGANIC COMPOUNDS /	ABU-KRISHA,MORTAGA MOHAMED MUSTFA	MORTAGA MOHAMED MUSTFA ABU-KRISHA,	ASSIUT :	1987 .	ELECTROCHEMICAL REDUTION OF SOME ORGANIC COMPOOUNDS.		
2019	9416639	SUNTHESIS AND BIOLOGICAL SCREENING OF SOME NEW HETEROCYCLIC COMPOUNDS /	FAHMY,SHRIF MOHAMED	SHRIF MOHAMED FAHMY *	QENA :	1997 .	THE MAIN OBJECTIVE OF THE STUDIES DESCRIBED IN THIS THESIS INVOLVED THE SYNTHESIS OF SOME NEW CLASSES OF HETEROCYCLIC QUINONES,USING TETRABROMO-P-BENZOQUINONE AS STARTING MATERIAL .		
2020	9416650	KINETIC STUDIES ON THE DISSOLUTION AND INHIBITION OF COPPERE IN NITRIC ACID /	HUSSIE,ABO EL-HAGAG ABD EL-GAWAD.	ABO EL-HAGAG ABD EL-GAWAD HUSSIE,	QENA, EGYPT :	1996 .	In the present work we aimed to investigate and clarify the kinetics of copper dissolution in HNO ₃ acid,especially the phase of dissolution at the first beginning of interaction between copper and HNO ₃ acid,known as the incubation period.Two new techniques,the anodic stripping voltammetry and the conductance measurements are to be applied in this concern.		
2021	9416666	SYNTHESIS AND STUDIES ON SOME HETEROCYCLIC COMPOUNDS RELATED TO 8-HYDROXYQUINOLINE NUCLEUS /	ABDEL-MOHSEN,SHAWKAT AHMED	SHAWKAT AHMED ABDEL-MOHSEN *	ASSIUT :	2001 .	THE WORK IN THIS THESIS IS DIVIDED INTO TWO PARTS:1-AIMED TO SYNTHESIZE SUBSTITUTED 5-CARBONYL-8-HYDROXYQUINOLINE DERIVATIVES VIA THE APPLICATION 2-AIMED TO APPLY THE BAYLIS-HILMANN REACTION CONDITIONS FOR THE SYNTHESIS OF THE STEREOGENICS- (SUBSTITUTED HYDROXY ALKAOATE)-8-HYDROXYQUIONLINE DERIVATIVES .		
2022	9416719	DEMINATION OF AROMATIC COMPOUNDS /	GABER,ABDEL AAL MOHAMED.	ABDEL AAL MOHAMED GABER,	ASSIUT :	1986 .	DEMINATION OF AROMATIC COMPOUNDS.		
2023	9416740	A STUDY ABOUT THE CHARACTERISTICS OF THE SEISMIC ACTIVITY AT KALABSHA AREA AND ASWAN RESERVOIR,ASWAN	MOHAMED, HAGGAG HAMED	HAGGAG HAMED SHALABI	QENA:	1997	IN THE PRESENT STUDY THE SEISMOLOGICAL SITUATION AS WELL AS SOME OF THE GENERAL CHARACTERISTICS OF THIS SEISMIC ACTIVITY AND ITS BEHAVIOR WITH REGARD TO THE ASWAN RESERVOIR WATER LEVEL WAS INVESTIGATED		
2024	9416750	STUDIES ON THE ELECTROCHEMICAL BEHAVIOUR OF SOME METALLIC ALLOYS IN AQUEOUS SOLUTIONS /	ZAKY,AYMAN MOHAMMED	AYMAN MOHAMMED ZAKY *	QENA :	2000 .	THE WORK IN THIS RHESIS IS AIMED AT STUDYING THE ELECTROCHEMICAL AND CORROSION BEHAVIOUR OF SOME METALS AND ALLOYS IN AQUEOS MEDIA .		
2025	9416766	Application of Secondry amines in synthesis of some new spiro heterocyclic compounds /	Omran,Omran Abd Ellah.	Omran Abd Ellah Omran.	Sohag :	1998 .	The work presedented in this thesis deals with the synthesis of a new class of spiro heterocyclic systems starting with 1-phenyl-aminocycloalkane-l-carbonitriles la-c.This substraste was proved to be an excellent precursor in view of the remarkable reactivity of its imino group.		
2026	9416785	SYNTHESIS AND APPLICATION OF SOME NEW DIARYL SELENIDES AND DIARYL SELENONES CONTAINING HETEROCYCLIC MOIETIES /	ABDEL-HAFEZ,SHAMS ELDEEN HASHIM.	SHAMS ELDEEN HASHIM ABDEL-HAFEZ,	ASSIUT, EGYPT :	1995 .	The present work in this thesis is divided into two mainly subheadings(A,B):A-Preparation of 4.4-bis (acetyl)diphenyl selenide and its uses in the synthesis of its derivatives cotaining selenadiazole,thiadiazole,thiazoline,thiopyranethione,pyrazoline,isoxazoline and pyrimidine moieties. B-Preparation of 4.4-bis(chloroacetyl)diphenyl selenide and its uses in the synthesis of its derivatives containing aminothiazole,aldimine,thiazolidinone,azetidinone,azetidinone and triazoline moieties.		
2027	9416822	THE DIRICT INTRODUCTIN OF DIAZONIUM GROUP INTO AROMATIC HETEROCYCLIC MOIETIES AND PREPRTION OF SOME DERIVATIVES THEREFROM *	MASIA ESMEIL ,ABDEL MONEM.	ABDEL MONEM MASIA ESMEIL,	ASSIUT :	1986 .	THE DIRICT INTRODUCTIN OF DIAZONIUM GROUP INTO AROMATIC HETEROCYCLIC MOIETIES AND PREPRTION OF SOME DERIVATIVES THEREFROM.		
2028	9416860	COMPARISON OF ELISA AND IMMUNOELECTRODE TECHNIQUES FOR THE DETERMINATION OF TRACE LEVELS OF TRIAZINES IN AQUEOUS MEDIA /	FOUAD,DINA MAMDOUH IBRAHIM	DINA MAMDOUH IBRAHIM FOUAD *	ASSIUT :	2003 .	IN THIS WORK ACOMPARISON BETWEEN ELISA TECHNIQUES AND IMMUNOELECTRODES FOR THE DETECTION OF TERBUTHYLAZINE AND TERBUTRYN IN AQUEOUS MEDIA WAS CARRIED OUT .		

2029	9416867	N-PHENYLSULFONYLOXYPHTHALIMIDE IN THE SYNTHESIS OF HETEROCYCLIC COMPOUNDS /	ABD EL RAHIM, MOHAMED MUBARAK TAHA	MOHAMED MUBARAK TAHA ABD EL RAHIM	QENA :	2001	THE MAIN OBJECTIVE OF THE STUDIES DESCRIBED IN THIS THESIS INVOLVED THE SYNTHESIS OF SOME QUINAZOLINEDIONE DERIVATIVES DERIVED FROM N-PHENYLSULFONYLOXYPHTHALIMIDE AND 3-AMINO-2,4(1H,3H)QUINAZOLINEDIONE .		
2030	9416922	Studies on some heterocyclic compounds /	Temerk, Abd El-Mohsen Younes Abbas.	Abd El-Mohsen Younes Abbas Temerk,	Qena :	1995	THE AIM OF THIS THESIS IS THE SYNTHESIS OF SOME NEW FUSED HETEROCYCLIC SYSTEMS CONTAINING THE PYRAZOLE NUCLEUS HOPING THAT SUCH NEW COMPOUNDS WILL HAVE CERTAIN ACTIVE AND SPECIFIC BIOLOGICAL EFFECTS THE THESIS INCLUDES THREE CHAPTERS.		
2031	9416940	POLAROGRAPHIC STUDIES OF THIOSULPHATE - TARTARATE AND THIOSULPHATE-HALIDE TERNARY COMPLEXES WITH SOME METAL IONS /	ABO EL MAALY, NAGWA THABET.	NAGWA THABET ABO EL MAALY,	ASSIUT :	1986	POLCAROGRAPHI STUDIES OF THIOSULAPHATE - TARTARATE AND THIOSULPHATE-HALIDE TERNARY COMPLEXES WITH SOME METAL IONS.		
2032	9416984	CHARGE-TRANSFER COMPLEXATION OF SOME ORGANOMETALLIC AND HYDRIDE COMPLEXES /	MOSSA, USAMA MOHAMED RABIE	USAMA MOHAMED RABIE MOSSA	QENA :	1997	THE GENERAL SCOPE OF THE PRESENT THESIS IS A SYSTEMATIC INVESTIGATION OF THE CHARGE-TRANSFER COMPLEXES OF FERROCENES AND A RHENIUM POLYHYDRIDE COMPLEX WITH Q-ACCEPTOR (IODINE) AND -ACCEPTORS VIZ, P-CHLORANIL (CHL), TETRACYANOETHYLENE (TCNE) AND 2,3-DICHLORO-5,6-DICYANO-1,4-BENZOQUINONE DDQ .		
2033	9417062	SYNTHESIS OF SOME NEW HETEROCYCLIC COMPOUNDS /	OSMAM, FATMA HASSAN MOSTAFA	FATMA HASSAN MOSTAFA OSMAN	QENA :	2000	IN THES THESIS AIMED TO SYNTHESIS OF SOME NEW HETEROCYCLIC COMPOUNDS .		
2034	9417121	RECOVERY AND PHYSICO-CHEMICAL CHARACTERIZATION OF CATALYTIC ALUMINAS FROM INDUSTRIAL RAW MATERIALS /	EL-KATATNI, EZZAT ABD-ELRAHMAN EL-SAID	EZZAT ABD-ELRAHMAN EL-SAID EL-KATATNI	QENA :	1998	IN THES THESIS AIMED TO RECOVERY AND PHYSICO-CHEMICAL CHARACTERIZATION OF CATALYTIC ALUMINAS FROM INDUSTRIAL RAW MATERIALS .		
2035	9417167	SEPECTROPHOTOMETRIC AND STRIPPING VOLTAMMETRIC DETERMINATION OF SOME ELEMENTS IN SAMPLES OF INFUSION SOLUTIONS /	GHALEB, KHALED AHMED SAEED	KHALED AHMED SAEED GHALEB	ASSIUT :	2003	THE NUTRIENT SOLUTIONS HAD WIDE SCIENTIFIC INTEREST ALL OVER THE WORLD, ESPECIALLY THE SOLUTION WHICH USED FOR INFUSION .		
2036	9417175	SUNTHESIS AND STUDIES OF FUNCTIONAL HETEROCYCLIC COMPOUNDS DERIVED FROM LOW-MOLECULAR WEIGHT CARBOHYDRATES /	YOUNES, AHMED MOHAMED MOSALLAM	AHMED MOHAMED MOSALLAM YOUNES	QENA :	1999	THE MAIN OBJECTIVE OF THE STUDIES DESCRIBED IN THESIS INVOLVED THE SYNTHESIS OF SOME CLASSES OF HETEROCYCLIC COMPOUNDS DERIVED FROM LOW-MOLECULAR WEIGHT CARBOHYDRATES .		
2037	9417240	PHYTOCHEMICAL STUDIES OF SOME PLANTS /	MOHAMED, ABOU-EL-HAMD HASSAN	ABOU-EL-HAMD HASSAN MOHAMED	ASWAN :	2002	THE WORK DESCRIBED IN THIS THESIS HAS BEEN UNDERTAKEN WITH THE OBJECTIVE OF SEARCHING FOR NATURALLY OCCURRING SUBSTANCES OF POTENTIALLY BIOLOGICAL ACTIVITIES .		
2038	9417294	SYNTHESIS OF SOME HETEROCYCLIC COMPOUNDS RELATED TO TRIAZOL NUCLEUS /	ETIFY ABDEL GHAFAR, BAKHIET.	ETIFY ABDEL GHAFAR BAKHIET,	ASSIUT :	1988	SYNTHESIS OF SOME HETEROCYCLIC COMPOUNDS RELATED TO TRIAZOL NUCLEUS.		
2039	9417329	EFFECT OF SOLVENT ON REACTIVITY TRENDS OF FE (II), CO (III) AND NI (II) COMPLEXES OF TRIDENTATE IMINE LIGANDS AND DETERMINATION OF COBALT AND NICKEL SPECTROPHOTOMETRICALLY /	KANDEL, TAREK ABD EL-SAMAD ABD EL-RAHMAN.	TAREK ABD EL-SAMAD ABD EL-RAHMAN KANDEL.	SOHAG :	2005	THE COMPLEXES OF IRON (II), COBALT (III) AND NICKEL (II) OF TRIDENTATE IMINE LIGANDS HAS BEEN ISOLATED AND CHARACTERIZED . SOLUBILITIES OF IRON (II), COBALT (III) AND NICKEL (II) COMPLEX SALTS ARE REPORTED AND TRANSFER CHEMICAL POTENTIALS OF THEIR COMPLEX CATIONS ARE CALCULATED.		
2040	9417367	INVESTIGATION OF THE BEHAVIOUR OF SOME ELEMENTS IN SOME EGYPTIAN PHOSPHATES DURING THEIR DRESSING USING SOME SOLVENTS /	HASSAN, MOSTAFA YOUSSEF.	MOSTAFA YOUSSEF HASSAN,	ASSIUT :	1987	INVESTIGATION OF THE BEHAVIOUR OF SOME ELEMENTS IN SOME EGYPTIAN PHOSPHATES DURING THEIR DRESSING USING SOME SOLVENTS.		
2041	9417384	CHEMICAL AND SYNTHESIS STUDIES ON SOME PHYRAZOLES AND TRIAZOLES AS HETEROCYCLIC COMPOUNDS /	ABU EL HASSAN, EMAN ABD EL RADY	EMAN ABD EL RADY ABU EL HASSAN	ASWAN :	2000	THE PRESENT IN THIS PART DEALS WITH THE SYNTHESIS OF SOME NEW HETEROCYCLIC COMPOUNDS UNINCORPORATING PYRAZOLINE MOITY AND THE EFFECT OF THE SUBSTITUTENTS AT C-3 OF THE PYRAZOLE RING AS WELL AS THE REACTION CONDITIONS ON THE REACTION PRODUCTS .		
2042	9417403	POTENTIOMETRIC AND SPECTROPHOTOMETRIC STUDIES ON THE TERNARY COMPLEXES OF SOME TRANSITION METAL IONS /	ABD EL KARIM, NAGAT MOUSTAFA.	NAGAT MOUSTAFA ABD EL KARIM.	ASSIUT :	1987	POTENTIOMETRIC AND SPECTROPHOTOMETRIC STUDIES ON THE TERNARY COMPLEXES OF SOME TRANSITION METAL IONS.		
2043	9417424	SPECTROPHOTOMETRIC STUDY OF THE COMPLEXATION EQUILIBRIA OF HYDROXYNAPHTHOQUINONES WITH SOME METAL IONS AND NOVEL ASPECTS OF LAWSONE /	SOLIMAN, SOLIMAN ABDEL-FADEEL.	SOLIMAN ABDEL-FADEEL SOLIMAN,	ASSIUT, EGYPT :	1998	The present thesis involves a study of the solution equilibrium and stability of some metal complexes of the closely related 1,4-naphthoquinone:2-hydroxy-1,4-naphthoquinone (lawsone), 5-hydroxy-1,4-naphthoquinone (juglone) and 5,8-dihydroxy-1,4-naphthoquinone (naphthazarin) The aim of the present work is to study the spectroscopic and acid-base properties of some hydroxynaphthoquinones of comparable structures.		
2044	9417434	STRIPPING VOLTAMMETRIC DETERMINATION OF ANTIHYPERTENSIVE AGENTS: DILTIAZEM-VERAPAMIL-CAPTOPRIL AND GUANETHIDINE /	HASSAN, MAHASEN MOHAMMED AHMED	MAHASEN MOHAMMED AHMED HASSAN	ASWAN :	2001	THE PRESENT STUDY DESCRIBES THE USE OF CATHADIC ADSORPTIVE STRIPPING VOLTAMMETRIC METHOD FOR THE DETERMINATION OF THE ANTIHYPERTENSIVE AGENTS DILTIAZEM, VERAPAMIL, CAPTOPRIL AND GUANETHIDINE .		
2045	9417439	SYNTHESIS OF NEW HETEROCYCLIC COMPOUNDS FROM QUINONES DERIVATIVES /	ALY, KAMAL IBRAHIEM.	KAMAL IBRAHIEM ALY,	ASSIUT :	1987	SYNTHESIS OF NEW HETEROCYCLIC COMPOUNDS FROM QUINONES DERIVATIVES.		
2046	9417457	STUDIES ON SOME HETEROCYCLIC /	HASSAN, HASSAN ABAZIED SHINDY.	HASSAN ABAZIED SHINDY HASSA,	ASSIUT :	1987	STUDIES ON SOME HETEROCYCLIC		
2047	9417469	STRIPPING VOLTAMMETRIC DETERMINATION OF SOME METAL IONS IN RED SEA ECOSYSTEM, EGYPT /	RADWAN, GAMAL TAKY ARABY EMBABY.	GAMAL TAKY ARABY EMBABY RADWAN.	QENA, EGYPT :	2005	This work was extended to study the living marine as fishes and coral reef in four different regions along the Red Sea, petroleum and tourism regions. Also, the relation between the different metals in different environment contents was performed and the metal levels in different environment contents were compared with the previous work, in the same region and other regions on the world.		

2048	9417476	PREPARATION AND CHARACTERIZATION OF INTRINSICALLY CONDUCTING POLYPYRROLE POLYMERS FOR APPLICATION AS ION SENSITIVE FILMS /	MAHMOUD, MOHAMED M. EL-DESSOUKI	MOHAMED M. EL-DESSOUKI MOHMOUD	SOHAG :	1998	THE GENERAL SCOPE OF THE PRESENT THESIS IS THE PREPARATION AND CHARACTERIZATION OF INTRINSICALLY CONDUCTING POLYPYRROLE POLYMERS FOR APPLICATION AS ION SENSITIVE FILMS .		
2049	9417478	STUDIES ON SOME FUSED HETERO CYCLIC COMPOUNDS AS CYANINE DYES DERIV ATIVES /	ABEL AAL, REDA MOHAMED.	REDA MOHAMED ABEL AAL,	ASSIUT :	1988	STUDIES ON SOME FUSED HETERO CYCLIC COMPOUNDS AS CYANINE DYES DERIV ATIVES.		
2050	9417483	PYROMELLITIC DIANHYDRIDE IN THE SYNTHESIS OF HETEROCYCLIC NITROGEN COMPOUNDS /	OMAR, AHMED MOHAMMED ABO-BAKR	AHMED MOHAMMED ABO-BAKR OMAR,	QENA, EGYPT :	2006	Owing to the wide spread applications of pyromellitic dianhydride in several fields, this encourages us to synthesize new heterocyclic derivatives of condensed dipyrrole, dibenzoxazine, dipyridazine and dipyrimidine starting with pyromellitic dianhydride hoping to exhibit a great certain pharmacological activity. The study in this thesis involved three main chapters		
2051	9417485	INTERACTION OF LEWIS BASES WITH SOME TRANSITION METAL COMPLEXES - PREPARATION AND CHARACTERISATION /	ZIDAN, AMNA SAYED AHMED	AMNA SAYED AHMED ZIDAN	Assiut :	1989	The thesis comprises a study dealing with the preparation and characterisation .		
2052	9417489	CHARGE-TRANSFER MOLECULAR COMPLEXES OF SOME HETEROCYCLIC COMPOUNDS /	EL-SHESHTAWY, HAMDY SAAD SADEK.	HAMDY SAAD SADEK EL-SHESHTAWY,	QENA :	2003	CHARGE-TRANSFER MOLECULAR COMPLEXES BETWEEN AN ELECTRON ACCEPTOR MOLECULE HAS BEEN WIDELY STUDIED (1-5), AS IT REPRESENTS A VERY INTERESTING CLASS OF COMPLEXES DUE TO THEIR WIDE APPLICATION IN BIOLOGICAL SYSTEMS, ENZYME CATALYST, DRUGS AND HORMONE ACTION (6,7).		
2053	9417490	SYNTHESIS, CHARACTERIZATION AND CATALYTIC ACTIVITY STUDIES ON ACID-TYPE CATALYSIS /	ABU-ZIED, BAHA MOHAMED MAHMOUD MOHAMED	BAHA MOHAMED MAHMOUD MOHAMED ABU-ZIED	ASSIUT :	1998	IN THIS THESIS AIMED TO SYNTHESIS, CHARACTERIZATION AND CATALYTIC ACTIVITY STUDIES ON ACID-TYPE CATALYSIS .		
2054	9417499	STUDIES ON SYNTHESIS AND CHEMISTRY OF DERIVATIVES OF SOME HETEROCYCLIC COMPOUNDS RELATED TO QUINOXALINE NUCLEUS /	MOUSTAFA, OSAMA SHEHATA.	OSAMA SHEHATA MOUSTAFA,	ASSIUT :	1988	STUDIES ON SYNTHESIS AND CHEMISTRY OF DERIVATIVES OF SOME HETEROCYCLIC COMPOUNDS RELATED TO QUINOXALINE NUCLEUS.		
2055	9417506	Studies on some heterocyclic compounds /	Eissa, Fayez Mohamed Mohamed.	Fayez Mohamed Mohamed Eissa,	Aswan :	2006	يشمل العمل داخل هذه الرسالة ثلاثة فصول أساسية وهي فصل المقدمة وفصل النتائج ومناقشتها وفصل الجزء العلمي. الفصل الأول: يحتوي هذا الفصل على قسمين: القسم (أ) ويشمل تغطية موجزة عن كيمياء أصباغ السيانين والمحتوية على نظام حلقي غير متجانس خماسي-سداسي في الأبحاث المنشورة حديثاً. القسم (ب) ويشمل تغطية موجزة عن كيمياء أصباغ السيانين والمحتوية على نظام حلقي غير متجانس سداسي في الأبحاث المنشورة حديثاً.		
2056	9417511	N-PHENYL SULPHONYLOXQUINOLINIMIDE IN THE SYNTHESIS OF NEW HETEROCYCLIC COMPOUNDS /	WASEF, TALAAT SHAKER.	TALAAT SHAKER WASEF,	QENA, EGYPT :	2006	The study in this thesis involved three main chapters. Because of the wide pharmacological applications of 2,3-pyridine, pyrimidine and condensed pyrimidine, the aim of this work is to synthesize new pyridine and condensed pyrimidine heterocycles which may possess certain pharmacological activity.		
2057	9417515	GAMMA IRRADIATION EFFECTS ON THE ELECTRICAL CONDUCTIVITY BEHAVIOUR OF SOME SCHIFF BASE CHELATES AND DOUBLE COMPLEXES /	AHMED, MOHAMED ABDEL HAKIM.	MOHAMED ABDEL HAKIM AHMED,	ASSIUT :	1984	THE STUDY INCLUDES: GAMMA IRRADIATION EFFECTS ON THE ELECTRICAL PROPERTIES OF SOME METAL DOUBLE COMPLEXES AND SCHIFF BASE CHELATES WERE INVESTIGATED.		
2058	9417521	PHYSICO - CHEMICAL STUDIES ON SOME SOLID METAL COMPLEXES OF DINITROSORESORCINOL VIOLURIC ACID AND 1,4,7-TRIAZACYCLONONANE (AND RELATED LIGANDS) /	BELAL, ARFAT ABD EL MAKSoud M.	ARFAT ABD EL MAKSoud MOHAMED BELAL	Aswan :	1989	The present research consists of the preparation and investigation of complexes of transition metal ions .		
2059	9417523	VOLTAMMETRIC, SPECTROPHOTOMETRIC AND POTENTIOMETRIC STUDIES ON POLY(8-HYDROXYQUINOLINE) /	SHATATA, MOHAMED MAHMOUD AHMED.	MOHAMED MAHMOUD AHMED SHATATA,	Assiut :	2004	IN THIS THESIS, WE ARE AIMED TO INVESTIGATE THE ELECTROCHEMICAL REDUCTION OF PHQ AND PHQ-CU(II) SYSTEMS IN AQUEOUS SOLUTIONS CONTAINING 10% DMF, AT DIFFERENT PH VALUES, BY USE OF DIFFERENTIAL PULSE POLAROGRAPHIC (DPP) AND/OR CATHODIC STRIPPING VOLTAMMETRY (CSV) TECHNIQUES..		
2060	9417529	ENVIRONMENTAL CHEMICAL STUDY ON THE SURROUNDING AREA TO FERROSILICON FACTORY, EDFU, ASWAN /	ALY, MAMDOUH ELSEID AHMED.	MAMDOUH ELSEID AHMED ALY,	QENA, EGYPT :	2006	The present ph.D thesis deals with studying the effects of ferrosilicon fallan dust on the surrounding environment (soil-plant-water, sediments and dust at buildings), in addition to the effect of suspended dust on the workers inside the factory units. The distance, the direction, the time and the height were considered in this study.		
2061	9417532	STUDY OF RIVER NIL WATER POLLUTION /	AHMED, MOHAMED EL MONTASSER SOLTAN.	MOHAMED EL MONTASSER SOLTAN AHMED,	ASSIUT :	1988	STUDY OF RIVER NIL WATER POLLUTION.		
2062	9417535	Synthesis of some new spiro and fused 1,5-benzodiazepines /	Abo-Zaid, Hanan Salah.	Hanan Salah Abo-Zaid,	Sohag :	2006	The present study deals with the synthesis of some new 3-substituted-, fused and spiro (1,5) benzodiazepines starting from 1,3-dihydro-4-phenyl(1,5)benzodiazepin-2-one 1.		
2063	9417545	metal complexes of some azo imidazole derivatives /	SALMAN, HASSAN MAHMOUD ALY.	HASSAN MAHMOUD ALY SALMAN,	ASSIUT, EGYPT :	1981	the study is devoted for the determination of the stoichiometry and stability constants of the different complexes formed. Furthermore, the structure of complexes formed is elucidated. The different techniques applied in this work are, the microanalysis of the solid complexes synthesized, visible electronic absorption spectra and electric conductance measurements, as well as infrared spectra of the free ligands and their solid complexes.		
2064	9417554	SYNTHESIS STUDIES AND PROPERTIES OF SOME HETEROCYCLIC ORGANIC COMPOUNDS /	Temarik, Hussein Hassan Abbas	Hussein Hassan Abbas Temarik	Qena :	1989	The aim of this work is the synthesis of some new fused or separated heterocyclic systems .		

2065	9417561	ELECTROREDUCTION OF SOME ORGANIC COMPOUNDS /	RAGEH,HESHAM MANSOUR M.	HESHAM MANSOUR M RAGEH,	ASSUIT, EGYPT :	1978 .	ELECTROREDUCTION OF SOME ORGANIC COMPOUNDS .		
2066	9417819	STUDIES ON THE SYNTHESIS AND APPLICATION OF SOME HETEROCYCLIC DERIVED FROM HYDROXYQUINOLINE /	Abdel Hafez, Ali Ahmed	Ali Ahmed Abdel Hafez *	Assiut :	1983 .	The work included in this thesis involves the synthesis of some new heterocyclic systems containing 8-hydroxyquinoline moiety to evaluate their bactericidal, fungicidal and plant growth regulation activities.		
2067	9417822	the influence of alloying elements on the electrochemical and corrosion behaviour of zinc in various media and the effect of some organic and inorganic inhibitors /	hassan, mohamed samer salim.	mohamed samer salim hassan,	assiut :	1988 .	the influence of alloying elements on the electrochemical and corrosion behaviour of zinc in various media and the effect of some organic and inorganic inhibitors.		
2068	9417837	CHEMICAL AND TECHNOLOGICAL STUDIES ON SUGAR CANE CROP /	ABAZIED, SAKINA RAMADAN	SAKINA RAMADAN ABAZIED *	QENA :	2005 .	THE PRESENT EXPERIMENTS WERE CARRIED OUT AT THE FARM OF EL-MATTANA AGRICULTURE RESEARCH STATION , QENA GOVERNORATE , DURING THE HARVESTING AND MILLING SEASON 2001 , TO STUDY THE EFFECT OF PRE-HARVEST TREATMENT (THE NON BURNT , BURNT CANE) , HARVEST TIME ALONG CRUSHING SEASON (FROM JAN. TO MAY) AND POST-HARVEST TREATMENT (2,4,6 AND 8 DAYS) FROM HARVEST ON JUICE QUALITY AND BIOCHEMICAL CHANGES OF SUGAR CANE VARIETY GT 54/9.		
2069	9417844	SYNTHESIS AND CHARACTERIZATION OF SOME NEW POLYMERS BASED ON DIARYLIDENE DERIVATIVES /	ELKISKAS, ISMAIL ABDUSALAM MOHAMMED	ISMAIL ABDUSALAM MOHAMMED ELKISKAS *	ASSIUT :	2003 .	THE MAIN OBJECTIVE OF THE STUDIES DESCRIBED IN THIS THESIS IS PLANNED TO SYNTHESIZE AND CHARACTERIZE SOME NOVEL POLYMERS BASED ON DIARYLIDENE CYCLOALKANONES OR DIARYLIDENE ACETONE IN THE POLYMER MAIN CHAIN .		
2070	9417897	POLAROGRAPHIC AND VOLTAMMETRIC STUDIES ON SOME NUCLEIC ACID COMPONENTS /	IBRAHIEM, MOHAMED SAYED MOHAMED.	, MOHAMED SAYED MOHAMED IBRAHIEM,	ASSIUT :	1988 .	POLAROGRAPHIC AND VOLTAMMETRIC STUDIES ON SOME NUCLEIC ACID COMPONENTS.		
2071	9417930	Kinetic investigation of the oxidation of some amino acid schiff base Fe(II) complexes /	Nassr, Lobna Abdel-Mohsen Ebaid	Lobna Abdel-Mohsen Ebaid Nassr *	Sohag :	2005 .	SCHIFF BASES ARE RECOGNIZED TO BE IMPORTANT IN MANY BIOLOGICAL ASPECTS, VIZ: PROTEINS, PIGMENTS, ENZYMIC ALDOLIZATION, DECARBOXYLATION REACTIONS, IN PYRIDOXAL PHOSPHATE DEGRADATION.		
2072	9417963	STUDIES ON SOME HETEROCYCLIC COMPOUNDS /	BAKHIT, HUSSIN ALI SOLEIMAN.	HUSSIN ALI SOLEIMAN BAKHIT,	ASSIUT :	1988 .	STUDIES ON SOME HETEROCYCLIC COMPOUNDS.		
2073	9418019	STUDIES ON SOME HETEROCYCLIC COMPOUNDS /	KHALED, MOHAMED ALI AHMED	MOHAMED ALI AHMED KHALED	ASSIUT :	1988 .	STUDIES ON SOME HETEROCYCLIC COMPOUNDS.		
2074	9418055	ANALYTICAL STUDIES ON BINARY AND TERNARY COMPLEXES OF SOME AMINOANTHRAQUINONES /	Saleh, Magda Mohamed S.	Magda Mohamed Selem Saleh *	Assiut :	1982 .	The present thesis involves an analytical study of the binary and ternary complexes of some aminoanthraquinone derivatives.		
2075	9418071	STUDIES ON THE CHEMISTRY OF HETEROCYCLIC AND QUINONE HETEROCYCLIC COMPOUNDS /	IBRAHIM, RAWIA RAGAB.	RAWIA RAGAB IBRAHIM,	ASSIUT :	1981 .	THE WORK INVOLVED IN THIS THESIS INCLUDES THREE PARTS THE FIRST PART DEALS WITH THE SYNTHESIS OF SOME NEW POLYCYCLIC CARBAZOLOQUINONES THROUGH THE INTERACTION OF DISLS-ALDER ADDUCTS, RESULTING FROM THE ADDITION OF CINNAMYLIDINE ANILS 52 TO 4:4-DIMETHOXYDIQUINONE 28, WITH PRIMARY OF THAMINES USING ONE MOLE OF CINNAMYLIDINE ANIL, MONOADDUCTS RESULTED AND USING TWO MOLES PRODUCED DIADDUCTS.		
2076	9418088	STUDIES ON QUINONES AND THEIR DERIVATIVES /	FANDY, RAGAB FAHIEM	RAGAB FAHIEM FANDY *	QENA /	1990 .	THE STUDIES EMBODIED IN THIS THESIS INVOLVED THREE MAIN PARTS. THESE INCLUDED THE FOLLOWING. I- DIELS ALDER ADDITION TO SOME QUINONE DERIVATIVES. II- REACTION OF SOME ACTIVE METHYLENES WITH 2,3-DICHLORO-1,4-NAPHTHOQUINONE. III- UTILIZATION OF DICHLORO AND DICYANO NAPHTHOQUINONE IN THE SYNTHESIS OF NEW HETEROCYCLIC COMPOUNDS. ACCORDINGLY, IT IS AIMED IN THE FOLLOWING INTRODUCTION TO INTRODUCE A DETAILED SURVEY OF THE CHEMISTRY RELATED TO THESE TOPICS .		
2077	9418131	Electrodeposition of some copper alloys and investigation of their properties /	Montaser, Atiat Ahmed	Atiat Ahmed Montaser *	Aswan :	2004 .	Aim of study: Copper can be easily electroplated and hence it is possible to form complex shapes and seamless objects free of stresses. Copper films produced by electrodeposition have very good adhesion properties and exhibit pore free structures of desired thickness as well as its good corrosion resistant .		
2078	9418174	THE EFFECT OF ADDITIVES ON THE CONSTITUTION AND SURFACE PROPERTIES OF MOLYBDENUM OXIDE /	AHMED, MOHAMED ABDEL-AZIZ M.	MOHAMED ABDEL-AZIZ M AHMED,	ASSIUT :	1979 .	THE PRESENT INVESTIGATION COMPRISES A STUDIES OF THE TEXTURE AND THE CATALYTIC ACTIVITY OF PURE AND DOPED MOLYBDENUM TRIOXIDE THE INCORPORATION OF AL ⁺³ , Mn ⁺⁴ AND V ⁺⁵ IONS WAS CARRIED OUT BY IMPREGNATION IN A RANGE OF 1/2 TO 10.		
2079	9418226	Chemical study on the Aqueous environment for some bights at High Dam Lake /	Mahmoud, Emam Mohamed Fawzy	Emam Mohamed Fawzy Mahmoud *	Aswan :	2004 .	The main objectives of this study are to follow up the distribution of some heavy and major metals between different ecosystem components (sediment, pore water, aquatic plant, fish, soil, plant) in some bights of High Dam Lake (Nasser lake) .		
2080	9418240	THERMOLYSIS AND PHOTOLYSIS OF THIOUREA AND THIOCARBAMATE DERIVATIVES /	Abdel-Aaal, Abdel-Aaal M. Gaber	Abdel-Aaal Mohamed Gaber Abdel-Aaal *	Assiut :	1989 .	The present study aims to investigate the effect of heat or U.V. irradiation on two chemically related classes of organic compounds namely; thioureas and thio-carbamates which are widely used in industry, agriculture and in medicine that may lose their activities or give pyrolysates or photolysates which may be considered as potent poisons for living organism .		
2081	9418270	THE CORROSION OF METALS AND ALLOYS AND ITS INHIBITION BY SURFACTANTS /	Abou-El-Wafa, Moustafa Hassan.	Qena :		1978 .	IN THIS WORK WE PLANNED TO INVESTIGATE THE CORROSION BEHAVIOUR OF AL, AL-MG AND ZN METAL THE EFFECT OF HALIDE IONS ON THE RATE OF CORROSION OF AL-MG ALLOY IN ACIDIC AND ALKALINE MEDIA WAS OF SPECIAL INTEREST TO US SO IN THE PRESENT WORK THIS EFFECT IS STUDIES.		

2082	9418365	Novel electrochemistry of organometallic cobalt compounds in low-polarity media containing tetrakis(pentafluorophenyl) borate anions /	Abdellah,Ayman Nafady Ahmed	Ayman Nafady Ahmed Abdellah	Sohag :	2004 .	The work presented in this dissertation addresses the use of supporting electrolytes containing the large and weakly coordinating tetrakis (pentafluorophenyl) borate $[B(C_6F_5)_4]^-$ anion in low-polarity solvents such as dichloromethane (DCM), to solve a number of anodic problems of electrode adsorption and/or nucleophilic attack.		
2083	9418419	STUDY OF TRACE ELEMENTS IN SOME EGYPTIAN CROPS CULTIVATED IN SOME EXPERIMENTAL FARMS SURROUNDING THE HIGH DAM LAKE AND IN THE SOIL SAMPLES COLLECTED FROM THE IMMEDIATE VICINITY OF THE CROPS ROOTS /	Mohamed,Mohamed Nageeb	Mohamed Nageeb Mohamed	Qena :	1989 .	The present thesis deals with determination of trace elements in some Egyptian crops planted in some experimental farm on beaches surrounding the High Dam Lake (Kalabsha, Gerf Hussein, and Allaqi), and in soil samples collected from these farms at different depths (10, 30 and 60 cm). Also, this work is extended to investigate the trace elements in bloods and faeces of sheep and goats before (using bean straw) and after feeding with millet, barley, or mixture of both. The scope of the present study includes the estimation of Ag, Au, Co, Cr, Fe, K, Mg, Mn, Na, Ni, Pb, Sr, and Zn using atomic absorption spectrophotometer, Cl by ion-selective electrode, and Ca by EDTA titration, in crop, soil samples, bloods and faeces.		
2084	9418428	SYNTHESIS OF SOME NEW HETEROCYCLIC COMPOUNDS /	AHMED,AWATEF MOHAMED	AWATEF MOHAMED AHMED	QENA :	1990 .	THE THESIS IS DIVIDED INTO THREE CHAPTERS. CHAPTER I-THIS CHAPTER INCLUDES AN EXTENSIVE LITERATURE SURVEY ABOUT THE SYNTHESIS AND REACTIONS OF HETEROCYCLIC O-AMINONITRILES. CHAPTER II: THIS CHAPTER INCLUDES A NEW AND EFFICIENT PROCEDURE FOR THE HETEROCYCLIC SYNTHESIS UTILIZING SOME HETEROCYCLIC O-AMINONITRILES AS THE STARTING MATERIAL. CHAPTER III-THIS CHAPTER INCLUDES THE EXPERIMENTAL WORK CARRIED OUT IN THIS THESIS.		
2085	9418440	NOVEL SYNTHESIS OF HETEROCYCLIC COMPOUNDS FROM 9,10-DIHYDRO-ANTHRACENE-9,10-ENDO-a,b-succinic anhydride /	DARDEER,HEMMAT MOHAMED.	HEMMAT MOHAMED DARDEER.	QENA :	2005 .	BECAUSE OF THE WIDE PHARMACOLOGICAL APPLICATIONS OF PYRROLE, PYRIMIDINE AND CONDENSED PYRIMIDINE, THE AIM OF THIS WORK IS TO SYNTHESIZE NEW DERIVATIVES OF PYRROLE AND PYRIMIDINE CONDENSED WITH ANTHRACENE IN POSITION 9 AND 10 VIA THE 9,10-DIHYDROANTHRACENE-9,10-ENDO-a,b-SUCCINIC ANHYDRIDE 1 WHICH MAY POSSESS CERTAIN PHARMACOLOGICAL ACTIVITY.		
2086	9418477	Studies on complexes of some transition metal ions with [R-Benzaldehyde][o-h-acetophenone]ethylenediamine Schiff bases /	Assran,Awatef Saad El-Dean Ahmed	Awatef Saad El-Dean Ahmed Assran	Qena :	2006 .	The aim of the present thesis is to study the spectral behavior and studies on complexes of some transition metal ions with [R-Benzaldehyde][o-h-acetophenone]ethylenediamine Schiff bases.		
2087	9418484	EFFECT OF CARBON CONTENT ON THE ELECTROCHEMICAL BEHAVIOUR OF SOME LOW CARBON STEELS AND THE EFFECT OF SOME ORGANIC CORROSION INHIBITORS IN ACIDIC MEDIA /	Wahdan,Mostafa Hassan	Mostafa Hassan Wahdan	Assiut :	1984 .	This thesis deals with the EFFECT OF CARBON CONTENT ON THE ELECTROCHEMICAL BEHAVIOUR OF SOME LOW CARBON STEELS AND THE EFFECT OF SOME ORGANIC CORROSION INHIBITORS IN ACIDIC MEDIA.		
2088	9418516	SYNTHESIS OF HETEROCYCLIC COMPOUNDS OF BIOLOGICAL INTEREST /	HARB,ABD EL-FATTAH ALI	ABD EL-FATTAH ALI HARB	CARIO :	1980 .	This thesis deals with the chemistry of 2-oxazolin-5-ones and their conversion to the corresponding 2-imidazolin-5-ones and 2-imidazolin-5-thiones.		
2089	9418532	CATALYTIC STUDIES ON MOLYBDENATE CATALYSTS /	HALAWY,SAMIH AHMED HUSSEIN	SAMIH AHMED HUSSEIN HALAWY	QENA :	1989 .	THE MAIN OBJECTIVE OF THE WORK PRESENTED IN THIS THESIS WAS TO COLLECT KNOWLEDGE ABOUT SOME ASPECTS CONCERNING THE PREPARATION AND CHARACTERIZATION OF PURE MOLYBDENUM OXIDE, FERRIC OXIDE AS WELL AS MOLYBDENUM OXIDE DOPED AND MIXED WITH DIFFERENT MOLAR PERCENTAGES OF Fe +3 ions, as catalysts for the decomposition of isopropanol, and the electrical properties of these catalysts in relation to their catalytic behaviour.		
2090	9418544	HETEROGENEOUS CATALYTIC REACTION STUDIES ON CHROMIUM CATALYSTS /	El-Awad,Ahmed M. El-Said	Ahmed Mohamed El-Said El-Awad	Assiut :	1983 .	The present thesis includes a study on the chromium oxide catalyst pure or mixed with different foreign ions.		
2091	9418577	STUDIES ON I-THE SYNTHESIS OF SOME HETEROCYCLIC COMPOUNDS AND II-THE PREPARATION AND APPLICATION OF SOME NEW DISPERSE ANTHRAQUINONE DYES /	MANSOUR,MANSOUR ISMAIL Y.	MANSOUR ISMAIL Y MANSOUR.	Qena :	1978 .	THIS WORK IS DIVIDED INTO TWO PARTS. THE FIRST PART CARRIED OUT IN THIS PART INVOLVES STUDIES ON SOME HETEROCYCLIC COMPOUNDS OF THE OXAZOLIDINE AND THIAZOLIDINE GROUPS CONCERNING THEIR PREPARATION AND CHEMICAL BEHAVIOUR WITH THE AIM OF FORMATION OF BICYCLIC HETEROCYCLIC COMPOUNDS CONTAINING THE OXAZOLIDINE OR THIAZOLIDINE MOIETY. THE SECOND PART DEALS WITH THE HYDROXYMETHYLATION REACTIONS FOR ANTHRAQUINONE NUCLEUS.		
2092	9418611	SYNTHESIS AND CHARACTERIZATION OF SOME NEW HETEROCYCLIC SULPHUR COMPOUNDS OF BIOLOGICAL INTEREST	ZAIED,SALEM EL-GOHARY SALEM	FACULTY OF SCIENCE,AL-AZHAR UNIVERSITY	CAIRO ,EGYPT	1976	The Scope of this study is SYNTHESIS AND CHARACTERIZATION OF SOME NEW HETEROCYCLIC SULPHUR COMPOUNDS OF BIOLOGICAL INTEREST		
2093	9418651	POLAROGRAPHIC AND POTENTIOMETRIC STUDIES ON THALLIUM IONS IN PRESENCE OF SOME ORGANIC ACIDS /	Ahmed,Ensaf Abo-El-Kassim	Ensaf Abo-El-Kassim Ahmed	Assiut :	1984 .	Thallium(III) has a marked tendency to form complexes with several ligands.		
2094	9418653	Studies on the electrochemical behavior of some alloys in aqueous solutions /	Ibrahim,Basheer Mohamed Mohammed	Basheer Mohamed Mohammed Ibrahim	Qena :	2004 .	The present study aimed to study the electrochemical behavior of some alloys in aqueous solutions. This investigation includes five main parts. These parts were done in the chemistry department, South Valley University, Egypt.		
2095	9418655	PHYSICO-CHEMICAL ADSORPTIVE AND CATALYTIC STUDIES ON ACTIVATED CARBONS OBTAINED FROM PEANUT SHELLS /	EL-DARRAT,FATMA EL-SADEQ MOKHTER	FATMA EL-SADEQ MOKHTER EL-DARRAT	ASSIUT :	2003 .	LOCALLY AVAILABLE LOW-COST AGRICULTURAL BY-PRODUCTS ARE ECONOMICALLY AND ENVIRONMENTALLY POTENTIAL MATERIALS AS FEEDSTOCKS FOR THE PRODUCTION OF HIGH GRADE ADSORBING CARBONS.		
2096	9418658	PHYSICO-CHEMICAL STUDIES ON SOME NUCLEOSIDES AND NUCLEOTIDES. /	ABDEL-HAMID,MERVAT IBRAHIM.	MERVAT IBRAHIM ABDEL-HAMID,	ASSIUT :	1983 .	THE PRESENT WORK IS DEVOTED TO STUDY SOME OF PHYSICO-CHEMICAL PROPERTIES OF SOME NUCLEIC ACID COMPONENTS.		
2097	9418673	STUDIES ON TERNARY METAL COMPLEXES OF SOME BENZOIC ACID DERIVATIVES AND AMINO ACIDS /	ISMAIL,NABWIA MAHMOUD	NABWIA MAHMOUD ISMAIL,	SOHAG :	1989 .	THIS WORK IS TO STUDY THE TERNARY COMPLEXES OF THE SYSTEMS BENZOIC ACID DERIVATIVES AS PRIMARY LIGANDS AMINO ACIDS AS SECONDARY LIGANDS.		

2098	9418681	Screen-printed electrodes for the determination of some anions /	Basry,Abo El-Hagag Abd El-Gawad Hussein	Abo El-Hagag Abd El-Gawad Hussein Basry	Qena :	2004	The present work is aimed to determine some anions (sulphite,thiosulphate,sulphide,nitrite,nitrate and iodide)using screen-printed electrodes(Au/Au/Pt,C/Pt and Pt/Pt)in presence of some mediators Potassium Hexacymethylferrocene (III),Potassium Ferrocyanide (II),mhydroxymethylferrocene,N-methylphenazonium Methosulphate,4-Methylamino)phenol sulphate and iodine.		
2099	9418689	SYNTHESIS AND BIOLOGICAL ACTIVITY OF SOME HETEROCYCLIC COMPOUNDS RELATED TO PYRIMIDINE NUCLEUS /	Taher,Fathia Karani Mohamed	Fathia Karani Mohamed Taher	Assiut :	1984	The starting material 6-amino-2,4-dihydroxypyrimidine(I) used throughout all this investigation was all prepared.		
2100	9418697	ELECTROANALYTICAL STUDIES OF SOME METAL IONS IN THE PRESENCE OF MIXED LIGANDS /	MAIELA,MAHMOUD KHODARI	MAHMOUD KHODARI MAIELA	ASSIUT :	1990	THE PYRUVIC ACID HAS A SPECIAL IMPORTANCE IN MEDICINE AND BIOLOGY.THE COMPLEX EQUILIBRIA INVOLVING THE INTER-ACTION BETWEEN METAL IONS AND PYRUVIC ACID IN THE PRESENCE OF OTHER BIOLOGICALLY IMPORTANT LIGANDS ARE SCARCELY STUDIED.THIS WORK IS AIMED TO INVESTIGATE SUCH TYPES OF EQUILIBRIA USING POTENTIOMETRY (PH-METRY), DIRECT CURRENT PALAROGRAPHY AND DIFFERENTIAL PULSE POLAROGRAPHY.		
2101	9418708	THE MOLECULAR DESIGN AND OPTICAL CHARACTERISATION OF SOME NOVEL CONDENSED AND BRIDGE HEAD HETEROCYCLIC QUNONE DYES /	GOMAA,MAHA MOBARUK	MAHA MOBARUK GOMAA	qena :	2001	IT IS OF INTERESTING TO OBVIOUS THAT THE IMPROVEMENT AND CREATION OF QUINONE AND CYANINE DYES AT MANY WAVELENGTHS FOR MULTI-SPECTRAL DETECTION OR ABSORPTION LIGHT SENSITIVITY,AS ACRITERION FOR THE PHOTOSENSITIZATION EFFECT		
2102	9418709	STUDIES IN METAL COMPLEXES OF AMINO ACIDS AND THEIR SCHAFF BASES WITH SALICYLADEHYDE /	ABDEL MAUWGOUD M ABDEL MAUWGOUD	ABDEL MAUWGOUD M ABDEL MAUWGOUD	ASSIUT :	1981	STUDIES IN METAL COMPLEXES OF AMINO ACIDS AND THEIR SCHAFF BASES WITH SALICYLADEHYDE.		
2103	9418715	Recent prospective and trends in chemistry of some novel photosensitizer's heterocyclic dyes /	Hassan,Naglaa Salah El-Deen Mohamed	Naglaa Salah El-Deen Mohamed Hassan	Aswan :	2004	It is of interesting to improve the preparation and shed some light upon facile synthetic process of some new N-bridg head heteropolycyclic ylide salt and/or heterocyclic metal chelate without using quaternary reagents.		
2104	9418719	CHEMICAL EFFECTS OF (n,.) REACTIONS IN SOLID /	MAHFOUZ,REFAAT MOHAMED	REFAAT MOHAMED MAHFOUZ	Assiut :	1983	The aim of this thesis is CHEMICAL EFFECTS OF (n,.) REACTIONS IN SOLID		
2105	9418724	ELECTROANALYTICAL STUDIES ON THE DETERMINATION OF TETRACYCLINE AND STABILITY CONSTANTS OF ITS COMPLEXES WITH SOME METAL IONS /	ALI,AZZA MOHAMMAD MOHAMMAD	AZZA MOHAMMAD MOHAMMAD ALI	ASSIUT :	1990	THE TETRACYCLINE FAMILY IS WIDELY USED AS AN ANTIBIOTIC IN THE TREATMENT OF INFECTIOUS DISEASES. TETRACYCLINES ARE CONSIDERED AS BACTERIOSTATIC (GROWTH INHIBITING) AGENTS .THE INVESTIGATIONS OF THE COMPLEX EQUILIBRA BETWEEN TETRACYCLINES AND METAL IONS USING DIFFERENT TECHNIQUES ARE BENEFICIAL IN THESE ASPECTS.		
2106	9418725	STUDIES ON THE KINTICS OF REDUCTION OF SOME PRA HYDROXYAZOBENZENE DERIVATIVES AND THEIR LOW ENEGY TRANSITION IN THE VISIBLE REGION /	HAMED ,MAHER MOHAMED AHMED	MAHER MOHAMED AHMED HAMED	ASSIUT :	1981	STUDIES ON THE KINTICS OF REDUCTION OF SOME PRA HYDROXYAZOBENZENE DERIVATIVES AND THEIR LOW ENEGY TRANSITION IN THE VISIBLE REGION		
2107	9418733	STUDIES ON THE SYNTHESIS AND APPLICATION OF SOME NEW DIARYLSULPHIDE AND DIARYLSULPHONE DERIVATIVES CONTAINING HETEROCYCLIC MOIETIES /	Kandeel,Maymona Mohamed	Maymona Mohamed Kandeel	Assiut :	1985	The main objective of the studies describes in this thesis involves the synthesis of some new diarylsulphides and diarylsulphones containg six classes of heterocyclic systems and to evaluate their chemical and biological properties.		
2108	9418735	SYNTHESIS AND REACTIONS OF SOME 3-(HETERO ARYL)-1,3-OXOPROPANE NITRILE DERIVATIYES /	SOLIMAN,AHMED MOHAMED MOHAMED.	AHMED MOHAMED MOHAMED SOLIMAN.,	SOHAG :	1990	THE PRESENT WORK DEALS WITH THE SYNTHESIS AND REACTIONS OF SOME 3-HETEROAROY1-1,3-0X0-PROPANENITRILE DERIVATIVES WITH DIFFERENT REAGENTS AND UNDER DIFFERENT REACTION CONDITIONS.		
2109	9418737	SYNTHESIS AND CHARACTERISTICS OF SOME SOLID RARE EARTH METALS-2,2-DIPYRIDYLAMINE COMPLEXES /	EL TAYEB,THANAA IBRAHIM EL-DESOKY M	THANAA IBRAHIM EL-DESOKY M EL TAYEB	ASWAN :	1991	THE WORK RECORDED IN THIS THESIS DEALS WITH THE SYNTHESIS AND CHARACTERIZATION OF SOME NEW SOLID 2,2-DIPYRIDYLAMINE-RARE EARTH METAL COMPLEXES.		
2110	9418743	DETERMINATION OF SOME TRACE ELEMENTS IN THE SEDIMENTS OF THE HIGH DAM LAKE /	MOALLA,SAYED MOHAMED NOUR EL DIN	SAYED MOHAMED NOUR EL DIN MOALLA	ASWAN :	1990	THE PRESENT THESIS DEALS WITH THE DETERMINATION OF SOME MAJOR ,MINOR AND TRACE ELEMENTS IN THE MUD SEDIMENTS OF THE HIGH DAM LAKE COLLECTED FROM THE MAIN STREAM,AND THE EASTERN AND WESTERN BEACHES EXTENDING BETWEEN THE HIGH DAM WALL IN THE MOST SOUTHERN PART OF EGYPT AND EL DAKKA IN THE NORTHERN PART OF THE SUDAN.THIS WORK IS EXTENDED ALSO TO ESTIMATE THE RELATIVE CONTENTS OF THE DIFFERENT SIZE PARTICLES AND CLAY MINERALS IN THE LAKE SEDIMENTS.		
2111	9418745	COMPLEXATION EQUILIBRIA AND ANALYTICAL APPLICATIONS OF THE REACTION OF QUINIZARIN GREEN AND ALIZARINE MAROON WITH SOME METAL IONS /	Sedaira,Hassan Sedaira M	Hassan Sedaira Mohamed Sedaira	Assiut :	1985	The present thesis involves an analytical study of the complexation equilibria in solution of 1,4-bis (4-methylanilino) anthraquinone(quinizarin green,QG) and 3- amino -1,2-dihydroxyanthraquinone (alizarin maroon,azm).		
2112	9418750	SPECTRAL BEHAVIOUR AND COORDINATION PROPERTIES OF SOME ARYLAZOPYR AZOLOPYRIDINE DERIVATIVES /	RAGEH,NASR MANSOUR M	NASR MANSOUR M RAGEH	QENA :	1992	THE SCOPE OF THIS THESIS IS TO PRESENT ASTUDY ON THE TAUTOMERIC STRUCTURES,SPECTRAL CHARACTERISTICS AND SOME HYDROXY-AZOPYRAZOLOPYRIDINE DERIVATIVES		
2113	9418753	PHYSICO-CHEMICAL STUDIES ON SOME HETEROCYCLIC AZOPYRAZOLONS /	HAMODA,NADIA AHMED ABD ALLA	NADIA AHMED ABD ALLA HAMODA	ASWAN :	1989	THE AIM OF THE PRESENT WORK IS TO INVESTIGATE SPECTRAL PROPERTIES OF SOME AZOPYRAZOLIN-5-ONES.THE ELECTRONICSPECTRAL BEHAVIOUR OF THESE COMPOUND ARA STUDIED IN DIFFERENT PURE ORGANIC SOLVENTS,IN MIXED ORGANIC SOLVENTS AND IN BUFFER SOLUTIONS.THIS STUDY IS CONSIDERED TO THROW MORE LIGHT ON THE INTECTIONS LIABLE TO OCCUR BETWEEN SOLUTE AND SOLVENT MOLECULES.IT IS AIMED TO CALCULATE THE IONISATION CONTANT OF SUCH COMPOUNDS.		

2114	9419182	DRESSING AND SEPARATION OF SOME METALS PRESENT IN MAZOUT THERMAL STATIONS ASH /	El-maghraby, Abdelkader Mohamed.	Abdelkader Mohamed El-maghraby,	ASWAN : 1994 .	VANADIUM IS VERSATILE METAL, ITS IMPORTANCE IN THE METALLURGICAL INDUSTRY STEMS FROM ITS ABILITY TO FORM A VARIETY OF ALLOYS WITH ELEMENTS LIKE IRON, NICKEL, COPPER, ALUMINUM, TIN AND TITANIUM. VANADIUM AS A FRACTIONAL ADDITIVE IN THE RANGE OF 0.25-2% IS ADDED TO IMPROVE THE RESISTANCE, SHOCKS AND STREEL.		
2115	9419194	SEASONAL PHYSICAL AND CHEMICAL COMPONENTS EXCHANGE BETWEEN WATER AND SEDIMENTS IN ASWAN HIGH DAM-ASWAN DAM AREA /	Koraïem, Mostafa Amin.	Mostafa Amin Koraïem,	aswan : 1994 .	NOWADAYS, THE NILE WATER IS COMPLETELY , REGULATED AND FULLY UTILIZED. THE MANAGEMENT OF THE RIVER IS MAINLY BASED ON IRRIGATION AND HYDROPOWER DEMANDS, WHILE WATER QUALITY AND RIVER ENVIRONMENT HAVE BEEN COMPLETELY IGNORED.		
2116	9419208	URANYL, THORIUM, COPPER AND NICKEL COMPLEXES WITH SOME ARYL AZO ACETYL ACETONES /	Ahmed, Mahasen Mohammed.	Mahasen Mohammed Ahmed,	aswan : 1994 .	THE AIM OF THE PRESENT WORK IS TO INVESTIGATE THE SPECTRAL PROPERTIES OF SOME ARYL AZO ACETONE. FOR THIS PURPOSE THE ELECTRONIC SPECTRAL BEHAVIOUR OF THESE COMPOUNDS ARE STUDIED IN DIFFERENT PURE ORGANIC SOLVENT AND IN BUFFER SOLUTIONS OF DIFFERENT PHs.		
2117	9419243	KINETICS STUDIES ON THE DISSOLUTION OF COPPER AND ZINC IN PRESENCE OF DEPOLARIZERS AND LIGANDS /	EL-KHATIB, RAFAT MOHAMAD AHMED	RAFAT MOHAMAD AHMED EL-KHATIB .	SOHAG : 1993 .	THIS THESIS IS CONCERNED WITH PHYSICO-CHEMICAL STUDIES ON THE INTERACTION BETWEEN METALS (CU AND ZN) AND BOTH OF LIGANDS (GLYCINE, LEUCINE, α -ALANINE, B-ALANINE, ETHYLENEDIAMINE (EN), DIETHYLENTRIAMINE (DIEN)).		
2118	9419244	STUDIES ON THE ELECTROCHEMICAL BEHAVIOUR OF BRASS ALLOYS IN AQUEOUS SOLUTIONS /	Zaky, Ayman Mohamed.	Ayman Mohamed Zaky,	qena : 1994 .	IN THE PRESENT WORK, SYSTEMATIC STUDIES ON THE ELECTRODEPOSITION OF PURE COPPER, ZINC AND BRASS ALLOYS FROM ALKALINE CITRATE BATHS WERE MADE UNDER DIFFERENT EXPERIMENTAL CONDITIONS AS BATH COMPOSITION, CURRENT DENSITY AND TEMPERATURE- THIS INVESTIGATION INCLUDES THE STUDY OF THE EFFECT OF THESE FACTORS ON THE CATHODIC CURRENT EFFICIENCY, CATHODIC POLARIZATION AND STRUCTURE OF THE DEPOSIT.		
2119	9419293	SYNTHETIC STUDIES AND REACTION OF SOME HETEROCYCLIC /	Younes, Ahmed Mohamed Mosallam	Ahmed Mohamed Mosallam Younes,	qena : 1993 .	THE AIM OF THIS WORK IS TO STUDY THE ACTION OF SOME NUCLEOPHILES HAVING MORE THAN ONE FUNCTIONAL GROUP AND/OR SOME SECONDARY AMINES ON 4-ARYLDENE-3-METHYL-1-PHENYL 1-2-PYRAZOLIN-5-ONE.		
2120	9419317	SPECTRAL AND POLAROGRAPHIC STUDIES ON SOME TRANSITION METAL COMPLEXES OF SULPHUR-NITROGEN CONTAINING LIGANDS /	El-Said, Asma Ibrahim	Asma Ibrahim El-Said .	Assiut : 1987 .	The present thesis deals with the preparation and characterization of a range of mixed ligand complexes of dithioacids.		
2121	9419374	STUDIES ON PYRAZOLONE BLUE AND 3-METHYL -1-PHENYL-2-PYRAZOLIN -4,5-DIONE /	MAHMOUD, ALY HUSSEIN ATTA	ALY HUSSEIN ATTA MAHMOUD .	QENA : 1992 .	OWING TO THE GREAT IMPORTANCE OF PYRAZOLONE COMPOUNDS DUE TO THEIR WIDE APPLICATIONS FOR BIOLOGICAL FIELDS AND INDUSTRIAL USES WE AIMED TO SYNTHESIZE SOME NEW HETEROCYCLIC COMPOUNDS FROM THE PYRAZOLONE SERIES HOPING THAT SUCH NEW COMPOUNDS WILL HAVE CERTAIN BIOLOGICAL EFFECTS OR OTHER APPLIED USES		
2122	9419413	PHYSICAL PROPERTIES OF SOME SOLID ORGANOMETALLIC COMPLEXES OF SOME LANTHANIDES /	Gad, Aleya Abd El-Moniem M	Aleya Abd El-Moniem Mohamed Gad .	Assiut : 1987 .	The thesis deals PHYSICAL PROPERTIES OF SOME SOLID ORGANOMETALLIC COMPLEXES OF SOME LANTHANIDES.		
2123	9419446	synthesis and reactions of some functionalized nitrogen and/or sulfur heterocyclic containing compounds /	Ahmed, Salwa Mohamed	Salwa Mohamed Ahmed .	Aswan : 2005 .	The present work study aimed to Acetamido derivatives, in general, have been found to possess fungicidal and herbicidal activities. In addition, substituted amides in which aimed-H has been substituted with heterocyclic moiety have been used as potential local anaesthetics .		
2124	9419458	SYNTHETIC AND APPLICATION STUDIES ON SOME NEW HETEROCYCLIC SYSTEMS RELATED TO ANILIDES /	BAYOUMY, BASHAR EL SAYED	BASHAR EL SAYED BAYOUMY .	ASSIUT : 1982 .	SYNTHETIC AND APPLICATION STUDIES ON SOME NEW HETEROCYCLIC SYSTEMS RELATED TO ANILIDES.		
2125	9419488	PHYSICO-CHEMICAL STUDIES ON COMPLEXES OF SOME TRANSITION METALS WITH CARBOXYLIC ACIDS /	MABROUK, EL-SAYED MAHMOUD.	EL-SAYED MAHMOUD MABROUK,	Assut : 1978 .	THE PRESENT THESIS INCLUDES A PHYSICO-CHEMICAL STUDIES ON THE COMPLEXES OF SOME TRANSITION ELEMENTS VIZ CU+2, CR+3 AND FE+3 WITH SOME UNSATURATED ORGANIC ACIDS MALEIC, FUMARIC, CROTONIC AND ACRYLIC BEING FORMED IN SOLUTION.		
2126	9419505	ELECTROANALYTICAL STUDIES ON SOME ANTIDEPRESSANT DRUGS /	NOUR EL-DIN, HANAN SALH EL-DIN	HANAN SALAH EL-DIN NOUR EL-DIN .	KENA : 1995 .	THE tricyclic antidepressants imipramine and desipramine are the most widely used drugs for the treatment of depression.		
2127	9419552	N-DEALKYLATION OF TERTIARY AROMATIC AMINES BY PHOTOEXCITED NITROAROMATIC COMPOUNDS /	ABD EL LATIF, FAWI M. EL SOGAIER	FAWI M. EL SOGAIER ABD EL LATIF .	ASWAN : 1990 .	OXIDATIVE N-DEALKYLATION OF AROMATIC TERTIARY AMINES WAS THE PRINCIPAL AND GENERAL AIM OF THIS STUDY. THUS, FUSED PHOTOEXCITED NITROAROMATIC COMPOUNDS ACCEPTORS WERE SELECTED TO REACT WITH AROMATIC TERTIARY AMINE DERIVATIVES 1a, i, resulting both their dealkylated and reduction products. photolysis reactions were carried out in benzene in presence of nitrogen or argon gases.		
2128	9419564	Recent trends on synthesis of some new heterocyclic compounds and solvato chromic photoabsorbers as extracted phyto-pigment like /	El-Baga, Narieman Yousif Mahmoud	Narieman Yousif Mahmoud El-Baga .	Aswan : 2005 .	In this work, efforts were made to prepare and develop the chemistry and reaction of quinoline ring, which has medicinal, biological properties and application of new groups of heterocyclic compounds.		
2129	9419573	Synthesis of Fused Azoles Via the Reaction of Functionally Substituted N-Heterocyclic With Some Dipoles /	Selim, Maghraby Aly	Maghraby Aly Selim .	Aswan : 1986 .	The object of this thesis is Synthesis of Fused Azoles Via the Reaction of Functionally Substituted N-Heterocyclic With Some Dipoles.		
2130	9419680	INVESTIGATION OF GAMMA IRRADIATION EFFECTS ON THE PHYSICO-CHEMICAL PROPERTIES OF MIXED OXIDES /	Abu El-Futooh, Ehsan Ahmed	Ehsan Ahmed Abu El-Futooh .	Assiut : 1983 .	The present investigation comprises a study of the effect produced by γ -irradiation for Fe ₂ O ₃ -MgO and CoO-Cr ₂ O ₃ systems.		
2131	9419684	SYNTHESIS OF SOME NEW HETEROCYCLIC COMPOUNDS RELATED TO PYRIDO 2,3-D PYRIMIDINES AND SOME C-NUCLEOSIDES /	AHMED, RAGAA ABO EL-WAFA	RAGAA ABO EL-WAFA AHMED .	ASSIUT : 1989 .			

2132	9419747	Analytical studies on serval anticancer drugs and their applications /	Abd El-Moneim,Deia El-Din Abd El-Hady	Deia El-Din Abd El-Hady Abd El-Moneim	Assiut : 2005 .	The present thesis deals with the voltammetric,electrophoretic and chromatographic studies of serval anticancer drugs and their applications in bibliocations in biological fluids or pharmaceuticals.		
2133	9419764	THESIS ON PROPERTIES AND CATALYTIC OF HETEROGENEOUS MIXTURES OF V2 O2 WITH Fo2 O3 Co3 O4 AND NIO /	SAID,ABDEL AZIZ	ABDEL AZIZ SAID	ASSIUT : 1981 .	THESIS ON PROPERTIES AND CATALYTIC OF HETEROGENEOUS MIXTURES OF V2 O2 WITH Fo2 O3 Co3 O4 AND NIO.		
2134	9419830	STUDIES ON SPECIAL AND ACID BASE PROPERTIES AND META COMPLEXES OF SOME AZO IMIDAZOLE DYES /	IBRAHIM, SAID AHMED	SAID AHMED IBRAHIM	ASSIUT : 1982 .	STUDIES ON SPECIAL AND ACID BASE PROPERTIES AND META COMPLEXES OF SOME AZO IMIDAZOLE DYES.		
2135	9419883	Physico-Chemical studies on some new synthesized heterocyclic schiff's basses as entity to cyanine dye derivatives /	Mossaed,Taghreed Mahmoud Hussien	Taghreed Mahmoud Hussien Mossaed	Aswan : 2005 .	The main part in this thesis is the kinetics of formation and hydrolysis of the prepared schiff bases and cyanine dye dervatives incorporating the effect of the moelcular structure and solvents on the reaction rate,the thermodynamic parameters were determined.		
2136	9419999	Synthesis of some new biologically important pyridine and pyrimidine compounds containing a thiophene nuclues /	Al-Hazmi,Ahmed Ali Ahmed	Ahmed Ali Ahmed Al-Hazmi	Assiut : 2006 .	Aim of work: Thienopyridines are known to possess a variety of biological activities;They showed antibacterial and antifungal activities,antianaphylatic and antihistaminic activity.Also have found uses as herbicides and component of antibiotics.		
2137	9420001	attenuation of the cardio	a.e.m,ahmed mohamed ahmed	ahmed mohamed ahmed a.e .m	qena : 1996 .	the aime of the study were attempt to attenuate the cardiovascular reponse of ketamine by using lignocaine when katamine used in dose of 2 mg kg.		
2138	9420004	PHYTOCHEMICAL STUDIES ON SOME EGYPTIAN PLANTS GROWING IN ASWAN /	ABU-DOOH,AHMED MOHAMMED	AHMED MOHAMMED ABU-DOOH	ASSIUT : 1989 .	THE WORK DESCRIBED IN THIS THESIS HAS BEEN UNDERTAKEN WITH THE OBJECTIVE OF SEARCHING FOR NATURALLY OCCURRING SUBSTANCES OF POTENTIALLY BIOLOGICAL ACTIVITIES OF EGYPTIAN FLORA GROWING IN UPPER EGYPT AT ASWAN.THROUGH THIS INVESTIGATION,USEFUL INFORMATIONS WERER DERIVED FROM THE APPLICATION OF THE MODERN TECHNIQUE OF THIN -LAYER CHROMATOGRAPHY AND SPECTRAL MEASUREMENTS SUCH AS U.V.,I.R.,M.S. AND N.M.R.		
2139	9420216	SYNTHESIS AND REACTIONS OF HETEROCYCLIC SYSTEMS CONTAINING CINNOLINE MOIETY /	DAHY,ABDEL RAHMAN ABDEL MONEM.	ABDEL RAHMAN ABDEL MONEM DAHY,	ASSIUT : 1998 .	THE OBJECT OF THE PRESENT WORK IS THE SYNTHESIS OF SOME NEW HETEROCYCLIC SYSTEMS CONTAINING THE PYRIDO[3,2-C]CINNOLINE MOIETY FUSED WITH OTHER HETEROCYCLIC SYSTEMS,NAMELY;THIOPHENE,PYRAZOLE THIENOPYRIMIDINE,TRIAZOLOTHIENOPYRIMIDINE AND OTHER CINNOLINE DERIVATIVES.		
2140	9420340	STUDIES ON SYTHESIS OF SOME HETEROCYCLIC COMPOUNDS THROUGH MOLECULAR REARRANGEMENTS /	Attalla,Ahmed Abdel-Naiem	Ahmed Abdel-Naiem Attalla	Assiut : 1987 .	In the course of the work undertaken by Badr et al. during molecular rearrangement studies, several heterocyclic compounds of the acridine, carbazole, indence, benzoxazole, phenoxazine, and xanthene groups have been reported to be formed by pyrolysis or photolysis of some molecules.		
2141	9420382	Voltametric studies on some xanthine derivatives at the mercury electrode /	Kawde,Abd-Elnasser Metwally Aly.	Abd-Elnasser Metwally Aly Kawde.	Assiut : 1996 .	The persent study aimed to Voltametric studies on some xanthine derivatives at the mercury electrode.		
2142	9422004	SYNTHESIS OF NEW AZO DERIVATIVES AS POTENTIALS /	RASLAN,MOHAMED ABD EL MONEM M	MOHAMED ABD EL MONEM M RASLAN	ASWAN : 1994 .	STUDIES WITH POLYFUNCTIONALLY SUBSTITUTED HETEROAROMATICS:4-BENZYLIDENE-2-PHENYL-2-OXAZOLIN-5-ONE AS PRECURSOR FOR THE SYNTHESIS OF PYRAZO 10[1,5-A] PYRIMIDINES,OXAZOLES AND PYRROLOPYRIDINE DERIVATIVES		
2143	9422359	SYNTHESIS AND COLOUR-CHEMICAL STRUCTURE RELATIONSHIP OF SOME NEW SOLVATOCHROMIC CYANINE DYES /	HASSAN ,ABAZIED T SHINDY	ABAZIED T SHINDY HASSAN	ASWAN : 1993 .	THE AIM OF THE WORKEN COMPASSED IN THIS THESIS IS THE PREPARATION OF NEW SOLVATOCHROMIC(SOLVAT OF LUOROCHROMIC)UNSYMMETRICAL AND SYMMETRICAL CYANINE DYES INCORPORATING FUSED BENZOBINETEROCYCLIC(BENZOBIHETEROCY QUINONE)MOIETIES		
2144	9422509	PHYSICO-CHEMICAL STUDIES ON TRANSITION METAL COMPLEXES N,O DONOR LI GANDS /	AHMED,HUSSEIN MOHAMED EL-SAGHER	HUSSEIN MOHAMED EL-SAGHER AHMED	SOHAG : 1992 .	THE PRESENT THESIS INCLUDES SYNTHETIC AND STRUCTURAL STUDIES OF SOME TRANSITION METAL COMPLEXES OF PENDANT-ARM TRIAZAMACROCYCLIC LIGANDS		
2145	9422680	STABILITY AND EQUILIBRIA STUDIESON COMPLEXES OF SOME HETEROCYCLIC COMPOUNDS /	IBRAHIM,ASMAA ABD ELAZIZ	ASMAA ABD ELAZIZ IBRAHIM	ASWAN : 1992 .	IN MANY CASES,STABLE MOLECULES WERE FOUND TO INTERACT TO FOM ASSOCIATED SPECIES CALLED MOLECULAR CHARGE-TRANSFER DONOR-ACCEPTOR COMPLEXES		
2146	9422918	THE SURFACE TEXTURE OF METAL OXIDES PREPARED VIA AL KOXIDES /	KHALIL,KAMAL MOHAMED SAYED	KAMAL MOHAMED SAYED KHALIL	SOHAG : 1994 .	ALKOXIDES OF METALS HAVE BEEN ATTRACTING INCREASING ATTENTION DURING THE LAST DECADE,AS PRECURSORS FOR OXIDE CERAMICS BY NOVEL SOL-GEL PROCESSING		
2147	9423738	surface treatment of stainless steel using plasma and ion based techniquis= معالجة أسطح= الفولاذ باستخدام تكنولوجيا البلازما والقذف بالأيونات	abd el-rahman,ahmed mohamed m.m	ahmed mohamed m.mabd el-rahman	Sohag : 2004 .	surface modifications of materials can be provide resistance to heat,wear,and/or corrosion,as well as unique surface characterisics to be suitable for arange of applications.		
2148	9423749	PREPARATION AND PHYSICAL PROPERTIES OF SOME INDIUM AND TELLURIUM SEMICONDUCTORS COMPOUNDS /	SEBAG,MOHAMED ABDEL FATAH MOHAMED EL SOGHAIR	MOHAMED ABDEL FATAH MOHAMED EL SOGHAIR SEBAG,	QENA: 2002 .	inrecent year,the semiconductor compounds from the group A B V1 have been the subject of intensive investigations this is dueto their promising properties.		
2149	9423828	STUDIES ON THE ELECTROCHEMICAL OXIDATION OF AL AND AL-MN ALLOY IN DIFFERENT MEDIA /	ABOU-KRISHA,MORTAGA MOHAMED MOUSTAFA	MORTAGA MOHAMED MOUSTAFA ABOU-KRISHA	assiut : 1992 .	PASSIVE ANODIC FILM ORMED ON METALS BY ANODIC OXIDATION USING ALTERNATING CURRENT PLAYS A GREAT ROLE IN THE INHIBITION OF THEIR DISSOLUTION. SO THE PRESENT STUDY WAS FOCUSED TO THROW SOME LIGHT ON THE ANTICORROSIVE PROPERTIES OF THESE FILMS ON AL AND AL-MN ALLOY USING DEVELOPED MYLIUS METHOD,HYDROGEN EVOLUTION METHOD ,THE NEWLY SUGGESTED CONDUCTANCE METHOD AND SOME OTHER TESTS.		
2150	9423866	Studies on Molecular and Transition Metal Complexes of Some Azomethine Derived From Anthranilic Acid /	El-Gahami,Mohamed Abdel-Hakim Ahmed	Mohamed Abdel-Hakim Ahmed El-Gahami	Assiut : 1988 .	The scope of the present thesis is to study the complexes of some bivalent transition metal ions viz Cu(II), C(II) and Ni(II) with some Schiff basaes derived from anthranilic acid as ligand.		

2151	9423898	INTEGRATED CONTROL OF TWO MOSQUITO SPECIES AEDES AEGYPTI AND CULEX ANNULIROSTRIS=المكافحة المتكاملة لئوعين البعوض أيدس إيجيبتى وكوليكس أنوليروستريس	shaalan,essam abdel-salam abdel-haleem	essam abdel-salam abdel-haleem shaalan,		2005	the study involved also efficacy of two predaceous insects against immature stages of cx.annulirostris in different habitats.		
2152	9423914	SYNTHESIS AND REACTIONS OF SOME COUMARIN DERIVATIVES /	ABD ALLAH,HMAYMA ABD EL-AZIZ ABD EL-LATIF	HOMAYMA ABD EL-AZIZ ABD EL-LATIF ABD ALLAH	sohag :	1995	this work aims at the synthesis of new compounds structurally related to biologically active benzopyran derivatives searching for compounds of better biological activity.		
2153	9423973	TERNARY COMPLEXES OF (II),Ni(II),CU(II)-AMINO ACIDS-HETEROCYCLIC BASES /	ABDEL-RAHMAN,LAILA HAMDAN	LAILA HAMDAN ABDEL-RAHMAN	SOHAG :	1995	IN THES THESIS AIMED TO TERNARY COMPLEXES OF (II),Ni(II),CU(II)-AMINO ACIDS-HETEROCYCLIC BASES		
2154	9423983	cycloaddition of metal oxyallyl cations to anthracenes /	sarhan,abdel-wareth abdel-haleem osman	abdel-wareth abdel-haleem osman sarhan	assiu :	1994	seven-membered carbocycles are an important class of organic compounds that are of practical and theoretical interest. they are more elusive and have been studied less than their lower homologs,probably because of entropy reasons ,ring strain ,and synthetic difficulties.		
2155	9424012	SYNTHESIS OF SOME POLYF USED HETEROCYCLES RELATED TO QUINOLINE /	Hassan,Abdel Rahem Ali	Abdel Rahem Ali Hassan,	assuit :	1994	THE AIME OF THE WORK THIENO- AND PYRAZOLO QUINOLINE DEVATIVES ARE KNOW TO BE BIOLOGICALLY ACTIVE.SOME THIENO-QUINOLINES ARE KNOWN TO BE BACTERICIDAL AGENTS 55.OTHER ARE FOUND TO POSSESS ANTITUMOR POTENCY . TETRAHYDROPYRIMIDO [4,5:4,5] THIENO [2,3-B] QUINOLINES ARE POTENTIALLY USEFUL AS ANTIAPHY LATIC, ANTI-FLAMMATORIES AND BACTERIOPHGE IN HIBITORS 36.SEYERAL PYRAZOLO QUINOLINE DERIVATIVES PROVED TO POSSESS AWIDE VARIETY OF THERAPEUTICAL INTERESTS 61,62,65,-71..		
2156	9424073	PHYSICO-CHEMICAL STUDIES ON THE CHELATES OF DIVALENT COPPER,NICKEL,COBALT AND MANGANESE WITH SOME 4-ARYL AZO-3,5-DIAMINOPYRAZOLES /	El-haty,Esam Yehia Tawfeek Aly	Esam Yehia Tawfeek Aly El-haty,	aswan :	1994	RESEARCH ON PYRAZOLE - DERIVED LIGANDS AND THEIR METAL COMPLEXES HAS BEEN SIMULATED BY ANUMBER OF FACTORS,SUCH AS THEIR INTERESTING PRACTICAL APPLICATION S. THESE LIGANDS HAVE FOUND INCREASING USE AS METAL EXTRACTANT (26-28) ,AND THEIR LANTHANON CHELATES HAVE FOUND APPLICATIONS EITHER NMR SHIFT REAGENTS (29-31),OR LASER TECHNOLOGY (32,33).		
2157	9424093	NEW COORDINATION CHEMISTRY WHITH 1,1- jeBIsdiphen phosphinoethena,and/or1,2-bisdispheny phosphino ethene	abd-el-salam,ahmed farouk	ahmed farouk abd-el-salam.	aswan. :	2005	The present study aimed to synthesize new coordination compounds of two ligands 1,1bis (diphenylphoino) ethene and 1,2bis (diphenylphoino)ethene wethene with M(CO)6 (where M=Cr,Mo and W)and M(CI)2 (M=Co,Ni and Cu)and hope to observe unusual chemistry as a direct consequence of CH2=C double bond being activated by the ph2(CO)2 moiety.		
2158	9431647	synthesis and applications of new disperse and acid dyes derived from 1,3,4-thiadiazole and quinazo line derivatives /	Abdel-aal,El-sayed Abedallah	El-sayed Abedallah Abdel-aal,	sohag :	1994	IN VIEW OF THE PRESENT INCREASING DEMANDS,AND INTEREST,BOTH LOCALLY AND ON THE INTERNATIONAL SCALE,FOR AZO DYES AND HETEROCYCLIC COUPLING COMPONENTS,THE PRESENT WORL IS AIMING TO : 1)-SYNTHESIS OF SOME NEW AZO DISPERSE AND ACID DYES DERIVE FROM 5-P-AMINOPHENYL)-1,3,4-THIADIAZOLE-Z-THEIL,6-AMINO-AND 7-AMINO- 1H,3H QUINAZOLINE -2,4- DION. 2) SYNTHESIS OF SOME HETEROCYCILC COUPLING COMPONENTS,4-HYDROXY-2 1H-QUINOLONE,4-HYDROXY-1-METHYL-Z 1H -QUINOLONE AND 3-METHY 1-1-PHENY 1-5-PYRAZOLORE.		
2159	9431660	STUDIES ON SOME HETEROCYCLIC COMPOUNDS	Ahmed,Amal Mahmoud	Amal Mahmoud Ahmed,	qena :	1991	THE AIME OF THIS THESIS IS THE SYNTHESIS OF SOME HETEROCYCLIC SYSTEM CONTAINING THREE FUSED NUCLEI AND CARRING SOME REACTINS ON THESE DERIVATIVES. THESE INCLUDE:A)PYRAZOLOPYRYLIUM SALTS. B)PYRAZOLO PYRIDINES.		
2160	9431692	SYNTHESIS AND STUDY OF SOME NEW ORGANIC HETEROCYCLIC COMPOUNDS	Taha,Mohamed Moubarak	Mohamed Moubarak Taha,	qena :	1992	IN CONTINUATION OF OUR WORK,ON SYNTHESIS OF SOME NEW HETEROCYCLIC SYSTEMS OF PROMISING BIOLOGICAL POTENTIALITY THE PRESENT INVESTIGATION UNDERTAKES THE STUDY OF THE SYNTHESIS AND CHNISTRY OF 2,3-DIHYDRAZINO QUINOXALINE MOIETY FUSED WITH OTHER HETERO RING SYSTEMS,NAMELY,TRIAZOLO,TETRAZOLO,TRIAZINE,AND OTHER QUINO-XALINE DERIVATIVES.		
2161	9431716	surgical anatomical studies on the appendages of the eye in camel, buffalo and donkey/	IBRAHIM, MOHAMED TAHA.	FACULTY OF VETERINARY MEDICINE,	ASSUIT UNIVE RSITY ;	1990	THIS WORK WAS CARRID OUT ON 5SKULLS, 10HEADS AND 50EYES WITH THEIR APPENDAGES OF EACH SPECIES INCLUDING DONKEY ,BUFFAIO AND CAMEL.		
2162	9431764	STUDIES ON BIRD SCHISTOSOMES IN ASSIUT GOVERNORATE/	SAYED, FATMA GALAL.	FACULTY OF VETERINARY MEDICINE,	ASSIU T UNIVE RSITY ;	1990	AVIAN SCHISTOSOMES ARE OF GREAT MEDICAL AND VETERINARY IMPORTANCE.		
2163	9431796	IDENTIFICATION OF INDICES OF VULNERABILITY TO VENTRICULAR ARRHYTHMIAS.	MERVAT, MOHAMED AHMED ATTIA	ATTIA MERVAT MOHAMED AHMED		2002	THE IDENTIFICATION OF PATIENTS AT RISK FOR SCD AND VENTRICULAR ARRHYTHMIS IN NON-INVASIVE WAY STILL REPRESENT AN IMPORTANT CLINICAL CHALLENGE.		
2164	9431829	COMPARATIVE STUDY BETWEEN FIBEROPTIC BRONCHOSCOPY AND CT-GUIDED PERCTUTANEOUS TRANSTHORACIC NEEDLE BIOPSY IN THE DIAGNOSIS OF MEDIASTINAL AND PLEUROPULMONARY LESIONS	MOHAMMDIN,AHMO UD HAMDY ALI	AHMOUD HAMDY ALIMOHAMMDIN,		1998	IN THIS STUDY, PERCUTANEOUS TRANSTHORACIC CT-GUIDED NEEDLE BIOPSY AND FIBEROPTIC BRONCHOSCOPE WERE USED TO ESTABLISH THE FINAL DIAGNOSIS IN 55 PATIENTSWITH SUSPICIOUS INTRATHORACICTUMOURS DURING THE PERIOD FROM JUNE1995 TO DECEMBER1996.		

2165	9431836	APPLICATIONS of KETENE-S,S-ACETALS OR CYCLOALKANE KETENES IN HETEROCYCLIC SYNTHESIS /	Mohamed,Eman Abdalla Ahmed	Eman Abdalla Ahmed Mohamed ,	sohag :	1994 .	THE WORK PRESENTED IN THIS THESIS DEALS WITH THE SYNTHESIS OF SOME NEW SPIRO HETEROCYCLIC RING SYSTEMS STARTING WITH TWO DIFFERENT TYPES OF REACTIVE IN-TERMEDIATES,VIZ.AHETEROCYCLIC KETENE N,O-ACETAL AS WELL AS THE A,B - UNSATURATED NITRILES.		
2166	9431843	postantal development and aging changes of the corpus straitum of the albino rat .	esam, salah kamel	salah kamel esam		2001	the corpus striatum is the largest component of the b ganglia that located within the depth of each cerebral hemisphere and is divided into caudate, putamen and globus pallidus nuclei asal		
2167	9432074	structural framework of the central eastern desert of egypt, using remote sensing techniques and ground data.	farghaly, abu deif mohamed abu deif	abu deif mohamed abu deif farghaly	Sohag	1999	the central eastern desert of egypt represents a very complicated part of crystalline rocks in egypt.the pan-african precambrian		
2168	9432347	CYTOKINES IN VITILIGO=	MOUSTAFA,MOHAMMED ABDEL-KAREEM	MOHAMMED ABDEL-KAREEM MOUSTAFA	sohag	2005	VITILIGO IS AN ACQUIRED,OFTEN DISFIGURING,PIGMENTARY ANOMALY OF THE SKIN MANIFESTED BY DEPIGMENTED PATCHES SURROUNDED BY NORMAL OR EVEN A HYPERPIGMENTED BORDER.		
2169	9432354	effect of the heavy metals cadmium and lead on embryogenesis and larval development of the teleost fish, ctenopharyngodon idellus.	lashein ,akhr el-din mostafa	Fakhr el-din mostafa lashein	sohag	1996	the present study included evaluation of the toxicological and histopathological effects of cadmium and lead on the embryonic and larval stages of the teleost fish.		
2170	9432488	INCIDENCE OF FUNGAL INFECTIONS AMONG PATIENTS WITH CHRONIC PLEURO-PULMONARY DISEASES=	AHMED,AZZA MAHMOUD	AZZA MAHMOUD AHMED	sohag	2001	THIS STUDY INCLUDED 42 PATIENTS WITH CHRONIC PLEURO-PULMONARY DISEASES,ADMITTED TO CHEST DEPARTMENT.		
2171	9432611	EXTRACORPORAL SHOCK WAVE LITHOTRIPSY IN CHILDREN=	SALEEM,MOHAMAD DYAA SAYED	MOHAMAD DYAA SAYED SALEEM	sohag	1997	CONSIDERING THE HIGH POSSIBILITY OF RECURRENCE OF STONES IN CHILDREN,WE NEED A MINIMALLY INVASIVE MANEUVER THAT CAN ERADICATE THE STONES WITH		
2172	9432684	LAPAROSCOPIC VERSUS CONVENTIONAL CHOLECYSTECTOMY=	SAYED,MOHAMED ABD EL-NAEEM	MOHAMED ABD EL-NAEEM SAYED		1996	THIS THESIS IS A COMPARATIVE STUDY BETWEEN LAPAROSCOPIC CHOLECYSTECTOMY AND CONVENTIONAL CHOLECYSTECTOMY,		
2173	9433660	phytochemical study of some medicinal desert plants.	hamed,ahmed arafa ibrahim	arafa ibrahim hamed	.aswan	1995	the genus glinus,family molluginaceae, is widely spreaded. members of this genus are reputed by their saponin and saponins.		
2174	9433671	utilization of polymerase chain reaction for the detection,cloning and sequencing of plant viruses and viroids:	shamloul,abdel-moneim mohamed	abdel-moneim mohamed shamloul.	sohag :	1995 .	banana bunchy top is the devastating virus disease (bbtv) is phloem limited, occurs in extremely low concentrations and it is not mechanically transmitted .		
2175	9433692	orphometry of the cervical enlargement of the spinal cord in chicken (gallus domesticus), pigeon (columba livia) and duck (anas domestica)/	HASSOUNA, EMAN MAHMOUD AHMED.	FACULTY OF VETERINARY MEDICINE,	ASSIUT UNIVERSITY :	1990	THE SPINAL CORD IS VASCULARIZED BY THE SINGLE VENTRAL SPINAL AND THE RIGHT AND LEFT DORSO-LATERAL SPINAL ARTERIES.		
2176	9433698	in vitro lymphocyte response to mitogens and pollen allergens in patients with pollinosis and non-atopic controls.	ehsan abd-l-saboor hassan.	fac.med.vet;	assut university:	1990	the presented study deal with the use of lymphocyte transformation test (lft) to the response of human lymphocyte.		
2177	9433721	Synthesis and reactions of some coumarin derivatives.	Abd Allah, Omyma Abd el-aziz Abd el-latif	Omyma Abd el-aziz Abd el-latif Abd ALLAH	sohag:	1995	this work aims at the synthesis of new compounds structurally related to biologically active -benzopyran derivatives searching for compounds of better biological activity.		
2178	9433744	effect of some industrial waste products on dairy cows.	mohamed ahmed mohamed ahmed.	fac.med.vet;	assut university:	1990	the great industrial world progress in the last year and its reflection on egypt had been accompanied by serious problems especially.		
2179	9433791	light,transmission and scanning electron microscopical investigations of the intestinal tract,with special reference to enteritis in calves/	EL BALLAL SALAH SAYED IBRAHIM.	FACULTY OF VETERINARY MEDICINE,	ASSIUT UNIVERSITY :	1990	THE FIRST PART OF THIS INVESTIGATION DEALS WITH THE STUDY OF THE PATHOLOGICAL CHANGES IN THE INTESTINAL TRACT OF 40 DAYS OLD BUFFALO.		
2180	9433801	control of avian mycoplasmosis.	mohamed mahmoud ahmed ali.	fac.med.vet;	assut university:	1991	in a study to control the problem of mycoplasma gallisepticum (mg) infection in broiler chicken.		
2181	9433816	numerical treatment for some problems of heat and mass transfer in micropolar boundary layers.	el-kabeir, saber mahmoud mohammed	saber mahmoud mohammed el-kabeir	aswan.	2001	the aim of our study , which consists of five chapters is to study some problems on heat and mass transfer with convection in the micropolar fluids. In the following, a brief discussion of the chapters is given.		
2182	9433868	SALMONELLAE AMONG SLAUGHTERED ANIMALS IN ASSIUT/	ALDEL HAKIM A.ALOU.ELALA ALOU.ELKASIM.	FACULTY OF VETERINARY MEDICINE,	ASSIUT UNIVRSITY:	1990	595 SAMPLES WERE COLLECTED FROM CARCASSES OF APPARENTLY HEALTHY 35 CATTLE AND 50 BUFFALO SLAUGHTERED AT ASSIUT .		
2183	9433883	the crust and upper mantle in upper egypt deduced from recorded earthquakes دراسة القشرة الأرضية والستار العلوي في مصر العليا باستخدام بيانات الزلازل	shater,abu bakr ahmed	Abu bakr ahmed shater	qena	1995	the aim of the present work is to study the layered crustal velocity structure,lateral heterogeneity,and three-dimensional p-velocity structure beneath the northern part of nasser lake in the aswan area southern part of egypt.		
2184	9433902	studies on market frozen meat in assuit city.	nawal mohamed said.	fac.med.vet.	assut university:	1991	one hundred samples of imported frozen meat collected from different shops located.		
2185	9433966	The effectivity of the Frankia-casuarina symbiosis in relation to the effects of some environmental factors prevalent in Egypt.	Sayed, Walid Farghaly	Walid Farghaly Sayed	Qena	1995	the isolation of frankia from casuarina root nodules was improved by modification of the isolation techniques , including nodule surface sterilisation (in vacuo) and the addition of an antibiotic mixture to the pre-incubation media.		
2186	9433983	A STUDY OF SMOOTH TOPOLOGICAL SPACES=	AHMED,SALAH EL-DEN ABBAS	SALAH EL-DEN ABBAS AHMED	sohag	2002	AS A CONTINUATION TO THE STUDY OF SMOOTH FUZZY TOPOLOGICAL SPACES AND SMOOTH FUZZY BITOPOLOGICAL SPACES,THIS THESIS IS DEVOTED TO STUDY SOME ASPECTS OF THE THEORY OF SMOOTH FUZZY TOPOLOGICAL SPACES AND SMOOTH FUZZY BITOPOLOGICAL SPACES.		

2187	9434109	MATERNITY CARE EVALUATION AND PERINATAL OUTCOME A PROSPECTIVE STUDY IN SOME DISTRICTS OF SOHAG GOVERNORATE.	EL-MEHREZY, EMAN ABDEL-BASET MOHAMMED OSMAN	EMAN ABDEL-BASET MOHAMMED OSMAN EL-MEHREZY	SOHA G.	2001	THIS COMMUNITY-BASED , COHORT STUDY INVOLVED 1082 PREGNANT WOMEN , RESIDING IN 5 RURAL AND 4 URBAN LOCATIONS, 2 WERE UNDERSERVED IN EACH .THE FIELDWORK TOOK MORE THAN 2 YEARS (FROM JUNE 1997 TILL SEPTEMBER1999).		
2188	9434185	KINETIC STUDIES ON BASE HYDROLYSIS OF SOME AMINO ACID SCHIFF BASE FE(II)COMPLEXES.	LOBNA, ABDEL-MOHSEN EBID NASSR	NASSR LOBNA, ABDEL-MOHSEN EBID	SOHA G.:	2001	THE GENERAL SCOPE OF THIS THESIS IS TO SYNTHESIZE , CHARECTERIZE AND ELUCIDATE MORE INFORMATION ABOUT THE MECHANISM OF THE BASE HYDROLYSIS REACTION OF SOME AMINO ACID SCHIFF BASE FE(II) IN AQUEOUS MEDIUM.		
2189	9434372	EVALUATION OF PROSTATIC DISEASES BY TRANSRECTAL ULTRASONOGRAPHY	ABD EL WAHAB , ATEF GALAL	ATEF GALAL ABD EL WAHAB	SOHA G	1997	IN THIS WORK WE TRIED TO EVALUATE THE ROLE OF TRUS IN DIAGNOSIS IS OF PROSTATIC DISEASES AS AMODERN DIAGNOSTIC TOOL FOR DIAGNOSIS OF PROSTATIC DISEASES.		
2190	9434417	FLUID DYNAMICS AND THE USE OF HIGH FREQUENCY ELECTROSURGERY DURING OPERATIVE HYSTEROSCOPY=	ABDELLAH,AHMED HASHEM	AHMED HASHEMAB DELLAH	Sohag	2002	IN THE PAST,THE TREATMENT OF BENIGN UTERINE LESIONS REQUIRED,IN MANY INSTANCES,A HYSTERECTOMY.		
2191	9435190	effect of some molluscicides on the mycoflora of egyptian soil=تأثير بعض مبيدات الفطريات على الفطريات في التربة المصرية	Rashedy,zeinab el-kady	zeinab el-kady Rashedy	qena	1998	the present investigation aimed at studing the effect of molluscicides on the population of soil fungi,when applied directly to the soil or when incorporated into isolation agar medium.		
2192	9435191	EFFECTS OF ENVIRONMENTAL STRESS ON AN INDIGENOUS MEDICINAL PLANT (PERGULARIA TOMENTOSA L.)	MAHALEL , USAMA AHMED	Usama Ahmed Mahalel	ASWAN,	2004	THE THESE CONSISTS OF FOUR CHAPTERS . THE FIRST CHAPTER CONTAINS AIMS OF THE WORK, GENERAL INTRODUCTION FOR THE WORK ; THE SECOUND CHAPTER DEALING		
2193	9435211	STUDIES ON THE PROTECTIVE EFFECT OF MELATONIN ON THE HISTOLOGICAL CHANGES INDUCED BY 2-NITROPROPANE IN SOME ORANGS OF ALBINO RATS .	ALLA ,EATEMAD AHMAD AWAD	EATEMAD AHMAD AWAD ALLA	ASWAN,	2004	THE PRESENT WORK WAS PERFORMED TO STUDY THE PROTECTIVE EFFECT OF MELATONIN AS AN ANTIOXIDANT ON THE 2-NITROPROPANE INDUCED OXIATIVE STRESS AND MORFOLOGICAL CHANGER OF MALE ALBINO RAT.		
2194	9435250	blood changes of some trace elements and fat soluble vitamins in growing buffalo calves.	abd -el rahman ahmed ali.	fac.med.vet.	unhversty:	1991	atotal number of 300native breed male egyption buffalo calves ,12-18 months age were included in present study.		
2195	9435271	METABOLIC PROFILE TESTS IN HIGH AND LOW DAIRY FRIESIAN CATTLE/	SAYED, AHMED MOSTAFA.	FACULTY OF VETERINARY MEDICINE,	ASSIUT UNIVE RSITY :	1991	FROM THE PROCEEDED STUDY IT WAS OBSERVED THAT METABOLIC PROFILE TESTS WERE GREATLY DISTURBED AMONG DIFFERENT LEVELS OF MILK YIELD.		
2196	9435304	GEOLOGY, PETROGRAPHY ,GEOCHEMISTRY AND RADIOACTIVITY OF CADABORA DISTRICT, CENTRAL EASTERN DESERT OF EGYPT.	AHMED, ABU ELFETOUH ABDEL RAOUF	Abu el fetouh abdel raouf ahmed	EGYPT	2002	THE INVESTIGATED KADABORA AREA LIES IN THE CENTRAL EASTERN DESERT OF EGYPT BETWEEN LATITUDES 25,24 AND 25,37AND LONGITUDES 34,18 AND 34,35E, COVERING APPROXIMATELY 900K.M.		
2197	9435311	PREVALENT SURGICAL AFFECTIONS OF TEETH IN EQUINE IN ASSIUT PROVINCE/	ALY, MAHMOUD FATHY AHMED.	FACULTY OF VETERINARY MEDICINE,	ASSIUT UNIVE RSITY :	1991	SURGICAL ANATOMICAL STUDIES ON HEADS OF ADULT ANIMALS INCLUDING HORSE, MULE AND DONKEY.		
2198	9435315	the role of calcium chann el-blockers on the metabolic consequences of hypoglyvemic drugs.	saida abd el regal aly.	fac.med.vet;	assiu univer sity:	1991	this thesis devoted for the investigation of the role of+2entry blockers on the metabolic consequences of the hypoglycemic agents.		
2199	9435380	asubscription for strategic control of mastitis its public health hazards and judgement in friesland dairy cattle.	mohammed saad mohammed hasanein.	fac.med.vet;	assiu univer sity:	1992	milk samples were obtatined from adairy herd containing100apparently healthy friesland milking cows.		
2200	9435403	STRUCRURES AND ELECTRONIC STATES OF HETEROPOLYACID CATALYSTS=	SAAD,TAREK TAHA AHMED ALI	TAREK TAHA AHMED ALI SAAD	sohag	2002	THE DRIVE TO DEVELOP ENVIRONMENTALLY FRIENDLY CHEMICAL PROCESSES HAS MOTIVATED A SIGNIFICANT INCREASE IN RESEARCH ACTIVITIES THAT ENCOMPASS UNDERSTANDING AND DESIGNING SOLID ACID CATALYSTS.		
2201	9435410	THE PROBLEM OF REOVIRUS INFECTION IN CHICKENS/	HASSAN ABO-DIF AZZAZ.	FACULTY OF VETERINARY MEDICINE,	ASSIUT UNIVE RSITY :	1991	IN THIS STUDY IT WAS INVESTIGATED THAT THE ANIAN REOVIRUS IS A WIDELY SPREADED DISEASE ANONG COMMERCIAL BROILERS ACCOMPANYING DIFFERENT DISEASE FROMS AS ARTHRITIS.		
2202	9435424	BACTERIAL BORN PATHOGENS CONTAMINATING THE WATER ENVIRONMENT IN THE RIVER NILE IN ASWAN.	WAFAA ,FAROUK ZAREAH MEKKI	MEKKI WAFAA FAROUK ZAREAH	QENA:	2002	THE BACTERIAL BORNE PATHOGENS WHICH INHABIT THE WATER BODY ENVIRONMENT IN THE REVER NILE IN ASWAN CITY AND THIERS EFFECTS ON THE GENERAL HEALTH WAS INVESTIGATED VIA TWO TRIPS IN THE REVER NILE FROM SOUTH TO NORTH OF ASWAN CITY.		
2203	9435452	CATARACT IN EQUINES/	SAYED ,ASHRAF MOHAMED.	FACULTY OF VETERINARY MEDICINE,	ASSIUT UNIVE RSITY :	1992	THE PRESENT WORK INCLUDES TWO MAIN PARTS: 1-EXPERIMENTAL PART. 2-CLINICAL PART.		
2204	9435453	comparative anatomical studies on the ear in some domestic animals with special reference to ear surgery and affections.	mohamed mostafa ali eissa.	fac.med.vet;	assiu univer sity:	1992	the present study was classified in to 3main parts1experimental ear surgery.....		
2205	9435521	studies on bacterial and parasitic causes respiratory infections among dairy animale.	hossein aly abd el-kader.	fac.med.vet;	assiu univer sity:	1992	this study was performed to determine bacterial and parasitic causes of respiratory.		
2206	9435530	INCIDENCE&MANAGEMENT OF AFTER-CATARACT AT SOHAG UNIVERSITY HOSPITAL=	ISMAIL,ALI MAHMOUD	,ALI MAHMOUD ISMAIL		1998	THIS STUDY INCIDENCE A TOTAL OF 200 EYES IN 150 PATIENTS COMPLAINING OF DIMINISHED VISUAL ACUITY DUE TO SECONDARY CATARACT FORMATION.		

2207	9435650		CLINICAL STUDY AND SURGICAL MANAGMENT OF HYPOPHARYNGEAL CARCINOMA IN EGYPTIAN PATIENTS=	AHMED,MOHAMED ABDEL KADER	,MOHAMED ABDEL KADER AHMED		1996	CARCINOMA OF THE HYPOHARYNX USUALLY HAS BAD PROGNOSIS DUE TO LATE PRESENTATION OF THE PATIENT.		
2208	9435660		فعالية استخدام الألعاب اللغوية في تنمية بعض مهارات الاستعداد للقراءة في رياض الأطفال	حفني ،أحلام بدوي السيد	أحلام بدوي السيد حفني ،	قنا:	2002 .	اهم النتائج التي توصلت إليها الدراسة الحالية هي-تحديد مهارات الاستعداد للقراءة في رياض الأطفال ،وتحديد أهميتها النسبية،وهذه المهارات بلغ عددها سبع مهارات رئيسية اندرج تحتهاالعديد من المهارات الفرعية،وجاءت المهارات الرئيسية للاستعدادللقراءة في رياض الأطفال كالتالي: مهارات التمييز البصري-1 مهارات تمييز المسموع-2		
2209	9435800		AUDITORY FUNCTIONS IN LIVER CIRRHOSIS AND HEPATIC ENCEPHALOPATHY:EFFECT OF L- ORNITHINE- L-ASPARATE THERAPY=	ABD AL- RAHMAN,MOHAMED ABD AL-GHAFFAR	MOHAMED ABD AL- GHAFFARABD AL-RAHMAN	sohag	2004	CHRONIC LIVER DISEASES ARE A MAJOR CAUSE OF MORBIDITY AND MORTALITY WORLDWIDE .LIVERCIRRHOSIS IS AN EXAMPLE OF SUCH DISEASES.		
2210	9435930		DISSOCIATIVE [CONVERSION]DISORDERS:A CLINICAL STUDY IN SOHAG UNIVERSITY HOSPITAL=	SAYED,TAHER ABD EL-RAHEEM	,TAHER ABD EL-RAHEEM SAYED		2004	DISSOCIATIVE DISORDERS WERE MAJOR AREAS OF CLINICAL INVESTIGATION DURING THE TIME OF JANET,		
2211	9436096		MANAGEMENT OF PSEUDOPHAKIC RETINAL DETACHMENT=	ELAGOUZ , MOHAMMED HUSSEIN MOUSSA AHMED	MOHAMMED HUSSEIN MOUSSA AHMED ELAGOUZ	SOHA G	2004	PSEUDOPHAKIC RETINAL DETACHMENT (PRD)IS OF MAJOR CONCERN BECAUSE RD AFTER CATARACT SURGERY IS A SERIOUS AND POTENTIALLY BLINDING COMPLICATION.		
2212	9436230		"COMPARISON OF TOTAL ABDOMINAL,VAGINAL AND LAPAROSCOPIC HYSTERECTOMIES"	ABDELMONEM,ALLA M MOHAMMED	,ALLAM MOHAMMED ABDELMONEM		2004	THE PRESENT STUDY INCLUDED 200 PATIENTS SCHEDULED FOR HYSTERECTOMY FOR BENIGN ADMITTED TO TYE NUIVERSITY OF LOUISVILLE GYNECOLOGIC CONDITIONS WHO WERE		
2213	9437540		EVALUATION OF THE NILE VALLEY AQUIFER FROM ASWAN TO ASSIUT USING GEOPHYSICAL AND HYDROGEOLOGICAL METHODS.	HAMDAN ,ALI MOHAMED ALI	SOUTH VALLY UNIVERSITY,	ASWA N,	2005	THE STUDIED AREA IS SITUATED ALONG THE NILE VALLY BETWEEN ASWAN AND ASSIUT, BETWEEN LATITUDES 24,00-27,38 AND LONGITUDES 30,40-33,30 E . AT THIS AREA , THE VALLY OCCUPIES THE ALLUVIAL TRACT ALONG 540 KM AND BOUNDED FROM THE EAST AND THE WEST BY SCARP CLIFFS OF THE CALCAREOUS PLATEAUS.		
2214	9437559		STRIPPING VOLTAMMETRIC DETERMINATION OF ANTIHYPERTENSIVE AGENTS :DILTIAZEM-VERAPAMIL- CAPTOPRIL-AND GUANETHIDINE.	HASSEN ,MAHASEN MOHAMMED AHMED	MAHASEN MOHAMMED AHMED HASSEN	ASWA N,	2001	THE PRESENT STUDY DESCRIBES THE USE OF CATHADIC ADSORPTIVE STRIPPING VOLTAMMETRIC METHOD FOR THE DETERMINATION OF THE ANTIHYPERTENSIVE AGENTS DILTIAZEM, VERAPAMIL , CAPTOPRIL AND GUANETHIDENE.		
2215	9447758		clinical and diagostic studies on mucosal disease(md)in cattel.	ibrahim hussein ahmed abd elrahim.			1996	during a period of tow years 176cattlesuspected to have mucosal disease.		
2216	9447779		effect of some pineal active substances on induced cancer breast in female rats/	mamdouh mohamed anwar ibrahim.			1E+07	in this study the effects of melatonin on breast c ancer and fibrosarcoma of the subcutaneous tissues were investigated in rats.		
2217	9447782		astylistic study of peter ackroyds early novels: morphological,biochemical and functional changes in astrocytes due to lead toxicity.	al.ashker.m,hossam ahmed abd el-baky sharkawy el-sherif.	hossam AL.ASHKER.M.	QENA :	2004 .	the major issues the research deals with could be summarized in: lead intoxication is one of the most important problem in our appear more dangerous effect specially on the nervous system.		
2218	9447784		prevalent surgical affection of the metacarpus, metatarsus and phalanges in equines in upper egypt/	SEMIEKE ,MOHAMED MOHAMED ABDEL RHAMAN.			1993	the present study was carried out on 441 animals of equine species (371 donkeys, 45horses and 25mule).		
2220	9447875		استخدام نموذج رانش لتطوير بحثي الاستقلال العام والاستقلال المنطقي من بطارية الاختبارات المعرفية العالمية:	الضوى ، حسن ،محسوب عبد القادر	محسوب عبدالقادر الضوى حسن	قنا	2001	هدف الدراسة الحالية إلى إعادة تدريج وتحليل بنود الاختبارات الفرعية الثلاثة المتضمنة في بعد(عامل)الاستقلال العام (اختبار الاستعداد الحسابي،اختبار الاستعداد الرياضي).		
2221	9447877		studies on aflatoxin residues in dairy and feedlot cattel at assiut governorate.	zakaria mokhtar zaky.			1993	in the current study atotal of 477 representative feed samples 157from bany quorra factory and 40from each .		
2222	9447929		some studies on listeria infection in chickens	hebata-allah abd- el- halime mohamed				atotal of 515 freshly dead chicken (broilers and layers from both imported native breeds) were collected from areas of assiut		
2223	9447931		partial hepatectomy and cholecystilobectomy in dog/	ABDEL HAFEEZ ,MOHAMED MOHAMED.			1E+07	THE PRESENT STUDY WAS CARRIED OUT ON 28 CLINICALLY HEALTHY ADULT DOGS OF BOTH SEXES.		
2224	9447934		some trace elements in tissues of some fresh- water fish.	amal ahmed mohamed.	fac.vet.med	assiut univer sity:	1993	tow hundreds and fifty samples of fresh water fish (tilapia nilotica)		
2225	9448051		the better utilization of fish for human consumption and creation of uncooled disstrubution for its products in egypt.	ahmed mohamed nassar.		assiut univer sity:	1993	the aim of thesis was to improve fish for human consumption and create an available method for its processing and distribution without cooling.		
2226	9448072		CHEMICAL AND MICROBIOLOGICAL EVALUATION OF GROUNDWATER IN UPPER EGYPT/	AHMED ,MOUSTAFA MOHAMMED.	FACULTY OF VETERINARY MEDICINE,	ASSUI T UNIVE RSITY :	1993	ONE HUNDRED GROUNDWATER SAMPLES WERE COLLECTED FROM DIFFERENT SOURCES INCLUDING DRILLED 80.		
2227	9448196		INCIDENCE OF Q FEVER AMONG INFECTED AND INAPPARENTLY INFECTED ANIMALS AND MAN IN UPPER EGYPT/	HUSSEIN ,ASMAA ABDEL NASSER AHMED.	FACULTY OF VETERINARY MEDICINE,	ASSUI T UNIVE RSITY :	1993	THE PREVALENCE OF Q FEVER INFECTION AMONG MAN AND DIFFERENT SPECIES OF FARM ANIMALS IN UPPER EGYPT.		
2228	9448359		southern aspects in beath henleys crimes of the heart ,the wake of jamey foster, and the miss firecarcker contest.	selim , yasser foudad abdellah	yasser foudad abdellah selim	SOHA G.	2004	"BETH HENLEY IS ASUCCESSFUL AMERICAN PLAYWRITE AND APULITZER PRIZE WINNER . SHE IS BORN IN JACKSON MISSISSIPPI AND SHE GRATUATED FROM SOUTHERN METHODEST UNIVERSITY WHERE SHE STUDIED THIETRE AND RECEIVEDABACHILORE OF FINE ARTS DEGREE.		
2229	9448360		FERTILTY IMPROVEMENTS OF FRIESIAN COWS UNDER LOCAL FARM CONDITIONS/	MOHAMED SABRY AREF.			1996	THE PRESENT INVESTIGATION WAS CARRIED OUT TO EVALUATE THE REPRODUCTIVE PERFORMANCE AND TO IMPROVE THE FERTILITY IN FRIESIAN CATTLE.		

2230	9448410	incidence and occurrence of salmonelle and escherichia coli organisms in packed meat products.	nagah mohamed ahmed.			1992	recovery of salmonellae and escherichia coli from atotal number of 100random samples of differents types of packed meat products was evaluated.		
2231	9448757	pripheral never injuries in dogs	khalafalla abd el-aty ahmed			1991	the work was done on apparently healthy dogs ranging in age between 2-6 years and wieght between 10-15 kg.		
2232	9448874	ASSESSMENT OF RADIOACTIVITY LEVELS IN SOME SAMPLES FROM PETROLEUM AREAS IN EGYPT.	RASHED , WAFAA MOHAMED AHMED	WAFAA MOHAMED AHMED	QENA.	2005	ENVIRONMENTAL RADIATION MEASUREMENTS ARE UGUALLY MADE TO IDENTIFY RADIONUCLIDES SOURCES IN THE ENVIRONMENT ,QUANTITATIVE THIERE CONCENTRATION AND ESTIMATE THEIR DOSE CONTRIBUTION .		
2233	9449002	BENEFICIATION OF MANGANESE FROMITS ORES PRES PRESENT IN ARAB REPUBLIC OF EGYPT USING SOME REDUCTANTS	ABD EL KADER, MOHAMED EL MAGHRABY	ABD EL KADER MOHAMED EL MAGHRABY		1999	THE PRESENT WORK DEALS WITH THE APPLICATION OF REDUCTION LEACHING PROCESS TO THE EXTRACTION OF MANGANES FROM EGYPTIAN FINE MANGANESE ORE WASTES BY THE AID OF METALLURGICAL WASTES IN THE EGYPTIAN FERROALLOYS COMPANY		
2234	9449004	DIES ON NORMAL AND DISEASED PARANASAL SINUSES IN DONKEYS/	EL- ABDEEN,SOHAIR ZEIN.			1997	THE PRESENT STUDY HAD BEEN BASED ON HEALTHY AND DISEASED PARANASAL SINUSES OF DOKEYS.		
2235	9449054	STUDIES ON PARASITES OF CATS IN ASSIUT GOVERNORATE /	ENAAM ABDEL BASETT FOULY.			2E+08	THE PRESENT WORK WAS CONDUCTED TO DO STUDIES ON PARASITES OF CATS (FELIS CATUS)IN ASSIUT GOVEMORATE		
2236	9449071	histological identification of some packed medat products.	mohamed nagib fathi mahmoud mohamed gadalla.			1991	meat products such as burger sausage minced meat could be as food articles that contain awide of easily digested nutrients.		
2237	9449099	some studies on avian pasteurellosis	ragab sayed ibrahim			1991	abacteriological study was made on atotal of five hundred and fifty alive anf freshly ducks 350		
2238	9449187	haemogram and some blood biochemical changes under normal physiological and some disead in horses	hassan zaki rateb			1991	atotal number of 185 horses were used in the material of this investigation		
2239	9449201	Palaeontological and biometrical studies on some late cretaceous macroinvertebrate fossils of the Galala area ,North Eastern Desert ,Egypt /	Zakhera, Mohamed Sayed Mohamed Ali	Mohamed Sayed Mohamed Ali Zakhera	Aswan :	1999	the present thesis deals with palaeontological and biometrical studies on some macroinvrtebrate fossils collected frome six upper cretaceous outcrops, the galala area ,north eastern desert of egypt.		
2240	9449270	facile synthetic process of some new heterocyclic cyaninedye derivatives= طرق تخليقية بسيطة للمشتقات الحلقية غير المتجانسة كأميين سيانين جدد	Hassan , naglaa salah el-deen mohamed	Naglaa salah el-deen mohamed Hassan	ASWAN	1998	it was of interesting to obvious that the improvement of absorption light sensitivity,as acriterion for the photosensitiztion effect,and the applicability of some selected cyanine dyes depends		
2241	9449298	MYCOLOGICAL STATUS OF MOLOHA, SMOKED HERRING AND FROZEN MACKEREL FISH IN ASSIUT PROVINCRE/	YOSSEF,HAMDY HUSSEIN ESSA.			1998	ATOTAL NUMBER OF 90 FISH SAMPLES WERE COLLECTED FROM DIFFERENT LOCALITIES AT ASSIUT CITY.		
2242	9449309	HEMODYNAMIC CHANGES IN RELATION TO THE TYPE OF VENTILATION AND LUNG COMPLIANCE IN NEONATES WITH RESPIRATORY FAILURE=	EL-MONEIM,EHAB SAOUD ABD	EHAB SAOUD ABD EL-MONEIM		2003	IN THIS STUDY THE CENTRAL AND PERIPHERAL HEMODYNAMIC EFFECTS OF THREE MECHANICAL VENTILATIONMODALITIES IN PREMATURELY BORN INFANTS WERE COMPARED TO EACH OTHER.		
2243	9449344	Incidence and public health importance of hydatid cysts in slaughtered animals in assiut province/	Sayed,Mohamed Mohamed Sayed.			1991	the shapesof the collected hydatid cysts from different carcasses are round ,oval,or variable shapes ,distributed both onthe surface and parenchyma		
2244	9449364	STUDIES ON GASTROENTERITIS CAUSED BY NEMATODES ON GOATS IN UPPER EGYPT USING SOME DRUGS FOR TREATMENT	AHMED,AHMED EL-BADRY MOHAMED			1998	THIS WORK WAS APPLIED ON 1130 BALADY GOATS IN SOHAG AND ASSIUT GOVERNORATES FOR SHOWING THE FOLLOWING		
2245	9449375	PARALLEL NUMERICAL COMPUTER ALGORITHMS=	MOHAMED,MOHAMED RAMADAN SAADY	MOHAMED RAMADAN SAADY MOHAMED		1997	THIS DISSERTATION ADDRESSES SOME OF THE THEORETICAL AND PRACTICAL ISSUES INVOLVED IN THE DESIGN AND IMPLEMENTATION OF NUMERICAL ALGORITHMS.		
2246	9449403	AVIAN ASCITES SYNDROME:NATURAL AND EXPERIMENTAL STUDY/	MUHAMMAD,MUHAMMAD MUBARAK.			1997	THE PRESENT STUDY OF ASCITES SYNDROME IN BIRDS COMPRISED TWO MAIN PARTS.		
2247	9449417	OPTIMAL ULTRASPHERICAL SOLUTIONS OF OPTIMAL CONTROL PROBLEMS	HUSSIEN ,SHAFEI HUSSIEN	HUSSIEN SHAFEI HUSSIEN		2001	THE MAIN GOAL OF THIS THESIS, WHICH CONSISTS OF SIX CHAPTERS, IS TO INTRODUCE A NEW PROCEDURE FOR SOLVING SOME OPTIMAL CONTROL PROBLEMS		
2248	9449419	OCCURRENCE OF YERSINIA ENTEROCOLITICA IN MILK AND SOME DAIRY PRODUCTS/	AHMED, EMAN KORASHY.			2E+07	SIX HUNDRED RANDOM OF MILK AND MILK PRODUCTS INCLUDING RAW MILK 200 ,KAREISH CHEESE100		
2249	9449425	NUMERICAL TREATMENT OF SOME HEAT AND MASS TRANSFER PROBLEMS OF FLUIDS FLOW IN POROUS MEDIA=	EBRAHIEM,NEHMA AHMED	NEHMA AHMED EBRAHIEM		2003	THE MAIN AIM OF THIS DISSERTATION,WHICH CONSISTS OF SIX CHAPTERS IS TO PRESENT THE NUMERICAL TREATMENT FOR SOME PROBLEMS OF HEAT AND MASS		
2250	9449437	PYROMELLITIC DIANHYDRIDE IN THE SYNTHESIS OF HETEROCYCLIC NITROGEN COMPOUNDS =	OMER,AHMED MOHAMMED ABO-BAKR	AHMED MOHAMMED ABO-BAKR OMER	sohag	2006	OWING TO THE WIDE SPREAD APPLICATIONS OF PYROMELLITIC DIANHYDRIDE IN SEVERAL FIELDS,		
2251	9449440	INCIDENCE OF TOXOPLASMA AND SARCOSPORIDIA IN SLAUGHTERED ANIMALS IN QENA GOVERNORATE/	EL-SAIEH,ABDALLA FAWAZ ALI MOHAMADIN.			1998	TOXOPLASMA AND SARCOSPORIDIA ARE COMMON PROTOZOAN PARASITES OF MANY SPECIES OF ANIMALS.		
2252	9449452	TRANSCATHETER MANAGEMENT OF SOME CONGENITAL HEART DISEASES IN CHILDREN	MOFEED ,FAWAZ MORSY MOHAMED	MOHAMED MOFEED FAWAZ MORSY		2003	THE ADVANCES IN PEDIATRIC INTERVENTIONAL CARDIAC CATHETERIZATION HAVE CHANGED THE THERAPEUTIC STRATEGY FOR MANY PATIENTS WITH CHD		
2253	9449454	SOME MORPHOLOGICAL STUDIES ON THE PLACENTA OF THE CAMEL (CAMELUS DROMEDARIUS)/	ABD-ELNAEIM, MAHMOUD MOHAMED MAHMOUD.			1998	THE PRESENT STUDY WAS PERFORMED ON 104 PREGNANT CAMAL UTERI WITH FETUSES OF CROWN RUMP-LENGTH(CRL) RANGING FROM 205-119 CM.		
2254	9449478	INHIBITION AND ACCELERATION OF MILD STEEL CORROSION INPICKLING ACID /	MORAD,MOHAMMED SAMIR SELIM HASSAN.	MOHAMMED SAMIR SELIM HASSAN MORAD,	ASSIUT :	1995	THIS THESIS AIMED TO INHIBITION AND ACCELERATION OF MILD STEEL CORROSION INPICKLING ACID.		

2255	9450989	PHARMACOKINTIC STUDIES ON ONE OF FLUOROQUINES (DIFLOXACIN) IN GOATS=دراسات فارماكوكينيتية على واحد من مجموع (الذئب فلو كساسين) في الماعز الفلوروكينولون	Fahim , samy abd el-raouf	Samy abd el-raouf Fahim	QENA	2005	this work was carried out on 4apparent healthy goats of non specific breed,were administrated difloxacin intravenous,intramusular) (for5consecutive days		
2256	9450999	aspects and technioes of clinical laboratory diagnosis of brucellosis in sheep.	mohammed abd-el salam mohammed ahmed.			1998	atotal of 19927sheep blood samples from eight different localities in assiut governorate were screened by rept and bapat.		
2257	9451005	Transport properties of some chalcogenide alloys based on bismuth /	Ahmed, Saad Abd-Elrahman	Saad Abd-Elrahman Ahmed .	Sohag :	1999 .	the cast alloy of the proposed ternary bisnsee2 was prepared by the traditional melt quenching technique . the XRD diffraction analysis of the as-quenched powder proved the polycrystalline structure of the perpared ingot.		
2258	9451012	CHANGES IN BEHAVIORAL PATTERN OF SHEEP IN RELATION TO FEEDING OF DIVERSE FORAGES/	ABDEL-RAHMAN,MOOTAZ AHMED MOHAMED.			1999	SIX ADULT NON-PREGNANT AND NON-LACTATING EWES HAVING NEARLY THE SAME AGE.		
2259	9451031	Studies on ecto and endoparsites of equines in assiut governorate.	mohesen ibrahem arafa.			1998	th total infection rate of parasitic infection of equine animals in assiut governorate was90.19.		
2260	9451042	IMMUNITY AFFORDED BY E. COLI VACCINE IN CHICKENS AS MEASURED BY ELISa and protection tests/	AHMED,DARWISH HASHIM DARWISH.			1E+07	IN THE PRESENT STUDY 570 SAMPLES WERE EXAMINED.SAMPLES INCLUDED FRESHLY DEAD OR SLOUGHTERED CHICKS AGED FROM ONE TO 8 WEEKS OLD.		
2261	9451075	CLINICOPATHOLOGICAL STUDIES ON LIVER DISESES IN CAMELS/	ABD-EL-RAZIK, IBRAHIM AHMED FOUAD.			1999	ATOTAL OF550 LIVER FROM SLAUGHTERED CAMELS WERE EXAMINED IN CAIRO(400 CAMELS) AND BENI-ADDI) (150 CAMELS(.		
2262	9451079	reproductive disorders in mares and she donkeys with possible improvements.	hassan,hamdy mahfouz.			1998	the present work was performed to target the gaps in the present understanding of the physiology.		
2263	9451102	studies onarthritis in donkeys with reference to bacteriological causes and biochemical analysis/	Sayed,Mohamed sayed			1999	THE PRESENT INVSTIGATION WASD CARRIED OUT ON 219 DONKEYS SUFFERED FROM DIFFERET.		
2264	9451305	GEOLOGICAL AND ENGINEERING PROPERTIES OF EXPANSIVE SOILS OF WEST MAWHOOB AREA,DAKHLA OASIS,WESTERN DESERT,EGYPT.=	ABU SEIF,EL-SAYED SADEK ABD ALLAH	EL-SAYED SADEK ABD ALLAH ABU SEIF		2005	GEOLOGICAL,ENGINEERING AND DETAILED MINERLOGICAL INVESTIGATIONS WERE CARRIED OUT ON THE EXPANSIVE SOILS OF MAWHOOB SHALE MEMBER OF DAKHLE SHALE LATE MAASTRICHTIAN AT WEST EL-MAWHOOB AREA		
2265	9451351	EVALUTION OF RESULTS OF MANAGMENT OF FRANCTURES OF THE NECK OF THE FEMUR IN CHILDREN .	ABU-GABAL , KHALED ADDEL SATTAR	KHALED ADDEL SATTAR ABU-GABAL	SOHA G	2002	THE WORK WAS PLANNED TO STUDY THE RESULTS OF THE TREATMENT OF THE FRACTURES OF THE NECK OF THE FEMUR IN CHILDREN. THE MATERIAL OF THE STUDY INCLUDED A TOTAL OF17 CHILDREN PATIENTS HAVING FEMURAL NECK FRACTURES . 8 WERE FEMALES (47.06%) AND 9 WERE MALES (52.94%) .		
2266	9451401	limb salvage procedures for managment of diabtic foot	elamary,mohamed khalil a.a	mohamed khalil a.a elamary	Assuit	1995	the aim of this work was to evaluate the results of various limb salvage procedures in management of diabetic foot. our study included diabetic patients with diabetic foot problems with either major foot infection or rest pain and/or ischaemic tissue necrosis		
2267	9451466	UTERINE AND OVARIAN ARTERIAL DOPPLER FOR PREDICTION OF THE RESULTS OF IN VITRO FERTILIZATION AND INTRACYTOPLASMIC SPERM	MOHAMED, RASHEED SALAH	SALAH MOHAMED RASHEED		2000	NO DOUBT THAT THE INTRODUCTION OF IVF AND ICSI HAS CONSTITUTED A NNOVEL ERA IN THE FIELD OF INFERTILITY		
2268	9451489	sudies on the effectiveness of selective insecticydes for the control of mange infesting got and sheep/	gadalla,zarif boshra.			1999	sheep and goat scab caused by the parrasityc mit Psoropes ovis is a contagious disesase characterized by severe.		
2269	9451495	NUMERICAL TREATMENT OF SOME PROBLEMS OF HEAT TRANSFER FOR NON-NEWTONIAN FLUIDS IN A POROUS MEDIUM=	EL-AMIN,MOHAMED FATHY	MOHAMED FATHY EL-AMIN,		2001	the present thesis is DEVOTED TO INTRODUCE THE NUMERICAL TREATMENT FOR SOME PROBLEMS OF THE UNSTEADY/STEADY FLOW ,		
2270	9451790	The utility of allergic and immunological studies in the evaluation of inflammation markers of bronchial asthma /	Ahmed, Abeer Abd El-Raheem.		S o h a g :		This study was performed on 40 asthmatic patients and 10age matched healthy persons as control. the asthmatic patients were classified into groups .		
2271	9451859	sterid hormne control of matrenal and emtotinal behaviour and the endorine response to stress in rats/	Darwish,Madeha hosny ahmed.			1998	based on suggestions in literature that stressful eventes including inadequate matrnal care.		
2272	9452188	Geology of the area around Wadi abu Aqarib,Central Eastern Desert,Egypt/	Youssef,Ahmed Mohamed.	,Ahmed Mohamed Youssef		1998	the precambrian rocks at Wadi abu Aqarib arae represent part of two faulted blocks intervened by and flanked on the nourtheast by the planerozoic sediments.		
2273	9452497	EFFECTS OF NERVE GROUGH FACTORS ON THE SCIATIC NERVE REGENERATION IN VEIN GRAFTS	ABULEZZ , TAREK ABD EL HAMEED	TAREK ABD EL HAMEED ABULEZZ	SOHA G	2003	THE STANDARD TECHNIQUE TO BRIDGE SUCH A GAP IS TO INSET A NERVE AUTOGRAFT (MACKINNON 1989B)		
2274	9452644	FETOMATERNAL EFFECTS OF COMBINED SPINAL/EPIDURAL TECHNIQUE FOR CESAREAN SECTION=	GEDDAWY,MOHAMED ABD-EL-WAHAB	,MOHAMED ABD-EL-WAHAB GEDDAWY		1997	THIS STUDY HAS BEEN CARRIED OUT INASSIUT UNIVERSITY HOSPITALS, AT-OBSTETRICS AND GYNECOLOGY DEPARTMENT,BETWEEN OCTOBER 1994 AND NOVEMBER 1996.		
2275	9452897	MOLECULAR BIOLOGY OF GROWTH IN A MODEL ANIMAL AND ITS POTENTIAL APPLICATIONS	ALI, AHMED ALI HUSSEIN AHMED	AHMED ALI HUSSEIN AHMED ALI		1996	THE PURPOSE OF THE PRESENT WORK IS TO USE THE ZEBRAFFISH MODEL TO STUDY THE MOLECULAR MECHANISMS OF GROWTH CONTROL		
2276	9453010	ANALYZING CONVERSATION IN FICTIONAL DIALOGUE:A PRAGMA-STYLISTIC STUDY OF HEMINGWAY IS SHORT STORIES AND SOME NOVELS=	HASSAN,MAMDOUH FOUAD	MAMDOUH FOUAD HASSAN,		2002	THE IMMANENT-TEXT STUDY APPROACH EMPHASIZING THE ENTIRE AUTONOMY OF TEXTUAL LINGUISTIC ANALYSIS-		
2277	9453396	NOVEL ELECTROCHEMISTRY OF ORGANOMETALLIC COBALT COMPOUNDS IN LOW-POLARITY MEDIA CONTAINING TETRAKIS PENTAFLUOROPHENYL) BORATE ANIONS)=	ABDELLAH,AYMAN NAFADY AHMED	AYMAN NAFADY AHMED ABDELLAH,		2004	THE WORK PRESENTED IN DISSERTATION ADDRESSES THE USE OF SUPPORTING ELECTROLYTES CONTAINING THE LARGE AND WEAKLY COORDINATING TETRAKIS		

2278	9458913		MONITION OF SOLITONS AND KINKS FOR 4 EQUATION AND SBS EQUATION UNDER VARIOUS EFFECTS/	RAMADAN,SAYED AHMED AHMED SAYED.	,SAYED AHMED AHMED SAYED RAMADAN		1998	THIS THESIS WHICH CONSISTS OF FOUR CHAPTERS,DEALS WITH CERTAIN NONLINEAR PROBLEMS IN SOLITON THEORY.		
2279	9458917		GENETIC ENGINEERING OF MAIZE FOR SALT TOLERANCE,DEVELOPMENT OF ANEW SYSTEM FOR SORGHUM TRANSFORMATION,AND MOLECULAR CLONING=هندسة الذرة الشامية وراثيا لتحمل الملوحة،وتطوير نظام جديد للتحويل الجيني لنبات الذرة الرفيعة،والكلونة الجزيئية	EL-maghraby,yahia helmy el-sayed			2002	this work is presented as 4experiments.experiments i and II are concerned with the evaluation of hval and mtld gens for enhancing maize salt tolerance.		
2280	9458918		N-TIER CONCURRENSY CONTROL IN DISTRIBUTED SYSTEMS MODELING AND DESIGN.	ALI ,ABDOU RAMADAN	ABDOU RAMADAN ALI	ASWAN,	2004	IN THIS THESIS, WE INTRODUCED ALGORITHMS FOR CONCURRENCY CONTROL THAT CAN BE N-TIER VERSION OF EXISTING ALGORITHMS, BUT AS AN EXTENSION OF THIS WORK NEW ALGORITHMS, CAN BE INVITED SPECIALLY FOR N-TIER ARCHITECTURE TO MAXIMIZE BENEFIT FROM ARCHITECTURE FEATURES.		
2281	9458962		field studies on the blood parasites of sheep and goat at shalatin city,red sea governorate,egypt.	osman mohamed mahran salim.			2001	atotle number of678sheep and 396goat.		
2282	9458995		the macro-inorganic elements profile of camels at the south vally under the influence of some stress factors.	mohammed,adel el-sayed ahmed.			2001	this study included atotal number of824animals from both sexes and different agess.		
2283	9459001		ECOPHYSIOLOGICAL STUDIES ON SOME INDIGENOUS DESERT PLANTS IN UPPER EGYPT /	SOROUR, WAFAA ABDEL-WAHAB ABED.	WAFAA ABDEL-WAHAB ABED SOROUR	Aswan :	2001 .	THE MAIN OBJECTIVES OF THIS WORK ARE:TO ASSESS DIFFERENCES BETWEEN BOTH POPULATIONS DUE TO THE ENVIRONMENTAL IMPACT AND THE WAY THEY RESPOND TO DIFFERENT STRESS CONDITIONS.		
2284	9459005		histopathological,histochemical and physiological studies on the effect of environmental pollution with the herbicide goal on the liver and kidney of the Nile tilapia oreochromis niloticus in sohag governorate=دراسات هستوباثولوجية وهستوكيميائية في كبد وفسيولوجية على تأثير التلوث البيئي بمبيد الحشائش جول على كبد وكلية البلطي النيلي، أوريوكرميس نيلوتيكس في محافظة سوهاج	hassanein,hamdy mahmoud ahmed	hamdy mahmoud ahmed hassanein	SOHAG	1999	the present study deals with the histopathological,histochemical and physiological changes as well as the expression of heat shock protein induced by the herbicide goal (with different concentrations for) various periods in certain organs of the fresh water fish,the Nile tilapia(oreochromis niloticus)		
2285	9459031		STUDIES ON VITAMIN A STATUES IN EGYPTIAN BUFFALOES/	GALAL,HIAM GALAL.			2001	THE ANIMALS WERE FREE FROM TUBERCULOSIS ,BRUCELLOSIS OR ANY OTHER INFECTIOUS DISEASES.		
2286	9459033		some diagnostic studies in pregnant and non-pregnant mares.	derar refaat ibrahim mohammed.			2002	in part one of the present study , the hormonal reproductive changes in pregnant and parturient.		
2287	9459059		HIGHLIGHTS ON THE NATURE.PETROGRAPHY AND GEOCHEMISTRY OF SOME ROCK UNITS INCORPORATED IN ATALLA SHEAR ZONE,CENTRAL EASTERN DESERT,EGYPT	HASSAN , HESHAM ABBAS AHMED	HESHAM ABBAS AHMED HASSAN	QENA	1999	THE PRECAMBRIAN ROCKS EXPOSED AT WADI ATALLA AREA COMPRISE AN ULTRABASIC-BASIC ASSOCIATION , DOKHAN VOLCANICS, FAWAKHIR GRANITE , HAMMAMAT SEDIMENTS AND POST HAMMAMAT FELSPITES. THEY ARE DISSECTED BY FAULTS AND SHEAR ZONES RUNNING PARALLEL AND OBLIQUE TO THEIR REGIONAL STRUCTURE.		
2288	9459068		MORPHOLOGICAL STUDIES ON THE INNERVATION OF THE SPERMATIC CORD, TESTIS ,AND EPIDIDYMIIS IN THE CAMEL/	SALEH,ABDEL MOHAMED MOUSTAFA MOHAMED.			2002	THE INNERVATION PATTERN OF TESTIS AND EPIDIDYMIIS WAS STUDIED IN 26 ADULT CAMEL USING HISTOLOGICAL.		
2289	9459103		PATHOGENESIS AND TREATMENT OF ABOMASAL ULCERATION IN CATTLE.	AHMED,AHMED FATHY M.			2001	ABOMASAL ULCERATION IS COMMON DISEASE IN CATTLE. THE INCIDENCE OF THE DISEASE IS HIGH IN CALVES ESPECIALLY VEAL CALVES.		
2290	9459124		comparative studies on the Healing process of some nerves in donkeys following anastomosis with some suture Materials/	seeha,samirmelad.			1999	THE PRESENT WORK WAS CARRIED OUT ON 32 DONKEYS .THE WORK WAS CONSIST OF PARTS .		
2291	9459137		some heavy metals and their health significance in milk and milk products in Assiut governorate.	el malt,laila mostafa.			2001	toxic effects of number of nonessential metallic elements,especially lead.		
2292	9459150		MINIMAL EXTRACORPOREAL CIRCULATION VERSUS CONVENTIONAL CARDIOPULMONARY BYPASS IN CORONARY ARTERY BYPASS GRAFTING EFFECT ON RENAL & LIVER FUNCTION	MOHAMED , ABBADY ABD ELLAH AHMED	ABBADY ABD ELLAH AHMED MOHAMED	SOHAG	2004	MINIMIZED ECC IS A FULLY HEPARINIZED PRE-CONNECTED CLOSED SYSTEM WITHOUT ANY BLOOD AIR CONTACT		
2293	9459154		ARTHROSCOPICALLY ASSISTED ANTERIOR CRUCIATE LIGAMENT RECONSTRUCTION USING BONE-PATELLAR TENDON-BONE AUTO-GRAFT FOR ANTERIOR CRUCIATE LIGAMENT DEFICIENT KNEES=	ABDEL- RAHMAN,ABDEL- RAHMAN HAFEZ HALIFA ABDEL- RAHMAN	ABDEL-RAHMAN ABDEL- RAHMAN HAFEZ HALIFA ABDEL-RAHMAN		2003	THE PURPOSE OF THIS STUDY SERIES WAS TO PRESENT A SHORT-TERM RESULTS OF THE ARTHROSCOPIC ANTERIOR CRUCIATE LIGAMENT		
2294	9459168		MYCOFLORA AND MYCOTOXIN OF SORGHUM GRAINS IN EGYPT /	AHMED, SAMIA SOLIMAN.	SAMIA SOLIMAN AHMED	Sohag :	1999 .	NINETY-EIGHT FUNGAL SPECIES WHICH BELONG TO 35 GENERA WERE ISOLATED FROM PREHARVEST AND STORED POSTHARVEST(40 SAMPLES,EACH)SORGHUM GRAINS IN ADDITION TO SOME CULTIVARS(9)ON TWO ISOLATION MEDIA (1%GLUCOSE-AND 2.1%CELLULOSE-CZAPEK) SAT 28 C.		
2295	9459176		MINERAL METABOLISM BY DIFFERENT RUMINANTS/	MOSAAD,GAMAL MOHAMED MOHANI.			2000	EFFECTS OF LOW DIETARY CALCIUM ON THE METABOLISM OF SOME MACRO-ELEMENTS AND SOME MICRO-ELEMENTS.		
2296	9459192		studies on listeria species in milk and some milk products in Assiut governorate	wahba,nahed mohammed mohammed.			2002	total of 400samples including raw milk100soft cheeses.		

2297	9459318		EPIDEMIOLOGICAL STUDIES ON SOME RICKETTSIOSES IN MAN AND DOGA IN UPPER EGYPT/	SAYED,AMAL SAYED MOHAMED.			2000	TO STUDY THE PREVALENCE OF RICKETTSIAL DISEASES AMONG GOGS AND MAN IN UPPER EGYPT. A TOTAL OF 150BLOOD SAMPLES.		
2298	9459333		MYCOLOGY STATUS OF MEAT AND SOME MEAT PRODUCTS/	ABD EL AZIZ,NAHED MAHMOUD			1999	THE PRESENT INVESTIGATION WAS DESIGNED TO STUDY THE PREVALENCE AND POPULATION DENSITY OF FUNGI 200SAMPLES.		
2299	9459411		chemical modification of bagasse-unsaturated polyester composite=مركب التحويلات الكيميائية على مترابك مصاص القصب والبولي إستر غير المشبع	bakry,ashraf kamal	ashraf kamal bakry	Aswan	2002	the present work is aiming to prepare and evaluate the properties of bagasse waste polymer composite to be polymer composite to be used as wood substitute.in this study,the different factors affecting the properties of the produced composite have been studied.		
2300	9459493		STUDY OF STRUCTURAL AND FERROELECTRIC PROPERTIES OF SOME CERAMIC SYSTEMS /	ALI,HESHAM AHAMED KAMAL	HESHAM AHAMED KAMAL ALI +	Qena :	2004 .	THE FERROELECTRIC PROPERTIES IN PEROVSKITE STRUCTURE HAS BEEN THE SUBJECT OF MANY INVESTIGATION. IT IS KNOWN THAT LEAD TITANATE(PBTIO3)IS A VERY GOOD PIEZOELECTRIC MATERIAL DUE TO IT'S HIGH CURIE TEMPRERATURE(490C).		
2301	9459525		ETYOLOGICAL STUDIES OF ENTERITIS IN NEWLYBRN CALAVS AND ITS RELATION TO VITAMIN BETA CAROTENE CAND E	HASSAN ,AZHAR MOHMED			2000	ATOTAL NUMBAR OF 115 NEWLYBORN CALVES OF BTH SEX AGING FROM 1-60 DAYS OLD WERE EXAMINES IN PRESENT STUDY.		
2302	9459646		Giles Cooper of the theatrical discourse analysis in the three texts:	HASSAN,NADIA AMIN	NADIA AMIN HASSAN.	QENA. :	1999 .	THE AIM OF THE STUDY IS TO EXTEND THE THEORY OF DISCOURSE ANALYSIS TO THE LITERARY GENRE OF RADIO DRAMA.MOVING WITH THE THEORY TO ANEW LITERARY GENRE IS MUTUALLY ENRICHING TO BOTH FIELDS:LINGUISTICS AND DRAMA.		
2303	9459700		MANAGEMENT OF CONGENITAL TALIPES EQUINOVARUS DEFORMITY USING ONE STAGE POSTERO-RELEASE COMBINED WITH ABDUCTOR HALLUCIS/	Morsy,AHMAD FAWAZ.	,AHMAD FAWAZ Morsy		2001	THIS PROSPECTIVE STUDY IS CONCERNED WITH THE SURGICAL TREATMENT OF CONGENTAL TALIPS EQINOVARRUS USING ONE-STAGE POSTEROMEDIAL RELEASE COMBINED WITH ABDUCTOR HALLUCIS RECESSON AMING FOR IMPROVEING THE SURGICAL OUTCOM OF CUBFOOT.		
2304	9459732		IMMUNITY AFFORDED BY E COLI VACCIN IN CHICKENS AS MEASURED BY ELISA AND PROTECTION TESTS.	AHMED.DARWEISH HASHIM.			1999	IN THE PRESNT STUDY 570 SAMPLES WERE EXAMINED SAMPLES INCLUDED FRESH LY OR SIOUGHTERED CHICKS AGED ONE 8 WEEKS OLD.		
2305	9459793		PREPARATION AND CHARACTERIZATION OF THIN FE-BASED MAGNTIC ALLOY FILMS=تحضير وتوصيف الأغشية الرقيقة للسبائك المغناطيسية" الحديد	ABDEL LATEEF,,MEDHAT ABDEL RADY	MEDHAT ABDEL RADY ABDEL LATEEF	Sohag	1997	THE MAIN INTEREST OF THIS WORK IS THE OPTIMIZATION OF THE FILM SURFACE KEEPING AT THE SAME TIME ASUFFICIENT QUALITY WITH REGARED TO THE MAGNETIC PERFORMANCE.		
2306	9459820		VALUE OF CK14 IN DISTINGUISHING SQUAMOUS CELL CARCINOMA OF THE URINARY BLADDER /	ALLITHY, AMAL NOOR EDEN AHMED .	AMAL NOOR EDEN AHMED ALLITHY +	g :Soha	2004	THIS STUDY AIMS TO SHOW WHETHER CK14 COULD BE USED AS ARLIABLE MARKER OF SQUAMOUS CELL CARINOMA OF THE URINARY BLADDER, AND TO ASSESS ITS VALUE IN DETECTING THE EMERGENCE OF SQUMOUS PHENOTYPE IN TRANSITIONAL CELL CARCINOMA OF THE BLADDER.		
2307	9459902		COMPARISON BETWEEN INTRATHECAL NARCOTICS AND EPIDURAL LOCAL ANAESTHETICS FOR OBSTETRIC ANALGESIA /	DARWESH, EMAN IBRAHEAM.	EMAN IBRAHEAM DARWESH +	Sohag :	1999 .	THE AIM OF WORK IS TO COMPARE INTRATHECAL NARCOTICS AND EPIDURAL LOCAL ANAESTHETICS IN PAIN RELIEF DURING THE FRIST AND SECOND STAGE OF LABOR AS REGARD THE EFFICACY OF LABOR ANALGESIA AND THE INCIDENCE OF SIDE EFFECTS(HYPOTENSION,HEADACHE,RESPIRATORY DEPRESSION ,URINARY RETENTION,PRURITIS AND VOMITING)		
2308	9460082		OPTICAL AND STRUCTURAL PROPERTIES OF FIBRES=	YASSEIN , KHALED MOHAMED	KHALED MOHAMED YASSEIN	aswan	2001	THE OPTICAL AND STRUCTURAL PROPERTIES OF POLYPROPYLENE FIBRES WITH DIFFERENT DENIERS [(6 DENIERS,90 MM),(6DENERS,150 MM),(10 DENIERS,90 MM),		
2309	9460113		THE PHONETIC AND PHONOLOGICAL SYSTEM OF FADDICCA	ABUL- HASSAN , BAHAA-AHMAD	BAHAA-AHMAD ABUL- HASSAN	QENA	2001	THIS IS APHONETIC AND PHONOLOGICAL STUDY OF FADDICCA NUBIAN (FN), A DIALECT SPOKEN IN SOUTHERN EGYPT		
2310	9460216		SOME STUDIES ON VITAMIN C IN RUMINAL AND INTESINAL DISORDERS IN SHEEP/	MATTA,MERVAT HANNA			1997	A TOTAL NUMBER OF 85 EGYPTION BALADY SHEEP BLONGED TO THE FACULTY OF AGRICULTUR FARM.		
2311	9460218		BLADDER STONES IN CHILDREN	SAAD EL-DIEN , WAEI MOHAMED GAMAL EL- DIEN	WAEI MOHAMED GAMAL EL- DIEN SAAD E LDIEN-	SOHA G	1999	IN THIS WORK 48 EGYPTIAN CHILDREN WITH BLADDER CALCULI WERE STUDIED IT HAS BEEN CONCLUDED THAT MOST OF THE PATIENTS WERE MALES WITH AN AVERAGE AGE AROUND 3 YEARS		
2312	9460527		THE NEUROTIC WOMEN IN SOME OF TENNESSEE WILLIAMS IS MAJOR PLAYS=	WISHAHI , NAGAT RIAD MAHMOUD	NAGAT RIAD MAHMOUD WISHAHI	QENA	1999	IN HIS WRITING TENNESSEE WILLIAMS IS GREATLY CONCERNED WITH THE ESSENTIAL WORTH OF HUMAN RELATIONSHIPS.		
2313	9460789		STUDY OF THE MAGNETIC AND ELECTRICAL PROPERTIES OF SOME NON-CRYSTALLINE SOLIDS IN RELATION TO THEIR STRUCTURE	MOHAMMED, ALI HASSANIN RASHA	RASHA MOHAMMED ALI HASSANIN		2004	THE BATCHES WERE MIXED IN PORCELAIN CRUCIBLE THEN MELTED USING AN ELECTRICALLY HEATED FURNACE FOR 1 HOUR AT 1000C AND ANNEALED AT 250C OVER NIGHT		
2314	9467323		Acute normovolemic versus hypervolemic hemodilution in major surgery /	MOHAMED, MOHAMED ABD EL RAHEEM.	MOHAMED ABD EL RAHEEM MOHAMED +	Sohag :	2000 .	the aim of this study is to compare both acute normovolemic hemodilutin, and hypervolemic hemodilution as a method for blood conservation. and study the effects both method on hemodynamic variables.		
2315	9467337		polyamin patterns of some microoganisms isolated from environment,milk and soft cheese.	ahmed,mohammed sayed.			2002	in this study tow groups of microoganisms were studied.		
2316	9467351		EPIDEMIOLOGICAL AND PATHOLOGICAL STUDIES ON SOME AVIAN TUNOURS/	MOHAMED, OMNIA FATHY.			1E+07	COLLECTED 600SAMPLES OF CARCASSES FROM DIFFERENT FARMS IN UPPER EGYPT.		
2317	9467370		PROPPAGATION OF THE WAVES IN THE ELASTIC MEDIAS	saleh,mohamoud mohamed	mohamoud mohamed saleh	SOHA G	1998	the purpose of this thesis is the studying of the surface waves(rayleigh and love) propagation in flat-layered media with and without initial streeses and gravity in order to find the dispersion curves which are helpful for geophysical studies.		
2318	9467383		some studies on swelling head syndrome in chicken.	mohamed,hebat allail abd el halim.			1997	eight hundred and forty bireds were collected from 23 broiler flocks in assuit.		
2319	9467392		Bee Honey as indicator for environmental pollution with heavy metals /	Mohamed, Fadl-Allah Somaya Mahmoud .	Fadl-Allah Somaya Mahmoud Mohamed +	Qena :	2006 .	the aim of this study are to assess the application of using bee honey as a biomarker for environmental contamination with heavey and toxic metals.		

2320	9467401	THE PERCOLATION MECHANISM FOR FRAGMENTATION OF NUCLEI USING MONTE CARLO TECHNIQUE=	GAD,KHALAF HAMMAD			1997	THE PRESENT THESIS DEALS WITH THE STUDY OF THE PERCOLATION MECHANISM FOR THE FRAGMENTATION OF LIGHT AND HEAVY NUCLEI USING THE MONTE CARLO TECHNIQUE.		
2321	9467402	EPIDEMIOLOGICAL AND IMMUNOLOGICAL STUDIES ON PASTEURELLA MULTOCIDA AVIAN ISOLATES/	ALI, RAGAB SAYED IBRAHIM.			1996	IN FOUR CHAPTERS EPIDEMIOLOGY AND IMMUNOLOGICAL CHARACTERS OF AVIAN P. MULTOCIDA WERE INVESTIGATED IN THE PRESENT THESIS.		
2322	9467414	advanced studies on normal and diseased paranasal sinuses in donkeys.	zein el abdeen,sohair.			1997	the present study had been based on healthy and diseased paranasal sinuses of donkeys.		
2323	9467438	AROBUST MOTION ESTIMATION APPROACHFOR VIDEO SEQUENCES BASED ON VIDEO OBJECT PLANES	ABD EL-AZIZ , OSAMA AHMED OMAR	OSAMA AHMED OMAR ABD EL-AZIZ	ASWAN	2004	THE VIDEO COMPRESSION STANDARD MPEG-4 SEGMENTS THE VIDEO SEQUENCES INTO SO-CALLED VIDEO OBJECT PLANES (VOPS)AND TREATS EACH VOP SEPARATELY		
2324	9467466	CLINICAL AND DIAGNOSTIC STUDIES ON MUCOSAL DISEASE (M D) IN CATTLE/	ABDEL RAHIM, IBRAHIM HUSSEIN AHMED.			1996	DURING A PERIOD OF TWO YEARS 176 CATTLE SUSPECTED TO HAVE MUCOSAL DISEASE WERE CLINICALLY EXAMINED.		
2325	9467496	THE READER-RESPONSE THEORY OF STANLEY EUGENE FISH	MOHAMMAD,ABDUL -HAMID ALY	ABDUL-HAMID ALYMOHAMMAD	sohag	2004	THIS THESIS DEALS WITH THE READER-RESPONSE THEORY STANLEY ENGINE FISH.UNLIKE PROPONENTS OF DEERMINATE MEANINGS,		
2326	9467500	occurrence of yersinia enterocolitica in milk and some dairy products.	ahmed,eman korashy			1997	incidence of y.enterocolitica IN MILK AND SOME MILK.		
2327	9467508	STUDIES ON EIMERIA SPECIES INFECTING QUAILS (COTURNIX COTURNIX COTURNIX AND COTURNIX COTURNIX JAPONICA/	ABOU AKADA, SOMAIA SAIF ABDEL WAKEEL.			2005	IN THIS STUDY ,THE INCIDENCE OF COCCIDIOSIS AMONG MIRANT AND FARM QUAILS WAS RECORDED THROUGH EXAMINATION OF INTESTINAL CONTENTS OF DEAD QUAILS.		
2328	9467515	Geometry of gauss maps for manifolds in euclidean spaces /	Hassan, Samy Refahy Mahmoud.	Samy Refahy Mahmoud Hassan	Sohag	2004	The aim of this study the geometry of gauss maps for manifolds in euclidean spaces and its applications.		
2329	9467522	COMPARISON OF THE STRUCTURAL AND PHYSICAL PROPERTIES OF THE BINARY SYSTEMS IN3 TE4 AND TI2S5 CRYSTALS	AHMED , KHALED EBNALWALED ABD EL-FATTAH	KHALED EBNALWALED ABD EL-FATTAH AHMED	QENA	2003	AS FOR THE GROWING INTEREST IN THE FIELD OF SEMICONDUCTOR TECHNOLOGY NEW MATERIALS ARE NEEDED		
2330	9467533	GEOPHYSICAL STUDIES OF THE AREA NORTH EASTERN ASWAN,EASTERN DESERT.A.R.E	MOHAMMED,AHMED WAHABALLA	AHMED WAHABALLA MOHAMMED	QENA, EGYPT	1995	The Scope of this study is GEOPHYSICAL STUDIES OF THE AREA NORTH EASTERN ASWAN,EASTERN DESERT.A.R.E		
2331	9467535	HISTOLOGICAL AND HISTOLOCHEMICAL STUDIES OF THE DIGESTIVE TRACT INFOWL.	EL SHAMY,SANAA ABDOU.			1996	EXPERIMENTAL BIRDS OF EGYPTION LOCAL STRAIN.		
2332	9467586	FERTILITY IMPROVEMENTS OF FRIESIAN COWS UNDER LOCAL FARM CONDITIONS.	AREF,MOHAMED SABRY.			1996	THE PRESENT INVESTIGATION WAS CARRIED OUT TO EVALUATE THE REPRODUCTIVE PERFORMANCE AND TO IMPROVE THE FERTILITY IN FRIESIAN CATTLE.		
2333	9467587	ELECTRON AND LIGHT MICROSCOPICAL STUDIES ON THE LUNG OF ONE HUMPED CAMEL (CAMELUS DROMEDARIUS)/	ZAGHLOUL, DOAA MAHMOUD MOHAMED.			2004	THIS WORK WAS CARRIED OUT TO INVESTIGATE THE STRUCTURE OF THE CAMELS LUNG AND ITS ACCOMMODATION WITH THE SURROUNDING HARD ENVIRONMENT OF THE DESERT.		
2334	9467591	TAXONOMICAL AND ECOLOGICAL STUDIES ON FRESHWATER OSTRACODS AT QENA GOVERNORATE,UPPER EGYPT=	ABO-GABL,HEBA MOHAMED FANGARY	HEBA MOHAMED FANGARY ABO-GABL		2003	OSTRACODA IS A CLASS OF THE SMALL CRUSTACEANS,WHICH LIVE IN A DIVERSITY OF HABITATS INCLUDING :SEAS,OCEANS,RIVERS,LAKES,POOLS,PONDS AND HOT SPRINGS.		
2335	9467602	INVESTIGATION THE IMMUNE FUNCTIONS OF DIABETIC PATIENTS	MOHAMED,HYDI AHMED	HYDI AHMED MOHAMED.	SOHA G. :	1995	THE PATHOGENIC ROLE OF AUTOIMMUNITY IS WELL ESTABLISHED.DUE TO THE AVAILABILITY OF REMARKABLE MODELS,THE REGULATORY AND EFFECTOR MECHANISMS ARE CLOSE TO BEING REVEALED.		
2336	9467604	THE SLOPE OF THE NEUTRON FROM FACTOR GEN"q2"AT q2=0	DARWISH,Eed mohamed	Eed mohamed DARWISH	SOHA G,EGYPT:	1995	The scope of this thesis is THE SLOPE OF THE NEUTRON FROM FACTOR GEN"q2"AT q2=0		
2337	9467613	RADIOGRAPHIC STUDIES ON THE CARPAL JOINTS IN SOME FARM ANIMALS	ADEL, ABD ELRAHIEM SADAN MADEH	MADEH ADEL ABD ELRAHIEM SADAN		2005	THE PRESENT STUDY WAS CARRIED OUT ON CARPAL JOINTS OF 25 ADULT LIVING ANIMALS OF BOTH SEXES		
2338	9467644	SOME PROBLEMS IN HEAT TRANSFER FOR MICROPOLAR BOUNDARY LAYERS	EL-KABEIR,SABER MAHMOUD MOHAMED	SABER MAHMOUD MOHAMED EL-KABEIR	ASWAN,EGYPT	1996	The scope of this thesis is SOME PROBLEMS IN HEAT TRANSFER FOR MICROPOLAR BOUNDARY LAYERS		
2339	9467671	Geophysical studies on some parts of the eastern desert of egypt /	Ei Kholy, Salem Ramadan Salem Hassan.	Ei Kholy Salem Ramadan Salem Hassan	Qena	1996	the aim of this study evaluate and delineate the crustal and the upper mantle rocks by employing magnetic and gravity methods.		
2340	9467680	GEOLOGICAL STUDIES ON THE BASEMENT ROCKS OF GABAL EL-MAYIAT AREA,CENTRAL EASTERN DESERT,EGYPT=دراسات جيولوجية لمخزور القاعدة لمنطقة جبل الميت وسط الصحراء الشرقية-مصر	ABD EL-GALIEL,ATA ABD EL-SHAIFYE HAMED	ATA ABD EL-SHAIFYE HAMED ABD EL-GALIEL.	ASWAN:	1996	THE PRESENT WORK DEALS WITH THE GEOLOGY,STRUCTURE PETROLOGICAL AND GEOCHEMICAL STUDIES ON THE BASEMENT ROCKS AROUND GABAL EL-MAYIAT .		
2341	9467685	CHEMICAL AND BIOLOGICAL STUDIES ON SUGAR CANE BAGASSE AND THEIR EFFECTS ON THE QUALITY OF WOOD PRODUCT MEDIUM DENSITY FIBERBOARD	EL GELANI , ABD EL- BASET ABD EL HAMID ADAM	ABD EL- BASET ABD EL HAMID ADAM EL GELANI	QENA	2006	MEDIUM DENSITY FIBERBOARD (MDF)IS INCREASINGLY POPULAR IN THE WOLD TODAY		
2342	9467705	CRYSTAL GROWTH AND STUDY OF SOME PHYSICAL PROPERTIES OF Bi2 Te3 AND Bi2 S3 SINGLE CRYSTALS=	MOHAMED , MAHMMOUD SAYED ABD EL-SADEK	MAHMMOUD SAYED ABD EL-SADEK MOHAMED	QENA	2004	THE PRESENT THESIS IS DEVOTED TO STUDY THE ELECTRICAL CONDUCTIVITY.HALL EFFECT.		
2343	946772	Pathological studies on the effect of some organo phosphorus compounds phosfolan and mephosfolan on albino rats/	Khalele,Sary Abd El Ghaffar			1989	this study was carried out on 120 adult male albino rats these rats were classified into four experimental group and control one.		
2344	9467813	PHYTOCHEMICAL STUDIES ON SOME PLANTS GROWING IN UPPER EGYPT	MOHAMED ,ABU EL-HAMED HASSAN	ABU EL-HAMED HASSAN MOHAMED	ASWAN,EGYPT	1997	THE SCOPE OF THIS THESIS IS PHYTOCHEMICAL STUDIES ON SOME PLANTS GROWING IN UPPER EGYPT		

2345	9468055	quantitive histological studies on the testicular development in defferent chicken species/	Mona abdel ftah ali			1989	the experimental birds were randomly chosen among the two breeds stocks,fayoumi and rhode island red raised in poultry breeding researsh farm,faculty of agriculture,assiut universtiy.		
2346	9468144	biological studies on some marina venomous animals and the physiological effects of their venoms on the living cells/	yassien,faisal fahmy.			1995	the present sudy conerns with three different species of jellyfishes (coelenterata:scypphozoa) that inhabiting the red sea.		
2347	9468192	gene analysis in the diagnosis of genetic diseases=تحليل الجينات عن طريق تحليل الجينات	abd-el-moniem , ehab saoud	Ehab saoud abd-el-moniem	SOHA G	1998	the basic unit of inheritance is gene.genetic information is stored as a sequence of deoxy-nucleic acid(DNA)base pairs in adouble helix.		
2348	9468286	some studies on the reproductive capacity of bulls in upper egypt/	Abdel-razek,Abdel-razek Khaleifa			1989	investigations were carried out study the reprouctive capacity of bulls of different breeds and ages were eih bulls.		
2349	9468482	some studies on chloral hydrate as a preanaesthetic,narcotic and anaesthetic in equines/	Taha,Dorreah Mostafa Mohamed			1989	the present study was conducted on a number of 32 animals chloral hydrate 10% solution was administered intravenously in different doses(6,9.12 and 15 g/ 50 kg b.wt.).		
2350	9468514	geology,geochemistry and structural evolution of the atalla felsite,central eastern desert,egypt= جيولوجية وجيوكيميائية والتطور التركيبى لفلسايت عطا لله بوسط الصحراء الشرقية بمصر	Amron , taha mohamed	Taha mohamed Amron	QENA	1997	The lata pan-african atalla felsite subvolcanic intrusion lies in the precambrian basement of egypt		
2351	9468578	mineral status in some cases of digestive troubles in buffaloe calves/	Saleh,Mostafa Ahmed.			1990	a total number of 148 neonatal buffaloe calves 1-73 days old were included in this study.by clinical and laboratory examination fourty sex calves were healthy and kept as control		
2352	9468611	prevalence of toxoplasma gondii among animals and man in upper egypt/	Hussein,Asmaa Abdel Nasser Ahmed..			1989	toxoplasma gondii the protozoal coccidian parasite has been incriminted as one of the etiologically significant agent in many obstetric disorders such as sporadic and habitual abortion still birth and intra-uterine foetal death.		
2353	9468635	STUDY OF P-SELECTIN AND OTHER PLATELET MARKERS IN MYOCARDIAL ISCHAEMIA=	ABO EL-WAFA,HASSNA AHMED	HASSNA AHMED ABO EL-WAFA		2004	THIS SUBJECT AIMS TO IDENTIFY THE DEGREE OF PLATELETS ACTIVATION IN PATIENTS ARE NOMOTENSIVE.		
2354	9468642	ON THE SUMM OF NON-IDENTICAL RANDOM VARIABLES	AWAD , AHMED MOHAMED RASHAD	AHMED MOHAMED RASHAD AWAD	ASWAN	2003	THE COMBINATORIAL APPLICATION THAT WILL BE CONSIDERED THIS THESIS IS AN APPLICATION OF THE WELL-KNOWN INCLUSION		
2355	9468643	studies on the sanitary conditions of fish culture/	Abdel-rahman,Abdel-rahman Abdel-magied.			1989	sixty four water samples were collected from six fish farms as well as their inlet and outlet located in minia governorate .		
2356	9468761	some studies on vibrio infections in chickens in upper egypt/	Zin,Iman Kamel			1989	the incidence of campylobacter jejuni infection in chickens of different ages non-fertile eggs and dead in shell embryos was investigated.		
2357	9468765	BIODIVERSIY OF HIGHER FRESHWATER IN THE NILE	ABDEL-AZIZ , FATEN AWAD	FATEN AWAD ABDEL-AZIZ	QENA	2000	FORM THE PRESENT STUDY CONDUCTED IN THE RIVER NILE IN UPPER EGYPT, IT IS CONCLUDED THAT:		
2358	9468820	ENVIRONMENTAL STUDIES OF THE EFFECT OF PHOSPHATE DUST AND PHOSPHATE SLIME OF PHOSPHATE FACTORY DURING DRESSING ON THE AREA SURROUNDING THE FACTORY	MOHAMED , AIMN RASHED	AIMN RASHED MOHAMED	ASWAN	1999	EL NESSRAB PHOSPHATE FACTORY IS ONE OF FOUR FACTORY IN EGYPT USED FOR BENEFICIATION OF A LOW GRADE PHOSPHATE ORES USING CRUSHING AND WASHING PROCESSES		
2359	9468976	PREDICTING FERTILIZATION IN AN ART PROGRAM IN PATIENTS WITH MALE FACTOR INFERTILITY=	SALEH,RAMADAN SALEH ABDOU	,RAMADAN SALEH ABDOU SALEH		2002	TO DATE, ON SINGLE LABORATORY TEST IS CAPABLE OF ASSESSING A MAN IS TOTAL FERTILITY WITH ACCURACY AND PRECISION THERE IS GROWING EVIDENCE THAT SEMINAL OS IS INVOLVED IN MANY ASPECTS OF MALE INFERTILITY..		
2360	9469138	CEREBRAL OXYGENATION AND SYSTEMIC IMPLICATIONS DURING WARM, TEPID OR COLD CARDIOPULMONARY BYPASS	AHMED , MOHAMED A. ABDEL-MABOUD	, MOHAMED A. ABDEL-MABOUD AHMED		2004	THIS PROSPECTIVE CONTROLLED STUDY WAS CARRIED OUT IN BOTH CAIRO UNIVERSITY HOSPITALS AND SOHAG UNIVERSITY HOSPITALS IN THE PERIOD BETWEEN NOW		
2361	9469548	the effect of using a program Based on the writing Workshop Approch on the Writing skills and on the Writing Apprehension of Second-year prep Students	Mohammad , mohammad ahmad al-sayed	Mohammad ahmad al-sayed Mohammad	SOHA G	2006	THE PRESENT STUDY AMIED AT INVESTIGATING THE EFFECTS OF USING APROGRAM BASED ON THE WRITING WORKSHOP APPROCH ON DEVELOPING THE WRITING SKILLS AND MINIMIZING THE WRITING APPREENSION OF SCONDE-YEAR PREP STUDENTS IN SOHAG CITY.		
2362	9469566	MORPHOLOGICAL,MOLECULARLY AND PATHOGENICALLY CHARACTERIZATION OF FUSARIUM SPP.FROM WHEAT IN UPPER EGYPT	shebany,yassmin mohamed	yassmin mohamed shebany	Qena	2005	wheat (triticum vulgaris)was the most important cereal in egypt,and ranked first among the traditional pulse crops in egypt,it was widely used in the egyptian diet in different forms.		
2363	9469581	morphological biochemical and functional changes in astrocytes due to lead toxicity/	el sherif ,ahmed abdel baky sharkawy.			1996	lad intoxication is one of the most important proplem in our lif.lead appear more dangerous efect on the nervous system.		
2364	9469618	Studies on some factors that may affect Frankia effectiveness in its symbiosis with Casuarina plants /	Salem, Wessam Mohamed Ali Mahmoud.	Wessam Mohamed Ali Mahmoud Salem ,	Qena :	2006 .	This study is answering some question about the role of Casuarina,in symbiosis with Frankia, in soil improvemnt and amelioration.		
2365	9469631	STUDY OF NATURAL RADIOACTIVE NUCLIES IN SOME GOLD MINES IN UPPER EGYPT= دراسة النشاط الإشعاعي الطبيعي في بعض مناجم الذهب في مصر العليا	Ahmed , gahfar mohamed el-sogiar	gahfar mohamed el-sogiar Ahmed	QENA	2005	the present study reveals that the radium equivalent activalent activity due to the natural radioactivity are ranged between322.5+_17.9and303.3+_17.4 in el-fawakhir and atud regions respectively.		
2366	9469660	studies on enteric protozoa of some wild animals at zoo of alexandria/	Ahmed,eman mohamed.			2005	THE PRESENT INVESTIGATION WAS PERFORMED TO DECLARE THE ENTERIC PROTOZOA THAT INFECT CAPTIVE ZOO ANIMALS AND BIRDA IN ALEX ZOO GARDEN.		
2367	9469667	polymerase chain reaction for detection of some bacterial pathogens transmitted from cattel to man.	abdou, enass mokhtar mahmoud.			2005	cattel zct as reservour of certain zoonotic bacterial diseases to humaan beings.		

2368	9469676	EXTENDED ONE STEP METHODS FOR THE NUMERICAL SOLUTION OF DELAY DIFFERENTIAL EQUATIONS.	MOHAMMED , FATMA ABD-ELATEEF	FATMA ABD-ELATEEF MOHAMMED	QENA	2006	THIS THESIS INCLUDES THREE CHAPTERS :CHAPTER I : CONCERNED WITH INTRODUCING SOME BASIC ANALYTIC NUMERICAL BACKGROUND OF THE DELAY DIFFERENTIAL EQUATIONS..... CHAPTER II : WE DISCUSS EXTENDED ONE-STEP METHODS OF ORDER THREE FOR THE NUMERICAL SOLUTION OF DELAY-DIFFERENTIAL EQUATIONS. CHAPTER III: WE DEVELOP A CLASS OF NUMERICAL METHODS FOR SOLVING DELAY DIFFERENTIAL EQUATIONS.		
2369	9469682	MAP OF CATTLE BRUCELLOSIS IN SOME GOVERNORATES OF EGYPT/	KHOUDIER, RAMADAN MOHAMED MOHAMED.			2004	THIS INVESTIGATION IS CONCERNED WITH THE PREVALENCE OF BRUCELLA INFECTION AMONG CATTLE IN SOME GOVERNORATES UNDER INVESTIGATION.		
2370	9469698	Studies on the Benthic Foraminifera in the recent marine sediments of the upper continental shelf of Red Sea,Egypt	Madkour ,Hashem Abbas Mohamed	Hashem Abbas Mohamed Madkour	Qena	2000	Recently,there has been an increase in interest in the red sea and its marine life ,but most of the publications about it remain on a general level.		
2371	9469700	'studies on parasites cats in assiut governorates/	'fuly.enaam abdel basett.			1997	THE PRESENT WORK WAS CONDUCTED TO DO STUDIES ON PARASITES OF CATS (FELIS CATUS)IN ASSIUT GOVERNORATE		
2372	9469706	some pharmacodynamic properties of ivermectin in comparison with doramectin male rats.	zaied.gehan mohamed.			2004	the present work was carried out to evaluate the single dose effect of ivermectin in comparison.		
2373	9469719	INFLUENCE OF SANITIZATION OF DAIRY UTENSILS ON THE SAFETY AND QUALITY OF FARM MILK/	AL WAKEEL, SAFAA ABOU EL-EINEEN ABOU EL-EINEEN.			2004	THE PRESENT STUDY WAS CARRIED OUT IN A DAIRY FARM FOR STUDYING THE EFFECT OF CLEANING AND DISINFECTION .		
2374	9469747	THE EFFECT IF SOME ENVIRONMENTAL FACTORS ON THE IMMUNE RESPONSE OF THE CULTURED FISH AND ITS RELATION WITH THE DISEASES/	HAGGAG, SALAH ABD EL SATTAR.			2004	IN THE CURRENT STUDY, THE LIGHT HAVE BEEN THROWN ON THE EFFECT OF SOME ENVIRONMENTAL STRESSORS.		
2375	9469781	CLINICAL AND URODYNAMIC EVALUATION OF PATIENTS IN THE POST-RECOVERY PERIOD AFTER CEREBROVASCULAR ACCIDENTS=	HAFEZ,ALAA ABDEL RAHMAN ABDEL	ALAA ABDEL RAHMAN ABDEL HAFEZ,		1999	THE STUDY INCLUDED 44 MALES AND 16 FEMALES EXAMINED PROSPECTIVELY IN DIFFERENT PHASES AND AS EARLY AS 2 DAYS AFTER CVA.		
2376	9469784	PHARMACOKINETICS OF CONTINUOUS MORPHINE DOSING BY PATIENT-CONTROLLED ANALGESIA THROUGH PARENTAL AND EPIDURAL ADMINISTRATION WITH COMPARISON TO FENTANYL	EL SAIED ,ABD EL- RHMAN AHMED	AHMED EL SAIED ABD EL- RHMAN		1996	THERE ARE MANY OPIOIDS USED THROUGH THE EPIDURAL AS WELL AS PARENTAL ROUTE. THE MOST IMPORTANT FACTOR WHICH DETERMINES THE PHARMACOKINETICS OF OPIOIDS IS LIPOPHILICITY		
2377	9469788	Influence of administration of probiotics on some bacterial poultry pathogens.	el kaenany,moustafa hassan.			2005	in this study the role of commercially used probiotic (biogen kyolic).products		
2378	9469793	SOME STUDIES ON SPRING VIRAEMIA OF CARP IN EGYPT/	SAAD, TALAAT TALAAT.			2005	THIS STUDY WAS CARRIED OUT ON THE FISH SAMPLES OF ABOUT 112 SAMPLES FROM THEM WE FOUND THAT, TWO SAMPLES INFECTED WITH A. HYDROPHILA.		
2379	9469797	STUDIES ON SOME PHOTOMETRIC AND SPECTROPHOTOMETRIC MEASUREMENTS AND THEIR APPLICATIONS=دراسات عن بعض القياسات الفوتومترية والإسكتر فوتمترية وتطبيقاتها	abbass,el-sayed mostafa abd el- kaream	el-sayed mostafa abd el-kaream abbass. ;		1999	THIS WORK CONSIST OF FOUR CHAPTER DEALS WITH STUDYING THE POSSIBILITY OF THE SILICON SOLAR CELL AS A PHOTOMETRIC DETECTOR.		
2380	9469823	CADMIUM TOXICOSIS IN RAMS REFERRING TO SOME FERTILITY PARAMETERS/	ASSI, MOHAMED MOHAMED.			2005	THIS STUDY WAS CARRIED OUT TO EVALUATE THE PATHOLOGICAL EFFECT OF CADMIUM ON THE GENITAL ORGANS .		
2381	9469827	study of the correlation between pathogenicity and staran of bovin viral (mdvrrus diarrhoea mucosal disease n(bvd-md virus based on the genetic diversity and clinical symptoms/	mostfa.usama abd el hakem aly			1997	in this study three hundred 300 cattle with age ranged from one week to five years were examined using rt-pcr for detection of bvd viral rna as a recent method for diagnosis of bvdv infections.		
2382	9469836	role of raw milk in transmission of some food poisoning organisms and parasites to consumer.	khairalla,mohammed ahamed.			2006	random samples of cows and buffalo raw milk(n=300.150)were collected from dairy farm.		
2383	9469863	HAZARD ANALYSIS OF SOME DAIRY PRODUCTS AND THEIR SERVICES ESTABLISHMENT IN BEHERA GOVERNORATE/	FARAG, HANAA FATHI.			2002	MILK AND MILK PRODUCTS ARE THE MOST UNIQUE AND IDEAL DIET FOR MAN AS THEY MEET ALL THE NUTRITIONAL NEEDS OF THE BODY BETTER THAN ANY OTHER SINGLE FOOD.		
2384	9469874	EFFECTS OF OCCUPATIONAL NOISE ON THE HEARING OF WORKERS IN SOHAG GOVERNORATE=	ALI,NAWAL BADAWY	.NAWAL BADAWY ALI		2004	THIS STUDY WAS CONDUCTED AT SOHAG TEXTILE FACTORY.MEASURING NOISE LEVEL WAS BY USING PRECISION SOUND LEVEL METER TYPE 2235.		
2385	9469878	some biochemical studies on antitumor agents in rats.	badr,sherif mohmoud zaki.			2007	the present study performed to investigate the biochemical .		
2386	9469904	STUDIES ON INFECTIOUS DISEASES AFFECTING EGG PRODUCTION IN COMMERCIAL LAYER FLOCKS/	GHANEM, MOHAMED MAHAMED FATH ALLA.			2002	IN THIS WORK ,A TOTAL OF 73 COMMERCIAL LAYER FLOCKS IN NORTHERN DELTA, WHICH WERE SUFFERING FROM DROP IN EGG PRODUCTION WERE EXAMINED FOR INFECTIOUS ETIOLOGY.		
2387	9469919	influence of thawing time and post -thaw temperature on fertility capacity of bull and buffalo -bull spermatozoa frozen in plastic straws/	bakr.sameh helmy mohamed ahmed			2004	according to the practical significance thawing and post thawing findings of frozen buffalo-bull spermatozoa has been given consideration in this investigation.		
2388	9469922	campylobacter and some food poisoning bacteria in broiler chicken carcasses.	hinadawy,abd elsalam.			2006	meat and poultry products may become contaminated.		

2389	9469950	EFFECT OF SOME CHEMICAL POLLUTANTS ON ANIMAL HEALTH/	SALEM, YASSER SAID EL SAYED.			2005	FOR MANY YEARS ENVIRONMENTAL POLLUTION HAS BEEN CONSIDERED TO BE A HAZARD TO HEALTH AND THE INDUSTRIAL POLLUTION CASUSED A SERIOUS .		
2390	9469953	AN ANALYSIS OF CONSTRAINTS AFFECTING THE APPLICABILITY OF MARKETING KNOW-HOW TO DEVELOPING COUNTRIES : A COMPARATIVE STUDY BETWEEN AMERICAN VERSUS EGYPTIAN COMPANIES	KANDEEL , NAHLA AHMED MOHAMED el refaee,mohamed ezzat.	NAHLA AHMED MOHAMED KANDEEL	SOHA G	1998	THE REASEARCH HAS REPORTED THE RESULTS OF A SURVEY OF THE DETERMINANTS OF APPLYING MARKETING KNOW-HOW IN USA AND EGYPT		
2391	9469974	streptococcus infection in fresh water fish.				2005	the present investigation was done to know the coomon.		
2392	9470038	the effect of prolactin on some physiological aspects of prostate gland functions in rat.	gad,shereen basunei mohamed.			2004	prolactin is apolypeptide hormone found to be expressed in all mammals.		
2393	9470080	VITRECTOMY IN ENDOPTHALMITIS	MOHAMED , ASHRAF MOUSTAFA	ASHRAF MOUSTAFA MOHAMED	SOHA G	2003	THIS STUDY WAS DONE ON 25 EYES OF 25 PATIENTS WITH ACUTE ENDOPTHALMITIS EITHER NOT RESPONDING TO INITAL TREATMENT WITH TOPICAL, SUBONJUNCTIVAL,SYSTEMIC		
2394	9470132	THE ROLE OF INTERLOCKING NAIL IN FEMMORAL FRACTURES	EL- SAGHIER , YASSER MOHAMED	YASSER MOHAMED EL SAGHIER	ASSIU T	2004	THE SCOPE OF THIS STUDY IS THE ROLE OF INTERLOCKING NAIL IN FEMMORAL FRACTURES		
2395	9470152	bacterial contaminants of biological products produced locally.	ghanem,marwa lotfy.			2005	sterility tests aredesingend to determine the presence of fungi.		
2396	9470203	some toxicological studies on the mycotoxin zearalenone causing veterinary problemes in egypt.	el okl,usama said metwaly.			2005	during the past deacad ,considerable progreess has been made in the diagnosis.		
2397	9470232	BREEDING FOR IMMUNE RESPONSE IN EGYPTIAN CHICKEN STRAINS/	EL EDEL, MOHAMED ABDEL NABY.			2005	THIS WORK WAS CONDUCTED AT THE DEPARTMENT ATANIMAL HUSBANDY AND ANIMAL WEALTH DEVELOPMENT.		
2398	9470237	Mineralogical and Geochemical studies on some Gold Deposits and host rocks,Wadi Allaqi,South eastern Desert,Egypt /	Abdel Rady,Ashraf Emam.	Ashraf Emam Abdel Rady .	Aswan :	2005 .	Ore-minerology and geochemistry of gold-deposits at the areas of haimur, Marahiq and Hariari gold mines are the essential aim of present study to investigate the paragentic sequence of gold associating minerals,as well as to establish the genesis and metallogenetic model for these gold deptsits.		
2399	9470247	THE HUMAN VALUES IN THE NOVELS OF THORNTON WILDER	ABDEL SALAM , NABIL ABDEL FATAH	NABIL ABDEL FATAHABDEL SALAM	QENA	1998	THE SCOPE OF THIS STUDY IS THE HUMAN VALUES IN THE NOVELS OF THORNTON WILDER		
2400	9470258	studies on salmonilla infection in chicken in libya.	adam,abdul karim			2006	this work carried out to survey the salmonella.		
2401	9470362	SOLUTION OF SOME PROBLEMS IN THERMOELASTICMEDIA	ZEIDAN,NOUR ABDEL MAWLA ABDEL MAWGOUD	NOUR ABDEL MAWLA ABDEL MAWGOUD ZEIDAN	SOHA G,EGY PT	1999	THE SCOPE OF TGIS THESIS IS SOLUTION OF SOME PROBLEMS IN THERMOELASTICMEDIA		
2402	9470443	PALYNOLOGICAL STUDIES ON SOME MESOZOIC ROCKS FROM NORTHERN WESTRNN DESERT ,EGYPT	EL SOUGHIER ,MAHER IBRAHIEM ABDEL RAHIM	MAHER IBRAHIEM ABDEL RAHIM EL SOUGHIER	ASWA N,EGY PT:	206	THE SCOPE OF THIS THESIS IS PALYNOLOGICAL STUDIES ON SOME MESOZOIC ROCKS FROM NORTHERN WESTRNN DESERT ,EGYPT		
2403	9470506	PHYSICAL LIMNOLOGY OF FAYOUM DEPRESSION AND THEIR BUDGETS	ABDEL ALLH,RADWAN GAD EL RAB	RADWAN GAD EL RAB ABDEL ALLH	ASWA N,EGY PT:	1999	THE SCOPE OF THIS THESIS IS PHYSICAL LIMNOLOGY OF FAYOUM DEPRESSION AND THEIR BUDGETS		
2404	9470510	GROWTH,CHARACTERIZATION AND PHOTOEMISSION SPECTROSCOPY OF SUPERCONDUCTING HTc THIN FILMS	SALEH,SALEH AHMED	Saleh Ahmed Saleh	SOHA G	2002	studieson the surface borphology were found very essential especially in optimizing growth parameters to reduce the density of outgrowths.		
2405	9470536	geochemical and Environmental studies of recent marine sediments and some invertebra of the red sea.egypt /	Madkour, hashem Abbas Mohamed.	hashem Abbas Mohamed Madkour ;	gena :	2004 .	RECENTLY,there has been a increase in interese in the red sea and its marine life ,but most of the publications about it remain on ageneral level.		
2406	9470791	some stuiens on the spring viraemia of carp in cultured freshwatr fish/	abu eisa,mohammed mohamme			2007	three hundred and faiv samples from 196 farms were used to carrey out this study from them 3samples were found to be infected.		
2407	9470864	APOPTOSIS AND IMMUNOHISTOCHEMICAL BCL-2 ONCOPROTEIN EXPROTEIN EXPRESSION IN COLORECTAL=	SHALABI,EMAN MUHAMMAD SALAH EL DEEN MUHAMMAD SHALABI	,EMAN MUHAMMAD SALAH EL DEEN MUHAMMAD SHALABI		2002	COLORECTAL CANCER IS THE THIRD LEADING CAUSE OF CANCER DEATHS IN THE WESTERN WORLD. THE LAST FEW YEARS SHOWED AN INCREASE IN THE INCIDENCE OF THIS FATAL DISEASE IN OUR COUNTRY.		
2408	9470904	A STUDY OF THE CORRELATION BETWEEN SUBJECTIVE SENSATION OF NASAL PATENCY AND ACOUSTIC RHINOMETRY FINDINGS IN PATIENTS WITH AN ANATOMIC CAUSE OF NASAL OBOSTRUCTION=	ABD- ELHAMID,WALEED ABD-ELHAFEEZ MOHAMED	,WALEED ABD-ELHAFEEZ MOHAMED ABD-ELHAMID		2003	PATIENTS RECORDED IMPROVEMENT IN THEIR NASAL BREATHING AFTER THE USE OF NASAL DECONGESTANTS AND POSTOPERATIVELY AS DEMONSTRATED BY VISUAL ANALOGUE SCALE.		
2409	9470999	hepatotoxiosis and enterotoxiosis due to the effct of dectomaxin guinea pigs/	shereef.amal mohamed ahmed koteb			2006	the preesnt work was berformed in order to evaluate pathologically the suspected adveres effcts following repated therpeutic as well as doble and tripl therapeutic doses of dormectin on the liver and intestine of healthy guinia bigc.		
2410	9471001	On subclasses of close-to-convex functions and related functions/	Ebrahim,Nehma Ahmed	Nehma Ahmed Ebrahim	Aswan	1995	Denote by the class of functions f which are analytic and univalent in the unit disc D={z: z		
2411	9471025	some genetic stuliees on the effect of ochratoxin on mice/	hamouda.wall slouma	ochratoxin on mice/		2005	these experiments were carried out to study genetic effect of ochratoxin a on mice.		
2412	9471040	arthur millers vision of man as reflected in his major plays	sarwt,walaa hamdy	walaa hamdy SARWA. :	gena. :	1997 .	this study sheds light on the plays of awell-noted american playwright:arthur miller.its main concern is to analyze millers own vision of man as dramatized through his plays.		
2413	9471046	studies on epidemiolgy of escherichia coli in some poultry farms.	ayoubmmousa abd allah mohammed.				in recent years great extension in poustry in egypt.		

2414	9471058	STUDY ON SOME ELEMENTS CAUSING CLINICAL METABOLIC DISORDERS IN SMALL RUMINANT AT THE NOARTH COASTAL REGIONS/	EL SHENRAWY, AHMED ADEL EL SAYED.				2005	THE PRESENT INVESTIGATION WAS CARRIED OUT ON 483 ADULT EGYPTIAN SHEEP AGED FROM (2-6 YEARS) GRAZED ON NATURAL VEGETATION.		
2415	9471100	EFFECT OF EXPERIMENTAL INFECTION WITH STREPTOCOCCAL SPECIES ON DIFFERENT BLOOD PARAMETERS IN CARP FISH/	MANGOUD, NAGLAA FATHE.				2004	SEVERAL OUTBREAKS OF STREPTOCOCCOSIS HAVE BEEN DESCRIBED IN MANY COUNTRIES AMONG DIFFERENT FISH SPECIES.		
2416	9471108	urogenital affection to the effect of dectomax in guinea pigs.	habeeb,hala mohamed.				2006	in the present work pathologic studies were done in order to study the adverse.		
2417	9471133	BRUCELLOSIS AS A ZOONOTIC DISEASE IN BEHERA AND ALEXANDRIA PROVINCES/	NOSSAIR, MOHAMMED AL SAYED ABDEL LATIF.				2005	brucellosis is primarily a disease of domestic animals causing abortion so it is considered one of the most serious of the current public health problems.		
2418	9471146	contamination of poultry products and environment with certain salmonella species.	monsour,waffa abd el zaher.				2004	this study was done to determine the incidence of the major pathogenic.		
2419	9471168	polymerase chain reaction for detection of salmonella enteritidis in chicken carcasses/	el gammal, chada ahmed mohammed.				2004	this work was carried out to survey salmonella infection in broiler chicken carcasses at small poultry processing shops in kafr el-sheikhprovince.		
2420	9471184	staphylococcal infection in poultry.	dorgham,sohad mohamed				2003	atrial was made to isolate staphylococci.		
2421	9471204	NORMAL AND ABNORMAL CHANGES IN GENITAL TRACT IN POST PARTUM BUFFALOES/	ATALLAH, EL SHAHAT ABDALLA MOHAMED.				2005	BUFFALOES ARE THE MAIN DAIRY ANIMALS IN EGYPT (2.25 MILLION).		
2422	9471244	STUDIES ON MATERNAL BEHAVIOUR OF UPPER EGYPT EWES/	GHAREEB, KHALED MOHAMMED SAYED AHMED.				1998	MATERNAL BEHAVIOUR IN EIGHT SELECTED PREGNANT OSSMI EWES WAS STUDIED.		
2423	9471249	some normal respiratory values in the population of sohag city in relation to defferent age groups	el-alf,hassan mohamed	hassan mohamed el-alf	sohag, egypt:		2005	the scope of ths thesis is some normal respiratory values in the population of sohag city in relation to defferent age groups		
2424	9471281	EFFECT OF CRYPRESERVATION DNA CONTENT IN THE SPERM CELL AND ITS RELATIONSHIP TO FERTILIZATION.	IBRAHIM,ZAHER MOHAMED.				2004	THE PRESENT STUDY AIMED TO INVESTIGATA THE RELATIONSHIP.		
2425	9471333	VIBRIO PARAHAEMOLYTICUS AND SOME HALOPHILIC BACTERIA ASSOCIATED WITH FISH AND SHELLFISH.	EL BAHY,ENGY FAWZY AHMED.				2006	SINCE FISH AND SHELLFISH ARE SUBJECT TO RISK OF CONTAMINATION.		
2426	9471345	CHARACTERIZATION OF CAMPYLOBACTER COLI ISOLATED FROM CATTLE, SHEEP AND CHICKENS/	EL DEEB, SAMAH MOHAMED ALI OSMAN.				2005	THIS WORK WAS CARRIED OUT TO ISOLATE CAMPYLOBACTER COLI INFECTION FROM CHICKENS AT SMALL POULTRY PROCESSING SHOPS.		
2427	9471347	ELECTRODEPOSITION OF ZINC-NIKEL ALLOYS IN SULFATEBATHS	AHMED,ARAFAT AHMED TOGHAN	ARAFATOUGHAN AHMEDT AHMED	QENA, EGYPT		2004	THE SCOPE OF THIS THESIS IS ELECTRODEPOSITION OF ZINC-NIKEL ALLOYS IN SULFATEBATHS		
2428	9471384	MICROBIOLOGICAL INVESTIGATION ON BOVING SUFFERING FROM PARASITIC BLOOD DISEASES/	MESAWA, MOHAMED SOBHY EBRAHIN.				2006	THE PRESENT STUDY WAS CARRIED OUT TO INVESTIGATE THE BACTERIOLOGICAL INFECTIONS THAT MAY ACCOMPANY PARASITIC BLOOD DISEASES.		
2429	9471390	EVALUATION OF RECTAL FINDINGS WITH THE HORMONAL ASSAY OF PROGESTERONE IN CATTAL.	EL NEMR,HAZEM SABER AFIFY.				2005	THIS STUDY COMPRIESED OF NECESSITY OF COMBINING RECTAL.		
2430	9471427	HYGIENIC IMPORTANCE OF PSYCHROTROPHIC ORGANISMS IN RAW AND PASTEURIZED MILK/	ABDEL MAGED, MEDHAT MOUSTAFA .				2005	ONE HUNDRED RANDOM SAMPLES OF RAW MILK(FARM AND MARKET EACH OF 30, AND PASTEURIZED 40SAMPLES).		
2431	9471447	A COMPARATIVE STUDY OF FINITE ELEMENT AND FINITE DIFFERENCE SCEMES APPLIED TO MULTIPHASIC BIOMECHANICAL MATERIALS	ABBAS,IBRAHIM ATIATALLAH ABDEL-RHMAN	IBRAHIM ATIATALLAH ABDEL-RHMAN ABBAS :	CAIRO . :		2004 .	the aim of this investigation is the comparative study of finite element anddfinit difference schemes applied to multiphanical biomechanical materi-als.		
2432	9471452	SIGNIFICANCE OF MICRBIOLOGICAL PARASITOLOGICAL RELATIONSHIP IN HEALTH AND DISED BIRDS AND IN RELATED PERSONS.	SALEM,ENAS ABD EL HALM SALEM.				2003	THIS WORK WAS CARRIED OUT TO INVESTIGATE.		
2433	9471455	DIAGONOSIS OF PULMONARY TUBERCULOSIS BY POLYMERASE CHAIN REACTION	ABD ELWAHED, MAMDOUH MOAHMED ESMAT	MAMDOUH MOAHMED ESMAT ABD ELWAHED	SOHA, G,EGYPT:		2000	THE SCOPE OF THIS THESIS IS DIAGONOSIS OF PULMONARY TUBERCULOSIS BY POLYMERASE CHAIN REACTION		
2434	9471499	SOME ANATOMICAL STUDIES ON THE JOINTS OF THE PELVIC LIMB IN OSTRICH/	AHMED, MOHAMMED ABDEL SABOUR.				2004	THE HIP JOINT IS FORMED BY THE ARTICULATION BETWEEN THE ACETABULUM AND THE HEAD OF THE FEMUR.		
2435	9471518	sanitary assessment of some common fresh water fish in assiut.	ammar,mahmoud ammar.				2001	the present investigation was designed to study the quality.		
2436	9471560	RADIOGRAPHIC STUDIES ON THE CARPAL JOINTS IN SOME FARM ANIMALS/	SADAN, MADEH ADEL ABDEL RAHIEM.				2005	THE PRESENT STUDY WAS CARRIED OUT ON CARPAL JOINTS OF 25 ADULT LIVING ANIMALS OF BOTH SEXES.		
2437	9471608	Surgical Treatment of chronic peptic ulcer / PHARMACOKINITIC STUDIES ON ONE OF FLUOROQUINOLONES (DIFLOXACIN) IN GOATS/	Mohammed, Tarek Talaat Harb.	Tarek Talaat Harb Mohammed ;	Sohag :		1995 .	The aim of this study is to evaluate sequelae of the operative treatment of chronic peptic ulcer in Upper Egypt Surgery department,Sohag Faculty of Medicine Hospital South Vally University.		
2438	9471611		FAHIM, SAMY ABDEL RAOUF.				2001 .	THE PRESENT WORK WAS DESIGNED TO DETERMINE THE EFFECT OF INTRAMUSCULAR CO-ADMINISTRATION OF FUROSEMIDE.		

2439	9471623		CLINICAL AND NEUROPHYSIOLOGICAL STUDY OF THE NERVOUS SYTEM IN DIABETS MELLITUS	HAZEM KAMAL, IBRAHIM	HAZEM KAMAL IBRAHIM	SOHA G	2003	THE SCOPE OF THS THESIS IS CLINICAL AND NEUROPHYSIOLOGICAL STUDY OF THE NERVOUS SYTEM IN DIABETS MELLITUS		
2440	9471646		BIODIVERSITY OF AQUATIC FUNGI :FROM THE RIVER NILE TO THE SEA/	Abdel-Aziz,Faten Awad	Faten Awad Abdel-Aziz,	SOUTH VALLEY UNIVERSITY :	2004 .	يستهدف هذا البحث دراسة التنوع البيولوجي للقطريات المائية الراقية في سبعة مناطق في مصر ، منها ثلاثة مناطق المياه العذبة و هي بحيرة البند العالي و مياه نهر النيل و مياه الترع في المنطقة ما بين اسوان و سوهاج و المنطقة ما بين اسيوط و القاهرة اما الاربع مناطق الاخرى فهي تشمل اربع بحيرات ذات مستوى مائي مختلف من الملوحة و هم بحيرة ادكو (نسبة الملوحة 1.6 %) و بحيرة مريوط (نسبة الملوحة 209 %) و بحيرة البرلس (نسبة الملوحة 16 %) و بحيرة قارون (نسبة الملوحة 30 - 36 %) .		
2441	9471656		Klinefelter's syndrome	Abdo,Ramadan Saleh.	Faculty of Medicine,South Valley University	Sohag	1995	Klinefelter's syndrome is one of the commonest numerical sex chromosomal anomalies with an extra(x)chromosome in it's karyotype (47xxy)in comparison to the genetic constitution (46xy)of normal males.		
2442	9471724		GILL AFFECTIONS IN CATFISH (CLARIAS GARIEPINUS) IN QENA EGYPT/	EMEISH, WALAA FATHY ALY.			2006	THE PRESENT STUDY WAS CARRID OUT ON 144 FISH (12 FISH/ MONTH) FROM CLARIAS GARIEPENUS OF DIFFERENT WEIGHT.		
2443	9471758		EXTRAHPATIC BILIARY OBSTRUCTION,ENDOSCOPEIC EVALUATION AND MANAGMENT	hussein,hamdy mohammed	hamdy mohammed hussein	SOHA G:	1996	THE AIME OF THE WORK IS TO EVALUATE PATIENTS SUSPICION OF EXTRAHEPATIC BILIARY OBSTRUCTION ENDOSCOPICALLY USING ENDOSCOPICALLY USING ENDOSCOPIC RETROGARED CHOLANGIOANCREATOGRAPHY.		
2444	9471776		ELECTROMICAL STUDIES ON SME TRANSTION METAL COMPEXES OF TRLAZACROCYCLIC COMPOUNDS	AHMED ,AYMAN NAFADY	AYMAN NAFADY AHMED	SOHA G	1997	THE SCOPE OF THIS THESIS IS ELECTROMICAL STUDIES ON SME TRANSTION METAL COMPEXES OF TRLAZACROCYCLIC COMPOUNDS		
2445	9471818		Management of otitis media with effusion (OME)in preschool children	EL-shreif,Noha Mohamed Abo Elkasm Thabt	Noha Mohamed Abo Elkasm Thabt EL shreif	Sohag Qena, South Valley Univer sity :	2004	The aim of this work to evaluate the eeficacy of medical treatment in otitis with effusion in preschool children.		
2446	9471837		ECOLOGICAL AND PHYSIOLOGICAL STUDIES ON FRANKIA-CASUARINA SYMBIOSIS IN EGYPT /	Abd El- Karim,Mammdouh Mahmoud	Mammdouh Mahmoud Abd El-- Karim ,	Sohag Qena, South Valley Univer sity :	2004 .	تم دراسة تأثير مدة التخزين ودرجة حرارته على كفاءة سلالات فرانكيا في تكوين العقد وعلاقتها التكافلية وذلك بعد ادماجها في جل البولي اكريلاميد. تم اختيار كفاءة اربعة سلالات من الفرانكيا-كازوارينا في تكوين العقد وكفاءتها مع نباتات الكازوارينا اوكسيتيفوليا وذلك بعد يوم واحد وثلاثة وستة اشهر من تخزين الفرانكيا عند درجات حرارة 7,28,40 درجة مئوية ككفاح سائل ومدمج في جل البولي اكريلاميد.		
2447	9471878		ALGORITHMS FOR RELIABLE SURFACE FITTING IN REVERS ENGINEERING	ZANATY,ELNOMERY ALLAM	ELNOMERY ALLAM ZANATY	SOHA G:	2002	REVERSE ENGINEERING IS ONE OF THE MOST RAPIDLY EXPANDING AREAS OF CURRENT RESEARCHMBECAUSE OF THE AVAILABILITY OF FAST,INEXPENSIVE GARPHICS HARDWARE AND TECHNOLOGIES SUCH AS 3D LASER SCANNERS.		
2448	9471931		ASTUDY OF THE VALUE of clinical assessment,ultrasonnography "E2"level determination in diagnosis of ovulation	ISMAIL,AMER ABDEL HAI	AMER ABDEL HAI ISAMIL	sohag. Egypt	1996	The scope of this thesis is ASTUDY OF THE VALUE of clinical assessment,ultrasonnography "E2"level determination in diagnosis of ovulation		
2449	9471946		STUDIES ON SOME HEMATOLOGICAL AND BIOCHEMICAL CHANGES ASSOCIATING PARASITIC SKIN AFFECTION IN SMALL RUMINANTS/	ALI, ALSAGHER OMRAN AHMED.			2005	THIS WORK WAS PLANNED TO EVALUATE THE EFFICACY OF SOME EXTERNAL PARASITIC SKIN EFFECTIONS ON THE HAEMATOLOGICAL AND BIOCHEMICAL PARAMETERS OF GOATS AND SHEEP.		
2450	9471967		Investigation of some Physical Properties of TL2 Te and Ga2 Se single crystals/	Saleim,Abou Alwafa Abou Almaref Mohamed.	department of physics,Faculty of Science,south Valley University	Qena	1995	The recent years the esmiconductor compounds from the group A B have been the subject of intesive investigation.this is due to thire promising properies.		
2451	9471993		EXTERNAL RADIOTHERAPY IN PEDIATRIC ONCOLOGY FIELD	AHMED,EMAD EL-DIN NABIL HASSAN	EMAD EL-DIN NABIL HASSAN AHMED . ;	SOHA G:	2004 .	aim of the work: is to through light on the use of external radiotherapy in pediatric oncology field.		
2452	9472132		Some toxicological studies of allium sativum l.on albino mice/	Abdel mohsen,manal abdel latif.			1988 .	Considering the exposure of livestock to garlic in the feild and the newly use of it as treatment for both human and animal.		
2453	9472188		Some studies on enterobacteriaceae in rabbits/	Abdel gwad,abdel twab mohamed.			1988 .	Atotal of 100 freshly dead rabbits collected from governmental and privately owned nabbitaries at assuit province.		
2454	9472306		SOME IMMUNOLOGICAL ASPECTS OF IDIOPATHIC THROMBOCYTOPENIC PURPURA IN CHILDREN=	AHMED , AL-ZAHRAA AL-SAYED	AL-ZAHRAA AL-SAYED AHMED	SOHA G	2001	THE PRESENT STUDY WAS CONDUCTED AT SOHAG UNIVERSITY HOSPITAL, THE PEDIATRIC DEPARTMENT IN THE PERIOD FORM APRIL 1997 TO JUNE2000.		
2455	9472409		study on some hematological and bichemixal barameters on apparently clinically healthy donkey in south valley region/	hamid.hassan youssef abdel.			2006	atotal number of 140 donkes of bth sexes were used in this study and routin clinical and laboratory examination were carrid out on each animal for detection healthy animal.		
2456	9472430		studies on ecology of mosquitoes in aswan governorate	shaalan,eassam abdel-salam abd-haleem	eassam abdel-salam abd-haleem shaalan	aswan	1997	the survey of mosquito larvae in aswan governorate has revealed that the presence of thirteen culiced mosquito species,ten species belonging to culicinae and three to anophelinae.		
2457	9472441		Patterns of Female Genital System Morbidity in a Rural Area in Sohag Governorate/	Abo Elfetoh,Nagah Mohammed	department of community Medicine,Sohag Faculty of Medicine,South Valley University	Sohag	2000	The present study has been conducted in rural Sohag with the aim to study the pattern and distribution of female reproductive system morbidity among women in a rural area of Sohag Governorate.		
2458	9472464		studies on the sanitary condition of raw milk in qeuna governorate.	abd el hameied,karima galal.			2002	atotal of 160 milk samples were collected randomly from different sources including dairy farms.		
2459	9472476		PREVALENCE OF HELMINTH PARASITES AMONG RUMINANT ANIMALS IN QENA PROVINCE/	MOHAMMED, MOSAAD ADL-ALDIN OMAR.			2007	IN THE PRESENT STUDY, EXAMINATION OF (442) FEACAL SAMPLES FROM BUFFALOES AND SHEEP.		
2460	9472484		POSTPARTUM OVARIN RESUP TION IN CATTLE IN SUOTH VALLEY/	AHMED .AMMED EZZATR			2006	OUR RESEARCH AIMED TO STUDY THE POSTAPARTUM OVRAIAN RESUMPTION OF FRIESIAN COWS IN DARY STATION IN QUENA PROVING EGYPT.		
2461	9472497		studies on streptococcosis in nile tilapia,oreochromis niloticus,in upper egypt.	abd allah,ebtesam sayed hassan.			2002	the present results could be concluded inthe following:1-streptococcosis was recordedin nile.		
2462	9472515		EFFECT OF COPPER NICOTINIC ACID COMPLEX ON CHICKENS INFECTED WITH GUMBORO VIRUS/	ELGAZALY, SAHAR MOHAMMED MHAMMAD.			1E+07	GUMBORO DISEASE IS AN ACUTE,HIGHLY CONTAGIOUS VIRAL INFECTION OF YOUNG CHICKS THAT HAVE LYMPHOID TISSUE AS ITS PRIMARY TARGET WITH SPECIAL PREDILECTION FOR THE BURSA OF FABRICIUS.		

2463	9472518		studies on viability of some pathogenes in animal environment causing mastitis in cattle.	ahmed,wageha ali mohammed.			2001	the different microorganisms causing mastitis among dairy cows in qena governmental.		
2464	9472519		effect of induced diabetes on the histological and histochemical structure of the ventral prostate and seminal vesicle of adult male albino rat	mohamed,doha saber	doha saber mohamed	sohag.:	1999 .	this work was done to study the effect of inculed diabetest mellitus on the prostate and seminal vesicles of adult male albino rat.		
2465	9472543		STRATIGRAPHY AND SEDIMENTOLOGY OF THE CLAYSTONE AND SHALE BEDS IN ASWAN AREA AND THEIR IMPLICATION IN CERAMIC INDUSTRY	KHOZYEM,HASSAN MOHAMED AHMED	HASSAN MOHAMED AHMED khozyem	ASWAN:	2006	THE STUDY ASWAJN AREA SITUTED BETWEEN LONGITUDES 32 30 AND 33 30 AND LATITDES 23 30AND 24 15 COVERING AN AREA OF ABOUT 7500KM THE STRATIGRAPHIC SEDIMENTARY SEQUENCE COMMENCED ABOVE THE WEATHERING PRODUCTS OF THE PRECAMBRAIN BASEMENT ROCKS		
2466	9472546		GILL AFFECTIONS IN CATFISH (CLARIALS GARIEPINUS) IN QENA- EGYPT/	EMEISH, WALAA FATHY.			2006	THE PRESENT STUDY WAS CARRIED OUT ON 144 FISH FROM CLARIAS GARIEPENUS OF DIFFERENT WEIGHT.		
2467	9472601		RHETORICAL STRUCTURE THEORY:A FUNCTIONAL APPROACH TO THE ANALYSIS OF ARABIC AND ENGLISH E-MAILS	ABDELELWARETH, HOSSAM EDDIN AHMED	Hossam -eddin ahmed abdelwareth	QENA:	2005	THE CURRENT STUDY EMPOYS RHETORICAL STRUCTRE THEORY (RST) AND SYSTEMIC FUNCTIONAL GRAMMAR (SFG) IN INVESTIGATING THE LANGUAGE OF ARABIC AND ENGLISH		
2468	9472611		PHARMACOKINITIC STUDIES FLUOROQUINES (DIFLOXACIN)IN GOATS/	FAHIM.SAMY ABDEL RAOUF			2005	THE PRESENT WORK WAS DESIGNED TO DETERMINED THE EFFECT OF INTRAMUSCULAR CO ADMINISTRATION OF FUROSEMID (1MG/KG.B.WT)ON THE DISPOSITIONOF DIFLOXACIN (5MG/KG.B.WAFTAR INTRAVENOUS INTRAMUSCULAR AND REPETED INTERAMUSCULAR AND REPEATAD INTRAMUSCULAR INJECTION.		
2469	9472629		Structural Analysis of the Basement Complex in Wadi ElGemal area, South Eastern desert,Egypt /	Abdel Aziz, Ahmed Akawy.	Ahmed Akawy Abdel Aziz .	Qena :	1999 .	The goalof the quantitative studies is the calculation of the morphometric parameters of the drainage basins and the knowledge their environmental singificance.		
2470	9472717		EFFECT OF COPPER NICTINIC ACID COMPLEX ON CHICKENS INFECTED WEITH GUMBORO VIRUS	EL-GAZALY,SAHAR MOHAMMED MHAMMAD	SAHAR MOHAMMED MHAMMAD EL-GAZALY	ASSUIT:	2006	THE DETERMINATION OF MORBIDITY AND MORTALITY RATES IN EXPERIMENTALLY INFECTED CHICKENS WITH IBD VIRUS IN ADDITION TO THE CLINICAL SIGNS AND P.M LESIONS ARE CONSIDERD		
2471	9472755		MONITORING OF SOME ENVIRONMENTAL POLLUTANTS IN THE VICINTY OF THE EGYPTIAN FERROALLOYS COMPANY, EDFU/	HAMMAD, SEDDIK KHEYAMY.			2005	THE EARLY DISCOVERING OF THE POISONING INDUCED BY METALS AND SUBCLINICAL CASES ARE MOST IMPORTANT.		
2472	9472800		clincopathological study of theileriasis in new valley.	mohammed,lamiaa abo el hassan				the year incidence of theilerial infection in new valley governorate decreased steadily from1990to1995.		
2473	9472821		Rabah Belamri :	Soleiman, Adel Kamel Mohammed.	dep.de Francais,a la faculte des	Kena :	2000	La plupart des etudes concernant la litterature Francaise en Egypt sont principalement consacrees aux auterrs francais et non pas aux auteurs francophones surtout les ecrivains et francophonces Arabes.		
2474	9472838		ENDOSCOPIC TREATMENT OF URTERAL STONES	soliman , mohammed mahmoud	Mohammed mahmoud soliman	SOHAG		50 PATIENTS WITH URETERAL STONES OF DIFFERENT SIZES NUMBER AND LOCATION (MAINLY LOWER URETER) WERE TREATED URETEROSCOPICALLY		
2475	9472848		food poisoning sporeforming microorganisms in milk and some milk products.	wahba,nahed mohammed.			1997	atotal of 210 random samples of milk.		
2476	9472912		reproductive changes in pregnant and postparturient mares and donkeys with special reference to hormonal profile.	mohamed,derar refaat ibrahim.			1997	this work was carried primarily to ththrow some ligh on the reproductive changes that take place.		
2477	9472962		campylobacter organisms of poublc health importance in selected meat products.	ali,sohaila fathi.			1997	atotl of 175 meat product samples were obtained from supermarket.		
2478	9473035		prevalance of campyiacter jejuni in fresh and frozen meat in assiut governorate.	halime,sameh samir.			1997	this work was carried out to estimate the prevalence of c.jejuni inslaughtered cattle and buffalo.		
2479	9473193		evaluation of the results of aesthic surgery of the eyelids	saleem , mohammed iqbal hafez ahmed	Mohammed iqbal hafez ahmed saleem	sohag	2001	the aim of the work is:1-to study the postoperative results of aesthetic surgye of the eyelids 2-to assess the efficiency of the currency used surgical techniques.		
2480	9473343		studies on blood parasites of ruminant animals/	Arafa,Mohesen Ibrahem.			1990	the present work covered blood parasites prevailing among ruminant animals in assiut governorate.		
2481	9473364		magentohydrodynamic rayleigh-taylor instability problems using different boundry conditions	ahmed,gamal abd-allah	gamal abd-allah ahmed	qena:	1995	in the present work,we studied the linear and the nonlinear reyleigh-taylor stability problem because of list application in the field of magnetohydrodynamic and in the field of plasme physics.		
2482	9473439		the influence of some environmental and diseased conditions on serum biochrnicals in goats/	Matta,Merfat Hanna.			1990	the study was conducted on 220 goats from different localities at minia governorate to estimate the influence of reproductive status and some diseased condition upon some organic and inorganic blood serum biochemical constituents including total lipids		
2483	9473519		some epidemiological studies on influenza in birds/	Mohamed,Omnia Fathi.			1990	to study the prevalence of avian influenza among poultry flocks,a total of 1250 random serum samples collected from 10 broiler,5 layer,5 turkey,and 5 duck flocks were tested for presence of precepitating and haemagglutination inhibiting antibodies.		
2484	9473520		DETECTION OF DELETION AND ALTERATIONS OF TUMOR SUPPRESSOR GENE"p16"IN ACUTE LEUKEMIA AND ITS ASSOCIATION WITH ADVERSE PROGNOSTIC FEATURES/	Mohammad,abdel rahman abdel hamid elsaied	abdel rahman abdel hamid elsaied Mohammad	Sohag	1999	acute leukemias include a broad heterogeneous group of malignant disorders arising from hematopoietic cell precursors.		
2485	9473530		comparative and applied surgical anatomy of the tail with special reference to its surgical affections in some domestic animals/	Aziz,Magdy Saad			1990	our present study was classified into 3 main parts:part 1: studies on the morphology of the tail in some domestic animals. part 2: studies on the radiology and osteology of the tail in some domestic animals. part 3: surgical affections of the tail in some domestic animals.		
2486	9473693		HIPATIC FOCAL LESIONS:UL TRASONOGRAPHY NEEDLE GUIDED BIOPSY	ABEL LATIFE , HOSSAM EL-DIN	HOSSAM EL-DIN ABEL LATIFE	SOHAG	2000	THE SCOPE OF THIS THESIS IS HIPATIC FOCAL LESIONS:UL TRASONOGRAPHY NEEDLE GUIDED BIOPSY		

2487	9473696		studies on the nuclear optical potential derived within the folding model /	Mohammed, Mahmoud Ahmed Hassaniin.	Mahmoud Ahmed Hassaniin Mohammed ,	Aswan :	1995 .	This thesis deals with three systems of heavy ion elastic scattering at low energy. These scattering systems have large differential cross-section at backward angles.		
2488	9473839		PSYCHOLOGICAL ASPECTS OF PSORIASIS	ABDEL RHAHMAN , ASAMA ABDEL GAWAD	ASAMA ABDEL GAWAD ABDEL RHAHMAN	SOHA G	2004	THE SCOPE OF THIS THESIS IS PSYCHOLOGICAL ASPECTS OF PSORIASIS		
2489	9473883		ASTUDY OF SOME PHYSICAL PROPERTIES OF CHALCOGENIDE GLASS IN THE AS - Ssystem	EL-NEMR , MOHAMED ADNAN	MOHAMED ADNAN EL-NEMR	QENA	2004	THE SCOPE OF THIS THESIS IS ASTUDY OF SOME PHYSICAL PROPERTIES OF CHALCOGENIDE GLASS IN THE AS - Ssystem		
2490	9473888		PROPRTION OF HEP ATOMA TO CHRONIC LIVER DISEASES AND OTHER TUMORS IN HOSPITAL ADMITTED PATIENTS, ONE YEAR DURATION	AHNED, MOHAMED ABDEL RAHMAN	MOHAMED ABDEL RAHMAN AHNED	QENA	2000	THE purpose of the study was to: 1-determine proportion of hepatoma to chronic liver diseases in hospital admitted patients 2-determine proportion of hepatoma to other malignant diseases in hospital admitted patients.		
2491	9473955		ON CONSTRUCTION OF THE APPROXIMATE SOLUTIONS OF SOME INTEGRAL EQUATIONS	EL-AMIN, MOHAMED ABDEL AZEEZ	MOHAMED ABDEL AZEEZ EL-AMIN	ASWAN, EGYPT:	1999	THE SCOPE OF THIS THESIS IS ON CONSTRUCTION OF THE APPROXIMATE SOLUTIONS OF SOME INTEGRAL EQUATIONS		
2492	9473983		BIOCHEMICAL METABOLITES IN EWES DURING LATE PREGNANCY IN ASSIUT GOVERNORAT/	MOUSTAFA, HODA IBRAHIM			2001	A TOTAL NUMBER OF 50 OSIMI EWES THEIR AGES VARED FROM 2-6 YEARS OLD BELONGED TO EL HAWATKA FARM 25 HEAD AND EL BALIZA VILLAGE PREVAT FARM (25HAD).		
2493	9474045		DIAGNOSTIC VALUE OF SERUM BRPTENS IN SOME DISEASED CONDITITNS IN SHEEP AND GOATS/	ABDEL NAEM, MOHAMMED MOHAMMED			2001	SERUM PRUNTES PLAYS AN IMPORTANT AND DOMINANT ROLE IN BODY METABOLISM AND REFLECTS THE FUNCTION WHOLE BODY PROTEINS.		
2494	9474047		DIAGNOSTIC EFFICIENCY OF TROPONIN I AND MYOGLOBIN MEASUREMENTS IN ACUTE MYOCARDIAL INFARCTION	ABDEL WAHED, SAHAR ABU EL-FATOH	SAHAR ABU EL-FATOH ABDEL WAHED	SOHA G	2000	THE SCOPE OF THIS THESIS IS DIAGNOSTIC EFFICIENCY OF TROPONIN I AND MYOGLOBIN MEASUREMENTS IN ACUTE MYOCARDIAL INFARCTION		
2495	9474054		A comparison Between Knowledge of Phonetics and actual performance in pronunciation among fourth year students, english section, at Assiut Faculty of Education /	Omar, Mohammad Redad .	Mohammad Redad Omar ,	Sohag :	1996 .	The main purpose of the present study was to investigate the relationship between the student's theoretical knowledge of phonetics and their actual performance in pronunciation for fourth year, majors of English at ASSIUT FACULTY OF EDUCATION.		
2496	9474106		AREVIEW ON RECENT TRENDS IN MANAGEMENT OF PEDIATRIC ARRHYTHMIAS	AHMED, RAMADAN ABU EL HASSAN	RAMADAN ABU EL HASSAN AHMED	SOHA G	2004	THE SCOPE OF THIS THESIS IS AREVIEW ON RECENT TRENDS IN MANAGEMENT OF PEDIATRIC ARRHYTHMIAS		
2497	9474110		THE RELATION BETWEEN BODY MASS INDEX AND LEFT VENTRICULAR MASS AND CARDIAC OUTPUT PATIENTS WITH CHRONIC HYPERTENSION	mahmoud, doaa abas	Doaa abas mahmoud	SOHA G	2003	this study was conducted aiming at investigating the relations of BMI to LVM and COP in patients with essential hypertension.		
2498	9474185		RETROSPECTIVE AND PROSPECTIVE STUDY OF OESOPHAGEAL MALIGNANT DYSPHAGIA	HASHIM, ESSAM EL BADRY	ESSAM EL BADRY HASHIM	SOHA G, EGYPT	2000	THE SCOPE OF THIS THESIS IS RETROSPECTIVE AND PROSPECTIVE STUDY OF OESOPHAGEAL MALIGNANT DYSPHAGIA		
2499	9474244		EFFECT OF ENERGY AND PROTEIN LEVELS ON THE UTILIZATION OF SOME MINERALS AND CONCENTRATION OF VITAMIN C IN THE BLOOD OF GROWING KIDS/	ABDEL RAHEEM, SHERIEF MOHAMED			2002	cU) IN ADDITION TO SERUM VITAMIN C WERE EVALUATED IN FOUR METABOLIC EXPERIMENTS.		
2500	9474310		PLASMA EXCHANGE ON THE CELL SPEARATOR IN SELECTED PATIENTS WITH AUTOIMMUNE DISORDERS	ALLAM, AHMED AHMED	AHMED AHMED ALLAM	ASSIUT, EGYPT:	2000	PLASMA EXCHANGE ON THE CELL SPEARATOR IN SELECTED PATIENTS WITH AUTOIMMUNE DISORDERS		
2501	9474328		PREVALENCE OF CASEOUS LYMPHADENITIS IN SHEEP IN UPPER EGYPT/	SAYED, EZZAT MARZOUK			2006	OVINE PSEUDOTUBERCULOSIS) CASEOUS LYMPHADENITIS) IS A CHRONIC DISEASE OF SHEEP CAUSED BY C. PSEUDOTUBERCULOSIS		
2502	9474339		the effect of a suggested program on developing first year EFL majors descriptive writing skills at sohag faculty of education	gebril, attah mohammed	attah mohammed gebril . ;	sohag. :	2001 .	the purpose of the study: this study aimed to investigate the effect of a suggested program on developing the descriptive writing skills of first-year EFL majors at sohag faculty of education.		
2503	9474453		COMBINED CAUDAL AND GENERAL ANAESTHESIA IN CHILDREN - THE USE OF FENTANYL AND/OR CLONIDINE WITH LOCAL ANAESTHETICS AS A METHOD TO PROLONG THE DURATION OF SURGICAL ANAESTHESIA	ABU EL WAFI, WESAM ABEL GALIL	WISAM ABDEL GALIL ABU EL WAFI	SOHA G, EGYPT:	2000	THE SCOPE OF THIS THESIS IS COMBINED CAUDAL AND GENERAL ANAESTHESIA IN CHILDREN - THE USE OF FENTANYL AND/OR CLONIDINE WITH LOCAL ANAESTHETICS AS A METHOD TO PROLONG THE DURATION OF SURGICAL ANAESTHESIA		
2504	9474513		BINOTIC FORAMINIFER AND BIOSTRATIGRAPHY OF THE UPPER CRETACEOUS LOWER TERTIARY SUCCESSION ALONG THE RED SEA COASTAL AREA, EGYPT	MOHAMED, MOHAMED YOUSSEF ALI	MOHAMED YOUSSEF ALI MOHAMMED	ASSIUT, EGYPT		BINOTIC FORAMINIFER AND BIOSTRATIGRAPHY OF THE UPPER CRETACEOUS LOWER TERTIARY SUCCESSION ALONG THE RED SEA COASTAL AREA, EGYPT		
2505	9474537		THE PHYSICAL PROPERTIES OF CDTE SINGLE CRYSTAL AND THIN FILMS	MOHAMED, AYMAN AHMED EL AMIN	AYMAN AHMED EL AMIN MOHAMED	ASSIUT, EGYPT	1995	THE SCOPE OF THIS THESIS IS THE PHYSICAL PROPERTIES OF CDTE SINGLE CRYSTAL AND THIN FILMS		
2506	9474599		TOXICOLOGICAL STUDIES OF SOME RODENTICIDES IN ALBINO MICE/	ISMAIL, MOHAMED ALY AHMED			1988 .	Rodenticides are economic poisons used to control rodents for preventing the great loss in agriculture crops and the transmission of diseases.		
2507	9474633		Hygienic significance of some microbial isolates from broiler houses/	Sotahy, sotahy ahmed.			1989 .	Fifty samples from each air, litter and water were collected from some broiler houses at Assiut governorate and microbiologically evaluated using the total viable count under the effect of the microclimatic condition as well as the detection of pathogenic and potentially bacteria and fungi.		

2508	9474929		STUDIES ON THREE NUCLEON RESONANCES/	HEMMDAN , AMAL MOHAMED HASSAN	AMAL MOHAMED HASSAN HEMMDAN	ASWAN	2002	THIS THESIS PRESENTS EXAMPLES OF THE CALCULATIONS OF TWO-AND THREE-BODY RESONANCES.		
2509	9474933		A STUDY OF FIXED POINTS FOR MAPPINGS IN METRIC AND 2-METRIC SPACES .	AHMED, AHMED EL-SAYED	AHMED EL-SAYED AHMED	SOHAG	1997	THIS THESIS OF FIVE CHAPTERS ...CHAPTER I: ABOUT BASIC CONCEPTS ...CHAPTER II: ON THE CONVERGENCE OF G-INTRATION PROCESS TO A COMMON FIXED POINT CHAPTERIII: COMMON FIXED POINT THEOREMS FOR M-WEEK CHAPTER IV: FIXED POINT THEORIMS FOR PAIRS OF WEEKLY CHAPTER V: COMPATIBLE MAPPINGS IN 2-METRIC SPACES>		
2510	9474971		Synthesis of some new spiro heterocyclic systems /	Mohammed, Mounir Abbas Ali.	Mounir Abbas Ali Mohammed ,	SoHag	1996 .	The work presented in this thesis deals with the synthesis of some new spiro heterocyclic ring systems with tow different types of reactive intermediates;viz a heterocyclic ketene-N-S-acetal as well as the a,b-unsaturated nitriles.		
2511	9475060		studies on poly functionally substituted hetero aromatics	Ahmed , salwa mohamed	salwa mohamed ahmed	aswan	1997	the reaction of 1,2-dithiole-3-thione1 with some select a,b-unsaturated nitriles including crotonitrile 2 a,b and the nitrile enamine derivative 8were investigated.		
2512	9475071		Netic studies on the dissolution and inhibition of copper in nitric acid	Hussein, Abo El-Hagag Abo El-Gawad.	Abo El-Hagag Abo El-Gawad Hussein ,	Qena :	1996 .	In the present work we aimed to investigate and clarify the kinetics of copper dissolution in HNO3acid,especially the phase of dissolution at the frist beginning of interaction between copper and HNO3acid, know as the incubation period.		
2513	9475102		EVALUATION OF RESULTS NISSEN FUNDOPLICATION AND BELSEY MARK II/REPAIR FOR TREATMENT OF SLIDING HIATUS HERNIA	ABULEZZ,TAREK ABED HAMID	TAREK ABED HAMID ABULEZZ	SOHA G.EGYPT	1996	THE SCOPE OF THE THESIS IS EVALUATION OF RESULTS NISSEN FUNDOPLICATION AND BELSEY MARK II/REPAIR FOR TREATMENT OF SLIDING HIATUS HERNIA		
2514	9475195		Cytogenetic studies of some species of marine invertebrates in the red sea coast around latitude 26 N /	Ibrahim, Ali Hussien Abu Almaaty.	Ali Hussien Abu Almaaty Ibrahim ,	Qena :	2002 .	Sixteen species of animals belonging to phylum mollusca which were collected from the RED Sea coast were morphological and cytogenetically studied.		
2515	9475255		synthetic studies on quinones	Amin , khaled said	khaled said amin	qena	2000	the main objective of studies in this thesis involved the synthesis of some new classes of double fused heterocyclic qunines srarting with bromanil.		
2516	9475316		GEOLOGICAL AND RADIOMETRIC INVESTIGATION OF ABU-GRUSH AREA SOUTHEASTERN DESERT EGYPT	AHMED,ABU-ALFETOUH ABDEL RAOUF	ABU-ALFETOUH ABDEL RAOUF AHMED	ASWAN,EGYPT:	1995	THE SCOPE OF THIS THESIS IS GEOLOGICAL AND RADIOMETRIC INVESTIGATION OF ABU-GRUSH AREA SOUTHEASTERN DESERT EGYPT		
2517	9475398		BATERIOLOGICAL AND PHYSICO -CHEMICAL EXAMINATIONS OF WATER FROM DIFFERENT SOURS IN SOHAG GOVERNORATE	ABO-AMER,ALY EL-SAYED ALY	ASSIUT UNIVERSITY,FACULTY OF SCIENCE (SOHAG)	ASSIUT,EGYPT	1994	THE SCOPE OF THIS THESIS IS BATERIOLOGICAL AND PHYSICO -CHEMICAL EXAMINATIONS OF WATER FROM DIFFERENT SOURS IN SOHAG GOVERNORATE		
2518	9479390		COMPARATIVE STUDY ON THE ATTENUATION AND SCATTERING OF GAMMA-RAYS THROUGH IGENOUS AND SEDIMENTARY ROCKS	mohamed,atef mohamed el-taher	atef mohamed el-taher mohamed;	QENA:	1996 .	carefully studing the previous work provided earlier,it is found interesting to carry out on extensive comparative study on some locally availabls aterials in an attempt to reveal the possibility of using them as shielding materials		
2519	9479433		SOME EPIDEMIOLOGICAL STUDIES ON MYCOPLASMA IOWAE INFECTION IN POULTRY/	GIRGIS,GEORGE NASSIF ABDALLA			2001	AN INVESTIGATION OF M IOWAE INFECTION IN TURKEYS CHICKENS DUCKS AND PIGENS WAS OUT UPPER EGYPT (EL MINIA ASSIUT AND SOHAG GOVRNRATES)		
2520	9479477		PHYSIOLGICAL EFFECTS OF SALINITY ON SOME ANYIOXIDATIONE ENZYMES IN SOME MAIZE CULTIVARS/	Abou Alhmd,Mona Fawzy	Mona Fawzy Abou Alhmd ,	SOUTH VALLEY University:	2005 .	تعتبر الملوحة من اهم مشاكل الزراعة في العالم بصفة عامة ، و في مصر بصفة خاصة حيث تزداد نسبتها علما بعد عام ، ومن ثم تحول دون زراعة الكثير من المحاصيل الرئيسية و منها الذرة الشامية و في محاولة لحل هذه المشكلة اتجهت الدراسة الى اختيار سلالات ذات القدرة على التحمل النسبي للملوحة .		
2521	9479480		IMMUNOLOGICAL ASPECTS OF MALIGNANT DISEASES IN CHILDERN	SHARAF,AL-ZAHRAA AL-SAYED	AL-ZAHRAA AL-SAYED SHARAF	SOHAG,EGYPT:	1995	The present work aims to throw some light on the immunological changes accompanying malignant diseases,and the application of these data as regrads to classification,diagnosis and treatment of cancer children		
2522	9479490		NATURALISM IN JOHN STEINBECK S MAJOR NOVELS	ibrahim,mohamed galal	mohamed galal ibrahim	QENA	1997	this study is an attempt to investigate the naturalistic aspects in john steinbecks major fiction.		
2523	9479508		Effect of silica dust on the microscopic structure of the respiratory system and some other organs of male albino rats/	Abd El-Aziz,Hekmat Osman	Hekmat Osman Abd El-Aziz	SoHag:	1999	The present study was organized to assess the effect of silica exposure on the respiratory and digestive systems and to evaluate the effect two different methods namely by inhalation and contamination of food with silica.		
2524	9479582		SOME STUDIS ON THE VIRULENCE ATTRIBUTE OF E.COLIVISOLATED FROM CHICKENS IN ASSIUT/	FARGHALY,EMAN MOHAED			2000	POULTRY IS ONE OF THE MAIN SOURCES OF ANEMAL PROTEINS IN MOST COUNTRIS ALL OVER WORLD		
2525	9479641		BACTERIOLOGICAL AND PHYSICO-CHEMICAL EXAMINATIONS OF BACTERIOLOGICAL AND PHYSICO-CHEMICAL	ABO-AMER,ALY EL-SAYED ALY	ALY EL-SAYED ALY ABO-AMER	qena:		This study was carried out on nine of water which were collected from 66 different sites of sohag govenorate.All of these samnple were collected through the period from november 1992 to november 1993		
2526	9479704		STUDIES ON SOME HETEROCYCLIC COMPOUNDS	ISMAIL,THANA MOHAMED TALAAT	THANA MOHAMED TALAAT ISMAIL	QENA,EGYPT:	1996	The scope of this study is STUDIES ON SOME HETEROCYCLIC COMPOUNDS		
2527	9479720		Prognostic value of cardiac treponint (CTnT)elevation in chronic renal failure patients on haemodialysis/	Abd el-Rahman,Amgad Aref Abd el Satar.	Amgad Aref Abd el Satar Abd el-Rahman	SoHag	2005	The aim of this study was to study the extent and pattern of increased cardiac treponin T(CTnT)IN end stage renal failure patients on regular hemodialysis and evaluate its usefulness and its prognostic value as a predictor of subsequent cardiac events in those patients.		
2528	9479745		THE use of visual images in sam shepard s curse of the starving class, buried child,and true west	nourel-din,hares abdel-wahab fayez	hares abdel-wahab fayez nourel-din	sohag:	2000 .	the study investigates the role of visual images in illuminating the problems that entrap the american society in general and the contemporary american family in particular as it is illustrated in shepard s family trilogy curse of the starving class,buried child,and true west.		
2529	9479812		An Application of leech`s foregrounding Approach to some of owen`s war poems/	Ahmed, Mamdouh Ali.	Mamdouh Ali Ahmed ,	Qena :	1995 .	This study is a stylistic attempt to describe and interpret some linguistic forms in a selection of Owen`s WAR poems. one of the major domains of stylistics is the analysis of the language of literature.		
2530	9479850		studies on fluorine in milk and some milk products/	Alia,Alia Arafa.			1990	suggestive measures to protect human beings and animals from excessive intake of flouride are given.		

2531	9479881	some studies on trichomoniasis in pigeons in assiut/	Fouly,Enaam Abdel Basett.			1990	the present work was conducted to do some studies on trichomonas quillinae among domestic pigeons (columba livia) in assiut governorate.		
2532	9479903	radiological evaluation on the induced midshaft femoral transverse fractures in dogs following some methods of internal immobilization/	Seeha,Samir Melad.			1990	bone healing associated with three methods of midshaft femoral fracture fixation in 36 clinically healthy stray dogs were evaluated in radiographic and gross studies.		
2533	9479933	occurrence of coliforms and enteropathogenic eschria coli (EEC) in locally manufactured cheese/	Abdel HALEEM,Amal Ali.			1990	one hundred and sixty (160) raddom samples of lically manufactured cheeses including kareish, damietta, hard and processed cheese 40 samples each ,were collected from assiut city markets.		
2534	9479953	studies on parasitic and bacterial diarrhea in sheep/	Moustafa,Usama Abd El Hakeem Aly.			1990	in this study one thousand balady sheep (one day to four years old) were examined clinically.		
2535	9479992	studies of the aeromonas infection in labeo sp (labeled niloticus) in upper egypt/	Mohamed,Nagla Abd El Monem.			1990	one hundred and fifty (150) labeo nilotica fish were collected from different parts of river Nile in upper Egypt.		
2536	9482829	Study on the optical potential and its applications /	Hemdan, Amel Mohamed Hassan.	Amel Mohamed Hassan Hemdan ,	Aswan :	1995 .	This thesis deals with three types of heavy ion elastic scattering at intermediate energies.		
2537	9482843	ASTUDY OF THE TRANSLATIONS OF W-H-AUDEN AUDEN WITH REFERENCE TO HIS ENGLISH IMAGE IN THE THIRTIES	ali,mohamed saied ahmed	mohamed saied ahmed ali	QENA:	1995	the peculiar position of auden among the poets of the thirties is recongized by many critics.james vision point out that title the dreatest living poet was inherited by t.s eliot after w.b.		
2538	9483005	Geology of Gabal Abu-Kharief and Associated Mineralization,Eastern Desert,Egypt /		Esmat Ahmed Abu El-Hassan ,	Qena :	1995 .	Thesis deals with the geology of G.Abu-Kharief and the associated mineralization G.Abu-Kharief is located 45km west of Safaga twn.		
2539	9483078	STUDIES ON THE IMMUNOLOGICAL RELATIONSHIP BETWEEN VIRAL HEPATITS AND TOXOPLASMA GONDII INFECTIONS IN MAN AND ANIMALS/	HEMAYA, AHMED KAMAL DYAD.			2000	TOXOPLASMA GONDII, HAS BEEN INCRIMINATED AS ONE OF THE ETIOLOGIC AGENTS IN MANY OBSTETIC DISORDERS.		
2540	9483128	Geology and Radioactivity of Abu Furad Umm Taghir area,Easter desert,Egypt /	Mahmoud, Falham Oraby.	Falham Oraby Mahmoud ,	Qena :	1995 .	The Abu Furad -Umm Taghir area was closen,as a representative area of some basement rocks,for the study of the relationship between geology and radioactivity.The study area covers about 262km2 and is constituted mainly of migmatite,granitic gneiss,metasediment,metavolcanic amphibolite,metagabbro and granitoid rocks.		
2541	9483136	ASTUDY ON CERTAIN BACTERIAL AGENTS RESPONSIBLE FOR EARLY AGE MORTALITIES IN TURKEY/	HABIB, BAHAA KAMAL.			1E+07	160TURKEY EGGS CONTAINING DEAD EMBRYOS AND 140 TURKEY POULTS,1-7 DAYS OF AGE, WERE SUBJECTED TO BACTERIOLOGICAL EXAMINATION.		
2542	9483201	ON VIBRATION AND BUCKLING OF CYLINDRICAL SHELLS	ahmed , noua khalifa	Nousa khalifa ahmed	QENA	1999	this work is concerned with the study of vibration and buckling of shells for its great importance in many engineering applications,at the same time this study has received little attention because of the mathematical difficulties encountered in the solution and establishing the programs for getting accurate solutions.		
2543	9483328	EFFECTOF DIFFERENT DIETARY LEVELS OF ASCORBIC ACID ON STRESS RESISTANCE IN TILAPIA/	ALI, ABEER EZZAT MAHMOUD.			2000	THE CURRENT INVESTIGATION CONCLUDE THE FOLLOWING: 1- DEPRIVATION OF VIT. C LEAD TO DECREASE IN GROWTH RATE OF NILE TILAPIA AND REDUCTION IN STRESS RESISTANCE.		
2544	9483329	The effect of using A Humanistic Model program on nature of classroom interaction,english language proficiency and attitudes towards english of Sohag Secondary School student /	Hassan,Ali Elsagheer Abd El Aal.	Ali Elsagheer Abd El Aal Hassan ,	Sohag :	1998 .	The purpose of this study was to investigate the effect of using a humanistic program in teaching English as a foreign language to the frist -year scondary students in Egypt on classroom interaction on English proficiency and on the students attitudestowards learning English.		
2545	9483424	THE EFFECT OF AN INTEGRATED PROCESS-PRODUCT APPROACH TO TEACHING WRITING ON DEVELOPING THE CREATIVE WRITING SKILLS OF FIRST-YEAR EFL MAJORS AT SOHAG FACULTY OF EDUCATION	ammar,abdallah mahmoud ismail	abdallah mahmoud ismail ammar.	SOHA G:	2001 .	the purpose of the study is to test the effectiveness of an integrated process-product approach to writing instruction through building and field-testing asuggested program that is based on the proposed approach.the ultimate goal is to develop the creative writing skills of EFL students in the egyptian context.		
2546	9483455	The use irony as VEHICLE FOR SOCIAL CRITICISM IN THE MAJOR PLAYS OF EDWARD ALBEE /	Fahmy,Eman Mohamed.	Eman Mohamed Fahmy ,	Sohag :	1999 .	This study is not concerned with such issue which are proved to have been established patterns in the drama of Edward Albee,but rather it attempts to start with the other critical works have ended.		
2547	9483777	IMMUNOLOGICAL STUDIES ON INFECTIOUS CORYZA IN CHICENS/	ZAKI.EMAD IKRAM			1993	THE PREVALENCE OF INFECTICE CORYZA BROILIR AND LAING FLOCKS ELMINEA GOVRNRAT WAS STUDIED.		
2548	9483859	continuous total intravenous anesthesia (propofol versus inhalational anesthesia isoflurane for patients undergoing thoracotomy under one lung ventilation	ali,al magalli tantawid	al megalli tantawi ali	Qena				
2549	9483869	The development of the dramatic clements in the poetry of Robert Frost:(1874-1963)Dramatic theory and practice:		Hassan M Unis ,	Qena :	1996 .	This study traces the development of the dramatic elements in the poetry of Robert Frost.		
2550	9483871	SYNTHESIS OF POLYFUNCTIONALLY SUBSTITUTED AZINES /	MOUSA,IBRAHIM ABD EL-MOTALEB ABD EL-MOTALEB	IBRAHIM ABD EL-MOTALEB ABD EL-MOTALEB MOUSA	SOUTH VALLEY	2006 .	الهدف من البحث هو استخدام مشتق الازيتواسيتانيليد(1)لتخليق بعض المركبات الحلقية غير متجانسة الحلقة المبكرة المشتملة على جزىء البيريدين ثيون. بناءا على ذلك عندما يتفاعل الازيتواسيتانيليد(1)مع اريليدين سيثواسيتاميد فى الوسط القاعدى اعطى مشتق البيريدين ثيون(2)ولم يعطى ثيوبوران(4)بناءا على التحاليل الدقيقة والطيفية(1 scheme).		
2551	9484081	Pathology of acute experimental lead toxicity in mice/	Hifny,madeha abdel hafez.			1989 .	Lead is an important element present naturally in some areas of the world and used on alarge scale in industry.		
2552	9484118	Some studies on pasteurilla infection in free living birds/	Shahata,hamdia Ibrahim.			1989 .	Resently,attention had been directed toward wild birds as source of infection.		
2553	9484139	Some studies on fatty liver syndrome in laying hens and associated bacterial agents/	Abd el wahab,mokhtar hussein.			1989 .	For studying the incidence of exposure of laying hens reared in batteries in beni-suef,el-menia and assiut governorates to fatty liver syndrome and associated bacterial agents.		
2554	9484167	Studies on subnormal birth weights in dairy animals and the effect of nutrition on its performance/		Galal,hiam galal.		1989 .	This study was undertaken on local dairy farm of 215cow for giving an idea about the breeding expected following the relationship between birth weight and growth of friesland calves till the age of one year.		

2555	9486146		MANEGEMENT OF ORBITAL TUMORS IN CHILDREN	ABDELAH.AHMED MOSTAFA AHMED	AHMED MOSTAFA AHMED ABDELAH	SOHA G.EGY PT	1997	THE SCOPE OF THIS THEIS IS MANEGEMENT OF ORBITAL TUMORS IN CHILDREN		
2556	9486290		EVALUATION OF THE DIFFERENT EXTRAGENITAL TISSUES USED FOR RECONSTRUCTION OF THE URTHERAL STRICTURE	ahmed,mohamed zaki ali	mohamed zaki ali ahmed	SOHA G	2004	the aime of the works to evaluate the functional&cosmetic outcomes of various extragenital tissue transfer for repair of complex urethral strictures(stricture,fistulae		
2557	9486310		VALUE OF TGREE-DIMENSIONAL ECHOCARDIO- GRAPHY IN STUDY OF INFECTIVE ENDOCARDITIS	ABDEL RAHMAN,SAYED MOHAMED	SAYED MOHAMED ABDEL RAHMAN	SOHA G.EGY PT:	1997	THE SCOPE OF THIS THESIS IS VALUE OF TGREE-DIMENSIONAL ECHOCARDIO-GRAPHY IN STUDY OF INFECTIVE ENDOCARDITIS		
2558	9486318		some studies on bacterial arthritis with special reference to mycoplasma synoviae in poultry/	mohamed.sayed khalf			1993	the aim work was to throw some light on arththritis in chickens due to bacterial agentes in the area of gena and soha g e provinces/		
2559	9486442		PROBABILISTIC ANALYSIS FOR SOME STANDBY SYSTEMS	ismail,mostafa abdel-aziz	mostafa abdel-aziz ismail	ASSWAN	1997	THIS THESIS CONCERNED WITH THE STUDY OF THE RELAIBILITY FOR SOME TWO-UNIT STANDBY RE-DUNDANT SYSTEMS FROM MANY POINTS OF VIEW AND HUMAN ERROR FAILURES.		
2560	9486458		POST-MORTEM CHANGES IN THE MUSCLES IN RELATION TO TIME	HILAL,MAHA ABDEL HAMID	MAHA ABDEL HAMID HILAL	SOHA G	2001	THE SCOPE OF THIS THESIS IS POST-MORTEM CHANGES IN THE MUSCLES IN RELATION TO TIME EXPERIMENTAL STUDY		
2561	9486715		ROLE OF AMINOGLUALNIDINE,GADOLINIUM CHLORIDE AND OLEANOLIC ACID IN THE PROTECTION AGAINST CHEMICALLY INDUCED HEPATIC AND RENALDAMAGE	ALI ,FATIN MOHAMED OMRAN	FATIN MOHAMED OMRAN ALI	SOHA G.EGY PT:	2003	THE SCOPE OF THIS THESIS IS ROLE OF AMINOGLUALNIDINE,GADOLINIUM CHLORIDE AND OLEANOLIC ACID IN THE PROTECTION AGAINST CHEMICALLY INDUCED HEPATIC AND RENALDAMAGE		
2562	9486746		clinical investigation of nitrite poisoning in tilapia.	el deen,aya galal saad.			1999	the results showed that ,96hours.		
2563	9487018		studies on some heterocyclic compounds	temerk,abd el-mohsen younes abbas	abd el-mohsen younes temerk	gena:	1995	the aim of this thesis is the synthesis of some new fused heterocyclic system containing the pyrazole nucleus hoping that such new compounds will have certian and specific biological effects. the thesis includes three chapters.		
2564	9487142		SOME CLINICO-PATHOLOGICAL STUDIES OF LIVER DISEASES IN CHILDREN	YOUSEF,GIHAN YOUSIF	GIHAN YOUSEF ALI	SOHA G ,EGYP T:	2005	THE SCOPE OF THIS THESIS IS SOME CLINICO-PATHOLOGICAL STUDIES OF LIVER DISEASES IN CHILDREN		
2565	9487297		SOME MYCOTIC AFFECTIONS IN FREE LIVING BIRDS/	AHMED, DARWISH HASHIM DARWISH.			1E+07	THE PRESENT STUDY DISCUSSED THE ROLE OF FREE LIVING BIRDS FOR TRANSMITTING THE MYCOTIC AFFECTIONS TO POULTRY FARMS.		
2566	9487631		THE PROTRAYAT OF WEST IN THE NOVELS OF JOHAN STEINBECK	,ABDALLH,ATIF MOHAMMED	ATIF MOHAMMED ABDALLH	QENA, EGYPT:		THE SCOPE OF THIS THESIS IS THE PROTRAYAT OF WEST IN THE NOVELS OF JOHAN STEINBECK		
2567	9487689		BACTERIOLOGICAL STUDIES OF ANIMAL ENVIRONMENT AND ITS RELATIONSHIP TO THE FLORA OF THE UDDER/	KODB ,SABER ABDEL MOTAGALY HASSANEEN.			2001	FIFTY SAMPLES FROM EACH AIR AND SOIL WERE COLLECTED FROM THREE CATTLE BYRES; A)- AGRICULTURE DAIRY FARM, B)- ARAB EL MOTEER &C)- BANI MORE DAIRY.		
2568	9487884		STUDIES ON DIAGNOSIS OF CLINICAL AND SUBCLINICAL FASCIOLIASIS IN SHEEP IN ASSUIT GOVERNORATE/	MOHAMMED ,CHADA ABDEL AZZEM.			2002	FASCIOLIASIS IS A DISEASE CAUSED BY LIVER FLUKES AND IS DISTRIBUTED THROUGHOUT THE WORLD.		
2569	9487891		STUDIES ON SOME SOLAR RADIATION COMPONENTS RELATED TO AEROSOLS IN THE ATMOSPHERE OF QENA	adam,mahmoud el-noubi	mahmoud el-noubi adam	QENA:	1994 .	in the last years,the need to devlop new sources of energy has largely increased to solve apart of energy demand proplem.		
2570	9487981		SENSORY,CHEMICAL AND MICROBIOLOGICAL ASSESSMENTS OF SOME SEA FISH PRODUCTS.	SAYED,SHERIEF MOHAMED.			2001	THE PRESENT INVESTIGATION WAS DESIGNED TO STUDY THE QUALITY OF 125SAMPLES OF SEA FISH.		
2571	9488066		EXPERIMENTAL AND APPLIED STUDIES ON THE ANALYSIS EXAMINATION ,CONSERVATION,AND RESTORATION OF OLD PAPER MANUSCRIPTS WITH THE APPLICATION ON SOME SELECATION	EL ASELY,ABDEL SALAM MOHAMMED	ABDEL SALAM MOHAMMED EL ASELY	SOHA G.EGY PT:	2003	THE SCOPE OF THIS THESIS ISEXPERIMENTAL AND APPLIED STUDIES ON THE ANALYSIS EXAMINATION ,CONSERVATION,AND RESTORATION OF OLD PAPER MANUSCRIPTS WITH THE APPLICATION ON SOME SELECATION		
2572	9488122		DETECTION OF AMITRIPTYLINE AND IMIPRAMINE AND IMIPRAMINE AND EVALUATION OF THIER EFFECTS ON THE IMMUNE SYSTEM	soliman,sohair ali mohamed	sohair ali mohamed soliman	SOHA G	2001	the aim of the present work is to study the possible detection of tofranil and tryptizol in the human serum and to evaluate thier effects on the immune system.

2653	9496336		change in maillard reaction and lipid oxidation prduts in stored fish	Omer, Adly Abdel-Aziz Mohamed.	department of Geology ,	Sohag :	1996 .	The Nile basin come into existence as a result of the different geological and tectonic events affecting the northeastern Africa throughout Cenozoic times.During the Cenozoic,Egypt was drained by at least three different major drainage systems and the modern Nile is a chimera made up of the surviving of these older systems(Issawi&Mc Cauley,1992.		
2654	9496383		STUDIES ON THE DIFFERENT MICROLOGANISMS CAUSING MASTITS IN CATTLE IN ASSIUT GOVERNORATE/	hebhash,kaousar abd el halim mohamed hebhash	kaousar abd el halim mohamed hebhash	banha:	1986 .	the objective study of the presnt work,is monit-oring the effect of ice freezing storage of fish for six montgs.		
2655	9496400		STUDIES ON HELMINTH PARASITES AND NAMATODES INFECTING BATS IN UPPER EGYPT	ABDEL AAL ,BAHY GALAL.			1989	THE DIFFERENT MICROOGANISMS CAUSING MASTITS AMONG DAIRY COWS IN ASSIUT GOVERNOMENTAL DAIRY FARMS WERE INVESTIGATED THROUGHT THE BACTERIOLOGICAL EXAMINATION OF 263 MILK SAMPLES.		
2656	9496499		STUDIES ON EMBRYO TRANSFEZE IN CATTLE WITH SPECIAL REFERENCE TO THE EFFECT OF DIFFERENT FILTRATION SYSTEMS ON THE SUCCES RATE/	ammar,khalaf nour abd el-wahed	khalaf nour abd elwahed ammar	QENA:	2001 .	the aim of the present work is to selcst some bats in qena province to study the helminth fauna with special reference to: 1-their taxonomic position. 2-seasonal distribution and incidence of these helminthic infections.		
2657	9496517		cOF ABU SWAYEL AREA , WITH EMPHASIS ON THE GRANITIC AND VOLCANIC ROCKS,SOUTH EASTERN DESERT, EGYPT	MOGAHED ,GABER AHMED.			1991	THE PRESENT STUDY AIMED FOR THE APPLICATION OF NON SURGICAL EMBRYO TRANSFER TECHNIQUE IN 4 BREEDS OF GERMAN.		
2658	9496526		Some problems of flow of viscous fluids in a porous medium /	MOHAMED,ADEL RAMADAN	ADEL RAMADAN MOHAMED	ASWAN:	1999	THE SCOPE OF THIS THESIS IS GEOLOGY OF ABU SWAYEL AREA ,WITH EMPHASIS ON THE GRANITIC AND VOLCANIC ROCKS,SOUTH EASTERN DESERT,EGYPT		
2659	9496584		BIODIVERSITY OF FUNGI IN SUBTROPICAL MANGROVES	Mohamed,Ramadan Abd-Allah.	Ramadan Abd-Allah Mohamed	Qena :	1995 .	OUR AIM IN THIS THESIS,IS TO STUDY SOME PROBLEMS OF FLOW AND HEAT TRANSFER IN POROUS MEDIUM .		
2660	9496599		on prediction intervals using a subset of the order Statistics of a sample from an Exponential Model//	ABDEL WAHAB,AHMED MOHANED	MOHAMED AHMED ABDEL WAHAB	SOHAG EGYPT:	2000	THE SCOPE OF THIS THESIS IS BIODIVERSITY OF FUNGI IN SUBTROPICAL MANGROVES		
2661	9496809		host-parasite relationships in some freshwater molluscan species in sohag governorate	Abd EILah,Ahmed Hamed	Ahmed Hamed Abd EILah	Sohag :	1993 .	THE SCOPE OF THIS THEIS IS ON PREDICATION INTERVALS USING A SUBSET OF ORDER STATISTICAL OF A SAMPLE AN EXPONENTIL MODEL		
2662	9496816		EFFECT OF INTERCALATION OF AG ON THE EXPENSE OF CU ON THE SUPERCONDUCTING PROPERTIES OF BSCCO DOPED PB COMPOUNDS.	HASSAN,AMAAL HASSAN MOHAMED	AMAAL HASSAN MOHAMED HASSAMS	sohag	2003	the present work aims to study: 1-the abundance and distribution of some of the common snails at sohag province 2-the cercariae that parasitized in each snail and ordering them in thier taxonomic position. 3-the histopathological changes that larval stages cause for thier host snail.		
2663	9496935		Electrodeposition of some copper alloys and investigation of their properties /	ali,eslam mohamed mohamed ibrahim el-sheikh	eslam mohamed mohamed ibrahim el-sheikh ali	SOHAG:	2002 .	AIM OF THE PRESENT WORK: SIENCE THE PAIRING MECHANISM OF THE CARRIERS IN THE CUO2 PLANES IS RESPONSIBLE FOR THE HIGH TEMPERATURE SUPERCONDUCTIVITY IN ALL THE CUPRATE OXIDE CERAMICS,IT IS OF INTEREST TO ALTER THE ELECTRONIC STRUCTURE OF THE CUO2 PLANES BY DOPING ATOMS AND TO STUDY THE CORRESPONDING CHANGES IN THE PHYSICAL PROPERTIES.		
2664	9496957		DIELECTRIC MEASUREMENTS AND IR-SPECTROSCOPY OF[(PB1-1.5x LAX)(TI1-y Mny)O3] FERROELECTRIC CERAMICS	Montaser ,Atiat Ahmed.	Atiat Ahmed Montaser	Aswan :	2004 .	The main aim of this dissertation ,which consists of three chapters,is to throw the light on the electrodeposition,characterization and properties of some binary and ternary copper based alloys.		
2665	9497063		Light and electron microscopic studies of some coccidian parasites infecting reptiles in Qena province /	HAMADA,ENSHERAH MOHAMED SAAD EL-DIN	ENSHERAH MOHAMED SAAD EL-DIN HAMADA	qena	1995	lead titanate has been extensively used in ceramics as an end member of slid solution systems that have important technologicalapplications.		
2666	9497077		solution of some problems in micronocs of elastic media	Hussein, Abdel-Nasser Ahmed.	Abdel-Nasser Ahmed Hussein	Qena :	2004 .	Investigating field populations of lizards from Qena,out of the 161lizards 67(24%) were naturally infected with blod coccidia.The highest infection rate was found in Gekkonidae(78.5%)and the lowest in Scincidae(16.5%).		
2667	9501693			ahmed,said mohamed	said mohamed ahmed	aswan	1995	The aim of this thesis,which consists of five chapters,is to study some problems in mechanics of elastic media.		
								This thesis characterizes and describes El Garra-El Gidami uraniferous granitoids.		

2668	9501706	Geologic,petrographic and Geochemical studies of uraniferous granitoids in El Garra-el Gidami area,central Eastern Desert,Egypt	Mahmoud,Falham Oraby	Falham Oraby Mahmoud	Qena : 1999 .	ElGarra-El Gidamipluton is an elliptical pluton,covering an area about 75km2 and intruded into amphibolite,gneissose granite and syntectonic granitoids with sharp contacts.		
2669	9501754	Recovery and physicochemical characterization of catalytic aluminas from industrial raw materials /	El-Katatni, Ezzat Abd-Rahman El-Said.	Ezzat Abd-Rahman El-Said El-Katatni ,	Qena : 1998 .	Various samples of alumina (AL2O3)WERE OBTAINED BY 600C calcination of alumina hydrates(AL2O3xH2O)RECOVERED BY PRECIPITATION,USING DIFFERENT METHODS,FROM CAUSTIC EXTRACTS OF SODIUM ALUMINIATE SOLUTIONS OF TWO RAW MATERIALS:(A)IMPORTED BAUXITE,AND (B)LOCAL ALUMINIUM DROSS TAILINGS(ADT)PRODUCED IN EGYPTALUM COMPANY.		
2670	9501792	the american as involved and dropped out in washington irving's fiction	el-dessoki,ashraf fathi abdel-hamid	ashraf fathi abdel-hamid el-dessoki	qena 2002	the aim of this thesis is to discuss the view of washington irving (1783-1859)of the different elements of the american experience of being involved in ascertain establishment,being alienated from it,then coming back wiser,sadder,and more mature.		
2671	9501842	Astudy of electrical,optical and structural properties of As-Se-Ti thin films /	Said,Adel El-Denglawey.	Adel El-Denglawey Said	Qena : 2005 .	The present work is devoted to investigate the structural,optical and electrical transport properties of As20Se80-xTix(X=5,10,15,20,25,30and35at%).		
2672	9501894	radiation dosimetry by solid state nuclear track detectors(SSNTDs)	abdel-naby,asem ahmed mohamed	asem ahmed mohamed abdel-naby	egypt- 1987 .	the aim of this thesis is to get new applications to the method of scintillator etch-pit for thermal and fast neutron dosimetry.		
2673	9501905	The mechanism of neuroaxial calcitonin analgesia /	Ahmed,Khaled Mohamed Hassan.	Khaled Mohamed Hassan Ahmed	Sohag : 2002 .	Although calcitonin is not one of the proper analgesics,it is considered among the possible non-opioid endogenous peptides with analgesic properites that candidate it for clinical use in the treatment of postoperative pain.		
2674	9501943	GEOLOGY PETROLOGY RADIOACTIVITY OF GABAL EL URF AREA CENTRAL ESTERT,EGYPT	ABDEL GHANI,ISMAIL MOHAMED MAHMOUD	ISMAIL MOHAMED MAHMOUD ABDEL GHANI	SOHA G,EGY OT: 2000	THE SCOPE OF THIS THESIS IS GEOLOGY PETROLOGY RADIOACTIVITY OF GABAL EL URF AREA CENTRAL ESTERT,EGYPT		
2675	9501978	SYNTHESIS AND STUDIES ON SOME HETEROCYCLIC COMPOUNDS	el-kanzi,nadia ali ahmed	el-kanzi,nadia ali ahmed:	ASWAN: 2003	quinoline derivatives are widely used as fungicidals and antibacterial agents.thus in this work we synthesised newly compounds related to quinone which we expect to have biological activities.		
2676	9501983	On some of the Transport Properties of Lanthanum based Superconducting Compounds /	Shaban,Hamdy Tawfik.	Department of Physiss,Faculty of Science,South Valley University	Qena : 1995 .	Despite of the intensive efforts which have been done ,both experimentally and theoretically,still the subject of high-Tsuperconductors very embarrassing.When the work on cuprates is decided ,the problem becomes more complicated.		
2677	9502147	CONCENTRATION OF LANTHANIDES AND ACTINIDES PRESENT IN SIBAIYA PHOSPHATE ORES ,THEIR SEPARATION AND DETERMINATION /	TAIE, KHALED MOHAMED MOHAMED.	KHALED MOHAMED MOHAMED TAIE ,	ASWAN : 2001 .	THE SCOPE OF THIS THESIS IS CONCENTRATION OF LANTHANIDES AND ACTINIDES PRESENT IN SIBAIYA PHOSPHATE ORES ,THEIR SEPARATION AND DETERMINATION		
2678	9502294	sedimentology of syn-rift miocene sediments of sidri-feiran area,southwestern sinai,egypt.	hasan,abd allah mohamed	Abd allah mohamed hasan	sohag 2002	the above mentioned review shows clearly the startigraphy and geogys of the syn-rift miocene sediments exposed along the gulf of suz region has been amatter of some controversy.		
2679	9502332	التطور العمراني لعواصم مصر الإسلامية القيسوط والعسكر القطائع حتى نهاية العصر الفاطمي /	الصيني ، محمود حامد أحمد .	محمود حامد أحمد الصيني ، القاهرة :	1987 .	تتناول الرسالة موضوع التطور العمراني لعواصم مصر الإسلامية وهي القيسوط والعسكر والقطائع وذلك حتى نهاية العصر الفاطمي.		
2680	9502361	STUDIES ON USING GENETIC ALGORITHMS FOR SOLVING OPTIMAL COMPUTER NETWORKS DESIGN PROBLEMS WITH FUZZY GOALS	HASSAN,MOATAMAD REFAAT	MOATAMAD REFAAT HASSAN	ASWAN: 2006	THE SCOPE OF THIS THESIS IS STUDIES ON USING GENETIC ALGORITHMS FOR SOLVING OPTIMAL COMPUTER NETWORKS DESIGN PROBLEMS WITH FUZZY GOALS		
2681	9502418	SYNTHESIS OF SOME HETEROCYCLIC COMPOUNDS AS ANTIMICROBIAL AGENTS	IBRAHIM,RAWIA RAGAB	RAWIA RAGAB IBRAHIM	QENA: 2005	THE SCOPE OF THIS THESIS IS SYNTHESIS OF SOME HETEROCYCLIC COMPOUNDS AS ANTIMICROBIAL AGENTS		
2682	9502861	Incidence of pseudomonas aeruginosa in milk and some milk products/	Ahmed,eman korashy.		1992 .	Asum of 320 random samples of milk and some milk products 120 samples raw milk,60 samples kareish cheese,and 50 samples each of damietta cheese and ice cream and 40 cooking butter were collected from different sources in assiut city.		
2683	9502935	STUDIES ON THE ELECTROCHEMICAL BEHAVIOR OF Zn-Ni-Co-Alloy IN Different Media /	MATTER,EMAD ABD EL-MWLA ABD EL-AAL	EMAD ABD EL-MWLA ABD EL-AAL MATTER ,	SOUTH VALLEY UNIVERSITY ,QENA : 2007 .	لقد تطور الطلاء الكهربى فى الآونة الأخيرة من مجرد فن الى علم حقيقى.هذا التطور يعتبر نتاجا لزيادة وتنوع المجالات التى يطبق فيها هذا الجزء من العلوم التطبيقية لذلك كان الهدف الرئيسى من هذه الرسالة هو القيام بدراسة ميكانيكية الترسيب الكهربى لسبيكة الزنك-نيكل-كوبلت الثلاثية فى حمامات الكريوتات التى امكن من خلالها التحكم فى انتاج سبائك متناسقة التوزيع ذات حبيبات اقل ويزيق اعلى.		
2684	9502937	Monitoring of some environmental pollutants in the vicinity of the egyptian ferroalloys company,edfu/	Hammad,seddik kheyamy.		2005 .	The early discovering of the poisoning induced by metals and subclinical cases are most important.		
2685	9503015	selenium, vitamin A and E in dry and mastitic lactating cows and buffaloes/	Awad,Nehal Makram.		1998	this study revealed that mastitic cows have normal temperature except in acute forms .		
2686	9503083	application of polymerase chain reaction for detection of mycobacteria in clinical samples/	Mansy,Mariam Fouad.		1998	in this study comparison between smears and cultural characteristics as a traditional methods used in diagnosis of mycobacterium bovis and the polymerase chain reaction (PCR) as a recent method were used in diagnosis.		
2687	9504291	السياحة والتنمية الإجتماعية :	أحمد، محمد نجدى سيد.	محمد نجدى سيد أحمد ، قا :	1996 .	تتناول هذه الرسالة دراسة تآثر افراد وجماعات مجتمع البحث بعملية الانتشار الثقافى المتمثلة فى ثقافة السائحىن الأجانب وامتزاجها بالثقافة المحلية مما يؤثر فى نمو الاتجاهات والمعتقدات لدى جماعات مجتمع البحث حتى تصبح طريقة حياتهم فى المجتمع. وتنتمى هذه الدراسة الى علم الاجتماع العام كما تنتمى الى علم اجتماع النمو حيث تدرس السياحة والتنمية الاجتماعية.		
2688	9504320	Microbiolgiqal quality of market fermented milks in assiut city.	El,bessery,mohammed mohammed abd el rhman.	Faculty of vetrinary veet.	Assiut univer sity. 2001 .	One handred and fifty samples of fermented milks(yoghurtmlaben rayeb and kishk)were collected at random.		
2689	9504379	Evaluation of biogenic amines in some dairy products.	Ahmed,mohammed sayed.	Fac.vet,med,	Assiut univ: 1998 .	Atotal of 100random samples of hard chees,domiati cheese,youghurt and cooking butter(25)were collected from different supermarkets.		

2690	9504405		some factors affecting the longevity honeybee workers (apis mellifera l.apidae,hyneoptera)in zagazig district	el-shakaa,saad mohamed aly	saad mohamed aly el-shakaa	cairo	1985	the present work was carried out in the apiary of the faculty of agriculture,zagazing university to determine the effect of certain factors on honey bee worker longevity apis mellifera l.and to app-roach certain physiological characteristics during developmental stages.		
2691	9504442		Comparative studies for diagnosis of mycobacterial infections.	Sallam,nancy mohamed mohamed.	Nancy mohamed mohamed sallam,	Assiut univer-sity:	1998 .	This study was performed toevaluate polymerase chain reaction for rapid diagnosis of pulmonary tuberculosis.		
2692	9504611		some immunobiological studies on gumboro disease virus in chickens and turkeys.	farghaly, ahlam abo el hameed.	ahlam abo el hameed farghaly	assiu	1989	in order to study the epidemiology of infectious bursal disease in egypt.		
2693	9504624		شعر ابي الحسين الجزار المصري(601-679):	خليفة، أحمد عبد المجيد محمد.	أحمد عبد المجيد محمد خليفة ،	قا :	1996	تعد هذه الرسالة أول محاولة لتحقيق شعر ابي الحسين الجزار المخطوط وجمع أشعاره المتناثرة هنا وهناك من المظان المختلفة المخطوطة والمطبوعة،ودراستها دراسة أسلوبية نقدية. ولقد أبرزت الرسالة بعض الصور الطريفة المبتكرة التي حقق بها الشاعر مسحة جمالية. ويتناول البحث مدى استفادة الشاعر من التشخيص كأداة في تشكيل الصورة الاستعارية،وكل تنوعاتها مادية ومعنوية.		
2694	9504698		NUMERICAL SOLUTIONS FOR SOME PROBLEMS OF HEAT AND MASS IN MICROPOLAR BOUNDARY LAYERS	abdou,mohammed modather mohammed	mohammed modather mohammed abdou	ASWA N،	2005 .	the main aim of this disseration,which consists of seven chapters is to study numerical solutions for some problems of heat and mass transfer over different shape surfaces in the boundary layer of micropolar fluid. in the following ,abrief discussion of the chapters is given.		
2695	9504720		الكوكبيو في كينيا :	عثمان، محمد نصر الدين محمد إبراهيم.	محمد نصر الدين محمد إبراهيم عثمان ،	القاهرة :	2003 .	تناولت الرسالة قبيلة الكوكبيو في كينيا في دراسة تاريخية متكاملة فعلى الرغم من أن بكينيا العديد من القبائل إلا أن أهم هذه القبائل بل أهمهم جميعا هي قبيلة الكوكبيو التي تعتبر من أهم وأضخم قبائلها بل أكثرها أهمية إذ يشكل الكوكبيو حوالي 2مليون نسمة بما يعادل 20%من سكان كينيا ولذا فهي اقرب من الشعب الي القبيلة.		
2696	9504830		تشاط مصر التجاري في البحر الأحمر 1805- 1879 /	حسين، زينب عمر محمود.	زينب عمر محمود حسين ،	القاهرة :	1993 .	تتناول الرسالة موضوع تشاط مصر التجاري في البحر الأحمر وذلك من عام 1805-1879 من خلال التأليبتدع السيطرة المصرية على سواحل البحر الأحمر وكذلك مشروعات الدولة لتنمية تجارة مصر في البحر الأحمر،وايضاًمن خلال حركة التبادل التجاري بين مصر وموانئ البحر الأحمر...		
2697	9505070		PALEOCENE/LOWER EOCENE ECHINOIDS OF EGYPT:AREVISION	elatter,atef abd el-hamied a.a	Atef abd el-hamied a.a	SOHA G	1996	THERE IS AN EXTENSIVE LITERATURE DEALING WITH VARIOUS ASPECTS OF THE GEOLOGY OF THE OF THE PALEOCENE AND LOWER EOCENE ROCKS OF EGYPT:STRUCTUREAL,SEDIMENTOLOGICAL,LITOSTRATIGRAPHICAL,BIOSTRATIGRAPHICAL,AND MICRO-AND MACROPALAEONTOLOGICAL.		
2698	9505202		المناخ وأثره على راحة الإنسان في السواحل المصرية :	إبراهيم، محمد توفيق محمد.	محمد توفيق محمد إبراهيم ،	سوهاج :	2004 .	تهدف هذه الرسالة إلى دراسة خصائصالظروف المناخية وتحليلها على السواحل المصرية، وبالتعرف على العوامل المؤثرة في ذلك. والتعرف على المناطق الأكثرراحة من الناحية المناخية وأوقاتها،سراء على المستوى الشهري او الفصلي او السنوي.		
2699	9505225		PYROMELLITIC DIANHYDRIDE IN THE SYNTHESIS OF HETEROCYCLIC NITROGEN COMPOUNDS /	OMER , AHMED MOHAMMED ABO-BAKR	AHMED MOHAMMED ABO-BAKR OMER ,	assiu univer-sity :	2006 .	نظرا للتطبيقات الواسعة للبيرومليك ثنائي في شتى المجالات مما شجعا للتخصير مشتقات جديدة غير متجانسة الحلقة تمثل الثنائي بيروول والثنتي بيرازين .		
2700	9505266		PARASITOLGICAL AND ECOLOGICAL STUDIES ON SOME PARASITES INFECTING CERTAIN SPECIES OF REPTILES IN EGYPT	AMER,OMAR SAYED OMAR	OMAR SAYED OMAR AMER	SOHA G	2004	This study is constructed to throw the light upon the helminth parasites which infect the reptikian hosts under investigation.This study dealt with four species of hosts,three species from lizards MABUYA QUINQUETAEINIATA,UROMASTYX AEGYPTIUS and ACANTHOACTYLUS Boskianus and one species from snakes NATRIX TESSELLATA		
2701	9505329		الشخصية اليهودية والإسرائيلية في القصة العبرية القصيرة منذ 1973 /	محمد ، سلمى عبد المنعم .	سلمى عبد المنعم محمد ،	سوهاج :	2002 .	تتناول الرسالة الحديث عن الشخصية اليهودية والشخصية الإسرائيلية في القصة العبرية القصيرة منذ 1973م،انطلاقاًمن أن القصة القصيرة تعد نوعاً أدبياً من النثر ولكن في نطاق مختصر ،فجد أن الشخصية في القصة القصيرة تكون مركزة على حديث معين ولذا فهي أكثر الأشكال الأدبية التي تجذب الانتباه وقد وقع الاختيار على الفترة من عام 1973 لدراسة الشخصية اليهودية والإسرائيلية في القصة القصيرة.		
2702	9505460		some factors effecting results of biochemical parameters in blood serum of sheep	sahar ahmed abou wwafa			1998	atotal number ,180 egyptian female balady sheep constituted the material of this investigation. animal were belonged to the governmental farm of el-hawatka,assiu governorate.		
2703	9505481		Evaluation of liver function tests in liver disorders in cattle and buffaloes/	Abd Ellah,Mahmoud Rushdi.			1998 .	Emaciation,wekness and reduce productive and reproductive performance are the most predpminant clinical sings in cattle and buffaloes with severe liver affections.		
2704	9505536		sero-epidemiological study on toxoplasmosis and qfever in cases of repeated pregnancy wastage in women/	Ahmed,Sylvia Osama Ibrahim.			1998	to study the role of zoonotic diseases in the occurrence of repeated pregnancy wastage in women .		
2705	9505636		Meat and meat products/	Ismail,Hesham Adel Moez Ahmed.			1998 .	A total of 125 meat and meat products samples were collected from slaughter house, butcher's shop and supermarkets in assiut city.		
2706	9505653		Clinicopathological studies on the renal affections in rabbits/	Abd el razek,ibrahim ahmed fouad.			1992 .	Total of 500 rabbits either slaughtered 440 rabbits or dead 60 rabbits were used for the present study.		
2707	9505717		Clinical and laboratory investigations of urinary tract disorders in fattening calves/	Osman,fathy ahmed.			1998	ADDITIONALLY BACTERIAL EXAMINATION OF URINE SEDIMENT AS WELL AS KIDNEY FUNCTION TEST ADD INFORMATION THAT MAY CONFIRM THE DIAGNOSIS OF URINARY TRACT DISEASES.		
2708	9507000		أثر كل من نمط الاتصال وحجم الجماعة على تفاعل أعضاء الجماعات الصغيرة من طلاب الجامعة في مواقف اتخاذ القرار /	عبدون،سيف الدين يوسف .	سيف الدين يوسف عبدون	القاهرة :	1985 .	تهدف هذه الرسالة إلى بحث أثر كل من نمط الاتصال لدى الطلاب وعلى الإخص طلبية كليات التربية الذين سيتولون مسئولية التعليم في المدارس.		
2709	9507146		N-PHENYL SULPHONYLOXYQUINOLINIMIDE IN THE SYNTHESIS OF NEW HETEROCYCLIC COMPOUNDS /	WASEF , TALAAT SHAKER	TALAAT SHAKER WASEF ,	assiu univer-sity :	2006 .	الهدف الاساسي من هذا البحث هو تخليق بعض المركبات الجديدة غير متجانسة الحلقة ومشتقة من ن- .		
2710	9507214		النزعة العقلية عند فخر الدين الرازي في العلوم الدينية/	عبد الحليم عابدين السيد عبد اللاه.	عابدين السيد عبد اللاه عبد الحليم	سوهاج :	1995	لقد تناولت الرسالة موضوع النزعة العقلية عند فخر الدين الرازي في العلوم الدينية وذلك من خلا محاولة التنظير التي قام بها الباحث لمنهج الرازي وتطبيقاته في العلوم الدينية.		
2711	9507837		العوامل المؤثرة في إخراج العدد الأسبوعي للصحف العربية اليومية :	الداغر، مجدى محمد عبد الجواد عبد الفتاح	مجدى محمد عبد الجواد عبد الفتاح الداغر ،	المنصورة :	2005 .	تهدف هذه الرسالة إلى رصد وتحليل العوامل التي تؤثر في إخراج العدد الأسبوعي للصحيفة اليومية باعتباره نمطاً إخراجياً له سماته وخصائصه المختلفة وشمخصيته الإخراجية التي يختلف فيها عن شكل الصحيفة اليومية أو الصحيفة الأم.		
2712	9508037		Radiographical studies on the developmental of teeth in camels.	El khabery,ahmed hamed ahmed			1997 .	The current study was carried out on 41 heads of one-humped camel of both sexes and different ages.		
2713	9509380		Surgical anatomical studies on the fibrous tunic of the eyeball in some domestic animals/	Zaky,Khalid Hamdy.			1997 .	THIS WORK WAS CARRIED OUT ON THE FIBROUS COAT OF THE EYEBALL OF THE DONKEY,COW,BUFFALO,CAMEL,SHEEP,GOAT,PIG AND DOG.		
2714	9509401		SADSAK	ASAS						

2715	9509465	CLINICAL APPROACH TO NEONATAL CALF DIARRHOEA WITH SPECIAL REFERENCE TO ACID BASE BALANCE AND REHYDRATION THERAPY/	AREF,NASR EL DIN MOHAMED MOHAMED.			1998	Calf diarrhoea under four weeks of life is aseriuos herd problem and represents one of the most important economic losses to all herd producers.		
2716	9509593	/Dermatophytoses in man and animals	Sayed,Amal Sayed Mohamed.			1996	The opportunity for exposure of human being to the infected and subclinically infected animals is the most important risk factor among human being.		
2717	9509599	Recent aspects in control of mycoplasma gallisepticum infection in chickens/	Ahmed,mohamed atef.			1998	The efficacy of accommercial mg-f strain vaccine was evaluation in meat type breeders farm in assiut.		
2718	9509612	Electrophoretic pattern,vit e and leucocytic picture in some skin diseases of horses/	Galal,kamal mohamed.			1998	Total number 190 horses were examined in in the present investigation.		
2719	9511493	comprative serological studies on brucellosis in animals	amena maher ebrahim hendy			1996	brucellosis is one of the most world wide distributed zoonotically infectious disease		
2720	9511507	Studies on the sanitary condition of raw milk in qena governorate/	Abd El Hameid,Karima Galal.			2002	A total of 160 milk samples were collected randomly from different sources including dairy farms,farmers'houses,dairy shops and street vendors (40 samples each) in qena province.		
2721	9511521	experiment studies on the combined effect of some amino acids, minerals and vitamibes on the pathological changes of aflatoxion b1 in albino rats	nivein abd el[ghani mohamed			1996	in this work the combined effect of reduced glutathione, cysteine,beta carotene and sodium selenite on the toxicity of afb was investigated in male albino rats		
2722	9511636	some paeasitological and immynological studies on parasites of chickens	gehan mohammed sayed			1996	because of the economic importance of poultry breeding in egypt , it was necessary to investigate some of their parasitic infection , where the proplem of parasitic one of the major factors which affect the birds almost all over the world		
2723	9516265	Developmental histological studies of the oviduct in high and low egg producing fowl/	El shamy,sanaa abdou.			1992	The present investigation was carried out to study the post hatchery developmental changes in the oviduct of high and low egg producing fowl.		
2724	9516274	Some studies on perip artum period in ewes/	Ali,hassan abdel sabour.			1996	This work was planned with aim to clarify the hormonal profile (estrogens and progesterone)during peripartum period.		
2725	9518273	Heterochromia iridis in buffaloes/	Mohamed,ahmed fathy.			1997	يقسم العمل في هذه الأطروحة الى ثلاثة اجزاء رئيسية هم : ~ دراسة مدى حدوث تباين اللون في قزحية الجاموس : اجريت هذه الدراسة على عدد 7782 جاموسة من قرى محافظتي اسيوط وسوهاج ومن ثلاث مزارع حكومية. وكان عدد الجاموس المصاب بتباين لون القزحية 593جاموسة وتم اجراء الاتي بها : 1-تحديد معدل حدوث تباين لون القزحية في الجاموس - 2-تقسيم تباين لون القزحية في الحيوانات المصابة - 3-مدى وجود نجمة على شكل بقعة بيضاء من الشعر على منطقة الجبهة في الحيوانات المصابة وغير المصابة بتباين لون - القزحية . ب- الدراسات الظاهرية للقزحية الطبيعية والقزحية المصابة بتباين اللون : اجريت هذه الدراسة على عدد 120 مقلّة عين متناصلة (40 مقلّة عين ذات قزحية طبيعية و 80 مقلّة عين ذات قزحية متباينة اللون) واخذت هذه العينات من جاموس بالغ ومن كلا الجنسين وفي اعمار مختلفة وكانت العينات طازجة وماخوזה من مجازر مدينة اسيوط واجريت الدراسات الاتية على القزحيات المختلفة : 1-تشكل بؤبؤ العين 2-قياس المحورين الاقصى والرأسي لبؤبؤ العين 3-دراسة السطح الامامي للقزحية الطبيعية والمتباينة اللون 4-دراسة السطح الخلفي ولونه في القزحية الطبيعية والمتباينة اللون 5-العرض الكلي للقزحية وكذلك منطقة البؤبؤ والمنطقة الهدبية في اربع نقاط في القزحية الطبيعية والمتباينة اللون 6-ج- الدراسات النسجمرضية والتركيب الدقيق والمجهر الالكتروني الماسح على القزحية الطبيعية والمتباينة اللون : وقد اجريت الدراسة على السجمرضية على 5 مقلات للعين بها قزحية و 5 مقلات عين بها قزحية متباينة اللون. وقد اجريت الفحوصات بواسطة المجهر الالكتروني وقد اعلنت هذه النقاط : 1-التركيب النسجي والدقيق للطبقات المختلفة للقزحية - 2-صغر حجم القزحية واضح في كل حالات الجاموس المصاب بتباين لون القزحية.3- القزحية ذات اللون المتباين لها - لونان افر ثلاثة او اربعة الوان 4-يكون لون القزحية ممنوج في حالات لون القزحية الكامل وتباين لون منطقة البؤبؤ الكامل - قزحية الجاموس الطبيعية لها لونان الجزئ الهدبة لونة بني يغالبة لون بني غامق في الجزء البؤبؤي او رمادي في المنطقة - الهدبية مع رمادي غامق في منطقة البؤبؤ 5-تباين لون القزحية في العين كان ضعف الحالات في عين واحدة - 6-وجود نجمة بيضاء على جبهة الحيوانات يمكن ان يكون علامة ترجح وجود تباين اللون في القزحية - 7-تباين اللون في قزحية عين الجاموس تشابهو مع بعض الحالات الاصابات الجراحية للعين خصوصا لدى الاطباء - 8-البيطرين غير المتخصصين		
2726	9518338	Comparative serological studies on brucellosis in animals/	Hendy,amena maher ebrahim.			1996	Drucellosis is one of the most world wide distributed zoonotically infectious disease.		
2727	9520613	الدور التربوي لبعض برامج الأطفال التليفزيونية في التثنية السياسية للطفل المصري :	جرجس، عماد صموئيل وهيه	سوهاج : عماد صموئيل وهيه جرجس ،		1999	تهدف هذه الرسالة الى التعرف على ماهية التثنية السياسية للطفل المصري واهميتها والماطها واهم ابعادها ووساطها في المجتمع المصري. التعرف على الدور الذي يقوم به التلفزيون المصري من خلال برامجه الموجبة للأطفال في تثنيية الطفل المصري سياسياً والوقوف على أهم المقومات والمبادئ اللازمة لنجاح هذا الدور.		
2728	9522982	OPTICAL ,ELECTRICAL AND STRUCTURAL PROPERTIES OF As-Te-Ga chalcogenide SYSTEM /	ABD-ELHADY,ABD ELSALAM FOAD	ABD ELSALAM FOAD ABD-ELHADY ,	QENA, SOUT H VALLE Y UNIVE RSITY :	1998	يرجع التطور السريع والاهتمام المتزايد بدراسة اشباه الموصلات الامورفيةAmorohous Semiconductors لاسباب متعددة اهمها سهولة تحضيرها ورخص ثمنها وكذلك تميزها بخواص فيزيائية قد لا تتوفر في اشباه الموصلات البلوريةCrystalline Semiconductors والنظام الكالكوجينيChalcogenide System هو شبكة من اشباه الموصلات الامورفية تحتوي على واحد(على الاقل) من عناصر الكريتS او ليسييليومSe او التيلوريومTe.

2732	9525704		The Natural radioactivity and radon exhalation rates Egyptian rock phosphates /	El-Arabi, Abdel-Gabar Mohamed.			1998	Aim of the work:- When phosphate precipitates from water, uranium goes with it. As a result, for example, uranium is serious contaminant in phosphate fertilizers that are ubiquitous in crop farming. Although most crops resist uptake of radioactive materials in their leafy (above-ground) components, those crops whose roots are consumed (such as potatoes, peanuts, carrots), are susceptible to contamination by uranium. The health risks due to uranium based on chemical toxicity exceeds by far the health hazard due to radiation. Radon decay products are dangerous because it is a gas and can easily enter and accumulated in the lungs. So, The aim of the present work is to :- 1- Study of the natural activity concentration (226Ra, 235U, 232Th and 40K) in phosphate samples from different areas in Egypt (Western Desert, Nile Valley and Eastern Desert). 2- According the geological studies (said, R., 1962), what is the relation between natural radioactivity in geological stable area (Western Desert, Nile Valley) and geological unstable area (Eastern Desert). 3- Development of 222Rn exhalation measurement technique in the laboratory using E-PERM electret. 4- Comparing between different methods of measuring radon exhalation rats from soil as a function of environmental parameters (temp, relative humidity and pressure).		
2733	9526170		HIGH ENERGY PROTON SCATTERING FROM ¹² C AND ¹⁶ O /	AHMED,HOSNEY MAHAMED ALY	HOSNEY MAHAMED ALY AHMED ,	ASWAN,SOUTH VALLEY UNIVERSITY :	1998 .	تحتوي الرسالة على ملخص باللغة العربيةتحمل العنوان التالي:تشئت البروتونات علي نواتي الكربون والوكسجين عند الطاقات العالية وملخصها تناولت هذه الرسالة دراستا علي حساب المقاطع العرضية لتشئت المرن والغير مرن عند مدى من الطاقات المختلفة لوعين مختلفين من التفاعلات هما:1- البروتون مع المربون12 عند الطاقات 800و1040 مليون إلكترون فولت2- البروتون مع الأوكسجين16 عند الطاقات800,500 مليون إلكترون فولت. حيث تم تطبيق نموذج الطي المفرد للجهد الضوني للتفاعلين عند الطاقات السابقة.

2745	9533592	master.	studies on the nuclear potential and applications /	Hussein, Kasem Omar.			2001	The optical potential plays an important role in describing the nuclear reaction. In the present work, the elastic scattering differential cross section and total reaction cross section are calculated for 16O+12C.16O+28Si.16O+40Ca at energy 1503 MEV and 12C+12Cat 1016 MEV. The effect of relativistic-and non- relativistic kinematics was concdered. Two methods were used for the analysis of these expermental data. The first methods was the numerical solution of nuclear phase shift.	28/5/2001.	M. M. Abd-elrahman, H. M. Aly, G. A. Yahia.
2746	9539111		NATURAL RADIOACTIVITY OF SOME IRON ORES IN UPPER EGYPT AND THEIR DOSE RATES /	AHMED,KHALED SALAH EL-DIEN IBRAHEEM	KHALED SALAH EL-DIEN IBRAHEEM AHMED ,	SOUTH VALLEY UNIVERSITY :	2003 .	Environmental radiation measurements are usually mad to identify radionuclides sources in the environment,quantify their concernration and estimate their dose contribution. In rcnt years,studies and survey of low-level exposure arising from naturally occurring radionuclides particularly 238U,232Th and 40K are of great importance.

2777	9545287	Plant-Water-Soil relationships of Balanites aegyptiaca(L)Del.in Desert Environments /	Radwan, Usama Ahmed Abd-El-Wahab.	Usama Ahmed Abd-El-Wahab Radwan .	Aswan :	2001 .	This investigation comprised studies on plant-water-soil relationships of Balanites aegyptiaca(L)Del.in desert environments.		
2778	9545293	GEOLOGIC SETTING AND PETROGRAPHIC AND GEOCHEMICAL CHARACTERISTICS OF URANIUM-BEARING GRANITIC ROCKS IN EL EREDIYA-EL MAGHRABING	abu el-hassan,esmat ahmed	SOUTH VALLEY UNIVERSITY,FACULTY OF SCIENCE,DEPARTMENT OF GEOLOGY	QENA	1999	AIM AND SCOPE OF THE PRESENT STUDY: all previous studies on el-erediya u-ocurrence were directed to the mineralized shear zones and thier immediate host rock.		
2779	9545298	CRYSTAL GROWTH AND STUDY OF SOME PHYSICAL PROPERTIES OF Bi2Te3 and Bi2S3 SINGLE CRYSTALS /	MOHAMED,MAHMM OUD SAYED ABD EL- SADEK	MAHMMOUD SAYED ABD EL- SADEK MOHAMED ,	QENA, SOUT H VALLE Y UNIVE RSITY :	2004 .	لم يحظ علم بهذا الكم من التطبيقات المتلافة مثلما حظى علم اشباه الموصلات بها واصبح واضحا الان انه مقياس لاشك فيه لتقدم الامم بل انه بحق معيار لامكانية التقدم للبلدان.حيث ان علم اشباه الموصلات يأتي في مقدمة العلوم الرائدة فهي التي وضعت القواعد الراسخة في معظم ماتحقق للبشرية من قفزات حضارية متلاحقة.		
2780	9545312	A STUDY OF SOME PHYSICAL PROPERTIES OF CHALCOGENIDE GLASS IN THE As-S SYSTEM /	ELNEMAR,MOHAMED ADNAN	MOHAMED ADNAN ELNEMAR ;	QENA ,SOUT H VALLE Y UNIVE RSITY :	2004 .	في الونة الأخيرة شهدت دراسة اشباهالموصلات الامورفيةAmorphous Chalcogenide Semiconductor اهتماما متزايدا بصورة مستمرة .لما تتميز به هذه المواد من خصائص جعلت دراسة خواصها ضرورة ملحة للأسباب التالية 1- انخفاض تكاليف تصنيع اشباه الموصلات الامورفية . 2-محاولات جادة لفهم حقائق التركيب الداخلي للاستفادة منها في تحضير مواد تكسب صفات محددة . 3- تغير خواص هذه المواد مع تغير التركيب اذه المواد . 4- استخدام المواد الامورفية في تصنيع المكونات الالكترونية . 5- استخدام هذه المواد في تصنيع خلايا شمسية رخيصة .		
2781	9545324	studies on solar and terrestrial radiation transfer through the earth-atmosphere eyetem,including atmospheric greenhouse effect	Abdalla,badry nobi mohamed	badry nobi mohamed abdalla	gena	1998	this work deals with very interesting problem concerning studies on solar and terrestrial transfer through the earth-atmosphere system.		
2782	9545399	Designing a programme for developing the writing skill:an integrative-interactive approach/	Abolyosr,Mohammed.	Mohammed Abolyosr	Qena:	1996	This study is concerned mainly with measuring the effectiveness of an integrative interactive writing programme on the students' writing skills.to this end,the programme took into consideration the student's needs as undergraduates and prospective teachers.		
2783	9545434	STUDY OF THE MAGNETIC AND ELECTRICAL PROPERTIES OF SOME NON-CRYSTALLINE SOLIDS IN RELATION TO THEIR STRUCTURE /	HASSANIN,RASHA MOHAMMED ALI	RASHA MOHAMMED ALI HASSANIN ,	ASWA N,SOU TH VALLE Y UNIVE RSITY :	2004 .	في الونة الأخيرة يدخل الزجاج في العديد من الابتكارات خاصة تلك الابتكارات الالكترونية.وايضا عشوائية التركيب الداخلي تعطي زيادة في كثافة حوامل التيار .لذلك يتم في هذه الرسالة دراسة الكثافة والخواص المغناطيسية والكهربية وكذلك تم دراسة التركيب الداخلي لعينات الزجاج المكونة من اكسيد كلا من البورن والفسفور والانيتمون والحديد وكذلك المحتوية على كلوريد السيزيوم.		
2784	9545713	MYCOFLORA AND MYCOTOXINS OF SOME MEDICINAL PLANTS AND THEIR ANTIMICROBIAL ACTIVITIES IN EGYPT	youssef,mohamed sayed	mohamed sayed youssef	SOHA G	1995	MEDICINAL PLANTS AND HERBAL DRUGS PLAYED AN IMPORTANT ROLE IN FOLK MEDICINE.		
2785	9545740	Ternary complexes of co(ii),Cu(ii)-amino acids- heterocyclic bases /	Abdel-Rahman, laila Hamdan.	laila Hamdan Abdel-Rahman .	Sohag :		Inview of the current interest in the biological and structures of ternary complexes of amino acids and heterocyclic bases,as well as the modelistic aproch of such systems to the realistic model of systems of many naturally occuring mixed ligand complexes.		
2786	9546892	BAYESIAN ASTIMATION BASED ON COMPLETE AND CENSORED SAMPLES FROM THE INVERSE WEIBULL DISTRIBUTON /	Hassan,Yasser Salama	Yasser Salama Hassan ,	South Valley Univer sity :	2007 .	in this thesis efforts have been devoted to find a suitable objective prior for the parameters, by using an informative prior density on the unreliability level at a prefixed time, where the analyst dose not think in terms of the parameters, but express his technical knowledge in terms of more practical concepts such as the unreliability level at a a given time.		
2787	9546931	INTERFEROMETRIC STUDIES ON THE OPTO-THERMAL AND OPTO-MECHANICAL PROPERTIES OF OPTICAL FIBRES/	AGOUR,MOSTAFA AHMED ALI	MOSTAFA AHMED ALI AGOUR ,	SOUT H VALLE Y UNIVE RSITY :	2005 .	هدفت الرسالة الى دراسة الخواص الضوء حرارية و الضوء ميكانيكية و ذلك باستخدام طرق التداخل الثنائي PLUTA MULTIPLE -BEAM FIZEAU INTERFERENCE MICROSCOPE و المتعددة INTERFEROMETER عن طريق ربط جهاز الحرارة بتلك التقنيات .		
2788	9547173	EVALUATION OF NATURAL VENTILATION INDEX OVER DIFFERENT CITIES IN EGYPT/	AMER ,EMAD ALI AHMED	EMAD ALI AHMED AMER.	SOUT H VALLE Y UNIVE RSITY :	2005	يعطى الفصل الأول مقدمة عن مفهوم التهوية الطبيعية الفصل الثاني يشتمل على عرض لبعض البيانات والدراسات السابقة من 1961الى 2004 الفصل الثالث يشتمل على وصف لمناطق الدراسة الأربعة (اسوان -حطوان -العريش-مطروح) الفصل الرابع يقدم الطرق الحسابات المستخدمة في هذا المجال الفصل الخامس يلخص النتائج التي توصل اليها هذا البحث		
2789	9548745	STRUCTURAL AND ANISTROPIC TRANSPORT PROPERTIES OF In4Se3 CRYSTALS/	MOHAMMED,MOHAMMED EZZ ELDIEN	MOHAMMED EZZ ELDIEN MOHAMMED ,	SOUT H VALLE Y UNIVE RSITY :	2006 .	الفصل الأول : هو مقدمة ضرورية للتمهيد لمضمون الرسالة وهو جزء نظري الفصل الثاني : هو وصف للدوائر الكهربائية و الترتيبات التي استخدمت علاوة بالطبع على تحضير طريقة المركب الفصل الثالث : وهو يحتوي على النتائج التي امكن التوصل اليها وتوصلت الرسالة الى : المقارنة بين المركب قبل التحضير وبعد التحضير-1 ان جميع النتائج الكهربائية والحرارية علاوة على نظريتها التركيبية تقتد بشكل قاطع-2		

2790	9548854		PREPERATION AND STUDY OF THE PHYSICAL PROPERTIES OF CuGaSe2 and AgInS2 SEMICONDUCTOR COMPOUNDS /	MOSTAFA , FATMA SAAD GAMI	FATMA SAAD GAMI MOSTAFA ,	QENA, SOUTH VALLEY UNIVERSITY :	2006 .	هناك بعض العناصر الطبيعية وبعض مركبات لها خواص كهربية متوسطة بين الخواص الكهربية للمواد الصلبة والخواص الكهربية للمواد العازلة يطلق على هذه المواد اشباه موصلات وتلك المواد لها استخدامات عديدة ومهمة جدا وتعد القاعدة الاساسية التي ارتكز عليها التقدم التكنولوجي السريع لعالم الإلكترونيات.		
2791	9549114		CONDITIONAL METHOD OF INFERENCE FOR SEVERAL LIFE CHARACTERISTICS OF THE PARETO DISTRIBUTION BASED ON COMPLETE AND CENSORED SAMPLES /	Mohamed,Seham Ali	Seham Ali Mohamed,	South Valley Univer sity :	2005 .	In this thesis, We apply the classical approach for estimating some characteristics of the Pareto distribution. Sir Fisher (1952) Presented this approach as a Practical method in statistical inference, which offers a consistent way for using pivotal functions and their conditional probability distribution in inference. However, two major challenges confront its Practical implementation, the specification, the specification of the pivotal quantities and the computation of the conditional probabilities is sometimes hard to mange analytically and can be facilitated by advances in Monte Carlo methods and computer power. Lawless(1982) used this approach for studying some lifetime distributions based on complete and censored samples. Maswadah(2003,2004), generalized the application of this method by estimating the parameters and reliability of the inverse Webull distribution and the extreme value distribution based on the Generalized order statistics. As a continuation of this study, we focus in this thesis on two objectives: The first objective of this thesis, is the derivation of the conditional confidence intervals for the parameters and some future observations from the Pareto distribution based on the complete and censored samples.		
2792	9549160		evaluation of some techniques for the diagnosis of cryptosporidiosis in immunocompromised children in "sohag governorate"	el-hady,hanaa ahmed	Hanann ahmed .el-hady	sohag	1996	aim of the present work 1-evaluation of the direct parasitological diagnosis of cryptosporidium spp oocysts using different staining techniques.		
2793	9549253		THE PHYSICAL PROPERTIES OF SOME OXIDE GLASSES CONTAINING IRON IN RELATION TO THEIR STRUCTURE /	HAMMODA,KHALED HAMMODA EDRES	KHALED HAMMODA EDRES HAMMODA ,	ASWAN,SOUTH VALLEY UNIVERSITY :	2006 .	اصبحت المواد الزجاجية الان ذات اهمية كبيرة في المجالات العلمية والتكنولوجية بصفة عامة وفي مجال الصناعات الالكترونية بصفة خاصة. وهذا يعكس الاهتمام الشديد من الفيزيائيين والباحثين في مختلف قرو ع المادة لدراسة هذه المواد. لذلك يهدف معرفة المزيد عن خواصهما التركيبية والكهربية والمغناطيسية و غيرها وكذلك التغيرات في خصائصها الفيزيائية وعلاقتها بالتغير في التركيب. لذلك فقد هدفت هذه الرسالة الى دراسة الخواص الفيزيائية والتركيبية لبعض زجاج الفوسفات المطعم بـ يوليونات الحديد-كعنصر انتقالي والمحتوى في خليط من اكسجين قلوئين.		
2794	9549316		STUDY OF THE PHYSICAL PROPERTIES OF SOME SOLIDS CONTAINING OXIDES OF TRANSITION ELEMENTS /	ESMAIL,MOHAMED GABER AHMED	MOHAMED GABER AHMED ESMAIL ,	ASWAN ,SOUTH VALLEY UNIVERSITY :	2006 .	كان للتقدم العلمى الهائل فى علم الجوامد الغير بلورية تأثير شديد فى ظهور الثورة التكنولوجية فى القرن الماضى، واستمرت محاولات التطوير فى هذا العلم لتحسين خواص الزجاج وركزت كثير من الابحاث على اضافة بعض العناصر الانتقالية الى الاكاسيد الزجاجية فى محاولة لتحسين الخواص الكهربية والمغناطيسية، ونجحت هذه المحاولات فى نقل بعض انواع الزجاج من حيز المواد العازلة الى حيز اشباه الموصلات ودخلت هذه المواد فى كثير من التطبيقات العلمية.		
2795	9549347		NUCLEAR STRUCTURE STUDIES OF BARIUM ISOTOPES	diab,sohair mohamed	sohair mohamed diab	EGYPT	1988	the beta-spectrometer bill,at the institute laue-langevin(ill)france,has been shown to be a very powerful system for recording electron spectra		
2796	9549371		SURFACE ULTRAVIOLET RADIATION MEASUREMENTS IN QENA"UPPER EGYPT /	EL-NOUBY,EMAN FOUAD EL-SAID	EMAN FOUAD EL-SAID EL-NOUBY ,	Qena ,SOUTH VALLEY UNIVERSITY :	2006 .	يهتم المتخصصون وغير المتخصصون بالإشعة فوق البنفسجية الكلية الصادرة عن الشمس لما لها نت فوائد ضرورية للجسم البشرى لتكوين فيتامين د الذى يساعد على تقوية العظام وحمايتها من الامراض مثل الكساح، وبالرغم من ذلك فالخطورة التعرض الزائدللإشعة فوق البنفسجية الكلية يؤدى الى كثير من المشكلات الصحية، فاصبح من الملزم دراسة هذه الإشعة ومن ثم يمكن تقادي اضرارها.		
2797	9549588		STUDY OF NATURAL RADIOACTIVE NUCLES IN SOME GOLD MINES IN UPPER EGYPT /	AHMAD,GAHFAR MOHAMAD EL-SOGIAR	, GAHFAR MOHAMAD EL-SOGIAR AHMAD ,	QENA ,SOUTH VALLEY UNIVERSITY :	2005 .	الهدف من الدراسة:-تحديد الدراسة الى :-1- دراسة النشاط الاشعاعى الطبيعى لعينات من الجرانيت الموجود في مناجم الذهب الموجودة في منطقتي الفواخير وعود بالصحرء الشرقية بجنوب مصر . 2- تقدير الجرعة المتصمة وتحديد المستوى النوى للتعرض لاشعاع للعينات قيد الدراسة، ومنطقة البحث والدراسة:- تم اختيار منطقتين للدراسة وهما:أ-منطقة الفواخير :- تقع في منتصف الطريق بين قفط- القصير وهذه المنطقة تحتوى على ثلاث مناجم للذهب(F3,F2,F1) ب-منطقة عتود:- تقع على بعد حوالى 30كيلومتر جنوب غرب مرسى علم على البحر الاحمر وهي تحتوى على منجمين من مناجم الذهب(A2,A1).		
2798	9549590		THE DEVELOPMENT OF AN EXPERT SYSTEM FOR BUILDING OBJECT-ORIENTED DATABASES FROM ARABIC NATURAL LANGUAGE DESCRIPTIONS /	Abd El-Rhman,Hany Abdou	Hany Abdou Abd El-Rhman ,	South Valley Univer sity :	2006 .	THIS THESIS IS IN THE FILED OF EXPERT SYSTEM WE DEVELOPMENT AN EXPERT SYSTEM FOR BUILDING OBJECT-ORIENTED DATABASES FROM ARABIC NATURAL LANGUAGE DESCRIPTIONS OF INFORMATION SYSTEM. THE THESIS INCLUDES FIVE CHAPTERS		
2799	9549593		radiation shielding properties of some natural rocks in upper egypt	uosif,mohamad amin mahmoud	Mohamad amin mahmoud uosif	qena	1996	aim of present work: with the extensive applications of radioactive materials,it is necessary to have absorbers for shielding purposes with high efficiency absorpton properties.		

2800	9549640		MICROSTRUCTURE AND MECHANICAL PROPERTIES OF AL-BASED ALLOYS /	EL SHAWRY,NASREEN ALI MAHMOUD	NASREEN ALI MAHMOUD EL SHAWRY ,	QENA, SOUT H VALLEY UNIVER SITY :	2005 .	لقد حدثني الآلة الأخيرة طرفة كبيرة من الأبحاث الخاصة بسبائك الألومنيوم لتطوير الخواص الفيزيائية لهذه السبائك مع التطور السريع في صناعة سفن الفضاء واستنباط سبائك خفيفة الوزن. ولتطور وتحسين الخواص الفيزيائية والتركيبية لسبائك الألومنيوم واستنتاج سبائك خفيفة الوزن للاحتياجات المستقبلية في هذه الصناعة.		
2801	9549737		EXTENDED ONE STEP METHODS FOR THE NUMERICAL SOLUTION OF DELAY DIFFERENTIAL EQUATIONS /	Mohammed,Fatma Abd-Elateef	Fatma Abd-Elateef Mohammed ,	South Valley Univer sity :	2006 .	In this thesis ,we develop numerical methods of high order for solving delay differential equations .these methods are based on extended one step methods and depend on free parameters.THIS THESIS INCLUIDICE THREE CHAPTERS :CHAPTER I : CONCERNED WITH INTRODUTHING SOME BASIC ANALYTIC NUMERICAL BACKGROUND OF THE DELAY DIFFERENTIAL EQUATIONS..... CHAPTER II : WE DISCUSS EXTENDED ONE-STEP METHODS OF ORDER THREE FOR THE NUMERICAL SOLUTION OF DELAY-DIFFERENTIAL EQUATIONS. CHAPTER III: WE DEVELOP ACLASS OF NUMERICAL METHODS FOR SOLVING DELAY DIFFERENTIAL EQUATIONS.		
2802	9549776		ASSESSMENT OF RADIOACTIVITY LEVELS IN SOME SAMPLES FROM PETROLEUM AREAS IN EGYPT /	RASHED,WAFAA MOHAMED AHMED	WAFAA MOHAMED AHMED RASHED ,	QENA, SOUT H VALLEY UNIVE RSITY :	2005 .	الهدف من الدراسة:- ان شدة النشاط الإشعاعي الطبيعي في خام البترول المستخرجة من الآبار وكذلك المياه الجوفية المصاحبة للخام ثم حساب الجرعات الإشعاعية له أهمية كبيرة في الوقاية من اثر ذلك الإشعاع على العاملين في مجال التعدين وحقول البترول.ولمعرفة المخاطر للإشعاعية الناتجة عن التعرض لأشعة جاما المنبعثة من العناصر المشعة طبيعيا.		
2803	9550036		DETACHED CRYSTALLIZATION AND TRANSPORT PROPERTIES OF THE TERNARY COMPOUND CdZnTe /	AHMED,KHALED EBNALWALED ABDELFAHATTAH	KHALED EBNALWALED ABDELFAHATTAH AHMED ,	QENA, SOUT H VALLEY UNIVE RSITY :	2006 .	بات من المؤكد ان علم اشباه الموصلات هو العصب الحقيقي للتكنولوجيا الحديثة وانه يواكب الثروة العلمية المتزايدة المصاحبة للعلوم الحديثة بتطبيقاتها المختلفة.ولم هذا يسهل هذا اكتشافا حينما نتأكد من ان اشباه الموصلات في كل بيت وشارع في كل معمل ومنتدى،وفي كل تطبيقات السلم والحرب،بل انها في الفضاء وعلى الارض .		
2804	9559945		THE TRANSPORT PROPERTIES OF In2S3,Ga2Te5 /	MAHMOUD,SANAA FOUAD	SANAA FOUAD MAHMOUD ,	ASWA N,SOUT H VALLEY UNIVE RSITY :	2004 .	لاشك ان علم اشباه الموصلات هو اهم الاعدة اطلاقا في مجال التكنولوجيا الحديثة فهذا العلم يسهل متابعة تطبيقاته في كل جوانب الحياة، وهذا العلم يتطلب تقديم بالوراء جديدة تقي بمتطلبات التقدم السريع الذي تشهده تكنولوجيا العصر ولهذا كانت هذه الرسالة جزءا من هدف اشمل لفريق البحث، وهو تحضير ودراسة خصائص المركبات الناشئة من اتحاد عناصر المجموعتين الثالثتين السادسة في الجدول بهدف الوصول الى بالوراء ذات خائص تحتاجها التطبيقات الحديثة .		
2805	9559986		RADIOACTIVITY MEASUREMENTS OF SOME ENVIRONMENTAL SAMPLES COLLECTED FROM ELBA PROTECTIVE AREA, SOUTH EASTERN DESERT-UPPER EGYPT /	AHMED,KHALED SALAH EL-DIN IBRAHEEM	KHALED SALAH EL-DIN IBRAHEEM AHMED ,	Qena, SOUT H VALLEY UNIVE RSITY :	2006 .	الهدف من الدراسة تغيير دراسة النشاط الإشعاعي الطبيعي من اهم مجالات الفيزياء الإشعاعية نظرا للاتى:- اول-دراسة النشاط الإشعاعي الطبيعي تهتم بمعرفة مصدر النويات المشعة وطريقة انتشارها في البيئة ثانيا- النويات المشعة الطبيعية تعتبر من اهم مصادر التعرض الإشعاعي الخارجي بالنسبة للإنسان. ثالثا-عن طريق دراسة النشاط الإشعاعي الطبيعي يمكن معرفة مستوى الإشعاع الطبيعي(Background)ومن ثم معرفة اى تغيرات قد تنتج من تأثير الأنشطة البشرية المختلفة على البيئة.		
2806	9560011		STUDIES ON ELASTIC AND INELASTIC HEAVY IONS REACTIONS /	KHALIFA , MOHAMMED ANWAR ZAKI	MOHAMMED ANWAR ZAKI KHALIFA ,	ASWA N, SOUT H VALLEY UNIVE RSITY :	2007 .	تعد التفاعلات النووية المصدر الاساسي لدراسة تركيب النواة وتحديد مستويات الطاقة لمكوناتها وتحليل نتائج العملية لتلك التفاعلات تم افتراض بعض النماذج النووية التي كان من اشهرها نموذج الجهد الضوئي النووي الذي نجح في تفسير الكثير من تلك النتائج .		
2807	9560036		EFFECT OF DIFFERENT PHYSICAL VARIABLES ON GAMMA CAMERA TOMOGRAPHIC PERFORMANCE /	ABD ALLA,ALY G.	ALY G.ABD ALLA ,	ASWA N,SOUT H VALLEY UNIVE RSITY :	2006 .	تعتبر عملية التشخيص الطبي من الاساسيات الهامة التي يقوم عليها تحديد الخطط العلاجية للأمراض المختلفة.وقد حدث تطور عالى التقني في الحقبة الأخيرة من ظهور اجهزة عالية الدقة في التشخيص ومنها جهاز الجاما كاميرا والذي يستخدم في مجال الطب النووي.ولما كانت ضبط بعض العوامل الفيزيائية لهل دور اساسي وفعال في تجميع وتركيب الصور لجهاز الجاما كاميرا او اى نقص في كفاءة هذه العوامل تؤدي الى اقلال في جودة الصورة المنتجة .		
2808	9560090		SPECTRAL/ SPLINE COLLOCATION METHODS FOR THE SOLUTION OF SOME DIFFERENTIAL EQUATIONS (PDEs /	Attia,Mohamed Ahmed Ibrahim	Mohamed Ahmed Ibrahim Attia ,	South Valley Univer sity :	2004 .	IN THIS THESIS WE PRESENT A MIXED SPECTRAL / SPLINE APPROACH TO SOLVE THE GENERALIZED BUGER'S EQUATION AND THE KORTEWEG DE VRIES EQUATION.the method is based on an ultraspherical spectral approximation in combination with 4-point spline collocation methods .		
2809	9560147		A suggested program for developing basic critical reading skills necessary for English majors in the Faculty of Education and its effect on their critical thinking skills /	Mahrn, Yasmin El-Sayed Kamil Mohamed.	Yasmin El-Sayed Kamil Mohamed Mahrn ,	Aswan :	2006 .	The research amied at the following :Identifying the basic critical reading skills necessary for frist year english majors in faculty of education.		

2810	9560206	CONTROLLABILITY FOR SINGULAR SYSTEMS IN HIBERT SPACES /	RAMADAN,AYMAN KHALF ALLAH MOHAMED	AYMAN KHALF ALLAH MOHAMED RAMADAN ,	South Valley Univer sity :	2005 .	this thesis contains four chapters,the target of them is them is an important coverage for some basic concepts of control theory such also controllability,observability, assignability and other concepts,also we study the relation between them.our study is concentrating on the singular control system,and this study is given in two different cases, when the state spaces and the control spaces are finite and infinite dimensional space		
2811	9560374	STUDYING OF THE HAMILTONIAN AND FINDING THE SOLITON SOLUTIONS FOR SOME NONLINEAR MODELS /	El-Boree,Mohammed kalafallah	Mohammed kalafallah El-Boree ,	South Valley Univer sity :	2005 .	In this thesis we generate new integrable systems from classically integrable system by using bi-Hamiltonian formulation from classical equations and found N-soliton and studied the stability for the periodic solutions for some nonlinear models .		
2812	9560479	ON SOLUTIONS OF SOME PROBLEMS IN FRACTIONAL DIFFERENTIAL EQUATIONS /	Mahmood,Hala Mohamed Bakry	Hala Mohamed Bakry Mahmood ,	South Valley Univer sity :	2005 .	استهدفت هذه الرسالة حلول بعض المعادلات التفاضلية ذات الرتب الكسرية والتي تمثل بعض الظواهر الفيزيائية مثل معادلة بيرجس ومعادلة كورت وج دي فريز ومعادلة بيرجس-كورت وج دي فريز		
2813	9560528	Flight activity of nocturnal neuroptera as indicated by two light traps at two different areas in Qena Governorate Egypt /	Nour, Ahmed Mohammed Ahmed.	Ahmed Mohammed Ahmed Nour ,	Qena :	1996 .	The aim of the work it should be pointed out that very little is known about the flight activity of Neuroptera in various parts of the world .Moreover Upper Egypt (Qena),in particular no work on the flight activity of Neuroptera has been done, there fore,it was the aim of present work to carry out astudy on the flight activity of Neuroptera seasonal fluctuations ,effect of weather factors and moon light at two different areas (farm and desert areas).		
2814	9560665	Seismic waves study and its application for determination of the earthquake parameters at South -East Egypt /	Mohamed, Mohamed El Amin	Mohamed El Amin Mohamed ,	Aswan :	1995 .	Since problems of wave propagation play an important role in seismology especially in determination of erthquake parameters,the pressent study concerned with some characteristics of wave motion and seismic waves.		
2815	9561439	Clinical and some hormonal studies in infants and children with chronic renal diseases /	Shalaby, Hatem Moussa Abudaif.	Hatem Moussa Abudaif Shalaby ,	Sohag :	2004 .	The aim of this study is to identify the clinical profile of chronic renal diseases in children in Upper Egypt. To assess the anthropometry of pediatric patients chronic renal diseases.		
2816	9561568	Geology,petrologyand prdioactivity of Gabal El-Urf area,central Eastern desert,Egypt /	Abdel Ghani, Ismail Mohamed Mahmoud.	Ismail Mohamed Mahmoud Abdel Ghani ,	Sohag :	2000 .	Gabal El-Urf area lies between latitudes 26 35 and 26 51'47" Nand longitudes 33 10 45" E.The rock unites that exposed in the area are metavolcanics (oldest),older granitoids (GI GRANITE),dOKHAN volcanics,Hammamat sediments,younger gabbros,younger granites (GII&GIIIGRANITES)AND POST granitic dykes(youngest).		
2817	9561659	pool film boling heat transfer from horizontal surfaces to saturated liquids	messiha,richard jean michel	richard jean michel messiha:	cairo-	1988 .	a theoretical study was carried out to solve the governing equations for conservation of mass,mommentum,and energy in the boundary layers of the vapour and saturated liquid during pool film boling around an isothermal horizontal cylinder.		
2818	9561880	Expression of lymphoid associated antigens on blasts of acute myeloid leukemia /	Ahmed, Hydi Ahmed Mohamed	Hydi Ahmed Mohamed Ahmed ,	Sohag :	2005 .	The aim of this study presence of lymphoid antigen expression in AML cases to detect the line of origin and stage of differentiation;to dectermine whether the defect in AML cases originates from progenitor cells or at a later stage of development throught estimation of CD34;detect DNA aneuploidy;and finally to try to correlate the impact of these parameters on the response to treatment during induction therapy.		
2819	9562181	STUDIES ON FABA BEAN(VICIA FABA L.)BREEDING	el-refaey,ramadan ali ahmed	ramadan ali ahmed el-refaey:	KAFR EL-SHEIK H+	1987 .	the purpose of this study was to determine the results of cross-ing some european and egyptiam fabe beans.		
2820	9562382	Refinment of photographs obtained from ultrasonic instruments by an oscilloscope camera /	Wishahy, Zeinab Abdel Ghanny.	Faculty of Engineering,Cairo University	Cairo :	1985 .	The ultrasonic equipments permit to obtain atwo dimenc-sional display of a cross section of the body through which the ultrasonic waves are propagated.		
2821	9562458	physiological and ecological studies on the genus trichoderma in egyptian soil	shapan,gehan mohmed mohamed	gehan mohmed mohamed shapan:	minia.	1986 .	minety-four species,other than those of trichoderma,which belong to forty genera were isolated and identi-fied on glucose czapek s agar medium		
2822	9562632	synthesis of certain phthalazine derivatives of pharmaceutical interest	el feky,said ahmed hussein	said ahmed hussein el feky:	zagazi g.	1987 .	the experimental results attained are critically discussed with special fous on spectrol analyses and aplausible intrpretion is advanced in each case.		
2823	9563046	SYNTHESIS OF POL YFUNCTIONALLY SUBSTITUTED AZINES	mousa , ibrahim abdel-motaleb abdel-motaleb	ibrahim abdel-motaleb abdel-motale bmousa	QENA.	2006	Acetoacetanilide in heterocyclic synthesis, part(1),An expeditious Synthesis of thieno(2,3-b) pyridines and other fused derivatives.		
2824	9563264	Ecological studies on aquatic hemiptera collected from Qena and Aswan governorates and their ecosystem relationships /	Osman, Khalid Saied Mohammed.	Khalid Saied Mohammed Osman	Qena:				
2825	9563665	The problem of bacterial respiratory diseases in rabbits/	Hatem abd el-razek ali			1991 .	Rabbits play an important role in solving the problem of (portein shortage) in egypt.		
2826	9563743	Anatomical and histological studies on the placenta of rabbit/	Abdel naeem,mahmoud mohamed mahmoud.			1992 .	This work was carried out on the placenta of nativa rabbit at different stages of gestation period.		
2827	9564054	STUDIES ON SOME HETEROCYCLIC COMPOUNDS	el-hawaty,waliel khairy el-sayed	waliel khairy el-sayed el-hawaty:	ASWA N+	2007	thiazole and there substituted derivatives are found in awide variety of medicinally important compounds.		
2828	9564183	دراسة تحليلية لإقتصاديات العمل البشرى الزراعى فى إطار الخطط الخمسية /	شباره ,محمد هانى مصطفى .	جامعة الأزهر ، القاهرة :		1987 .	يهدف البحث إلى التعرف على نتائج خطط التنمية الاقتصادية والاجتماعية فى جمهورية مصر العربية خلال الفترة 1991/90-1961/60 وأهم المتغيرات المؤثرة على المعاله الزراعية خلال فترات الخطط والفترة الزمنية التى لم تكن بها خطط(1965-1982)مع مقارنة النتائج المتحققة والمتعلقة بالمعاله الزراعية بالأهداف خلال تلك الفترة،كما يهدف البحث إلى محاولة دراسة وعمل توقعات إقتصادية لكل من المحددات المؤثرة على المعاله الزراعية فى مصرحتى عام 2000.		
2829	9564384	تطوير إدارة المدرسة الثانوية الزراعية فى ضوء مفهوم الإدارة بالتحوال/	أحمد ، سيد أحمد عبد الجليل	سيد أحمد عبد الجليل أحمد،	اسوان:	2004 .	1- أهدافها-هيكلها-مطلبياتها-العوامل المؤثرة عليها-مشكلاتها(التعرف على واقع إدارة المدرسة الزراعية فى مصر من حيث التعرف على مفهوم الإدارة بالتحوال وإجراءاتها ومميزاتها-2- محاولة تقديم توصيات وتطور مقترح لتطوير إدارة المدرسة الثانوية الزراعية فى ضوء مفهوم الإدارة بالتحوال-3		
2830	9564497	أثر استخدام استراتيجيه التعلم للإتقان فى تدريس النصوص الأدبية على تنمية بعض مهارات التذوق الأدبي لدى تلاميذ الصف الثانى الإعدادي/	على،رقية محمود أحمد	رقية محمودأحمد على،	اقنا:	2003 .	1-تستمد الدراسة الحالية أهميتها من: تحديد مهارات التذوق الأدبي لتلاميذ الصف الثانى الإعدادى مما يقيد معلمى اللغة العربية وواضعى المناهج لهذه المرحلة-1- فى التعرف على مهارات التذوق الأدبي ومراعاتها عند وضع منهج الصف الثانى الإعدادى وتدريبه		
							هدف البحث،التالى:		

			استخدام دورة التعلم في تدريس بعض المفاهيم الرياضية وأثرها على التحصيل المعرفي وبقاء أثر التعلم وتنمية ميول تلاميذ الصف الرابع الابتدائي نحو الرياضيات/	رضوان، بصري أبو الفتوح	صبرى ابو الفتوح رضوان،	سوهاج :	2004 .	الارتفاع بمستوى تحصيل تلاميذ الصف الرابع الابتدائي في وحدتي الكسور الاعيادية والهندسة واحتفاظهم بالمادة المتعلمة لمدة أطول وتنمية ميولهم نحو الرياضيات وتحقيق هذا الهدف تم وحدتين في الكسور الاعيادية والهندسة باستخدام دورة التعلم
2831	9564607		الأيونات في كتائن محافظتي سوهاج وقنا في القرنين الثامن عشر والتاسع عشر الميلاديين /	رثوان ، سلمى محمد على أحمد	سلمى محمد علي أحمد	قنا :	2006	موضوع الدراسة قصة ميلاد السيد المسيح وتمثلها اللوحتان (1و2) والصورتان (1و2) الذي ولد من عزرا اسمها ملاريم من مدينة الناصرة إحدى مدن الجليل بظلسطين
								أهداف الدراسة
2833	9564777		مزروق ، سهى محمود أحمد	مكى	سهى محمد أحمد مكي مزروق،	سوهاج :	2002 .	دراسة وإفية ومتكاملة عن حقل القرايين السماوي حيث تعددت أنواع حقول القرايين فمنها النديوية والسماوية ومنها قرايين ر ع حقل قرايين حنحور،حقل قرايين أوزير،حقل قرايين حناب أو حقل القرايينوهذه التسمية الأخيرة هي الأكثر شيوعا والأكثر استمرارا وثباتا في الظهور حتى نهاية الحضارة المصرية القديمة.
								تتناول الرسالة التي نحن بصدها أحد الفترات العصبية التي مر بها الإمبراطورية البيزنطية في القرنين الثاني عشر والثالث عشر الميلاديين وتعنى بذلك حكم أسرة أنجيلوس (1185-1204م)حتى سقوط القسطنطينية في أيدي اللاتين عام 1204م .
2834	9564783		Enzymatic studies on surface flora and its applications for the acceleration \of domiati cheese ripening	El sissi,mohsen gamal El-din mohamed.	Al-azhar university.faculty of agriculture ,	cairo :	1994 .	The objective of this study is to illustrate the function and importance of the proteolytic surface bacterial enzymes in order to apply anew approach of acceleration for domiati chesse ripening
2835	9564786							أهمية الدراسة
2836	9564973		قراءة القصص المسلسلة وأثرها على قيم الأطفال	أحمد، وفاء علي عبد الرحيم	وفاء علي عبدالرحيم أحمد	سوهاج	2001	أن دراسة القيم في أى مجتمع من المجتمعات إنما تلقى الضوء على جانب هام من الجوانب المحددة لشخصية هذا المجتمع وثقافته وأيدولوجيته وأن دراسة وتحليل القصص المسلسلة الخاصة بالطفل في المجتمع المصرى له أهمية كبيرة في توضيح جانب هام من الجوانب الثقافة المصرية
2837	9565101		النشاط الإقتصادى في بلاد الشام في القرون الثلاثة الأولى للهجرة	عبدالماجد سامية سلامة بدرى	سامية سلامة بدرى عبد الماجد	قنا:	2006	دراسة النواحي الاقتصادية بوصفها ركنا هاما من أركان الحضارة الإسلامية ولا تقل أهمية عن دراسة الجوانب السياسية الكشف عن اتجاهات الشباب الجامعى نحو الموضوعات المثارة عن قضايا الجريمة بصفحة الحوادث بالصحف المصرية وقياس جمهور صفحة الحوادث المصرية لدى الشباب الجامعى ومعرفة التصورات الصحفية المثارة بصفحة الحوادث واختيار أثر المتغيرات الديموجرافية على نجاح صفحة الحوادث.
2838	9565322		تأثير التعرض لصفحة الحوادث بالصحف المصرية على إدراك قضايا الجريمة"دراسة تحليلية وميدانية	محمد، حنان عبدالوهاب عبدالحميد .	حنان عبدالوهاب عبدالحميد محمد ،	قنا :	2006 .	استهدفت الرسالة توضيح حقيقة وأبعاد الغزو الفكرى وبيان أشكاله وأساليبه وأهدافه ومدى خطورته على المجتمع خاصة فى ظل المتغيرات الراحنة وإلقاء الضوء على العوامل التى أدت الى تعرض المجتمع المصرى لكافة أشكال الغزو وبيان كيفية مواجهته ،وإبراز أهم الخصائص التى تتميز بها الشخصية القومية المصرية حتى يمكن إعدادهاء وتربيتها بالشكل الذى يجعلها قادرة على التصدى لأى فكر غازى .

2855	9568342		Blood biochemical values in pneumatic Suckling calves as indicators for diagnosis treatment/	Komy,saadia rady.			1991 .	Atotal number of 112 friesland calves from birth to four 4 months old were included in this investigation.		
2856	9569011		EFFECT OF DIFFERENT PHYSICAL VARIABLES ON GAMMA CAMERA TOMOGRAPHIC PERFORMANCE	abd alla,aly g	DEPARTMENT OF PHYSICAL,FACULTY OF SCIENCE,SOUTH VALLEY UNIVERSITY	ASWAN	2006 .	singl photon emission computed tomography(spect)is atechnipue for studing the biodistribution radioactive tracers introduced into the body,and provides high-contrast three-dimensional images.		
2857	9569099		STUDIES ON THE ELECTROVHEMICAL BEHAVIOR OF ZN-NI-CO ALLOY IN DIFFERENT MEDIA.	abd el-aal matter,emad abd el-mwla	emad abd el-mwla abd el-aal matter:	QENA	2007 .	the electroplating of ternary zn-ni-co ALLOY has been utilized for the highly corrosion-resistant coating of steel and thier good mechanical properties,for such applications.		
2858	9569119		Synthesis and studies on some Heterocyclic compounds /	El Azab, Islam Helmy.	Islam Helmy El Azab ,	Aswan	2006 .	This thesis amied to prepare new heterocyclic compounds.which might have pharmaceutical effect. in its two parts.the thesis presents mild and efficient one-step synthetic route to prepare polysubstituted pyrazole.		
2859	9569505		DEVELOPMENT OF NEUROMUSULAR SPINDLES OF EXTRAOCULAR MUSCLES IN ALBINO RAT HISTOLOGICAL&ELECTRON MICROSCOPIC STUDY	abd el-rahim,azza sayed	azza sayed abd el-rahim:	CAIRO	2002 .	the aim of this work is to throw a light on the normal development of muscle spindles in extraocular muscles of albino rat and thier postnatal matuuration into functional receptors.		
2860	9569689		On fuzzy topological spaces /	Abd El- Rahman, Abd El-Nasser Ghareeb.	Abd El-Nasser Ghareeb Abd El-Rahman ,	Qena	2007 .	Zadeh(1956),introduced the fundamental concept of fuzzy sets which formed the backbone of fuzzy mathematics.Since the concept of fuzzy sets corresponds with the physical situation in which there is no precisely defined criterion for membership fuzzy sets are having useful and increasing applications in various fields including probability theory ,information theory and pattern recognition.		
2861	9569712		STUDIES ON USING GENETIC ALGORITHMS FOR SOLVING OPTIMAL COMPUTER NETWPRK DESIGN PROBLEMS WITH FUZZY GOALS	hassan,moatamad refaat	moatamad refaat hassan:	ASWAN	2006 .	the aims of the present work are to solve the problem of optimizing computer network topology subject to reliability,cost,transmission delay and throughput constraints by using genetic algorithms and fuzzy optimization.		
2862	9570202		Studies on Keratinophilic Fungi of South Valley University,Egypt /	Mahmoud, Mohamed Ahmed Hussein.	Mohamed Ahmed Hussein Mahmoud ,	Qena	2007 .	The aims of the present investigation the distribution,occurrence and numbers of Keratinophilic fungi inhabiting dusts of student houses at south Valley University.seasonal fluctuations of floor dust fung in boys house No.2 at El-Kenose.		
2863	9570290		Chromosomal analysis on group of Birds in Egypt /	Mar'ie, Zeinab Abd El-Khaleq.	Zeinab Abd El-Khaleq Mar'ie ,	Qena	2007 .	A total of fourteen species of birds belonging to six orders were studied cytogenetically .the results of chromosomal analysis were compared with those obtained from the classical methods in taxonomy using ecological,morphological and anatomical characters.		
2864	9570465		Gill affections in catfish (clarias gariepinus)in Qena-Egypt /	Emeish, Walaa Fathy Ali.	Walaa Fathy Ali Emeish ,	Qena	2006 .	Includes Abstract.		
2865	9570692		Evaluation of some surgical safeguard methods following massive small bowel resection in rabbits/	Semieka,mohamed mohamed abdel rhaman			1990 .	This study was carried out on forty clinically healthy male boskat rabbits.		
2866	9572132		GENESIS AND MINERALOGY OF PEGMATITIC ROCKS IN EL-HUDI AND UM HIBAL AREAS SOUTHEASTERN DESERT EGYPT	ALY,MAHMOUD ALY FAHMY	MAHMOUD ALY FAHMYALY	ASWAN	2007	THE GEOLOGICAL MINERALOGICAL AND GEOCHEMICAL STUDIES OF THE PEGAMATITIC ROCKS IN EL-HUDI AND UM HIBAL AREAS SOUTHEASTERN DESERT EGYPT ARE THE MAIN TARGET OF THE PRESENT THESIS		
2867	9572199		SOME STUDIES ON MARKER OF ENDOTHELIAL CELL DAMAGE CYTOKINES AND HAEMOSTATIC ABNORMALITIES IN PSORIASIS	FAYED,HANAN MAHMOUD ABDEL-LATIF	HANAN MAHMOUD ABDEL-LATIF FAYED	SOHAG	2005	ASSESS SERUM LEVELS OF THE PROINFLAMMATORY CYTOKINE T NF-A AND ANTI-INFLAMMATORY CYTOKINE IL-10		
2868	9573997		IMMUNOBIOLOGICAL STUDIES ON THE FAMILY SCHISTOSOMATIDAE	SALEH,NAGLAA MOUSTAFA KAMEL	ZOOLOGY DEPARTMENT,FACULTY OF SCIENCE,SOUTH VALLEY	ASWAN	2005 .	aim of the present work was to find: 1-the prevailing human species of schistosoma and its rate of infection in out patients from aswan hospital especially those at risk of infection		
2869	9574174		POSTMORTEM DETECTION OF SOME TRAVQUILIZING DRUGS IN DIFFERENT TISSUES OF EZPERIMENTAL ANIMALS	hilal,maha abdel hamid	maha abdel hamid hilal:	SOHAG	1996 .	they are widely used in many medications as antiemetics,sedatives,psychotropic agents and in preanaesthetic medication .		
2870	9574510		Geological and Radiometric investigations of Abu-Brush Area,southeastern Desert,Egypt	Ahmed,Abu-Alfetouh Abd-Elraouf	Abu-Alfetouh Abd-Elraouf Ahmed	Aswan	1995	The Present work deals with the geologic mapping stuctural analysis petrographical and petrochemical investigations of the granitoid rocks in Abu Brush area to solve problems of magma types and tectonic settings as well as field relations with the different country rocks		
2871	9575119		PHYSICAL PROPERTIES OF cdS SINGLE CRYSTAL	el-desoky,nagwa ahmed	nagwa ahmed el-desouky	ASWAN	1995	the main objective of this project was to measure the physical properties of acdSingle crystal.the study greatly added to our understanding of charge carrier transport in this material. the layout of this thesis is as follows: 1-in chapter one literature survey are included.		
2872	9575123		Synthesis of some heterocyclic compounds as antimicrobial agents /	Ibrahim, Rawia Ragab	Rawia Ragab Ibrahim	Qena	2005 .	In the continuous struggle against the harmful microorganisms in the surrounding environment,we were motivated to prepare some new heterocyclic compounds which may be of diverse biological effect on these microorganisms.		
2873	9575147		THE IMAGERY OF ANTHONY THWAITE WITHIN THE CONTEXT OF THE MOVEMENT	aly,mohamed saied ahmed	ENGLISH DEPARTMENT,FACULTY OF ARTS,SOUTH VALLEY UNIVERSITY	CAIRO	1999	IN SUMMARY,it is evident that movment poetry exists as a unique phase of british literary history,and that it represents adistinct counter-current to the prevailing poetic tides which characterized the late 1940s and early 1950s,as well as agreat deal of poetry written in the new-romantic mode throughout the 1950s.		
2874	9575151		Studies on the electrochemical behaviour of some metallic alloys in Aqueous solutions /	Zaky, Ayman Mohammed.	Ayman Mohammed Zaky ,	Qena	2000 .	The work in thesis is amied at studying the electrochemical and corrosion behaviour of some metals and alloys.		
2875	9575303		Concentration of lanthanides and actinides present in sibaiya phosphate ores ,their separation and determination/	Taie,Khaled Mohamed Mohamed	Department of Chemistry,Faculty of Science,South Valley University	Aswan	2001	THE PURPOSE OF THE PRESENT STUDY IS TO CONCENTRATE OF LANTHANIDE AND ACTINIDES PRESENT IN SIBAIYA PHOSPHATE ORES(HIGH AND LOW GRADES)USING DODECYLAMINE,BENZYLAMINE,TRIETHYLAMINE AND DIETHYLAMINE AS FLOTATION COLLECTORS .		

2876	9575763	"comparative karyological studies of some species of birds in egypt."	ibrahim,ali hussien abu almaaty	ali hussien abu almaaty ibrahim:	egypt.	2006 .	thirty-one species of birds representing ten orders of class aves,which were collected from eight sites on the mediterranean sea coast and lake manzala,were morphologically and cytogenetically studied.		
2877	9575787	Geomorphological and sedimentological studies on pliocene-aternary alluvial fans, south marsa alam, red sea, egypt	Ahmed Abu el haggag nasr el deen	Abu el haggag nasr el deen Ahmed	Qena	2001	This study was concerned with hydrogeochemistry of groundwater of wadi gemal basin and evaluation of water for different purposes (drinking,domestic,livestock and irrigation)		
2878	9575819	Characterization of fibrous materials by two and multiple-beam interferometry /	Yassein, Khaled Mohamed.	Khaled Mohamed Yassein	Aswan	2005 .	In this work two-beam,multiple-beam and manual variable wavelength(V A W)interferometric techniques are applied to study the dispersion properties and structure deformation of polymer fibres.		
2879	9575906	Morphological and cytogenetical variations in the ecological populations of acacia species in egypt	Shaheen Abdel-samai moustfa	Abdel-samai moustfa Shaheen	Assuit	1995	My goal is the study of the egyptian species of the Acacia Two aspects are given particular attention: 1- Patterns of variation within species 2- The detailed relationships between the Acacia species in egypt and also the relationships between these species and some members of the various subgeneric groups represented in australia		
2880	9576058	Electrodeposition of Zinc-Nickel alloys in sulfate baths /	Ahmed, Arafat Ahmed Toghan.	Arafat Ahmed Toghan Ahmed	Qena	2004 .	The aim of this work was to investigate the effect of NISO4and H2SO4 concentrations ,deposition time,different current density,H3BO and NA2SO4 concentrations,and repetitive cycling on the alloy composition and its dissolution resistance.		
2881	9576093	Evaluation of laparoscopic inguinal hernia repair	Mostafa, hussein Ali	Hussein Ali Mostafa	QENA	1998	The surgical treatment of groin hernias continues to undergo technical modifications and the introduction of minimally invasive surgery had added a new possible dimension		
2882	9576313	THE PREDICAMENT OF MODERN MAN IN THE MAJOR NOVELS OF GRAHAM GREENE	al-refae,abeer abd alla mohammed		QENA	2000 .	the present study aims at tracking out the predicament of modern man as represented in some selected major novels of graham green.		
2883	9576399	Some normal respiratory values in the population of Sohag city in relation to different age groups /	EI-Alaf, Hassan Mohamed.	Hassan Mohame EI-Alaf	Sohag	2005 .	The need of this study has been developed from the lack of normative values of pulmonary function among sohag city individuals. this study aims to:Establish the spirometric valuse for normal healthy adult subjects in Sohag city.		
2884	9576534	Chemical study on the aqueous environment for some bights at high dam lake	mahmoud , Eman Mohamed fawzy	Eman Mohamed fawzy mahmoud	Aswan	2004	The natural environment is distinguished by strict balance between plant animal and between water and air		
2885	9576582	pharmacognostisal study of certain cucurbitacin-containing plants	abd el-rahman,hosny abd el-fattah	hosny abd el-fattah abd el-rahman:	mansoura-	1986 .	the cucurbitacins are spical group of tetracyclic triter-pene and were isolated from several member		
2886	9576633	Taxonomical and ecological studies on freshwater fleas (crustacea) in qena governorate	Mahmoud ,Amal Ahmed	Amal Ahmed Mahmoud	QENA	1995	The cladoceran species constitute an important group of crustacean zooplankton they are small mostly microscopic animals with size ranging from about 0.2 to 3.0 mm or even more		
2887	9576727	SOME STUDIES ON RUMEN PROTOZOAN FAUNA OF DOMESTICATED ANIMALS /	OMAR,NADIA IBRAHIM MOHAMED AHMED	NADIA IBRAHIM MOHAMED AHMED OMAR ,	SOUTH VALLEY UNIVERSITY	2003 .	In study was based on rumen protozen fauna of domesticated animals(cattle,sheep and buffaloes) for the first time in Qena Governorate. In this survey the morphology and taxonomy of the holotrichs and the entodiniomorphs were studied. The holotrichs possess cilia over the entire body surface. The entodiniomorphs lack the abundant cilia covering the surface of the holotrichs, but have evolved the highly specialized bands of syncilia which function both in locomotion and food ingestion		
2888	9576728	Gill affections in Catfish (Clarias gariepinus)in Qena-Egypt /	Emeish,Walaa Fathy Ali.	Walaa Fathy Ali Emeish ,	Qena	2006 .	The present study was carried out on 144 fish (12fish/month)from Clarias gariepinus of different weight.Fhish collected randomly from the River Naile tributaries at different localities in Qena Governorate within one year.		
2889	9576836	P53,BCI-2 AND EGFR IN EPITHELIAL OVATIAN CARCINOMA.	elnashar,afaf taha ebrahim	afaf taha ebrahim elnashar:	SOHAG	2004 .	OUR AIM IN THIS STUDY IS: 1-TO USE ACOMBINATION OF SELECTED SPECIFIC MOLECULAR MARKERS		
2890	9577427	Ecological studies on aquatic hemiptera collected from Qena and Aswan governorates and their ecosystem relationships/	Osman,Khalid Saied Mohammed.	Khalid Saied Mohammed Osman ,	Qena	2001 .	The main aim of present work is to study the reaction of aqatic hemipterans with their ambient ecosystems and to study the relationships between the Hemiptera and the other organisms.		
2891	9577510	Study of results of cemented and non cemented prosthetic replacement in the treatment of fracture neck femur	Refai, hisham hamed mohamed	Hisham hamed mohamed Refai	Assiut	1999	THE AIM OF THIS WORK IS STUDY THE RESULTS OF TREATMENT OF NECK FRACTURES IN THE ELDERLY BY CEMENTED AND UNCEMENTED HEMIARTHROPLASTY AND TO COMPARE OUR RESULTS WITH THOSE OF OTHER AUTHORS		
2892	9577524	Use of laparoscopy in management of renal parenchymal tumors in adults /	Moursy,Essam El-Din Salem.	Essam El-Din Salem Moursy	Sohag	2003 .	The aim of this work is to assessthe feasibility to use laparoscopic surgery to manage adult patients diagnosed with renal parenchymal tumors of different stages and different tumor sizes with evaluation of the minimally invasive advntages and the oncologic outcome of this treatment modality.		
2893	9577715	The quantum correction to the virial coefficients of fluids with square-well potential in arbitrary dimensions	yahya,abdel-azim abdel-hady	Abdel-azim abdel-hady yahya	sohag:	1996	we obtain the first two quantum corrections to the second virial coefficient of arbitrary dimensionality valid for all values of well width the results of this are in good agreement with the results of sinha and singh		
2894	9577740	Interactive effects of some vitamins and salinity on some broad bean lines/	Mahgoub,Mohamed Mahgoub Azooz.	Mohamed Mahgoub Azooz Mahgoub	Qena	1997 .	The objective of the present investigation was carried out to study the physiological responses of three broad bean lines,900-3,67 and 13 to various levels of salinity and some related physiological activities of these lines.		
2895	9578076	TOXICITY OF SOME HEAVY METALS TO ISOLATED GENUS PSEUDOMONAS ISOLATED FROM SOHAG GOVERNORATE AND STUDIES ON THE BEHAVIORAL RESPONSE OF RESISTANT AND SENSITIVE ONE PSEUDOMONAS AERUGINOSA SOH.22 TO CADMIUM STRESS	Mohamed,rehab mustafa	rehab mustafa mohamed	SOHAG	2005	ISOLATION OF RESISTANT PSEUDOMONAS SPP TO DIFFERENT HEAVY METALS (CD ZN AND PB) FROM CONTAMINANT SITES AT SOHAG DISTRICT		
2896	9578082	Phytochemical studies of some plants /	Mohamed,Abou-El-Hamd Hassan.	Abou-El-Hamd Hassan Mohamed	Aswan	2002 .	The present study was conducted with the primary objective of further searching of naturally occurring substances on some plants.		
			ABD EL-				THE AIMES OF THIS STUDY ARE :		

2897	9578297		ASSESSMENT OF THE SCHOOL HEALTH PROGRAM IN SOHAG DISTRICT	RAHEEM,NAGAH MOHAMMED ABO	NAGAH MOHAMMED ABO ELFETOH ABD EL-RAHEEM	SOHA G:	2004	TO ASSESS THE NEW SYSTEM OF HEALTH INSURANCE SERVICES FOR STUDENTS IN SOHAG DISTRICT AS REGARD PHYSICAL MORBIDITY		
2898	9578512		case mix defintion by diagnosis -related croups in some general hospital in alexandria	shehata,abdalla ebrahim ahmed	Abdalla ebrahim Shehata ahmed	alexan dria:	1985	the major function of a hospital as an acute -care inpatient facility is to provide the diagnostic and therapeutic services required by physicaians in the clinical manaeament of their patients		
2899	9578634		Recent prospective and trends in chemistry of some novel photosensitizer`s Heterocyclic dyes /	Hassan, Naglaa Salah El-Deen Mohamed.	Naglaa Salah El-Deen Mohame Hassand ,	Aswan :	2004 .	It is of interesting to improve the preparation and shed some light upon facile synthetic process of some new N-bridge head heteropolycyclic ylide salt and or heterocyclic metal chelate without using quaternary reagents.		
2900	9578956		Role of aminoguanidine,gadolinium chloride and oleanolic acid in the protection against chemically-induced hepatic and renal damage	ALI,faten mohamed omran	Faten mohamed omran ALI	ASSIU T	2003	Paracetamol (Acetaminophen) is a widely used analgesic and antipyretic drug since 1946 it has been available over the counter in most countries since the late fifties (Meredith and goulding,1980)		
2901	9578979		Biodiversity of fungl in subtropical mangroves/	Abdel- Wahab,Mohamed Ahmed.	Mohamed Ahmed Abdel-Wahab	Sohag	2000	This investigation have been carried out to study several aspects of ecology and taxonomy of subtropical mangrove fungi in Hong Kong and Egypt.		
2902	9579026		TAXONOMICAL AND ECOLOGICAL STUDIES ON FRESHWATER OSTRACODS AT QENA GOVERNORATE,UPPER EGYPT /	ABO-GABL, HEBA MOHAMED FANGARY	HEBA MOHAMED FANGARY ABO-GABL ,	SOUT H VALLE Y UNIVE RSITY :	2003 .	تعتبر القشريات الصدفية (الأوستراكودا) طائفة من القشريات الصغيرة التي تقطن البيئات المائية المختلفة مثل البحار والمحيطات والأنهار والبحيرات والبرك والمستنقعات والنباتات الحارة وتعتبر الأستراكودا مكوناً مهماً من مكونات السلسلة الغذائية في البيئة المائية وبعض أنواعها تمثل العوامل المتوسطة لبعض الطفيليات التي تتطفل على الأسماك		
2903	9579394		PHYSIOLOGICAL STUDIES ON THE EFFECT OF TETRADOTOXIN EXTRACTED FROM PUFFER FISHES IN THE RED SEA (EGYPT)ON RATS /	MOHAMED,MOHAM ED ABDEL- SATTAR	MOHAMED ABDEL-SATTAR MOHAMED ,	SOUT H VALLE Y UNIVE RSITY :	2002 .	THIS STUDY WAS BASED ON THE EXAMINATION OF THE EFFECT OF TETRODOTOXIN EXTRACTED FROM THE OVARY(TTXI)AND THE LIVER(TTX2)OF PUFFER FISH,AROTHRON NISPIDUS,ON THE KIDNEY AND LIVER FUNCTIONS,BLOOD COMPONENTS,CARBOHYDRATE CONTENT AND HISTOLOGY OF LIVER TISSUE		
2904	9579429		Biostratigraphic studies on the miocene succession of the red sea basin-egypt	Tammam, Mohamed Ahmed	Ahmed Mohamed Tammam	SOHA G	1996	The red sea extends in northwestern direction from the narrow strait of beb el-mandab at its southern end to the southern tip of sinai peninsula		
2905	9580459		Analytical studies on some heavy metal ions in drinking water at qena city	Embaby,Gamal taky araby	Gamal taky araby Embaby	Qena	2000	The people at Qena city mainly using two sources of drinking water (river Nile and underground water sources)		
2906	9580506		THE supernatural element in the poetry of samuel taylor coleridge	EL-kady, thana abd-el rahim	Thana abd-el rahim elKady	Assiut	1987	this thesis endeavours to make an in-depth analysis of the concept of the supernatural elements in the poetry of samuel taylor coleridge		
2907	9580586		MICROSTRUCTURE AND PROPERTIES OF TIG-WELDED JIONTS OF FULL-AUSTENITIC STEEL USING IMPULSE TRANSISTOR TECHNIQUE	ABU-AESH, MOHAMED A.H.IBRAHIM	Mohamed A.H. ibrahim Abu-Aesh	AIN SHAM S:	1988	THIS WORK AIMS AT DETERMINING THE EFFECT OF THE PROCESS PULSE PARAMETERS SUCH AS FREQUENCY AND TIME RATIO ON VARIOUS WELDING RESPONSES		
2908	9580636		STRIPPING VOLTAMMETRIC DETERMINATION OF SOME METAL INOS IN RED SEA ECOSYSTEM EGYPT /	RADWAN, GAMAL TAKY ARABY EMBABY	GAMAL TAKY ARABY EMBABY RADWAN	QENA :	2005	THE WORK IS TO STUDY THE SUITABLE CONDITION FOR THE EXTRACTION AND DIGESTIONS OF THE HEAVY METALS FOR THE AQUATIC CONTENTS

2915	9592089		Search for micro organisms of public healthi hazard in locally manufactured cheese/	El mail,laila moustafa.			1993 .	102 Random samples of fresh damietta,stored damietta stored pickled kareish cheese and processed cheese.		

2916	9596611	Evaluation of different diagnostic methods for mycoplasma gallisepticum in chicken/	Shreat,Nabila Mahmoud Mohamed Osman Shreat.			2004 .	Avian mycoplasmosis caused by mycoplasma gallisepticum one of the most dangerous diseases effecting poultry.		
2917	9596621	Peripubertal ovarian changes in buffaloes as monitored by hormonal profiles thesis/	Morsy,atif abdel baset.			1992 .	The present study was planned to reveal certain events about early peripubertal ovarian changes in buffalo-heifers.		
2918	9597143	Blood picture,liver and kideny function teses of cows grazing at possible lead contaminated areas/	Abdel raheem,fatma el zagraa mohamed mustafa.			2002 .	The present study constituted sixty cattle,two months to four years old of both sexes.		
2919	9597168	Selenium ,vitamin a and in dry and mastitic lactating cows and buffaloes/	Awad,nehal makram			1998 .	Atotal number of 118 dairy cows and buffaloes aged between2-9 years were examined during the period from june 1996-december 1996 at same farms in sohag governorate for mastitis using c.m.t.		
2920	9597174	Some parasitological and immunological studies on parasites of chickens/	Sayed,Gehan Mahammed.			1996 .	The present study on some parasitic infestation among chickens in assiut governorate, revealed that the incidence of helminths was 36.85% .		
2921	9597176	Histomorphological changes in the ovary of chicken/	Abdel haseeb,shaheera mohamed rashad.			1989 .	The present investigation was carried out to study the post-hatchary developmental changes in the ovary of chickens.		
2922	9597183	Studies of maternal behaviour of upper egypt ewes/	Ghareeb,khaled mohammed sayed ahmed.			1998 .	maternal behaviour in eight selected pregnant ossimi ewes was studied		
2923	9597665	preeding studies on some floricultural and ornamental plants.	Aly,gehan gaber mostafa	Alexandria university +	Alexan dria:	2000 .	interspecific hybridization between different variation of snapdragon was carried out to produce new patterns of flower characters diallel cross analysis was used to study and determine the ganetic system controlling flower colour and also type of geneaction for different quantitative.		
2924	9597713	EFFECT OF DIETARY POLYUNSATURATED FATTY ACIDS ON IMMUNETY RESPONSES OF BROILER CHICKS	ISMAIL,ZIENHOM SHIKHOUN HASSAN	ZIENHOM SHIKHOUN HASSAN ISMAIL+	MINIA :	2001 .	This study aimed to evaluate the effects of polyunsaturated fatty acids on performance,some metabolic and some immune responses of broiler chicks		
2925	9597924	studies on root rots of broad bean.	farrag,eman salah hassan	eman salah hassan farrag +	assiut:	1995 .	the present work was planned to study the incitants of root-rots of broad bean in assiut governorate and the effect of certain factors on their growth and sporulation in vitro.		
2926	9600814	pathological and physiological studies on some diseases of tomato fruits and their control=	eman,slah hassan farrag.	slah hassan farrageman +	cairo:	2001 .	tomato is one of the most important vegetables throughout the word for the fresh market and also for processed food industries the tomatoes plantation is widly distributed in egypt for local consumption as well as for expotation.		
2927	9600957	identification parameters, interspecific crossability,inducing mutations and inheritance	Ali,gehan gaber mostafa	GEHAN GABER MOSTAFA ALI +	Alex:	2005 .	inter-and intraspecific hybridation among four species/varieties/cultivars of salvia.		
2928	9601264	selection under stress conditios for yield and quality attributes in egyption cotton.	el-ameen,tharwat mohamed.	tharwat mohamed el-ameen+	assiut:	1999 .	two cycles of phenotypic directional selection for earliness of flowering were employed in three f2 populations among three egyption cotton varieties under favorable and drought stress conditions using three different selection methods.		
2929	9601272	GENETIC STUDIES ON SOME AGRO-ECONOMIC CHARACTERISTICS IN COWPEA(VIGNA UNGUICULATA(L.WALP.)	RASHWAN,AYMAN MOHAMED ABD EL- NABY	AYMAN MOHAMED ABD EL- NABY RASHWAN +	ASSIU T:	2002 .	THIS study aimed to study genetic system controlling some agro-economic characters.		
2930	9601285	studies on mixed and single microbial inoculations of cultivatd plants for improvement of growth and yield.	abdel-moniem abo- baker,abo-baker	abo-baker abdel-moniem abo- baker +	assiut:	2003 .	the laboratory and exberimental work of this investigation was carried out during the period from 1997-2001 on the two experimental farms of high dan lake authority at kalabsha 110 km south of aswan city.		
2931	9601350	comparative studies on some olive cultivars grown in different environmental conditions.	abdel aziz,sheba abdel-rahman el- khawaga.	sheba abdel-rahman el- khawaga.abdel aziz+	assiut:	2001 .	olea europaea l. is the important genus of family oleacea, ever green tree it can able to hard climatic condition, about 98% of olive trees spread in mediterranean country. climatic conditions play an important role for olive productivity.		
2932	9601974	Histomorphological studies of the gastrointestinal tract of post-hatching quail/	Ahmed,yasir abdel galil.			2002 .	The present investigation was conducted at elgazerria poultry farm,qena and department of anatomy and histology,faculty of veterinary medicine,assuit university		
2933	9603053	Some molecular studies on infectious bursal disease vires/	Ibrahim,shefir mahmoud mohamed mohamed.			2000 .	The present study efforts were conducted in order to identify the correlation between some commercially used vaccinal strains and local isolates of IBDV at the molecular level of both antigenic and genomic structure.		
2934	9603089	Study of the correlation between pathogenicity and strain of bovine viral diarrhoea mucosal disease (BVD-MD) virus based on the genetical dioversity and clinical symptoms/	Mostafa,Usama Abd El-Hakem Aly.			1997 .	In this study three hundred cattle with age ranged from one week to five years were examined using RT-PCR for detection of BVD viral RNA as a recenr method for diagnosis of BVDV infections.		
2935	9603116	Studies on the effectiveness of selective insecticides for the control of mange infesting goat and sheep/	Ganalla,Zarif Boshra.			1999 .	Sheep and goat scab caised by the parasitic mite psoroptes ovisis a contagious disease characterized by severe, progressive,exudative dermatitis.		
2936	9608118	Pharmacokinitic studies on one of fluoroquinolones (difloxacin)in goats.	Fahim,samy abd el raouf.			2001 .	the present work was designed to determine the effect of intramuscular co-administration of furosemide on the disposition of difloxacin.		
2937	9608122	Parmacokinitic studies on one of fluoroquinolones (difloxacin) in goats/	Fahim,Samy Abd El- Raouf.			2005 .	Theprsent work was designed to determine the effect of intramuscular co-administration of furosemide (1mg/kg,b.wt) on the disposition of difloxacin (5 mg/kg,b.wt) after intravenous,intramuscular,and repeated intramuscular injection.		
2938	9608136	Evaluation of different diagnostic methods for mycoplasma gallisepticum in chicken/	Sreat,nabila mahmoud mohamed osman.			2004 .	Aian mycoplasmosis caused by mycoplasma gallisepticum one of the most dangerous diseases affecting poultry.		
2939	9608141	Effects of injection of some neurotransmitters on the testis and reproductive hormones in albino rats:	Mohammed,Hassan Ahmed Ahmed.			2007 .	Thepresent study was carried out investigate the effect of different 3 neurotransmitters(Gultamate,L-Arginine an GABA) on some aspects of the reproductive performance of mature male albino rats as a choice of an animal for mammalian reproductive physiology.		
2940	9608170	Behaviour and performance of dairy cattle due to some managerial insufficiency/	Hamed,rashed ragab rashed.			2005 .	The condition under which calves are managed,the rearing system,floor type,performance and behaviour of calves were all investigated.		
2941	9609255	Some parasitological and immunological studies on parasites of chickens/	Sayed,gehan mohammed.			1996 .	coccidiosis is disease of almost universal importance in poultry production.		

			MASSIVE SULFIDE DEPOSIT AND ASSOCIATED METAVOLCANICS, UM SAMIUKI AREA, EASTERN DESERT, EGYPT /	Ahmed , Abd El-Kareem,Mohamed Ismail	Abd El-Kareem,Mohamed Ismail Ahmed ,	assuit univer sity :	2008 .	تهدف هذه الرسالة الى التعرف على اصل وصفات وتركيب راسب الكريتيد الكتلتي بمنطقة ام سمويكي وذلك بدراسة مكان تواجده والعلاقات الخفية والمعادن المكونة له كما تم دراسة العلاقات الهندسية والتركيبي الكيميائي لمعادن الكريتيد .		
2942	9631223			عبد المطلب ، مصطفى سيد عبد اللاه .	مصطفى سيد عبد اللاه عبد المطلب ،	قا :	2001 .	تهدف هذه الدراسة الى:التعرف على سمات الإعلان التليفزيوني،التعرف على القيم التي يعكسها الإعلان التليفزيوني...		
2943	9631268		المسؤولية الإجتماعية للإعلان التليفزيوني :			سوهاج :	2002 .	تتناول الرسالة الحياة الفكرية في عصر رضا شاه بهلوى في الفترة 1926م-1941م.		
2944	9631373		الحياة الفكرية في عصر رضا شاه بهلوى 1941م /	محمد ، محمد السباعي .	محمد السباعي محمد ،	سوهاج :	1988 .	تتناول الرسالة موضوع تقويم قصص الأطفال في مصر.		
2945	9631393		تقويم قصص الأطفال في مصر/	حسن،أحمد محمد عيسى.	أحمد محمد عيسى حسن	القاهرة،				
2946	9633223		STUDIES ON SOME NERVE INJURIES IN DONKEYS:	SALEIM, SAMIA MOUSTAFA.	FACULTY OF VETRINARY MEDICINE,	ASSIUT UNIVE RSITY :	1984 .	THE DIFFERENT INGURIES TO NERVES ARE MANIFESTED BY VARIOUS ,MACROCOPIC AND MICROSCOPIC CHANGES.		
2947	9633969		الإحتمال وأبعاده الفلسفية عند كارناب /	عبد الطيف ، عبد النور عبد المنعم .	عبد النور عبد المنعم عبد الطيف ،	سوهاج :	1995	تتناول الرسالة موضوع الإحتمال وأبعاده الفلسفية عند كارناب.		
2948	9633988		أسلوب أورى أفيرى في كتاباته الصحفية:	محمد،سلمى عبد المنعم.	فرع اللغة العربية،قسم اللغات الشرقية،كلية الآداب بسوهاج،جامعة جنوب الوادى،	سوهاج،	1996 .	يتناول هذا البحث الحديث عن الأسلوب الصحفى لأحد الأدباء والصحفيين المعاصرين في إسرائيل خلال فترة الإنتفاضة الفلسطينية من 8/12/1992 وحتى 9/12/1987.		
2949	9634018		التحليل السوسولوجي :	الشريف ، عمرو السيد محمد شلتوت .	عمرو السيد محمد شلتوت الشريف ،	سوهاج :	1994 .	بحلول الباحث في هذه الدراسة الوقوف على أسباب إنتشار ظاهرة العنف في مصر وما ترتب على إنتشارها من آثار،وذلك في محاولة منه لتقديم دراسة علمية حول الظاهرة كهدف علمي ،الى جانب توضيح عوامل إنتشارها وذلك للحد منها وتحجيمها من خلال النتائج التي توصل اليها الباحث من دراسة الميدانية كهدف تطبيقي.		
2950	9634023		أثر الإستجابات التوكيدية في خفض حدة السلوك العدوانى لدى الأطفال المعاقين حركيا/	عبد القادر مناهد عوض صالح.	جهة المنح للرسالة	البلد الذي منحة فيه الدرجة :				
2951	9634341		الموضوعات الدنيوية في مقدمات دواوين الشعر التركى خلال القرنين التاسع والعاشر الهجريين(الخامس عشر والسادس عشر الميلاديين) :	حسن ، خالد محمد أبو الحسن .	خالد محمد أبو الحسن حسن ،	سوهاج :	1999	لقد غنيت هذه الدراسة بتتبع الموضوعات الدنيوية التى أستهل شعراء الترك دواوينهم بها وذلك خلال القرنين التاسع والعاشر الهجريين .		
2952	9634382		الأغتراب اليهودى فى فلسطين فى رواية أيام وليالى ل ناتان بسترنسكى :	عامر ، أحمد محمد سليمان .	أحمد محمد سليمان عامر ،	سوهاج :	2002	تتناول الرسالة موضوع الأغتراب اليهودى فى فلسطين من خلال رواية أيام وليالى ل ناتان بسترنسكى وسارت هذه الدراسة وفق المنهج النقدى الذى يعمل على تحليل مكونات وعناصر هذه الرواية ثم تركيب بنية أوصور متكاملة قدر الإمكان تسمح بإبراز الأبعاد الإجتماعية والنفسية والفنية فى هذا العمل الأدبى .		
2953	9634424		أسيرى اللاهيجى :	سعيد ، عزب شفيق أحمد	عزب شفيق أحمد سعيد	سوهاج :	1998	موضوع هذه الرسالة هو أسيرى اللاهيجى حياته وديوانه ،وأسيرى اللاهيجى هو أحد من الشعراء العارفين والصوفية العاشقين يتحلى في آثاره لون العرفان أكثر من تصوف الزهاد .ولقد اعتمد الباحث على المنهج العلمى النقدى التحليلى .		
2954	9646843		تقييم أداء أنظمة المعالجة علي التوازي /	عبد الموجود، فدرى حامد.		كلية الزراعة (سوهاج):	2007	في عصرنا الحديث ظهرت تطبيقات علمية وهندسية مثل النكاه الاصطناعي ،الظم الخيرية ، الإنسان الآلى ، علوم الفضاء وغيرها ، ولذلك تعتبر أنظمة المعالجة على التوازي هي أكثر الأنظمة المفضلة لزيادة القدرة الحسابية . هذه الأنظمة تتكون من معالجة ترتبط فيما بينها في صورة توبولوجيات مختلفة . يوجد العديد من العوامل تؤثر في كفاءة أداء هذه الأنظمة من أهمها طريقة توجيه الرسائل . بمعنى آخر تحديد مسار نقل الرسائل بين المرسل والمستقبل . تتنوع طرق التوجيه من حيث طريقة عملها وتقسيمها للرسائل ومن أشهرها طريقة المسلك الدودي wormhole والتي يتم استخدامها في هذا البحث حيث تقوم بتقسيم الرسالة إلى أجزاء صغيرة جدا يتم نقلها من المرسل الى المستقبل بدون تخزينها في المعالجات التي تمر عليها .وتتنوع أيضا طرق التوجيه من حيث نوع مسار الرسالة ومنها الطريقة المسارية path _based وفيها يتم نقل الرسائل خلال مسار أساسي واحد .		
2955	9662478		تنميةالنور الإرشادى لمدارس التعليم الثانوى الزراعى بمحافظة سوهاج/	عبد الواحد،منصور أحمدمحمد حنفى.	منصور احمد محمد حنفى عبد الواحد،	2001 .		رصدت التغيرات والتحديات التي تواجه التعليم الثانوى الزراعى في القرن الجديد علي مستوى العالم.		
2956	9662816		physiological effects of salinity on some antioxidative enzymes on some maize cultivars	abu alhamed,mona fawzy	mona fawzy abu alhamed	inaa	2005	physiological effects of salinity on some antioxidative enzymes on some maize cultivars		
2957	9664037		المكتبات الجامعيه في جنوب الوادى و دورها في البحث العلمى	منجد ، صبرى أحمد طه	صبرى أحمد طه	بنسويسف	2002	تهدف هذه الدراسة الى دراسة واقع المكتبات الجامعية في جامعة جنوب الوادى والتعرف على واقع الخدمات الفنية والاعداد البيولوجرافى والدور الذى تلعبه في خدمة البحث العلمى، واعتمدت الدراسة على منهج البحث الميدانى ،وقد جاءت الدراسة في الفصل الاول :تناول موضوع الدراسة ومشكلة البحث ومنهج البحث ،الفصل الثانى :تناول موضوع البحث العلمى في جامعة جنوب الوادى ، الفصل الثالث: تناول الهيكل الادارى والتنظيمى والعاملين في مكتبات الجامعة ،الفصل الرابع : تناول الدراسة والتحليل للمكتبات في مكتبات الجامعة ،الفصل الخامس : تناول الدراسة والتحليل للخدمات الفنية التي تقدمها مكتبات الجامعة ،الخاتمة التي تتناول النتائج والتوصيات واهم النتائج :1-غياب التفاعل والتكامل في خدمة البحث العلمى .2- يحتاج العاملان الى برامج تدريبية لاكمالهم المهارات الازمة .3- توجد عوائق ادارية تمنع الباحثين من الاستفادة من الرسائل العلمية .4- وجود قصور فى عمليات الاعداد البيولوجرافى يؤثر بالسلب على مستوى الخدمات .

							هذفت الدراسة إلى الوقوف على الجوانب التربوية في بعض الغزوات النبوية موضع الدراسة. أعدت الدراسة على المنهج الوصفي التحليلي والمنهج التاريخي وأسلوب تحليل المحتوى. تناولت الدراسة أساليب التربية الإسلامية في هذه الغزوات والجوانب التربوية في الغزوات الدفاعية (بدر - أحد - الأحزاب)، وفي الغزوات الدفاعية الهجومية (حنين - تبوك)، وعرض لمظاهر حقوق الإنسان في ظل الغزوات النبوية مقارنة بالقوانين في الوقت الحاضر. توصلت الدراسة إلى أن الغزوات النبوية بتسقيها الدفاعية والدفاعية - الهجومية كان الهدف منها الدفاع عن النفس ودفع العدوان عن الدولة الإسلامية ضد الاعتداءات الموجهة إليها، إذ أن النبي صلى الله عليه وسلم أتبع أساليب عديدة لتثبيت المسلمين لخوض غمار الغزوات النبوية التي توقع حدوثها، أن النبي صلى الله عليه وسلم أتبع أساليب عديدة لتربية المسلمين عسكريا لخوض غمار الغزوات النبوية، أظهرت الغزوات مدى غاية النبي صلى الله عليه وسلم بالجوانب التربوية المختلفة للمسلمين الدينية والعسكرية والعقلانية والروحانية العقلية والأخلاقية والجماعية. أكدت الغزوات النبوية مدى إحترامها لحقوق الإنسان غير المسلمين أثناء القتال.	أحمد محمود محمد عبد المطلب، عبد المعين سعد الدين هندي، حامد حمادة أحمد أبو جبل.	2003
2961	9669222	ماجستير .	عبد اللطيف، عماد عبد اللطيف محمود.	الجوانب التربوية في بعض الغزوات النبوية :			تعد قضية الإيقاع من أهم القضايا التي تحتل الصدارة الأكبر في النقد الأدبي، فالإيقاع مرتبط ارتباطا وثيقا بكل حركات التجديد الشعري على مر العصور والمعروف أن حركات التجديد التي أصابت المضمون لم تكن ذات بآل ولم يلتفت إليها الكثيرون.

3001	10179592	On Geometry Of Harmonic Maps /	Mahmoud ,Wageeda Mohamed	Wageeda Mohamed Mahmoud ,	South Valley Univer sity,as wan :	2008 .	Harmonic maps are important in the areas of applied mathematics ,engineering ,and mathematical physics . Harmonic maps are used to solve problems involving steady state temperatures,two-dimensional electrostatics and ideal fluid flow. Harmonic maps have attracted the serious attention of complex analysists only recently after the appearance of a basic paper by clunie and sheil -small [1] in 1984.		
3002	10212089	the use of carbon as an aid for treatment of experimentally ruptured Achilles tendon in dogs	Hussien,Soheer Zein El-Abdeen	veterinary medicine,	assuit:	1992 .	اجريت هذه الدراسة على عدد 40 كليسمت الى اربع مجموعات متساوية حسب وقت اخذ العينات البيولوجية. تم تخدير الحيوانات في المجموعة الاولى بواسطة الثيوبنتال صوديوم من خلال الحقن الوريدي. اما في المجموعة الثانية فقد اجريت العمليات تحت تأثير المخدر الموضعي حول الامعاجية. وفي حيوانات المجموعة الثالثة تم استخدام التخدير الوريدي الموضعي. ولقد استخدم التخدير الموضعي الرشامي في حيوانات المجموعة الرابعة. تم زرع الياف الكربون جراحيا بازالة 3 سم من وتر اخيلس وتثبيت الياف الكربون بطول مناسب للجزء المقطوع في طرف الوتر بواسطة خيوط البولي ديكسون. في خلال هذه الدراسة تم تثبيت القوائم التي اجريت بها العمليات الجراحية بطريقتين مختلفتين في كل مجموعة. الطريقة الاولى باستخدام جبائر خشبية وضماطات. اما المجموعة الثانية فقد استخدم فيها التثبيت بالجبس الطبي والاربطة الجبسية. - اوضح الفحص الاكلينيكي ان الالتئام تم بالقصد الاول في اغلب الحالات (32 حالة) وان الحيوانات قد استطاعت الوقوف والتحمل على القوائم الخلفية بصورة طبيعية. وقد لوحظ عدم التصاق الجلد بالياف الكربون المزروعة باستثناء الحالات التي حدث بها عدوى بكتيرية (خمس حالات). كما اظهر الفحص الميكروسكوبي للعينات التي اخذت من المجموعة الاولى بقعة نزفية تحتل المسافة بين طرفي النسيج الوتري اما في عينات المجموعة الثانية لوحظ تحلل الكرات الدموية وكثرة الخلايا المتلبهة وكذا خلايا الدفاع بالقرب من وحول الياف الكربون. في العينات التي اخذت بعد ستون يوما من اجراء العمليات الجراحية شوهد تكوين نسيج ضام وتكسير لالياف الكربون كمل لوحظ تواجد بعض الخلايا الليفية. اما في عينات المجموعة الرابعة لوحظ تكسير اكبر لالياف الكربون كما شوهدت الياف الكربون محاطة بالنسيج الضام وقد امكن مشاهدة نمو نسيج وترى.		
3003	10215240	Legendre spectral Approximation for optimal control problems /	Morsy,Zeinab Abo ELhassan Ahmed	Zeinab Abo ELhassan Ahmed Morsy ,	South Valley univer	2008 .	The main goal of this thesis,which consists of four chapters, is to introduce a developed procedure for solving some differential and optimal control prblems. This procedure joins the spectral methods and the optimization techniques.		
3004	10215393	Effect of chemical reactions on heat and mass transfer for boundary layer flow through porous media /	Aly,Abdelraheem Mahmoud	Abdelraheem Mahmoud Aly ,	South valley univer sity :	2008 .	In this thesis,numerical solutions for some problems of heat mass transfer over different shape surfaces in the boundary layer through a porous medium are discussed for different boundary condition. In these problems,we studied the influences of Radiation parameter,magnetic field,buoyancy ratio,permeability of porous medium,chemical reaction,heat generation,Dufour number,Soret number,joule heating and aspect ratio for different cases of boundary condition.		
							A group of volcanic and plutonic rocks represents the products of pan-African orogeny constitute the major petro-tectoitc association of Wadi Abu El- Hassan area in the north eastern desert (NED) of Egypt.		
							These petro-tectonic unites include the island arc terrains that represented by the ,etavolcanics syn-tectonic plutontes including the order gabbros and older granditoids.		

			The Relation Between tectonics of some granitoid rocks and Radioelements Distribution, Wadi abu EL Hassan area,North Eastern Desert,egypt /	EL Sundoly, Hassan ismail ahmed farrag.			These units are followed by mature arc to continental arc Dokhan volcanics which associated in time and space with type hammamat sediments as well as widely distributed post-to late –tectonic younger granites and the post- granite dykes. The metavolcanics are mainly represented by meta- basalt meta-andesite meta-dacite and meta- pyroclastic that are tectonically belonging to the island arc assemblage . Small masses of serpentinites and gabbros are enclosed within the order granitoids which are mainly represented by quartz diorites and granodiorites described tectonically as syn- tectonic plutonites	1/1/2008.	Asran mohamed Hassan asran ,Ali abu dief ahmed,gamal mohamed kamal EL-Din.

3008	10229265		استراتيجية مقترحة باستخدام الوسائط الفائقة لعلاج بعض مشكلات صيانة الكمبيوتر لدى طلاب تكنولوجيا التعليم و أثرها على اكتسابهم بعض مهارات الصيانة	فارس ، نجلاء محمد	كلية التربية بقنا	2005	تحتوى على ملخص انجليزي و عربى		
3009	10239746	ماجستير.	تكوين طلاب كلية التربية بسوهاج فى معرفة إحتياطات الأمان فى تدريس الكيمياء بالمرحلتين الإعدادية والثانوية و القدرة على تطبيقها	حسانين، بدرية محمد محمد.		1981	هدف البحث إلى معرفة إحتياطات الأمان اللازمة لتدريس الجانب العملي بمادة الكيمياء بالمرحلتين الإعدادية والثانوية ومدى معرفة طلاب الفرقة الرابعة شعبة الطبيعة والكيمياء بكلية التربية بسوهاج ببعض هذه الإحتياطات وإلى أى مدى يطبقونها أثناء إجراء التجارب العملية والعلاقة بين معرفتهم لها وبين تطبيقهم لها. حلل محتوى مقرر الكيمياء بالمرحلتين الإعدادية والثانوية واستخدمت الملاحظة المباشرة لعينات من طلاب الفرقتين الثالثة والرابعة أثناء إجراء التجارب ثم أعد استفتاء للتعرف على مدى أهمية هذه الإحتياطات واختيار موضوعي يضم الإحتياطات السابقة وبعد تصنيفه طبق على عينة قوامها 75 طالبا وطالبة للكشف عن مدى معرفتهم بهذه الإحتياطات، كما أعدت بطاقة ملاحظة تضمنت الإحتياطات الموجودة فى الاختيار الموضوعي فى صورة أفعال سلوكية طبقت على العينة وتم حساب معاملات الارتباط بين درجة الطلاب فى كل من الاختيار والبطاقة. توصل البحث إلى ما يقرب من 292 إحتياط أمان وأثبت أيضا ضعف المستوى العام لطلاب كلية التربية بسوهاج شعبة الطبيعة والكيمياء الفرقة الرابعة من حيث معرفتهم بإحتياطات الأمان ومن حيث تطبيقهم لها أيضا عند إجراء التجارب العملية.	1981	ابراهيم بسونى عميرة.
3010	10275885	Doctoral.	The influence of Te replacement instead of Se in the compound AgInSe2 through a comparative physical study /	Abd-Alraheem, Marghany Mohamed.		2009	Crystal growth is a subject of a considerable interest over years because of its potential application in devices as well as in basic research. They have a diverse field of application in science and technology where they are used as transducers,sensors,polarizers,radiation detectors,computer memory devices,harmonic generators,...etc initiates the urge to grow single crystal . Again the reliability and durability of any device depends on the "quality"of the crystal and its physical properties.	26/1/2009.	Melelad K. Gergs, Hamdy T. Shaban.
3011	10286327	ماجستير.	دور البرامج الإخبارية فى التوعية السياسية للمواطن الليبي :	الحاج، سالم عيسى محمد.	جامعة جنوب الوادي - كلية الآداب	1998	وتكمن أهمية الدراسة فى الآتى: محاوله التعرف على الدور الذى يقوم به التلفزيون الليبي فى التوعية السياسية لدى المتلقى وذلك من خلال ما يقدمه من برامج إخبارية تكونها ذات طبيعة سياسية غالبا. مدى تأثير هذه البرامج على المشاهد فى المجال السياسى، التعرف على تأثير البرامج الإخبارية المذاعة من وسائل الإعلام غير الليبي التعرف على مضامين الأخبار غير السياسية المذاعة.	1998	فوزى عبد الغنى.
3012	10286357		الأبعاد الميتافيزيقية فى فكرة الزمان عند الكندى والجوينى والغزالي	إبراهيم، إبراهيم محمد رشاد.		1997	نتائج البحث:- من أهم نتائج البحث مايلي:- العالم عندهم حادث مخلوق وحدوثه نتيجة لخلق الله له، الذي خلقه بإرادة قديمة، إقتصت وجوده فى الوقت الذى وجد فيه - وعلى الهيئة التى وجد عليها، وحدوث العالم كذلك يتضمن حدوث كل ماهو محمول فيه من جرم وزمان وحركة . وكانت الفكرة التناهى هى دليلهم على حدوث الزمان إعتمد مفكرو الإسلام على الطريقة الرياضية. والتي تعتمد على البراهين الهندسية فى إثباتهم تناهى العالم وزمانه، ذلك لأن - البراهين الهندسية تنشذ اليقين فى الواقع إستخدم مفكرونا لإثبات حدوث العالم المبدأ الأرسطى الذى يعتمد على منطق التلازم بين الجرم والحركة والزمان لكن مع - إثبات بدايتها، وأن الدليل على تناهى أحدهما إنما يدل على تناهى الآخر، ولقد أثر الكندى فى إستخدامه لهذا الترابط على دليل الغزالي وإستخدامه له، كما أن إبطال الكندى لفكرة اللاتناهى زمانيا كان له دوره عند الإمام الجوينى وأثره البالغ فى نفى إسحالة تسلسل الحوادث إلى ما لا نهاية له إذا كان مفكرو الإسلام قد اتفقوا على القول بأن العالم حادث وأنه متناه، فإتهم اتفقوا أيضا فى نفى أبديته، وأثبتوا أن العالم - متناه فى المستقبل، ذلك لأنهم ربطوا بين القول بالأزلية وبين القول بالأبدية إذا كان الكندى قال بحدوث العالم بدليل فكرة التناهى إلا أنه لم يقر بنظرية الجوهر من الكمية المتصلة، أما بالنسبة للجوينى - فهو من الكمية المنفصلة، فالعالم فى نظره عبارة عن ذرات متناهية منفصلة وهذا بخلاف تصور الكندى للعالم والذى ينظر إليه على أنه كم متصل		
							ممررات إختيار الموضوع :- أن المكتبات العامة بمحافظات جنوب الوادي (أسوان – قنا- سوهاج) لم تنل الإهتمام الكافي من جانب دارسي المكتبات - فلم تحظ المكتبات العامة بدراسة واحدة كما حظيت غيرها من المكتبات العامة بالمحافظات الأخرى أهمية إجراء هذه الدراسة على أساس ما أوصت به معظم الدراسات السابقة بضرورة تعميم دراسة الخدمة المكتبية - محاوله الباحث الإستفادة من مجال تخصصه فى مجال المكتبات، كما أن محافظات جنوب الوادي هى منطقة ومقر عمله - مما يتيح إجراء هذه الدراسة على أساس تحليلي سليم لكشف النقاب عن الخدمة المكتبية العامة فى محافظات جنوب الوادي مدى الإهتمام الواضح الذى توجهه الدولة للمؤسسات التثقيفية داخل محافظات جنوب الوادي خلال الفترة الأخيرة، بما - فيها المكتبات العامة، الأمر الذى يبرر إمكان إجراء هذه الدراسة أهمية الدراسة من حيث التعرف على مدى كفاءة الخدمة المكتبية العامة بمحافظات جنوب الوادي، وتحديد أوجه التشابه - والإختلاف فيما بينها وبين مثيلاتها فى المحافظات الأخرى أن المكتبات العامة من أهم وسائل تقريب المعارف والعلوم الأفكار وذلك عن طريق متوفره من مصادر المعلومات - فضلا عن أنها من أفضل الوسائل الترفيئية والإستفادة من وقت الفراغ أهمية المكتبة العامة ودورها فى المشاركة الإيجابية فى برامج التنمية الإجتماعية والثقافية والاقتصادية - من الممكن أن تسهم هذه الدراسة –إلى جانب الدراسات السابقة فى المجال- فى تحديد واقع الخدمة المكتبية العامة - والتخطيط السليم لمستقبلها فى مصر أهداف الدراسة :- تسعى هذه الدراسة إلى تحقيق عدة أهداف تتمثل فيما يلى:-		

								تقييم الوضع الحالي للمكتبات العامة في محافظات جنوب الوادى من خلال دراسة الإمكانيات المادية والبشرية المتاحة -1- التأكيد على أهمية الخدمة المكتبية العامة التي تقدمها، ومعرفة مدى ملائمتها لإحتياجات المستفيدين للخروج برؤية -2- متكاملة لواقعها والوقوف على أوجه القوة ومظاهر الضعف بها، وتحديد المعوقات التي تحول دون تحقيق أهدافها التي يمكن بلورة هذه الأهداف في هدف رئيسي وحيد هو "دراسة الواقع الفعلي للخدمة المكتبية العامة بمحافظات جنوب الوادى (أسوان- قنا- سوهاج) والتخطيط لمستقبلها". ويتم من هذا البحث:-				1999

3055	10377748		Some Problems of Flow and Heat Transfer on Wavy Surfaces.	Mahdy, Abd el-nasser sobhy mohamed	Abd el- nasser sobhy mohamed Mahdy	Qena:	2008 .	The given Surface are considered to be held at constant wall temperature variable Wall temperature variable heat flux and our study focused to examine the effect of amplitude of the wavy surface and the influences of some physical parameters Such as magnetic field ,Lewisnumber, prandtl number, etc... Numerical results for the details of the velocity temperature ,concentration profiles as Well as shear stress, rate of heat and mass transfer (expressed in terms of Nusselt and Sherwood numbers, respectively) for different values of the given parameters are discussed and shown graphically or tabulated Finally our thesis consists of five chapters.		
3056	10377759		Studies On the Significance of Algal Control of Sewage Water and its Reuse in the Irrigation of Some Economic Plants	Ismaeil, Asmaa Ahmed hussein	Asmaa Ahmed husseinsmaeil,	Qena:	2008 .	أن مشكلة تلوث المياه في مصر قد انتشرت وتفاقت بشكل واضح في السنوات الأخيرة نتيجة عدة أسباب من أهمها التسريب الغير أمن لمياه الصرف الصحي الغير معالج والذي أدى إلى تلوث الكثير من المياه الجوفية حيث محطات الصرف الغير متطورة الإداء والمتحللة والتي أصبحت الكثير منها لا يستوعب لكمية مياه الصرف الغير معالجة		
3057	10377782		Physiological Studies of Some Selected Soil Algae in Qena Region	farghe, Abba Abdel mawgoud mohamed	Abba Abdel mawgoud mohamed farghe,	Qena:	2008 .	Algae differ in their adaptability to salinity and on the bases of their tolerance extent they are grouped as halophilic (Salt requiring for Optimum growth) and halotolerant (having response mechanism that permits their existence in Saline medium) (Rao, et al, 2007) in their case algae produce some metabolites to protect themselves from salt injury and to balances the surroundings Osmotica (Richmond, 1986) Excessive Soil Salinity usually results from natural processes or from irrigation With Saline Water. Salinization is a major cause of soil degradation and affects 19.5% of irrigation With Saline Water .		
3058	10377796		Endophytic Fungi of Three Medicinal Plants and Effect of Plants Extracts against Pathogenic Bacteria and Fungi	Abdel samia, yassmin mohamed shebny	yassmin mohamed shebny Abdel samia,	Qena:	2008 .	The aim of the present investigation The present investigation was designed to study intensively the following: • Isolation and identification of endophytic fungi associated with medical plants (Althea, Calotropis and Nerium oleander) in south Valley University (Qena). • Studying the ability of medicinal plant extracts (hydrophilic and hydrophobic) to inhibit the keratinolytic fungi and pathogenic bacteria. • Studying the Effect of organ extracts of the most active plants on the most sensitive bacteria. • Studying the Effect of temperature on extraction. • Toxicity and mycotoxins produced by one of the most common genus (Chaetomium spp).		
3059	10377807		Ecological And Behavioral Studies on Some Species of Order Odonata At Luxor City	nour, Ahmed mohamed Ahmed	Ahmed mohamed Ahmed nour,	Qena:	2008 .	Odonata species are played a very important role in the biological control of bilharziasis snails and dipterous larve species therefore it is of important to study and research for its distribution seasonal abundance of weather factors and behavior. They are ancient and distinctive insects They are many insect features such as unspecialized chewing mouth parts but they also have specialized body parts reflecting their aerial and predatory habits (Duncan 2005). Several authors Studies the ecology of some species of order Odonata (Muller 1993, Vantol and Rozendaal 1995, Wilson 1995, Samways 1996, Costa et al 2001, Shukla and Shrivastava 2003, Katherine 2005, and McGuffin et al 2006, Schultz et al (2003) studies the assessment of the ecological status of Danubian floodplains at Tulln (Lower Austria) based on the Odonata Habitat index (OHI).		
3060	10377811		DECREASING IRON IMPURITIES CONTENT IN COMMERCIAL PHOSPHORIC ACID	Abdallah, shaaban Ahmed Idardeer	shaaban Ahmed Idardeer Abdallah,,	Qena:	2008 .	Phosphoric acid is mainly produced by Wet-process in which phosphate concentrate is leached with sulfuric and weak phosphoric acids. It is an important intermediate product for production of phosphatic fertilizers. After filtration and separation of phosphogypsum the filter acid (28% P ₂ O ₅) contains many kinds of impurities. Anionic Impurities may include several cations the most important of which are iron aluminum magnesium and calcium		
3061	10377973		A PRAGMATIC APPROACH TO TRANSLATION : A Case Study of an English Translation of Naguib Mahfouz's Trilogy	Hassan, bahaa eddin abulhassan	bahaa eddin abulhassan Hassan,	Qena:	2008 .	Translation plays an important role in increasing awareness and understanding among diverse culture and nations . Literary translations in particular help these different cultures reach a compromise . The attention given to pragmatic facts and principles in the course of translation can enhance the understanding of the text improve the quality of translation. A good translation is not simply concerned with transferring the propositional content of the source language text (SLT) but also with its other pragmatic features.		
3062	10378014	Master.	Geophysical Study on the new qeft city. Qena, Egypt /	Mohammed, Alhussein Adham basheer.			2008	The main aims of this study concern mainly with delineation and evaluation of both structural and hydrological patterns prevailed in the new qeft industrial city as well as determination and estimation of nature of the overburied foundation layers and their geotechnical tone in the area . This area is 14 km eastward of the town and located between longitudes 32°-49'-51"-32'-52"-20"E and latitudes 25°-58'-56"-26°-01'-56" N to cover about 30 km. The present study embraces land survey magnetic data analysis electromagnetic sounding electrical resistivity laboratory measurements of electrical properties. Two dimension resistivity and shallow seismic refraction surveys. The study aims at detailing the prevailing subsurface conditions from the viewpoint of groundwater location depth and quality . Also it includes detecting the nature and the shape of the hidden buried materials under surface.	said omar el khatib, salah sheref osman, salem ramadam salem.	2008
								This thesis consists of four chapters: • Chapter one: This chapter is devoted to review essential properties of harmonic function basic definitions and examples . We also state the basic theorems that are of interest to us such as the mean value property , the maximum principle and the poisson kernel for the ball		

3063	10378036	On Geometry of Harmonic Maps.	mahmoud,wageeda mohamed	wageeda mohame dmahmoud;	Qena:	2008	• Vhapter two: in this chapter We introduced the theory of harmonic mapping in the plane (Harmonic univalent functions) and the properties of these functions We used Mathematica programme and coplex analysis techniques. • Chapter three: The required mathematical fundamentals Will be reviewed This includes a short evaluation of orthogonal functions where the Associated Legendre polynomials will be introduced. • Chapter four: We will give some examples of what spherical harmonic can be used in the fiels of computer graphics .		
3064	10378077	9,10.11.15.-Tetrahydro-9,10(3-4)-furananthracene-2,14-dione in synthesis of heterocyclic nitrogen compounds	Dardeer,Hemmat mohamed	Hemmat mohamed Dardeer,	Qena:	2008	Because of the wide pharmacological applications of pyridazine pyrrole and pyrimidine the main of this work is to synthesize new derivatives of pyridazine pyrrole and pyrimidine condensed with anthracene in position 9 and 10 via the 9,10-dihydro-9,10-ethano- anthracene		
3065	10378098	The influence of te replacement in stead of se in the compound Ag in Se2 through acomparative physical study	Abd alraheem,Merghany mohammed	Merghany mohammed Abd alraheem,	Qena:	2009	Crystal growth is a subject of a considerable interest over years beacause of its potential application in devices as well as basic research they have a diverse field of application in science and technology where they are used as transducers sensors polarizers radiation detectors computer memory devices harmonic generators		
3066	10391350	Miocene bivalvia of the sadat -wadi okheider area gulf of suez ,egypt	REDWAN,MOSTAFA GAMAL EL-DEEN TAHA	MOSTAFA GAMAL EL-DEEN TAHA REDWAN	Qena:	2005 . 3067	10391794	effect of some insecticides on the biology of terrestrial oligochaetes at qena governorate	Ismail, randa abdou abdel-rahman	randa abdou abdel-rahman Ismai	Qena:	2007 .	the effects of pesticides on earthworms populations have been reviwed by davey 1963 edwards and thampson 1973 edwards and lofty 1977 . most pesticides are not acutely toxic to earthworms although there is little information on long term chronic toxicity		
3068	10391824	phytochemical studies on a leguminous plant,synthesis and studies on some new heterocyclic compounds	soliman,soliman el-sayed	,soliman el-sayedsoliman	Aswan :	2007 .	Thework describe in this thesis has been undertaken with the objective of searching for naturally occurring substances of potentially activities and synthesis and develop the chemistry reactions and applications of new group of heterocyclic compounds		
3069	10392143	Studies on clinical manifestations hematological picture and some biochemical paramaters in lungworms infested small ruminants in Qena	Mahmoud,ragab makhlof	ragab makhlofMahmoud,	Qena:	2007 .	Aim of the work: 1- To threw the light on the sheep and goats infested with lungworms 2- To detect the clinical findings attributed to lungworms infestation in sheep and goats 3- To investigate the effect of lungworms infestation on hematological picture in sheep and goats		
3070	10392431	Effects of injection of some neurotransmitters on the testis and reproductive hormones in albino rats	Mohammed,hassan ahmed ahmed	hassan ahmed ahmed Mohammed	Qena:	2007 .	The present study was designed to clarify the effect of three neurotransmitters which are glutamate L- arginine the precursor of nitric oxide and GABA on some aspects of reproduction of male rats		
3071	10392652	Interaction of two level trappededions with laser fields	Ahmed,hasnaa rabea ibrahim	hasnaa rabea ibrahim Ahmed,	Assuit:	2007 .	The core of the pegg-barnett phase theory is the hermitian phase operator . instead of utilizing the whole infinite -dimensional hilbert space of a single mode field pegg and barnett use a finite but arbitrary large supspace in which one can defined phase states rigorously.		
3072	10392656	prevalence of helminth parasites among ruminant animals in qena province	Mohammed,mosaab adl-adin omar	,mosaab adl-adin omarMohammed	Qena:	2007 .	so the aim of this work is to investigate the helminthes infesting ruminant animals in qena prounce their incidence prevalence fluctuation during the various seasons this thesis provides aunique combination betweenremote sensing geographic information systems aeromagnetic and field work for geological mapping and lineament extractions .		
3073	10392662	Application of remote sensing ,geographic information systems and magnetic techniques at gebel al- hadid area,central eastern desert,egypt	Gahlan,ali mahmoud mahdi	ali mahmoud mahdiGahlan,	Qena:	2007 .	this unique combination has been applid to investigation and map the area surround gebel al hadid eastern desert egypt. the study area is located in the central eastern desert of egypt between latitudes 25 10 24 and 25 34 36 N.		
3074	10392689	some anatomical studies on the oral cavity in the goat	Mahdy,mohamed abd-elhady ali	,mohamed abd-elhady aliMahdy	Assuit:	2007 .	in domestic animals the osseous support of the oral cavity is provided by the incisive bone the palatine bone and alveolar processes of the maxilla the horizontal lamina of the palatine bone and by the mandible . the oral cavity is bounded restrally by the lips and laterally by the cheeks.		
3075	10392716	colliform bacteria in milk and some dairy products in Qena	El-zamkan,mona ahmed	mona ahmedEl-zamkan,	Assuit:	2007 .	It is unlikely that milk and milk products act as a vehicle of these microorganisms transmission. therefore,this work was planned to evaluate milk and some of its products for the following: 1- enumeration and incidence of tatal coliforms using direct plant and MPN methods 2- enumeration and incidence of fecal coliforms using direct and MPN methods		
3076	10392744	on solutions of partial differential equations of fractional orders	Arafa,anas ahmed mohammed	anas ahmed mohammed Arafa,	Qena:	2007 .	كثير من المعادلات التفاضلية ذات الرتب الكسرية في المجالات البحث المختلفة والتطبيقات الهندسية والتي تتضمن سريان الموائع والشبكات الكهربائية ونظرية التحكم والنظرية الكهرومغناطيسية والاحتمالات والاصضاء ونظرية الانتشار ونظرية التآكل في الكيمياء الكهربائية .		
3077	10392767	studies on geology and assessment of the mineral potential of rad ishab area south eastern desert ,egypt	Ismail, sabah abdel moatty	sabah abdel moatty Ismail,	Assaw n:	2007	The present work is petrological, geochemical, stuctral study of rod ishab area occupies about 157 km2 in the southeastern desert of egypt. the area is covered by the following precambrian litho-tectonic units: ophiolitic melange assemblage ,intrusive igneous rocks and post-granite dykes and veins.		
3078	10392871	The computational geometry of conic sections	El-aton,mohamed mohamed el-sayed ahmed	mohamed mohamed el-sayed ahmed El-aton,	Qena:	2007 .	This study presents new methods for representation of conic sections in a special rational quartic polynomial curves form without solving a system of equations numerically. the main theroetical work is come down to solutions of an implicit equation of conic sections.		
							Um samiuki area is apart of the pan-Africa exposed in the South eastern Desert of Egypt. It is located at 40 km NE from sheikh shadli tomb The study area covers about 360 km of the basement complex of Egypt.		

3079	10392895	Massive Sulfide Deposit and Associated Metavolcanics UM Samiuke Area, Eastern Desert ,Egypt	Abd- al kareem, mohamed ismail ahmed	mohamed ismail ahmedAbd- al kareem,	Qena:	2008 .	It is limited by longitudes 34 /45/to 34 *56 E and latitudes 24/12 to 24/20/30 N (Fig 1). The Study area is characterized by adry weather and uncommon rainfall . Small water accumulations at the end of W . El-Mora can be noticed. The area is hot in Summer dyes with moderate night due to high level that is all sheikh shadi wells ,about 40 km Sw from the study area.		
3080	10392916	Ecological and Physiological Studies on Purple Sulphur bacteria (Chromatiaceae) at Aswan High Dam Lake	Abd -elazim,nahla shazli	nahla shazliAbd -elazim,	Aswan :	2008 .	This Study aims to describe the particular anoxygenic phptosynthetic bacteria which develop in pink layer of Ebro Delta microbial mats. These bacteria differ from known species in this group particularly in terms of its photosynthetic membrane system and in its light absorbtion properties . So the purple sulfur bacteria characterized in this work according to size of cells falls within the range chromatia (pfennig and truper ,1989&1992) . The other Water areas in Egypt were includes the Nile system. This also includes the Aswan High Dam Lake (AHDL) . Lake Nasser was always found to be rich in nutrient status ,but the changes of salts with time and lpace were not clearly known (Entz and Ramsy,1970) . In addition ,they found that the whole water mass in AHDL was well oxygenated especially in spring.		
3081	10393492	Facile Synthetic Routes of Some Novel Heterocyclic Phyttopigments Like	Hussien,hussien ali el- damarany	hussien ali el- damaranyHussien,	Qena:	2008 .	It is of interesting to improve the preparation and shed some light upon facile synthetic process of some neww N-bridge head heteropolcyclic ylde salt and/or heterocyclic metal chelate without using quqternary reagents. Such an easier formation of these heterocyclic ylde salts leads to the facile synthetic process of their corresponding cyanine dye derivatives of the improved absorbtion light light sensitivity as a criterion for their photosensitization effect. It was obvious that the literature reviews had received little or no attention on the synthesis of the selected dyes incorporating novel N- bridgehead heteropolcyclic moieties,cited below, of specific characerisation and probable application in the field of biology, medical Science, technology and physics. It is of interesting to attempt and some throw some light on the influence of such new heterocyclic nuclei and to compare or evaluate the synthesis,spectral.		
3082	10393618	Comparative Study on Concentration of Some Elements in perch Fishes in the Nile River and Nasser Lake	Abd alla,maged masoud	maged masoud Abd alla,	Qena:	2008 .	The present Study is mainly devoted to the determination of some major and trace elements in perch fishes in the Nile River and Nasser Lake . The Study extended to deteremine the Weight length and Water content in Different parts of fishes. The Study aimed also to reval that ,there are a difference in metals concentration in both perch in the Nile River and Nasser Lake . The determination of major and trace elements are carried out by atomic absorption spectrophotometer, differential ,pulse anodic stripping voltammetric (DPASV) and adsorptive cathodic linear sweep stripping voltammetric (AdCLSSV).		
3083	10393636	Natural Gamma- Ray Spectroscopy of Building Raw Materials and Products at Aswan	nasralla,ahmed abd el-mageed abu taleb	ahmed abd el-mageed abu taleb nasralla,	Aswan :	2008 .	In Controlling the natural radiation exposure for the residents of dwellings ,it is necessary to determine the levels of natural radioactivity (external exposure) from building materials. The concentrations of radioelements in building materials samples are in the assessment of population exposures as most spend 80% of their time indoors. All building materials contain various amounts of natural radioactive nuclides and cause direct radiation exposure because of their radium ,thorium and postassium content. Ninety building materials samples were collected from 4 regions (Aswan,Daraw,Kom-Omboand Edfu) in Aswan governorate. Samples had been analyzed applying ahigh -resolution gamma- spectrometric method to determine the concentration of natural radionuclids and the associated radiological hazard indices.		
3084	10393657	Paleontological and Stratigraphical Studies on the macrofossils of some Upper Cretaceous Sections exposed in Southern Wadi Qena and neighboring areas, Eastern Desert ,Egypt	El- molt,ahmed korany abd el- raof	ahmed korany abd el- raof El- molt,	Qena:	2008 .	The present thesis deals with palaeontological and stratigraphical Studies on some macrofossils collected from six upper Cretaceous outcrops exposed at southern Wadi Qena and neighbouring areas Eastern Desert of Egypt . It is focused mainly on bivalves gastropods and ammonites ,presenting a detailed systematic work as well as biometrical analyses of certain oysters. This study present also a detailed litho-and biostratigraphical classification for the upper cretaceous sequence of the measured sections. Lithostratigraphically the fossiliferous Upper cretaceous sequence exposed in the study area iis subdivided from top to into: Dakhla formation,Duwi formation,Quseir formation,Umm O meiyid formation,and Galala formation. The Studied sequence is unconformably overlying the pre-Cenomanian non- marine sandstone succession of the Wadi Qena formation and terminated by the Tertiary marly part of the Dakhala formation correlation charts for the recognized rock units are constructed.		
							Aim of the Work: The synthesized dyes nuder investigation might be used in various probable applications Thus,methane cyanine dyes in particular have many vital applications, widespread and prevelant uses in mans life of different field . Such dyes might be used as photosensitizers as laser dyes for producing an effective printing plants and as photographic sensitiers for coloured and non coloured films as synthetic drugs, as inhibitor of cell growth and division and used in determination of the sensitivity mico-organism to antibiotic.		

3085	10393674	Synthesis and Studies of some Novel Cyanine Dyes	Mohamed, fayrouz mohamoud	fayrouz mohamoud Mohamed,	Qena:	2008 .	Heterocyclic cyanine dyes of the bridgehead annulated nitrogen moieties in particular might be used as photosensitizers in photographic process for super conducting polymers good antihalation or antiirradiation process for super conducting polymers goog antihalation or antiirradiation effect high sensitivity		
3086	10393850	○Anew Scope of the Social Activist in Ibsens Pillars Of Society A Dolls House and An Enemy Of the People	Muhammed,hossam abdel hameed	hossam abdel hameed Muhammed,	Qena:	2008 .	The Aim of this study is to reveal Ibsens new scope of the Social Activist as expressed in the three plays referred to above Ibsens Social activist is explained in his struggle to break the stone of his Societys Struture,which is represented to three cardinal sins: lies inhaerent in Social systems, womans marginal Social role, peoples narrow-mindedness . All these primary Social wrongs stand against the evolution of any Society. The Study falls into four Vhapters followed by a conclouision and a bibliography . The conclusion presents some results the researcher during Studing Henrick as a Social activist. The Aim of this study is to reveal Ibsens new scope of the Social Activist as expressed in the three plays referred to above Ibsens Social activist is explained in his struggle to break the stone of his Societys Struture,which is represented to three cardinal sins: lies inhaerent in Social systems, womans marginal Social role, peoples narrow-mindedness . All these primary Social wrongs stand against the evolution of any Society. The Study falls into four Vhapters followed by a conclouision and a bibliography . The conclusion presents some results the researcher during Studing Henrick as a Social activist.		
3087	10393852	The Structural Elements In The Poetry Of Robert Frost	Ali,ghada mohamed	ghada mohamedAli,	Qena:	2008 .	This Study aims at investigating the structural elements in the poetry of Robert Frost. The Study concldes with the Structural Elements in the Poetry of Robert Frost at the Formation of his mind ,The Relationship with the American Romantic Movement ,and Frost Symbols and his use of images, allegory and Symbolism ,are the manifestation of the bulk of his poetry . Frost Succeeds in communicating these three themes to his readers in his poetry.		
3088	10393865	Experimental and analyical investigations of the effect of geometric parameters and multiplejets on the performance of air-air ejector	Mohamed,salama abd-el hady	salama abd-el hady Mohamed,	Aswan :	2008 .	The results of experimental work show that the best value for nozzle spacing was zero for all number of nozzles . in addition it was found that mixing chamber length to dimeter ratio and diffuser angle has appreciable effect on ejector performance. best performance was found at single nozzle and five nozzle mixing chamberlength ratio .		
3089	10393885	○Assessment of Some Heavy Metals Blood Serum of Hepatits Patients from Aswan Governorate by Atomic Absorption Spectroscopy and Stripping Voltametry	Abd-el raheem,safaa mohmoud	safaa mohmoudAbd-el raheem,	qena:	2008 .	The aim of this study was to measure the alteration in blood serum heavy metals .including Cd,Co,Fe,Pb and Zn in patients with viral hepatitis(A,B and C) and liver cirrhosis (L.C)and to compare the results with those in healthy individuals 82 patients with viral hepatitis and liver cirrhosis and 29 healthy individuals were including in this study. The subjects were selected from different environmental areas which include Aswan ,Daraw ,Kom Ombo and Edfu areas. The heavy metals concentrations were measured by atomic absorption spectrophotometer and differential pulse anodic and cathodic stripping voltammetric techniques in serum of patients with viral hepatitis and healthy individuals . The results reveals that concentrations of Cd,Co,Cu,Fe,Mn,Ni,pband Zn in serum of hepatitis are 0.0026,1023.1.13,7.5,10803,2.41,0.45 and 1.08 ppm respectively while in serum .		
3090	10393904	Phytochemical Studies of Some Plants	yosef,afifi hussien	afifi hussien yosef,	Qena:	2008 .	The Work described in this thesis has been undertaken with the objective of searching for naturally occurring substances of potentially biological activates. Through this investigation useful information were derived from the application of the modern technique of (column thin layer and preparative chromatgaphy) and modern spectral measurements such as (EIMS, CIMS,HRMS,H-NMR,C13-NMR-DEPT,H-H COSY,H-C13 COSY,HMBC AND NOESY) The thesies consists of thefollowing: Phytochemical investigation of one species of the genus cleome namly: Cleome Arabica. The aerial parts of C. Arabica were collected from El-minia Egypt and extracted with ch2 ci2-meoh (1:1).		
3091	10393912	On Some Properties of Fractional Order Derivatives For Some Special Functions	younef,ahmed mohammed	ahmed mohammedyounef,	Qena:	2008 .	Fractional calculus is the theory of derivatives of arbitrary order, which unify and generalize the notions of integer-order differentiation and n- fold integration . The idea of generalizing differential operators to anon- integer order in particular to the order 1/2 first appears in the correspondence of Leibniz with LHO pital 1695. Yet it is only after the first conference on fractional calculus and its Applications that the fractional calculus becomes one of the most intensively developing areas of mathematical analsis . Its fild of application rang from biology through physics and electrochemistry to economics probablility theory and statistics Due the nature of of their definition the fractional derivatives provide an excellent instrument for the modeling of memory and hereditary properties of varius materials and processes.		
							The Studies of natural radioactivity are concered with three issues. The first is to investigate the origins and distributions of radionuclides well on the earths surface. Naturally occurring radionucling such as K40 as well as radionuclides from the 238u and 232th series and their decay products exist at trace levels in all ground formations.		

3092	10393918	Assesment of natural Radioactivity in different soils from Qena- Upper Egypt	yousif,samia taha hassan	samia taha hassan youssif,	Qena:	2008 .	Second the natural radionuclides are considered as external sources of radiation to the human body. Finally the Study it possible to obtain the background baseline of naturally occurring radionuclides for investigating the environmental impact of anthropogenic radioactive sources.		
3093	10393929	Studies On the electrochemical behavior of Zn-Ni-Fe alloy in different media	Mohamed,safaa abdellah khalafa allah	safaa abdellah khalafa allah Mohamed,	Qena:	2008 .	The electroplating of ternary Zn-Ni-Fe alloy has been utilized for the highly corrosion-resistive coating of steel and their good mechanical properties. This work aimed to investigate the mechanism of the electrodeposition of bright Zn-Ni-Fe- alloy acidic supphate bath and the effect of deposition potential FeSO4 concentration NiSO4 concentration ,deposition time and temperature on the deposits composition, dissolution resistance ,the appearance and surface morphology. XRD patterns and scanning electron microscopy (SEM) for the details of the structure and surface morphology profiles as well as EDX patters and atomic absorption for chemical composition analysis od deposits that electroplated under different condition are investigated. The interpretation based essentially on the analysis of the cyclic voltammograms ,galvanostatic and potentiostatic ,measurements during electrodeposition		
3094	10394144	The Rendering of Metaphors in the Qudsi Hadiths: Acognitive Semantic Study	Alkady, heba abdel raheim ibrahim	heba abdel raheim ibrahim Alkady,	Qena:	2008 .	A miximun of six rendering of different Qudsi Hadiths will possibly be studied to test the degree of conceptualization and comprehension through the translators performance of rendering the metaphors into English. The cognivite approach will be adopted here because it takes the mental model of understanding. So translation is aform of communication and in metaphor it provides us with a frame reference of understanding the contiguous maps within ICM. When selecting the Material for this study ,the researcher becomes aware of multi-layered factors such as -The reliability and authenticity of the Qudsi Hadith Authority or sandad. - Diversity of expgress and interpretations of the selected material.		
3095	10394146	Empirical models for Calculating Some solar radiation Components At Qena /Upper Egypt using Sunshine period measurements	Abd elrahman,zenab mohamed ahmed	zenab mohamed ahmed Abd elrahman,	Qena:	2008 .	The Aim of the present work: In spite of the Importance of solar radiation data, few meteorological station ,especially in countries ,measure accurately and continuously these data. This situation can be solved using modeling techniques which estimate solar radition components from available meteorological parameters such as during ,cloud cover ,temperature...etc Qena is acity of abundant solar radition along of the months of the year . Accordingly it would appear to be well suited to the use of solar energy in different application owing to the interest which this from of clean energy presents to solve the energy demand problems.		
3096	10394164	Synthesis and studies on someheteroclic compounds	Omar, deyaa mohamed	deyaa mohamed Omar,	Qena:	2008 .	The work reports in this represent the utility of the new 3 cyano-2-methyl 4K9 dioxo 1K2 dihydrobenzo indoline-3- ethyl carboxylate in the synthesis of some new five membered heterocyclic compounds . The effect of reaction condition and the catalyst on products have been shown. Compound (3 cyano-2-methyl 4K9 dioxo 1K2 dihydrobenzo indoline-3-ethyl carboxylate) 1 was prepared in situ from the reaction of the acetamind and ethylcyanoacetate in ethanol containing piperiding catalyst was treated with 1K4-naphthoquinone.		
3097	10394175	Legendre Spectral Approximation for Optimal Control Problems	Morsy,zeinab abo el hassan ahmed	zeinab abo el hassan ahmed Morsy,	Qena:	2008 .	The main goal of this thesis which consists of four chapters is to introduced adeveloped procedure for solving some differential and optimal control problems. This procedure joins the spectral methods and the optimization techniques. In chapter one: we introduce surveys on the subjects required for the numerical solution of optimal control problems. We give the basic concepts of optimization spectral approximation and optimal control theory.		
3098	10394184	Effect of Chemical Reactions On Heat and Mass Tranfer for Boundary Layer Flow Through porous Media	Aly,Abdel raheem mahmoud	Abdel raheem mahmoudAly,	Qena:	2008 .	In this thesis ,numerical for some problems of heat and mass transfer over different shape surface in the boundary layer through aproous medium are discussed for different boundary conditions. In these problems we studied the influences of radiation parameter,magnetic field, buoyancy ratio,permeability of porous medium ,chemical reaction ,heat generation Dufour number ,soret number, joule heating and aspect ratio for different cases of boundary condition. The governing equations are first cast into a dimensionless from by a similar transformation and the resulting equations are solved numerically by using the runge-kutta numerical integration, shown in graphic and tabulated representation followed by a quantitative discussion.		
3099	10394189	Influence of some industrial pollutants on some freshwater Algae of River Nile at Aswan	Ahmed, hani saber mohamed	hani saber mohamed Ahmed,	Qena:	2008 .	Aim of the work The primary goal of this study was to determine the direct of kima factory effluents on the growth and some metabolic activities of two filamentous blue- green algae pseudanabaena limmetica and andabaena wisconsinense that were isolated from the river Nile at Aswan. The main objectives of this work were: •To investigate the influence of the different concentrations of the pollutants on growth pigments ,carbohydrates,protein,amino acids and lipids contents. •To evaluate the effect of effluents on the qualitative composition of protein and amino acids. •To compare between the tolerance of the two investigated to pollutants.		

3100	10394200		Study of the physics of the troposphere and its impact on geodetic measurements on seismically active areas and crustal deformed regions in Egypt	Mohamed,el sayed abd el-hafez el-agamey	el sayed abd el-hafez el-agamey Mohamed,	Qena:	2008 .	The Study of the physics of the troposphere and its impact on geodetic measurements at seismically active areas in Egypt is very important . One of the main tool for carrying out the geodetic measurements is the global positioning system (GPS). This technique was extensively utilized in the surveying and recent crustal movements in Egypt since 1997. Therefore ,the main factor which affect accuracy of GPS measurements is the temperature of the atmosphere and its impact on the deviation and dispersion of satellite signals. It was necessary to examine the ways of measuring devices and temperature values at various heights for aperiod of one year. Three areas were selected in Egypt for carrying out this study. The first Aswan ,the second at helwan and the third at matrouh areas.			
3101	10394209		Study of the Attenuation and Site Response and Their Effect on the Spectra of Microearthquakes in Kalabsha Area, West of Lake Nasser ,Aswan	Khalel, yassien mostafa mohmoud ali	yassien mostafa mohmoud ali Khalel,	Qena:	2008 .	The Aswan seismic telemetry network began with eight in 1982. The network was expanded to10 strations in 1985 ,surrounding the northern part of Lake Nasser. The purpose of the network is to monitor seismic activity along the seismic active faults in the northern part of Lake Nasser. The separation of the effect of source and path on the seismogram of an earthquake is one of the basic problems in seismology . This problem is particularly acute when estimate of the source parameters of microearthquakes are determine from the shapes of their spectra since there is generally no corroborative evidence(e.g surface breakage,definable aftershock zones) about their rupture dimensions or slip			
3102	10394215		Effect of some medical plants extracts consumption on carbohydrates metabolism and lipid profile in induced diabetic rats	Moussa, mahrous mahmoud ahmed	mahrous mahmoud ahmed Moussa,	Qena:	2008 .	The pupose of the present study was to investigate the effects of daily oral admistration of green tea and ginger extracts for 6 weeks on plasma glucose lipid profile and kidney functions in alloxan-induced diabetic rats to show the curative effect of each extract in alloxan induced- diabetic rats also in normal rats before they are made diabetic to show their preventive effect.			
3103	10394230		public health importance of some bacterial food borne zoonoses	Hassan,asmaa gaber mubarak	asmaa gaber mubarak Hassan,	Qena:	2008 .	Infectious diseases spread throuth food or beverages are a common distressing and sometimes life-threatening problem for millions of people all over the world. the centers for diseases control and prevention (cdc) estimate 76 milion suffer for food -borne illnesses eash year.			
3104	10394249		The role of some antioxidants in the reduction of oxidative stress in response to paraquat adimintration male aloino rats	Mohamed, amal abdel-fattah	amal abdel-fattahMohamed,	Qena:	2008 .	Aim of work: the present study was undertaken to examine the antioxidant effect of vitamin c glutathione and vitamin E. as well as the oxidant effect of paraquat in acute and chronic treatment of paraquat. for this purpose the levels of biochemical parameters catalase glutathione reduced were determined in the plasma and lipid peroxide was determined in the serum of adult male albino rats.			
3105	10394343		chemical studies on the biavvail ability of iron in some foods to be place of some rich iron drugs	shehata, jaklin gergis	jaklin gergis shehata,	Qena:	2008 .	This work was done to try answer the following questions: 1- What are the rich iron foods you should eat? 2- what is the protocol of meals? 3- how can enhance the iron availability within the body? 4- what are the role of some other elements to encance or inhibit the availability of iron within the body?			
3106	10394550		Unsteady heat and mass transfer in micropolar flow through porous media	Hassan,samah elsayed ahmed	samah elsayed ahmed Hassan,	Qena:	2002 .	in this thesis analytical and numerical solutions for some problems of unsteady heat and mass transfer over different shape surface in the bpendary layer of micropolar fluids through a porous medium are discussed. in these problems we studied the influences of magnetiс field vortexviscosity permeability of porous medium chemical reaction heat generation laborsorption thermal conductivity .			
3107	10394799		Improving transformers characteristics under harmonics	Ahmed,mahrous ahmed taher	mahrous ahmed taherAhmed,	Aswan :	2007 .	the thesis shows clearly the effects of harmonics on transformers K-factor which is considered as a modern design for transformers to accommodate harmonic currents is investigated at different loading conditions. this thesis developed and discussed different cases of operation for (MPS) including harmonic voltage and current measurements on 11 kv level comparison of these values with the limit of IEEE-519 calculation of k- factor for choosing the suitable k-rated transformer for each case.

3129	10507938		علاقات الولايات المتحدة بغرب أفريقيا في القرن التاسع عشر /	رزق، صلاح أبو زيد.			1991	شيد القرن التاسع عشر علاقات متنوعة بين الولايات المتحدة الأمريكية ومنطقة غرب أفريقيا في المجالات الاقتصادية، والسياسية، والاجتماعية، والثقافية، وموضوع هذه الرسالة يدور حول هذه العلاقات. ولقد وقع إختيارى على هذا الموضوع نظرا لما له من أهمية في إبراز الدور الذي لعبته الولايات المتحدة في قارة لها إعتبارها بين قارات العالم، بل وفي منطقة تعد من أهم وأخطر مناطق القارة الأفريقية أهمية، وحيوية، وجنبا لإهتمامات الرجل الأبيض أوربيا كان أم أمريكيا.		
								ولقد تطلب الحديث عن العلاقات بين الولايات المتحدة ومنطقة غرب أفريقيا تعقب هذه العلاقات في مراحلها الأولى، ويتضح من فصول الرسالة كيف أن هذه العلاقات كانت منذ البداية- تجارية، وكانت تجارة الرقيق تمثل السلعة الرئيسية مما جعل من الأهمية الإشارة إلى الأصول التاريخية لعلاقات الولايات المتحدة بالمنطقة في الفترة السابقة للقرن التاسع عشر. وبين بداية هذه العلاقة منذ أن وطئت أقدام أول زنجي أفريقي حملته سفينة كرسوفر كولمبس أرض العالم الجديد، وكيف تمت وتطورت في القرن التاسع عشر وأدت إلى تأسيس ليبيريا، وما صاحب ذلك من ازدهار العلاقات وتنوعها في المجالات الاقتصادية والسياسية والاجتماعية، والثقافية مروراً بحركة الكشف الجغرافية للعالم الجديد في تلك الحقبة الغابرة، وما صاحب ذلك من حاجة ماسة إلى تعمير تلك المناطق المكتشفة وظهور الحاجة إلى الأيدي العاملة من القوى البشرية التي وقع على عاتقها إقامة البناء، والعمران، وأعمال التشييد والتعمير، كيف وجد الإنسان الأبيض في الرقيق ضلائله المنشودة، وهو مولود بكثرة في القارة الأفريقية وبأقل التكاليف مما أدى إلى رواج هذه التجارة. إبان تلك الفترات المواكبة لحركة الكشف الجغرافية البرتغالية لأفريقيا الغربية.		

							تعتبر هذه الدراسة الادبية تحقيق لمخطوط شرح الازهرية للشيخ خالد الازهرى الذى عمل الشنوائى عليه حاشيته وما تحتويه تلك الحاشيه من مباحث علميه متعمقه وافكار تميز صاحبها واهتمت الدراس بحياه الشيوخ: الشيخ خالد الازهرى الشارح والشيخ الشنوائى.. المحشى ومؤلفاتهم وتقايفهم الشموليه مع عرض وتقديم للحاشيه مقمتتها وابوابها ومسائلها ومصادر الشنوائى فى حاشيته واقوال العلماء السابقين وارائهم من خلال الحاشيه واهم الملامح التى بنى عليها الشنوائى ومنهجيه فى الحاشيه من حيث الاسلوب والنقل عن سبقه والاستشهاد واتجاهاته النحويه سواء البصريه او الكوفيه واتجاهاته اللغويه المتمثله فى مباحثه الصوتيه الخاصه بصفاث الحروف وخصائصها والظواهر اللهجيه وظاهره الملحن فى الحاشيه وتظهر فى الحاشيه الاتجاهات البلاغيه المتمثله فى علم المعاني، البيان، اليبين وتقع الرساله فى مجلدين. المجلد الاول للدراسه والمجلد الثانى لتحقيق المخطوط من حيث كتابته وما يتعلق به من ترميز وتوثيق.	1992 .	اسيوط : جمال محمد نصر ،	نصر ، جمال محمد محمد.	حاشيه الشنوائى على شرح الازهرية المسمى بالنور البهيه على شرح الازهرية للعلامه الشنوائى :	10508130	3130	
							هذا البحث دراسة لغوية أدبية لسورة التوبة التي تعتبر من أواخر ما نزل من القرآن وتضمنت بعض أحكام المجتمع الإسلامي وبعض الظواهر الاجتماعية والسورة أيضا غنية بالتأثيرات اللغوية والظواهر النحوية التي تظهر في الانجمام الصوتي داخل بنيتها وتركيبها وفواصل آياتها وأظهرت الدراسة العديد من النتائج من أبرزها : أن ظاهرا الإمالة ذات أهمية من الجانب اللغوي والقراءات القرآنية ولا توجد لهجة في الوطن العربي وبالرغم من أن المد ظاهرا لم تدخل منها لغة من اللغات إلا أن للمد طبيعته خاصة في الأداء القرآني وله قوانينه وقواعده ووضح من دراسة الأفعال أن الفعل المثبت في السورة أكثر من الفعل المنفي بالسورة أنواع من الجموع لها وظيفتها من حيث التركيب ومن حيث الدراسة الشكلية ودلالاتها المختلفة . br ومن النتائج التي توصلت إليها الدراسة أن "نول وجهات غريبه أخرى" احتلت المركز الأول بين الجهات المختلفة الواردة في نشرات الأخبار بنسبه 27.17% وضمت هذه الفئه 18 نوله غريبه عدا مصر وفلسطين و8 جهات غريبه في مقمتها الجامعه العربيه كما احتلت فئه "الولايات المتحده واوروبا الغربيه" المركز الاول بين الجهات الواردة في البرامج الاخباريه بنسبه 18.64% وبلغت تكرارات الولايات المتحده وحدها نصف تكرارات هذه الفئه بنسبه 32.9% وجاءت الفئتان "اسرائيل" و"نول وجهات غريبه أخرى في المركز الثاني بنسبه 15.84% لكل منهما ثم جاءت "مصر" في المركز الثالث بنسبه 13.28%.	1992 .	اسيوط : حمدى بخيت عمران،	عمران، حمدى بخيت.	سوره التوبه :	10509117	3131	
							لما كانت الأوضاع السياسية والحضارية للقبائل الحجازية قبيل الإسلام قد اختلفت فوُضعت بينهم الفِرقة وتشتت الألفة واختلفت واضطربت أحوالهم وكانوا في بلاء عظيم من جهر مطبق وبنات مؤودة واصنام معبودة أرحام مقطوعة وغارات مشنونة فكثرت الحياة في الحجاز خلال هذه الفترة تتطلع إلى عهد جديد يقضى على هذه الأوضاع ويخلص من الجذور نظاما فاسدة ولم يكن أمل هذه الحياة أن تستمر وتبقى. لقد أثر الإسلام في تغير الأوضاع السياسية والحضارية للقبائل الحجازية من الناحية السياسية نشأت دولة لم يسبق مثيلها فنحج الرسول صلى الله عليه وسلم لأول مرة في شبة الجزيرة العربية عامة والقيم الحجاز خاصة في أن يكون من القبائل الحجازية أمة واحدة ودولة بعد أن عصفت بهم هذه القبائل الإخاء والمساواة وأن يكون الولاء للدين. كما أن الإسلام قد أقر تشريعا عظيما في نظام الحكم يمثل في نظام الشورى الذي يمثل بوضوح الحرية السياسية في الإسلام ذلك أن الإسلام لايعرف الفردية المطلقة المستبدة لأنها تسلب الآخرين حريتهم في التعبير عن رأيهم. بجانب ذلك أثر الإسلام في تغير الأوضاع الحضارية والتي تتمثل في تطور الأوضاع الاجتماعية والأوضاع الاقتصادية فمن الناحية الاجتماعية أقر الإسلام نظم ومبادئ سامية ليبنى مجتمعا جديدا بكل للجميع حق الحياة فأهتم الإسلام بالأسرة على أنها ركيزة المجتمع واللبنية الأساسية في بناء الأمة.	1992 .	اسيوط : عماد على طلبة عطيه،	عطية، عماد على طلبة.	الأوضاع السياسية والحضارية للقبائل الحجازية وتطورها من قبيل الاسلام الى نهاية عصر النبوة /	10509971	3132	
							تهتم هذه الدراسة اللغوية بالبحث في سورة من سور كتاب الله الكريم وهي سورة "يس" تلك السورة التي تتميز بتناوع من التأثيرات اللغوية في الجوانب النطقية مما يتصل بالصوت والحركة وهي ذات بناء لغوي يمتاز بالانجمام الصوتي داخل بنيتها وتركيبها وفواصل آياتها وتشتمل على بعض الظواهر النحوية لذلك يهتم هذا البحث بدراسة التركيب والمفردات الواردة في السورة الكريمة مع تفسير العلاقات بين المفردات والتركيب ومعرفة التأثير والتأثر القائم بين مفردات التركيب وأوضحنا الدراسة أن سورة "يس" مكية وعدد آياتها ثلاث وثماتون آية ويرجح أن يكون "يس" من الحروف المقطعة بغرض التنبية والأعجاز أو أنها اسم لسيدنا محمد صلى الله عليه وسلم بدليل قوله تعالى " وإنا لك لمن المرسلين" وقد تبين من الدراسة الصوتية لسورة "يس" أنها ذات الخصائص النطقية التي يجب أن يكون عليه النطق الأمثل للقرآن الكريم وقد دارت مباحثه حول مجموعة من الظواهر.	1994 .	اسيوط : عاطف محمد كمالث فكار،	فكار، عاطف محمد كمال.	سورة يس :	10510124	3133	
							التراث الأدبي هو أحد الكثور التي ورثناها عن الأوائل التي جانب كثير من ألوان المعارف والعلوم، وهو الديوان الذي سجلوا فيه ماثرهم، وما مر بهم من أحداث سياسية واجتماعية ودينية، وهو المنفذ الإبداعى الذي عبروا من خلاله عن رؤيتهم لأشياء من حولهم، كما عبروا من خلاله عما يعمل في أنفسهم ووجدانهم في الحالات المتباينة، في الضيق والفرح والرضا والسخط، وفي الشدة والرخاء، والسعادة والشقاء.							
							ومع نزول القرآن الكريم، وتجديده بتأنيع العلوم اللغوية والبائية ظهرت للتراث الأدبي أهمية أخرى من جهة تلبينه حاجة هذه العلوم إلى الشاهد والمثل، كما راح المفسرون ينظرون إلى النص الأدبي بما فيه من ثراء في الألفاظ والتركيب على أنه وسيلة إلى تغيير النص القرآني الذي يمثل النمط الأرقى والأسمى للأسلوب العربي الفصيح.							
							ومنطلق هذا الدور البارز الذي يلعبه النص الأدبي في التغيير اخترت التراث الأدبي في تفسير ابن كثير ليكون موضوع دراستي لنيل درجة الماجستير، إذ أنني عندما قرأت هذا التفسير وجدت أن ابن كثير يعتمد على النص الأدبي بإعتباره وجها رئيسيا من أوجه التفسير، كما يتخذ منه رفيقا في رحلته مع آيات الكتاب العزيز، فإذا شرع في الكشف عن الأبعاد الدلالية للكلمة القرآنية أو تحدث عن وجه الإعجاز في أمر تركيبى أو بلاغى أو رد من الشعر شاهدا ومثلا لوجهة نظره، وما ذهب إليه من تفسير. كذلك إذا تحدثنا عن القيم والمبادئ التي انطوت عليها المعاني القرآنية نزح إلى النص الأدبي الذي يمجّد هذه المعاني سواء كان شعرا أو موعظة أو حكمة أو مثلا سائرا. ولا يفوته عند تفسير ماتضمنته الآيات من قصص أو إشارات إليه من أحداث تاريخية أن يزيّد الأمر بسطا عن طريق مايحفظ فيها من أشعار، أو عن طريق ما بلغه عنها من أخبار بني إسرائيل، مما لا يخالف الكتاب أو السنة، وأباح الرسول – صلى الله عليه وسلم- التحديث فيها.	1994			التراث الأدبي في تفسير ابن كثير :	10510141	3134	
							وقد فرضت على طبيعة الدراسة استخدام أكثر من منهج، فقد استخدمت المنهج التاريخي عند توثيق النصوص ورددوا إلى قائلها، كما استخدمت المنهج الفني القائم على التحليل عند تصنيف النصوص والدراسة الفنية، إلى جانب مناهج التحقيق عند تخريج الأشعار وتحقيق رواياتها.							
							لقد توصلت الرسالة إلى أهمية المعاملات المالية التي شهدها موانئ صحراء مصر الشرقية في العصر الفاطمي،وبدورها في تسهيل العملية التجارية بين التجار وعملاتهم في عياد وأسوان،فضلاً عن بقية بلدان العالم الخارجي، وكان الغرض من هذا النظام حماية أموال التجار وتسهيل مهمتهم من أجل ازدهار النشاط التجارى في صحراء مصر الشرقية.	1995 .	قنا :	أحمد حسين حسنين النمكي،	النمكي، أحمد حسين حسنين.	صحراء مصر الشرقية في العصر الفاطمي /	10510162	3135
							جاء هذا البحث ليقيم تفسيرات جديدة مغايرة للعاملين،وبديلة لهبعد ما رفضه كثير من العلماء والدارسين،وكان سببا في رمى نحو العربية بالجفاف والغموض والتعقيد،فكانت رسالتي هذه من باب سد الذرائع ،بمعنى أنها تستغنى عن فكرة العامل،وتطرح بدائل لها					اطروحة ماجستير	10510220	3136
							هذه الدراسة تلقي الضوء على الاختلاف بين أنماط التعليم، وليس معناه أن هناك انقطاعا وظفيا بينهما فالواقع أن هناك جوانب متعددة يتضح فيها الاستمرار الوظيفي بينهما.							
							ولما العبرة في مواصفات التعليم ونوعه ومنهجه ووظيفته وفلسفته، ويرجع القدر الأكبر من الأهمية وهو أن عملية التنشئة الاجتماعية والاقتصادية ترتبط بالظروف الاجتماعية والاقتصادية وما يسود المجتمع من تفسيرات، فالتعاون والاستقرار الإجتماعي يسهل عملية التكيف واكتساب المعايير، أما إذا تصارت المعايير والقيم فإن ذلك يؤدي بدوره إلى مواقف الصراع التي تؤثر على شخصية الأفراد.							
							أما الأهمية على المستوى القومي فإنها ترجع إلى عدم وجود دراسات محددة تركز على آثار التعليم في التنشئة الاجتماعية نحو بعض القيم وخاصة على مستوى مرحلة المراهقة وتأكيد أهمية الدور الذي يمكن أن يلعبه أنماط التعليم خاصة التعليم العام والأزهري في التأثير على التنشئة الاجتماعية للأبناء لإعداد المواطن الصالح القادر على بناء الأسرة السليمة، والذي يمكنه بالتالي المشاركة في عمليات التنمية في المجتمع بصورة إيجابية.							

						وفي ضوء ذلك يمكن تحديد أهداف الدراسة على النحو التالي :- محاولة الوقوف على تأثير التعليم العام على التنشئة الاجتماعية للأبناء محاولة الوقوف على تأثير التعليم الأزهرى على التنشئة الاجتماعية للأبناء محاولة التعرف على الفروق بين تأثير كل من التعليم العام والأزهرى على الأبناء ولتحقيق أهداف الدراسة، فقد وضعت الباحثة ثلاثة تساؤلات رئيسية :- 1- ويتضمن الفاعل الآتية: (أثر التعليم العام على التنشئة الإستقلالية – أثر التعليم العام على التنشئة الدينية – أثر التعليم العام على التنشئة الجنسية). 2- ويتضمن الفاعل الآتية : (أثر التعليم الأزهرى على التنشئة الإستقلالية – أثر التعليم الأزهرى على التنشئة الدينية – أثر التعليم الأزهرى على التنشئة الجنسية). 3- هل هناك فروق ذات دلالة إحصائية بين أثر نمطى التعليم العام والأزهرى على التنشئة الاجتماعية للطلاب؟- وقد اعتمدت الباحثة فى الإجابة على هذه التساؤلات على المنهج المقارن ومنهج دراسة الحالة، كما استخدمت إستمارة إستبيان للطلاب فى نمطى التعليم وتم تطبيقها على (100) طالب وطالبة من التعليم العام، (100) طالب وطالبة من التعليم الأزهرى، وقد قامت الباحثة بدراسة ست حالات من أولياء الأمور الغير متعلمين وأبنائهم فى مراحل التعليم الإعدادى العام والأزهرى وعلى ست حالات من أولياء أمور متعلمين وأبنائهم فى مراحل التعليم الإعدادى العام والأزهرى. كما استخدمت الباحثة المقابلة والملاحظة الغير مشاركة، وذلك للحصول على أكبر قدر ممكن من البيانات والمعلومات عن الجوانب لهذا الموضوع الهام.

3140	10511219	سورة الانفال :	على، محمد سيد نصر الدين.	محمد سيد نصر الدين على،	1995 .	تتناول الرسالة [٢٢] دراسة سورة الانفال دراسة لغوية صوتية، صرفية، ونحوية ومن الناحية المعجمية.
3141	10511445	الشنون العربية فى الصحف المصرية :	الزهرى، محمد محفوظ.	محمد محفوظ الزهرى،	1995 .	تهدف الدراسة الى بحث مدى اهتمام الصحف المصرية ومنها القومية والتي تتمثل فى (الاهرام/الاخبار/الجمهورية)والحزبية وتتمثل فى صحيفة(الوفد/الشعب/الاهالى)لمعرفة وجهتى النظر نحو القضايا العربية والتي شغلت اهتمام الصحف المصرية والراى العام المصرى خلال عام 1990 وخاصة فى ظل الظروف البقية التى مارلت بها المنطقة العربية ومازال خطرها حتى الان وتتمثل فى الغزو العراقى للكويت فى اول سابقة من نوعها فى التاريخ العربى الحديث.
3142	10511537	لهجة القبلى قامولا :	شحات، منى محمد.	منى محمد الشحات،	1995 .	تتناول الرسالة موضوع لهجة القبلى قامولا وقد تم دراستها دراسة وصفية تحليلية تسجل اهم الظواهر اللغوية للهجة من النواحي الصوتية والصرفية والنحوية.
3143	10511573	الهجرة الخارجية وأثرها على تنمية الوعى السياسى للمهاجرين :	محمد، هند محمد الشندى.		1995	
3144	10511888	على الجارم لغويا /	عيد، نوال سعدى أمين.		1995	أهمية دراسة الجارم اللغوي، فتناولت الرسالة بالدراسة التحليلية :- أولاً:- جهود و اتجاهاته اللغوية داخل مجمع اللغة العربية بالقاهرة، وقد خلصت من ذلك بأن الجارم منهجا للبحث فى كيفية تنمية الثروة اللغوية والتوسع فى اللغة، وجهودا لعلاج ما حل باللغة العربية من كبوات وعثرات. ثانياً :- لغته وخصائصها على مستوى اللفظ والتراكيب:- لما كانت الدراسة الأسلوبية " تكفئى بقطعة ولو يسيرة من نص صاحب الأسلوب لتكشف بها عن تطابق الأسلوب والعقريه، وعن عمق ارتباط الأسلوب بصاحبه ارتباطا عضويا حتى كأنه بصمته"، فقد وقع إختياري على مقالات الجارم الأدبية وأحاديثه الإذاعية لما تمثله هذه وتلك من تجربة أدبية على مستوى المؤلف والموضوع والأسلوب، فبرزت فيها خصائص اللغة العربية من خلال اللغة التى ملكها الجارم. ثالثاً : جهود فى مجال تيسير النحو التعليمي والبلغة التعليمية :- وقد رأيت أن جهود فى هذا المجال متصلة بفكره اللغوي العام. والتييسير يقوم عنده على أساسين :- أحدهما تعليمي والأخر تربوي. فأما التعليمي فقد كان هدفه فيه تنمية الحس اللغوي القائم على أساس تكوين القدرة لدى الدارس فى تكوين جملة مفيدة وصحيحة نحويا لفظا وكتابة. والتبع فى دراسة هذه البحوث المنهج التحليلي الوصفي لرصد الظاهرة وتتبعها فى كل حالاتها وتسجيل معطياتها وتقديم متفسر عنه فى مبادئ وأسس للخروج بإجهاات الجارم فى هذه البحوث، والتوصل فى النهاية إلى منهج الجارم فى البحث اللغوي، وجهوده فى إصلاح اللغة من بعض عثراتها، ثم تقييم هذا وذلك على مستوى البحث اللغوي لإبداء الراى فيما تأثر به من آراء قدماء اللغويين ومقدمه من جديد.
						تتناول الرسالة : إن السلطات محل المقارنة هى السلطة التشريعية والسلطة التنفيذية مع استبعاد السلطة القضائية من مجال المقارنة تتكون السلطة التشريعية فى النظام البرلمانى من نظام المجلسين سواء مجلس النواب الذى يمثل بالانتخاب المباشر ويسمى بالمجلس الأدنى ومجلس الشيوخ الذى يمثل صفة المجتمع وفقا لتقاليد النظام البريطانى . اما السلطة التنفيذية فتقوم على مبدأ التنائية فى النظام الرأسمانى حيث يوجد ملك او رئيس غير مسئول سياسيا وحكومة تمثل سياسيا امام البرلمان فى المقابل نجد وحدة فى السلطة السياسية فى النظام السياسى الرأسمالى المطبق فى الولايات المتحدة الامريكية . تتجسد ملامح النظام البرلمانى فى وجود مجلس او مجلسين منتخبين وحكومة مسئولة مع الفصل المرن بين السلطات- والتعاون المتوازن بين السلطات تقوم السلطة التنفيذية فى النظام البرلمانى متمثلة فى الملك او الرئيس برئاسة الدولة تعيين رئيس مجلس الوزراء تعيين- الوزراء تعيين الموظفين قيادة الجيوش ،اعلان الحرب، عقد الصلح و ابرام المعاهدات وتبادل التمثيل الدبلوماسى مع الدول الاخرى . ومن اهم التوصيات : ان النظام الدستورى المصرى نظام نيابى وان كان قد توسع فى الاخذ بسلطات كبيرة لرئيس الجمهورية اذ يأخذ هذا- النظام بالمسئولية الوزارية السياسية للحكومة ويقرر حق السلطة التنفيذية فى حل البرلمان ان السلطة التنفيذية تقوم على ثنائية من رئيس الدولة غير المسئول سياسيا ورئيس الدولة الحكومة فانه يخضع للمساءلة- السياسية باعباره رئيسا للحكومة ان السلطة التشريعية فى مصر تقوم على فردية المجلس او المجلس الواحد وما مجلس الشورى الا مستشار للحكومة يؤخذ- رايه فى بعض مشروعات القوانين . ان السلطة التنفيذية تملك معظم جوانب السلطة التشريعية ولذلك نرى الغاء النصوص المقررة للتفويض التشريعى- كليا .
3145	10512439	التوازن بين السلطتين التشريعية والتنفيذية :	حسن، مريد أحمد عبد الرحمن	مريد احمد عبدالرحمن حسن ،	2006 .	القاهرة :

							هذه الرسالة تتضمن الأدفوي وكتابه، وهو يشمل شقين- الأول يدور حول الأدفوي إنسانا وأديبا وعرضت لإبداع الأدفوي من جانبين:كونه كاتبا وكونه شاعرا ثم موقع شعرة عند النقاد والمؤرخين؛ والثاني يدور حول كتاب الطالع السعيد وقيمة الكتاب؛ ثم الشعر في الطالع السعيد دراسة احصائية؛ ثم يتناول أغراض الشعر التي تركها شعراء الطالع؛ بعد ذلك يناقش عنصر اللغة فيشعر الطالع السعيد؛ ثم الخصائص العامة لأسلوب شعراء الطالع والخيال والصورة الفنية وأخيرا البنية الإيقاعية؛ المنهج الذي إتبعه الباحث في الرسالة هو المنهج التكاملي أو الشمولي فيه استدراء واستنباط واستعانة بالتحليل النفسي. ومع الأهمية السوسيولوجية لموضوع الطبقات الاجتماعية ومشاركتها السياسية إلا أنه لم يحظ بالقدر الكافي من الدراسات التي تناولت الطبقات الاجتماعية، أو المشاركة السياسية، ولندرة الدراسات التي أهتمت بدراسة مستويات المشاركة السياسية للطبقات الاجتماعية للوقوف على العوامل التي تزيد أو تقلل من مستوى المشاركة السياسية لطبقة ما، وأثر ذلك على الجوانب التنموية الأخرى للمجتمع، الأمر الذي يتطلب إجراء المزيد من الدراسات العملية التي تهتم بالبناء الطبقي للمجتمع وعلاقته بالجوانب الأخرى وأثر ذلك على التنمية. بالإضافة إلى ذلك فإن واقع البلدان النامية اليوم وما تعاني منه من مشكلات إجتماعية واقتصادية إنما يتطلب المزيد من الدراسات المتعمقة والجهود المتواصلة للوقوف على صور ومعوقات المشاركة السياسية للطبقات الاجتماعية وأثرها على التنمية والتي تجند لها الدولة كل طاقاتها في الوقت الراهن. ومن هنا كان اختيار الباحث لموضوع الدراسة " البناء الطبقي والمشاركة السياسية : دراسة ميدانية بين الريف والحضر في محافظة قنا" كمجتمع جدي إتجهت إليه الدراسة العلمية لدراسته حديثا، لتنميتها والتصدي لصور السلبية السياسية التي تقف عائقا أمام الخطط التنموية. كما تتبع أهمية هذه الدراسة في أنها محاولة للإسهام في الجهود العلمية المبذولة لدراسة موضوع البناء الطبقي والمشاركة السياسية في المجتمع المصري الذي يمر بمرحلة حاسمة للتنمية في تاريخه المعاصر والتي تجند لها الدولة كل طاقاتها من أجل تحقيق تنمية شاملة.		
3146	10512808	الشعر في الطالع السعيد: دراسة فنية/ إعداد ثابت محمود هاشم؛ إشراف الطار امد مكي، محمد ابو الفضل بدران.	هاشم، ثابت محمود.	ثابت محمود هاشم،	1996	قنا :	تتناول هذه الدراسة " الشعر في كتاب الروضتين لأبي شامة جمعا وتحقيقا ودراسة"، ولعل السبب في إختياري هذا الموضوع هو أن الشعر في هذا الكتاب يعد مادة أدبية قيمة لا ينبغي للمستغلين بالدراسات الأدبية أن يغفلوا، كما أن هذا الكتاب يظفر في الحياة العلمية الحديثة بمكانة عظيمة تضمنه في مقدمة المصادر التي يرجع إليها الباحثون في مرحلة هامة من مراحل تاريخ العصور الوسطى الإسلامية، كما أنه يعد صورة صادقة لعصري نور الدين وصلاح الدين حيث قاما بمجهود متصل وواحد موديا إلى هدف نهائي واحد هو وحدة المسلمين في هذه المنطقة التي كانت تعد بحق قلب العالم الإسلامي عندئذ، لمواجهة الخطر الأجنبي. ولم يتناول باحث من الباحثين المعاصرين دراسة الشعر في كتاب الروضتين، ومن ثمة فإنه يمكن القول بأن موضوع هذا البحث الشعر في الروضتين جمع وتحقيق ودراسة جديد تماما. وقد إتجهت الدراسة إتجاها إستقرانيا تصنيفيا وصفيا، واتجاه الذي تفرضه طبيعة هذا البحث. فالشعر في الروضتين ميثوث في ثانيا المواد المختلفة مابين أبيات ومقطوعات، وقصائد، تنتمي إلى أغراض شعرية عديدة، فقممت بإستدراء في سائر أجزاء الكتاب، وصنفته بطريقة معينة أوضحتها فيما بعد، ووصفته وصفا يوضح هويته ويكشف بعض الجوانب المحيطة به، ويلقي عليه أضواء تعد تمهيدا وإسهاما مباشرا في تحليل نصوصه وتذوقها تنوقا فنيا.

						التمهيد: وفيه أعرض لجانب من شخصية الإمام بالإضافة إلى نبذة عن كتابه الموطأ حفل الدراسة، والإحتجاج بالحديث الشريف في اللغة. أما فصول الدراسة ومباحثها فهي على النحو الآتي :- : القسم الأول : الدراسة النحوية - ويجى في خمسة فصول، وهي: (الجملة الإسمية – الجملة الفعلية – الجملة المنفية – الجملة الشرطية – الجملة الإستيعابية). :القسم الثاني : الدراسة الصرفية - ويجى في ثلاثة فصول : الفصل الأول : تصريف الأفعال : ويجى في خمسة مباحث – المجرى اللازم والمتعدي – المجرى والمزيد – المبنى المعلوم والمبنى للمجهول – الصحيح والمعتل – الجامد والمشتق). الفصل الثاني : تصريف الأسماء : ويجى في ثلاثة مباحث : (المشتقات – المصادر – التذكير والتأنيث). الفصل الثالث : الإعرال والإبدال ومباحث صرفية مكملة. الخاتمة : وفيها أجملت أهم النتائج ومتوصلت إليه من توصيات - ثم أننى عمدت إلى متن حديث النبى – صلى الله عليه وسلم - فى الدراسة والتطبيق ؛ ليكون حفل الدراسة محددا، وللتوضيح والإفادة ثيلت كل مبحث برسم توضيحي يبين نسب الإستخدام بين أركان النمط التركيبى الواحد، والأنماط التركيبية للجل وبعضها البعض. هذا وإن كانت الدراسة تبدو مهمة بالتراث فى شكلها العام إلا أنها محاولة للتوفيق بين التراث والمعاصرة من خلال دراسة الأنماط التركيبية للجملة العربية والوقوف على ماهية هذه الأنماط ومدى موافقتها للأنماط التركيبية المعيارية
3162	10516488	الموطأ للإمام مالك بن أنس :	عبدالعزیز، وحید الدین طاہر.		2001	يعد الشاه عباس الكبير من أهم حكام الدولة الصفوية على الإطلاق، والذي مثل عهده في تاريخ الدولة الصفوية – نقطة إنعطاف خاصة – جعلت من عهده ما يجسد قمة ما وصلت إليه إيران أو بمعنى أدق ماوصل إليه الصفويون من قوة سياسية واقتصادية، بدت آثارها جلية في التقلبات السياسية التي حدثت في المنطقة سواء بين الصفويين والعثمانيين أو بين الصفويين والأوزبك. أو في العلاقات مع أكبر دول أوروبا آنذاك، والتي تمثلت في حكمهما الكبير " كازيزايث الأولى" (1558/1603م) أو "جيس الأول"(1603/1625م) ملكا إنجلترا، أو "فيليب الثالث" (1598/1621م) ملك أسبانيا والبرتغال، أو "رودلف الثاني"(1576/1612م) إمبراطور ألمانيا، أو مع حكام الولايات الإيطالية وبولندا، أو مع "إيفان الرهيب" حاكم روسيا. ولقد قامت هذه العلاقات بين إيران وأوروبا على أساس المصالح السياسية والتجارية، حيث السعي الأوربي لتحقيق المصالح الأوروبية في المنطقة، وبخاصة منطقتي الخليج والهند، والسعي الإيراني من ناحية أخرى لإقامة تعاون مع أوروبا للتصدي للدولة العثمانية، وهو ما رسم على وجه التحديد خط سير العلاقات الإيرانية – الأوروبية في عصر الشاه عباس الكبير. ومن هنا تستهدف هذه الدراسة محاولة السعي إلى تحليل الفكر السياسي لدى الشاه عباس الكبير كالبرز شخصية حاكمية في تاريخ تلك الدولة والتي تميزت بفكرها ومنهجها السياسي فغيرت وجه الحياة في إيران، وربما ما جاروها من بلاد أخرى، حيث اعتبرت فترة حكمه على وجه الخصوص- والولة الصفوية على وجه العموم – مرحلة إنتقال من العصور الوسطى إلى الحديثة.
3163	10516532	الشاه عباس الكبير والعلاقات الإيرانية الأوربية في عصره :	علي، حمدي عبدالراضي.		2002	نظرا لأهمية صعيد مصر التاريخي والثقافي والجغرافي فهو واجهه مصر الجنوبي وقد أدى دورا مبنوها- مثله شأن الشمال- في تاريخ مصر القديم والحديث ولما كان الصعيد يختص ببيئة جغرافية ودينية تميزه عن غيره ولما كانت الرواية ديوانا من دواوين العرب المعاصرة وددت ان اسد فراغا في المكتبة العربية حول الصعيد ي الرواية المصرية الحديثة. وحينما اخترت الصعيد موضوعالبحثي لم يكن اختياري نوعا من التعصب لمجتمع الصعيد بقدر ما كان رغبة في إلقاء الضوء على صورته في الرواية الحديثة وكيف انعكست بعض مزايا هذا المجتمع وسلبياته على تصويره روائيا لاسيما انه يشكل بقعة كبيرة من المساحة التي تشكلها جغرافية مصر كما انه مجتمع ترى لغويا فما تزال الألفاظ الفصيحة الجميلة تسمع على السنة بنيه وما يزال حضور الشعر والقص واضحا بين سامريه وكيف اختلط الموروث القديم بأساطيره وملاحمه وسيره بعقول ذويه. ولما كان حضور الصعيد في الرواية المصرية الحديثة ظاهرة في اعمال روائية متعددة فقد حددت زمنية البحث بدات بثورة 1952 حيث كانت نقطة تحول في تاريخ مصر المعاصر وانتهيت ب 1995 مركزة على أهم الروايات التي ظهرت فيما بين التاريخين طارحة الروايات المتشابهة في التناول والتشكيل.وقد جاء عنوان البحث الذي اخترته على النحو التالي :- الصعيد في الرواية المصرية الحديثة من عام 1952 حتى 1995 دراسة نقدية تحليلية وقد عنيت بالفترة الزمنية تلك الروايات التي نشرت خلال هذه الترة والمتعلقة بالصعيد وتناولت اهم روايات هذه المرحلة التي تجلى فيها الصعيد شخوصا وبيئة ومعالجة ونقدا.وفي التمهيد تحدثت عن هدف البح فانيت انه يهد الى تحليل تناول الكتاب للصعيد في نصوصهم الروائية من كل الزوايا من حيث الشخصا وطريقة تناولهم وطرحها في الرواية وكذا العادات والتقاليد والإمكانة ومفردات الحياة المتنوعة وكيف يبدو الصعيدى فى الرواية الحديثة من حيث تشكيله الثقافي بدرجاته وتصرفه ووعيه فى الرواية ومن حيث تصوير البيئة الصعيدية.
3164	10516546	الصعيد فى الرواية المصرية الحديثة من عام 1952 حتى 1995 :	شاهين، نجوى محمد الامين.	نجوى محمد الامين شاهين،	2002 .	وتبين من خلال الدراسة أن هناك خلافا بين الباحثين حول شخص الفقيه الذي أدخل المذهب المالكي إلى الأندلس،ورجحت أن يكون الفقيه الغازى بن قيس الذى كاتله السبق فى الرحلة إلى الإمام مالك الذى مهد للمذهب المالكي فى الأندلس
3165	10516554	فقهائ المالكية فى الأندلس فى عصر المرابطين وأثرهم فى الحياة السياسية(479-541هـ/1086-1147م))//	حسن، نجوان أبو بكر محمد.	نجوان أبو بكر محمد حسن،	2003 .	مدينة إيسنا من المدن المهمة التى تقع فى أقصى صعيد مصر على الضفة الغربية للنيل، وهى من أقدم مدن الإقليم وأشهرها فى مختلف العصور القديمة فهى العاصمة الثانية بعد نخب (الكلب الحالية) والمقاطعة الثالثة من مقاطعات الوجه القبلى وهى الآن إحدى من محافظات قنا التى تبعد عنها جنوبا نحو 118كم، وتقع شمال مدينة أسوان بحوالى 150كم، وتقع جنوب مدينة القاهرة بنحو 730كم، وتتبع مدينة إيسنا بعض القرى أهمها: أصفون وطفنيس والحلة، والترعة، والدير، والغريرة، القرارا، زرنيج، الكلاية، كومير، وكيما المطاعة وغيرها، ولها بعض الجزر من البر الشرقى والغربى لنهر النيل والتى أطلق عليها منابل. وقد افاض الرحالة والمؤرخون فى وصف مدينة إيسنا بمحاسنها وبساتينها فتجد الإصطخرى الذى عاش فى النصف الاول من القرن الرابع الهجرى، يشبها بمدينة إخمير العامرة بالخيخ والزرزوخ والأشجار والتجارة، وكذلك الإدريسى وهو من علماء القرن السادس الهجرى / الثانى عشر الميلادى الذى أشار إلى أهمية موقع مدينة إيسنا وأنها من بناء القبط الأول، بها مزارع وبساتين، ورخاء شامل، وأمن وادع، ووصفها بالقوت الحموى المتوفى (626هـ/1228م) بأنها : مدينة عامرة بأقصى الصعيد لين ورائها الإلفو وأسوان ثم بلاد التوبة، وتتميز بالتجارة وكثرة النيل والبساتين"، لذا قامت إيسنا بدور هام وعمل فى شتى المجالات السياسية والإقتصادية والإجتماعية والثقافية على مر العصور.
3166	10516563	مدينة إيسنا منذ الفتح الفاطمى لمصر حتى نهاية العصر المملوكى الأول (358-784هـ/969-1381م) / دراسة أثرية للنقوش الكتابية الباقية بمصر العليا منذ بداية الفتح الإسلامى حتى نهاية القرن التاسع عشر(21-1318هـ/641-1900م) /	موسى، أحمد حامد أحمد.		2004	لقد اكدت الدراسة على شيوخ استخدام اللغة العربية على النصوص، وإن كان بعض النصوص فى بعض الماذن الخاصة بالمسيحيين كتابة النص وجانبه النص باللغة القبطية كما اوضحت الدراسة انتشار نصوص التجديد بكثرة فى المنطقة وعلى العمارت المدنية.
3167	10516582	طربوش، أمين محمد أمين الإسلامى حتى نهاية القرن التاسع عشر(21-1318هـ/641-1900م) /	طربوش، أمين محمد أمين حسين.	أمين محمد أمين حسين طربوش،	2002 .	موضوع البحث يدور حول المؤثرات اليونانية على مؤرخى الفلسفة من المسلمين (الشهر ستاني، وابن النديم نموذجا) ونقصد بالمؤثرات اليونانية تتبع أثر ما دونه مؤرخو اليونان فى تاريخهم للفلسفة ومذاهبهم على تاريخ المسلمين لها. ونعلم أن الفلسفة اليونانية وصلت إلينا عن طريق العديد من المصادر الهامة ومن أهم هذه المصادر ماكتبه المؤرخون اليونان أنفسهم عن حياة الفلاسفة وأرائهم. وتكمن أهمية التاريخ اليونانى للفلسفة اليونانية فى مدى صحة ما ورد عنهم وذلك لكونهم من أبناء جنسهم وعلى دراية بموقفهم وحياتهم وأيضا لغتهم واحدة كما أن البيئة الثقافية والعظمية هى الأخرى واحدة كما كان لإقتراب المسافة الزمنية عامل أساسى فى صحة ماورد عن هؤلاء.

						وإذا أردنا أن نحدد أول تاريخ يوناني للحالة العقلية والثقافية لميلاد اليونان فإننا نستطيع أن نؤكد أن الإبادة هوميروس كانت بمثابة أول تاريخ لفجر الثقافة الهلنينية، لكن أعمال هوميروس كانت مجرد تاريخ لمجموعة من الأحداث التاريخية الهامة لميلاد اليونان، كما أنها تاريخ لفترة كان يسودها التفكير الأسطوري الذي كان يرى كل الأشياء من خلال منظور غير منطقي وغير واع، وبعد فترة إستطاع هيرودوت أول مؤرخ يوناني بمعنى الكلمة على حد تعبير الكثيرين أن يقدم تاريخا شبه شامل للحالة السياسية والثقافية لميلاد اليونان، لكن يبدو أن تاريخ هيرودوت لم يكن شاملا أو مكتملا للفكر اليوناني وخاصة الفلسفة حيث لاندج في تاريخ هيرودوت مساحة واسعة للتفسيرات والقضايا الفلسفية فهو على سبيل المثال عندما يؤرخ لفجر الثقافة الهلنينية تجده يرجع أصول هذه الثقافة إلى الشرق القديم ولا يفسر لنا الخطوط العريضة التي تجمع بين الحضارتين، كما أننا لاندج لديه تاريخا واضحا عن نشأة الفكر الفلسفي. ولعل هذا يتضح في المحاورات الأفلاطونية التي كتبها أفلاطون في حياته وعن طريقها عرفت البشرية آراء وفلسفة أستاذة سقراط فقد تحدثت هذه المحاورات لتشمل الكثير من جوانب الحياة في المجتمع اليوناني.	2003	علي، محمد عبدالخالق محمد.	المؤثرات اليونانية على مؤرخي الفلسفة من المسلمين :	10516592	3168
						وقد حاول الباحث التعرف على ملامح الخطاب الإعلامي العربي في واحدة من أهم وسائل الإعلام تأثيرا على الجماهير وهي (الصحف) والوقوف على جوانب القصور والإهتمام في المعالجة الصحفية العربية لقضايا الساعة، أو متاعرف " بقضايا الأقليات الإسلامية" في الخارج. الأمر الذي فرض على الباحث دراسة هذه الظاهرة (الأقليات الإسلامية) لمعرفة مدى تأثيرها على عملية الإستقرار السياسي في العالم والمناطق المحيطة بها والواقعة في نطاقها، والبحث عن إجابة لعدد من التساؤلات لعل أبرزها في إطار الدراسة، لماذا ظهرت قضايا الأقليات الإسلامية في هذا العقد تحديدا دون غيره ؟ وماهي إنعكاسات ظهورها على عملية الإستقرار السياسي في العالم بما في ذلك موقف المنظمات الدولية ؟ وكيفية معالجة الخطاب الإعلامي العربي لها، وكيف تمت معالجتها صحفيا من خلال عدد من الدوريات العربية التي تحظى بإهتمام عربي وعالمي كبير، بجانب الإنتشار الواسع لها خارج نطاقها الجغرافي وكذلك تناولها للقضايا المثارة والحساسة على المستوى العام، وعلى رأسها مسألة الأقليات سواء الإسلامية منها أو غير الإسلامية، ومدى نجاح الخطاب الإعلامي العربي في معالجة قضايا الإسلامية وذلك من خلال الصحافة العربية، وخاصة وأن الصحافة العربية باتت مؤخرا تلعب دورا بارزا في الصراعات الدينية والعرقية والسياسية في العالم، وأصبحت ذات شأن كبير في تشكيل وصنع الرأي العام في المجتمعات العربية في عصر إستمر بالعالمية والعولمة ومن ثم أصبح العالم كله من المصالح المشتركة والاتجاهات المتداخلة وسياسة القتل الأوح.	2000	الداغر، مجدى محمد عبدالجواد عبدالفتاح.	اتجاهات الخطاب الإعلامي في معالجة قضايا الأقليات الإسلامية في الصحافة العربية :	10516608	3169
						وقد إقتصت هذه الدراسة أن تضى في تمهيد وخمسة فصول وخاتمة. فأما التمهيد فقد جاء في نقاط ثلاثة هي: 1. بدايات تحديد مصطلح التنغيم وإستعماله - 2. التنغيم بين مستويات دراسة اللغة - 3. الجملة مناط التنغيم في اللغة العربية - وقد جاء الفصل الأول بعنوان : "التنغيم بين معيارية الكلام ووصفية اللغة عند القدماء"، وكانت الغاية منه التفریق بين التنغيم في الإستعمال، والتنغيم في الوصف والدراسة عند القدماء، وقد جاء هذا الفصل في مجتئين هما: المبحث الأول : معيارية التنغيم في كلام العرب: وهو يهدف إلى تأصيل إستعمال القدماء للتنغيم في كلامهم، كما يشير إلى إعتباره مستوى صوابيا ملحوظا في كلامهم. المبحث الثاني : وصف علماء العربية القدامى ظاهرة التنغيم : وهو مناقشة لأراء المحدثين صدد وجود وصف التنغيم عند القدماء من عدمه. أما الفصل الثاني فكان بعنوان : "التنغيم بين الأساس الأصواتي والنظام الصوتي" وقد جاء في مجتئين هما : المبحث الأول : الأساس الأصواتي للتنغيم : حيث يتناول الأساسين الفسيولوجي والفيزيقي للتنغيم. المبحث الثاني : التنغيم في النظام الصوتي : ويتناول أهم العناصر المؤثرة في التنغيم، كما يتناول نغمة المقطع والنموذج التنغيمي، وأيضاً يتناول اللغة العربية بين النغمية والتنغيمية. ثم جاء الفصل الثالث بعنوان " وصف نماذج التنغيم في اللغة العربية الفصحى وإستعمالاتها" وقد جاء في مجتئين هما : المبحث الأول : وصف نماذج التنغيم في اللغة العربية الفصحى. المبحث الثاني : إستعمالات النماذج التنغيمية في الفصحى. أما الفصل الرابع فقد كان بعنوان " التنغيم بين اللغتين المنطوقة والمكتوبة" وجاء في مجتئين هما : المبحث الأول : التنغيم وسيلة من وسائل أمن اللبس في اللغة المنطوقة. المبحث الثاني : علامات التزقيم محاولة للوصول إلى أمن اللبس في اللغة المكتوبة. ويأتي الفصل الخامس بعنوان " التنغيم بين النظام النحوي والطواهر السباقية" وفيه مجتئان هما : المبحث الأول : التنغيم قريئة في نظام النحو : وفيه مناقشة لدلالة التنغيم على المعاني العامة للجمال بالتضافر مع غيره من القرائن. المبحث الثاني : التنغيم ظاهرة سباقية : حيث ناقش أهم المشكلات التي يصير التنغيم حلا سباقيا لها. وأخيرا جاءت الخاتمة ملخصة أهم النتائج التي توصلت إليها الدراسة، وذلك لتحديد مدى وصول الدراسة إلى أهدافها المرجوة من عدمه، كما أشارت الخاتمة إلى أهم التوصيات التي توصى بها الدراسة فتحا لدراسات مستقبلية جديدة في نفس إطار الدراسة.	2004	علي، عصام تمام عبدالحميد.	أثر التنغيم في الجملة العربية :	10517048	3170
						تحاول الدراسة التعرف على مدى وجود الافتراض في عروض الشعر العربي في التقيد والمنهج،والوقوف على المواضيع التي لها فيها العرضيون للافتراض مع محاولةالتوفيق بين الافتراض والواقع الشعري،وبما مدى حاجة الواقع الشعري لهذه الافتراضات	2004 . قنا:	أحمد اسماعيل أحمد عبدالكريم،	الافتراض في عروض الشعر العربي، دوافعه ونتائجه :	10517055	3171
						دوافع اختيار الموضوع:- أن البيئتي لم ينل حظله الكافي من الشهرة –عن طريق الدراسة- كغيره من الشعراء، وإن كان داهمجد محمد مرسى - الخولي قد جمع وحقق قدرا كبيرا من شعر البيئتي في رسالة ماجستير، وحدثنا في جزء منها عن عصر الشاعر وحياته، ثم قام الأستاذان / لطفي الصقال، ودرية الخطاب بتحقيق الديوان الذي بين أيدينا تحقيقا علميا حديثا، لكن هذا العمل لا يكفي لدراسة شاعر حكيم من شعراء العصر العباسي، إنما يحتاج إلى دراسة فنية تتناول شعره، وتثبت ما له وما عليه، كما أن دراسة البيئتي لا تقدم لنا البيئتي ومكانته فقط، إنما تمنحنا صورة للعصر العباسي، ونستطيع من خلاله –أيضا- أن نكتشف بعضا من ثقافة هذا العصر كما أتى لمست في شعر البيئتي بعض الخواص الفنية التي يتميز بها عن أقرانه، وقد إستوفقتني هذه الخواص، التي ستجى - مبنوثة في طيات البحث، لا سيما في علم الديبع	2001	أحمد، طه علي خليفة.	شعر أبي الفتح البستي :	10517059	3172

						تقع منطقة الدراسة جنوب محافظة سوهاج الى الشمال مباشرة من السهل الفيضي لوادى النيل، وتظهر في شكل مثلث قاعدته في الجنوب الغربي ورأسه في الشمال الشرقى وتبلغ مساحتها حوالى 3472 كيلو متر مربع، وتتفق حدودها الجنوبية والشمالية والشرقية مع خط تقسيم الميناء بين خمسة من أوديتها وهي السلطان سعد وقصب وأبو نافع والمطاهير والبلايش والأودية التي تقع في المناطق المجاورة لها.	2004 .	قا :	ناصر عبدالستار عبدالهادى نوح،	نوح، ناصر عبد الستار عبد الهادي	جيورمورفولوجية المنطقة الهضبية من وادى السلطان سعد الى وادى قصب شرقى ودادى النيل :	10517068	3173

						الأخويات بين الإمام أبو حامد الغزالى والإمام فخر الدين الرازى : دراسة تحليلية / إعداد مندر سعد أحمد على جريو ؛ إثراف صابر عبده أبأ زيد، السيد محمد عبدالرحمن.							
						دوافع إختيار الموضوع عند الباحث تنقسم إلى سببين من الدوافع : أحدهما دافع عام والآخر خاص.							
						الدافع العام : هو مشاركة كل من يعتقد فى البحث والحساب سواء أكان يبعث أرواح أو يبعث أجساد أو يعثهما معا فى مخاطبة عقلانية يحددها الدين عن يمينها والخطرة عن شمالها – وأقصد فى ذلك أصحاب الديانات السماوية الثلاثة والمفكرين العقلانيين الذين جذبتهم ضوء العقل بحثاً عن الحقيقة.							
						الدافع الخاص : هو مشاركة أهل ملتي الإسلام فى تصحيح بعض المفاهيم الخاطئة فى مسألة البحث والحساب فى محاولة متواضعة لإثارة شمعته على طريق الحق والهدى لمن أراد.							
						كما يكمن السبب عندى فى إختيار إمامين من مذهب واحد هو مذهب الأشاعرة وذلك لتسليط الضوء على بعدين مختلفين فى موضوع واحد وهو البعد الكلامى فى مدرسة الأشاعرة ممثلاً فى الإمام أبى حامد الغزالى الذى صاغ الموضوع بصيغة صوفية أحياناً، والبعد الثانى هو البعد الفلسفى العقلانى ممثلاً فى الإمام الفخر الرازى الذى كان إتجاه العقل عنده واضحاً، وقد إختبرت ذهبن المومنين بالذات من المذهب الأشعرى، وذلك لأن إتباعهما كثيرون، فكان لكل إمام تلاميذ ومريدون كثيرون ويتناولنا لهما يتضح معتقد شريحة كبيرة فى المجتمع الإسلامى فى فترتين متقاربتين يبعدين هما البعد الكلامى والبعد الفلسفى. وإيماناً من الباحث بأن الحقيقة عدة طرق ليس طريقاً واحد فكل زمان يحتاج إلى صورة من صور الحقيقة حسب متطلبات العصر وتحدياته وإستيعاب العقل البشرى، ولا يوجد شئ معصوم من ذلك إلا القرآن الكريم والسنة النبوية الشريفة حيث الضمان لهما ولقائهما وخرقهما لكل زمان ومكان هو الله سبحانه فقد حدثت كل فكرة وكل حقيقة أخذت شكلاً آخر وإن إحتفظت بجوهريتها إلا أنها غالباً ماتغير شكلوها وألوانها لتتناسب كل زمان ومكان.	2004				جريو، مندر سعد أحمد على.	10518387	3178

						وفي عصرنا هذا ومن قبله من العصور نجد كثيرا من العلماء من اهتم بتفسير كتاب الله ﷻ وجمع المرويات التي اهتمت بالتفسير ، ومن يطالع هذه الكتب يجد أن مؤلفيها تركوا جانباً من أهم الجوانب عند جمع المرويات ، وهو بيان مدى صحة وضعف هذه المرويات ، ومدى نسبتها إلى رسول الله ﷺ ، ومن يبحث في كتب التفسير يجد أن بعض هذه المرويات أصلها ضعيف أو وموضوع ، وهناك بعض المؤلفات التي تهمل وتترك الإسناد كلية دون تنبيه لمدى صحة وضعف المروي ربما لأنه في عصر المؤلف كان الإسناد معروفاً ، أو أن مؤلفه كان شديد الحفظ قوي الذاكرة فارتكن لذلك ، وهو لا يدري أن من يأتي وراه قد لا يعرف هذا الإسناد ، وقد يكون محدود الحفظ والذاكرة ، كما أن هذه التفسيرات والمرويات مليئة بالأليات القرآنية والأحاديث النبوية والآثار الموقوفة على الصحابة أو المقطوعة على التابعين ﷺ ، وكل هذا كان يحتاج إلى التفرغ والتوثيق ثم الدراسة ؛ ليعرف طلاب العلم وغيرهم قيمة هذه التفسيرات والمرويات .							
						وفي عصرنا الحالي اشتد الهجوم على السنة الشريفة والتشكيك فيها ، وهذا الهجوم على السنة يُعد هجوماً على القرآن الكريم ؛ لأن القرآن والسنة لا ينفصلان ؛ فيجب علينا جميعاً الوقوف صفاً واحداً للبحث والتدقيق في كتب التفسير والحديث لدراسة الأسانيد ؛ لبيان الصحيح والضعيف منها فنعرف الصحيح ونعمل به ونتبعه ، ونعرف الدخيل الواهي والموضوع فحذرهِ ونجتنبهِ ، ومن هذا المنطلق جاء موضوع هذه الرسالة لبيان الصحيح والضعيف من مرويات عبد بن حميد في التفسير . ثانياً : أمر الله ﷻ عباده بالتدبر والتفكر في كتابه العزيز فقال:﴿أَفَلَا يَتَذَكَّرُونَ الْقُرْآنَ وَلَوْ كَانَ مِنْ عِندِ غَيْرِ اللَّهِ لَوَجَدُوا فِيهِ اخْتِلَافًا كَثِيرًا ()﴾، وقال تعالى:﴿أَفَلَا يَتَذَكَّرُونَ الْقُرْآنَ أَمْ عَلَى قُلُوبٍ أَقْفَالُهَا ()﴾ . والتفسير ومروياته هما من أعظم مجالات هذا التدبر والتفكر ، فكان ذلك دافعا قويا لدفعني لاختيار هذا المجال ، وهو مجال مرويات التفسير وخاصة التوثيق والدراسة لها برغم ما فيها من صعوبة وتشعب في الموضوعات .	2009			شحاته، ياسر شحاته محمد.	مرويات عبد بن حميد في التفسير "توثيق ودراسة" /	3260	10584731
						تتناول الرسالة موضوع القرض المصرفي دراسة تاريخية مقارنة بين الشريعة الإسلامية والقانون الوضعي فوضح التطور التاريخي للقرض ثم القرض المصرفي بين الشريعة الإسلامية والقانون الوضعي ثم الأحكام العامة لعقد القرض في الشريعة والقانون ثم تحدث عن آثار عقد القرض في الشريعة والقانون . وتناولت الدراسة التطور التاريخي للقرض عند الأمم القديمة في الشريعتين اليهودية والمسيحية ومن أم النتائج :- أن البحث في تاريخ الحضارات القديمة يكشف بحق مدى التقارب الفكري والخططي لدى واضعي القوانين في هذه المجتمعات .							
						تأثر واضعو القوانين في المجتمعات الحاضرة بالنظم والقوانين التي كانت سائدة في المجتمعات القديمة من حظر متجدد-2 الفوائد وعدم تجاوز الفوائد لرأس المال .							
						يؤدي الاختلاط بين الشعوب لاي سبب حتماً وبالضرورة الى تأثر القوانين هذه الشعوب بعضها ببعض كما أن معرفة-3 العرب للقرض الاستثمارية .							
						. في الشريعتين اليهودية والمسيحية رأينا ان القرض بفائدة محرم اشد التحريم في اليهودية اياحو اخذه من بعضهم بعض-4 ان المطالب للبروتوكولات التي وضعها اليهود وعلى الاخص مايبهم الجانب الاقتصادي منها يلحظ بحق مدى العداء-6 اليهودي للمسلمين على مر العصور							
						أهم المقترحات :-							
						بالنسبة لرد قرض النقود فإن الحل الأمثل لهذه المشكلة ان تسعى الدولة للعمل على الاستقرار النقدي وتوفير كافة العوامل 1- واتباع الوسائل المؤدية على ذلك							
						. على البنوك التقليدية منح القروض الحسنة بصورتها الاستثمارية والاستهلاكية للاستثمارية للأفراد-2							
						. يجب على البنوك استثمار اموال المودعين في مشروعات يقرها الشرع والقسام الربح-3							
						. بالنسبة لفتح الاعتمادات فننصح ان يشتري البنك البضاعة مع تعهد العميل بالشراء بالضوابط الشرعية-4							
						. ان البديل عن السندات المحرمة اصدار وشراء اوتداول اصدار الشركات صكوك مضاربة-5							
						بالنسبة لحسم الاوراق التجارية فلننا نقترح ان يعتبر البنك مايعطيه للعميل في عملية الخصم بالمصاريف الفعلية التي-6

							ان تعدد الزوجات قضية مهمة اثارث جدلا واستحوذت على فكر الكثيرين ولزاد الامر تعقيدا بعد العمل بوثيقة الزواج الجديد وما منحت به من فرصة لكل من طرفي عقد الزواج ان يشترط في عقده ما يشاء من شروط يراها في مصلحته وعلى ذلك فإن اهم الشروط التي تحرص دائما الزوجه ان تضمنها وثيقه الزواج هي الشروط التي تقيد حق الزوج في تعدد زوجاته ولقد اختلف الفقهاء في مشروعيه هذه الشروط بناء على اختلافهم العام في نطاق الشروط المشروعه في العقد غير ان عقد الزواج لما يتميز به من مزيه خاصه عن بقيه العقود فإنه يجب عدم الإخـذ فيه بالقول بمشروعيه كل الشروط المقترنه به إلا ما ثبت دليل بتحريمه بل لابد من معالجة كل شرط على حده ومعرفة تأثيره على طرفي العلاقة وبناءً عليه يمكن القول بفساد كل الشروط التي تشترطها الزوجه لتقييد حق زوجها في تعدد زوجاته وذلك بسبب اثرها السيئ عليه وعلى الاولاد وعلى المجتمع ككل أما بالنسبة لأهم النتائج التي توصلت لها الرسالة هي ان الإسلام أقر ظاهرة تعدد الزوجات فهذه الظاهرة عرفتها كل المجتمعات الإنسانية تقريبا وكذلك عرفتها التشريعات السماوية التي سبقت الإسلام وكل ما فعله الإسلام بخصوصها انه شرع لها أحكاماً وقبواً وتنظما وتهديبا ،إن الآلية التي تبيح التعدد بأربعة نسوة لم تكن مجرد مرحلة لتهديب النفوس نحو منعه نهائياً وليست متناقضة مع آية "ولن تستطيعوا ان تعدلوا بين النساء " لأن العدل المأمور بإتباعه فيها غير العدل المعنى استمطاعته في الأخرى فالأول هو العدل في الأمور المادية والثاني هو العدل في المحبة والميل القلبي ومن أهم المظاهر المادية للعدل المأمور به هي الثقة والمعاملة والميـت إلا ان الثقة تسقط أحياناً عن الزوجة كما تسقط هي والقسم في أحيان أخرى ولا يعد ذلك إخلالاً بالعدل بل هو تطبيق له حيث يستقلان لسقوط سببهما غير ان هناك حالات أخرى يجب فيها تعويض القسم .

						يتم عرض مختلف جوانب مشكلة عمليات الأوراق المالية المعالجة والأجلة، باعتبارها محور اهتمام الكثيرين من المهتمين بالبورصة، سواء العاملين فيها، أو المتعاملين معها، أو الباحثين في مختلف جوانبها الإدارية والاقتصادية والقانونية. وأيضاً يتم تحديد المناهج التي تتبع في الدراسة وهي المنهج الوصفي التأصيلي. br الفصل التمهيدي، وعنوانه: ماهية سوق رأس المال، وهو عبارة عن ثلاثة مباحث: br يتعرض المبحث الأول لنشأة تلك السوق، حيث تبين أنه من الصعوبة تحديد اللحظة التي نشأت فيها البورصات، ومع ذلك من الممكن حصرها في نوعين هما: br المبحث الأول: يعرض بورصات البضائع أو البورصات التجارية وهذه في بدايتها كانت تقتصر على تداول السلع الزراعية، إلى أن تم نشأة بورصة شيكاغو للتجارة عام 1848 الثاني: بورصات الأوراق المالية أو بورصات القيم المنقولة، وهذه في بدايتها ظهرت في هولندا بمدينة أمستردام وانقرس، ثم بريطانيا وفرنسا عام 1724. br والمبحث الثاني: يتناول مفهوم سوق رأس المال، حيث تبين أنها تنقسم إلى نوعين: الأول هو السوق الأولي، ويطلق عليه سوق الإصدار أو الاكتتاب، والثاني: السوق الثانوي الذي يتم فيها تداول الورقة بعد إصدارها، وتلك السوق الأخيرة تنقسم إلى: br - السوق الحاضر أو الفوري: حيث يتم فيها الصفقة بمجرد استلام وتسليم الأوراق المالية على الفور. والآن توجد ثلاثة أنواع من تلك الأسواق هي: السوق المنظم (البورصات)، والسوق غير المنظم، وفيها تتم كافة التعاملات التي تجرى خارج البورصة، والسوق الاحتكارية التي تحتكرها الحكومة. br - السوق الأجلة: ويقصد بها السوق الذي لا يلتزم فيها البائع بتسليم الإسماء المبيعة، والمشتري لا يلتزم بدفع الثمن فوراً. br وهذا السوق الأخير غير منظم ويعمل من خلال عدد من بيوت السمسرة التجارية، حيث يتم تداول الأوراق المالية قصيرة الأجل. br ونظراً لأن سوق رأس المال يعتبر إحدى آليات تجميع المدخرات وتوظيفها في المشروعات الاستثمارية المختلفة، فمن الممكن تعريفها بأنها مكان محدد يتلاقى فيها البائعين والمشتريين خلال ساعات محددة، وبصفة دورية للتعامل في الصكوك المالية متوسطة وطويلة الأجل، والتي يجب أن يتوافر فيها شروط محددة بمقتضى القوانين واللوائح السارية.

						ذكرنا أهمية الدراسة التاريخية لعلم القانون، وأن الحكم من النظم التي سبقت القضاء في الظهور قبل وجود الدولة، كما ذكرنا أن الشعوب القديمة قد عرفت أيضاً فكرة الرجوع على أحكام التحكيم. وتكلمنا عن أهمية الأخذ بالتعريف الموسع لحكم التحكيم، حتى تتحقق الرقابة الفعالة عليه. كما عالجتنا مسألة الطبيعة القانونية لحكم التحكيم، وقلنا أنه أقرب ما يكون إلى الطبيعة القضائية. وأشرنا إلى أنواع أحكام التحكيم وهي: القطعية والوقفية والإضافية والاتفاقية والغائية والجزئية، وختمنا الكلام عن الأخيرة ببعض الأمثلة من واقع ملفات التحكيم. وتناولنا تفصيلاً موضوع حكم التحكيم الوطني والأجنبي والدولي، وأهمية التفرقة بينهم، وأكدنا أن لفظ حكم التحكيم الأجنبي غير مرادف مطلقاً للفظ حكم التحكيم الدولي ، وعالجنا مسألة متى نكون بصدد حكم تحكيم دولي. واستطردنا في الكلام عن آثار حكم التحكيم، من حيث الحجية واستنفاد الولاية والاستثناءات الواردة عليه. وموقف القانون الإنجليزي الذي لا نجد له نظيراً في القوانين الأخرى في هذا المقام. وأسهيّنا في الكلام عن النظم القانونية الموسعة في نطاق البطلان، مثل القانون المصري والإنجليزي والنظم القانونية المضبوطة له، مثل قانون الإجراءات المدنيةية البلجيكي والسويسري. والتي أخذت بالاتجاه المضيق، رغبة منها في جذب التحكيم إلى أراضيها، وكان باعثها على ذلك فيما اعتقد: الناحية الاقتصادية. ولم أنس الحديث تفصيلاً عن موقف الفقه والقضاء المؤيد والمعارض لفكرة الرجوع على أحكام التحكيم والحجج المختلفة التي يستند إليها كل فريق. وتطرقنا للكلام عن القانون الواجب التطبيق على صحة أو بطلان حكم التحكيم، وقلنا أنه يخضع للقانون المصري. إذا جرى التحكيم في مصر أو في الخارج واتفق أطرافه على خضوعه للقانون المصري. أما أحكام التحكيم الأجنبية، فمحرم على القاضي المصري التمس عليها بالبطلان. وتكلمنا عن جواز تطبيق فكرة الإعدام على أحكام التحكيم ، وقلنا أن دعوى البطلان تستوعب الكثير من الأسباب التي تصلح لأن تدرج تحت دعوى الإعدام ، والتيهينا إلى أن السبب الوحيد الذي يعدم حكم التحكيم هو تقديم أوراق أو مستندات مزورة أو أخلاق وقائع لا أساس لها من الصحة تم بناء حكم التحكيم عليها . وعرجنا أيضاً على موضوع المقصود باتفاق التحكيم، وقلنا أنه يشمل شرط التحكيم ومشارطة التحكيم، والتيهينا إلى أن القوانين الحديثة أصبحت لا تفرق بينهما في المعاملة. وأدنيّا بدلونا في مسألة القانون المطبق على اتفاق التحكيم، الذي يحدد صحته أو بطلانه. والاتجاه الذي يجعل اتفاق التحكيم من قبيل المسائل الإجرائية، إذا يقول بتطبيق قانون مقر التحكيم. والاتجاه الذي يكرس اختيار القانون المطبق على اتفاق التحكيم على أساس ما توجهت إليه إرادة الأطراف. ولم نفتأ الكلام عن مجال تطبيق القانون الواجب التطبيق على صحة أو بطلان اتفاق التحكيم. وعالجنا مسألة مدى امتداد اتفاق التحكيم، مثل تجاوز حدود الوكالة وعلاقة الشركة الأم بالشركة الوليدة... الخ. وسلطنا الضوء على موضوع استقلال شرط التحكيم، عن العقد الذي يتضمنه من حيث الفسخ أو البطلان، سواء في العلاقات الوطنية أم في العلاقات الخاصة الدولية. والأخيرة. يأخذ مفهوم الاستقلال فيها فرق الفسخ والبطلان إمكانية خضوع شرط التحكيم لقانون يختلف عن القانون الذي يخضع له العقد ، فضلاً عن عدم تأثر شرط التحكيم بأية قيود تشريعية وطنية قد تقف حجر عثرة أمامه. وتكلمنا عن الموقف المؤيد والمعارض لفكرة استقلال شرط التحكيم وتطور القانون الإنجليزي في هذا المقام. وموقف القضاء المصري من هذه المسألة في نطاق العلاقات الخاصة الدولية والتي وصل إليها بالعديد من الطرق قبل صدور قانون التحكيم الجديد. ولم ننس أن نبين وجه الفرق بين قانون التحكيم الإنجليزي والمصري في هذا المقام، وقلنا أنهما يتفقان في نصحهما على المبدأ صراحة. ويختلفان في أن القانون الأول قد نص صراحة على إمكانية اتفاق الأطراف على عدم استقلال شرط التحكيم.
3268	10587712	بطلان حكم التحكيم :	حسن، خالد أحمد .	خالد أحمد حسن ،	عين شمس :	2006 .
						يتناول الفصل الأول: التطور التاريخي للإكراه البدني في القانون الروماني br الفصل الثاني: حبس المدين من أجل الدين في الفقه الإسلامي br الفصل الثالث: الإكراه البدني في التشريع الفرنسي br الفصل الرابع: الإكراه البدني في التشريع المصري. هناك اقتراحات : يجب إعادة النظر في التنظيم التشريعي القائم بمسائل التنفيذ وإضافة الإكراه البدني إلى جانب وسائل التنفيذ -1- الأخرى لما ثبتت هذه الوسيلة من فاعلية في الحياة العملية في مسائل الأحوال الشخصية بحيث يتضمن هذا التنظيم الإكراه البدني ضمن مسائل التنفيذ إكهاماً عامة لشروط وإجراءات وآثار التنفيذ بالإكراه البدني ونظراً لحساسية هذا الإجراء الإكراهي أو إذا شئت بالحرية الفردية فمن الواجب أن يكون تطبيقه مقيداً بحد أدنى للمبالغ المراد التنفيذ بها واقتراح من ثم أن يرتبط هذا الحد الأدنى بالنصيب الانتهائي للمحكمة الجزئية باعتباره ذلك الحد الذي دونه يكون المبلغ المقضى بها ليس على درجة كبيرة من الأهمية بحيث تقف حرية فرد من أجله . تعديل النظام القانوني بالإكراه البدني في المواد الجنائية بما يتفق وطبيعة هذا الإجراء كوسيلة تنفيذ إكراهية الغرض منها-2- الضغط على إرادة المدين للوفاء بما عليه ويقضى النص صراحة على عدم جواز التنفيذ بالإكراه البدني على المدين المعسر وقصره من ثم على القادرين من المحكوم عليهم وحذف النصوص المتضمنة براءة نمة المدين من المبلغ المقضى به بقدر ماقتضاه من أيام حبس بطريق الإكراه البدني لأن في ذلك عودة بالاتزام إلى سيرته الأولى حين كان جسد المدين ضامناً للوفاء بالتزاماته وإعادة النظر في مسألة قيام المحكوم ضده بعمل لصالح الدولة بدلا من التنفيذ عليه بطريق الإكراه البدني من هذا من جهة ومن جهة أخرى فإن الملاحظ عملا أنه عادة مايسند إلى المحكوم ضدهم أعمال لا تتفق مع إكاثاتهم كأن يسند إلى المحكوم ضده بغرامة أو إى أداء مالي للدولة القيام بأعمال نظافة أحد الأقسام حقيقة أن العمل بدلا من الإكراه البدني يكون بناء على طلب المحكوم ضده ولكن عجزه عن الوفاء وتجنبه للحبس قد يدفعه إلى قول ذلك . لغاء نص المادة 239 عقوبات التي تجيز حبس المدين من أجل ديون النفقات لوجود نص مماثل في قانون الأحوال- الشخصية وعلى النحو السابق عرضه .

							هدفت الدراسة إلى القاء الضوء على دور المحكم في خصومة التحكيم وحدود سلطاته ، حيث كان عسيرا في ظل قانون المرافعات المصري رقم 13 لسنة 1968 وبمصدر قانون التحكيم المصري الجديد رقم 27 لسنة 1994 أحدث تغيرا هائلا في مجال التحكيم ، الذي سائر الاتجاهات الحديثة وعالجت الدراسة دور المحكم فعرضت للطبيعة القضائية لمهنة ، والنظريات المختلفة التي قبل بها في هذا الصدد وأيضا حجية حكم المحكم كإثر لهذه الطبيعة القضائية ، وأخيرا سلطة المحكم في الفصل في اختصاصه كإثر لهذه الطبيعة وتحدثت عن شروط اختيار المحكم وهي : ضرورة توافر الأهلية المدنية الكاملة وتوافر الخبرة والكفاءة اللازمة لأداء المهمة ، فضلا عن استقلال المحكم في مواجهة الخصوم وقد أجاز المشرع المصري تعيين المحكم عن طريق القضاء على خلاف الوضع في ظل النصوص الملغاة كما تحدثت عن الإلزامات التي تقع على عاتق المحكم منذ لحظة ترشيحه وهي : الإفصاح عن علاقاته بالخصوم أو موضوع النزاع ، كما يلتزم بالحياد . ومن أهم التوصيات :- تحديد المؤهلات المطلوب توافرها في المحكم ومعايير اختبار بدقة ووضع تنظيم تفصيلي دقيق لسلطات المحكم ونطاقها وآثارها وهو ما حرص عليه المشرع المصري . وضع تنظيم تفصيلي يحدد بوضوح دور القضاء الوطني في الرقابة السابقة على إجراءات التحكيم بهدف تدعيم سير- خصومة التحكيم وضمان فاعليتها اتاحة الفرصة للقضاء للمشاركة الإيجابية في تدعيم سير إجراءات التحكيم وحل المشكلات التي تعترض سيرها أو تهددها- بالفشل عدم تبني فكرة الحرية المطلقة للخصوم أو التعديل على حسن نية الأطراف في تسيير إجراءات التحكيم ومراعاة التوفيق- بين السرعة والعدالة تقرير حضورية خصومة تنفيذ الحكم تمكينا لاثارة كافة الاعتراضات القانونية وبصفة خاصة تلك التي لا تملك المحكمة أن- تنظيم سبيل الطعن بالاستئناف على نحو يكفل سرعة البت فيها تدعima لفاعلية التحكيم وابقاء السرعة كاهم مزاياه ويعد- القانون الفرنسي رائدا في هذا الصدد تحديد قواعد احتساب اتعاب المحكمين على نحو منضبط غير مبالغ فيه- التوسع في نشر احكام التحكيم الوطنية والاجنبية مع تعليق الفقهاء والمتخصصين عليها على نحو يتيح استبعاد الاحكام- السبئية وتكوين كيان منسق من السوابق من خلال بعض الدوريات المتخصصة اسوة بما يجري عليه العمل في العديد من الدول التركيز على تدريس موضوع التحكيم في ضوء التطورات الحديثة وكما يعرفه المجتمع اليوم لتعميق الفاهيم الصحيحة- والمساهمة في تكوين كوادر مدنية للعمل في مجال التحكيم	
3270	10587737	دور المحكم في خصومة التحكيم وحدود سلطاته/	عبدالرحمن، هدى محمد مجدى .	هدى محمد مجدى عبدالرحمن ،	القاهرة :	1997 [	التبصرة الخاصة بالتعليق او التلخيص a)تتأسفا مع الدور المطوط بمحكمه النقض كحكمه قانون وليست درجة ثالثة من درجات التقاضى تقررت قاعده حظر ابداء اسباب جديده امام محكمه النقض تلك القاعده التى عرض الباحث لها في بحثه سواء من حيث مضمونها او من حيث نطاقها وقد خلص الباحث الى بعض النتائج وهي:- 1 br - ان قاعده حظر ابداءاسباب جديده امام محكمه النقض تنسم بالعموميه من حيث نطاق سريانها فالاسباب الجديده لاتقبل امام محكمه النقض 2 br- ان تحديد مدى اعتبار سبب ما جديدا امام محكمه النقض يتوقف على تحديد مدى اعتبار هذا السبب مطروحا على محكمه الموضوع التى اسدرت الحكم المطعون فيه لحظه اصدارها لهذا الحكم 3 br - انه ليس كل مايدى في اول مره امام محكمه النقض يعتبر سببا جديدا غير مقبول امام هذه المحكمه فلا يكون كذلك الاسباب التى كانت مطروحه بطبيعتها امام محكمه الموضوع كالاسباب القانونية البحتة والاسباب المتعلقة بالنظام العام.	
3271	10587743	الاسباب الجديده في النقض المدني :	أبو صيام، فكرى عبد الحميد .	فكرى عبد الحميد ابو صيام ،	القاهرة :	2003	تمثل أهمية هذه الدراسة في النواحي الآتية : - ا- تحديد المسؤولية عن التعويض عن أضرار النقل الجوي الدولي وفق اتفاقيتي وارسو 1929 ومونتريال 1999 br - ب- تحالول الدراسة المساهمة في سد النقص في الدراسات الخاصة بهذا الموضوع وخاصة في ظل ندرة المراجع العربية في هذا المجال. br أهداف الدراسة : br تهدف هذه الدراسة لاستعراض النقل الجوي الدولي من حيث المفهوم القانوني والتنظيم الدولي لعقد النقل الجوي الدولي ، وايضا تحديد النقل الجوي الخاضع لاتفاقية وارسو 1929 وتعديلاتها واتفاقية مونتريال 1999 ، واثار عقد النقل الجوي الدولي ووثاقه ودورها في مجال الإثبات والالتزامات الناتجة عن النقل الجوي بالنسبة للأشخاص أو البضائع وذلك كإثر من آثار عقد النقل الجوي الدولي . وايضا تحديد مسؤولية الناقل الجوي الدولي، ودفع هذه المسؤولية ، وأحكام التعويض ودعوى المسؤولية ، وذلك للخروج بعدة نتائج وتوصيات. br منهج الدراسة : br لقد اعتمدت هذه الدراسة على المنهج الوصفي التحليلي ، الذي يقوم على جمع القضايا والأحكام التي صدرت بسببها ، وذلك لتحديد كيفية تحديد مسؤولية الناقل الجوي الدولي. br خطة الدراسة : br يبدأ البحث بباب تمهيدي تطرقت فيه إلى تطور القواعد التي تحكم مسؤولية الناقل الجوي على الصعيد الدولي ، وهي دراسة يراها الباحث ضرورية حتى يتم فهم القواعد التي كانت تحكم مسؤولية الناقل الجوي قبل اتفاقية وارسو ، والتطور التاريخي لاتفاقيات النقل الجوي بدءا من اتفاقية وارسو ، مرورا بالبروتوكولات المعدلة لها وحتى توقيع اتفاقية مونتريال 1999 ، وقد قسمت هذا الباب إلى فصلين ، تعرضت في الفصل الأول منه لتنظيم النقل الجوي الدولي قبل اتفاقية وارسو 1929 و تطور التاريخي لاتفاقية وارسو 1929 والبروتوكولات المعدلة لها ، وفي الفصل الثاني التحضير والإعداد لاتفاقية مونتريال 1999 والانتقال من نظام المسؤولية وفقا لاتفاقية وارسو إلى نظام المسؤولية وفقا لاتفاقية مونتريال 1999 .	
3272	10587747	المسؤولية عن تعويض أضرار النقل الجوي الدولي وفقا لاتفاقيتي وارسو 1929 ومونتريال 1999 /	الشيخ أحمد إبراهيم.	أحمد إبراهيم الشيخ ،	القاهرة :	2006	لقد تناولنا في تلك الدراسة ظاهرة من أهم وأخطر الظواهر الاقتصادية المؤثرة على عمليّة المنافسة ألا وهي ظاهرة "الاختكار"، فمن المعروف أنّه في ظلّ التطوّر الاقتصاديّ الهائل الذي حدث في العالم في الآونة الأخيرة ؛ نتيجة تخريب التجارة وإزالة الحواجز الجُمركيّة عن التّولّ المُؤمّنة على اتّقيّة الجات أَسِنحت كلّ الدّول تنسارُع من أجل تأكيد سيطرَتِها الاقتصاديّة والمناميّة من أجل التّرويج لصادراتِها ومُنتجاتِها، حتّى لو كان ذلك على حساب الدّول الأخرى ؛ وهُو ما نتج عنه استِخدام الكثير من الدّول لعمليّات الاختكار عن طريق شركاتها الدّوليّة النشّاط من أجل تأكيد وضعها المَسيطر محليّا وعالميّا، واستُخدمت كذلك الكثير من الظّواهر الأخرى المُرتبطة بهذه العمليّة كالإغراق والخصخصة وخطوئ المُلكيّة الفِكريّة والصّناعيّة ، لذلك فإنّنا أثّرنا تناول تلك الظّاهرة بشئ من التعمّق عن طريق بيان ماهية المركز المَسيطر وكِيفيّة الوُصول إليه وتبيان مُميّزات التّشريعات العالميّة والمحليّة من أجل الحفاظ على عمليّة المنافسة وحماية الأنساق من ظاهرة الاختكار . قام الباحث بتناول تلك الظّاهرة من الناحية القانونيّة فيعد تمهيد مفصل عن ظاهرة الاختكار استعرضا فيه فلسفة عمليّة المنافسة من كونها حق لكل فرد يمارسه على النحو الذي يختاره ويريدّه إلا أنّه في ذلك الوقت ليس حقّا مطلقا بل له ضوابط وقواعد منظمة فالتشريع الذي يمنح هذا الحق هو في ذاته الذي يقيدّه ببناءا على ذلك فمنّا بتعريف هيكل السوق مع بيان درجته من المنافسة وذلك من أجل الوصول الى تعريف الاختكار أخذين في الاعتبار صعوبة وضع تعريف جامع مانع للاختكار ومسترشدين في ذلك بالنموذج الأمريكي باعتبارهُ أولى التشريعات التي نظمت عمليّة الاختكار.	
3273	10587752	الاختكار والمنافسة غير المشروعة :	حماد، عمر محمد .	عمر محمد حماد ،	القاهرة :	2008	تناول البحث الحديث عن الدور التاريخي الذي لعبه الاعتماد بالقبول منذ نشأته حتى الآن، وأوضح كيفية ظهوره وتوصل التجارة إلى فعليته الأكيدة، مما أدى إلى تكاثر أسواقه وازدهارها ونشوء مؤسسات متخصصة في منحه وتسيير تمويله، ثم تحدث عن طبيعة وخصائص الاعتماد بالقبول، وعرض لدراسة عملية منح الاعتماد بالقبول، حيث تم معالجة النقاط التالية: تأسس عملية القبول المصرفي على عقد فتح الاعتماد، لمن يمنح الاعتماد بالقبول، مخاطر العملية بالنسبة إلى البنك القابل وطرق مواجهتها. ثم استعرض الآثار التي ترتب على عملية الاعتماد بالقبول سواء ما تعلق منها بالالتزامات التي ترتبها هذه العملية على عاتق البنك القابل، أو بالالتزامات التي يتحمل بها العميل الساحب، كما استعرض الدور الذي يقوم به الاعتماد بالقبول على الصعيدين الاقتصادي والمالي، وتحدثت عن الاعتماد المصرفي بالضمان، وعرض للكافة المصرفية ومجالات استخدامها. تناول أيضا تعريف خطابات الضمان المصرفية والدور الذي تقوم به في الوقت الحاضر، وأوضح الفرق بين الكفالة المصرفية وخطابات الضمان، كما عرض لمسألة رجوع البنك الضامن بعد الوفاء، ذلك الرجوع الذي يشكل ضمانا قويا يستند إليه الكفيل في الكفالة المدنية.	
3274	10587757	الائتمان المصرفي بطريق التوقيع :	نجاة، بضراني.	بضراني نجاة ،	القاهرة :	1987		

						تناولت الرسالة صور ممارسة المهن الحرة التي تخضع لنظام تشريعي أو لآخرى وذلك سواء في إطار الشركات المهنية أعمالاً للقانون الفرنسي الصادر في 29 نوفمبر 1966 بشأن الشركات المهنية أو في إطار الشركات التجارية تطبيقاً للقانون الفرنسي الصادر في 31 ديسمبر 1990 والمعدل في 2001 بشأن ممارسة المهن الحرة التي تخضع لنظام تشريعي أو لآخرى في شكل الشركات ذات المسؤولية المحدودة أو شركات المساهمة أو شركات المساهمة المبسطة أو شركات التوصية بالأسهم وأعمالاً للمرسوم بقانون رقم 52 لسنة 1999 الذي أدخل في قنون الشركات الكويتي الشراكة المهنية لسد النقص في أحكام القانون المدني الذي أغلظ تنظيم الشركات المدنية.	
3275	10587763	الشركة المهنية ذات الشكل التجارى وأثر الإفلاس عليها فى القانون الفرنسى والقانون الكويتى :	المطوط، يوسف مطلق محمد.	يوسف مطلق محمد المطوط،	القاهرة :	2008 .	تحدثت الباحث في رسالته عن قيام التزام البنك بدفع قيمة الشيك وقسم التزام البنك إلى ثلاثة أقسام ففي القسم الأول تحدثت عن مسؤولية البنك عند الوفاء بالشيك ، وفيه ثلاثة عناصر فالأول قرينة صحة الوفاء والثاني نطاق مسؤولية البنك عن الوفاء بالشيك المزور أما الثالث المشكلة في القانون المقارن وتكلم في القسم الثاني عن الأساس القانوني لمسؤولية البنك ، وفيه عنصران الأول خطأ البنك أساس المسؤولية والثاني الخطر المهني أساس المسؤولية وشرح في القسم الثالث وسائل الحماية ضد تزوير الشيك ، وفيه عنصران الأول الحماية المصرفية والثاني الحماية الجنائية . أهم التوصيات :- يجب على البنوك أن تمتنع عن تسليم نماذج الشيكات إلا إذا كان الطالب يملك حساباً لديها . يجب على البنوك أن تستخدم ورقاً خاصاً في طبع نماذج الشيكات التي توزعها بمقراتها بحيث يكون من الصعب التلاعب-2 فيها بالتزوير 3- ضرورة التوسع في استخدام الشيكات المسطرة في التعامل بدلا من الشيكات العادية وذلك يجعلها الزامية في بعض-3 الحالات . 4- يمكن استعمال التسطير بطريق التقيب من أجل التغلب على امكانية ازالة التسطير بالمحو أو الكشط-4 5- يجب ان يتم تحديد الشروط اللازمة لفتح الحساب في البنك بطريقة واضحة ومحددة-5 يجب جعل الشيك المسطر غير قابل للتداول بطريق التطهير للتغلب على امكانية تطهيره للغير حسن النية الذي يتقدم به-6 للحصول على قيمته أو ان يصبح البنك مسئولا 7- يجب تنظيم العمليات المصرفية التي تضطلع بها البنوك بما يسمح بتميز عملية تسليم الشيك لتحصيل قيمته من غير ها من-7 العمليات المصرفية الاخرى كالتسليم للحسم
3276	10587768	مسؤولية البنك عن الوفاء بالشيك المزور /	عزب، حماده مصطفى .	حماده مصطفى عزب ،	اسيوط :	1991 .	حظي السبك اهتمام بالغ من النصية، فهو معيار النصية الأول، حيث يركز علماء اللغة النصيون على ان التسيج هو الأصل الاشتقاقي للنص، وان ادراك النص يجب ان يتم في نصية، وذلك من خلال العلاقات التي تحكم بنيته اللغوية، فهذه العلاقات تشبه وتتكامل فيما بينها لتتجمع خيوط النص واحكام نسجه.
3277	10589837	السبك في المقلات السبع :	محمد، محمد زكى مصطفى.	محمد زكى مصطفى محمد،	قنا :	2009	يعتبر عبد الحليم حلمي المصري من شعراء القرن العشرين الميلادى، وقد شهد العديد من الوقائع التاريخيه داخلها وخارجها، مما كان له عظيم الاثر في تشكيل تجربته الشعرية، وثمة عوامل عديدة جعلتني اقدم على اختيار شعر المصري مجالا لدراستي اذكر منها اولا: ان عبد لم يكن شاعر وحسب، بل مؤرخا بارعا. ثانيا: ان بعض المثقفين والمتعلمين لا يدركون شيئا عن شعره. ثالثا: عناصر المصري كبار الشعراء اذذاك، امثال احمد شوقي، والبارودي ،وحافظ ابراهيم.
3278	10590134	شعر عبد الحليم المصرى :	نصر، مسعود صبرى نوبى.	مسعود صبرى نوبى نصر.	قنا :	2009 .	أصبحت قضية الطفولة في مصر قضية قومية وحضارية تتصل مباشرة بمستقبل المجتمع المصري، وبخطه بنائه وتطوره على اسس علمية. كما ينص عليها دستور جمهوريه مصر العربية مادة العاشره على "ان تكلف الدولة حمايه الامومه والطفوله، وان ترعى النشئ والشباب وتوجه لهم الطرق المناسبه لتمتة ملكاتهم.
3279	10591655	انعكاسات الخطاب الصحفى بمجلات الأطفال على تشكيل البنية المعرفيه :	محمد، حنان عبد الوهاب عبد الحميد.	حنان عبد الوهاب عبد الحميد محمد،	قنا :	2009 .	يهدف الباحث للوقوف على طبيعه الجريمة الارهابيه و المنظمه ومحاولة ايجاد العلاقه بينهما خاصه اذا ما اخذ في الاعتبار ان الجريمة الارهابيه تشكل تهديدا لحقوق وحریات الانسان الفريده وتسمى الى الاطامحه بالحكومات وقلب نظام الحكم فضلا عن الاضرار الاجتماعيه والاقتصاديه
3280	10592871	العلاقة بين الارهاب والجريمة المنظمه وسبل المواجهه /	سليمان، احمد ابراهيم مصطفى	احمد ابراهيم مصطفى سليمان ،	[القاهرة]	2006 .	وقد بين الباحث الدور الذي يلعبه الاعلام في مواجهه الارهاب المنظم وهل هو مصدر للمعلومات او مشارك ايجابييه كما رصد الباحث مجموعه من الوسائل التي يفترض انها حددت دور الاعلام في تهيئة الجماهير للمساهمة في المواجهه وتحديد الثغرات الموجوده التي تعوق المواجهه ووضع تصور للشكل النموذجى ليلوره اراده سياسيه دوليه مشمره ومن أهم التوصيات :- على المستوى الوطنى يوصى بالغاء العبارات المطاطلة والمزنة التي تضمنها نص المادة 86 من قانون العقوبات فهذا-1 الامر يعارض مع نص المادة 66 من الدستور التي تقرر مبدأ الشرعية فلاجريمة ولاعقوبة إلا بناء على قانون النظر نحو الغاء نص 88 مكرر من قانون العقوبات والتي تنص على ان لايجوز تطبيق احكام المادة 17 من هذا القانون- عندالحكم بالإدانة يجب ان يتم تعديل نص المادة 88 مكرر من قانون العقوبات والتي تنص على ان يجوز فى الاحوال المنصوص عليها فى- هذا القسم فضلا عن الحكم بالعقوبة المقررة الحكم بتدبير او اكثر من حظر الإقامة في مكان معين والالتزام بالإقامة في مكان معين . يجب ان تتضمن نصوص قانون مكافحة الارهاب المزمع اصداره اعطاء سلطات الضبط نطاقا اوسع بشأن مراقبة- الاتصالات التليفونية وتفتيش المساكن لغير المتهمين ضرورة تبني رؤى جديدة أكثر شمولية تتجاوز النظرة الأمنية الضيقة الى رؤية متكاملة فلايجب ان تكتفى بالحلول الامنية- في قضايا شائكة وحساسة لايمكن ان يحسمها الامن وحده
							يعد هذا البحث من الموضوعات الهامة والحيوية في مجال العمل الامن نظرا لطبيعة الدور الهام الذى تقوم به الشرطة للحفاظ على الامن والنظام العام وحماية الحقوق والحريات وما لقي عليها من اعباء في الآونة الاخيره لما يشهده العالم من تطورات ومتغيرات عالمية في كافة المجالات وقد جاءت الدراسات السابقة وقد ناقشت ظاهره العولمه ومن اهم نتائجها انها اظهرت الاثار المختلفه الاقتصاديه والسياسيه والاجتماعيه والثقافيه السلبيه منها والايجابيه ولم تتناول الدراسات بعقق الناحيه الامنيه وان كان هناك بعض الدراسات قد تناولت التعاون الامنى وكذلك المنظمه الدوليه للشرطة الجنائيهولذلك ساعد الباحث على التركيز في الاثار الامنيه لظاهره العولمه.
							ومن أهم النتائج:- إن استغلال التقدم العلمى والتقنى وتقدم وسائل الاتصال والتكنولوجيا الحديثة بصفة عامة والتي أوجدتها العولمة من جانب بعض الأفراد من الأساليب التي ساعدت عصابات وجماعات الاجرام المنظم على تنفيذ ماريها الاجرامية عبر الحدود الوطنية وتعتبر وزارة الداخلية من أهم قطاعات الخدمات في الدولة حيث تنفرد اوجه انشطتها في مختلف الميادين سواء كانت السياسية او الاجتماعية او الاقتصادية علاوة على مهامها الامنية . ومن أهم التوصيات : العمل على اجراء تعديلات في القانون الجنائى المصرى-1 ضرورة تفعيل التخطيط الامنى عن طريق الاهتمام بابعاده المختلفة-2 العمل على زيادة الخبرات الفنية والمعارف العلمية لرجال الامن وذلك باحلال المنهج العلمى كاسلوب لل عمل بدلا من-3 الاساليب التقليدية عن طريق التزود بالعلم والالتزام بالمنهج العلمى في الفكر والبحث والممارسة العمل على تعظيم قدرة مراكز البحوث والدراسات الشرطية حتى تعمل بصورة دائمة على تحقيق اهدافها بغاقلية-4 ضرورة العمل على تبادل التقنيات الحديثة في المجالات الامنية من خلال التعاون الامنى العربى والدولى ومتابعة-5 مايستجد من تطور العمل على نشر التوعية باهمية التقنيات التدريبية الامنية الحديثة-6
3281	10593068	العولمه وأثرها على التخطيط الامنى :	بنيع، احمد سامح محمد .	أحمد سامح محمد بنيع ،	[القاهرة]	2008 .	

							لقد تناول الباحث في هذه الرسالة الحق في الترجمة فقد بدأ رسالته بفصل تمهيدى عبارة عن مدخل للبحث اشتمل على ماهية الحق في الترجمة ومفهوم الترجمة وأهميتها وأنواعها فصاحية الحق في الترجمة هو عبارة عن استئثار شخص بشئ ما استئثاراً بحمية القانون وهذا التعريف مأخوذ من نظرية الفقيه البلجيكي جان دابان وكانت الرسالة بعد ذلك عبارة عن باين واشتمل الباب الأول على سبع فصول فكان الباب الأول يتحدث عن الإطار القانوني والشرعى لحق الترجمة فكان الفصل الأول يتحدث عن التطور التاريخي للترجمة والفصل الثانى تناول الأسس التى تقوم عليها الترجمة واشتمل الفصل الثالث على طبيعة الحق في الترجمة أما الفصل الرابع فكان عن القيود الواردة على حق الترجمة "نظام التراخيص الإجبارية" وكانت الاستثناءات الواردة على حق الترجمة من حق الفصل الخامس وتناول الفصل السادس الحقوق الأدبية والمالية لحق الترجمة وأخيراً تناول الفصل السابع الحماية القانونية والشرعية لحق الترجمة أما الباب الثانى فكان يتحدث عن الإطار العقدي فى الفقهين القانوني والإسلامي وكان يشتمل على خمسة فصول تناول الفصل الأول مفهوم عقد الترجمة والفصل الثانى إبرام عقد الترجمة وتناول الفصل الثالث آثار عقد الترجمة أما الفصل الرابع فتناول انتهاك عقد الترجمة وأخيراً انتهى الباب الثانى بالفصل الخامس الذى تناول انتهاء عقد الترجمة وانتهت الرسالة ببعض النتائج والتوصيات .	2009 . بنى سوييف : سيد عبدالله محمد خليل ، خليل، سيد عبد الله محمد . الحق في الترجمة :	3282	10594352	
							قسم الباحث الرسالة الى فصل تمهيدى : عن التعريف بالخيارات وبين مشروعيّتها وأقسامها ، وثلاثة ابواب : الاول : خيار الشرط حقيقة الشرط ومشروعيّة وصاحبة ،شروط خيار الشرط واثارة ، مستططات خيار الشرط، الثانى : خيار النقد حقيقة خيار النقد ، صاحب خيار النقد ، آثار خيار النقد ، الثالث : خيار التعيين حقيقة ، صاحب خيار التعيين ، آثار خيار التعيين وقد تبين من خلال هذا البحث ان هناك اختلافاً بين الفقهاء حول مشروعية بعض الخيارات الشرطية حيث ظهر ان الأحلاف قد أجازوا الخيارات الشرطية جميعها وأجاز المالكية والزيدية والإباضية خيارى الشرط والتعيين وأجاز الحنابلة والإمامية خيارى الشرط والنقد ولم يجز الشافعية من الخيارات الشرطية سوى خيار الشرط أما الظاهرية فقد منعو الخيارات الشرطية جميعها أى منعو الخيارات التى يتم الاتفاق عليها من قبل الطرفين ومع ذلك أجازوا الخيار للمشتري إذا قال عند التبايع لا خلاية . وأهم توصيات الرسالة 1: تعديل الفصوص الدستورية المتعلقة بمجلس الشعب وكل رئيس الجمهورية والحكومة والتى يضمها كل ممن الفصل الاول والثالث من الباب الخامس من الدستور لكي يستبدله بها العلاقة جديدة بين رئيس الدولة والحكومة من جهة وبين البرلمان او مجلس الشعب والشورى حسب ظروف كل حالة على حدة . ادماج الفصل الاول من الباب السابع من الدستور الخاص بمجلس الشورى والذى يم المواد 194 الى 205 مع الفل 2: الثانى من الباب الرابع والخاص بمجلس الشعب والذى يضم المواد 86 الى 136 فى فصل واحد تحت عنوان السلطة التشريعية او البرلمان الغاء قيام رئيس الدولة بتعيين ثلث اعضاء مجلس الشورى حيث انها نسبية كبيرة تعجز عن القيام بدوره التشريعى حيث 3: ان غالبية اعضاء المجالس من الحزب الوطنى المنتخب والمعين ومن ثم المولاة لرغبات الحزب الحاكم دون النظر الى التشريع الافضل .. يجب الاقتصار على اسلوب الانتخاب دون التعيين فى اختيار اعضاء المجلس خاصة بعد التعديل 3: ان تقصر عضوية مجلس الشورى على فئات منتقاة تتوافر فيها خيرا فنية وتخصصات وظيفة تضمن لارائه نضجا وعمقا 4: . اكثر بحيث	2008 . جامعة سيوط : الخضر عبد الله سالم حنشل ، حنشل، الخضر عبدالله سالم . احكام الخيارات الثانية بالشرط في الشريعة الاسلامية :	3283	10594361	
							اصبحت قضيه حقوق الإنسان من لاهم القضايا المطروحة على المستويات الدولية الاقليمية والوطنية وتعامل الاهتمام بها في الازنه الاخيره من قبل المجتمع الدولي بأسره وبعد هذا الاتجاه يمثله رد فعل تلقائي للعصور السائقه التي اهدرت فيها حقوق الإنسان وبذاء على ذلك فان الدراسه تهدف الى تقييم دور مجلس الدوله المصرى فى ارساء دعائم حقوق الإنسان في مصر وتهدف ايضا الى اثبات العديد من النتائج وهى وجود هيمنه من السلطه التنفيذيه على السلطتين التشريعيه والقضائيهقيام الدستور المصرى الصادر عام 1971 بالتوسع فى منح الاختصاصات لرئيس الجمهوريه كما ان هناك وجود هيمنه من السلطه التنفيذيه على السلطه القضائيه يتمثل فى رئاسه رئيس الجمهوريه للمجلس الذى يضم رؤساء الهيئات القضائيه وهك افراط فى القيود القانونيه الوارده على الحقوق العامه . وكانت محكمة القضاء الادارى فضل السبقفى الكشف عن عدم دستوريه المواد 8الى 11 من القانون رقم 97 لسنة 1959 وبالتنن تحنجان لوزير الداخليه وضع مجلس الدوله المصرى مبدأين هامين يهدفان الى حمايه ذوى الاحتياجات الخاصه وبالتحديد المصابين بأمراض عقليه الاول مشروعيه قرار الايداع فى مستشفى الامراض العقليه مدام مستند الى تقرير طبى على الثانى استقرار حاله المحجوزه فى مستشفى الامراض العقليه يجعل قرار الحجز قائما على غير سبب . ارسي مجلس الدوله مبدأ يهدف الى حمايه حريه النشاط الاقتصاديه وهو عدم جواز الخطر المطلق للنشاط الاقتصاديه ولو تعارض مع احكام الشريعه الاسلاميه الا انه اتخذ موق متباينه من هذا المبدأ .	2008] سيوط : محمود احمد حلمي محمد ، محمود، محمود احمد حلمي . مدى مساهمة مجلس الدوله فى ارساء دعائم حقوق الإنسان فى مصر/	3284	10594377	
							المفاهيم الرئيسية للبحث تتم مدى علاقة بغيره من الحقوق الأخرى ، ثم بيان مدى التطور التاريخي لهذا الحق من الحقوق الأخرى.وفى نهاية العمل قد تبين لنا بعض النتائج والتوصيات 1: ان حق الإنسان فى الحياة هو اسمى الحقوق واصلها جميعا ولولاه ما تمتع الإنسان بالحقوق والحريات الأخرى . الاصل انه لا يجوز المساس او انتهاك حق الإنسان فى لحياة فى الإسلام ينظر اليه على انه حق شخص ترتبط به نشاط: 2: الفرد وحق الاجتماعى تتعلق به بقاء المجتمع وهو شرط لازم لقيام قوق الإنسان الحقوق الأخرى ولذا شرعت عليها ما يحفظه ولعل القانون الدولى ويحاول الوصول الى ذلك المفهوم ان الجهود التى يبذلها المجتمع الدولى ومن ثم وسائل التى يسنها لتأكيد وجود وحماية الحق فى الحياتى وغالبا ما يعترضها 3: . النقض وهو الاثام لعدمتوافر اسبابه فلا زال الدول تتمتع بسيادتها كامله وترفض التنازل عنها تبين ان منظمة الصحة العالميه لا تقوم بدورها كاملا فى مجال حمايه صحة الإنسان وحياته وذلك بكافه الوبئه التى 4: تفكك بحياه ملايين وذلك لقله مارداه الماليه والى تحصل عليها الدول الاعضاء المتمع الدولى وعدم مشاركة الدول الكبرى بالادع المالى الملائم لهذا الغرض حق الإنسان فى الحياة ليس مطلقا فهناك الضرورة والمصلحه العامه التى تبيح اهدار هذا الحق كمارسه حق الدفاع 5: . الشرعى وحالة الضرورة او تنفيذ الفصاص	بنى سوييف : عبد الواحد طه بخيت عطالله، عطالله،عبد الواحد طه بخيت . حق الإنسان فى الحياة فى القانون الدولى :	3285	10594380	
							تكمن اهمية البحث فى البدائل الصناعيه الطبيعفى ما يلى1- الاتجاه العام نحو البحث فى التخصصات الدقيقه فى شتى المجالات فيعدما كان الاهتمام بالطب بشكل عام اتجه الطب الآن نحو تقسيم الى فروع عديده وافراد ابحاث متخصصه فى كل فرع وفى القانون على سبيل المثال نجد ابحاثا قد افردت لبحث مسئولية الاطباء والتزامهم واخرى 2- ايجاد آليه منتظمه تضع ضوابط وقبوا على استخدام هذه الوسيلهالعلاجيه 3 B- الوصول الى التقويم الحسن الذى فطر الله الانسان عليه والذى يحرص الانسان ذاته الى اكتمال بنيتة الجسديه4- عدم امكانيه وجود وسيله بديله عن استخدام البدائل الصناعيه الطب فى بعض الحالات5- الآثار الجانبية التى تنجم عن بعض الوسائل العلاجية مثل حالات الرفض 6- ما وصل اليه التطور الصناعى الطبى فى هذا المجال وحسمه لكثير من المشكلات التى يعانى منها الإنسان سواء ماديا أو نفسيا يجعل أهمية البدائل الصناعيه الطبيه متزايدة ومتنامية 7- انخفاض معدلات خطورة مثل هذه الجراحات لمسبلة تركيب وزع معظمها دون اضرار تذكر . إن كانت البدائل الصناعيه الطبيه تحظى برصيد وافر من الاصوات المؤيدة لها وإن لم يزل التطور الطبى يخطو خطواتها عملاقا وأن كانت البدائل الصناعيه الطبيه قد أوجت حولا كثيرة لمشكلات كانت معجزة .	2006 . سيوط : الهيثم عمر سليم ، سليم، الهيثم عمر . المسئولية المدنية عن أضرار البدائل الصناعية الطبية /	3286	10594381

						تستخلص من هذه الرسالة ان المعلم يلتزم تجاه تلاميذه بالتعليم والرقابة في القانون المدني والمصري وقانون المعاملات المدنية الاماراتي وتقوم مسئولية المعلم المدنية على اساس الخطأ المفترض في الرقابة طبقا للمادة(173) من القانون المدني المصري والتقصير المفترض طبقا للمادة (313) من قانون المعاملات المدنية الاماراتي بالنسبة للاضرار التي تصيب التلاميذ فانه يجب اثبات خطأ (تقصيرية)المعلم في الرقابة حتى تتعقد مسئولية في القانونين المذكورين وفيما يتعلق بالقانون المدني الفرنسي تقوم مسئولية المعلم على اساس الخطأ واجب الاتبات وفقا للمادة (1384/8) من قانون الخامن من ابريل لسنة 1973 بالنسبة للاضرار التي يحدثها التلاميذ او التي تحدث لهم حتى تحل الدولة محل المعلم في المسئولية. وفي بيان تميز المعلم عن الفئات التي يختلط بها في مجال الرقابة ذهبنا الى ان المعلم الجامعي يلتزم برقابة طلابه الذين يتلقون التعليم النظري والتعليم العلمي عندما يتواجد الطلاب في المعامل والمختبرات الكيميائية والبيولوجية طالما يبلغ الطالب 21 سنة في القانون المصري والاماراتي 18 سنة حسب القانون الفرنسي وبالنسبة لمعلمي الدراسة الخصوصية نفرق بين امرين الاول وهو اذا كان التلاميذ يتوجهون الى منزل المعلم فتعقد بالتزام الاخيرة برقابتهم عقديا والثاني اذا ذهب المعلم الى منزل التلميذ فرائيا عدم التزام المعلم بالرقابة ما لم يوجد اتفاق صريح .	2008 . القاهرة :	علي عبد الله ابراهيم عمر الأميري ،		الأميري ، علي عبد الله ابراهيم عمر . مسئولية المعلم :	3293	10596836	
						قسم الباحث الرسالة الى تمهيد : حيث تناولت فيه التطور التاريخي لوسائل الاتبات في المجتمعات القديمة القبلية والبدنية وفي الاديان السماوية وفي النظم المعاصرة ومكانتها في الاتبات في الشريعة الاسلامية ، وثلاثة ابواب : الاول : في الشهادة وادلتها وحجيتها ، الثاني : الشروط العامة للشهادة ، الثالث : شهادة السماع وشهادة السماع لها ثلاث مراتب شهادة التواتر : وهي تعيد العلم اليقيني . شهادة الاستعاضة : وهي تعيد ظنا فويا يقرب من القطع ويرتفع عن شهادة السماع . شهادة السماع : وهي تعيد ظنا دون شهادة الاستعاضة لان ميناها الشهرة والسماع الفاشي من التفات وغيرهم ولا يشترط في شهادة السماع عدم تفسير الشهادة كما قال بذلك الاحناف بل تقلل شهادة السماع فسرت ام لم تفسر ويكفي ان يؤيدها الشاهدان لان المعمود في الشرع الاكتفاء بالشاهدين الا ما نص الدليل عليه فالذي لايد ان يتوفر في لفظ الشهادة امران هما الاستناد الى السماع الفاشي وذكر المشهود به بان يقول الشاهد لم ازل اسمع من اهل العلى وغيرهم كذا او نحو هذه العبارة .	2005 . الزاويق :	سعيد عبد المحسن محمد عبدالرحمن ،		عبدالرحمن ، سعيد عبد المحسن محمد . القضاء بشهادة السماع في الفقه الاسلامي :	3294	10596892	
						يتحدث الباحث في رسالته عن مفهوم الملكية الشائعة فيقوم بتعريف الملكية على الشيوخ وطبعتها القانونية من اجل تميزها عن الملكية المفترزة والملكية المشتركة وملكية الشركه انطلاقا من ان كل صوره لها احكام خاصه بهاسوف يعاج البحث مسأله التصرف في المال الشائع وسوف يتناول اتفاق الشركاء على انتهاءالشيوخ وايضا يتناول مسأله تدخل الدائنين في القسمة الاتفاقية ويناقش مسأله تدخل الدائنين في قسمة امل غير كامل الاطيهتهم يعرض تصرف الاغليه في المال الشائع وضوابط سلطه الاغليه في اتخاذ قرار التصرف كما سيتعرض الباحث لتصرف الشريك منفردا وسيوضح التصرف في حصه شائعته واخيرا يعرض الباحث لاثار التصرف في المال الشائع واثار التصرف بالنسبه للدائن المرتين .							
						وتناولت الدراسةمسألة آثار التصرف في المال الشائع والتي تختلف بالضرورة فيما بين طرفي التصرف سواء كان المتصرف جميع الشركاء أو أغليتهم وبالنسبة للممتلك النهائي للمال وكذا الدائنين المرتبطين للمال محل التصرف سواء كان الزهن صادرا من جميع الشركاء أو من احدهم . فمن ناحية اثار التصرف فيما بين طرفيه وان كان يخضع لحكم القواعد العامة الا ان المشرع المصري والكويتي وضع احكام خاصة تختلف من ناحية بحسب ما اذا كان التصرف قد تم بطريق المراء العلني او بالممارسة ومن ناحية اذا كان التصرف قد تم في صورة قسمة نهائية للمال الشائع ومن ناحية اثار التصرف بالنسبة للممتلك النهائي للمال فالغالب في الحياة العملية ان يقوم المتقاسم بالتصرف في الجزء الذي يؤول اليه بمقتضى القسمة الى شخص من الغير ولكن قد يتوفاى البائع المتقاسم ولم يترك خلفا عاما او يتم خلفا عاما او يتم شهر افلاسه او اعساره ومن هنا لايد من توفير حماية للمتصرف اليه من خلال تحويله الحق في الرجوع على المنتج للمال محل التصرف.	2006 . القاهرة :	نواف مخيط عبد الله المطيري ،		المطيري ، نواف مخيط عبد الله . التصرف في المال الشائع في القانونين الكويتي والمصري /	3295	10596949	
						يهدف البحث الى ايجاد حلول قانونية ذات طابع عملي لمشاكلالات التي يثيرها موضوع القانون الواجب التطبيق على اتفاق التحكيم وذلك من خلال:-							
						1-رصد اوجه القصور التشريعي ومحاولة ايجاد حلول لها -2.الكشف عن مواطن الخلاف الفقهي ودراسة الازاء الت قدمت بشأن محل كل خلاف -3.دراسة عدد من التشريعات الاجنبية والاتفاقات الدولية ذات الصله ومدى التزام المشرع المصري بالاتفاقيات الدولية -3.النافذه لدى سته لقانون التحكيم المصري استنباط المبادئ القانونية التي يمكن تعميمها من خلال دراسته الاحكام القضائية المصرية والاجنبية واحكام هيئات التحكيم المختلفة ومن اهم التوصيات :-							
						ضرورة تدخل المشرع المصري بتنظيم الاحكام الخاصة بالقانون واجب التطبيق على اتفاق التحكيم ضمن التحكيم المصري- المصادر بالقانون رقم 27 لسنة 1994 باجراء تعديل بالاضافة عليه يتضمن تلك الاحكام امكانية استخدام اصطلاح التحكيم الوطني للدلالة على التحكيم في المنازعات التي لايدخلها عنصر اجنبي بدلا من اصطلاح- التحكيم الداخلي والذي اثار لبسا لدى استخدامه ضرورة حرص اطراف التحكيم على ان يضمناوا اتفاق التحكيم نصا صريحا يتضمن تحديد القانون واجب التطبيق على هذا- الاتفاق حتى لا يتسبب قعودهم عن النص الصريح في البحث عن الارادة الضمنية أو اللجوء لضوابط اسناد احتياطية قد لا تتناسب معهم .							
						ضرورة الاهتمام بصياغة اتفاق التحكيم ومراعاة الدقة والوضوح والتفصيل في عباراته وعلى نحو خاص فيما يتعلق بشرط- التحكيم بالاحالة فلايد ان تكون الاحالة على نحو صريح يقطع باتجاه الارادة الى إعصال الشرط بالوثيقة المحال اليها . ولا تعرض الاتفاق للاحذار وعدم الاعصال على النحو الذي رصدته البحث في العديد من الاحكام	2009 . القاهرة :	هشام محمد ابراهيم السيد الرفاعي ،		الرفاعي ، هشام محمد ابراهيم السيد . القانون واجب التطبيق على اتفاق التحكيم /	3296	10596972	
						يتناول البحث التسجيل الدولي للعلامات التجارية وأثره في التشريع المصري ومما يستخلص منه ان العلامة التجارية تعد وسيلة التعرف الوحيدة على البضائع والمنتجات وأن ملكيتها تزول بتركها وأهمل استعمالها وأن الحق فيها حق نسبي وليس مطلقا كما انه قد يستنفذ وان تسجيل العلامة التجارية هو وسيلة لحماية العلامة وأن نظام مدريد لتسجيل الدولي للعلامات التجارية يمنح أصحاب العلامة التجارية فرصة لحماية علامته في عدة دول وأن المشرع المصري قد راعى جميع الاحكام التي اشتملت عليها الاتفاقات الدولية الخاصة كما انه وضع حمايه وقيته للعلامة فضلا عن الحماية الجنائية والمدنية .							
						ومن أهم التوصيات :-							
						إن ما اخذ به القضاء المصري من اشتراط ان تكون العلامات المزعم تسجيلها قابلة للادراك بالنظر كشرط لتسجيلها هو-1							
						مسلك لعة الحماية ذاتها ومصادرة للمستقل							
						انضمام مصر لبروتكول مدريد اصبح ملحا حتى تستفيد من المزايا المقررة ومن اهمها كفاءة مصدر مهم للايرادات تتمثل-2							
						في حصص من المبلغ الاجمالي المقابل للرسوم التكميلية التي تحصلها الويبو بالاضافة الى حصص من مجموع الرسوم الاضافية المحصلة عن كل فئة من فئات السلع او الخدمات ما بعد الفئة الثالثة فضلا عن الرسم الفردي الذي من يمكن لادارة العلامات							
						فرضه							

						ضرورة النص على القواعد المنظمة لاجراءات التسجيل الدولي في مصر اسوة ببعض التشريعات العربية التي ضمنت-3 . تلك الاجراءات تشريعاتها الوطنية

						وتشتر في البداية إلى ما أوضحت هذه الدراسة، حيث عنتيت في الفصل التمهيدي بتحليل فكرة الحجر - بوجه عام - عن طريق تعريضه، وبيان حقيقته وأقسامه وشروطه، وحكمة تشريعه، مع الإشارة إلى الولاية على المحجور عليهم وإلى الأهلية وعوارضها وما يوجب الحجر منها، وانتبهنا إلى عدم اعتبار المدينونية من جملة عوارض الأهلية، لأنه لا صلة بين منع المدين من التصرف في ماله وبين عوارض الأهلية، سواء في الفقه الإسلامي أو في القانون المدني، وذلك خلافاً لما رآه بعض الشراح المحدثين من اعتبار المدينونية عارضاً من عوارض الأهلية. كما أوضحت الدراسة أن الحجر - بوجه عام - يتعدد بتعدد أسبابه التي تجلت من خلال بيان أسباب الحجر المختلفة في كل من الفقه الإسلامي والقانون المدني المصري واليمنى. ولقد نتبعنا تلك الأسباب بصورة إجمالية. وانتبهنا إلى آخر هذه الأسباب وهو "الحجر على المدين حماية لحق الغراء"، وهو عنوان هذه الرسالة وموضوعها، حيث مهدت لذلك بشرح الشطر الثاني من العنوان، وذلك ببيان معنى الحق والضمان العام للدائنين ووسائل حمايته، وإيضاح معنى التصرف القانوني، والمقد، والائترام، والبطلان، في كل من الفقه الإسلامي والقانون المدني، مع الإشارة المبجل إلى وسائل حماية الضمان العام للدائنين في بعض الشرائع القانونية القديمة، وفي الشريعة الإسلامية والقوانين المعاصرة، وغير ذلك من المسميات والمفاهيم والمسائل الشرعية والقانونية التي تناولناها في هذا الفصل التمهيدي. وقد سمعت هذه الدراسة في الباب الأول إلى بيان شرعية الحجر على المدين، وشروط تحققه في الفقه الإسلامى والقانون المدني. حيث تناول الفصل الأول: شرعية الحجر على المدين في الفقه الإسلامى والقوانين الأخذة بهذا النظام، وتلك التي أخذت بنظام شهر الإحصار، كالقانون المدني المصري. ثم كانت نهاية البداية حول مدى أهمية وضرورة نظام الحجر وشهر الإحصار لحماية الضمان العام للدائنين. ثم كان الحديث في الفصل الثاني عن شروط تحقق حالة الحجر على المدين في الفقه الإسلامى والقوانين المعاصرة.

							ان التكامل الاقتصادي العربي يمثل هدفاً جوهرياً لشعوب الأمة العربية وخطوة اساسية و لازمة على طريق التنمية الشاملة والامن القومي ، وباستعراض تطور العمل الاقتصادي المشترك بين التعاون الجزئ والتكامل الشامل في إطار الوحدة الاقتصادية وتطور السوق العربية المشتركة يتضح ان العمل الاقتصادي العربي المشترك يعانى من أزمة حقيقية في مواجهة الاخطار والتحديات التي تتطلب اعطاء ذلك العمل دفعة قوية تتناسب ومستوى هذه الاخطار وتلك التحديات . تتناول هذه الرسالة مصالح المستهلك المتعلقة بالصحف والحماية الجنائية لها وايضا المسؤولية الجنائية للصحافة وتطبيقاتها بشأن حماية المستهلك ، كشفت الدراسة عن ان خطة الشارع المصرى فى تجريم التعرض للحياة الخاصة فى قانون الصحافة فى خطة محل نظر إذ تخالف الأصول المستقرة فى التشريع الجنائي كما انها تخالف خطة كافة التشريعات الجنائية المقارنة فمن ناحية فهي تخالف الأصول المستقرة فى التشريع الجنائي التي توجب حصر الأفعال المجرمة على نحو واضح ومحدد وألا يتصف التجريم بقتناع بحيث يكون مترامى الأطراف على نحو يتعذر معه تحديده . ان حرية الصحف تنعكس على المستهلك بمزايا ومسابل فهي وسيلة المستهلك فى العلم والمعرفة بالسلع والخدمات المعيرة عن رعايته ومتطلباته كما انها قد تكون أيضاً سبباً لإرباك الأسعار او تتخذ وسيلة للنصب على المستهلك او خداعه وتضليله وهى تؤدى دورها السلبى والإيجابى من خلال موادها المختلفة سواء كانت مواد تحريرية كالأخبار والآراء والتحليلات ام كانت مواد إعلانية ألحقت بسلطوتها على المستهلك وحاصرته كما دعمت الجريدة بالمال وهيئت له العلم بالخدمات والسلع فى نفس الوقت .	2000 [بنها : أحمد شعبان حافظ الشاهد ، الشاهد، أحمد شعبان حافظ . الإطار القانونى للسوق العربية المشتركة : 10601363 3304
							تتناول هذه الرسالة الحماية الجنائية للممتلكات العقارية للدولة والمتعلق بماهية الأموال العامة العقارية وأيضاً الحماية الجنائية للممتلكات العقارية للدولة ذات الطابع العسكرى والدينى وفي نطاق الجريمة المنظمة. وذلك بهدف الحفاظ على أموال الدولة سواء كانت العقارية منها أو المنقولة ، ولرعايتها فى الحفاظ على ثروتها القومية من كل عبث يحدث من جراء التعدى عليها ، ولا يفدح من هذه النظرة اتجاه اقتصاد الدولة فى الوقت المعاصر إلى نهج أسلوب الخصخصة فى تحقيق الكثير من الخدمات التي كانت تباشرها الدولة بنفسها من قبل ، إذ إنه مهما تبادلت الدولة فى نهج الخصخصة ستبقى لها أموالها العامة التي تمثل عصاديكاتها وذلك لوجود الكثير من الأموال العامة التي يتعذر أن تكون مجالاً لأسلوب الخصخصة كالمشآت المتعلقة بالدفاع والمرافق العامة الحيوية والكثير من الأموال الأخرى التي ستبقى بيد الدولة لتعذر تركها للأفراد أو للقطاع الخاص . تناول الباحث موضوع الحماية الجنائية للممتلكات العقارية للدولة فى ثلاث أبواب : فصلا على فصل تهيئيد يوضح فيه مفهوم المال سواء فى القانون المدني أو الجنائي ، وماهية العقار المنقول . فى الباب الأول تناولوا الحماية الجنائية للعقارات ذات الطابع العسكرى والدينى ومدى هذه الحماية فيما يعرف بالجريمة المنظمة . والباب الثاني تناول فية الحماية الجنائية الأموال العقارية للدولة فى نطاق الجرائم المرتكبة من الموظفين العموميين والأفراد. والباب الثالث تناول فية الحماية الجنائية للملكية العقارية الأثرية والأراضى الصحراوية . ثم ختم الدراسة بعرض ملخص لما أنتهت إليه الرسالة وملاحظات على نهج كل من المشرع المصرى والفرنسى بشأن معالجة حماية أملاك الدولة العقارية . تحدثت هذه الرسالة عن المسؤولية الجنائية للموظف العام للامتناع عن تنفيذ الأحكام القضائية بالإضافة إلى قبوة العقوبة التي وضعها المشرع فى حالة إقامة المسؤولية الجنائية ضد الموظف وهى الحبس والعزل فه تلمس الجانبين الشخصى والمادى للحكموم عليه. تعرضت الرسالة أيضاً للحكم القضائى محل التنفيذ وانتهت الى انه يشترط فى الحكم القضائى محل التنفيذ ان يكون حائزاً على قوة الأمر المفضى وان يشتمل على الصيغة التنفيذية كما يشترط فى الحكم محل الدراسة ان يكون صادراً ضد شخص معنوى عام ويشمل الدولة والوزارات والمصالح وكذلك الوحدات الإدارية التابعة لها ويخرج من نطاق هذه الدراسة الأحكام التي تصدر ضد الأشخاص الخاصة كما انتهت الى ان هذه الجريمة تقوم على ركنين ركن مادى وركن معنوى ويتمثل الركن المادى فى فعل الامتناع عن التنفيذ أما الركن المعنوى فهو يتمثل فى القصد الجنائى وتعتبر هذه الجريمة من الجرائم المعنوية . وهناك عض الاحكام يتوقف تنفيذها على الاستعانة بالقوة المختصة بتنفيذ الاحكام القضائية والتي تتمثل فى جهاز الشرطة كما ان هناك الكثير من الاحكام القضائية الواجبة التنفيذ واتى لا تجد مجالاً للتنفيذ الا بعد فترات طويلة وقد يسقط الكثير من هذه الاحكام بالتقادم مما يؤدى الى فلات الكثير من المجرمين من العقاب مما يكون له اثر سلبى على اصحاب الحقوق . التي نشأت عن هذه الاحكام ما يتمتع به من صدور الحكم ضده من نفوذاستغاليا فى التأثير على القاضين . يقول الباحث : ربط الضريبة على الدخل وأثره على العلاقة بين الممول والأداة الضريبية وأهم نتائجها ان هناك عدة مصطلحات ضريبية صعبة على المتخصص فهمها وتكاد الشعوب المتقدمة والنامية أن تنظر للضرائب نظرة متشائمة لما تقوم به الادارة الضريبية 2 -br- هناك محاولة جاده من المشرع الضريبى المصرى من تغير النظام السبى الذى يكمن فى نفوس الممولين القدامى وجعل الضمانينة تدخل قلوب الحداثى منهم والمستجدين فى التعامل مع الادارة الضريبية بتعاملهم مع الادارة الضريبية . 3 -br-تكاد جميع الشعوب (المتقدمة والنامية)أن تنظر للضرائب نظرة تشاؤمية لما تقوم به الادارة الضريبية باستسطاع مبالغ نفعية من الممولين . 4 -br- هناك تباين ملحوظ بين النظم الضريبية المختلفة فى قانون الضريبة على الدخل فهناك قوانين ضريبية تتساهل مع الممول فى الحصول منه على الضريبة . 5 -br- الوسائل الالكترونية الحديثة تطرقت اليها معظم التشريعات الضريبية فى التعامل معها وقد منحت بعضها عدة امتيازات مقابل التعامل بهذا النظام . 6 -br- تتجه معظم التشريعات الضريبية الحديثة نحو اصلاح نظمها الضريبية سواء كان فى القوانين أو اللوائح أو وعى الممولين أو تبسيط الاجراءات الضريبية .	2009 [بنى سوف : أحمد شوقي عبد الظاهر ، عبد الظاهر، أحمد شوقي. الحماية الجنائية للممتلكات العقارية للدولة : 10601672 3306
							تعرضت الرسالة أيضاً للحكم القضائى محل التنفيذ وانتهت الى انه يشترط فى الحكم القضائى محل التنفيذ ان يكون حائزاً على قوة الأمر المفضى وان يشتمل على الصيغة التنفيذية كما يشترط فى الحكم محل الدراسة ان يكون صادراً ضد شخص معنوى عام ويشمل الدولة والوزارات والمصالح وكذلك الوحدات الإدارية التابعة لها ويخرج من نطاق هذه الدراسة الأحكام التي تصدر ضد الأشخاص الخاصة كما انتهت الى ان هذه الجريمة تقوم على ركنين ركن مادى وركن معنوى ويتمثل الركن المادى فى فعل الامتناع عن التنفيذ أما الركن المعنوى فهو يتمثل فى القصد الجنائى وتعتبر هذه الجريمة من الجرائم المعنوية . وهناك عض الاحكام يتوقف تنفيذها على الاستعانة بالقوة المختصة بتنفيذ الاحكام القضائية والتي تتمثل فى جهاز الشرطة كما ان هناك الكثير من الاحكام القضائية الواجبة التنفيذ واتى لا تجد مجالاً للتنفيذ الا بعد فترات طويلة وقد يسقط الكثير من هذه الاحكام بالتقادم مما يؤدى الى فلات الكثير من المجرمين من العقاب مما يكون له اثر سلبى على اصحاب الحقوق . التي نشأت عن هذه الاحكام ما يتمتع به من صدور الحكم ضده من نفوذاستغاليا فى التأثير على القاضين . يقول الباحث : ربط الضريبة على الدخل وأثره على العلاقة بين الممول والأداة الضريبية وأهم نتائجها ان هناك عدة مصطلحات ضريبية صعبة على المتخصص فهمها وتكاد الشعوب المتقدمة والنامية أن تنظر للضرائب نظرة متشائمة لما تقوم به الادارة الضريبية 2 -br- هناك محاولة جاده من المشرع الضريبى المصرى من تغير النظام السبى الذى يكمن فى نفوس الممولين القدامى وجعل الضمانينة تدخل قلوب الحداثى منهم والمستجدين فى التعامل مع الادارة الضريبية بتعاملهم مع الادارة الضريبية . 3 -br-تكاد جميع الشعوب (المتقدمة والنامية)أن تنظر للضرائب نظرة تشاؤمية لما تقوم به الادارة الضريبية باستسطاع مبالغ نفعية من الممولين . 4 -br- هناك تباين ملحوظ بين النظم الضريبية المختلفة فى قانون الضريبة على الدخل فهناك قوانين ضريبية تتساهل مع الممول فى الحصول منه على الضريبة . 5 -br- الوسائل الالكترونية الحديثة تطرقت اليها معظم التشريعات الضريبية فى التعامل معها وقد منحت بعضها عدة امتيازات مقابل التعامل بهذا النظام . 6 -br- تتجه معظم التشريعات الضريبية الحديثة نحو اصلاح نظمها الضريبية سواء كان فى القوانين أو اللوائح أو وعى الممولين أو تبسيط الاجراءات الضريبية .	2005 [بنى سوف : عبد الله حسين حميدة حسين ، عبد الله حسين حميدة . المسؤولية الجنائية للموظف العام للإمتناع عن تنفيذ الأحكام القضائية 10602535 3307
							تتناول الرسالة : التحقق الابتدائى وقيامه على طابع السرية والمقصود بالسرية عدم افشاء اى شىء بالنسبة للجمهور وقد أكد المشرع المصرى على ذلك بنصه المادة 75 من قانون الاجراءات الجنائية . أولاً:-ينيب بالمشرع أن يقلى نظرة على اجراءات محاكمة المتهم المريض أسوة بالتشريع الفرنسى الذى يتخلف عن حضور جلسات بسبب مرضه وذلك فى مواد الجنع . تجنب صدور حكم غيابى والثانى :اتباع اجراءات دقيقة تضمن حق المتهم فى الدفاع عن نفسه حيال الحكم الصادر فى-1 غيبته . أما الاعتبار الثالث فهو تجنب تأجيل الفصل الدعوى ميسببه من اطالة الاجراءات وتصنيع وقت القضاء ثانياً:-نرى الإخذ بالجراءات محاكمة المرأة فى الفقه الاسلامى تلك الاجراءات التي تضمن الحفاظ على كرامتها وحياتها . ثالثاً:-لقد أصاب المشرع الفرنسى فى المادة 557 من قانون الإجراءات الجنائية حين ألزم المحضر بان يرسل مسجلاً على المعان اليه فى حالة تسليم صورة الاعلان . رابعاً: نوصى المشرع بالتوسيع من نطاق الامر الجنائى والحضور التمثيلى للمتهم أمام المحكمة لأن الامر الجنائى اسلوب مختصر لحسم الدعوى الجنائية دون حاجة إلى اجراءات المحاكمة العادية أو حضور المتهم أمام المحكمة العادية . خامساً:-نرى تعديل نص الفقرة من المادة 241 من قانون الاجراءات الجنائية من شروط قبول الحكم الحضورى الاعتبارى للعلن بالمعارضة . نوصى بالمشرع بالنظر فى تجريم الغياب العمدى ذلك إذا كان الحضور أمام القضاء واجبا ملقى على عائق المتهم يجد هذا- الالتزام أساسه فى ضرورة طاعة أمر القانون والممثل لأوامر منظمته وعلى رأسها هيئة القضاء التي تختص بالفصل فى النزاعات وحسم الخصومة	2007 [بنى سوف : نشأت إدوار ناشد بسطا ، نشأت، نشأت إدوار . ربط الضريبة على الدخل وأثره فى العلاقة بين الممول والإدارة الضريبية : 10603431 3308
							تتناول الرسالة : التحقق الابتدائى وقيامه على طابع السرية والمقصود بالسرية عدم افشاء اى شىء بالنسبة للجمهور وقد أكد المشرع المصرى على ذلك بنصه المادة 75 من قانون الاجراءات الجنائية . أولاً:-ينيب بالمشرع أن يقلى نظرة على اجراءات محاكمة المتهم المريض أسوة بالتشريع الفرنسى الذى يتخلف عن حضور جلسات بسبب مرضه وذلك فى مواد الجنع . تجنب صدور حكم غيابى والثانى :اتباع اجراءات دقيقة تضمن حق المتهم فى الدفاع عن نفسه حيال الحكم الصادر فى-1 غيبته . أما الاعتبار الثالث فهو تجنب تأجيل الفصل الدعوى ميسببه من اطالة الاجراءات وتصنيع وقت القضاء ثانياً:-نرى الإخذ بالجراءات محاكمة المرأة فى الفقه الاسلامى تلك الاجراءات التي تضمن الحفاظ على كرامتها وحياتها . ثالثاً:-لقد أصاب المشرع الفرنسى فى المادة 557 من قانون الإجراءات الجنائية حين ألزم المحضر بان يرسل مسجلاً على المعان اليه فى حالة تسليم صورة الاعلان . رابعاً: نوصى المشرع بالتوسيع من نطاق الامر الجنائى والحضور التمثيلى للمتهم أمام المحكمة لأن الامر الجنائى اسلوب مختصر لحسم الدعوى الجنائية دون حاجة إلى اجراءات المحاكمة العادية أو حضور المتهم أمام المحكمة العادية . خامساً:-نرى تعديل نص الفقرة من المادة 241 من قانون الاجراءات الجنائية من شروط قبول الحكم الحضورى الاعتبارى للعلن بالمعارضة . نوصى بالمشرع بالنظر فى تجريم الغياب العمدى ذلك إذا كان الحضور أمام القضاء واجبا ملقى على عائق المتهم يجد هذا- الالتزام أساسه فى ضرورة طاعة أمر القانون والممثل لأوامر منظمته وعلى رأسها هيئة القضاء التي تختص بالفصل فى النزاعات وحسم الخصومة	1997 [بنى سوف : محمد جابر عبدالعظيم عبدالقادر ، عبدالقادر، محمد جابر عبدالعظيم . غياب المتهم فى مرحلة المحاكمة فى قانون الاجراءات الجنائية المصرى والمقارن والشريعة الاسلامية / 10603767 3309
							هذه الرسالة قصد بها إبراز موقف الشريعة الإسلامية وإستجلاء موقف القوانين الوضعية من التحديات التي أثارها تقنية البصمة الوراثية والتي شكلت أهم وأخطر معطيات التطور العلمى فى السنوات القليلة الماضية ، ومن أهم ما توصى به هذه الرسالة هو ان تبادر الجهات التشريعية الى إصدار هذا التشريع المفقذ ليعنى بتقييم هذه التقنية "البصمة الوراثية"وتحديد نطاق مشروعيها وتنظيم خدماتها قبل أن تضرب الفوضى أرجاء مجتمعنا. ومن أهم التوصيات أيضا ان تبادر الجهات التشريعيةالى إصدار هذا التشريع المفقذ ليعنى بتقييم هذه التقنية "البصمة الوراثية" وتحديد نطاق مشروعيها وتنظيم خدماتها .	

									نظرا لما يمثلته البصمة الوراثية من أهمية بالغة في إثبات أوفى نسب شخص معين فلا بد من توافر مجموعة من-2 الشروط والضوابط يتعين توافرها أولا قبل إجراء التحليل وهي عدم استخدام البصمة الوراثية بديلا عن الوسائل الشرعية لإثبات نفى النسب وعدم استخدام البصمة الوراثية في التأكيد من نسب ثابت وعدم إجراء التحاليل الإبانن وأشراف من الجهات الرسمية المختصة .
									. ان تقرير مشروعية هذه التقنية "البصمة الوراثية" في النظر الشرعي والقانوني لا يخفى عن المتابعة الرقابية في تطبيقها-3 لاشك ان الشارع الحكيم يتشوف لإثبات النسب والحق الافراد بأسرهم وعائلاتهم حفاظا على الشرف وحماية للنفس-4 . وصيانة للأنساب .
									لاشك ان الشارع الحكيم قد حصر نفى النسب في طريق واحد فقط ألا هو اللعان فلايجوز ان تساوية البصمة الوراثية في-5 نفس النسب فضلا ان نتقدم عليه ولكن يمكن الاستفادة من البصمة الوراثية في تقليل حالات اللعان وفي النهاية فتنى انأشاد المجامع الفقهية في الدول العربية كمجمع البحوث الفقهية في الأزهر الشريف والمجمع الفقهي-6 الاسلامي في مكة المكرمة بضرورة الاهتمام بالمسائل الفقهية المعاصرة لازالة اللبس عما يدور في أذهان المسلمين منها ولاشك ان موقع المسلمين من الاكتشافات العلمية الحديثة والتي تعد البصمة الوراثية من بينها هو التعامل مع الواقع . المفروض عليهم

3312	10607184		دور المشروعات الصغيرة في تنمية الاقتصاد المصري :	مصطفى صابر سيد .	صابر سيد مصطفى ،	{ 2002 بنى سويف :	يوصى الباحث بوضع وثيقة لتعزيز القدرة التنافسية للمشروعات الصغيرة والمتوسطة بهدف تحديد المعوقات التي تحول دون نمو هذه المشروعات والعمل على ازالتها بما يحقق تفعيل هذا القطاع . ويوصى الباحث بوضع وثيقة لتعزيز القدرة التنافسية للمشروع الصغير والمتوسطه بهدف تحديد المعوقات التي تحول دون نمو هذه المشروعات والعمل على ازالها بما يحقق تفعيل هذا القطاع ورفع جودة منتجاته وتوفير المقومات اللازمة له وتدعيم قدراته التسويقية في السوق المحلي والتصدير الخارجي لزيادة مساهمته في زيادة العائد من النقد الاجنبي وزيادة المصادرات وتحويل هذا القطاع من قطاع يعمل تحت بير السلم الى قطاع يعمل تحت رقابة الدولة وتعزيز القدرة التنافسية للمشروعات الصغيرة والمتوسطة وبحاج قطاع المشروعات الصغيرة والمتوسطة لرفع قدراته التنافسية الى اليات غير تقليدية ونظم ضريبية خاصة تحفز هذا القطاع الى العمل على جودة المنتج والمنافسة الفعالة في السوق المحلي والسوق العالمي لتنمية موارد الدولة . منح هذا القطاع افضلية في عقود التوريدات الحكومية ولابد من تضافر الجهود جميع فئات المجتمع والمؤسسات الحكومية وغير الحكومية واصحاب لمشروعات الصغيرة والمتوسطة لتحريك عملية الانتاج والتنمية وفي احدى الدراسات عن واقع المنشآت الصغيرة في مصر اظهرت ان مصر تعتبر من الدول التي ينصف فيها قطاع المنشآت الصغيرة والتوسطة حيث تتركز 80%من وظائف هذا القطاع الخاص في مشروعات صغيرة يقل عدد العاملين فيها عن 10 عمال او في مشروعات يزيد عدد العمال فيها عن 500 عامل .		
3313	10607709		الحرية السياسية بين الشريعة الإسلامية والقانون الوضعي :	سيد، عبد الناصر محمد وهبة .	عبد الناصر محمد وهبة سيد ،	بنى سويف : 2000	تتناول هذه الرسالة الحرية السياسية فالحرية السياسية في الشريعة الإسلامية تعني مشاركة الأمة في اختيار حاكم الأمة الإسلامية عن طريق البيعة هذه المشاركة التي يرضى بها الشعب ويعطى من تم اختياره للحكم الطاعة الكاملة التي لا يحيد عنها الى العصيان والنصرة التي لا تتحول ابداً الى الخذلان . اما الحرية السياسية في النظم الديمقراطية فهي تعني مشاركة الشعب في إدارة شئون الحكم سواء اشترك بنفسه - الديمقراطية المباشرة - او عن طريق نواب يختارهم بطريقة الانتخاب - الديمقراطية النيابية - او بتطعيم الديمقراطية النيابية ببعض وسائل الديمقراطية المباشرة لزيادة اشترك الشعب في الحكم - الديمقراطية شبه المباشرة - والظاهر ان الحرية السياسية في النظم الديمقراطية اوسع مجالاً منها في النظام الاسلامي ولكن المدقق في الأمر يجد ان الحرية السياسية في النظم الديمقراطية هي حرية صورية وتكون الديمقراطية في هذه الحالة ديمقراطية مقنعة تخفي خلفها حتمًا نظامًا دكتاتوريًا .		
3314	10607850		نظام مفوضي الدولة في مصر :	إسحق، صبحي جرجس .	صبحي جرجس إسحق ،	بنى سويف : 2000	هذه الرسالة تستعرض دراسة تفصيلية لنظام مفوضي الدولة في مصر وهو نظام أنشئ محاكاة لفرنسا ، ان وجود المفوضين في فرنسا كان ولازال مرتبطا بوجود مجلس الدولة بها كما انه كان موجودا في ظل محاكم المقاطعات وذاك مفوضي الدولة لا يقومون بتحضير الدعاوى كمفوضي الدولة المصريين الذي يعد تحضير الدعوى وتجهيتها للمرافعة . وقد أوضحنا نوعي مفوضي الدولة الذين ورد ذكرهم في القانون رقم 47 لسنة 1972 بشأن مجلس الدولة الحالي وماتعلق بمفوضي الوزارات والمصالح من التفصيل لمركزها القانوني وطريقة الحاقهم بالوزارات والمصالح والمحافظات واعمالهم وطبيعتها ومدى اهميتها وكشفنا عن مزايا وعيوب وجودهم . اما عن دور الطعون سواء كان مقدما من ذوي الشأن في الخصومة او من رئيس هيئة مفوضي الدولة فقد ظهر مدى تبعيته لالاخير في حالة الطعون ولم ننس ان نوضح دور المفوضين في تحديد نظام وسير العمل في اقسام المجلس عن طريق عن حضورهم الجمعيات العمومية وابداء صوتهم المعهود في مداولاتها واكمالا للفائدة من الدراسة فقد عقد مقارنة بين مفوضي الدولة لدى المحاكم واعضاء بعض النظم القانونية المشابهة لهم في النظام القضائي المصري واخترنا من هذه النظم الاقرب من ناحية طبيعة العمل الذي تقوم به لنظام المفوضين لذلك قصرنا المقارنة على المفوض واعضاء النيابة العامة واعضاء النيابة الادارية ومفوضي المحكمة الدستورية العليا وقمنا باجراء المقارنة من ناحية الاتحاق بالوظيفة وحصانتها القضائية والمسئولية التقديرية لهؤلاء واسلوب مخاصمتهم جميعا وفي ختام دراستنا وعند تقييمنا لنظام المفوضين وحسب الواقع العملي الذي عايناه سنين طويلة في هيئة مفوضي الدولة ولازلنا نعيشه كرئيس لاحد افرعها فقد اوضحنا مقدار واسباب القصور الذي يشوب اعمال المفوض واظهرنا دون مجاملة لاحد عيوب نظام المفوضين ككل وهي تفوق كثيرا مزاياها بوضعه الحالي .		

							هذه الرسالة أوضحت ان التأمين من المسؤولية قد أضحي حقيقة بارزة في المجتمع من حيث كونه يضطلع بدور غاية في الأهمية في مجالات الحياة المتعددة فهو الوسيلة المثلى والفعالة في تخفيف آثار الكوارث والمحن ويعتبر من أفضل الطرق ان لم يكن أفضلها فعلاً لضمان حصول المضرور على التعويض المستحق له في سهولة ويسر ولا يقتصر دور التأمين من المسؤولية على دفع التعويض لمن أصابه الضرر وإنما يمتد دوره ليوفر الأمان والطمأنينة للمؤمن لهم في مواجهة الأخطار التي قد تنشأ نتيجة مباشرتهم لأنشطتهم في المجتمع فيمكن عن طريق التأمين من المسؤولية الا يكون أصحاب الأعمال ومن يقومون بإدارتها في حاجة الى تجميد بعض أموال المشروع لمواجهة ما قد يحدث من خسائر نتيجة لتتحقق هذه الأخطار مما يؤدي الى زيادة استثماراتهم وبالتالي ازدهار مشروعاتهم وانشطتهم بالإضافة الى ان قيام هيئات التأمين بحمل الخسائر الناتجة عن تحقق الأخطار يساعد أصحاب هذه الأعمال ومن يقومون بإدارتها على تركيز تفكيرهم في كيفية النهوض بالمشروع والتفرغ الكامل لمباشرة نشاطهم والتفوق فيه مما يعود بالنفع عليهم بصفة خاصة وعلى المجتمع بصفة عامة . هذه الرسالة تناولت دور السياسة الضريبية في تحفيز الاستثمارات في ظل التطورات العالمية المعاصرة محورها لها فقد استهدفت الدراسة مفهوم السياسة الضريبية وماهية السياسة الضريبية ومن اهم النتائج التي توصلت لها هذه الرسالة ان استثمارات القطاع الخاص أحد المتغيرات الحاكمة لتطور الاقتصاد المصري إذ انها أحد الأعدة الرئيسية التي يقوم عليها الاقتصاد في ظل المتغيرات العالمية المعاصرة ، ترى الدراسة ضرورة السعي بجدية في إعادة هيكلة نظام الضرائب المصري وإعادة بنائه على أسس علمية متكاملة تراعي التطورات الاقتصادية المعاصرة على ساحة الاقتصاد العالمى وذلك عن طريق خلق نظام ضريبي أكثر شفافية وثباتاً واستقراراً لجذب وتحفيز الاستثمار وعن طريق إعادة النظر في منظومة الحوافز الضريبية الحالية التي اظهرت فاعلية كبرى في توجيه الاستثمارات أكثر من جذب الاستثمارات واخيراً تنتشد الرسالة بتخفيض معدل الضريبة على الشركات من 43% الى 30% . من أهم النتائج : أن النظام الاقتصادي العالمي الذي يواجه الدول السامية الى التنمية في الوقت الراهن يختلف اختلافا جذريا عن النظام-1 الاقتصادي الذي عرفه العالم في الستينات والسبعينات . ان التطورات والمتغيرات الاقتصادية على ساحة الاقتصاد العالمي والمحلى تؤثر بشكل كبير على الساسية الضريبية من-2- . خلال تأثيرها على العوامل المحددة لها . تعتبر استثمارات القطاع الخاص أحد المتغيرات الحاكمة لتطور الاقتصاد المصري-3- ان نظام الضرائب الحالي يعاني من اوجه قصور متعددة تؤثر في كفاءته وفعاليته في تحقيق الاهداف المونطة به وخاصة-4- تحفيز الاستثمارات . ان الشركات دولة النشاط نظرا لتفوقها الإدارى والتكنولوجى ومماثمتيه مع من قدرات هائلة في مجال الاستثمار والإنتاج-5- في العالم . وترى الدراسة ان هذه الحوافز مع تعددها الا انها لاتصلح لاجنب الاستثمار النقدى والمشروعات الصغيرة التي يمكن تحويل نشاطها بعد انتهاء مدة الاجازة الضريبية التي منحها المشرع المصرى في مجال نشاط المشروع للاستفادة باجازة ضريبية أخرى . أما مشروعات الاستثمار الكبرى ذات القدرة على التوطن والتركز والتي يصعب تحويلها بعد نهاية مدة الاجازة الضريبية فان قانون ضمانات وحوافز الاستثمار يقصر عن جذبها وللاستدلال على ذلك تتشامل الدراسة عن عدد مشروعات الاستثمار الاجنبى أو الوطنى العملاقة التي استطاعت قوانين الاستثمار جذب النشاط الخاص بها عن عدد الشركات العالمية العملاقة متعددة الجنسيات . وتتطلب الادرة الجيدة للجهاز الضريبي استخدام الاساليب التكنولوجية الحديثة في عمليات الربط والتقدير وحصر المجتمع الضريبي اى تطبيق منهج تكنولوجيا الادارة الضريبية الذى يتطلب عدة اعتبارات عند تطبيقه ولضمان عدالة النظم الضريبية في التطبيق الفعلى فوضع تشريع ضريبي جيد هو مجرد شرط ضرورى في تصميم نظام ضريبي كفء وعادل ولكنه غير كاف والاهم تطويع هذا التشريع وتطبيقه بكفاءة على الواقع العملى بتعديلاته الاقتصادية والاجتماعية والمؤسسة المختلفة .	
3316	10608311	التأمين الإجبارى من المسؤولية المدنية عن حوادث القطارات :	مشرف، صلاح خليل .	صلاح خليل مشرف ،	بنى سويف :	2005	هذه الرسالة أوضحت ان التأمين من المسؤولية قد أضحي حقيقة بارزة في المجتمع من حيث كونه يضطلع بدور غاية في الأهمية في مجالات الحياة المتعددة فهو الوسيلة المثلى والفعالة في تخفيف آثار الكوارث والمحن ويعتبر من أفضل الطرق ان لم يكن أفضلها فعلاً لضمان حصول المضرور على التعويض المستحق له في سهولة ويسر ولا يقتصر دور التأمين من المسؤولية على دفع التعويض لمن أصابه الضرر وإنما يمتد دوره ليوفر الأمان والطمأنينة للمؤمن لهم في مواجهة الأخطار التي قد تنشأ نتيجة مباشرتهم لأنشطتهم في المجتمع فيمكن عن طريق التأمين من المسؤولية الا يكون أصحاب الأعمال ومن يقومون بإدارتها في حاجة الى تجميد بعض أموال المشروع لمواجهة ما قد يحدث من خسائر نتيجة لتتحقق هذه الأخطار مما يؤدي الى زيادة استثماراتهم وبالتالي ازدهار مشروعاتهم وانشطتهم بالإضافة الى ان قيام هيئات التأمين بحمل الخسائر الناتجة عن تحقق الأخطار يساعد أصحاب هذه الأعمال ومن يقومون بإدارتها على تركيز تفكيرهم في كيفية النهوض بالمشروع والتفرغ الكامل لمباشرة نشاطهم والتفوق فيه مما يعود بالنفع عليهم بصفة خاصة وعلى المجتمع بصفة عامة . هذه الرسالة تناولت دور السياسة الضريبية في تحفيز الاستثمارات في ظل التطورات العالمية المعاصرة محورها لها فقد استهدفت الدراسة مفهوم السياسة الضريبية وماهية السياسة الضريبية ومن اهم النتائج التي توصلت لها هذه الرسالة ان استثمارات القطاع الخاص أحد المتغيرات الحاكمة لتطور الاقتصاد المصري إذ انها أحد الأعدة الرئيسية التي يقوم عليها الاقتصاد في ظل المتغيرات العالمية المعاصرة ، ترى الدراسة ضرورة السعي بجدية في إعادة هيكلة نظام الضرائب المصري وإعادة بنائه على أسس علمية متكاملة تراعي التطورات الاقتصادية المعاصرة على ساحة الاقتصاد العالمى وذلك عن طريق خلق نظام ضريبي أكثر شفافية وثباتاً واستقراراً لجذب وتحفيز الاستثمار وعن طريق إعادة النظر في منظومة الحوافز الضريبية الحالية التي اظهرت فاعلية كبرى في توجيه الاستثمارات أكثر من جذب الاستثمارات واخيراً تنتشد الرسالة بتخفيض معدل الضريبة على الشركات من 43% الى 30% . من أهم النتائج : أن النظام الاقتصادي العالمي الذي يواجه الدول السامية الى التنمية في الوقت الراهن يختلف اختلافا جذريا عن النظام-1 الاقتصادي الذي عرفه العالم في الستينات والسبعينات . ان التطورات والمتغيرات الاقتصادية على ساحة الاقتصاد العالمي والمحلى تؤثر بشكل كبير على الساسية الضريبية من-2- . خلال تأثيرها على العوامل المحددة لها . تعتبر استثمارات القطاع الخاص أحد المتغيرات الحاكمة لتطور الاقتصاد المصري-3- ان نظام الضرائب الحالي يعاني من اوجه قصور متعددة تؤثر في كفاءته وفعاليته في تحقيق الاهداف المونطة به وخاصة-4- تحفيز الاستثمارات . ان الشركات دولة النشاط نظرا لتفوقها الإدارى والتكنولوجى ومماثمتيه مع من قدرات هائلة في مجال الاستثمار والإنتاج-5- في العالم . وترى الدراسة ان هذه الحوافز مع تعددها الا انها لاتصلح لاجنب الاستثمار النقدى والمشروعات الصغيرة التي يمكن تحويل نشاطها بعد انتهاء مدة الاجازة الضريبية التي منحها المشرع المصرى في مجال نشاط المشروع للاستفادة باجازة ضريبية أخرى . أما مشروعات الاستثمار الكبرى ذات القدرة على التوطن والتركز والتي يصعب تحويلها بعد نهاية مدة الاجازة الضريبية فان قانون ضمانات وحوافز الاستثمار يقصر عن جذبها وللاستدلال على ذلك تتشامل الدراسة عن عدد مشروعات الاستثمار الاجنبى أو الوطنى العملاقة التي استطاعت قوانين الاستثمار جذب النشاط الخاص بها عن عدد الشركات العالمية العملاقة متعددة الجنسيات . وتتطلب الادرة الجيدة للجهاز الضريبي استخدام الاساليب التكنولوجية الحديثة في عمليات الربط والتقدير وحصر المجتمع الضريبي اى تطبيق منهج تكنولوجيا الادارة الضريبية الذى يتطلب عدة اعتبارات عند تطبيقه ولضمان عدالة النظم الضريبية في التطبيق الفعلى فوضع تشريع ضريبي جيد هو مجرد شرط ضرورى في تصميم نظام ضريبي كفء وعادل ولكنه غير كاف والاهم تطويع هذا التشريع وتطبيقه بكفاءة على الواقع العملى بتعديلاته الاقتصادية والاجتماعية والمؤسسة المختلفة .	
3317	10610408	دور السياسة الضريبية في تحفيز الاستثمارات في ظل التطورات (العالمية المعاصرة /	عبد العزيز ، الوليد صالح.	الوليد صالح عبد العزيز ،	بنى سويف :	2002	الدراسة تعرضت للتطور التاريخي للعدالة الضريبية في التشريع المالي الاسلامى والتشريع المالي المقارن وتبين ان مفهوم العدالة في التشريع المالي الاسلامى له دلالات متعددة فهو يعنى العدل والعدالة والانصاف والقسط والوسط والقوام كلها مفاهيم للعدالة أما التشريع المالي المقارن فيعرف العدالة بالقضاء والسلطة وتبين كذلك ان الحضارات التي سبقت الاسلام كانت بعيدة عن تطبيق العدالة الضريبية مما ساعد في زوالها وتبين بعد ذلك ان العدالة تطورت واستقرت في العهد العدى حيث اصبحت الزكاة فريضة الزامية بعد ان صار لجماعة المسلمين ارض وكيان وسلطان فاخذت العدايات وخاصة الزكاة صفة التحديد والتخصيص والازام وتبين كذلك ان الزكاة تختلف عن المساعدات وتبين انه يجوز فرض ضريبة بجانب الزكاة والتضح ان عدالة الزكاة تعنى الملازمة في الجبائية واختيار الاوقات المناسبة في التحصيل . من أهم التوصيات ربط معالجة السياسة الضريبة بالمنهج الاسلامى وذلك سيؤدي الى انسجام هذه السياسات مع فكرة وفطرة المجتمع المعنى بهذه السياسات والاحداثت هوه سخية بين الضرائب والمجتمع خاصة ان دستورنا الصادر سنة 1971 جعل التشريعية الاسلاميه هي المصدر الرئيسى للتشريع . لذا يجب تعميق العدالة الضريبية سواء عند اصدار التشريعات او عند تنفيذها يجب ايضا تطوير التشريع الضريبي ولاتحتة التنفيذية وتنقيتها من اوجه القصور لاهمية دقة وصياغة وتبسيط التشريع الضريبي ومايصاحبه من نواحي تنفيذية وتعليمات تفسيرية . ويجب التنسيق بين سياسة الاعفاءات الضريبية وباقي ادوات السياسة المالية مثل النفقات العامة وادوات السياسة النقدية مثل سعر الفائدة وكذلك مع سعر الصرف لتحقيق اكبر عائد للاقتصاد القومى من خلال هذه السياسة . ويجب ان يعاد النظر في اسعار الضريبة الموحدة ولتبدأ من سعر 10 وتنتهى عند 30 فالسعر له اهمية كبيرة في ثقل الممولين للضريبة وبالتالي تزداد الحصيلة الضريبية والاسعار الضريبية المفروضة حاليا لاتتفق مع الظروف الاقتصادية التي تمر بها البلاد والتي من اهدافها الانتاج والتنمية والاستثمار ويجب ان يعطى الحق لوزير المالية في تعديل السعر عند تغير الظروف الاقتصادية بعد موافقة مجلس الشعب .	
3318	10610523	مبدأ العدالة الضريبية تأصيلا وتطبيقا في التشريع المالي الاسلامى	محمد، عادل خليل عبد العزيز .	عادل خليل عبد العزيز محمد ،	بنى سويف :	1999	هذه الرسالة استعرضت القضاء الشعبي الذى يتولاه غير المتخصصين كما يستعرض القضاء الطبيعى الذى ولاد ان يتولاه القضاء المتخصصون في علم القانون بهدف بحث إمكانية الأخذ بنظام القضاء الشعبى بجوار النظام القضائى السائد حاليا في مصر للمساهمة في مواجهة مشكلة ازدياد أعداد القضايا المعروضة على القضاء في السنوات الأخيرة وتأخر الفصل فيها لشنوات الأمر الذى ينعكس على النمو الاقتصادى في الدولة وازدياد الخصومات وتفشى الفساد في المجتمع، ومن أهم النتائج التي توصلت لها الرسالة ان القضاء لا يمكن ان يؤدي رسالته في إعلاء المشروعية وسيادة القانون وضمان حقوق المواطنين وكفالة حرياتهم إلا بالقدر الذى يكون عليه استقلاله فضلاً على ان حسن تنظيم القضاء وحيداً يكمن في استقلاله .	
3319	10611743	القضاء الشعبي والقضاء الطبيعى بين النظرية والتطبيق :	أحمد، محمد عبد المجيد .	محمد عبد المجيد أحمد ،	بنى سويف :	2007	تعرض هذا البحث الى الرقابة على ملامحة القرارات الادارية وهى دراسة مقارنة في كل من إنجلترا وفرنسا والتطبيق على ما هو عليه الحال في مصر تعرضت هذه الرسالة في البداية لدور الجهات غير القضائية في الرقابة على ملامحة القرارات الادارية وتتمثل هذه الرقابة في الرقابة الشعبية والرقابة الادارية وانتهت بالنسبة لدور الرقابة الشعبية والتي تتمثل في رقابة البرلمان ورقابة الرأى العام وتعد هذه الرقابة بمثابة رقابة غير مباشرة على ملامحة القرارات الادارية حيث انها لا تؤدي مباشرة الى إلغاء القرار الإدارى إلا انها تعتبر وسيلة ضغط سواء على مصدر القرار او على سلطته الرئاسية أما بالنسبة لدور الرقابة الإدارية فهي تكاد تكون واحدة في الدول محل البحث والتي تتمثل في إنجلترا وفرنسا ومصر وعلى الرغم من انها تعد أكثر فاعلية من الرقابة الشعبية الا انها غالباً ما تقوم على النزعات الشخصية للفئتين عليها الأمر الذى من شأنه ان يلقى بالخوف في قلوب ذوى الشأن من اهدار حقوقهم وتقيد حرياتهم . واستعرض الباحث أوجه الرقابة القضائية على ملامحة القرارات الادارية في كل من إنجلترا وفرنسا، وانتها الى ان أوجه الرقابة القضائية على الملامحة في إنجلترا متعددة وتتمثل في الاوامر القضائية التي تصدرها محاكم القانون وهي الأمر القضائى بإلغاء الأمر القضائى بالقيام بعمل الأمر القضائى بالأمتناع .	
3320	10611863	الرقابة على ملامحة القرارات الإدارية :	لبيب، أشرف محمد على.	أشرف محمد على لبيب ،	بنى سويف :	2007	تعرض هذا البحث الى الرقابة على ملامحة القرارات الادارية وهى دراسة مقارنة في كل من إنجلترا وفرنسا والتطبيق على ما هو عليه الحال في مصر تعرضت هذه الرسالة في البداية لدور الجهات غير القضائية في الرقابة على ملامحة القرارات الادارية وتتمثل هذه الرقابة في الرقابة الشعبية والرقابة الادارية وانتهت بالنسبة لدور الرقابة الشعبية والتي تتمثل في رقابة البرلمان ورقابة الرأى العام وتعد هذه الرقابة بمثابة رقابة غير مباشرة على ملامحة القرارات الادارية حيث انها لا تؤدي مباشرة الى إلغاء القرار الإدارى إلا انها تعتبر وسيلة ضغط سواء على مصدر القرار او على سلطته الرئاسية أما بالنسبة لدور الرقابة الإدارية فهي تكاد تكون واحدة في الدول محل البحث والتي تتمثل في إنجلترا وفرنسا ومصر وعلى الرغم من انها تعد أكثر فاعلية من الرقابة الشعبية الا انها غالباً ما تقوم على النزعات الشخصية للفئتين عليها الأمر الذى من شأنه ان يلقى بالخوف في قلوب ذوى الشأن من اهدار حقوقهم وتقيد حرياتهم . واستعرض الباحث أوجه الرقابة القضائية على ملامحة القرارات الادارية في كل من إنجلترا وفرنسا، وانتها الى ان أوجه الرقابة القضائية على الملامحة في إنجلترا متعددة وتتمثل في الاوامر القضائية التي تصدرها محاكم القانون وهي الأمر القضائى بإلغاء الأمر القضائى بالقيام بعمل الأمر القضائى بالأمتناع .	

						تناولت هذه الرسالة دراسة تفصيلية للقرارت الصادرة من مجالس التأديب الخاصة والرقابة القضائية عليها وذلك في ضوء المبادئ والأحكام التي قررتها المحكمة الإدارية العليا في هذا الشأن تناولت هذه الدراسة الجريمة التأديبية باعتبارها سبب إصدار القرارات التأديبية الصادرة من مجالس التأديب الخاصة ثم أوضحت الرسالة المفاهيم المختلفة للجريمة التأديبية ثم تناولت أركانها ومصادرها وعلاقتها بمبدأ الشريعة ثم بينت العلاقة بين الجريمة التأديبية والجريمة الجنائية وختم هذا الجزء من الرسالة بتبليغات قضائية لصور من الجرائم التأديبية التي تعرضت لها المحكمة الإدارية العليا سواء ما كان منها داخل نطاق العمل الوظيفي أو خارجه ثم تعرضت الرسالة بعد ذلك للأساس القانوني لهذه المجالس والمبادئ العامة لعملها واختصاصاتها وسلطاتها والنفات الخاضعة لها وخصصت الباب الثاني لإجراءات التأديب والضمانات المتعلقة به بصفة عامة وفي الباب الثالث تناولت بالشرح المستفيض لقرارات مجالس التأديب الخاصة فحددت الطبيعة القانونية لها والشروط الشكلية والموضوعية الواجب توافرها لمصحتها وذلك في ضوء أحكام المحكمة الإدارية العليا والمبادئ التي قررتها هذه المحكمة في هذا الشأن . ومن التوصيات أيضا والمقترحات :- وبعد ، أضافت المحكمة الإدارية العليا الوصف القضائي على القرارات الصادرة من مجالس التأديب الخاصة التي تحتاج الى تصديق عليها من سلطة او جهة ادراية عليا تعين على المشرع الاعتراف لهذه القرارات بهذه الصفة واعتبارها من الاحكام القضائية . والىضا مادامت المحكمة الادارية العليا اصنفت الوصف القضائي على القرارات الصادرة من مجالس التأديب الخاصة فانه يتعين ان ينطلق على اعضاء مجالس التأديب جميع القواعد التي نص عليها قانون المرافعات المدنية والتجارية بشأن احكام عدم الصلاحية والرد والتحى وذلك حتى تتسم المحاكمة التأديبية بالحييدة والعدالة والموضوعية التي تتطلبها اى محاكمة عادلة سواء كتبت جنائية أو تأديبية .ومما لاشك في ان الدور الذي تقوم به مجالس التأديب الخاصة والى ابقى عليها المشرع لاضفاء مزيد من الضمانات والحماية للطائفة التي تحاكم امامها من العاملين بالدولة كما ان تشكيلها في معظم الاحيان يتضمن عنصر ادارى يعد عنصرا حيويا في ميزة اخرى لها تنصب لها لا عليها لان هذا العنصر يعد حيويا في تشكيله ويكون اقرب الى المحاكمة التأديبية كما نرى انه لا يوجد ما يمنع من وجود عنصر قضائي في تشكيل هذه المجالس بنص عليه القانون لاضفاء حماية اكثر على هذه المجالس وانه من الضروري تعميم مجالس التأديب . ومن اهم التوصيات ايضا التعجيل بصدر قانون الاجراءات الادارية يكفل للقانون التأديبي الاستقلال التام في كافة مواد ونشاند جميع السلطات القائمة بالتحقيق الادارى والسلطة التأديبية بالتريث وعدم السرعة في الفصل في التحقيق الادارى في حالة ارتباط الجريمة التأديبية بجريمة جنائية .	3321 10612208 أحمد، قطب محمد محمد . قرارات مجالس التأديب والرقابة القضائية عليها /	بنى سويف : 2009 .	قطب محمد محمد أحمد ،
						شملت هذه الدراسة سلطة رئيس الدولة في النظام البرلماني في إنجلترا والنظام الرئاسي في امريكا ونظام الحكم في مصر ، ان سلطة رئيس الدولة تختلف باختلاف الشكل الذي يتخذه نظام الحكم فقد يتمتع بسلطات استثنائية واسعة ويقوم بدور بارز وفعال في الأنظمة الرئاسية في حين لا يتمتع في الأنظمة البرلمانية إلا بسلطات اسمية فهو يسود ولا يحكم وتتعلق الوزارة باقيام بسلطات الحكم الفعلية وتستقل برسم السياسة العامة للدولة . وقد كشفت الرسالة ان رئيس الدولة في النظام البرلماني هو الرئيس الأعلى للدولة ورئيس السلطة التنفيذية في ذات الوقت ويقوم النظام البرلماني على اساس عدم مسئولية رئيس الدولة إذ تقع المسئولية على علق الوزارة وان هناك تعاوناً وتوازناً بين السلطتين التشريعية والتنفيذية وذلك بإعطاء كل سلطة صلاحاً تواجه به السلطة الأخرى فالمسئولية تكون بيد السلطة التشريعية وبقيائها في نفس الوقت سلاح الحل الذي تمارسه السلطة التنفيذية . بالإضافة الى اسناد الدستور الامريكي الى الرئيس قدر كبير من السلطات الأخرى في نصوصه الصريحة وان القضاء الامريكي لعب دورا كبيرا في استخلاص العديد من السلطات الأخرى والتي رآها ضرورية لممارسة الرئيس لسلطاته المنصوص عليها دستوريا عن طريق مايسنه من مبادئ . وان هناك تغيير سياسي مطلوب في نظام الحكم في مصر لذا يتناول عدد من الامور الجوهرية الآتية :- اولا:-الفصل بين اختصاصات رئيس الدولة واختصاصات الحكومة حيث ان جميع كافة السلطات وتركيزها في يد رئيس الجمهورية كما هو الحال في الدستور الحالي بما في ذلك رئاسته للسلطة التنفيذية أمر لا يستقيم مع وجود مجلس للوزراء له ذاتية مستقلة طبقاً لنصوص الدستور مع وجود مجلس الشعب الممثل للامة . ثانياً:-إعادة النظر في المادة 76 من الدستور والخاصة بالانتخابات الرئاسية : وقد رأينا ان المادة 76 بعد تعديلها لم تحقق الاهداف التي كتبت منتظرة منها وذلك لاحتوائها على الكثير من الشروط والاجراءات والاضواح التي تخالف المبادئ الديمقراطية . ثالثاً:-ضرورة تعديل المادة 77 من الدستور والخاصة بمدة الرئاسة . رابعا:-ضرورة الفصل بين رئاسة الدولة ورئاسة الحزب . خامساً:-إعادة النظر بشأن رئاسة الجمهورية للسلطة القضائية . سادساً:-كفالة استمرار الاشراف القضائي الكامل على الانتخابات البرلمانية والرئاسية . سابعاً:-ضرورة النص في الدستور على تقرير مسئولية رئيس الجمهورية السياسية . ثامناً:-تعديل الدستور بمايقضى وضع قيود على اعلان حالة الطوارئ واستمرارها والقوانين المقيدة للحقوق والحريات العامة . تاسعاً :-الغاء نص المادة 74 من الدستور . وهذه هي النتائج الدارسة التي نامل ان يتم العمل بها وتحقق الحرية والديمقراطية .	بنى سويف : 2008 .	حازم محمود صادق عبد الجواد ،	عبد الجواد، حازم محمود سلطة رئيس الدولة بين النظامين البرلماني والرئاسي :
						تناقش هذه الرسالة مشكلة الدواء في مصر على ضوء اتفاقية الترييبس ان مشكلة الدواء في مصر تتطلب معالجة خاصة حتى تضمن للمواطن محدود الدخل حقه في توفير الدواء الامن والفعال بشكل مستمر ومستقر لذلك يجب العمل من أجل استراتيجية واضحة لوقت مخاطر اتفاقية الترييبس على حق الإنسان في الصحة والعلاج خاصة وانه قد بدأ سريانها على قطاع الادوية الذي سيكون في مقدمة القطاعات التي تتأثر سلبا بهذه الاتفاقية .واهم توصيات الرسالة الاستفادة من براءة الاختراعاتمنفعة في مجال صناعة الدواء باعتباره تمثل المستوى الثاني من الحماية بعد براءات الاختراع ويمكن استغلالها في تقليل الوقت والجهد الازمين لعملية تصنيع الدواء التي يتم الحصول على المنتج الدوائي مثل الابتكار المقلد . التوسع في إنتاج الادوية الجديدة باسماؤها العلمية او الكيميائية وبدون الاسم التجارى ويتم ذلك عن طريق الاستفادة من براءات الاختراع التي دخلت في حيز الملك العام وانتهت مده حمايتها باجراء المزيد من البحوث الدوائية عليها لمحاولة تطوير مكوناتها باستخدام ممارسات الهندسة العكسية ويرتبط ذلك ان يكون الانسان في كتابة اى تذكرة طبية هو الاسم العلمى للدواء وليس الاسم التجارى .وتحديد نسبة معينة من ارباح شركات الدواء الوطنية لا تقل عن 20%من اجمالي المبيعات تخصص لاجتاث العلمية الدوائية وانشاء مراكز اجاث تطوير الدواء يتم الاتفاق عليه وتمويله من حصيلة الاربعا والنهوض بابحاث التكنولوجية الحيوية عليه تمويل من حصيلة هذه الارباع	بنى سويف : 2005 .	شوقي محمد فرج عفيفي ،	عفيفي ، شوقي محمد فرج . براءات الاختراع وتأثيرها على صناعة الدواء :
						تناول هذا البحث الحماية القانونية للعلامات التجارية وذلك في التشريع المصرى والتشريعات العربية والاجنبية والاتفاقيات الدولية لقد اوضحت الرسالة في الباب التمهيدي تعريف العلامة التجارية وبينت اختلاف التشريعات حول تعريف العلامة واختلاف الفقهاء حول تعريفها ونصت المادة 63 من القانون رقم 82 لسنة 2002 الخاص بحماية الملكية الفكرية على تعريف العلامة واشتمل التعريف على العلامات الصناعية وعلامات الخدمة والعلامات الزراعية واشترط المشرع المصرى في هذه المادة ان تترك العلامة بالبرسر اى لم يفرض المشرع المصرى حماية للعلامات غير البصرية مثل علامة الصوت والرائحة واتفاقية الترييبس اجازت ضمناً للدول الاعضاء تسجيل العلامات غير البصرية مع إعطاء الدول الحق في حظر ذلك ان هي ارادت وإمكان تسجيل العلامات التي لا يمكن ادراكها بالبصر . توصيات البحث :- 1 . إنشاء هيئة قومية موحدة تضم جميع ادارات حماية الملكية الصناعية-1 فرض حماية على علامة الخدمة لاصحاب مكاتب المهن الحرة من المحامين والاطباء والمهندسين والمقاولين على-2 الاعمال والخدمات التي يؤدونها .

3324	10614271	مرسى، محمد مصطفى عبد الصادق .	الحماية القانونية للعلامات التجارية /				تناولت هذه الدراسة سلطة الحاكم التشريعية في النظام الاسلامي وتناولت ايضا سلطة رئيس الدولة التشريعية في فرنسا وايضا في مصر . لقد تناولت الرسالة سلطة الحاكم التشريعية وضوابطها حيث تعرضت لأنواع التشريعات وتبين ان الأحكام الشرعية نوعان الأول أحكام شرعية ليست محلا للاجتihad كالأحكام المعلومة من الدين بالضرورة ، والأحكام التي فيها نص قطعي الثبوت والدلالة والأحكام التي لا تحتمل تأويلاً وهذه الأحكام لا يجوز لأحد أيا كان أن يخالفها أو يحدث فيها تغييراً ، والثاني أحكام شرعية تعتبر محلا للاجتihad وهي ما جاء فيها نص قطعي الثبوت ظني الدلالة تناولت الرسالة سلطة رئيس الدولة التشريعية في مصر حيث ناقشت سلطة رئيس الدولة التشريعية في الظروف العادية ووجد ان المتنتع للاستاتير المصرية يجد ان دستور 1923 هو بداية النظام السياسي في مصر ولعله أول من اشرك البرلمان مع الملك في السلطة التشريعية . من أهم التوصيات والمقترحات :- ان يجمع الدول الإسلامية والعربية جميعا رئيس واحد كالنظام المتبع في الدول ذات الويات المتحدة لتتعاون جهودهم على-1 . الدفاع عن كيانهم ودينهم وعلى نشر الاسلام في العالم كله بصورة واحدة بعيدة عن المذاهب والخلافات بما ان الصفات التي توافرها في المجتهد لايمكن اكتسابها في الوقت الحاضر الاامن تلقى قدرا معيناً من الثقافة ولما-2 كانت الدولة هي التي تشرف على التعليم في الدولة فانه من الممكن حصر صفات الاجتihad في حملة شهادة معينة تعترف بها . الدولة رسميا بعد التثبيت من ان تلك الشهادة لاتمنح الا ممن يصل الى مرتبة الاجتihad لايد من فتح باب الاجتihad حتى تجيء الاحكام الشرعية متمشية مع بطرا للناس من الحوادث التي لاحتتملها النصوص-3 . الصريحة القطعية وتسير في كل زمن بما يصلحه على السلطات القائمة على الحكم في الدولة ان تعمل على اخراج مشروعات قوانين تقنين الشريعة الاسلامية التي قنتتها-4 اللجان التي شكلها مجلس في الفترة ما بين عام 1978الى الى عام 1982 من لجنة الشؤون الدستورية والتشريعية وعرضها . على مجلس الشعب ومناقشتها واصدار قوانين تقنين الشريعة الاسلامية
3325	10614323	حسن، صابر عبد الحميد عبد السميع .	سلطة الحاكم التشريعية شرعاً ونظماً :		بنى سويف :	2003 .	اذا الوافيه من الانحرافات الادارية افضل بكثير من الانتظار وقوع الانحراف ثم توقيع العقوبة على المنحرف قانونا في من الانحرافات الادارية افضل بكثير من انتظار وقوع الانحراف ثم توقيع العقوبة على المنحرف.وتناول ايضا الطبيعة القانونية لهذا العيب وراينا انه لكي نحدد هذه الطبيعة يجب ان نتخلى فكرة الصالح العام كغرض للقرار الادارية بوجه عام وعلاقة هذه الفكرة بعنصر الوقائع المبررة في القرار وركن السبب فيه كما ان عيب الانحراف ذو طبيعة ذاتية حيث انه عيب مستقر في بواعث الادارة الخفية ودوافعها الباطنة واغراضها الحقيقية وبذلك فالن البحث في نية المصدر القرار هو بحث ذاتي فقد تخمين عليه عناصر موضوعية او قرائن ثابتة ثم تطرقا لحالات وخصائصه حيث ان عيب الانحراف بالسلطة يتسم بالعديد من الخصائص التي تميزه عما سواه من عيوب المشروعية حيث ان صفة الاختباطية فلا يتم اللجوء اليه الا اذا كانت اوجه العمل الاخرى غير مجدية في الغاء القرار المطعون في مشروعيته كما ان هذا العيب يتميز بصلته الوثيقة بسلطة الادارة التقديرية حيث راينا انها الموطن الطبيعي لعبع الانحراف بالسلطة . وقد اوضحنا ان عيب الانحراف بالسلطة لا يظهر اذا كانت سلطة الادارة في اصدار القرار المفيدة بشرط واطراح معين كما ان عيب الانحراف بالسلطة يتسم بصفة قصدية يجب توافرها لدى رجل الادارة حال اصداره القرار كما يتعلق عيب الانحراف بالسلطة بركن الغاية بصورة مباشرة حيث يعتبره القضاء الحد الفاصل بين المشروعية وعدم المشروعية فهي المقياس النقي لوجود او عدم هذا العيب يرتبط بنسبية مصدر القرار كما ينصف الانحراف الادارى بعدم تعلقه بالنظام العام وما يرتبه ذلك من عدم جواز اثاره القاضي فيها من لقاء نفسه ومرجع ذلك العيب الخاص .
3326	10615946	محمود فتحي سيد علي . يوسف ، مصطفى محمد	الانحراف الادارى الموظف العام : دراسة اقتصادية وقانونية لاهم محدثات التشغيل والاستثمار في قطاع نقل البضائع بسكك حديد مصر /		بنى سويف :	2004 .	قسم الباحث الرسالة الى بابين : الأول : الاهمية الاقتصادية بالسكك الحديدية في مصر ، الثاني : دراسة تحليلية لاهم المشكلات الاقتصادية لمرفق السكك الحديدية في مصر .
3327	10616038	مصطفى محمد مصطفى يوسف ، مصطفى .			طلعتا :	2007 .	تناولت هذه الرسالة النشأة التاريخية لبورصات الأوراق المالية وإبراز جوانب الشبه والاختلاف بينها وبين الأسواق الفطيدية وأن البورصة قسم من أقسام سوق التمويل يختص بتداول الأوراق المالية التي سبق إصدارها في السوق الأولى وأيضاً أوضحت أهم العمليات الشرطية المستحدثة التي تجري في بورصات الأوراق المالية. أن التعامل في البورصة يحمل رعبات معينة وعلى كل من يتعامل في البورصة أن يحدد رغبته ومنذ البداية حيث أن المتعاملين في البورصة ينقسمون إلى فئات متباينة فهناك المستثمر ومنهم المضارب ومنهم المقامر ومنهم المغامر ولكل فئة أهداف متباينة فالمستثمر يهدفون ويكرزون على الأرباح الموزعة ومستوى أداء الشركة لذا يكون شراء الأوراق المالية الغرض منه الاحتفاظ بها لمدة طويلة بينما يركز المضاربون اهتمامهم على ارتفاع القيم السوقية الأوراق المالية وفي فترات قصيرة فقد ركزت الدراسة على إبراز الدور الذي يمكن أن تلعبه البورصة في تحقيق أهداف تحويل قطاع الأعمال العام إلى الملكية الخاصة وهو دور ذو طبيعة مزدوجة : تحقيق تحويل ملكية قطاع الأعمال العام إلى الملكية الخاصة من ناحية تهيئة المناخ الملائم للمشروعات التي تم بيعها بغية تحقيق استمراريتها وتطورها من ناحية أخرى . على أن ذلك الدور الهام الذي تلعبه البورصة بخصوص تحقيق أهداف برنامج الخصخصة .
3328	10616113	حسن، عبد الباسط وفا محمد.	بورصة الأوراق المالية :		عبد الباسط وفا محمد حسن ،	1996 .	انقسمت هذه الدراسة على معرفة العقوبات التأديبية التي كانت توقع على الموظفين بدءاً من العصر الفرعوني وحتى وقتنا المعاصر وأوضحت هذه الرسالة مدى الاختلاف في أنواع هذه العقوبات والسلطة القائمة على توقيعها والقواعد المنظمة لها ويرجع ذلك لتنوع الاتجاهات والأسس التي كانت تقوم عليها تلك العقوبات والتي اختلفت من عصر الى آخر وقد كانت في العصور القديمة حتى عهد محمد على وخلفائه تستخدم لتأديب وزجر كل من يتولى إحدى الوظائف حتى ولو كانت هذه العقوبة من طبيعة جنائية وما يؤكد ذلك ان الإعدام والقطع والجلد والنفي والصلب والحبس في مكان الوظيفة التابع لها الموظف والمصادرة والغرامة كانت من أشهر العقوبات التأديبية في تلك العصور اما منذ عام 1883 وحتى الان فقد اختلف الوضع إذ أصبحت العقوبات التأديبية ذات طبيعة وظيفية بحتة ولم تصطبغ بالطابع الجنائي الذي كانت عليه قديماً بهدف حماية الموظف وعدم المساس به .ذات التوصيات التي توصلنا اليها من خلالاستا لموضوع العقوبات التأديبية للقانون الوضعي والشريعة الإسلاميتن اناحية التاريخية . لم يستخدم النقل كعقاب سواء كان مكانيا او ظفيا ولكن نرى خلاف ذلك لانه لو تم استخدامه كمعقوبة تأديبية فسوف يحقق:1. اغراض التأديب .2: وحول علانية العقوبة التأديبية والتشهير بالموظف المجازي بها فينبغي على الشرع الوظيفي مراعاته والنص عليها وذلك عن طريق نشر اسم هذه الصحف
3329	10616215	عبد الله، إمام صلاح إمام .	العقوبات التأديبية في القانون الوضعي والشريعة الإسلامية :		بنى سويف :	2004 .	بحثت هذه الرسالة النظم الأساسية لحماية المستحضرات الصيدلانية وفقاً لنظام حقوق الملكية الفكرية وضمن إطار منظمة التجارة العالمية واتفاقياتها ومبادئها فقد قدمت الرسالة ماهية براءات الاختراع والمعلومات غير المفضح عنها كونهما النظامين الأساسيين لحماية المستحضرات الصيدلانية كما بحثت الرسالة شروط حماية كل منهما وفقاً لاتفاقية تريبس ونطاق الحقوق والحماية التي يخولها كل نظام نظام لصاحبه .

						وتناولت ايضا الرسالة الاستثناءات التي اوردتها اتفاقية تريبس على حقوق اصحاب براءات الاختراع والمعلومات غير المصحح عنها او بيانات التجارب والاختبارات كذلك قدمت الرسالة كيفية تطبيق مبدأ المعاملة التمييزية والتفضيلية لتوفير المستحضرات الصيدلانية للدول النامية والأقل نمواً بلا مغفل وذلك بإقتراح تطبيقه في اتفاقية تريبس وجهاز فض المنازعات ولقد كان هدف هذه الرسالة بالمبحث الأخير تغيير وتبديل منظور الدول النامية ومصر لاتفاقية تريبس بصفه عامة وحماية المستحضرات الصيدلانية بصفه خاصة الذي ساد طوال العشرة اعوام السابقة فأردنا ان نستخدم اتفاقية تريبس ولأول مرة كوسيلة مضط على الدول المتقدمة لا الدول النامية والأقل نمواً ولقد تم ذلك من خلال تقديم المكثات المتاحة بقواعد فض المنازعات التابعة للمنظمة التي يمكن من خلالها ان تعلق الدول الأعضاء بعض التزاماتها الدولية بموجبها وايضاً قدمت المكثات المقترحة لإدخال تعديلات في كلا من اتفاقية تريبس وقواعد فض المنازعات عن طريق تفعيل مبدأ المعاملة التمييزية والتفضيلية للدول النامية .	2007 . بنى سوي ف : برهيان أحمد فؤاد أبو زيد ، برهيان أحمد فؤاد أبو زيد ،	الحماية القانونية للمستحضرات الصيدلانية في القانون الوطنى والإتفاقيات الدولية /	10616384 3330
						ان خطأ المضرور وأثره على المسئولية بوجه عام والمسئولية المدنية بصفه خاصة اصبح من الاهمية بالغتر الذى نستطيع معه التفرير بأنه يمكن ان يكون نظرية قانونية على قدر كبير من الاهمية والخطورة ذلك ان التأثير المباشر والرئيس لهذا الخطأ ومدى تأثيره على مقدار التعويض الذى قد يحكم به للمضرور وذلك وفقاً لحكم المادة 216 من القانون المدني والتي اعطت للقاضي سلطة إيقاص مقدار التعويض اذا كان المضرور قد اشترك في إحداث الضرر فتناولت هذه الرسالة خطأ المضرور وأثره على المسئولية حيث إن لخطأ المضرور وأثره على المسئولية المدنية تطبيقات عديدة ومتنوعة ، ان المشرع قد أقر بخطأ المضرور في المادة 165 من القانون المدني وذلك بحسب درجة المضرور ومدى مساهمته في إحداث الضرر اقتضت الضرورة بحث حالات خطأ المضرور في المجالات المختلفة فتعرضت الرسالة لمسئولية الطبيب والأخطاء التي تثير هذه المسئولية وايضاً خطأ المريض في المسئولية الطبية مثل رفض المريض العلاج او التدخل الجراحي او عدم أخذ الدواء وايضاً تطبيق آخر لخطأ المضرور في مجال المسئولية عن حراسة الأشياء ، اخيراً ان خطأ المضرور ومدى مساهمته في إحداث الضرر له صور متعددة .	2007 [بنى سوي ف : أحمد مصطفى الوكيل ،	خطأ المضرور وأثره على المسئولية المدنية /	10616496 3331
						تتناول جهة القضاء الإدارى في منظور دستورى أهتم بدراسة استقلال القضاء الإدارى وضمانات التقاضي امامه في ضوء المبادئ الدستورية المتعلقة بحدود اختصاص كل سلطة من السلطات. وقد هدف هذه الدراسة الى تحقيق غايتين الأولى : بيان اى مدى يتمتع القضاء الادرى بالاستقلال من حيث النصوص المنظمة له سواء كان نصا دستورياا وتشريعيا برلمانياياو نصا لائحيا والآخر : عدم وقوف عند هذا النصوص فقط وانما تناول ضمانات الاستقلال المقرر بها في ضوء النصوص القانونية الأخرى وبخاصة تلك التي تمنح السلطة التنفيذية مكثات استثنائية وكذلك في ضوء التطبيق القضائي لها وذلك للوقوف على مدى وجود هذا الاستقلال من الناحية العلمية وقد تحققت هاتان الغايتان في ثلاث ابواب خصص الأول منها لدراسة السلطة المختصة بتنظيم القضاء باعتبار ان ضمانات بتنظيم القضاء الإدارى المقررة بمقتضى نصوص الدساتير او الوثائق الأخرى ذات القيمة الدستورية او العرف الدستورى يثأثر اعمالها كثير اذا كانت السلطة التنفيذية هي التي تقوم على تنظيم القضاء الإدارى . لدراسة حدود سلطة المشروع في تنظيم الأوضاع الوظيفية لأعضاء القضاء الإدارى تلك الحدود المثقلة في ضمانات استقلال وحيدة وتجرد أعضاء القضاء الإدارى وخصص الأخير منها لدراسة حدود سلطة المشروع في تنظيم جهة القضاء الإدارى تلك الحدود المثقلة في عدم الانتقاص من اختصاص القضاء الإدارى وكفاءة ضمانات التقاضي امامه .	2006 . [دب] القاهرة : عبدالنصر على عثمان حسين ،	ولاية القضاء الادارى في ضوء المبادئ الدستورية	10617057 3332
						السياسية الضريبية تعتبر وسيلة ذات ادوات وصور متعددة تجعلها ماثمة للاستخدام في كل المجتمعات التي تعانى من التضخم. والسياسة الضريبية تنجه مباشرة عند الاستخدام السليم لها كما يينا الى علاج اسباب التضخم دون ان ينتج عنها اية آثار تضخمية خطيرة يعكس التضخم المالي الذى يتجه بطبيعته الى العلاج م خلال ما يحدث من آثار تضخمية ومن هنا تبرز خطورة استخدامه فاذا كانت السياسة الضريبية تنجه الى خلق دخول جديد تنكئ التضخم الموجود ان السياسة الضريبية قادرة على تحقيق انتقال عوامل الانتاج للمجالات التي تعانى من اختلال جانب العرض دون اللجوء الي رفع اثمانها يعكس التضخم المالي الذى يعتبر رفع الاثمان هو الاسلوب الاساسى لتحقيق هذا الانتقال وهو ما يمكن على نفقات الانتاج ان تكون الراسمالي الذى تستطيع السياسة الضريبية تحقيقه يعتبر وسيلة تمويل حقيقة لزيادة مرونة لجهاز الانتاج . ان السياسة الضريبية قادرة دائما على تصحيح حركة دخول والاستثمار من خلال ادواتها المختلفة بصورة دورية يعكس التضخم المالي الذى يصعب من تحقيق السيطرة على حركة الدخل والاستثمار فضلا عن كون ادوات تحقيق هذه السيطرة بعيد عن متناول يدئ التضخم المالي . ان السياسة الضريبية عند مواجهتها للتضخم تجد لها طريقة في الحد من الطلب مثما تجده في تحقيق الزيادة .	2007 [دب] القاهرة : محمد حاتم عبدالكريم ، محمد حاتم عبدالكريم ،	التضخم المالي والسياسية الضريبية في مواجهة التضخم الاقتصادى	10617322 3333
						تتناول الرسالة نشأة وتطور منصب نائب رئيس الدولة من الناحية التاريخية في اهم الحضارات الشرقية كحضارة مصر الفرعونية وحضارة بلاد النهرين وكذلك في اهم الحضارات الغربية كحضارة بلاد اليونان القديمة وحضارة الرومان وايضا في العصر الجاهلي عند العرب وعصر صدر الاسلام وعهد الخلفاء الراشدين وعصر الدولة الأموية وعصر الدولة العباسية وعصر الدولة العثمانية . يعثل منصب نائب رئيس الدولة احد اهم المناصب في الهيكل العام لنظام الحكم في الدولة حيث يحل نائب رئيس الدولة محل رئيسها في ممارسة اختصاصاته عند حدوث مانع لرئيس الدولة بصورة مؤقتة أو بصورة دائمة تعرضت الرسالة لدراسة منصب نائب رئيس الدولة في النظم الدستورية الحديثة المقارنة من خلال تحديد شروطه واساليب اختياره ومدة ولايته واختصاصاته ومسئولياته الجنائية والسياسية والتكيف القانونى لهذا المنصب وعلاقته برئيس الدولة ومدى جواز تولي المرأة لهذا المنصب . لشروط تعيين نائب رئيس الدولة واسلوب اختياره وتحديد اختصاصاته ومسئولية الجنائية والسياسة واليات تفعيل دوره في ادارة شئون الدولة وهو ما يمثل اهمالا شديدا لهذا الموضوع من قبل المشروعين الدستوري خاصة في حالات اغاء رئيس الدولة من المسئولية الجنائية او السياسة وبالتالي اغاء نائبه منها ولهذا نرى ان منصب رئيس الدولة يجب ان يحظى باهتمام المشرع الدستوري خصوصا في مصر حيث النصوص المنظمة لهذا المنصب يكتفها بعض الغموض .	2007 [دب] : ثامر بيومي عبد المنعم ، ثامر بيومي عبد المنعم ،	منصب نائب رئيس الدولة :	10617382 3334
						ان مشكلة تحقيق العدالة الاجتماعية في البنيان المالي هي مشكلة قديمة وهامة وعامة وخطيرة وليست قاصرة على التعامل مع مشكلة الفقر الطاحن . ان مشكلة تحقيق العدالة الاجتماعية في البنيان المالي هي مشكلة قديمة وهامة وعامة وخطيرة وليست قاصرة على التعامل مع مشكلة الفقر الطاحن كما يظن البعض وإن كان الحل مشكلة الفقر بشكل جانبا هاما واساسيا في حلها فهوهر المشكلة هنا يكمن في كيفية التعامل السليم مع المال العلم والخاص وفي كيفية تسخير <= المال لائسان فردا جماعة ليتمكن من ادراك غايته ويؤدى دوره المنوط به في الحياة على اتم وجه فالاستثمار في الإنسان دائما اعظم عائد ايا كانت التكاليف لتحقيق سعادته وعلى فالمشكلة ليست مشكلة كافة قواعد النظام المالي كقواعد الملكية والانتاج والتداول والاستهلاك والاتفاق والتوزيع . التي يجب ان تتكامل جميعها على تحقيقا العدالة الاجتماعية و<= هو منحنى الشريعة الغراء وهناك علاقة وطيدة بين تحقيق العدالة الاجتماعية والتنمية الاقتصادية والسياسية في كافة المجتمعات حيث ان تحقيق العدالة الاجتماعية يقضى على الظلم والفقر والامية والمرض ويحفز الناس على العمل والانتاج والتعاون فيتحقق التشغيل الكامل والنمو الانتاج قتتل المشاحنات والجرائم ويزداد ترابط الجماعة وانسجامها وتعاونها على الخير وبالتالي يتم القضاء على المشكلات الاقتصادية وغيرها التي تعمق تقدمها قتمو ثرواتها وقوتها وينتهي التهرب الضريبي وتزداد ايراداتها العامة وبالتالي تتحقق تنميتها الاقتصادية والاجتماعية والسياسية وكل <= لا تكفل سوى الشريعة الاسلامية . ويساعد البحث في القضاء على الجدل القائم حول افضلية النظم المقارنة في التطبيق ومن ثم يعد تطبيق الشريعة الاسلامية في الدول الاسلامية ضرورة دينية وعظيمة ومنطقية . ان النظم الوضعية عجزت عن وضع تصور ثابت وجامع الاجتماعية وقيام تصوراتها على القيم المادية وحدها	2007 ، القاهرة : خميس محمد هرون ابوبكر ، خميس محمد هرون ابوبكر ،	العدالة الاجتماعية كاهم ركائز البنيان المالي :	10617441 3335

					بنى سويف :	1998 .	إبرزت هذه الرسالة الحماية المدنية لنفس الصغير الشرعى وغير الشرعى فى الشريعة الإسلامية والقانون وإبرزت ماينبغى عليه حقوقه على الوجه الأكمل عند استعمالها ولّى النفس نيابة عنه مع بيان الانتقادات فقد اوضحت هذه الدراسة الحماية الواجبة للصغير قبل مولده وهى اولا تكمن بصفه عامه بتنظيم الشرع والقانون التواء بضبط العلاقة بين الرجال والنساء بالزواج حتى لا يضيع نسب الأولاد ان الصغير أولى بالحماية القانونية لمنعه نظراً لعجزه عن قضاء حاجاته وحماية نفسه بسبب ضعفه الناتج عن قصوره الذى يصاحبه زمناً ليس بالقصير فبولد ضعيفاً فى الحياة يحتاج الى من يرضعه ويحضنه ويحميه ويراقبه فى أفعاله وتصرفاته ايجميه من نفسه ويحمى غيره من شروره ويحفظ عليه دينه وأخلاقه ففكرت الولاية على نفسه وباله حتى يستوى شاباً رشيداً قادراً على قضاء حاجاته ومتصرفاً فى شئون نفسه وماله ومسئولاً عن أفعاله وتصرفاته القانونية . تنظيم النسل بالمباعدة بين الولادات بموافقة الزوجين إذ دعت اليه الحاجة للحة حماية الصحة الام والاب والرضيع والجنين والمعرف بالمعول فى الشريعة الإسلامية لان القانون لا يصلح ان يكون اداة لذلك خاصة عدم اباحة الاجهاض والتعقيم كوسيلة لهذا التنظيم الذى لا تعارض الشرائع الدينية من خلال مناقشة اسبابه ووسائله بين المويد والمعارض له وطالبنا المشروع اصدار تشريعات خاص بتنظيم صرف وسائل الحمل كالقانون الفرنسى وقصرها على الصيدليات ومركز رعاية الامومة والطفولة .		
3336	10617670	الحماية المدنية لنفس الصغير :	جمعه، فكرى عبد العزيز محمد .	فكرى عبد العزيز محمد جمعه ،	بنى سويف :	1998 .	استعرضت هذه الرسالة معنى الإدارة وانهذا ذلك العضو فى المنشأة المسئول عن تحقيق النتائج التى وجدت من اجلها تلك المنشأة وان مصطلح الإدارة لا يقتصر على المستوى القيادى فقط مثل رئيس مجلس إدارة الشركة أو العضو المنتدب للإدارة بل ينطبق على جميع مستويات القيادة فى الشركة وان الإدارة السليمة تعنى تسليح العضو الذى يقود بجميع المقومات شخصية وعلمية وخبرات واتصالات بجانب توافر الإمكانات المادية ثم سردت الرسالة الصفات الواجب توافرها فى المدير الناجح ثم تحدثت عن أسباب فشل الإدارة فى دول العالم الثالث ومن أهمها عدم الأهتمام بالبحث والتطوير وصعوبة رؤية الهدف الحقيقى وعدم تدريب المديرين على مواجهة التغييرات التى طرأت على الأعمال فى الوقت الحاضر أيضاً المركزية وتعددية الوظائف فى يد مدير واحد فضلاً عن عدم أهتمام الإدارة بإشراك العاملين فى اتخاذ القرار ثم انتقلت الرسالة بعد ذلك الى الحديث عن تشكيل مجلس الإدارة وشروط تعيين أعضاء المجلس وشروط انعقد المجلس . ومن خلال هذه الدراسة وجدنا ان القواعد والمنصوص عليها فى قنون الشركات المنظمة لإدارة شركات المساهمة فى مصر لا تكفى لتحقيق الغاية المنشودمن نجاحهذه الشركات ذلك أن قوة الاقتصاد فى الدول المتقدمة ترجع اساسا الى نجاح ادارة المشروعات فى هذه الدول . واستعرضنا فى المبحث الثانى من هذا الفصل شروط انعقاد المجلس وصدرنا لهذا المبحث بمطلب اول يبيننا فيه الزم القانونى ان يتولى الادرة مجلس مؤلف من عدة اعضاء وهو ما يستفاد منه ان ادارة الشركة جماعية لذلك لا يجوز ان يعهد بادارة الشركة الى شخص واحد وان تنظيمالخاص بعددا اعضاء مجلس الادارة وهو الذى عشر عضوا يزداد الى اربعة وعشرين عضوا فى حالة اندماج شريطة الا يزيدعدد اعضاء مجلس ادارة الشركة عن ذلك العدد .		
3337	10617940		علي، أماني حسن أحمد محمد .	أماني حسن أحمد محمد علي ،	بنى سويف :	2002 .	إن نظرية المخاطر هي الصى مايلغه التطور سواء التشريعي او القضائي في موضوع مسئولية الدولة والسلطات العامة بها هذا القرار الذي بداء باقرار مسئولية الدولة في بادى الامر استنادا الى نظرية الخطاء. نظرية المخاطر هي النظرية التي تقرر مسئولية الدولة عن الاضرار التي ترتب على عمل او تصرف او نشاط مشروع قامت به الدولة ويهدف الي تحقيق مصلحة عامة وعلى ذلك فالعناصر الاساسية التي تشتمل عليها المخاطر هي عمل او تصرف او نشاط به الدولة كثيرة ومتنوعة وعديدة وخاصة فى العصر الحديث وبعد ان تثلت الدولة فى كثير من الميادين وواجه النشاط من المختلفة فقد يتمثل هذا العمل ان تصرف فى اجراءات من الاجراءات التي تتخذها الدولة فى الظروف الاستثنائية وحالات الطوارئ التي تنتج لا التدخل باختلاف الظروف العادية فتصبح هذه الاجراءات مشروعة وقد يكون هذا العمل تشريعيا تصدره السلطة التشريعية وهى احدى السلطات الثلاث فى الدولة وايضا قد يظهر هذا النشاط فى صورة احد الاشغالات العامة التي تقوم بها الدولة وقد تستعمل الآلات والانوات الخطرة . ومشروعية هذا العمل او النشاط فيجب لكي تقرر مسئولية الدولة اسناد الى نظرية المخاطر ان يكون العمل او تصرف الذي قامت به اذا كان العمل او النشاط غير مشروع فمسئولية الدولة تتقرر فى هذه الحالة الى الخطأ وليس على المخاطر . ان يهدف العمل الذى تقوم به الدولة الى تحقيق مصلحة عامة وهذا العنصر يعتبر فى الحقيقة قيد على كل الاعمال والتصرفات التي تقوم بها الدولة وهو المهيمن على كل التصرفات السلطات العامة الموجود بها فالمصلحة العامة يجب ان تكون غاية كل نشاط تقوم به الدولة فلا يمكن تصور ان تقوم الدولة بعمل بقصد تحقيق نفع ذاتي لاحدى سلطاتها العامة .		
3338	10621010	نظرية المخاطر كأساس لمسئولية الدولة فى القنون الادارى :	حسن، طلعت فراج ابراهيم .	طلعت فراج ابراهيم حسن ،	القاهرة :	1998 .	واهم النتائج التى توصلنا اليها من موضوع الدراسة بالنسبة لمظاهر الحرية السياسية نجد انه فى مجال الترشيح للمجالس النيابية الاصل العام هو حرية الموظف . الدول الى حظر ممارسة الموظف العامللأنشطة السياسية اتجهت بعض الدول وهى الغالبية الى حريته مع فرض بعض القيود على مباشرته لحقوقيه السياسية وبزيد مجلس الدولة الفرنسى اتجاه ممارسة الموظف لحقوقه السياسية شأن اى مواطن شريطة الا يرتكب الموظف تجاوزات من شأنها ان تمس مكانة الإدارة او تعكس بأثر سلبى على الوظيفة العامة وقد اشارة الدراسة الى ان ممارسة الموظف للحقوق والحریات السياسية اختلفت من دولة الى اخرى فبينما اتجهت بعض كما يسمح النظام الفرنسى للموظف العام بحرية الانضمام الى الاحزاب السياسية للمشروع حيث لا يمكن المساس بموظف بمجرد التئمانه لحزب معين اما فى مصر فإن الموضوع المشاركة السياسية للموظف العام قد مر بتطورات كثيرة فى قوانين التوظف المتعاقبة ولم يكن الحق الثابت على اتجاه واحد بل تغير حسب الظروف التاريخية والسياسية التي مرت بها البلاد ومن اهم النتائج التى توصلنا اليها فى البحث . بالنسبة لمظاهر الحرية السياسية نجد انه فى مجال الترشيح النيابية الاصل العام هو حرية الموظف العام فى الترشيح لعضوية المجالس النيابية وان كان هناك بعض الفئات لا يجوز ترشيح لها الا بعد تقديم الاستقالة وهو ما تعرضنا له فى النقاط الخاصة بمجالات عدم القابلية للترشيح .		
3339	10621072	الموظف العام وممارسة الحرية السياسية /	خليل، على عبدالفتاح .	على عبدالفتاح خليل ،	القاهرة :	2006 .	ان الدستور المصرى بعد تعديل المادة الثانية منه يجعل الشريعة الإسلامية المصدر الرئيسى للتشريع بوجب ان تكون كل التشريعات موافقة لإحكام الشريعة الإسلامية والإا وصمت بعدم الدستورية وعلى ذلك فإن معنى المشروعية من الناحية الموضوعية فى القانون المصرى يجب ان يتطابق مع معناها فى إطار المبادئ العامة فى الشريعة الإسلامية وعلى كل ما تقدم فكل تصرف انطوى على مخالفة لنص أمر أو ناه سواء كان فى القانون او الشريعة فيهدى هي عدم المشروعية بعينها ، القاعدة العامة فى ظل القانون هو جواز التعامل فى الأشياء المستقلة إلا ما استثنى بنص خاص أما القاعدة العامة فى الشريعة الإسلامية عدم جواز التعامل فى هذه الأشياء إلا ما استثناء بعض الفقهاء فقد اوجب جمهور فقهاء الشريعة وجود محل العقد وجوداً حقيقاً عند إبرامه حيث لا يكفى ان يكون محل العقد ممكناً وهذا يختلف مع حكم القانون الذى أجاز التعامل فى الأشياء المستقلة بشرط إمكانية وجودها . بالإضافة انه يرتب القانون على عدم التزام المتعاقدين لما يتطلبه القانون من شروط حتى تتحقق مشروعية محل العقد البطلان المطلق فلا يرتب على التصرف الثمرة التى سعى اطرافه الى تحقيقها اذا بولد هذا التصرف او ذلك العقد منعهما من يوم نشأته ويتمسك بهذا البطلان كل من اطراف العقد وكل ذى مصلحة فى ذلك واذا مالتير حول عقد انطوى على مخالفة للنظام العام امام المحكمة نزاع كان يجب على المحكمة ان تقضى ببطلان العقد من تلقاء نفسها وفى بعض الحالات المترتبة على عدم مراعاة الشروط التى يتطلبها المشرع فى العقود التى تبرم بصدد الاحوال الشخصية كعقد الزواج ويجب ان ننوه الى ان النتيجة المترتبة على مخالفة شروط المشروعية من وجهة نظر الجمهور تختلف شيء ماعن وجهة نظر السادة الاحلاف فهم يرون العقد باطلا اذا كان غير مشروع باصله ولا بوصفه اما اذا كان مشروع باصله غير مشروع بوصف ترتب عليه الفساد والذى يرتب بعض الحقوق كالتملك بالقبض وقد راينا ان العقد الفاسد يتفق مع العقد القابل للإبطال فى بعض النواحي القليلة ويكون لاطراف العقد وورثتهم الحق فى التمسك بالبطلان ويجوز لكل فرد احتسابا فى غير مسائل الاحوال الشخصية التى تخص بالاحتساب فيها النيابة العامة .		
3340	10621675	مشروعية محل الالتزام بين الشريعة والقانون /	أحمد، طه محمد إبراهيم سيد .	طه محمد إبراهيم سيد أحمد ،	بنى سويف :	1997 .	أن الدستور المصرى بعد تعديل المادة الثانية منه يجعل الشريعة الإسلامية المصدر الرئيسى للتشريع بوجب ان تكون كل التشريعات موافقة لإحكام الشريعة الإسلامية والإا وصمت بعدم الدستورية وعلى ذلك فإن معنى المشروعية من الناحية الموضوعية فى القانون المصرى يجب ان يتطابق مع معناها فى إطار المبادئ العامة فى الشريعة الإسلامية وعلى كل ما تقدم فكل تصرف انطوى على مخالفة لنص أمر أو ناه سواء كان فى القانون او الشريعة فيهدى هي عدم المشروعية بعينها ، القاعدة العامة فى ظل القانون هو جواز التعامل فى الأشياء المستقلة إلا ما استثنى بنص خاص أما القاعدة العامة فى الشريعة الإسلامية عدم جواز التعامل فى هذه الأشياء إلا ما استثناء بعض الفقهاء فقد اوجب جمهور فقهاء الشريعة وجود محل العقد وجوداً حقيقاً عند إبرامه حيث لا يكفى ان يكون محل العقد ممكناً وهذا يختلف مع حكم القانون الذى أجاز التعامل فى الأشياء المستقلة بشرط إمكانية وجودها . بالإضافة انه يرتب القانون على عدم التزام المتعاقدين لما يتطلبه القانون من شروط حتى تتحقق مشروعية محل العقد البطلان المطلق فلا يرتب على التصرف الثمرة التى سعى اطرافه الى تحقيقها اذا بولد هذا التصرف او ذلك العقد منعهما من يوم نشأته ويتمسك بهذا البطلان كل من اطراف العقد وكل ذى مصلحة فى ذلك واذا مالتير حول عقد انطوى على مخالفة للنظام العام امام المحكمة نزاع كان يجب على المحكمة ان تقضى ببطلان العقد من تلقاء نفسها وفى بعض الحالات المترتبة على عدم مراعاة الشروط التى يتطلبها المشرع فى العقود التى تبرم بصدد الاحوال الشخصية كعقد الزواج ويجب ان ننوه الى ان النتيجة المترتبة على مخالفة شروط المشروعية من وجهة نظر الجمهور تختلف شيء ماعن وجهة نظر السادة الاحلاف فهم يرون العقد باطلا اذا كان غير مشروع باصله ولا بوصفه اما اذا كان مشروع باصله غير مشروع بوصف ترتب عليه الفساد والذى يرتب بعض الحقوق كالتملك بالقبض وقد راينا ان العقد الفاسد يتفق مع العقد القابل للإبطال فى بعض النواحي القليلة ويكون لاطراف العقد وورثتهم الحق فى التمسك بالبطلان ويجوز لكل فرد احتسابا فى غير مسائل الاحوال الشخصية التى تخص بالاحتساب فيها النيابة العامة .		

							أن مقومات النظام الاقتصاد العتاسى الجديد بإضلاعه الثلاث الصندوق والبنك ومنظمة التجارة العالمية قد عبت الطريق للشركات دولية النشاط للاستثمار وإن كثير من الدول النامية قد علق آمال عريضة على الاستثمارات الأجنبية المباشرة التي تجلبها الشركات دولية النشاط في الدفع بعملية التنمية وأنه بالرغم من تبني عديد من الدول النامية لسياسات التحرر الاقتصادى ومنح العديد من المزايا وتقديم المزيد من الضمانات والإعفاءات للشركات دولية النشاط وقد ترتب على تبنيها هذه السياسات نتائج عكسية مثل تركيز السوق وارتفاع الأسعار وزيادة اعداد العاطلين عن العمل . إن اتفاقية الجوانب المتصلة بالتجارة لحقوق الملكية الفكرية التريس تمثل نموذج آخر لتنصير ارادة الشركات دولية النشاط على الدول النامية أو بالأحرى على الفقراء في هذه الدول أوصى:-1-فى مجال جذب الاستثمارات الأجنبية التي تقودها الشركات دولية النشاط الأجنبية إليها إما لانها لاستطيع على أو القطاع الخاص المحلي الاستثمار فيها وإما لان الشركات دولية النشاط أكثر كفاءة في هذه المجالات كان تتطلب تكنولوجيا متطورة . فى مجال المحافظة على المنافسة وهيكى السوق فى الدول المضيفة يتعين على الدولة تفعيل البات ضبط السوق والتي باتى-2- فى مقدمتها الآليات التشريعية وذلك لتفادى مضار الممارسات غير التنافسية التي قد تلجا إليها بعض الشركات . إن تحدد هذه الدول المجالات التي ترغب فى جذب الاستثمارات-3- فى مجال الاتفاقيات الدولية يجب أن تكون من المفيد للدول النامية بصفة خاصة ولخدمة أهداف تحرير التجارة العالمية-3- بصفة عامة وأن توضع أولويات أجندة المفاوضات فى جولة الدوحة 1-ضرورة التركيز على وضع مجموعة من القواعد والمبادئ الملزمة لكل الاعضاء . يجب التركيز على تسهيل النفاذ الى الاسواق امام المنتجات الصناعية للدول النامية كثيفة الاستخدام-2- ضرورة التركيز على تحرير الخدمات التي لاتتطلب عمالة ماهرة والتي تتمتع الدول النامية بميزة نسبية فى تقديمها مثل خدمات النقل الحرى والاتصالات .	بنى سوف : 2008	سامى سلامة نعمان ، نعمان، سامى سلامة .	السياسة المالية للشركات دولية النشاط واثرا على التنمية فى الدول النامية :	3341	10625067	
							تنتاول الرسالة: أهمية تقرير وتفعيل الشفافية كمبدأ عام فى إدارة الشؤون العامة لايمكن باى حال حصر فوائده فى شتى مجالات حياة الإنسان والشعوب والحكومات علوجه العموم ذلك أن الاهداف التنموية على الفقر ورفع المستويات المعيشة للشعوب وتحقيق الحكم والادارة الديمقراطية وحماية حقوق الإنسان والإصلاح الإدارى والسياسى والاقتصادى والاجتماعى والتعليمى والابتكارى التطويرى والوقاية من الفساد ونجاح الادارة فى اداء وظائفها بل والسلطتين التشريعية والقضائية وغيرها وامور لايمكن تحقيقها الا مع وجود مبدأ عام للشفافية والمشاركة فى ادارة كافة الشؤون العامة فى الدولة بكافة مؤسساتها بصفة عامة واعمال الادارة بصفة خاصة وذلك ان سلطة التكنم على حقائق الحكومة ماهى الا سلطة تدمير لتلك الحكومة وتذنى الاداء والفساد الذى يتميز به النظام الإدارى حيث ان الشفافية فى الاداء هو السبب فى تطوير الاداء البشرى والمؤسس والشفافية كمدخل رقابى للإصلاح الإدارى واعتباره من اهم الموضوعات الاساسية والتعرف على ماهية مبدأ السرية واعمال الادارة تعد هى اساس الشفافية. ومن حيث الجهات الخاضعة للشفافية والمشاركة 1: الوزارت المركزية ووحدات الادارة المحلية الهيئات والمصالح الحكومية العامة . 3: الهيئات المنتجة على المستوى المركزى 5: منظمات المجتمع المدني وكافة 2: الجهات التي تتلقى الدعم	الفاهرة : 2006	سامى الطوخى ، الطوخى، سامى .	الادارة بالشفافية الطريق للتنمية والإصلاح الإدارى /	3342	10626715	
							تنتاول الرسالة : نشأة المالية العامة وتطورها وقد ارتبطت بنشأة الدولة وتطورها قبل وجود الدولة لسلطة منظمة للمجتمع لم يكن هناك مجالا يسمح بالحديث عن سياسة مالية حيث ان الافراد والجماعات الرحالة التي اعتمدت على الاشباع الذاتي لحاجتها وتنتاول ايضا الرسالة . هيكى بورصة الاوراق المالية وكيفية عمل سوق الاوراق المالية وايضا فرص تطوير بورصة الاوراق المالية والربط بين البورصة المصرية والبورصات العالمية . ومن اهم النتائج التي توصل اليها البحث ز تعتمد سوق اصدار الاسهم فى البورصة المصرية بصفة اساسية على الشركات المغلفة والنسبة الاقل على الشركات التي تطرح للاكتتاب العام بهدف تغطية راسمالها وبعض الشركات وتنفذ عملية الطرح للسندات الحكومية المصرية للآليات اللازمة للترويج لنجاح برنامج الاكتتاب فى الطرح الاولى وادراج مصر كسوق اشنة واعدة ضمن مؤشر مؤسسة التمويل الدولية اعتبارا من سبتمبر 1996 وماتب ذلك من قيام المؤسسات المالية الكبرى بوضع مصر على خريطة استثمارات ارتفاع حجم تعاملات الاجانب فى البورصة المصرية مقارنة بحجم استثمارهم بها بما يعنى ارتفاع معدل دوران هذه الاستثمارات وهو مايشير الى ان المستثمرين الاجانب يلعبون دورا مؤثرا فى قيادة السوق ويتسم اداء صناديق الاستثمار فى مصر بالضعف الشديد حيث لم يتجاوز اجمالى رؤوس اموالها مقارنة بجمالى راس المال السوفى للشركات المقيدة ادى الى تغير اسلوب تنفيذ برنامج الخصصة المصرى من اسلوب الطرح للاكتتاب العام الذى اعتمدت عليه الحكومة منذ بدء تنفيذ الحكومة هذا البرنامج على الرغم من قصر الفترة منذ اعادة النشاط الفعلى للبورصة المصرية فى اوائل التسعينيات الماضية وماصادفها من مشاكل ومعوقات حدث من انطلاقتهاوتطورها وضعف الدعم المصاحب لها من اجهزة الوساطة المالية. اهم التوصيات:- 1. تطوير هيكى التنظيم الإدارى والتشريعى المتصل باداء سوق راس المال-1 2. تنشيط سوق السندات فى بورصة الاوراق المالية المصرية-2 3. ايقاف قيد الشركة او المنشأة المسجلة ببورصة الاوراق المالية فى حالة تعرضها للخسائر خلال عدد متتالى من السنوات-2 رفع كفاءة بورصة الاوراق المالية المصرية فيما يتعلق بمستوى الشفافية والافصاح والمعلومات المتوفرة عن الاوراق-3 المالية . 4. العمل على تحقيق واستقرار التوازن المالى ببورصة الاوراق المالية فى مصر-4 5. العمل على دعم وتنمية الانشطة المالية الحديثة المرتبطة باداء سوق الاوراق المالية كنشاط راس المال المخاطر-5	جامعة الفاهرة : [دت]	محمد حلمى عبدالوهاب ابراهيم ، ابراهيم، محمد حلمى عبدالوهاب .	استراتيجية تطور البورصة وتحقيق الربط بالبورصات العالمية /	3343	10626717	دكتوراه .
							تتاولت هذه الرسالة الضمانات الإدارية والقضائية للموظف الدولى وايضا تحدثت عن الآراء الاستشارية لمحكمة العدل الدولية كوسيلة استئناف لأحكام بعض المحاكم الإدارية الدولية وهما محكمتان فقط المحكمة الإدارية لمنظمة الأمم المتحدة والمحكمة الإدارية لمنظمة العمل الدولية حسبما ورد بالنظام الأساسى للمحكمتين سالفتى الذكر بعد ذلك توصى الرسالة ببعض التوصيات منها تعديل نص المادة الثالثة عشر من نظام موظفى جامعة الدول العربية حيث تشترط هذه المادة أن تقوم الدول الاعضاء فى الجامعة العربية بالترشيح او بالموافقة على تعيين الموظفين الدوليين بأمانة الجامعة العامة وفى هذا الخصوص فإنه يراعى ضرورة تعديل نص المادة لتجعل تعيين موظفى الأمانة العامة للجامعة من سلطة الأمين العام فقط دون أن يكون هناك ادنى ضغط عليه مع وضع بعض الشروط الواجب توافرها فى المتقدم لشغل الوظيفة كمرعاة للتوزيع الجغرافى العادل وتحقيق من جيزة الموظف على الدرجات العلمية المتطلبة لشغل الوظيفة وكذلك الخبرات العملية . استعرض الباحث رسالته فى بابين تحدث فى الباب الأول عن النظرية العامة للموظف الدولى فعرض فى الفصل الأول تعريف الموظف الدولى . وعرض فى الفصل الثانى تعيين الموظف الدولى من خلال الحديث فى المبحث الأول عن سلطة التعيين ثم تتاول فى المبحث الثانى شروط وطرق التعيين فى الوظيفة العامة الدولية. ثم تحدث فى الباب الثانى من الرسالة الى الحديث عن الضمانات الإدارية والقضائية للموظف الدولى من خلال فصلين الفصل الأول للحديث عن الضمانات الإدارية وطرق الحماية الإدارية المقررة لصالح الموظفين الدوليين وهى تنقسم الى مبحثين تتاول فى المبحث الأول الحديث عن الضمانات الإدارية السابقة على صدور القرار الإدارى الدولى بتوقيع أى نوع من الجزاء على الموظف الدولى والثانى عن الضمانات الإدارية التالية على صدور القرار الإدارى الدولى.أم بالنسبة للفصل الثانى عن الضمانات القضائية المقررة للموظفين الدوليين وتمثلت فى مجموعة المحاكم الإدارية.	بنى سوف : 2000	محمد ربيع هاشم جاد ، جاد، محمد ربيع هاشم .	ضمانات الموظف الدولى /	3344	10627892	

						تتلخص هذه الرسالة في أن أدلة إثبات جريمة الحراية المعاقب عليها حدا عند جمهور الفقهاء اقتصرت على الإقرار والشهادة بالإقرار يعتبر من أهم الأدلة في إثبات هذه الجريمة وهو يعني أن يخبر الشخص العاقل البالغ المختار به بأسر عن نفسه يتعلق به حق اللغير ويعتبر الإقرار دليلاً شرعياً بالنص والاجماع ومقت شروط الإقرار أن يكون صادراً عن إرادة حرة وأن يكون صادراً عن شخص مميز أى المقر بالغاً عاقلأ مختاراً وأن يكون صريحاً لا خفاء فيه وأن يتسم هذا الإقرار في مجلس القضاء لا خارجه أما الشهادة فهي عماد الإثبات في الدعاوى الجنائية الإسلامية واشترط الفقهاء عدة شروط سواء في الشاهد وهي العقل والذكورة والنطق والتبصر والإسلام والعذالة والاختيار وأن تكون الشهادة أصلية وأن يتحدد الشهود وأن تتفق أقوالهم وأن لا يتقدم العهد بالشهادة ولا يكفي أن تتوفر الشهادة لكي يترتب عليها أثرها الشرعى بل يجب أن تكون متحررة من كل غرض أو تهمة حتى تقل لذا تعتبر القراية والعداوة والتهمة من أهم موانع الشهادة . وإن هناك دوائر قضائية عادية لعادبة لجرائم الإرهاب حيث أن القضاء العادى هو صاحب الاختصاص الاصيل في جرائم القانون العام ومن الممكن تقادى مايؤخذ على القضاء العادى من البطء في التقاضى الذى من شأنه ان يضعف من الردع العام الذى هو أحد اهداف العقوبة عن طريق النص في قانون الاجراءات الجنائية على اعطاء اسبقية النظر قضائيا الارهاب على غير ها من القضايا . اناطة الاختصاص بجرائم الارهاب لمحاكم امن الدولة وهذا الاختصاص يتفق مع القانون رقم 150 لسنة 1980 وما- يرجح اناطة الاختصاص بجرائم الارهاب لمحاكم امن الدولة الدائمة انها تشكل من قضاء عادى يتمتع بمقرمات الثقة في شخص القاضي كما تتمتع هذه المحاكم بقانونية الاختصاص وبكفالة حق الطعن في الأحكام وحق الدفاع .	بنى سويف : 2000	نصر السعدى عبد الجيد ، عبد الجيد، نصر السعدى . الأحكام العامة لجرائم الإرهاب :	3345	10631425	
						تتلخص هذه الرسالة في أن قيام القاضي بالتكميل يستلزم تمتعه بسلطة تقديرية وقد منح المشرع المدني قاضى الموضوع هذه السلطة للقيام بتكميل العقد ولكن هذه السلطة ليست مطلقة فراقب قضاء القفض قاضى الموضوع في مباشرته لسلطته التقديرية في تكميل العقد ويعتبر حكم القاضي في تكميل العقد حكماً منشأً فلا يكون له أى اثر الا منذ لحظة صدوره ويتبين من تلك الدراسة ان التشريعات والفقه والقضاء المقارن قد اقرت نظرية التكميل كما تضمنتها مبادئ عقود التجارة الدولية ويرتبط بالنتيجة السالبة نتيجة اخرى لا تبتعد عنها كثيراً وهي ان القضاء المقارن قد استحدث استناداً الى نظرية التكميل عدة التزامات مثل الالتزام بالتبصير وتقديم النصح ومن هذا تظهر مرونة القضاء الفرنسى وقدرته على تطويع هذه النظرية من أجل تحقيق التكافؤ في المراكز المعنية بين المتعاقدين فضلاً عن رغبته في حماية المتعاهد الجاهل . واستخلصنا من الدراسة السابقة امرين رئيسيين 1: ان تدخل القاضى الموضوع لتكميل العقد من مرون باردة المتعاقدين ان قيام قاضى بالتكميل باتى لاحقا لايام العقد 2: . يستلزم قيام القاضي بالتكميل الاتفاق على جميع بنود العقد الجوهرية 3: يستترشد القاضي بعدة مواجهات حددها له المشروع على سبيل الحصر للقيام بعملية التكميل . وتبين ان التشريعات والفقه 4: . والقضاء المقارن قد اقرت نظرية التكميل كما تتضمنها مبادئ عقود التجارة الدولية	بنى سويف : 2008	سحر البكياشي ، البكياشي، سحر . دور القاضي في تكميل العقد :	3346	10631626	
			مسئولية الواعد بجائزة عن تعويض الأضرار المترتبة على الرجوع	عبد الغنى، فرج الشافعى فرج . فى وعده :	بنى سويف : 2000	تتلخص هذه الرسالة في أن الواعد بجائزة (الجمالة) هو التزام المكلف بجعل معين أو قابل للتعيين لمن يتم له علا معينا (معلوماً أو مجهولاً) ان الجمالة جوازها ثابت بنص القرآن والأحاديث الصحيحة وأن جمهور الفقهاء على جوازها استناداً الى نص القرآن والأحاديث الصحيحة ولأنها كانت موجودة في المعاملات جاهليةً وإسلاماً وأقرها القرآن والأحاديث الصحيحة ولم يتعرض لإبطالها وأن الضرورة تقتضى جوازها لمواجهة الأعمال المجهولة التى لا يستطيع أى عقد آخر خلالها أن يحتويها ولذا جاز فيها ما لم تجز في غير ها وأن القانون المدني المصرى المادة 162 على جوازها واجماع الفقه المصرى على ذلك ولم يشكل أحد في هذا الجواز وكذلك القوانين المقارنة وفقهها على جوازها لما لهذا النظام من عظيم الفضل في انجاز افضل الأعمال في مختلف العلوم والفنون والآداب	بنى سويف : 2000	فرج الشافعى فرج عبد الغنى ، عبد الغنى، فرج الشافعى فرج . فى وعده :	3347	10631956	
			مبدأ الصلاحية في الوظائف العامة وضمانات تطبيقه :	محمد، بندى عبد العليم سيد . مبدأ الصلاحية في الوظائف العامة وضمانات تطبيقه :	بنى سويف : 2005	تتلخص هذه الرسالة في أن الواعد بجائزة (الجمالة) هو التزام المكلف بجعل معين أو قابل للتعيين لمن يتم له علا معينا (معلوماً أو مجهولاً) ان الجمالة جوازها ثابت بنص القرآن والأحاديث الصحيحة وأن جمهور الفقهاء على جوازها استناداً الى نص القرآن والأحاديث الصحيحة ولأنها كانت موجودة في المعاملات جاهليةً وإسلاماً وأقرها القرآن والأحاديث الصحيحة ولم يتعرض لإبطالها وأن الضرورة تقتضى جوازها لمواجهة الأعمال المجهولة التى لا يستطيع أى عقد آخر خلالها أن يحتويها ولذا جاز فيها ما لم تجز في غير ها وأن القانون المدني المصرى المادة 162 على جوازها واجماع الفقه المصرى على ذلك ولم يشكل أحد في هذا الجواز وكذلك القوانين المقارنة وفقهها على جوازها لما لهذا النظام من عظيم الفضل في انجاز افضل الأعمال في مختلف العلوم والفنون والآداب	بنى سويف : 2005	بندى عبد العليم سيد محمد ، بندى عبد العليم سيد . مبدأ الصلاحية في الوظائف العامة وضمانات تطبيقه :	3348	10632091	
			مستقبل القانون الإدارى :	محمد، وفاء سيد رجب . مستقبل القانون الإدارى :	بنى سويف : 2007	تتلخص هذه الرسالة في أن الإدارة هي مجموعات نشاطات الحكومة والسلطات الامركزية العربية عن قيادة العلاقات الدولية أو العلاقات بين السلطات العامة وهي تمارس في ظل نظام ولاية عامة ويمكن اعتبار القانون الإدارى قانون الإدارة وهى المعنى لكل دولة مختصرة قانون إدارى طالما انه يملك بالضرورة مجموعة قواعد تسوس العمل الإدارى ليس هناك قانون إدارى بالمعنى الدقيق للتعبير إلا بمقدار ما يكون جسم القواعد هذا مختلفاً جوهرياً عن جسم القواعد المطبقة بين الأفراد والاشك في اى حال في انه لا يمكن تطبيق القانون الخاص على العمل الإدارى وعلى العلاقات التى يولدها بلا قيد او شرط وينبغي على سبيل المثال وجود قوانين خاصة لتحديد التنظيم الإدارى لتعبير ممارسة بعض الامتيازات المعطاة للأشخاص العاملين وحدهم ، ان القانون الإدارى شئ آخر تماماً بالنسبة الى مجموعة الشذوذات التى تكبى بها القوانين في شأن تطبيق القانون الخاص فيما يتعلق بالحياة الإدارية . والقانون الإدارى قانون صنفه القاضى على وجه الخصوص ليس للقانون الإدارى مدونة قوانين ولا شك في ان عمل التقنين هو موضوع يتم القيام به المادة الادرية الأخرى بيد انه يختلف عن التقنيات لابولونية الكبرى لانه مكون من مواد دقيقة الى حد كبير ويكونه لا يستهدف اعادة التفكير . وربما كانت هناك درجة إلى حد كبير في فرنسا في مدح القانون الإدارى بصورة عمية إنه يوفر بمرورته وأصالته لمن يتعمق فيه منعة فكرية وليس من التناقض قبول البناء المدهش الذى شيده القاضى الإدارى مع التفكير فى أن زمن تقنين النتائج المكشبة الذى يشكّل مناسبة تسمية بعض المشاكل المعقدة .	بنى سويف : 2007	وفاء سيد رجب محمد ، محمد، وفاء سيد رجب . مستقبل القانون الإدارى :	3349	10632219	

							هذه الدراسة قامت على عمل توازن بين حق الإدارة في ممارسة هذه السلطة (سحب العمل من المأول) بتوقيع الجزاء وبين ضمانات المأول تجاه الإدارة عند استعمالها لحقها في توقيع هذا الجزاء مركزين على الوضع في مصر وفرنسا الرسالة في البداية تشير إلى ان الفقه قد اختلف في وضع تعريف لعقد الأشغال العامة وركزت أغلبها على تعريفه بأنه عقد يرد على عتار بهدف تنفيذ عمل من أعمال الصيانة أو الترميم أو البناء في مقابل مبلغ نقدي وفي هذه النقطة فإن عقد الأشغال العامة هو عقد يعهد فيه أحد الأشخاص القانون العام لمأول أو شركة بتنفيذ أشغال عامة في مقابل ثمن أما فيما يتعلق بالطبيعة القانونية لسحب العمل وأساسه القانوني فسحب العمل هو ذلك الجزاء الذي بموجبه تحل الإدارة بنفسها محل المأول المقصر أو تسند هذه الأعمال لغيره فإنه يرد على عتار بهدف تنفيذ عمل من أعمال الصيانة أو الترميم أو البناء وفي مقابل مبلغ نقدي وفي هذه النقطة اشترنا إلى ان عقد الأشغال العامة . في البداية تشير إلى ان الفقه قد اختلف في وضع تعريف لعقد الأشغال العامة وركزت أغلبها بأنه عقد يرد على عتار بهدف تنفيذ عمل من الأعمال الصيانة والترميم في مقابل مبلغ نقدي وفي هذه النقطة اشترنا إلى ان عقد الأشغال العامة وهو عقد يعهد فيه أحد أشخاص القانون لعام و 2: فيما يتعلق بالطبيعة القانونية لسحب العمل وأساسه القانوني فسحب العمل هو ذلك الجزاء الذي بموجبه تحل الإدارة بنفسها محل المأول المقصر أو تسند هذه الأعمال لمأول آخر لتنفيذها .		
3350	10632393	سحب العمل من المأول في عقود الأشغال العامة :	عبد الرحمن ، سامح عبد الله	سامح عبد الله عبد الرحمن ،	بنى سويف :	2007 .	تناولت هذه الرسالة بحث موضوع المسؤولية الدولية عن نقل وتخزين النفايات الخطرة وتوصلت إلى وضع قانوني لحماية البيئة ضد التلوث بالنفايات الخطرة على أساس من الاتفاقيات الدولية العالمية والإقليمية وقواعد المسؤولية الدولية التي استقر عليها الفقه والقضاء الدوليين . ليس من شك ان مشكلة النفايات الخطرة ومخاطر تخزينها مشكلة القرن الحالي بلا منازع لاسيما بعد ما تبين لنا ان احدا ليس يمان من اضرارها ومخاطرها ، الخطورة الشديدة لتلك النفايات السامة واثارها الضارة على البيئة والصحة الإنسانية فالتأثيرات ان مخاطر النفايات الخطرة تتضامن امامها جميع الاخطار الأخرى كخطر المخدرات وتجارة السلاح وغسيل الأموال وغيرها مما يؤكد على ان العالم مغل على كارثة حقيقية لن تبقى على أخضر أو يابس ولن يفلت منها إنسان أو حيوان أو حتى جماد في حال وقوعها كما ان خطر تلك النفايات أصبح شبحاً يخيف الدول الكبرى والصغرى على حد سواء فإذا حدث تسرب إشعاعي أو كيميائي لن يعرف حدوداً أو فواصل وسوف يكتسح الجميع براً وبحراً وجواً هناك أسباب متنوعة لقول الدول النامية بفن النفايات الخطرة في اراضيها وتتنوع تلك الأسباب ما بين أسباب سياسية تتلخص في طبيعة بعض النظم الاستبدادية الفردية ذات الحكم المطلق والتي لا تستند في شرعيتها إلى الأصول الديمقراطية المتعارف عليها أو إلى التنظيمات السياسية المستقرة مثل الأحزاب السياسية ومؤسسات المجتمع المدني وهذه أسباب اقتصادية تنحصر في الظروف الاقتصادية السيئة التي تعاني منها الدول النامية. ان الفروق الفردية بين التلاميذ حقيقة مسلم بها فكل منهم قدراته التحصيلية والطرفية التي يتعلم بها كما ان له ميوله وقدراته الحركية والاجتماعية وايضا هم مختلفون من حيث الاستعدادات والخبرات والمواهب والاتجاهات. ومن الصعب ان يتعلم جميع الافراد نفس المحتوى بنفس الكفاءة وفي نفس الوقت ذلك يتم حسب قدرات كل فرد. ان استخدام اسلوب التعليم الفردي الارشادي ذا فائدة كبيرة لمواجهة الفروق الفردية لدى التلاميذ لانه يعطي التلميذ دورا فعالا ونشاطا كبيرا في تعلمه على اساس فردي حسب امكاناته وسرعة في التعلم. وترجع أهمية هذه الدراسة إلى مراعاة مبدأ الفروق الفردية في العملية التعليمية. استخدام طريقة التعليم الفردي الارشادي في اعداد برنامج لتدريس مادة العلوم في الصف السابع من التعليم الاساسي 2- البحث عن اساليب جديدة للتعليم والتعلم تنتج اعطاء التلاميذ فرص الاستمرار في التعلم بنجاح. كما تهدف هذه الدراسة أيضا إلى :- بناء وحدة من وحدات مقرر العلوم للصف السابع بطريقة تسمح بالتعلم الفردي. التعرف على مدى فاعلية استخدام طريقة التعليم الفردي الارشادي في تعليم مفاهيم وحدة استعمار الإنسان للموارد غير المتجددة من مقرر العلوم للصف السابع من التعليم الاساسي		
3351	10633966	المسؤولية الدولية عن نقل وتخزين النفايات الخطرة/	عبد الحافظ، معمر رتيب محمد	معمر رتيب محمد عبد الحافظ ،	أسيوط :	2006 .	إن الفروق الفردية بين التلاميذ حقيقة مسلم بها فكل منهم قدراته التحصيلية والطرفية التي يتعلم بها كما ان له ميوله وقدراته الحركية والاجتماعية وايضا هم مختلفون من حيث الاستعدادات والخبرات والمواهب والاتجاهات. ومن الصعب ان يتعلم جميع الافراد نفس المحتوى بنفس الكفاءة وفي نفس الوقت ذلك يتم حسب قدرات كل فرد. ان استخدام اسلوب التعليم الفردي الارشادي ذا فائدة كبيرة لمواجهة الفروق الفردية لدى التلاميذ لانه يعطي التلميذ دورا فعالا ونشاطا كبيرا في تعلمه على اساس فردي حسب امكاناته وسرعة في التعلم. وترجع أهمية هذه الدراسة إلى مراعاة مبدأ الفروق الفردية في العملية التعليمية. استخدام طريقة التعليم الفردي الارشادي في اعداد برنامج لتدريس مادة العلوم في الصف السابع من التعليم الاساسي 2- البحث عن اساليب جديدة للتعليم والتعلم تنتج اعطاء التلاميذ فرص الاستمرار في التعلم بنجاح. كما تهدف هذه الدراسة أيضا إلى :- بناء وحدة من وحدات مقرر العلوم للصف السابع بطريقة تسمح بالتعلم الفردي. التعرف على مدى فاعلية استخدام طريقة التعليم الفردي الارشادي في تعليم مفاهيم وحدة استعمار الإنسان للموارد غير المتجددة من مقرر العلوم للصف السابع من التعليم الاساسي		
3352	10634036	أثر استخدام طريقة التعليم الفردي الارشادي على تحصيل تلاميذ الصف السابع من مرحلة التعليم الاساسي لبعض مفاهيم مقرر العلوم ومدى احتفاظهم بالمادة /	الجندي، نادرة ابراهيم أحمد.	نادرة ابراهيم أحمد الجندي ،	قنا:	1997 .	عاجلت هذه الأطروحة مجلس التعاون الخليجي كإحدى المنظمات الدولية الإقليمية التي تد من أهم موضوعات التعليم الدولي ثم تناولت العوامل الأساسية والتي كان لها عظيم الأثر في قيام دول الخليج العربي والاتفاق فيما بينهم على قيام مجلس التعاون الخليجي ثم بعد ذلك قامت الرسالة بتوضيح الهيكل التنظيمي للمجلس باعتباره منظمة دولية ثم تناولت الأحكام الأساسية من حيث الأهداف والمبادئ وايضا أحكام العضوية داخل المجلس ومدى مساهمتها للقواعد العامة والخاصة بالعضوية في التنظيم الدولي ثم بعد ذلك تناولت الإطار القانوني للمجلس من حيث تكييفه القانوني وتمتعه بالشخصية القانونية الدولية كغيره من المنظمات الدولية واشترنا إلى نظامه الأساسي باعتباره معاهدة دولية ذات طبيعة خاصة أي لا تغل تحتفظ عليها من قبل أي من الأعضاء وفي النهاية تحدثت الرسالة عن مدى فاعلية مجلس التعاون الخليجي وأوضحت مدى موافقة المجلس لمواثيق كل من الجامعة العربية ومنظمة المؤتمر الإسلامي . وبالنسبة للتعاون الأمني او الدفاعي فقد قرر المجلس في بياناته الختامية التأكيد على أمن وسلامة الدول الاعضاء وهذا المجال يعد من الأمور الهامة له ومن الملاحظ انه مع التأكيد على أمن المنطقة والدفاع عن الدول الاعضاء الا ان ذلك مجرد توصيات وقرارات فقط ولذلك نقرر ان تقوم الدول الاعضاء بالمجلس على تقوية قوة درع الجزيرة حتى تغف في مواجهة الاعتداءات التي تتعرض لها كل من الكويت والبحرين من قبل ايران والعراق ولو ان قوة درع الجزيرة كانت قوية ومجهزة ومدنية تدريبا عسكريا حديثا لاستطاعت الوقوف في مواجهة العراق عندما غزا الكويت . وهذا بالنسبة للامن الناحي اما بالنسبة للوضع الداخلي للدول الاعضاء فوصى بان على وزراء داخلية دول المجلس الاتفاق فيما بينهم على استراتيجية أمنية شاملة لمواجهة الارهاب والتخريب الداخلي حتى يحافظوا على أمن وسلامة دولهم من الداخل .		
3353	10634065	مجلس التعاون الخليجي :	طه، سيد ابراهيم الدسوقي .	سيد ابراهيم الدسوقي طه ،	بنى سويف :	2003 .	تقوم هذه الدراسة بتقديم قائمة باهم المفاهيم البيئية التي ينبغي توافرها لدى معلمي العلوم من خريجي كليات التربية . ويقدم كذلك إطارا عاما لبرنامج مقترح لتنمية مفاهيم التربية البيئية ونموذج لوحدة دراسية قائمة على المفاهيم للإفادة منها عند إعادة النظر في برامج المعلم بكليات التربية وخاصة معلم العلوم.بكليات التربية وخاصة معلم العلوم ويركز الباحث على إعداد معلم العلوم لتحقيق أهداف التربية البيئية وحيث ان المعلم هو العنصر الحيوي الفعال في نجاح التربية البيئية.		
3354	10634139	مدى فاعلية برنامج مقترح لطلاب كلية التربية شعبة العلوم لأكسابهم المفاهيم الأساسية للتربية البيئية /	عوض، محمد محمد أحمد.	محمد محمد أحمد عوض ،	أسيوط :	1997			
3355	10634221	النظام القانوني للمنظمة الدولية في ضوء اتفاقية الأمم المتحدة لقانون البحار لسنة 1982 م .	محمود ، عبد القادر محمود محمد .	عبد القادر محمود محمد محمود ،	أسيوط :	2008 .	توصى هذه الدراسة بإعادة النظر في الاتفاق التنفيذى لاتفاقية قانون البحار لسنة 1994 وذلك لمخالفته لأهداف ومبادئ الأمم المتحدة وإعلان المبادئ الصادرة عن الجمعية العامة للأمم المتحدة ومخالفته لقانون المعاهدات الدولية وذلك لمحاباته للدول الغربية التي رفضت التوقيع على الاتفاقية . أهمية الموضوع تعود أهمية المنطقة إلى ما تحويه من عدد كبير من الثروات الحيوانية والمعدنية التي لا تقدر بثمن لا سيما بعد ان ادرك العالم ان ما تم تحويله اليابسة من هذه الثروات قد اخذ في التضويع مع تزايد الضغط السكاني على هذه الموارد مما يهدد حياة كثير من البشر وهو ما جعل كثير من دول العالم تلجأ إلى البحث في قاع البحار للكشف عن الموارد التي يمكن ان تستفيد منها الاجيال القادمة وترجع أهمية الكبرى إلى اكتشاف التي أدت اكتشاف عقد المنجزات الذي يعتبر من أهم المعادن ومن أهم هذه الاكتشافات الرحلة العلمية التي قامت بها سفينة الإبحار الإنجليزى تشانجير ما بين 1872-1876 وهذه الأهمية أكد عليها سفير مالملة في الاسم المتحدة بادور الذى يعود إليه الفضل في إبراز أهمية هذه الثروات التي لا تخص الدولة بعينها .		
3356	10634337	منهج مقترح في علم الفيزياء لطلاب المرحلة الثانوية العامة لمقابلة متطلبات المواطنة الأساسية من التثور الفيزيائي في مصر /	محمود، مصطفى ابراهيم.	مصطفى ابراهيم محمود،	أسيوط:	1997 .	يقوم الباحث في دراسة تحليل محتوى المقررات في الفيزياء والتعرف على محتواها من الموضوعات الأساسية ومحاوله الوقوف على مدى معالجة المنهج الحالي للمفاهيم الفيزيائية وثيقة الصلة بحياة الطالب وبيئته. وتتلخص مشكلة هذا البحث في كيفية بناء منهج مقترح في علم الفيزياء بالمدرسة الثانوية العامة لمقابلة متطلبات المواطنة الأساسية من التثور الفيزيائي للتحور من الإمية العلمية في مصر? وتحول الدراسة معرفة أهمية مفاهيم متطلبات المواطنة الاساية من التثور الفيزيائي ومدى ملائمة تلك المفاهيم للدراسة بالمدرسة الثانوية العامة. يهدف هذا البحث إلى عدة نقاط كالآتي : إعداد قائمة بالأسس التي يجب ان تراعى عند بناء تعليم الرياضيات للتلاميذ المعوقين عقليا بمدارس التربية الفكرية.		

					إعداد قائمة بالمفاهيم والمهارات الرياضية التي يجب أن يكتسبها التلاميذ المعرفون عليها بمدارس التربية الفكرية. إعداد - 20 قائمة بالمفاهيم والمهارات الرياضية التي يجب أن يكتسبها التلاميذ المعرفون عليها بمدارس التربية الفكرية. وضع إطار عام لبرنامج في تعليم الرياضيات لتلاميذ مرحلة الإعداد المهني بمدارس التربية الفكرية.إعداد وحدة من البرنامج المقترح وتوجيهاتها لبيان مدى فعاليتها	1992 .	اسيوط: مهروك حسن علي عبد الله ، مهروك حسن علي.	عبد الله، مهروك حسن علي.	برنامج مقترح لتعليم الرياضيات للتلاميذ المعوقين عليها بمدارس التربية الفكرية /	10634375	3357
					تهدف الرسالة إلى الدور الذي يمكن أن يسهم به نوع التعليم في أدراك الطلاب لتأثيرات وفوائد السياحة المختلفة وإتجاهاتهم نحوها، وطبيعة الفروق بين الطلاب في السمات الشخصية التي تسهم في إدراكهم لتأثيرات وفوائد السياحة المختلفة. يهدف هذا البحث إلى إبراز ما يجب أن تكون عليه الرعايا الطلابية، ودور الأجهزة المعنية بها بما يكفل تحقيق أهدافها وفلسفتها من خلال ما يقدم من أنشطة مختلفة لطلاب الجامعة	1996 .	قنا: ممدوح كامل حساني،	حساني، ممدوح كامل .	دراسة مقارنة لإدراك طلاب بعض التخصصات المختلفة واتجاهاتهم نحو تأثيرات وفوائد السياحة في محافظة قنا /	10634462	3358
					تتلخص مشكلة الدراسة في ما مدى توفر أبعاد الديمقراطية في أهداف ومحتويات مناهج التاريخ بالمرحلة الإعدادية. خصص الباب الأول للمتعاق من الباطن والمقالة من الباطن حيث عر ض شروط التعاقد من الباطن والتنازل عن العقد وفي الباب الثاني عرض الباحث العلاقات التي تنشأ من التعاقد الباطن حيث عرض اللائزمات المقولة من الباطن الإيجابية والفرعية وفي الباب الثالث عرض الباحث مسئولية المقولة من الباطن وفي الباب الرابع خصص الباحث دراسته لانتهاه عقد المقولة من الباطن الاسباب العامة والاسباب الخاصة.	1996 .	قنا: رشاد أبو المجد مصطفى،	مصطفى، رشاد أبو المجد .	الدور التربوي للأنشطة الطلابية في الجامعة :	10634482	3359
					ومن أهم التوصيات :- أن يدرج دائما في المقولة من الباطن شرط يلزم المقول من الباطن باعتبار عقد المقولة الأصلي جزءا لا يتجزأ من عقد-1 المقولة من الباطن مما لم يرد ما يخالفه يجب أن يلزم القانون الأصلي الحصول على موافقة رب العمل في حالة قيام المقول الأصلي بإعطاء جزء من العمل أو-2 أن ينص القانون بالتزام المقول من الباطن بالمحافظة على المواد التي سلمت اليه وعلى التصميمات-3 أن يفرض التأمين الإجباري للأثار التي تترتب على المسئولية العقيدة للمقول من الباطن تأسيسا على أن هذا الامر من-4 الناحية الفعلية أن المقول من الباطن متبذرا شأنه في ذلك شأن سائر الأشخاص فرض التأمين الإجباري للمسئولية على المقول من الباطن التصورية لصالح رب العمل وكافة المضروورين من جراء-4 فعله أن ينص المشرع على حق رب العمل برفع دعوى مباشرة ضد المقول من الباطن ولايكتفى بالقواعد العامة-6 النص صراحة على إخضاع المقول من الباطن لإحكام المسئولية العشرية وذلك بتعديل صياغة نص المادة 651/1 من-7 مصر . بل اذهب الى أكثر من ذلك بأن يخضع المشرع كل من المهندسين المعماريين والفنيين الذي اسفر التطبيق المعاصر على-8 مشاركته في عمليات تشييد البناء .	1997 .	قنا: فائزة أحمد السيد،	السيد، فائزة أحمد أحمد.	أبعاد مفهوم الديمقراطية /	10634505	3360
					أن العرف مصدر مهم من مصادر القاعدة القانونية في كافة الأنظمة القانونية على مر العصور ، فهو المصدر التقالتي للقانون وهو المصدر المعبر اصدق تعبير عن ضروريات العمل داخل المجتمع الإنساني وما يحتاج إليه من تنظيم ، فالعرف الصحيح نشأ ويطبق ويتمتع بقوة إلزام بصورة تلقائية دون تدخل من أى سلطة ، ولا يستطيع أى نسق قانوني أن يلغى دور العرف أو أن يتجاهل دوره بين المصادر التي يعتمد عليها ، فبالعرف يقوى القانون داخل المجتمع ويتمكن من أداء دوره دون قصور أو خلل أو جمود ، ويكون مواكبا لحاجات المجتمع وملائما للبيئة التي صدر عنها ويطبق فيها ، وتعد نظرية العرف في التشريع الإسلامي دليلا على علميته وصلاحيته لكل زمان ومكان ، وأنه يراعى مصالح العباد وحاجاتهم ويسمى إلى التيسير عليهم ودفع المشقة والحر ج عنهم، واجمع علماء تاريخ وفلسفة القانون على أن العرف هو مصدر مهم من ناحية الوجود التاريخي للقاعدة القانونية فهو الصورة الأولى لكثير من الشرائع القانونية التي عرفها العالم قديما وحديثا .						
					ويحتوى منهج البحث على دور العرف في الشريعة الإسلامية وأهميته كدور ومصدر للقاعدة القانونية على مر العصور لدى كافة الامم وبخاصة في العصور الأولى فعند الرومان كان العرف المصدر الأول والاساس لقانون الاواح الاثني عشر وكان أيضا المصدر الوحيد عند عرب الجاهلية واستمرت أهمية في الانظمة القانونية المعاصرة فرغم الاتجاه نحو تنويع القوانين ظل العرف مصدرا لاغنى عنه يساند التشريع بتفسيره ونصوصه وضبط أحكامه وسد ما به من نقص كما جاء التشريع الإسلامي مراعيًا له والخاتمة تمثل مقارنة بين القانون الروماني والشريعة الإسلامية من العرف كمصدر للقاعدة القانونية .	2006 .	القاهرة : جامعة القاهرة . كلية الحقوق،	الفراش، إيهاب عباس عبد الفتاح.	دور العرف كمصدر للقاعدة القانونية في القانون الروماني والشريعة الإسلامية.	10635213	3362
					يفترض قيام مسئولية المؤمن العقيدة تجاه الدائن بمبلغ التأمين وجود عقد تأمين نافذ وصحيح تغطي مقلته الخطر الذي تحقق وتوازيا مع ذلك فإن إعفاء المؤمن من مسئولية يفترض قيام سبب حال دون إنفاذ التزام المؤمن بإداء مبلغ التأمين إلى مستحقه وتلكى هذه الرسالة لتجمل من اسباب إعفاء المؤمن من مسئولية موضوعها الرئيس ومحل جميع محاورها وقد يجد إعفاء المؤمن من مسئولية سنده وإساسه في نصوص القانون وذلك عندما يقرر المشرع صراحة تحلل المؤمن من مسئولية التعاقدية.						
					وتبين من الدراسة ان إعفاء المؤمن من مسئولية قد يجد مصدره في نصوص القانون وذلك حين يقرر المشرع في فروض معينة عدم مسئولية المؤمن تجاه له او المستفيد وتبين أيضا من خلال الدراسة ان وفاة المؤمن على حياته بانتحاره الارادى لايشكل موجبا لإعفاء المؤمن من مسئولية ضمن القانون المدني المصري حتى لم يرد شرط تعطيلته صريحا في وثيقة التأمين او وقع قبل سنتين من نفاذ العقد عملا بحكم المادة(753) من القانون والتي تقر ترجيح مصلحة المستفيد حتى لو تعارض موجهها مع صريح احكام القانون .						
					وتأسيسا على ذلك تتمنى على المشرع المصري ان يعدل عن جواز تغطية الوفاة الناشئة عن انتحار المؤمن على حياته عن ادراك وارادة التامين من الانتحار الارادى تعارض مع النظام العام الذي يرفض ان ينتفع المخطئ عددا من خطئه وكذا تعارض مع القواعد القانونية المستقرة التي لاحتيز الاتراء دون سبب مشروع فضلا عن ان مملك المشرع فيه اغفال منه لوظيفة الاجتماعية التي تقتضى منه ان يوائم ما يضمنه من قيم المجتمع وأخلاقية وإذا كان ما نطرحه سابقا غير مقبول لدى المشرع قلنا نرجو منه على الأقل ان تكون الضوابط التي رسمها لجواز التامين من الانتحار الارادى فعلية وحقيقية وذلك انما تغدو مع تطبيق المادة(753) من القانون المدني ضوابط نظرية لاكثر فالفمستفيد سيدفع في فرض الانتحار الذي وقع قبل مرور سنتين على نفاذ العقد او لم يرد بشأن تغطية الانتحار شرح صريح بمؤدى هذه المادة التي ترجح مصلحته على كل اتفاق يخالف احكام النصوص القانونية الناطقة بالتامين .	2009 .	القاهرة : بمحمد خير " محمود العنوان"	العنوان، "محمد خير" محمود .	إعفاء شركه التأمين من المسئولية :	10635217	3363
					تناولت هذه الدراسة موضوع "المركز القانون للطفل في مجال القانون الخاص" في فصل تمهيدي وثلاثة أبواب، وقد تناول الباحث في الفصل التمهيدي مفهوم الطفل في الموائيق الدولية والتشريع المصري، وأهمية هذا التعريف، كما تعرض إلى بيان المخاطر التي يتعرض لها الطفل وتشكل تهديدا مباشرا لحقوقه المختلفة، وهي المخاطر التي تستدعي حشد طاقات المجتمع ككل، الرسمي والمدني، لمواجهة بشكل علمي منظم، للتخلص منها ومن أثارها المدمرة على الطفل والطفولة، بينما اقتصص الباب الأول ببيان المعالم المميزة لمركز الطفل في الاتفاقيات الدولية المختلفة، والتي صاغت حقوقه على الصعيد العالمي في اتفاقيات القانون الدولي لحقوق الانسان واتفاقيات القانون الدولي الإنساني، كما تناولت الدراسة المصادر الدولية لقواعد مركز الطفل التي تحكم علاقاته ووجوده بمجتمعه، والتي انقسمت في التناول إلى قواعد مصدرها ذات طابع دولي، وهي المعاهدات الدولية والعرف الدولي والمبادئ العامة للقانون الدولي، وقواعد يفرضها المشرع الوطني استنادا إلى مصادرته الخاصة ذات الصفة الوطنية، وهي التشريع والعرف الوطني وأعمال الفقه والقضاء، وتشكل هذه المصادر بكاملها البناء التنظيمي الذي يشكل قواعد مركز الطفل في أي مجتمع أو نظام قانوني. ويقودنا هذا التناول إلى تلمس أحكام مركز الطفل في أهم موضوعات القانون الدولي الخاص قاطبة وهي الجنسية ومركز الأجانب، وهما موضوع الدراسة في الباب الثاني.						

و قد تناول الباحث في الباب الثاني كيفية تناول القواعد العامة لمسألة منح الجنسية الأصلية للطفل الوليد، و الاتجاهات الرئيسية في ترتيب الجنسية متمثلة في حق الدم وحق الإقليم، كما تعرضنا إلى المشرع المصري، وكيف نظم قانون الجنسية الحالي، القانون رقم 26 لسنة 1975 هذا الأمر والتعديلات التي استحدثتها التعديل بقانون رقم 154 لسنة 2004، والتي جعلت إكساب الجنسية المصرية الأصلية بحق الدم من الأم يتساوى في قيمته مع حق الدم من الأب المصري وكيف نظم المقتن مسألة منح الجنسية في بعض الحالات الاستثنائية التي رتب فيها المنح بناءً على حق الإقليم وذلك مبرزاً بعض الشروط الإضافية تأليفاً لمشكلة تعدد الجنسية وتوخيًا لصالح الطفل أحياناً مثل حالة الطفل اللقيط، كما تعرضنا لتناقض الآخر في منح الجنسية وهي الجنسية المأترنة والتي اكتسبت بواقعة لاحقة على الميلاد، من حيث أسباب المنح وتنظيمها كما نراه القواعد العامة للقانون الدولي الخاص، وكما نظمناها قواعد قانون الجنسية المصري، وتناولنا كيف نظم المشرع المصري مسألة حقوق الأجانب عامة وذلك مع الأخذ بالاعتبار الطفل الأجنبي بصفة خاصة، وتناول طائفة الحقوق العامة والخاصة التي تمنحها الدول عادة للأجانب على إقليمها، وفقاً للقواعد العامة المقررة، وتناولنا نفس الموضوع من وجهة نظر المشرع المصري تحديداً. أما الباب الثالث، فقد تناولنا فيه المركز القانوني للطفل في تنازع القوانين، وبخاصة في مسائل الأحوال المدنية، وتناول أيضاً كيفية حسم تنازع القوانين بشأن مسألة الزواج ومسائل الأهلية، في القواعد العامة وفي القانون المصري. وفيّ الباحث كيف راعت أحكام القانون المدني المصري المختلفة وقوانين الأحوال الشخصية، عوامل صغر السن في تقرير أحكام التعامل مع الطفل في هذه الموضوعات، ثم تعرض الباحث لمركز الطفل في شأن المسائل التجارية، وصلاحيات الطفل في موضوعات التجارة، وهل يجوز له الإيجار من عدمه، وكيفية مراعاة اعتبارات صغر السن في تقرير القانون التجاري المصري لبعض الأحكام التي قصد بها حماية مال الصغير المتاجر به، إما بمعرفته هو أو بوساطة نائب عنه تعيينه المحكمة، لهذا الغرض، كما تناولت الدراسة حقوق الطفل الأجنبي وحدود صلاحياته للتجارة بمصر وفقاً للقانون المصري، وقد تعرضت الدراسة في هذا الباب أيضاً لمسألة مركز الطفل في مسائل الوصاية والولاية على المال، وكيف يحمي القانون المصري هذه الفئة من الأفراد بأحكام خاصة، وفقاً لأحكام عمرية مفقئة بشكل محدد.	و تعرض هذا الباب أيضاً لموضوع المركز القانوني للطفل في مجال الاختصاص القضائي الدولي، مدققاً في التفرقة بين الاختصاص القضائي والاختصاص القانوني، من حيث أوجه الشبه وأوجه الاختلاف بينهما، ومركز الطفل في ضوء ضوابط الاختصاص القضائي في القواعد العامة وفي التشريع المصري، بشأن مسائل الحالة، ثم تعرض الباحث لمسألة تنفيذ الحكم الأجنبي في القواعد العامة وفي التشريع المصري، وشروط قبول تنفيذ الحكم في دولة أخرى غير دولة الإصدار، في ضوء الغيورات التي اكتسفت العلاقات الدولية في الآونة المعاصرة، ومدى حرية الدولة في القبول بتنفيذ الحكم الأجنبي على إقليمها، ثم خصصنا في شأن قواعد تنفيذ الأحكام الأجنبية بمصر إلى عدم اختصاص المشرع المصري للطفل بأية أحكام مغايرة عن الوضع العادي للتنفيذ، فلم يرد في نصوص القانون المصري ما يميز الطفل في شأن تنفيذ الأحكام الأجنبية بوضع خاصة، خلاصة الأمر الذي يراه الباحث خروجاً عن سياق الرعية التي يسيغها المشرع المصري على موضوعات الطفل عامة. ثاني أهمية دراسة التعاقد عن طريق وسائل الاتصال الإلكتروني من الأهمية التي اكتسبها التجاره الإلكترونية بعد ظهورها وتنامي هذه الخطوات المتلاحقة حيث أصبح من الضروري الوقوف على كافة دقائقها خاصة بعد ان تشابك مع الكثير من الممارسات بشكل لايمكن معه الا يتعامل معها المجتمع الجني والملي بالتقنر الواجب من الاهتمام والبحث او نقل بالتأصيل والتنظير لها وتحديد الوضع القانوني والتشريعي اللازم للتعامل بواسطتها كما تأتي هذه الدراسة اسهاما في بحث القضية اما تتطلبه من تعظيمه بحتيه تبلور ها وتضع مشكلاتها امام المجتمع المدني وقهااته . النتائج : أجازت القواعد العامة الواردة في القانون المدني والقواعد الخاصة التي استقلت بها قوانين المعاملات الإلكترونية التعبير-1- عن الإرادة إلكترونيا الدور الكبير للانترنت في انجاز المعاملات المدنية بسرعة تفوق انجاز المعاملات بالاسلوب التقليدي فإن العقود التي يتم-2- ابرامها عبر هذه الشبكة وقد اختلف الآراء حول طبيعة التعاقد عبر الوسائل الإلكترونية بشأن طبيعة التعاقد عبر الوسائل الإلكترونية بشأن طبيعة-3- التعاقد الإلكتروني من خلال القواعد القانونية الحالية في قانون الاثبات اتضح ان غياب الكتابة البدوية والتوقيع الخطي في المعاملات المدنية-4- التي تتم عبر الانترنت وعدم الدعاية الورقية ويعتبر المبادئ الاساسية في الاثبات على الانترنت تبين ان مبدأ عبء الاثبات ومايقتضيه به مبدأ المجابية بالدليل ومبدأ-5- عدم الزام الشخص بتقديم دليل ضد نفسه عدم جواز ان يصنع الشخص دليل نفسه يكون الاخلاخ بالانترام الالكتروني واضحا عند عدم التنفيذ او التأخير في التنفيذ غير ان الصعوبة تبدو في التنفيذ المعيب-6- في عقود وبرامج الحاسب الآلي ومن اهم التوصيات :- 1- اعادة صياغة القوانين المعلوماتية بشكل يضمن سلامة المعاملات التقنية من الناحية بشكل يظهر اسس التعامل العقدى-1- العمل على اتحاد التشريعات العربية بشأن تحديد زمان ومكان انعقاد العقد عبر الانترنت باعتماد نظرية العلم بالقبول-2- الاستفادة من التقنيات الفنية التي تسمح بتحديد هوية المستخدم وأهليته للتعاقد وأهمها تقنية خاتم الجدار الناري الذي يرسل-3- رسالة تحذيرية عند اختراق القراصنة للانترنت تطوير نصوص الاثبات التقليدية في الدول العربية خاصة معالجة الكتابة الإلكترونية والتوقيع الإلكتروني ومنها المجبة-4- القانونية لمواجهة هذا التطور	مقدمة لما كانت الأسرة هي المجتمع الأصغر ومن مجموع الأسر تتكون القرى والمدن والتي من مجموعها تنشأ الدول وكان صلاح الدول وبقائها ورفقها وازدهارها معقودا على صلاح تلك المجتمعات الصغيرة . وتتكون الأسرة من الأب والأم والأولاد وقد يعيش داخاها أحيانا الجد والأحفاد وبعض الأخوة والأخوات . قال تعالى في هذا الشأن " والله جعل لكم من أنفسكم أزواجا وجعل لكم من أزواجكم بنين وحفدة ورزقكم من الطيبات أفبالباطل يومنون وينعمة الله هم يكفرون " ونظرا لأهمية الأسرة ومكانتها وتوقف نمو الحضارات على صلاحها دعت كافة الأديان السماوية والتشريعات الوضعية الى الاهتمام بها ورعايتها واصلاح شأنها والنهوض بأبنائها وتشجيع تنشئة الصالحة وإزالة الخلافات التي قد تنشب بين أفرادها . فهذا نبى الله ابراهيم عليه السلام لما ترك زوجته هاجر وابنه اسماعيل عند الكعبة بامر من الله دعا لهما بالرزق ومحبة الناس لهما . قال الله تعالى " ربنا انى أسكنت من ذريتي بواد غير ذي زرع عند بيتك المحرم ربنا ليقيموا الصلاة فاجلهم أفئدة من الناس تهوى اليهم وأرزقهم من الثمرات لعلهم يشكرون " وهذا نبى الله زكريا يدعو ربه أن يهبه ذرية سالحة قال تعالى " هذلك دعا زكريا ربه قال رب هب لى من لدنك ذرية طيبة لك سمع الدعاء . وقد دعا الإسلام الى نبذ الشقاق والخلاف بين الزوج والزوجة والعمل على الإصلاح بينهما قال تعالى " وان خفتم شقاق بينهما فابعثوا حكما من أهله ان يريدوا اصلاحا يوفق الله بينهما ان الله كان عليما خبيرا " وحرصا من عمر بن الخطاب عنه على الإصلاح بين الزوجين اصلا لهذه الآية كان يضرب الحكمين اللذين لم يوفقا الى الإصلاح بين الزوجين معتبرا أنهما لم يريدها . والشريعة الإسلامية دعت الى رعاية الطفل والاهتمام به وعدم اللجوء الى قتله خشية الفقر وأوضحت أن الله هو الرزاق ذو القوة المتين . قال تعالى " قل تعاملوا ائلا ما حرم ربكم عليكم الا تشركو به شيئا وبالذين احسانا ولاتقتلوا اولادكم من املاق نحن نرزكم واباهم "	2007 .	2007 . إبراهيم حسن محمد عمر الغزاوي، الغزاوي ،إبراهيم حسن محمد المركز القانوني للطفل في مجال القانون الدولي الخاص / 10635218 3364	2007 . مرد محمود 3368	10635259	النظام القانوني لإبرام عقد الأشغال العامة في دولة الكويت :	العنزي، فهد مرزوق فهد.	فهد مرزوق العنزي،	الجزيرة :	2008 .	لقد تناولت رسالتنا "النظام القانوني لإبرام عقد الأشغال العامة في دولة الكويت" ، وذلك في منظومة مقارنة تجمع كل من القانون الفرنسي والمصري. لذا قامت رسالتنا على أربعة أبواب رئيسية، يسبقها مبحث تمهيدي لتحديد ماهية الأشغال العامة في القانون الإداري. وقد تناول الباب الأول الشروط الموضوعية والشكلية لتكوين عقد الأشغال العامة وتلك بجانب الشروط الإجرائية لهذا العقد. أما الباب الثاني فقد خصصناه لدراسة الأساليب التقليدية في إبرام عقد الأشغال العامة " المناقصة "، وذلك مقارنة مع أسلوب الممارسة والتفتيت الحديثة في إبرام عقود الأشغال العامة (الباب الثالث). وللتعرف على دور القاضي الإداري في مرحلة إبرام عقد الأشغال العامة، كان من المفيد أن نخصص باباً مستقلاً يتناول "الدعوى القضائية الخاصة بإبرام عقود الأشغال العامة" (الباب الرابع).
3369	10635264	التحكيم الدولي في منازعات الاستثمار الاجنبي وفقاً لأحكام القانون الدولي العام:	ابو طالب، فؤاد محمد محمد .	فؤاد محمد محمد ابو طالب،	اسيوط :	2007 .	تتناول الرسالة:القضاء الإداري المصري منذ نشأته وحتى الآن يطبق قواعد قانون المرافعات المدنية والتجارية بما لايتعارض مع طبيعة المنازعة الادارية لذا وضحت الدراسة أن طبيعة المنازعة الاداريةأضيفت على وظيفة الطعن الاستئناف في القانون الفرنسي ذاتيه خاصة تختلف عن قانون المرافعات المدنية والتجارية وقد وضع ذلك جليا في فرنسا بفضل التطور الذي استحدثته مجلس الدولة الذي يباشر رقابة قضائية فعالة من حيث أمام مجلس الدولة C.A.A تأكيد التزام القضاء الفرنسي بتبني الطعون الاستئنافية المقامة أمام المحاكم الاستئناف الادارية-1 من الطاعن المستأنف والتي يتعين أن تشمل على تجريح لحكم أول درجة لامجرد إقامة طعن بالاستئناف يخلو من هذا C.E. التسبب ترتب على هذا الالتزام بتسبب صفح الطعن بالاستئناف تغير في وظيفة ودور قاضي الاستئناف ليكون قاضي يراقب-3 . حكم صادر من قضاة أول درجة من حيث الواقع والقانون حظر تصدى قاضي الاستئناف للموضوع حتى ولو ألغى الحكم المطعون فيه من مذمك مجلس الدولة الفرنسي في قضية -3 مالتيسفا والذي ألغى حق التصدى كسلطة اختيارية ومع ذلك يتصدى قاضي الاستئناف في القانون المصري على نطاق واسع . حيث أن الطعن بالاستئناف أمام محكمة النقض يطرح المنازعة في الحكم المطعون فيه خول المشرع الفرنسي لقاضي فرد السلطة إصدار أمرا قضائيا وقيل نظر الموضوع في الدعوى الادارية أو الطعن-4 بالاستئناف من ثم قام الدفوع المتعلقة بعدم القبول الظاهر الذي يشوب الطعن ولايمكن تغطيته أثناء سير الخصومة أصبح مجلس الدولة الفرنسي القاضي الطبيعي للنقض في جهة القضاء الإداري الفرنسي والمحكمة العليا التي تقوم على-5 التوحيد في التطبيق والتفسير لسانن قواعد القانون الإداري .
							قد تضمنت الرسالة تحليلاً للطعن بالاستئناف في التقنين الحالي للقضاء الإداري الفرنسي في كافة قواعده وذلك من حيث : شرح تقنين القضاء الإداري الفرنسي الصادر في مايو 2005-1 . عرض النظم الحديثة التي تتولها التقنين في القانون الفرنسي-2 أهم التوصيات :- مناقشة القضاء الإداري المصري الشامخ بالتوجه نحو مفهوم ووظيفة القاضي الا على أمام محكمة ثاني درجة . نثيب بالمشرع التدخل بتعديل الفصل الثالث من الباب الاول والخاصبالاجراءات أمام محاكم القضاء الإداري . يتعين تنظيم طرق الطعن في الاحكام الادارية بشكل شامل وبد النص والقصور التشريعي في التنظيم الاجرائي للطعن--3 . بالاستئناف على نحو يكفل تحقيق العدالة ويقضي على البطء في الاجراءات القضائية توصى الدراسة باقتراح التعديل التشريعي -4 تعديل المادة 6 من قانون مجلس الدولة الحالي لسنة72 وذلك في اطار تدعيم دور السوابق القضائية في القضاء -1 . الإداري المصري
3370	10635278	الطعن بالاستئناف في الاحكام الإدارية :	حسين، عبدالحكيم محمد .	عبد الحكيم محمد جيسين ،	بني سويف :	2007 .	يقول الدكتور عنعان على رضا: أن رئيس الدولة حين يحل مجلساً نيابياً، فإنه يعطى طاقات ومواهب إن وجدت، وينتقل من" فترة إلى فترة، ومن خلاف إلى خلاف، فشتان بين مجلس ومجلس، وشورى وشورى، وبين رابطة ورابطة. عندما فكرت في موضوع هذه الدراسة، وبعد أن استشرت بعض أساتذتي من المحامين وأساتذة الجامعات، لم يستقر لي الرأي الكامل والتمام في هذا الموضوع. وبعد أن تم حل مجلس النواب الأردني عام 2000م وبعد أن تجاوزت الحكومة كل المعقول والممكن في إصدار القوانين المؤقتة، التي فلتت المائتي قانوناً مؤقتاً، وكثر الحديث في الشارع الأردني والأساطير القانونية، وأصبح هذا الموضوع، الشغل الشاغل لأطراف مختلفة من الأردنيين، خاصة مجتمع النقابات المهنية، وبعد أن لجأ العديد من الأشخاص والمؤسسات إلى محكمة العدل العليا - صاحبة الاختصاص بالنظر في الطعون القانونية - لإيقاف السلطة التنفيذية وتحويلها على الشعب بفاته، وإصدار القانون ثلثي الآخر، وبمدة زمنية قصيرة جداً كانت الحكومة قد أصدرت العدد الهائل من القوانين المؤقتة، الأمر الذي لم يجعل مجلس النواب القادم قادراً على إنهاء مناقشة تلك القوانين المناقشة التي تستحق، وبالتالي فإن "السلطة التنفيذية قد أغرقت المجلس القادم بهذه القوانين، وجعلته مغلول اليدين في سواها من القوانين
3371	10635285	مرايم الضرورة وتطبيقاتها في الدستور الاردنى :	ملحم، محمد سالم .	محمد ملحم ،	القاهرة :	2006 .	تنقسم هذه الدراسة إلى ثلاثة أبواب كالتالي :- br- الباب الأول : مبدأ الاثر غير الواقع للطعون ويتعرض فيه لأثر الطعن على التنفيذ في القانون الاجرائي والإجراءات الإدارية القضائية والتأجيل القانوني للمبدأ br الباب الثاني : موازنة مبدأ الأثر غير الواقع للطعون. ويتناول فيه نظام وقف التنفيذ من حيث الشروط الشكلية والموضوعية اللازمة br الباب الثالث : تقدير مبدأ غير الواقع للطعون وموازنته - يبين فيه المساوىء المترتبة على أهمال المبدأ ودور وقف التنفيذ من هذه المساوىء وهناك اوجه قصور منها العمل بمبدأ الاثر الواقع للطعون الادارية ومواجهة عنصر الوقت وبطء اجراءات الفصل فى الدعوى . ضمانات تنفيذ الاحكام الادارية حيث عرضت تحليلاً لقانون 16 يوليو 1980 فى القانون الفرنسى بشأن الغرامة المالية فى- المواد الادارية كما اظهرت قصور المادة 123 عقوبات المصرى

						توصى الدراسة فضلاً عن المقترحات سالفة بما يلي تعديل نص المادة 49 من قانون 47 لسنة 1972 بشأن مجلس الدولة- . بإلغاء شرط وجوب ورود طلب وقف التنفيذ وطلب الإلغاء في صحيفة واحدة تحديد ميعاد للفصل في طلب وقف التنفيذ وجعل ميعاد الطعن في الحكم الصادر بوقف التنفيذ خمسة عشر يوماً من تاريخ- . صدوره . توحيد ميعاد الطعن في الحكم بالتماس اعادة النظر مع الميعاد المنصوص عليه في قانون مجلس الدولة- تقنين الاتجاه القضائي بشأن اعفاء طلبات وقف تنفيذ القرارات الإدارية من التحضير والمطالبة باعفاء طلبات وقف التنفيذ- . الأحكام من شرط التحضير بمعرفة هيئة مفوض الدولة وتوصى الرسالة ايضاً بإلغاء التفرقة بين طلبات وقف التنفيذ المقدمة من الأشخاص الطبيعية والأشخاص المعنوية في- القانون الفرنسي (قطاع الاعمال)تعديل نص المادة 123 غوياً لينطبق على العاملين في شركات القطاع العام - العمل بالنظم الخاصة لوقف تنفيذ بعض القرارات الادارية التي لايستغرق نفاذها وقت طويلا حتى تضمن الحكم الصادر- . بإلغائها فيما بعد	1991 .	أسيوط :	عبد المحسن سيد ريان عمار ،	عمار، عبد المحسن سيد ريان .	أثر الطعن على التنفيذ في القانونين المصري والفرنسي :	10635286	3372
						تناولت في هذه الدراسة ظاهرة معينة تتمثل في أن الغالبية العظمى من الأحكام الدستورية يكون مصيرها عدم القبول لأسباب شكلية دون اللجوء في موضوع هذه الدعوى ، وسنقوم - في هذه الدراسة - بتتبع إجراءات هذه الدعوى بمنهج استقرائي ابتداء من موضوع الاختصاص مروراً بوسائل اتصال جهة الرقابة الدستورية بها وشروط قبولها وانتهاء بإجراءات الحكم الدستوري والدعوى المتعلقة به . Dr وسنقوم بتحليل القواعد القانونية التي تنظم إجراءات الدعوى الدستورية ، وموقف القضاء الدستوري منها ، وذلك بالمقارنة بين ثلاثة أنظمة هي فرنسا ومصر والكويت ، وتحديد أسباب هذه الظاهرة وما إذا كانت تعود للنصوص التشريعية المنظمة للدعوى الدستورية ، أم يعود ذلك إلى سياسة متحفظة تتبعها جهة الرقابة الدستورية، وبعد ذلك سنحاول اقتراح وسائل معالجة هذه الظاهرة ، سواء تمثلت بتعديلات تشريعية ، أم بإجتهادات سائغة يمكن لجهة الرقابة الدستورية تبنيها . Dr وتهدف هذه الدراسة إلى التخلص من هذه الظاهرة أو التخفيف من غلوها، مما يتوافق أهمية الرقابة الدستورية ، ويميز من دورها في حماية الشرعية الدستورية ، وصيانة سمو الدستور ، وحماية الحقوق والحريات العامة.	2008 .	الجيزة :	جامعة القاهرة . كلية الحقوق . قسم القانون العام .	المطيري، تركي سطلام .	الجوانب الإجرائية في الدعوى الدستورية :	10635291	3373
						تناولت الرسالة تعريف القرار القابل للانفصال بأنه قرار إداري يكون جزء في بيان عملية قانونية مركبة يدخل في اختصاص القضاء العادي أو الإداري بهيئة قضاء كامل . وانتهت الرسالة من تعريف مانع لفكرة القرارات الإدارية القابلة للانفصال ويمثل التعريف المثالي للقرار المنفصل يحمل في طياته أفكار وعناصر الموضوع على وجه جامع مانع وانتهت أيضا إلى أن فكرة القرارات الإدارية القابلة للانفصال تشابه مع كل من نظريات الإلغاء الجزئي ونظرية التحول في القرارات القابلة للانفصال تشابه مع كل من نظريات الإلغاء الجزئي ونظرية التحول في القرارات الإدارية والدعوى الموازنة وإن الإلغاء الجزئي يقتصر على بنى لبعض عناصر القرار أو أثاره مع المحافظة دائما على ركيزة القرار الأساسية بمعنى أن ماتبقى في القرار لابد أن يكون كافيًا بذاته لضمان حياة القرار وتحقيق هدفه والغاية منه وهذا مالا ينطبق في حالة فصل القرار الإداري عن العملية المركبة حيث يتم فصل القرار الإداري وانتهى البحث أيضا إلى أن التفرقة بين نظرية التحول في القرار الإداري ونظرية القرارات المنفصلة تتمثل في أن الأولى تستلزم قيام القاضي بإلغاء قرار ما اعتباره أن شروط تطبيق الانفصال هي أن يكون القرار محل الانفصال إداريا ووجود عملية قانونية تقوم بها جهة الإدارة وخروج هذه العملية عن اختصاص قضاء الإلغاء وانتهت الرسالة أيضا برفض القضاء الفرنسي في مرحلة أولى الأخذ بها وتبدأ هذه المرحلة منذ صدور تشريع 1864 وتنتهي في مطلع القرن العشرين وبالنسبة بصدور عدد من الأحكام الهامة وراينا في مجلس الدولة الفرنسي في مرحلة ثانية قد عدل عن قضائه السابق واخذ بفكرة القرارات الإدارية المنفصلة منذ القرن العشرين حيث هجر مجلس الدولة الفرنسي المنهج التركيبي الذي ينظر إلى العملية العقدية	2007 .	القاهرة :	عاطف محمد شوقي سيد احمد الشهاوى ،	الشهاوى، عاطف محمد شوقي سيد احمد .	القرارات الادارية القابلة للانفصال في مجلسي الدولة الفرنسي والمصري /	10635300	3374
						بدأ الباحث الرسالة بفصل تمهيدي: عن الضبط في الحقبات التاريخية المختلفة، ويابين: الأول: سلطة الضبط الإداري أساس فكرة الضبط وأغراض الضبط وأساليب الضبط الإداري. الثاني: حدود سلطة الضبط الإداري : الحدود الدستورية والقانونية كفيدي على سلطة الضبط وحدود وقيد الإجراءات والضوابط، والرقابة القضائية على أعمال الضبط الإداري . الغرض من البحث:البحث عن تربية إجتماعية من خلال السنة النبوية،تمكنا من وجود مجتمع يسوده الألفة والمحبة في علاقات إجتماعية بين الأبن والأب،الزوج والزوجة،الجار وجاره،المعلم والمعلم. تناول الرسالة دراسة أسباب مشكلة البطالة ،وآثارها،والتعرف على آثار مشكلة التطرفوالتعرف على علاقة التربية والبطالة والتطرف مع وضع تصور مقترح لدور التربية في مواجهة مشكلتي البطالة والتطرف. تهدف الدراسة إلى التعرف على ماهية التربية السياسية وأهدافها ووظائفها ومحاورها ووسائلها وعلاقتها بالأوضاع الاقتصادية والإجتماعية والسياسية في المجتمع المصري .	1992 .	السوف :	عادل السعيد محمد أبو الخير ،	أبو الخير ، عادل السعيد محمد.	الضبط الإداري وحدوده /	10635324	3375

					تلقى فكره الخطأ المهني وصوره في نطاق المسئولية المدنية الضوء على ركن الخطأ بصفه عامه وركن الخطأ المهني بصفه خاصه في مسئوليه اصحاب المهن الحرة مع استعراض لبعض تطبيقات الخطأ المهني وتشمل أخطاء الطبيب والصيدلي والمحامي والمهندس المعماري br ويختتم الباحث هذا البحث بباب يتضمن تطبيقات قضائية لمحكمة النقض المصري للوقوف على ما استقرت عليه من أحكام بشأن ركن الخطأ في مسئوليه اصحاب المهن الحرة السالف ذكره. هناك ارتباط بين النشاط التجاري بوجه عام وبين الأنشطة الاقتصادية المختلفة حيث يرتبط النشاط التجاري بالنشاط الاقتصادي برباطه عضوي ويمثل جزء لا يتجزأ منه اذ يزدهر النشاط التجاري مع ازدهار النشاط الصناعي والزراعي والخدمي والعكس صحيح حيث يوجد نوع من العلاقة الدائرية بين جميع الأنشطة وظهرت التجارة الالكترونية وتنمى استخدامها بشكل ملحوظ في البلدان المتقدمة منذ منتصف التسعينات من القرن الماضي واصبحت تمارس اثر ايجابي على اقتصادات تلك البلدان ومن المتوقع ان يكون تفعيل هذا النوع من التجارة في البلدان النامية له اثار وتداعيات على اقتصاديات تلك البلدان بصفه عامه وقطاع التجاره الخارجيه بصفه خاصه.	2009 .	القاهرة : جامعة عين شمس. كلية الحقوق، طه، احمد شعبان محمد.	فكره الخطأ المهني وصوره في نطاق المسئولية المدنية	10638703	3392

						وفقد خلصت الدراسة ان هناك معوقات لانتشار البنوك الالكترونية خاصة في البلداناميةوتتمثل المعوقات في الاستعمال غير المشروع لادوات الدفع الالكتروني وصعوبة تحديد المسؤولية والقانون الواجب التطبيق بالإضافة الى صعوبة توفير عنصر الثقة والامان في المعاملات الالكترونية وقد خلصت الدراسة ايضا الى تطور القطاع المصرفي في البلدان النامية لحركة التطور العالمي في القطاع المصرفي وتغير اداء البنوك في البلدان النامية وقد ساعد على هذا التطور عوامل اهمها الكفاءة المصرفية وتطبيق تكنولوجيا المعلومات والاتجاه الى تخصصية البنوك والقدرة على التكيف والانماج المصرفي فمن الناحية استجابات البنوك الدولية النامية لحركة التطور العالمي في القطاع المصرفي وتغير الاداء البنوك بع ادخال الحاسبات الالية في عملها وبرهنت الدراسة الى ان تطبيق التكنولوجيا المعلومات في البنوك قد ادى الى انخفاض تكلفة اعالها عن تكلفتها اعالها في البنوك قد ادى الى انخفاض تكلفة اعالها عن تكلفتها قبل التطبيق فتكلفة تخزين المعلومات قد انخفضت 1999 بنحو 30 مرة مما كانت عليه في عام 1970 اما تكلفة تحليل المعلومات فقد انخفضت بنحو 45 مرة مما كانت عليه التكلفة في عام 1970 وتكلفة نقل المعلومات فقد انخفضت بنحو 1250 مرة مما كانت عليه في عام 1970 ومن الناحية الثانية تغيرت فلسفة الادارية للبنوك في البلدان النامية حيث سادت السياسة الادارية القائمة .ومن الناحية الثالثة اتجهت البنوك في البلدان النامية الى التخصصية في ظل تحول الكثير ممن هذه البلدان الى تطبيق برامج اصلاح الاقتصادى والتحول الى اليات السوق.	2008 .	طنطا:	جامعة طنطا\كلية الحقوق،	احمد، السيد عبدالفتاح محمد سيد.	اقتصاديات التجاره الالكترونيه في البلدان النامية:	10638712	3393
					الزقازيق	يتناول هذا البحث باب تمهيدي : عن التطور التاريخي للفصل في صحة العضوية ، وباين : الاول : تكيف المنازعة الانتخابية ، فيه ثلاثة فصول : 1- المنازعة القضائية العادية ، 2-المنازعة القضائية الادارية ، 3- المنازعة الانتخابية ، الثاني : الاختصاص بالفصل في صحة العضوية وفيه ثلاثة فصول : 1- الاختصاص بالفصل في صحة العضوية في فرنسا، 2- الاختصاص بالفصل في صحة العضوية في مصر ، 3- الاتجاهات الفقهية الخاصة بصحة العضوية في فرنسا ومصر . وتتناول الرسالة ايضا موقف القضاء في فرنسا فيجتأ في موقف محكمة النقض كذلك محكمة التنازع وموقف المجلس الدستوري اخيرا مجلس الدولة ثم انتقلنا الى بحث موقف القضاء المصري سواء محكمة النقض او القضاء الاداري ثم تعرضنا لموقف مجلس الشعب ثم موقف المحكمة الدستورية العليا يمكن القول انه لاملجا للشعب الا ان تسود فيه الارادة وترجع له العصمة ويصبح هو دون غيره سيد قراره . المقترحات :- يعد كل الآراء الفقهية التي نودى وماتعرضت له من انتقادات من انصار الإبقاء على الفصل في الطعون الانتخابية للمجلس النيابي فإن علاج هذا الوضع يكون عن طريق عدة اقتراحات عملية تتلام مع الوضع السياسي الحالي في سبيله لاصلاح السبلات التي حدثت منذ زمن طويل نتيجة وجود مصالح خاصة للبعض في الإبقاء على هذه السبلات لذلك الإبقاء على نص المادة 93 من الدستور كما بحيث يظل مجلس الشعب مختصا بالفصل في صحة عضوية اعضائه وتختص محكمة النقض بالتحقيق في الطعون التي تحال اليها من المجلس على ان يفتح الطعن في القرارات التي يصدرها المجلس في هذه الطعون امام المحكمة الدستورية العليا .	2002 .		ابو الحسن عبد الغني ابراهيم ،	ابراهيم، ابو الحسن عبد الغني .	النظريه العامه للطعون الانتخابيه :	10638718	3394
					الجزيرة :	إن عقوبة الإعدام من أهم العقوبات التي اثارث جدلا عسيفا بين الفقهاء والباحثين الذين اهتموا بالدراسات القانونية وفقا للمخلفات القانونية المختلفة والمتعاقبة منذ زمن بعيد فقد اتجه فريق من الفقهاء إلى ضرورة إلغاء عقوبة الموت لقسوة هذه العقوبة ولأنها تتنافى مع أغراض العقوبة . br فلا تهدف إلى إصلاح المتهم ولا ردة ولكنها تؤدي إلى استئصال المتهم من الحياة وسلب حق الحياة منه . وكان لهذا الاتجاه صدى واسع في أغلب التشريعات والتي قامت بإلغاء عقوبة الإعدام . br واتجه فريق آخر إلى المناداة بالإبقاء على عقوبة الإعدام لأهميتها ولأنها العقوبة الوحيدة الراجعة لعامة المجرمين فلا يمكن إلغاؤها ولكن بشرط وضع بعض الضمانات والقيود لممارسة عقوبة الموت وسوف نقوم بالأفراد والتفصيل في توضيح الأسباب التي يرتكن إليها كل فريق في إثبات رأيه . br ومن ناحية أخرى لابد أن نذكر أن المكتبة القانونية غنية جدا بالأبحاث القيمة عن عقوبة الإعدام . br وقد تم تناول عقوبة الإعدام من جوانب عديدة من الفقهاء القدامى وأبحاث أخرى عديدة من الأساتذة والباحثين في الوقت الحالي . . br فمن هذا المنطلق المزوج لأهمية عقوبة الإعدام التاريخية وكثرة الأبحاث والجدل بين الفقهاء حول إلغاء العقوبة أو الإبقاء عليها . والذي أدى إلى اختلاف التشريعات أيضا بين إبقاء الدول على عقوبة الإعدام أو إلغاء العقوبة . br فمن هذا كان الاتجاه للبحث في موضوع مثيرا للجدل بين الفقهاء واجتهد للخروج برأي مسبب حول العقوبة العظمى . br وذلك وفقا لحطة البحث من حيث قيمة عقوبة الإعدام وأهميتها والبحث في حجج المؤيدين والمعارضين للعقوبة العظمى وسرد آراء كل فريق على حدة وتوضيح الفكر الفلسفي والقانوني حول عقوبة الموت . ثم ذكر الضمانات الواردة عليها وكيفية التنفيذ ثم بالنظر إلى عقوبة الإعدام في مصر الفرعونية . br ومقارنة التشريعات المختلفة حول العقوبة في النظم التاريخية المختلفة وموقف الديانات السابقة للإسلام في العقوبة العظمى ثم موقف الشريعة الإسلامية من العقوبة العظمى.	2008 .	الجزيرة :	عمرو رجب السيد ،	السيد، عمرو رجب .	فلسفة وتاريخ عقوبة الإعدام /	10638719	3395
					القاهرة :	استهدف هذا البحث مناقشة قضيه الخصخصة وتأثيرها على البطالة في مصر من خلال عرض المراحل الرئيسية التي مر بها الاقتصاد المصري بدايه من الاشتراكية وحتى تطبيق هذه السياسة خاصة في ظل التحولات الاقتصادية والاجتماعية عالميا ومحليا وما أدت اليه من آثار اقتصادية واثار اجتماعية متمثلة في وضع العماله في ظل هذا التحول من التخطيط المركزي الى نظام السوق ودور الاتحاد العام لنقابة عمال مصر وتأثير هذه السياسة ايضا على معدل البطالة وانتهت الدراسة الى ان هذا التأثير يتوقف على حسن تطبيق هذه السياسة . وانتقلت الدراسة للتعرض لماهية الخصخصة وكذلك تعرضت لمشاكل القطاع العام والمستوى المتداني الذي وصل اليه وانخفضت ربحيته وتدهور اوضاعه وانت الدراسة الى ضرورة تطبيق الخصخصة لاسباب اقتصادية واجتماعية وسياسية وتلك للخروج من هذا الموضوع المتدني للقطاع العام والارتقاء بالاقتصاد المصري خاصة في ظل التحولات الاقتصادية والاجتماعية عالميا واقلها ومحليا واستعرضت الدراسة أيضا الأثر الاقتصادية للخصخصة وما يمكن ان تؤدي اليه سواء من الناحية الإيجابية وتأثيرها على المجتمع بالتقدم والرخاء او العكس من تلك الناحية السلبية وما يمكن ان تؤدي اليه من زيادة البطالة واهدار المال العام والتفكك الذي يصيب الحكومية وبعد ذلك تعرضت لدراساترالى تحليل اثر الخصخصة على البطالة وبداناً بمشكلة البطالة في مصر من خلال وضع العماله في ظل التخطيط المركزي للقطاع العام وما تادى اليه هذا التخطيط الى عمالة زائدة حيث انه كان لا يعتمد على كفاة بقدر ما كان يعتمد على اسباب سياسة أدت الى نهاية البطالة المقنعة نتيجة لتكدس المصالح الحكومية بأعد لا يحتاج اليها العمل .	2009 .	القاهرة :	علاء محمد محمد مهران ،	مهران، علاء محمد محمد .	الخصخصة وتأثيرها على البطالة /	10638725	3396
					القاهرة :	عرض الباحث رسالته من خلال قسمين سبقهم باب تمهيدي ،الباب التمهيدي خصصه لتاريخ الإثبات الجنائي بشهادة الشهود . br والقسم الأول وهو ما هية الشهادات وما تخضع له من احكام . قسمه الى باين، تناول الأول التعريف بشهادة الشهود وشروط صحة الشهادة وذلك من خلال فصيلين . والباب الثاني جعله لموانع الشهادة وكم شهادة المرأة وقد عرضه في فصيلين أيضا . br والقسم الثاني من الرسالة وهو تقدير الشهادة وقيمتها في الإثبات عرضه من خلال باين، الأول جعله لتقدير الشهادة وقد عرضه فيه نظمالاثبات وذلك في الفصل الأول . أما الفصل الثاني فجعله للشهادة ومبدأ الإقناع القضائي .والباب الثاني تناول فيه الباحث الشهادة ووسائل الإثبات الأخرى في الفصل الأول . أما الفصل الثاني فجعله لتقدير الشهادة . هذا وقد سبق عرض الرسالة مقدمة وثلاث خاتمة :إهم التوصيات والاقتراحات .1: في شأن بيان تاريخ الإثبات الجنئي بشهادة الشهود خرج الباحث بحقيقة علمية وهي ان شهادة الشهود دليل يضرب بجذوره في اعماق التاريخ القديم . وفي شأن تعريف الشهادة اقترح الباحث تعريفها على النحو التالي الشهادة اخبار صادق من الشاهد امام السلطة المختصة :2 بما يمكن قد رآه او سمعه بنفسه او من غيره وفي شأن التاكيد من الة في الشاهد اقترح الباحث ضرورة تعيين شخص يسمى امين الشهادة يكون رئيسه المباشرة :3 قاضي المحكمة وتكون وظيفة التحري عن الشهودوكتابة التقارير عن الشاهد في شأن تعريف اليمين اقترح الباحث تعريفه بانه قسم بالله العظيم يصدر من الشاهد ومن في حكمة امام قضاء وقبل اداء :4 الشاهدة	2004 .	القاهرة :	أمين فاروق عبد المعبود حمد،	حمد، أمين فاروق عبد المعبود .	الاثبات الجنائي بشهادة الشهود في الفقه الجنائي الاسلامي والقانون الجنائي الوضعي /	10638729	3397

						تتبع أهمية البحث من أهمية العنصر البشري باعتباره الهدف النهائي لأي نظام اقتصادي والعنصر الأهم من عناصر الإنتاج التي تمكننا بتطویرها وقیادتها لعناصر الإنتاج الأخرى من الوصول للأهداف الاقتصادية المرجوة ومما لاقاه هذا العنصر من تعطل متمثلاً في مشكلة البطالة التي تزداد حدتها مع مرور الزمن ومما لهذه المشكلة من آثار اقتصادية واجتماعية وسياسية خطيرة ومن ناحية أخرى تكمن أهمية البحث في انتهاز أغلب الدول التنمية والدول المتخولة للاقتصاد الرأسمالي سياسات اصلاح اقتصادي كان لها اثار على التوظيف والبطالة في الدول التي طبقتها.	2008 .	ملنطا :	خالد محمد عبد العلي السروجي ،	السروجي، خالد محمد عبد العلي .	الآثار التوظيفية لسياسات الإصلاح الاقتصادي في مصر /	10638733	3398
						لقد اختلف الفقه في تحديد الأساس الذي يبنى عليه القضاء الحكم بالتعويض الناتج عن التعدي على الحق الادبي للمؤلف من جانب الناشر فيري بعض الفقه ان المسؤولية التقصيرية حتى لو كانت مترتبة على مخالفة الالتزام العقدي كما ان هناك اتجاه اخر يري انه وجود عقد بين المؤلف والناشر تكون المسؤولية الناتجة عن مخالفة الالتزام باحترام الحق الادبي مسؤولية عقدية وفي حالة عدم وجود عقد تكون مسؤولية المتعدي على الحق الادبي مسؤولية تقصيرية . ومن اهم التوصيات أيضا : اذا كان يحق للمؤلف في المصنفات المشتركة استغلال اسهامه في المصنف المشترك الا ان ظاهر نص المادة-1-174 من القانون 82 لسنة 2002 لايفيد ذلك الا اذا كانت الاسهامات تتدرج تحت نوع مختلف من الفن اذا كانت القاعدة العامة ان المصنف ينسب الى المؤلفه وايا كان اهميته فالقانون يحميه بشرط تمتعه بصفة الابتكار الا ان-2- المشرع في المادة 177 من القانون 82 لسنة 2002 والتي حدد فيها شركاء التأليف في المصنف المسمى المصري لم يأخذ بهذه القاعدة بل قسمهم الى قسمين مسهمون باسهامات أدبية وفنية وهم (مؤلف القصة الادبي ومؤلف السيناريو ، مؤلف الحوار ، وواضع الموسيقى) ومسهمون باسهامات مالية كالمنتج استلزم المشرع المصري طبقا لنص المادة 185 من القانون 82 لسنة 2002 قيد كل تصرف يرد على الاستغلال الحق المالي للمؤلف على مصنفه ليتم الاحتجاج بهذا التصرف على الكافة الا أنه لم يشترط اتخاذ هذا الاجراء لنفاذ التصرف بين طرفي التصرف "المؤلف والمتنازل إليه" ولذا فلتنا نرى أنه يجب قيد التصرفات التي يبرمها المؤلف مع الغير في السجل المعد لذلك في الوزارة المختصة حتى ينفذ التصرف سواء بين المتعاقدين أو بين الغير لحماية الحق الادبي للمؤلف من خلال تحديد نطاق الحقوق المتنازل عنها تحديدا دقيقا منعا من الاعتداء عليها . لم ينظم المشرع المصري ثمة عقد من عقود استغلال المصنفات بصفة عامة واكتفى بوضع القواعد العامة لهذه العقود-4- وبهذا فقد تجاهل المشرع ان لكل عقد من هذه العقود طبيعته وخصوصيته التي تميزه عن غيره من العقود الأخرى ورغم قرار المشرع المصري في المادة 184 من القانون رقم 82 لسنة 2002 ان يلزم الناشر والطابع والمنتج للمصنفات-5- والتسجيلات الصوتية بالتضامن فيما بينهم على ايداع نسخة منها أو أكثر لايجاوز عشر نسخ .	2007 .	ملنطا :	سمير السعيد محمد أبو ابراهيم ،	أبو ابراهيم، سمير السعيد محمد .	أثر الحق الادبي للمؤلف على القواعد العامة للعقود /	10638740	3399
						إذا كان مبدأ الفصل بين السلطات يعتبر أحد دعائم الدولة القانونية المعاصرة، وبمقتضاه توزع وظائف الدولة التشريعية والتنفيذية والقضائية على سلطات ثلاث متميزة، حيث تستغل كل سلطة منها في أداء وظيفتها، فإن هذا الاستقلال لايمكن أن يكون مطلقاً وإنما على العكس نسبياً يسمح بوجود بعض مظاهر التعاون بين هذه السلطات. غير أن الفصل المطلق بين سلطة الدولة المدنية وجهازها العسكري، وخضوع هذا الجهاز _ شأنه شأن كل أجهزة الدولة – لهيمنة السلطة المدنية، يعد في تقديرنا _ حجر الأساس في الدولة الديمقراطية. وذلك بحسبان أن جهاز الدولة العسكري المتمثل في قواتها المسلحة ليس سلطة حكم، وإنما جهاز من أجهزة السلطة التنفيذية التي تشارك في الحكم مع السلطتين التشريعية والقضائية، وهذا هو المعنى الذي يتسق مع مقتضيات الشريعة الدستورية. ولأرباب في أن للحياة المدنية من الخصائص والمقومات مايرجعها من طائفة النظام العسكري، كما أن النظام العسكري _ بما يفرضه من واجبات الطاعة والخضوع الكامل لأوامر السلطة العسكرية والالتزام بالترتيب الرئاسي الصارم _ لايتكف مع الحياة المدنية التي تقوم أساساً على المناقشة وإبداء الرأي واختلاف وجهات النظر وحق النقد، وليس على تلقي الأوامر وتنفيذها. ومن ثم فإن الأصول الدستورية والقانونية السليمة تقتضي بأن يكون لكل من السلطتين المدنية والعسكرية فلكها الذي تدور فيه، وأن تكون الحياة المدنية هي الأصل، وأن يكون النظام العسكري هو الاستثناء الذي ينبغي أن يكون محصوراً في أضيق الحدود، من حيث تحديد صفة من يخضعون له ومدى هذا الخضوع.							
						وإذا كان مبدأ الفصل بين السلطات قد تفرع عنه مبدأ آخر يتمثل في عدم التدخل في شئون العدالة، فإن تطبيق هذا المبدأ على العلاقة بين السلطتين التشريعية والقضائية، يقتضي من المشرع أن يقتصر دوره على إنشاء جهات القضاء وتحديد اختصاصاتها، وبيان الإجراءات المتبعة أمامها ووضع القواعد الموضوعية التي تطبقها، دون التدخل في الفصل في القضايا المطروحة أمام المحاكم، بالتأثير على القضاء لكي يصدروا أحكامهم على نحو معين، وذلك ضماناً لاستقلال القضاء وحياده. وإذا كانت التشريعات المنظمة للسلطة القضائية تضع الشروط التي يلزم توافرها فيمن يلي منصب القضاء، وأنواع المحاكم ودرجاتها واختصاص كل محكمة على وجه دائم ومستقر، إلا أنه ليس ثمة مايمنع المشرع من أن يُشكل قضاء من نوع خاص، وفقاً لقانون خاص به بهدف حماية مصلحة مستجدة لم تطلها يد التشريع العام ولم تدخل في اختصاص قضائه. وذلك كي يختص بنوع معين من القضايا يتوافر على دراسته لماله من طبيعة ذاتية "خاصة" تحتاج إلى خبرة ومراس معين، حيث يخضع له فريق من الأفراد تقتضي طبيعة أعمالهم هذا التنظيم، ولايحكم أعمال قضائه قانون السلطة القضائية. وهذا هو شأن القضاء العسكري الذي يحاكم أمامه أفراد القوات المسلحة، والذي يختلف في تشكيله وإجراءاته عما هو مقرر في هذا الصدد بالنسبة للقضاء العام. ذلك أن القواعد التي تحكم سلوك أفراد المجتمع العسكري ترتبط دوما بوجود الجيش، حيث توجه هذه القواعد خطابها إلى أفراد المؤسسة العسكرية، فتقتصر على سلوكهم المتصل بالوظيفة العسكرية فحسب. باعتبار أن قواعد النظام العسكري إنما تقوم على الانضباط الذي يتكون من مجموعة القواعد السلوكية والأخلاقية، التي تنظم علاقات الأفراد العسكريين بعضهم البعض وعلاقتهم بالقوات المسلحة، وهي قواعد تنحصر في المثل العليا "كالطاعة والولاء وحسن الأداء". ولذلك فإن البعض بخلاف طبيعة وسلوك المجتمع العسكري عن نظيره المدني مرده _ في تقديرنا _ توافر أمران معاً أولهما وجود القوات المسلحة، وثانيهما وجود النظام الذي يحكم هذه القوات. كما يعزى إلى توافر هذين الأمرين معاً نشأة قواعد التأديب والتجريم العسكرية، الأمر الذي نتج عنه اتسام هذه القواعد بالمطابعين التأديبي والجنائي معاً، وذلك بهدف الحفاظ على الانضبط والربط ومقتضيات النظام والصالح العام العسكري.	2006 .	القاهرة :	عمر علي نجم ،	نجم، عمر علي .	دستورية القضاء العسكري بين الإطلاق والتقييد /	10638755	3400

فمن أهم الأمور التي عنت بها الشريعة الإسلامية، ونظمت أحكامها، تداول الأموال بين الناس حتى يتحقق بينهم العدل ، ولا يجوز أحد منهم على ملك أخيه ، فهبت نهياً قاطعاً عن أكل أموال الناس بالباطل، وحُرمت على المرء أن يأخذ مال أخيه بغير سبب شرعي br 0 وهو ذات المعنى الذي قرره القانون الوضعي في نظرية الإثراء بلا سبب التي تمنع إثراء شخص على حساب غيره بدون مرور لذلك br 0 ولقد أخذت هذه النظرية حظها من الدراسة القانونية المتخصصة في الوقت الذي لم تحظ بهذا القدر من الدراسة الشرعية ، الأمر الذي حدا ببعض الكتاب إلى إنكارهم على الشريعة الإسلامية أخذها بهذه النظرية على الرغم من وجود تطبيقات جمة لها متناثرة في كتب الفقه الإسلامي على اختلاف مذاهبه ووجود قواعد فقهية كثيرة تنطلق بوجود هذه النظرية بين أحكام الشريعة الإسلامية br 0 وهو الأمر الذي حدا بي إلى اختيار دراسة هذه النظرية في الفقه الإسلامي وبيان تطبيقاتها في المذاهب الفقهية المختلفة مع مقارنة ذلك بموقف القانون الوضعي وأحكام القضاء br 0 ولا يفوتني أن أشيد ببعض الدراسات القيمة التي تناولت هذه النظرية في الفقه الإسلامي والتي استندت منها كثيراً في دراستي لهذا الموضوع ()	الاسكندر	2007 .	به : وليد ابو الوفا علي حفني ،	حفني، وليد ابو الوفا علي . نظريه الإثراء بلا سبب وتطبيقاتها في الفقه الاسلامي :	10638761	3401				
تم عرض الآراء التي تتناول موضوع البحث بحيدانية وموضوعية وتم الرجوع الى المصادر المختلفة لخدمة موضوع البحث بوقد استخدم الباحث المنهج التاريخي في رصد دور النول الاقتصادي في المذاهب الفكرية الاقتصادية المختلفة وكذلك رصد تطور سياسة الخصخصة في الدول النامية والمتقدمة وقد استعان الباحث بالمنهج الاستنباطي والمقارن في دراسة برامج الإصلاح الاقتصادي في الدول النامية محل الدراسة وكذلك برامج الخصخصة وبيان دورها في التحرير الاقتصادي لقد بدأت هذه الدراسة ببيان المفاهيم المختلفة للخصخصة ومفهوم ودونات التحرير الاقتصادي في الفصل التمهيدي وفي الباب الأول للرسالة تناولت دور الخصخصة في التحرير الإقتصادي وتم تقسيم هذا الباب الى ثلاثة فصول تناول الفصل الأول الخصخصة في الفكر المقارن حيث تم تناول دوافع انتباه الخصخصة وتعرض فيه لكافة الدوافع الاقتصادية والمالية والسياسية والاجتماعية والإدارية وفي الفصل الثالث تناولت الأساليب الفنية للخصخصة حيث تعرض لخصخصة الملكية من خلال بيع حصة الدولة والخصخصة الجزئية من خلال عقود الإدارة والإيجار وعقود اداء للخدمات ومشروعات البنية الأساسية "عقود الامتياز والتحول نحو القطاع الخاص وتناولت أيضاً كيف تدار الخصخصة والآراء المؤيدة والمعارضة لها ثم تناولت الرسالة بعد ذلك في الباب الثاني الاقتصاديات المعاصرة وخيار الخصخصة وتم تقسيم هذا الباب الى ثلاثة فصول تناول الفصل الأول خصخصة المرافق العامة في الدول النامية وتعرض فيه لمفهوم وأنواع المرافق العامة وتحرير المرافق العامة والضوابط المؤسسية التي تضمن فعالية هذا التحرير والتنظيم الدستوري والقانوني لخصخصة المرافق العامة والإصلاحات الهيكلية للمرافق العامة وتناول الفصل الثاني المعوقات التي تواجه الخصخصة في ظل برامج التحرير الاقتصادي حيث استعرضت المعوقات السابقة والمصاحبة لتنفيذ الخصخصة والإطار العام لبرامج الإصلاح الاقتصادي وفي الفصل الثالث تناولت تجارب المقارنة في سياسيه التحرير الاقتصادي حيث استعرضت تجربة الأردن وماليزيا وتركيا وتشيلي والمكسيك وبريطانيا وفرنسا وفي الباب الثالث تم تخصيصه لتجربة التحرير الاقتصادي في مصر .	2008 .	بنها : عصام حسني محمد عبد الحليم ،	عبد الحليم، عصام حسني محمد . تحرير اقتصاديات الدول النامية في ظل نظام الخصخصة :	10638764	3402					
تتناول هذه الرسالة حماية البيئة من التلوث ،أن البيئة هي الوسط الذي يعيش فيه الإنسان في غير هذه المخلفات وتتوفر به وسائل الحياه وأسباب البقاء وبهذا المفهوم تبدو البيئة في ملتقى اهتمام العديد من العلوم ان الميلاد الحقيقي للقواعد القانونية الوضعية الخاصة بحماية البيئة يرجع فقط الى مشارف النصف الثاني من القرن العشرين بل ان الدراسات القانونية لم تأخذ قضايا البيئة والحفاظ عليها مأخذ الجد إلا بعدما دعت الجمعية العامة للأمم المتحدة الى مؤتمر دولي لمناقشة الأخطار المحدقة بالبيئة وذلك عام 1972 م حينما بدأت الموارد الطبيعية في الضوب والاستنزاف غير الرشيد لها وبعد ان شرعت الدول المتقدمة بالاتار السينة التي تنبج عن تطبيق بعض انواع التكنولوجيا الحديثة وتعد مبادئ وتوصيات هذا المؤتمر هي الذخيرة التي اتخذت منها البحوث القانونية والقوانين الوضعية في مجال حماية البيئة لينتجها الأولى .	من أهم التوصيات :- 1- ضرورة اصدار تشريعات الضبط لحماية البيئة ومواجهة اخطار التلوث وان تقوم على التوجيهات العلمية الحديثة ذات-1 2- الحزم في تطبيق التشريعات المتعلقة بحماية البيئة تطبيقاً فعلياً وعد تركها معطلة لكثير من التشريعات الاخرى وذلك لان-2 3- التشريعات التي تصدر عن الدولة مهما كانت متكاملة ويتوخى فيها الدقة في تنظيم وضع قانوني معين على هيئةا الضبط الادارى المنوط بها حماية البيئة استخدام الاساليب والوسائل التي كلها لها القانون من أجل الحفاظ-3 4- . على البيئة ومنع التلوث 5- . ضرورة تعديل النصوص التي لاثقق الحماية الكاملة للبيئة-4 6- . الاكثار من استخدام اسلوب الترغيب كمظهر من مظاهر الضبط الادارى لحماية البيئة-5 7- . الاهتمام بالضبط الادارى الخاص بحماية البيئة حيث ان اغلب انواع الضبط الادارى الخاص تتصل ببعض عناصر البيئة-6 8- ضرورة اخذ القضاء الادارى المصرى بفكرة المسؤولية بدون خطأ عن اضرار التلوث البيئي الى جانب المسؤولية القائمة-7 9- على اساس الخطأ وذلك نظرا للصعوبات التي تواجه المسؤولية عن اضرار التلوث البيئي على اساس الخطأ 10- ضرورة اثناء قضاء متخصص للنظر في منازعات التلوث البيئي لان هذا النوع من المنازعات له طبيعة خاصة من-8 11- . حيث الخبرات المطلوبة في هذا المجال او الطبيعية الخاصة باضرار التلوث البيئي 12- لذا على ولاة الامر من العلماء والحكام ان يبرزوا معالم الشريعة الاسلامية في موضوع حماية البيئة من التلوث وذلك-9 13- ينشر الوعي البيئي بين الناس ومخاربة هذه المشكلة من منطلق ديني لان الباعث من اقوى البواعث على حمل النفس 14- البشرية على الاستجابة	2009 .	أسيوط : عبد الله جاد الرب أحمد ،	أحمد، عبد الله جاد الرب . حماية البيئة من التلوث :	10639671	3403				
تتناول الرسالة : بعض النظم التأديبية في بعض الدول العربية وهي (مصر-الكويت - قطر - عمان- البحرين - الإمارات العربية)والدول الأوربية هي (فرنسا-انجلترا) واجراء المقارنة فيما بينها وذلك بهدف تبين مدى شمول أحكام التأديب واقتصرت هذه الدراسة على تأديب الموظف العام عن عداه ومنغير المدنيين كالعسكريين أو غيرها والقيام بالتطبيقات للسلطات بتحديد الجرائم التأديبية ومدى خضوعها لمبدأ الشريعة وايضا تناول الباحث قوانين الخدمة المدنية في الانظمة التأديبية تم تعديل القوانين التأديبية في البحرين ومعظم الدول العربية .	وقد تم بحث كل ما تقدم في قوانين الخدمة المدنية في الانظمة التأديبية محل الدراسة وتم تتبع النهج التأديبي للمشعر في هذه الانظمة وما إذا كان قانون الاحداث قد تضمن أحكاما أفضل أم أنه هجر أحكاما يجب العود إلى الاخذ بها وقد أفرزت هذه المقارنة تطبيقا في بعض أحكام قانون خدمة مدنية أو أكثر من قوانين الخدمة المدنية في الانظمة التأديبية .	لذا يجب إعلام الموظف بلائحة الجزاءات ويتعدلاتها الاعلام الكافي وفي الوقت المعاصر لسريتها-1	يجب أن ترد العقوبات التأديبية وكافة أحكام تأديب الموظف العام في قوانين الخدمة المدنية-2	تحديد النظام التأديبي لبعض شاغلي الوظائف-3	ضرورة الاعتدال في توقيع الجزاء التأديبي بالقانون السارى وقت ارتكاب المخالفة-4	النص على عدم جواز تعدد العقوبة التأديبية بتعدد الجهات-5	عدم جواز الاخذ بعقوبة التذويب بالعمل-6	التميز في العقوبات بين شاغلي الوظائف العليا وغير شاغلي الوظائف العليا-7	النص على عقوبات تأديبية وسطى بالنسبة للعاملين من شاغلي الوظائف العليا-8	العدول عن عقوبة الوقف عن العمل كعقوبة تأديبية في قوانين الخدمة المدنية-8

					بنى سويف :	2009 .	. يجب أن ترد العقوبات التأديبية في قانون الخدمة المدنية-9 وأوصى في الرسالة على ضرورة النص على إنشاء هيئة النيابة الإدارية في الأنظمة التأديبية التي لا توجد بها هذه الهيئة كى تمثل الادعاء التأديبي أمام المحاكم التأديبية اذا ما نشئت في الأنظمة التأديبية الأخرى عدا مصر التي توجد بها بالفعل (النيابة الإدارية) بالنسبة للأنظمة التأديبية في الحدود التي نصت عليها هذه القوانين فانه يجب أن يحدد القانون عدد وصفة أعضاء مجلس التأديب ولا يترك تحديدهم دون ضابط للسلطة الادراية . تتناول هذه الرسالة الظروف الطارئة التي تقاها المتعاقدين أثناء تنفيذ العقود خاصة عقد الأشغال والإنشاءات ، إن تلك النظرية لم تولد فجأة ولكنها نتجت عن تطور الأفكار القانونية في النظم المختلفة باعتبارها نظرية تقوم على فكرة العدالة المطلقة وكفالة حسن سير المرافق العامة بانتظام واضطراد ويقصد تحقيق التوازن المالي الذى يحتل نتيجة تلك الظروف غير المتوقعة كما تبين من خلال تلك الدراسة ان دول العالم المختلفة لم تعد كما كان الحال سابقاً وحدات جغرافية وإدارية واقتصادية مستقلة عن بعضها البعض بل ان التطور الحديث اجبر تلك الدول على ان تعمل معاً في تعاون مطلق لتحقيق رفاهية وتقدم شعوبها من خلال تبادل المعلومات والخبرات الفنية والتقنية خاصة في مجال الإنشاءات التي تهدف من خلالها الدول الى إنشاء بنية أساسية قوية ومشاريع عملاقة تواجه بها المستقبل . من أهم التوصيات :- نظراً لأاه من النادر ان تستجيب المحاكم الدولية وقضاء التحكيم لفكرة الظروف الطارئة اذا لم تكن هناك شروط اتفاقية-1 واضحة ومحددة ضمن بنود العقد لذا يجب على شركتنا العاملة في مجال المقاولات والأشغال وكذا الجهات الحكومية التي ترغب في عمل أية اشاءات ان تقوم بالأعداد الجيد ان على الدولة اعداد نموذج لعقد اشغال دولي يكون للاحكام المنظمة لتلك العقود ويتم اعاده بمعرفة لجنة من كبار اساتذة-2 القانون والهندسة بغرضها المختلفة واعضاء مجلس الدولة والفنيين والمختصين والمحكمين الدوليين يتعين على رب العمل في العقود التي تعتمد على نظام الفيديو ان يعهد الى مكتب استشاري متخصص وذو خبرة فنية في-3 . عمل التصميمات اللازمة للإنشاءات تحسباً لمخاطر التربة يجب على المتعاقدين في أى عقد إنشاءات دولي يتخذ الفيديو اساساً له ان يتفقا معاً على آلية محددة لتعديل بنود عقدهم في-4 . حالة مواجهة ظروف طارئة ويتضمن العقد تلك الآلية بحيث في حالة وقوع هذه الظروف الطارئة ضرورة ان يضمن الأطراف بنود عقودهم مفهوماً محدداً لما يعد ظرفاً طارئاً او حادثاً قهرياً حتى لا تتورأ أى منازعة-5 . مستقبلية يجب على الأطراف المتعاقدة الاتفاق على ان يكون التحكيم هو الفاصل في منازعاتهم المتعلقة بالطوارئء في حالة-6 . حدوثها وتزى استبعاد دور المهندس الاستشاري كمحكم في هذا الشأن لما يشوب دوره من شبهة عدم الحياد

3405	10639769	أثر الظروف الطارئة في عقدى الأشغال العامة والفيديك /	مخير، جمال محمود .	جمال محمود مخير ،	بنى سويف :	2000	يتابع الباحث في هذه الرسالة الشروط المفروضة على الأحزاب السياسية في مصر ابتداء من اجراءات او شروط تأسيسها او لحرية الانتماء اليها او في قيادتها او لادارتها او حريتها في ممارسه نشاطها وحتى وقف قراراتها وصحفا وتصرفاتها بل وتجميدها او حلها ويرى الباحث ان هذه القيود اصبحت لازمه ليس للتأسيس بل ايضا لاستمرار الحزب السياسي وتلاحظ ان كل تدخل للمشروع يعنى مزيداً من القيود ونرى ايضا الى اى مدى حاول القضاء تقرير الحماية القضائية لها سواء في مرحلة التأسيس او بالنسبة لوسائل ممارستها لنشاطها كالصحافة الحزبيه وحريه الاجتماع والرأى الحزبى او حمايه وجودها . ومن اهم التوصيات بالنسبة لتأسيس الاحزاب السياسية : ان المراقب لمنحى الحريات صوما وحرية تأسيس الاحزاب السياسية بصفة خاصة في مصر يكثف بسهولة ويسر ان القيود الواردة على الاحزاب السياسية سواء بالنسبة لشروط تأسيسها او اجراءات تكوينها او حتى مباشرتها لنشاطها في تزايد مستمر . وبالنسبة للصحافة الحزبية تابعنا في البحث الاول ان هذه الرسالة احتوت على المشروع بصفة عامة نرى الاشغاط الحصول على ترخيص لاصدار الحزب لاي عدد من الصحف وعدم الاكتفاء باعفاء صحفيين فقط من شرط الترخيص كما نصت المادة(15) من قانون الاحزاب السياسية المعدل بالقانون رقم 177 لسنة 2005 لان من شأن تقييد الصحافة والسيطرة على اجهزة الاعلام والصحف انعدام التنوع والتباين في الافكار والآراء .
3406	10640979	الحماية القضائية لحرية تأسيس واداء الاحزاب السياسية:	عبد الكريم، رجب حسن .	رجب حسن عبد الكريم ،	القاهرة :	2006 .	تقوم الدراسة على فرض اساسي، وهو أن لكل من السياسة المالية وسياسة الاستثمار الأجنبي المباشر تأثيراً فيما بينهما، وأن هذه العلاقة المرتبطة بينهما قد تؤثر في تحقيق الإصلاح الاقتصادي. وعلى مصر أن تعمل بكامل جهدها على الاستفادة من التأثير الإيجابي لهذه العلاقة بين السياسة المالية وسياسة الاستثمار الأجنبي المباشر كي تصل إلى هدف تحقيق الإصلاح الاقتصادي لها، ومن ثم إلى تحقيق التنمية الاقتصادية. أهداف الدراسة: تستهدف الدراسة محل البحث تحقيق ما يلي: اتجاه الدول إلى تحقيق الإصلاح الاقتصادي في حالة وجود مشاكل اقتصادية بها قد يؤثر سلبياً على الدولة من النواحي • الاجتماعية والسياسية والاقتصادية والإدارية دور السياسة المالية في تحقيق الإصلاح الاقتصادي ومن ثم دورها في تحقيق التنمية الاقتصادية • دور سياسة الاستثمار الأجنبي المباشر بأنواعه المتعددة في تحقيق الإصلاح الاقتصادي • إلقاء الضوء على الدول التي قامت بالإصلاح الاقتصادي ونجحت فيه • إلقاء الضوء على التطورات التي حدثت نتيجة لاتباع مصر لبرنامج الإصلاح الاقتصادي المصري • التعرف على التطورات التي حدثت في السياسة المالية وسياسة الاستثمار الأجنبي المباشر في مصر، ودورها في • تحقيق الإصلاح الاقتصادي ،إلقاء الضوء على بعض الانعكاسات التي قد تؤثر من خلال العلاقة بين السياسة المالية وسياسة الاستثمار الأجنبي المباشر • .والتي يمكن أن تكون هدفاً نحو تحقيق الإصلاح الاقتصادي المصري منهج الدراسة: حتى يتحقق هدف الدراسة، استخدم الباحث من خلال الدراسة النظرية التحليلية ذات الرؤية العلمية من خلال استقراء العديد من الدراسات السابقة والحالية التي تطورت لتعالج هذا الموضوع، مع الاستفادة بمجموعة من الأساليب والأدوات الإحصائية والمعلومات لإجراء دراسة منهجية متكاملة عن الاقتصاد العالمي بوجه عام والاقتصاد المصري بوجه خاص، وذلك من خلال تطبيق برامج الإصلاح الاقتصادي المصري.
3407	10641005	التأثيرات المتبادلة بين السياسة المالية و سياسة الاستثمار في تحقيق الإصلاح الاقتصادي المصري/	محمد، أحمد محمد عبد العظيم .	أحمد محمد عبد العظيم محمد ،	القاهرة :	2008 .	نتج أهمية هذا البحث من أن هناك ضرورة حتمية لدراسة آثار وانعكاسات الطوابق والتحديات التي يفرضها النظام العالمي الجديد على نظمها الاقتصادية والمالية بمختلف أقسامها وأنواعها ويختص البحث بدراسة تلك الآثار والانعكاسات على النظام الضريبي المصري كأحد أهم النظم المالية للدولة وكيف يستطيع أن يتطور حتى يواجه تلك الآثار والتحديات ويتواءم معها ويستفيد مما تقدمه من مزايا ويحاول تجنب آثارها السلبية حتى يستطيع أن يحقق هدفه . وهناك التعديلات التشريعية في مجال الضرائب على الدخل يمكن تطويرها عن طريق التشريع ليستوعب المحاسبة على التجارة الالكترونية وتطوير التشريع الضريبي المصري للحد من الآثار السلبية لاتفاقية منظمة التجارة العالمية تعديل نص المادة 30 من القانون 187 لسنة 1993 بالنص على إعفاء العشرة آلاف جنيهها الأولى لنشاط التصدير من الخضوع للضريبة وذلك تشجيعاً للمصدر الصغير أن يدخل في وعاء الضريبة 50% فقط لنشاط التصدير 70% للصنيع . وتقتصر الدراسة تخفيض سعر الضريبة على شركات الأفراد والأموال ويجب أيضاً تجميع الإعفاءات الضريبية وتدرجها في ضوء مدى مساهمة المشروع في تحقيق أهداف خطط التنمية الاقتصادية مع ضرورة الربط بين استفادة المشروع من الإعفاء واستمرار مزاولة النشاط وعدم تصفية المشروع لمدة معينة خمس سنوات على الأقل . والمطالبة بتحقيق المساواة بين الممولين وبعضهم البعض مثل المحاسبة عن نشاط تجار مفرش سواء أكان المبنى داخل كردون المدينة أم خارجها حيث تخضع المادة 23 من القانون 187 لسنة 1993 نشاط التجار مفرش للمباني وتحقيق المساواة بين شركات الأفراد وشركات الأموال .
3408	10641028	تطوير النظام الضريبي المصري لمواجهة التحديات المستقبلية /	عشرى، إسامة محمد احمد .	إسامة محمد احمد عشرى ،	القاهرة :	2004 .	

							إن المتبع لتاريخ الإنسان يلاحظ أن علاقته بالبيئة تراوحت دائماً بين السلبية المطفلة التي برزت في الخوض شبه التام للطرف الطبيعية والخوف منها، والاجابية الصارخة التي تمثلت في الثورة على الطبيعة، وفي العمل بمختلف الوسائل على إخضاعها لسلطته، كما هو الحال في عصرنا الحاضر ، حيث تمكن الإنسان بما توافر لديه من عقل وعلم أن يغزو بقوة، محيطه الحيوي ويخضعه تقريباً لنفوذه وسلطانه. br ولكن التقدم الصناعي والتكنولوجي الهائل والتوسع الكبير في استخدام مصادر الطاقة المختلفة، وانتشار وسائل المواصلات وكثافة استخدامها، وما إلى ذلك من طرق وأدوات ومنتجات الحضارة الصناعية المعاصرة، قد أدى إلى زيادة التدهور البيئي واتساع نطاقه. br ويعتبر التلوث البيئي المشكلة الأبرز والأخطر، إلى الدرجة التي طغت فيها على كافة قضايا البيئة ومشكلاتها. br وفي عصرنا الراهن ازداد تدخل الدولة في مختلف المجالات الاقتصادية والاجتماعية والتنمية، مما أدى إلى تسببها بحدوث بعض الأضرار نتيجة للدور الذي تلعبه في التنمية الصناعية والتكنولوجية الحديثة وإدارتها للمرافق العامة. br وقد قمت بتقسيم البحث إضافة للمقدمة، إلى بابين رئيسيين، وخاتمة تتضمن النتائج والتوصيات والمقترحات. br تناولت في الباب الأول ماهية التلوث البيئي وتطبيقاته، حيث يعتبر التلوث من أبرز الأخطار التي تحدى بيئة الإنسان، وقد أصبح ظاهرة خطيرة من ظواهر العصر الذي نعيش فيه. br فقد أصاب التلوث كل عناصر البيئة المحيطة بالإنسان من ماء وهواء وتربة وغذاء، وازدادت الضجة المؤرقة، والإشعاعات المؤينة، فأخل ذلك بالتوازن الدقيق الذي خلقه الله تعالى في هذا الكون الواسع. br ويمكن تعريف التلوث بأنه " كل تغير في أنظمة البيئة يسبب ضرراً مباشراً أو غير مباشر، للكائنات الحية، ويشمل الهواء والماء والتربة والغذاء ". br وتتنق كل التعريفات التي وضعت لتوضيح مفهوم التلوث البيئي في أن التلوث يقوم على ثلاثة عناصر أساسية هي: br أولاً ، حدوث تغير بالبيئة أو الوسط الطبيعي سواء كان هذا الوسط مائياً أو جوياً أو أرضياً. br ثانياً - وجود يد خارجية وراء هذا التغيرير قد تكون يد الإنسان أو يد القضاء والقدر. br ثالثاً - إلحاق أو احتمال إلحاق الضرر بالبيئة، وأن ينعكس هذا الضرر على الإنسان والكائنات الحية وغير الحية.	
3409	10642970	مسئولية الدولة عن أضرار التلوث البيئي :	التركاي، عمار خليل المحيميد الدريس .	جامعة عين شمس. كلية الحقوق ،	القاهرة :	2006 .	يعتبر الدستور القانون الاسمي في بناء الدولة الديمقراطية لذا يجب ان تنصدر أحكامه وقواعده مرتبه كما يجب على جميع السلطات ان تجرى كافة أعمالها وتصرفاتها وفق مبادئه وأحكامه التزاماً بمبدأ سمو الدستور وإذا كانت أحكام الدستور تمنع تلك بالتوازن الدقيق الذي خلقه الله تعالى في هذا الكون الواسع. br ويمكن تعريف التلوث بأنه " كل تغير في أنظمة البيئة يسبب ضرراً مباشراً أو غير مباشر، للكائنات الحية، ويشمل الهواء والماء والتربة والغذاء ". br وتتنق كل التعريفات التي وضعت لتوضيح مفهوم التلوث البيئي في أن التلوث يقوم على ثلاثة عناصر أساسية هي: br أولاً ، حدوث تغير بالبيئة أو الوسط الطبيعي سواء كان هذا الوسط مائياً أو جوياً أو أرضياً. br ثانياً - وجود يد خارجية وراء هذا التغيرير قد تكون يد الإنسان أو يد القضاء والقدر. br ثالثاً - إلحاق أو احتمال إلحاق الضرر بالبيئة، وأن ينعكس هذا الضرر على الإنسان والكائنات الحية وغير الحية.	
3410	10642984	الاتجاهات السياسية وأثرها على الرقابة الدستورية /	زيادة، مجدى محمد .	مجدى محمد زيادة ،	عين شمس :	2009 .	يعتبر الدستور القانون الاسمي في بناء الدولة الديمقراطية لذا يجب ان تنصدر أحكامه وقواعده مرتبه كما يجب على جميع السلطات ان تجرى كافة أعمالها وتصرفاتها وفق مبادئه وأحكامه التزاماً بمبدأ سمو الدستور وإذا كانت أحكام الدستور تمنع تلك بالتوازن الدقيق الذي خلقه الله تعالى في هذا الكون الواسع. br ويمكن تعريف التلوث بأنه " كل تغير في أنظمة البيئة يسبب ضرراً مباشراً أو غير مباشر، للكائنات الحية، ويشمل الهواء والماء والتربة والغذاء ". br وتتنق كل التعريفات التي وضعت لتوضيح مفهوم التلوث البيئي في أن التلوث يقوم على ثلاثة عناصر أساسية هي: br أولاً ، حدوث تغير بالبيئة أو الوسط الطبيعي سواء كان هذا الوسط مائياً أو جوياً أو أرضياً. br ثانياً - وجود يد خارجية وراء هذا التغيرير قد تكون يد الإنسان أو يد القضاء والقدر. br ثالثاً - إلحاق أو احتمال إلحاق الضرر بالبيئة، وأن ينعكس هذا الضرر على الإنسان والكائنات الحية وغير الحية.	
3411	10642986	دور السياسة الضريبية في التوزيع القطاعي للاستثمارات في مصر /	حامد، جمال الدين ابو بكر محمد .	جمال الدين ابو بكر محمد حامد ،	القاهرة :	2009 .	تقوم هذه الدراسة على فرضين اساسيين هما :- 1- br أن نجاح ايه سياسه ضريبية في تحقيق اهدافها يتوقف على دراسته الواقع الاقتصادى والاجتماعى والسياسى الذى ستمثل السياسه الضريبية في ظله وتؤثر فيه وتتأثر به وتحديد الاهداف المراد تحقيقها وتحديد الالات المناسبة لتحقيق تلك الاهداف 2- br أن السياسه الضريبية يمكن ان تكون لها دورا واضحا ومؤثر في جذب وتوزيع اكبر قدر ممكن من الاستثمارات على القطاعات الاقتصادية والاقليم ذات الاولويه اذا جمعت في طياتها منظومه متكامله ومتوافقه ومرئنه من الحوافز الضريبية المناسبه بالاضافه الى العوامل الاخرى المؤثره على قرار الاستثمار بحيث يحقق التوازن بين مصلحه المستثمر ومصلحه الدوله هناك توصيات اشار اليها الباحث: ضرورة وضع السياسة الضريبية اهداف استثمارية محددة خطة تنمية شاملة تتناسب مع الظروف الاقتصادية- الاجتماعية السائدة في الدولة . اما في مجال التشريع تجميع كل احكام الضرائب في موسوعة تشريعية واحدة متكاملة وصياغة احكام التشريعات- الضريبية ولوائحها التنفيذية واضح ومحدد وضبطها ضبطا محكما واما في مجال الجهاز الضريبى تصميم قاعدة معلومات متطورة توفر كل البيانات والمعلومات الوافيه والدقيقة عن الموالين وعن الانشطة التى يمارسونها مع توفير مقومات تحديثها اولا بول اما في مجال المجتمع الضريبى دعم جسور الثقة بين الموالين والادارة الضريبية عن طريق الحصر الشامل للمجتمع الضريبى ومكافحة التهرب الضريبى وتنمية الوعى الضريبى الموالين من خلال وسائل الاعلام ووجود جهاز ضريبى منظم وقادر على التطبيق الصحيح للقانون . زيادة الاهتمام بالجان التحكيم واللجان الداخلية للتصالح الضريبى وتوسيع نطاق اختصاصاتها وقياس كفاءتها دوريا- . مراعاة تطبيق مجموعة المعايير المتعلقة بضمان فاعلية سياسة الاعفاءات الضريبية عند التخطيط لممارستها-	
3412	10643003	الشريع الدستورية لاعمال الضبطيه القضائيه /	تاووضروس، جمال جرجس مجلج .	جمال جرجس مجلج تاووضروس ،	القاهرة :	2005 .	التظيمات الجنائية تعد قيودا ترد على مدى حرية التصرف المتاحة للأفراد وعلى الرغم من أنها تهدف إلى تحقيق الصالح العام ، إلا أنه ينبغي أن يكون ذلك في إطار مبدأ المشروعية في جانب الموضوعي والإجرائي . فإذا كانت القواعد الموضوعية والقواعد الإجرائية تعنيتان بمكافحة الجريمة ، فانه يتعين أن يكون ذلك في إطار الشرعية والحرص على حماية الحقوق والحريات ، بحيث لاينبغي تقرير قيد على الحرية الفردية مالم يكن مستندا إلى اساس قانونى . النتائج والتوصيات:- أن الشرعية التي يجب ان تنسم بها الاعمال التي يقوم بها مامور الضبط القضائى من رجال الشرطة لها ضرورتها-1 المزدوجة إذا كان الدستور المصرى قد اعطى جهاز الشرطة سلطاته باعتباره أداته في فرض سلطان القانون تحقيقا للصالح المشترك-2 للمجموع الا انه من الجانب الآخر قد وفر الحماية القانونية لحرية الفرد باعتبارها هى الأخرى احد اساسيات تطور الشعوب والمحقة لصالح المجتمع . ان الاعمال التي يتخذها مامورى الضبط القضائى من رجال الشرطة وفقا لقانون الإجراءات الجنائية ليست اعمال فنية-3 بحته وبالنسبة لضمنات اجراء القبض بومضى الباحث نص المادة(52) من القانون رقم 260 لسنة 1960 والذي يجيز لامامور الضبط القضائى طلب البطاقة الشخصية من كل شخص فرض عليه القانون التزاما بحملها وبالنسبة لضمنات تفتيش . الممكن بومضى الباحث بأنه في حالة مباشرة مامور الضبط القضائى لتفتيش مسكن غير مستند الى اذن من سلطة التحقيق وبالنسبة لضمنات الاعتداء على حرمة الحياة الخاصة بومضى الباحث ان يقوم مامور الضبط القضائى القائم بتنفيذ امر المراقبة التليفونية او التسجيل بتقديم تقرير يومى الى القاضي مصدره .	

							هدف البحث إلى دراسة أثر المعرفة المسبقة للأهداف السلوكية على تحصيل التلاميذ في مادة العلوم وأهداف تدريس كل درس، حيث أن تحديد الهدف بدقة هو أفضل الطرق لتحقيقه وفي هذا تحدث كثير من رجال التربية عن أهمية تعريف الأهداف التربوية وتحديدوها ويكون بأهميتها في عملية التعليم ودراسة أثر المعرفة المسبقة للأهداف السلوكية على تحصيل التلاميذ في مادة العلوم وكذلك رأى تلاميذ المجموعة التجريبية في تحديد الأهداف السلوكية للدرس قبل بدئه. كانت العينة فصل من مدرسة كفر سقر الإعدادية بنات وأخرى من مدرسة السادات (فصول تجريبية) والفصول الضابطة من مدرسة ابوكبير الإعدادية الحديثة ومدرسة ابوكبير الإعدادية بنات. توصلت الدراسة إلى أن الطريقة التجريبية للتدريس أكثر تأثيراً من الطريقة التقليدية للتدريس بالنسبة للبنين. الطريقة التجريبية لتكون أكثر أو أقل تأثيراً بين البنين والبنات. استخدم الأهداف السلوكية يفيد في عملية التدريس وأن هناك اتجاه مفضل لصالح استخدام الأهداف السلوكية لكل من البنين والبنات. تهتم هذه الدراسة بابرار أهمية التكامل بين وسائط اكتساب المعرفة في مجال لعين ، والتي تتمثل هنا في التعليم المدرسي ، والتعلم من خلال نوادي العلوم وأهميه الاستفادة من مميزات كل وسط منهما في مجال تعلم العلوم باستخدام مجموعه من المواقف (خبرات عليه متنوعة) والتي تخرج عن فلك المنهج الدراسي وتعمل على توجيه الطلاب إلى اكتشاف الحقائق العلمية بأنفسهم وفي أثناء عليه الاستكشاف هذه يتعلم الطلاب مهارات ذهنية أساسيه خاصه بعمليات العلم كما قد تنمو لديهم بعض الاتجاهات نحو التعلم الذاتي انطلاقاً من مبدأ أن العلم ليساده فحسب بل ماده وطريقه.		
			صقر، محمد حسين سالم.	محمد حسين سالم صقر.	المنصورة	1981 .	هدف البحث: يمكن صياغة هدف الدراسة الحالية في النقاط التالية: - دراسة علاقة غياب الاب (للعمل بالخارج) بالتوافق النفسي للإبناء - دراسة الفروق في التوافق النفسي بين أبناء غائبي الاب لفترات مختلفة. دراسة الفروق في التوافق النفسي بين البنين والبنات غائبي الاب. أهمية البحث: تم اختيار عينة متجانسة من تلاميذ وتلميذات الحلقة الثانية من التعليم الأساسي (المرحلة الإعدادية) بمحافظة قنا. باع عدد افراد العينة 516 تلميذا وتلميذة مقسمة الى 178 تلميذا غائبي الاب ، 160 تلميذا موجودي الاب ، 98 تلميذة غائبة الاب ، 80 تلميذة موجودة الاب . وزعت كل من عينة البنين والبنات غائبي الاب الى عينات فرعية كما يلي: 1- عينة البنين غائبي الاب لفترة اقل من 3 سنوات. 2- عينة البنين غائبي الاب لفترة اقل من 5 سنوات. 3- عينة البنات غائبي الاب لفترة اقل من 3 سنوات. 4- عينة البنات غائبي الاب لفترة اقل من 5 سنوات. يهدف هذا البحث إلى التعرف على دور التعليم في إعداد القوى العاملة اللازمة لاحتياجات التنمية الصناعية بأسوان من بعدي الحكم (هيكل القوى العاملة) والكيف (هيكل المهارة) وكيفية الارتقاء بهذا الدور من خلال التعرف على ملاحظ النظم التعليمي بأسوان وكفاءته الكمية والتنبؤ بأعداد الخريجين في السنوات المستهدفة. وتهدف الدراسة كذلك الى التعرف على احتياجات التنمية الصناعية من العمالة الماهرة من خريجي المدارس الثانوية الصناعية والقطاعات الصناعية القادرة على قيادة العملية التنموية بأسوان والتعجيل بها، وكذلك ايجاد اتصال منظم بين مضمون التنويع وحاجات قطاعات التنمية الصناعية من العمالية.

							تعد سباقات المسافات القصيرة من أمتع سباقات المضمار والتي تحقق المتعة للمشاهدين لأنها تجمع بين السرعة والعدو والتوافق التام والمرونة في حركات الجسم. ويهدف هذا البحث إلى تصميم برنامج مقترح لتحسين زمن رد الفعل لدى متسابقى عدو المسافات القصيرة- ناشئين. ولتحقيق ذلك، استخدم الباحث المنهج التجريبي لملائمة وطبيعة هذا البحث بتصميم المجموعتين (تجريبية – ضابطة) باستخدام طريقة القياس القبلي – البعدي لكل من المجموعتين، اشتملت عينة البحث على 15 لاعب من لاعبي مراكز الشباب بمحافظة أسيوط في 100 متر عدو تحت 20 سنة، واستخدم الباحث الأدوات المناسبة لجمع البيانات متمثلة في تحليل المراجع والأبحاث العلمية، استمارة استطلاع رأي الخبراء، الاختبارات البدنية، أسلوب التحليل الإحصائي وأسفرت أهم النتائج على أن البرنامج المقترح له أثر إيجابي على سرعة رد الفعل لدى عينة البحث.	2002 .	أسيوط:	محمود محمد لييب سليمان،	سليمان، محمود محمد لييب.	برنامج تدريبي مقترح لتحسين زمن رد الفعل لدى متسابقى عدو المسافات القصيرة /	10655682	3463
							هدف البحث إلى الوصول إلى محتوى مقترح لمقررات التمرينات البدنية بكلية التربية الرياضية - جامعة أسيوط من خلال تحديد كل من أهداف ومحتوى وطرق وأساليب تدريس وتقديم الخبرات العملية والنظرية لمادة التمرينات. احتوت العينة على 12 خبيراً من الخبراء أساتذة التمرينات بكلية التربية الرياضية بجامعة مصر خلال العام الدراسي 2001. توصل البحث إلى ضرورة أن يكون لمادة التمرينات دليل مقرر يوضح الأهداف والمحتوى وطرق وأساليب تدريس وتقديم هذا المحتوى.	2002 .	أسيوط:	ياسر حسن حامد،	حامد، ياسر حسن.	محتوى مقترح لمقررات التمرينات البدنية بكلية التربية الرياضية جامعة أسيوط /	10655732	3464
							تحتل رياضة السباحة أهمية مميزة بين أنواع سائر الرياضيات الأخرى لما تكسبه للأنسان من فوائد بدنية ونفسية واجتماعية من خلال معايشة الباحث لمجال السباحة في مصر وفي الصعيد لاحظ أن هناك انخفاض في المستوى الرقعي لفرق الصعيد في السباحة وهذا ما دفع الباحث للقيام بالدراسة. أهداف الدراسة : التعرف على المعوقات المؤثرة على تقدم رياضة السباحة في صعيد مصر. التعرف على أكثر المعوقات شيوعا للسباحة بالصعيد. أكثر المعوقات شيوعا لكل محافظة من محافظات الصعيد. منهج البحث : استخدم الباحث المنهج الوصفي بخطواته وإجراءاته وذلك لمناسبته لتلك الدراسة " أدوات جمع البيانات " المقابلة الشخصية. المراجع. الاستبيان مجتمع وعينة البحث : تم اختيار لعينة بالطريقة المعدية من محافظات صعيد مصر وبلغ حجم العينة 20 فرداً ، 15 ، حكم ، 135 ، لاعب ، 35 ، مدرب ، 15 إداري. المعالجة الإحصائية : المتوسط الحسابي ، الانحراف المعياري ، معامل الالتواء والتقطع ، النسبة المئوية ، تحليل التباين نتائج البحث : معوق الاعلام أحتل المركز الأول ، نظام التعليم الثاني ، التحكم الثالث ، الإمكانيات الرابع ، المدرب الخامس ، الواحي الاجتماعية السادس ، التخطيط السابع ، اللاعبين الثاني ، الإدارة التاسع. التوصيات : ضرورة اهتمام الاعلام المصري برياضة السباحة بالصعيد. الاهتمام بتنظيم أوقات الدراسة مع أوقات ممارسة الأنشطة الرياضية. الاهتمام بتخريج كوادر عديدة من الحكام بالصعيد. الاهتمام بتجهيز حمامات السباحة الموجودة. الاهتمام بعمل دورات للمدربين بالصعيد. الاهتمام بأعداد إداريون متخصصون في شئون إدارة السباحة. الاهتمام بتنقيف مجتمع صعيد مصر بدور رياضة السباحة في تربية الفرد.	2001 .	أسيوط:	عبد الحق سيد عبد الباسط،	عبد الباسط، عبد الحق سيد.	المعوقات المؤثرة على تقدم رياضة السباحة في صعيد مصر /	10655778	3465
							تتناول الرسالة : الاقتراحات من خلال الصندوق الدولي وتعلق الجوانب الإيجابية والسلبية والعيوب واقتراح الحلول ومعرفة النقد الدولي وعلاقته بالقانون الدولي حيث أنه جزء من العلاقات التقنية الدولية التي تحكمها قواعد القانون الدولي وتناولت أيضا : نظام النقد الولي السائد قبل الحرب العالمية الثانية ورأى رجال الاقتصاد وهي : قاعدة الذهب الدولية لكونها ساعدت في إيجاد نوع الاستقرار النسبي في اسعار الصرف عالميا	[2000]	القاهرة :	ابراهيم بن عيسى الطلي العيسى ،	العيسى، ابراهيم بن عيسى العلمي .	صندوق النقد الدولي :	10655871	3466
							2- نظام النقود الورقية المستقلة - 3- توضيح اتفاقية الصندوق الذي اعتمدت على مشروعين اساسين اما بخصوص نظام النقد الدولي فيما بين الحربين - العالميتين فقد تعرضا للازمات النقدية والفوضى الاقتصادية وكان نظام النقد الدولي قبل قيام الحرب العالمية الثانية يتمثل في قاعدة الذهب الدولية لكونها ساعدت في ايجاد نوع من الاستقرار النسبي- 1- نظام النقود الورقية المستقلة وهي تلك النقود التي لارتبطت بيلة قاعدة نقدية- لقد لاحظت ان اتفاقية الصندوق قد اعتمدت على مشروعين اساسيين قدا الولايات الامريكية (مشروع (هوايت)ومن-3 اما بالنسبة لازمة الديون :- 1- قيام الدولة المدنية بالاعتماد على خطط غير مدروسة مع العمل بجدية على زيادة الانتاج- يجب على الدول الصناعية الدافئة ان تساهم وتساعد بشكل جاد في تسوية الديون مباشرة او عن طريق صندوق النقد- الدولي 2- التقليل من عملية الاقتراض وجدولة الديون في ضوء السياسة التي ترسم لتسوية الديون-2 3- ان تقوم الصندوق بتقديم تسهيلات مالية في حدود الشريحة الاحتياطية بعد رفع نسبتها-3 التنسيق بين الصندوق والبنك الدولي ومجموعته للقيام بدور فعال في المساهمة في حل ازمة الديون بتقديم قروض ميسرة-4 طويلة الاجل اما عن اداة التعامل واسلوبه بحقوق السحب الخاصة فان هذا لايمكن تنظيمه من قبل رجال الاقتصاد عن طريق(الفيد الحسابي) .							
							تهدف هذه الدراسة الى التعرف على معالم الاخلاق الاسلامية كما تتضح من خلال السنة النبوية المطهرة . وكذلك التعرف على طرق تربية الخلق في ضوء السنة النبوية المطهرة وتوضيح مدى ملائمة الاخلاق الاسلامية لكل عصر ولكل مكان وقد استخدم الباحث في دراسته المنهج التحليلي المقارن الذي اتاح لنا التعرف على الاخلاق الاسلامية في السنة النبوية المطهرة وركز الباحث في دراسته على الصلة بين التربية والاخلاق والعلاقة الوثيقة بينهما .. لذا نجدته يتعرض للتربية عموما والتربية الاسلامية على وجه الخصوص وانه يجب على كل امة تسعى الى التقدم والرخاء ان تتمسك بقيمها واخلاقها وتعمل على تهذيبها وتقديمها وتلك بالتربية التي تهدف الى تهذيب الاخلاق.	1990 .	أسيوط:	محمد فؤاد عبد الله ابراهيم مازن،	مازن، محمد فؤاد عبد الله ابراهيم.	التربية الخلفية في ضوء السنة النبويه /	10659464	3467
							تعود النظرية السياسية الإسلامية صراعا مفتوحا مع النظرية الليبرالية وذلك في اطار المشروع الاسلامي المقام لمحاولات فرض الثقافة الغربية بثتى تداعياتها على المنطقة الاسلامية ومن هذا تبرز اهمية توضيح جوانب تفوق النظرية السياسية الاسلامية .	2005 .	القاهرة :	طارق عبدالموجود الزمر ،	الزمر ، طارق عبدالموجود .	أهداف ومجالات السلطة وأثرها على الحقوق والحريات العامة (دراسة مقارنة) :	10659538	3468
							نظرية الجراعات العنصرية في الفقه والقضاء المصري يميل الفقه والقضاء المصري إلى الأخذ بنظرية الراجحة في الله الفرنسي والتي تقر سلطة الإدارة في تطبيق الجزاءات الضاغطة والفاصلة في عقود الاعمال والتوريد ولم يعترف لقضاء المصري للإدارة	2008 .	الإسكندر ية :	عبدالله نوافي العنزوى ،	العنزى، عبدالله نواف .	النظام القانوني للجزاءات التعاقدية في القانون الإداري الكويتي والمقارن :	10659629	3469
							تعتبر سلطة الضبط الإداري أهم وسيلة من وسائل القانون الإداري في حماية البيئة وذلك لأن أهداف الضبط الإداري تتمثل في المحافظة على النظام العام بمدلولاتها الثلاثة أو عناصره . واهم نتائج ابحت 1:أن البيئة هي الوسيط الذي يعيش فيها الإنسان من غيره من مخلوقات الله الحية وغير الحية وتوفر به وسائل الحياة واسباب البقاء وبهذا المفهوم تبند البيئة في ملتقى اهتمام العديد من العلوم 2:أن الميلاد الحقيقي للقواعد القانونية الوضعية الخاصة بحماية البيئة ويرجع فقط الى مشارف النصف الثاني من القرن العشرين بل ان الدراسات القانونية لم تأخذ قضايا البيئة والحفاظ عليها مأخذ الجد الا بعد ما دعت الجمعية العامة للأمم المتحدة الى مؤتمر البيئة والحفاظ عليها الجد الابعدا الى مؤتمر دولي لمناقشة اخطار المحفظة بالبيئة وذلك عا1972 حينما بدأت الموارد الطبيعية في التضاوب والاستنزاف غير الرشيد لها وبعد ان شعرت الدول المتقدمة بالاثار السلبية التي تنتج عن تطبيق بعض انواع التكنولوجيا الحديثة وتعد مبادئ وتوصيات هذا المؤتمرات . ان التشريعات الخاصة بحماية البيئة أصبحت في الآونة الأخيرة حريصة على ايراد تعريف لها غير تاركة هذا الامر للعلوم الأخرى التي تتخذ من البيئة موضوعا ومجالالبحوث الدراسة فيها .	2009 .	أسيوط:	عبدالله جاد الرب أحمد ،	احمد، عبدالله جاد الرب .	حماية البيئة من التلوث في القانون الإداري والفقه الاسلامي :	10659801	3470

							إن تقرير الحقوق والحريات العامة في صلب دستورنا الدولة اوتغيريرها من قبل المشروع العادى لايعد كافيًا لممارستها في الواقع العلمى لاسيما في الظروف الاستثنائية .وفي القسم الاول تناولنا تنظيم المشروع الدستوري للظروف الاستثنائية حيث عرضنا لاسلوب مواجهة حالة الأزمة في كل من مصر وفرنسا وآثر الحقوق والحريات العامة في الباب الاول ثم تناولنا التفويض التشريعي ولوائح الضرورة واتراهما في الحقوق والحريات العامة في الباب الثاني ثم عرضنا في القسم الثاني لقانون الطوارئ في التشريع المقارن ونظام الاحكام العرفية المصرى السابق على نظام قانون الطوارئ الحالى ثم تناولنا القانون بالتفصيل وللتدابير التى يخولها للسلطة المؤثرة في الحقوق والحريات العامة لا سيما الاعتقال ونظام فرض الحراسة فى ظل القانون في الباب الاول من القسم ثم عرضنا في الباب الثاني لمواجهة التشريعية لخطر الارهاب فى التشريع المقارن والتشريع المصرى الحالى والوضع فى ضوء التعديل الحالى للمادة 179 الخاصة بتنظيم تلك المواجهة وما يشكله من تهديد بالغ الحقوق والحريات العامة بمقتضى التعديل وفيما بلى لاهم النتائج التى توصلنا اليها نعبه بأهم التوصيات التى انتهينا اليها . ان تقرير الحقوق والحريات العامة في صلب دستور الدولة اوتغيريرها من قبل المشروع العادى لايعد كافيًا لممارستها في الواقع العلمى لاسيما في الظروف الاستثنائية وانما لابد فضلا عن وجود . ضمانات قانونية تتمثل في التزام الدولة بمبدأ الشرعية واعمال مبدأ الفصل بين السلطة والالتزم بتحقيق المساوة بين الافراد وقيام رقابة قضائية مستقلة على اعمال السلطتين .	. 2009 القاهرة : عاصم رمضان مرسى يونس .	. يونس , عاصم رمضان مرسى	. الحريات العامة في الظروف الاستثنائية ؟(دراسة مقارنة) :	10660927 3471	
							تناول الباحث تحليل هذا المفهوم يقوم على اساس المنهج التحليلي المقارن ليس من السهولة التوصل الى تعريف محدد ودقيق لمفهوم الادارة لتعدد ادوارها التى تقوم بها فى واقع حياة الجماعة داخل النظام السياسى. والعدل حق لكل شعب ولاته امرت به الاديان السماوية والشرائع الوضعية فلا يستقيم حكم لا يقوم على اساس متين وطيد من العدل . وقد تكرت مادة العدل بمشقاتها نحو ثلاثين مرة فى القرآن الكريم مما يدل على مدى تقدير التنزيل المجيد للعدل وقد استعمل فى بعض الايات كلمة الميزان بمعنى العدل والله يأمرنا ان نقيم العدل حتى مع من نبغضهم . وقدحمل القضاء امانة العدل منذ فجر التاريخ فهو قديم قدم الجماعات البشرية وذلك ان الانسان لا يعيش فى الاى في جماعة وحيثما تكون الجماعة يكون تبادل المنافع والمصالح وتنشأ الروبط الاجتماعية وما يترتب عليها من معاملات وخصومة تأثيرها غرائز الالة والطمع وحب الغلبة بما يشعر النبا بحاجة ملحة الى من يحسم هذه المشاكل برد الحقوق الى ذويها ويقر الامن والطمأنينة فى النفوس وهكذا نشأت وظيفة القاضى بين الجماعة وكان يختار للبهوض وبهذه الرسالة الجليلة اشخاص تؤهلهم لحملها صفات خاصة من سداد الراى واصالة الحكم ورجاحة العقل وسلامة التقدير .وكنو يعضون في مشكلات فوضعت القوانين والنظم .	. 2006 القاهرة : محمد ابراهيم درويش ,	. درويش, محمد ابراهيم .	. الادارة القضائية للعدالة :	10661133 3472	
							بالنسبة لسلطة مجلس التأديب والتي تتضمن سماع الشهود دون ضرورة حلف بمن فقد رايت انه نظرا لمحورية شهادة الشهود واهمية في الدعوة التأديبية تناول البحث التحقيق باعتباره أهم الضمانات والسلطة المختصة باجرانه ثم الاحالة الى مجلس التأديب والطبيعة القانونية لقرارات مجلس التأديب كما اشتمل البحث على مراحل تطور مجالس التأديب والسلطات المنوطة له اذ يعد بمثابة محاكم تأديبية وفي هذا السياق تعرض البحث للعقوبات التي يجوز لمجلس التأديب توقيعها على عضو هيئة التدريس المخالف ومايدخل منها ضمن اختصاص رئيس الجامعة ثم ناقش البحث دور المحكمة الادارية العليا في الرقابة على احكام مجلس التأديب باعتبار ان الرقابة ضمانة هامة من الضمانات المكفولة لعضو هيئة التدريس .وبالرغم من اللجوء الى المبادئ العامة والقوانين الاجرائية الاخرى مثل قانون الاجراءات الجنائية وقانون المرافعات الان العقاب التأديبي يختلف عن العقاب الجنائي سواء من حيث الباعث عليه وهو الخطا الوظيفى او من حيث الجزاء فهو عقوبة وظيفية الا ان جيز بوضوح الفرق بين القانون التأديبي والقانون الجنائي من حيث الهدف في القانون الجنائي هو العدالة الطبيعية الادارية للتأديب فيقول انه امتداد للسلطة الرئاسية لتقويم الخطا ودفع عجلة العمل فى المرفق المنوط بالرئيس الادارى تسيره ونظرا لعدم وجود حصر للجرائم التأديبية فيكون للادارة سلطة تقدير الجريمة التأديبية التى يرتكبها الموظف على حسب مركزها القانونى وعلى طبيعة الوظيفة نفسها بالإضافة الى طبيعة المرفق وكيفية اداء العمل داخله ويلاحظ ان عدم الحصر هذا يودى الى حسن سير المرفق العام بالتنظام حيث لايمكن لسلطة التأديب العقاب الا عن المخالفات المحددة سلفا مما يقيد سلطة الادارة .	. 2009 القاهرة : وجنت وهبه وردخان ,	. وردخان, وجنت وهبه .	. نظام تأديب أعضاء هيئة التدريس بالجامعات المصرية /	10661221 3473	
							يهدف البحث من خلال دراسته لبعض الأساليب المعرفية والتوافق النفسي لدى العاديين والمتأخرين دراسيا الى الاجابة على الأسئلة الآتية :- 1-هل يختلف التلاميذ المتأخرين دراسيا عن العاديين في أسلوب الاندفاع - التروي - 2-هل يختلف التلاميذ المتأخرين دراسيا عن العاديين في أسلوب تكوين المдрكات - 3-هل يختلف التلاميذ المتأخرين دراسيا عن العاديين في مستوى التوافق النفسي - 4-هل توجد علاقة بين أسلوب الاندفاع- التروي عند التلميذ (متأخر أو عادي دراسيا) وبين مستوى توافقه النفسي - 5-هل توجد علاقة بين أسلوب تكوين المдрكات لدى التلميذ (متأخر أو عادي دراسيا) وبين مستوى توافقه النفسي - ومن نتائج هذا البحث خرج الباحث باستنتاجات أو مضمّنات عن مشكلات التأخر الدراسي لدى تلاميذ المرحلة الابتدائية والعوامل المسببة لها في حدود البحث الحالي بمقتضىاته وعيّنته المستخدمة	. 1991 المنوفية: جابر محمد عبد الله عيسى,	. عيسى, جابر محمد عبد الله.	. بعض العوامل المعرفية والوجدانية المرتبطة بصعوبات تعلم الرياضيات لدى تلاميذ الحلقة الثانية من التعليم الاساسي	10663036 3474	
							تهدف هذه الدراسة بالتوصل إلى قائمة تشتمل على القيم الاجتماعية المتضمنة بوحدة ظهور الإسلام وبناء الدولة الإسلامية من كتاب الدراسات الاجتماعية لتلاميذ الصف الثاني الإعدادي والإستفادة منها أثناء عملية التدريس وغرسها وتنميّتها لدى التلاميذ وضرورة التنوع في أساليب تدريس التاريخ وعدم تعقيد المعلم بطريقة واحدة للأهتمام بالجانب الوجداني أيضا حتى يتم التوازن بين الإهتمام بالجانب المعرفي والجانب الوجداني أثناء تدريس مادة التاريخ وتوصلت الدراسة إلى النتائج التي تدل على أن تفوق تلاميذ المجموعة التجريبية الأولى التي درست الوحدة المختارة بأسلوب حل المشكلات على تلاميذ المجموعة الضابطة والتي درست نفس الوحدة بالطريقة العادية في مقياس القيم المعد وكان الفرق ذو دلالة إحصائية عند مستوى(0.1) لصالح تلاميذ المجموعة التجريبية الأولى وتفوق تلاميذ المجموعة التجريبية الثانية التي درست الوحدة المختارة بأسلوب التعلم بالاكشاف الموجه على تلاميذ المجموعة الضابطة التي درست نفس الوحدة بالطريقة العادية في مقياس القيم المعد وكانت الفرق ذات دلالة إحصائية عند مستوى (0.01) لصالح المجموعة التجريبية الثانية وتفوق تلاميذ المجموعة التجريبية الأولى التي درست الوحدة المختارة بأسلوب حل المشكلات وتلاميذ المجموعة التجريبية الثانية التي درست نفس الوحدة بأسلوب التعلم بالاكشاف الموجه في مقياس القيم لمعد لصالح المجموعة التجريبية الأولى.	. 1993 أسبوط: فايزة أحمد أحمد السيد,	. السيد, فايزة أحمد أحمد.	. أثر استخدام بعض أساليب تدريس التاريخ على تنمية بعض القيم الإيجابية لدى تلاميذ الصف الثاني الإعدادي /	10663067 3475	
							تهدف هذه الدراسة إلى التعرف على معنى تربية الطفل في الإسلام ومسئولياتها والتعرف على مسئولية الأسرة المسلمة نحو تربية الطفل ومسئولية المدرسة نحو تربية الطفل في النظام الإسلامى ومسئولية المسجد نحو تربية الطفل المسلم ومسئولية وسائل الإعلام نحو تربية الطفل المسلم في المرحلة من الميلاد إلى البلوغ والمسئوليات التربوية (الجسمية والعقلية والخلقية والإجتماعية والإيمانية والفكر التربوى الإسلامى) ممثلة في القرآن الكريم والسنة النبوية وآراء علماء التربية الإسلامية وأسفرت نتائج الدراسة عن أن التربية الإسلامية النظامية المستمدة من القرآن الكريم والسنة النبوية والتي تتمثل إليها الناشئة المسلمة من خلال المؤسسات التربوية الإسلامية القائمة داخل المجتمع تؤدى دورا في التنشئة السوية لأبناء المسلمين حتى يساهموا في حركة التنمية الإسلامية الشاملة داخل المجتمع وإن المؤسسات التربوية الإسلامية غير النظامية تؤدى إسهاما واضحا مع بناء الشخصية الإسلامية على أساس من المنهج الإسلامى وقصور وسائل الإعلام في تأثيرها على عقلية التنشئة الإسلامية من الإلتزام بأمر الدين.	. 1993 أسبوط: محمد النصر حسن محمد,	. محمد, محمد النصر حسن.	. المسئولية المجتمعية نحو تربية الطفل في النظام الإسلامى /	10663096 3476

							اخضاع السلوك الإداري للمديرين داخل المدارس الثانوية الصناعية للبحث والدراسة من وجهة نظر العاملين ودراسة العوامل المرتبطة بهذا السلوك الإداري بعد ذو أهمية خاصة تدفع بالعمل التربوي ويتم في ضوء نتائج الدراسة تبصير المديرين بالأساليب القيادية المرغوبة بمعرفة نمط مديرهم وكيفية التعامل معه.	2001 . قنا:	علاء محمد مبارك محمد، علاء محمد مبارك محمد،	محمد، علاء محمد مبارك .	القيادة التربوية بالتعليم الثانوي الصناعي في ضوء الاتجاهات المعاصرة :	3479	10664507	
							التطور العلمي يشكل امتدادا للتطورات الفكرية لعقل الإنسان في التفكير في هذا الخلق العميق واكتشاف الاسرار الكامنه فيه والتي يكشفها الله عز وجل لمن شاء من عباده غير انا العقل البشرى الذى يسمى دوما الى التطور والبحث قد لا تقف عند حد المشروع . ان التطور العلمى يشكل امتداد للتطورات الفكرية لعقل الإنسان في التفكير في هذا الخلق العميق واكتشاف الاسرار الكامنه فيه والتي يكشفه الله عز وجل لمن شاء من عباده غير ان عقل البشرى الذى يسمى دوما الى تطوير والبحث قد لا تقف عند حد المشروع وانما يتطلع احيان الى ما هو ليس مشروع وبما يشكل تحديا صارخا على ارادة الله ز وجل او حتى مخالفة صريحة للتوابعين والاخلاقيات الاجتماعية والدينية في المجتمع وهذا في النهاية يبين الصلة الوثيقة بين التطور العلمى والتشريع الوضعى او السماوى لتلخص فى ان التطور العلمى ولكى يوصف بالمشروعية فلا بد ان يكون موافقا لمقتضيات التشريع بكافة صوره وبآثره وبأومره وينتهى بنواهيه وان عملية الاستنساخ المزمع تطبيقها على البشر تعتبر من التفتيات العلمية الحديثة التى لم تزل حتى الان قيد التجربة والبحث العلمى وتختلف فى مدى تقبلها باختلاف الهدف من ورائها كما بينت الدراسة . ان وضع الحكم الشرعى والقانونى المناسب لاي تقنية علمية حديثة والمواد بهاتطبيقها على البشر .	2008 . القاهرة :	نسرين سلمان حسن منصور .	منصور، سلمان حسن منصور	مشكلات المسؤولية المدنية الناجمة عن اجراء عمليات الاستنساخ على البشر :	3480	10664743	
							أصبحت التربية الرياضية وعلوم الرياضة من الأنشطة الإنسانية المتكحلة في وجدان الناس ، نظرا لارتباطها مع باقى العلوم مثل علم النفس وعلم التشريح وعلم الحركة ، بهدف خدمة الإنسان والعناية به ، وذلك من خلال ممارسة الأنشطة الرياضية المختلفة للمحافظة على لياقته البدنية ، مما أدى إلى قيام كثير من الباحثين بتصميم برامج للأنشطة الحركية لمجابهة العديد من المشكلات الصحية التى يتعرض لها الإنسان في العصر الحديث ، وذلك لفلة الحركةO4 وتعتبر المفاصل من أكثر المناطق التى تتعرض لكثير من الإصابات مثل الخشونة أو التيبس أو حالات الشلل ويعتبر مفصل الركبة من أكبر المفاصل الزلالية في جسم الإنسان وأكثرها تعقيدا ، حيث يعتبر مفصلا مسطحا وحيد المحور تحيط به أربعة عضلات قوية ، حيث يستطيع تحمل وزن الجسم ، ومع التقدم فى السن فى وجود زيادة الوزن أو قلة الحركة قد يؤدى ذلك إلى خشونة بمفصل الركبة نتيجة لتآكل الطبقة الغضروفية به ، حيث يشعر الفرد المصاب بالآلام شديدة قد تقعه عن الحركة ، وذلك بسبب الإهمال فى عملية النشاط الرياضى أو يكون بسبب طبيعة المهنة التى يؤديها الفرد حيث تتطلب منه الجلوس أو الوقوف لفترات طويلة ، مما يؤدى إلى آلام بالمعضلات أو خشونة بالمفاصل أو الألم الرقية والكثيرين ، هذا بجانب بعض الأمراض الأخرى كالمسمنة وإرتفاع ضغط الدمO ومن أهداف البحث زيادة كفاءة مجموعة العضلات القابضة والباسطة لمفصل الركبة المصابة للجنة قيد البحثO وزيادة الكفاءة الحركية لمفصل الركبة المصابة(ROM) وتخفيف حدة الألمO ومن فروض البحث أنه توجد فروق دالة إحصائية بين متوسطات القياسات القليلة والبدنية لأفراد المجموعة التجريبية في كفاءة مجموعة العضلات القابضة والباسطة والكفاءة الحركية لمفصل الركبة المصابة ودرجة الألم لصالح متوسطات القياسات البدنيةO وتوجد فروق دالة إحصائية بين متوسطات القياسات القليلة والبدنية لأفراد المجموعة المضابطة في كفاءة مجموعة العضلات القابضة والباسطة والكفاءة الحركية لمفصل الركبة المصابة ودرجة الألم لصالح متوسطات القياسات البدنيةO	2006 . أسيوط:	أحمد عبد السلام عطيتو أبو الحسن،	أبو الحسن، أحمد عبد السلام عطيتو.	الفكر الحركي للأطفال من سن 7-8 سنوات /	3481	10664831	
							تكتسب علاقة العمل الفردية منها أو الجامعية أهمية بالغة في ظل تلك التحولات التي تشهدها العالم وذلك من عدة أمور لعل أبرزها ما فقرة تاريخ العمل ذاته فالعمل ليس مجرد وسيلة للبقاء وإنما هو تجسيد لتطوؤور الحياة ذاتها ومראה صادقة عن مدى ماروصلت اليه المجتمعات من تطور وبتنتج تطور فكرة العمل	2007 . القاهرة :	تامر محمد سيفان .	سيفان، تامر محمد .	المفاوضة الجماعية كآلية نقابة لحل النزاع الجماعية بين المضمون والحجية :	3482	10664838	
							تأملت هذه الرسالة الحرية الشخصية للمتهم ،إن حرية الفرد الشخصية بصفة عامة وحرية المتهم بصفة خاصة من أهم الحريات التى يجب الحفاظ عليها حيث أن الحفاظ يمثل أساس التطور والارتقاء بالمجتمعات إلا أنه حتى الان عجزت غالبية التشريعات عن تحقيق وسائل الحماية المثلى ومن وسائل الضعف انه فى الغالب ما يتم الإخلال بمبدأ التوازن بين حق المتهم فى العقال وحرية المتهم الشخصية ويتضح ذلك من تفوق الإجراءات التى تمارسها السلطة تجاه المتهم بالإضافة الى كثرة التجاوزات وذلك بخلاف ما هو مقرر للمتهم من ضمانات تعد عاجزة امام طغيان الإجراءات الباطلة والتي تمثل فى الغالب ادلة يترتب عليها عقاب المتهم ، إن بارقة الأمل تكمن فى إعادة النظرة فى السياسة التشريعية بالنسبة لحقوق وضمانات المتهم وذلك من أجل توفير حماية فعالة لحرية الشخصية . وهناك ضمانات الاستجواب أثناء المحاكمة ويعرف قانون الاجراءات الفرنسى الاستجواب امام محكمة الجنج وكذلك الاستجواب امام محكمة الجنايات والذي يقوم به رئيس محكمة الجنايات او من ينوبه وهو اجراء اوجبه القانون اذا يهدف الى تأكد المحكمة من شخصية المتهم .	2003 . القاهرة :	كمال محمد علي الصغير ،	الصغير، كمال محمد علي .	الحرية الشخصية للمتهم في إطار نظام الشرعية الإجرائية :	3483	10666083	
							إن الرقابة البرلمانية في الكويت قد تأثرت بعوامل أخرى غير النصوص القانونية ومآلات بعض النخب السياسية غير مقتنعة بالنظام السياسي بشكل عام وبالرقابة البرلمانية بشكل خاص ومآلت تحاول تقيد الحريات السياسية والادوات الرقابية كما أن هناك من يستخدم الدستوري بوصفه مجرد أداة للضغط على السلطة الحاكمة لتحقيق أهدافه الخاصة وتتناول الرسالة أيضا النظام السياسي في الكويت بعد علم السياسة بالنسبة للقانون الدستوري بمثابة الجزء المتهم له بحيث لايمكن الاستغناء عنه وهناك رأى يذهب الى أن المصدر الأساسي لشرعية الوضع الراهن في بلدان شبه الجزيرة العربية يكمن في مجموعة من العوامل التي تتلخص في مفهوم قديم ومهمل هو القبيلة السياسية ولايمكن الاكتفاء بدراسة القواعد القانونية في النظم السياسية دون النظر للنظام القائم من جميع جميع جوانبه لأن الدولة التي يتحدث عنها الحقوقيون لاتتطابق مع الواقع الفعلى داخل المجتمع إذ أن هناك داخل الدولة ولى جانبها احزابا ونقابات وجماعات ضاعطة ووسائل اتصال وغير ذلك من المؤسسات التي تلعب دورا سياسيا. اما بالنسبة لمرحلة الحكم العرفي التقليدي اختلف المؤرخون في تحديد التاريخ الذي نشأت فيه الكويت ونظامها السياسي فمن المؤرخين من يزعم أن تاريخ تأسيسها في عام 1672-1083 ومنهم من زعم أن تاريخ تأسيسها في عام 1713-1125 ومنهم من يرى أن تأسيسها كان في عام 1613-ويعد الحكم في هذه المرحلة تقليديا بالنسبة للاوضاع السائدة في تلك الحقبة من الزمن على أساس عشارى مرتبط بالجماعة وذلك لتسيير امورهم العامة وهناك خصلصن العامة لنظام الحكم العرفي التقليدي.	2009 . القاهرة :	فالح عبدالله علي العزب ،	العزب، فالح عبد الله علي .	الرقابة البرلمانية وحدودها في الدستور الكويتي :	3484	10668623	
							يعتبر الحق في التنقل سواء داخل حدود الدولة أو عبر حدودها واحدا من حقوق الأساسية لكل إنسان حيث يمثل جزءا مهما من الحرية الشخصية التي تتكامل بها الشخصية الإنسانية . وقد أرسى الإسلام دعائم الحرية الشخصية بأن كفل لكل إنسان رجلا كان أو امرأة حرية في التنقل من مكان الى مكان كما شاء . ضرورة اصدار تشريع لتنظيم المنع من السفر وذلك اتساقا مع ما نصت عله المادة(41) من الدستور ويقترح ان تتضمن- باضافة الى ذلك طرق التظلم من القرارات الصادرة بالمنع من السفر امام الجهة القضائية المختصة التي يحددها القانون-							
							زيادة وعى الافراد بالحقوق والحريات المقررة لهم وفقا للمعيير الدولية وذلك من خلال الاهتمام بتدريس مادة حقوق الانسان- . في المدارس والجامعات خاصة كليات الحقوق ونشر ثقافة حقوق الانسان في المجتمع بالتعاون مع منظمات المجتمع المدني عدم استخدام مفهوم حقوق الانسان لتحقيق اغراض سياسية بل على العكس يجب ان يكون واضحا ان الهدف الرئيسي- لمؤسسات الدولة هو رعاية مصالح الافراد واحترام حقوقهم وحرياتهم وتمكينهم من ممارستها على ضوء المعايير المستقرة . في القانون الدولي

							اما القسم الثاني فتناول الجرف القاري في منطقة الخليج العربي وخصص الباب الاول لدراسة تعيين الجرف القاري لدولة الخليج العربي واثّر الاتفاقيات الثنائية عليه وعلاوة على ذلك فقد تم النزاع الاماراتى الايرانى حول الجزر الثلاثة مطّبق الكبرى وطّبق الصغرى وابوموسى من حيث اهميتها واسبابى الخلاف عليها وابرزت الدراسة الحجج المقدمة من الدول المتنازعة عليها ثم انتقلنا بعد ذلك الى منازعات الحدود البحرية بين الكويت والدول المجاورة وتم بحث الوضع الشائك بين الكويت والدول المجاورة التى تتداخل معها فى الحدود البحرية كما تناولت الدراسة منازعات الحدود حيث اصدر مجلس الامن عدة قرارات هامة فى شأن وقف اطلاق النار وتسوية الحالة بين الكويت والعراق دون قيد او شرط حيث شكّل مجلس الامن لجنة مخصصة بترسيم الحدود بين الكويت والعراق .وقد انتهت الدراسة بتحليل منازعات الحدود على الجرف القارى بين الكويت وايران حيث تم استعراض اسباب الخلاف الكويتى الايرانى بشأن تحديد الجرف القارى وكذلك الجوانب القانونية التى يؤثرها الخلاف وخلصت الى اقتراح بعض الحلول للنزاع والمتمثلة فى ان المعيار الواجب التطبيق لكى يتحقّق الحل العادل والمنصف فى الحالة بين الكويت وايران .	
3490	10668795	النظام القانوني للجرف القاري :	المري، راشد فهد محمد .				التعامل فى حقوق الانسان وحريته لاحظ انها عديده ومتنوعة واحد اهم تلك الحريات وهي حرية التنّقل ولاهية تلك الحرية اختصنتها نصوص الموائيق الدولية والاقليمية والوطنية ورغم ان الشريعة الاسلامية والنظم والوضعية المعاصرة قد اقرت بممارسة تلك الحرية الا ان ممارستها يحتاج الى تنظيم والتامين فيتنظيم تلك الحرية بتحقيق الهدف من ممارستها. واهم توصيات الرسالة 1: نوصي باشتاء محكمة عربية لحقوق الانسان على غرار المحكمة الاوربية لحقوق الانسان	
3491	10668816	دور الشرطة فى حماية حق التنّقل مع التطبيق على المنع من السفر	محمود،طارق حسين	اكاديمية مبارك للامن كلية الدراسات العليا	القاهرة	2005	نوصى بإبرام اتفاقية عربية على غرار اتفاقية الاوربية بين الدول العربية خاصة وان الاتجاه العالمى يسير نحو تكتلات 2: . الاقليمية التى تقتضى ازالة القيود المفروضة على حق التنّقل بين حدود الدول الراغبة فى الدخول فى تلك التكتلات . نوصى باستحداث نص جديد ينظم عمل مكاتب الهجرة الدائمة حيث انها تمارس نشاطها فى ظل الغياب 3: نوصى بسرعة صدور القرارات وزارى باشتاء ادارة لمكافحة الهجرة غير المشروعة تتبع مصلحة الجوات والهجرة 4: .والجنسية	
3492	10668822	عبد الحميد، حسام رضا السيد. الإدارة المؤقتة للشركات	عبد الحميد، حسام رضا السيد.		القاهرة :	2009	نوصى بتشديد العقوبة المفروضة على من يجتاز الحدود البلاد من غير المنافذ المشروع فى اطار مكافحة الهجرة غير المشروعة	
3493	10668834	علي، داليا عبد المعطي حسين . التراضي كأساس لاتفاق التحكيم /	علي، داليا عبد المعطي حسين .	داليا عبدالمعطي حسين على ،	القاهرة :	[دب]	نوصى باستحداث نص جديد يضاف الى القانون 97 لسنة 1959 يجرم لى كل دولة من الدول يسهل للغير الخروج من 6: . غير المنافذ المشروعة مع مصاريد الانوات المستخدمة فى عملية النقل المهاجرين غير الشرعيين	
							الشركة عقد يتم ابرامه بنوافق الايجاب والقبول بين اطرافه واذا كانت النقل المهاجرين غير الشرعيين	
							ويتميز فى كل العقود الأخرى ومن اهم الوجوه التى يفرق فيها عقد الشركة عن باقى العقود انه يولد شخصا له كيان قانونى ويتمتع بشخصية معنوية وذمه مالىة مستقلة هي الشركة كما انه يقوم على توافق مصالح اطرافه وليس تعارضها كما ان اهم ماهيمز الشركة كعقد عن غيره من العقود الأخرى ان مايرتبه من آثار وما يمس من مصالح لا يكون قاصرا ا على اطرافه فقط فيعد تكوين الشركة تنشأ مصالح الغير الذين يتعاملون معها ومصلحه العاملين فيها ومصلحه الشركة ذاتها استقلا عن مصلحة المساهمين والشركاء ٥٢ إلا ان الشركة قد تتعرض لصعوبات تؤثر على مسئوليتها إما بسبب احتدام الخلاف بين الأجهزة القائمة على الادارة او غياب الجهاز المنوط به حل الصعوبة الناشئة او نسبة مخالفات جسيمه لمجلس الادارة فى هذه الحالات فلا مناص من اللجوء الى جهة اخرى .	
3494	10670375	محمد، نجاح عبدالمقصود عبدالعظيم .	نجاح عبدالمقصود	نجاح عبدالمقصود عبدالعظيم محمد .	القاهرة :	2008	ان انتشار التحكيم وقبوله بواسطة مختلف الدول لم يكن امرا سهلا سواء بالنسبة للدول النامية او المتقدمة . ان انتشار اللجوء الى التحكيم فى مجال المنازعات التجارة الدولية ادى الى غياب حقيقة وطبيعته عن انظار الدارسين فى هذا المجال سواء فى العلاقات بين الأشخاص فى القانون الخاص او فى العقود التى تكون الدولة فيها .وسواء اعتبرنا ان التحكيم قد اصبح الوسيلة العادية لتسوية منازعات التجارة الدولية او انه كما تقول محكمة النقض المصرية طريق استثنائى لتسوية المنازعات فان اتفاق الاطراف على اللجوء اليه يظل الركيزة الاساسية التى يقوم عليها نظام التحكيم وعلى هذا يظل معيار الرضاء واعتبار الأشخاص المعينة اطراف فى العقد المتضمن الشرط اساس استناده داخل مجموعة الشركات والتجمعات العقيدة ويظل قبول انتقال شرط التحكيم مع الحق المحال به هو اساس هذا الانتقال فى حالات حوالة الحق والدين وحوالة العقود كما يتطلب لجوء الدولة الى التحكيم وخاصة فى منازعات الاستثمار التاكّد من رضائهم بذلك وعلى هذا فان وعلى هذا فان الوسائل الجديدة التى اخذ بها قضاء التحكيم الدولى لاستخلاص رضاء الدولة لاتعبر فى كل الاحوال عن رضائهم كما تنسب فى العديد من المشكلات الامر الذى يفرض على الدول اعادة النظر فى صياغة القوانين والاتفاقيات الدولية التى يستخلص منها رضاءها باللجوء الى التحكيم .	
							تبين ان اساس الاخلاقي للسلطة فى الشريعة الاسلامية يختلف باختلاف واضعاه فى القانون الرومانى والفروعى حيث ان غاية للشرعية الاسلامية غاية مثالية مما ادى الى عدم الفصل بين القواعد الاخلاقية والدينية اما القانون الرومانى يتوخى غاية نفعية بين الدين والقانون والاخلاق وتتناول ايضا مفهوم السلطة فى النظم الوضعى والانتماء لاي مجتمع كبر هذا او صغر انما يعنى فى حقيقة الامر الخضوع لسلطته اى لتلك السلطة التى ترسم لعضائه اطار محدد لمسوكهم ونشاطهم يخدم الاهداف الاجتماعية المقررة فيلتزم الافراد الحفاظ على هذا الاطار بغية الحفاظ على الرابطة الاجتماعية ودرءا لتفككها والحلاليا فسلطة الدولة اذن تتميز بقدرتها الفعالة على حفظ كيان المجتمع وسلامته ومع ذلك فقد تكون سلطة القاهرة فى يد من يمارسها وهو الانسان الحاكم بالاضافة الى ذلك توضيح مفهوم السلطة واساسها ان عنصر القوة فى هذه الحالة لا تقتصر على القوة اى القائمة على الخوف والارهاب والتهديد وانما تعداها لتشمل كل قوة يمكن ان تحقّق اقتفاف المحكومين حول السلطة فقد يمثّل فى قوة العقيدة الدينية التى تكون السلطة تجسيدا لها كما قد تتمثل فى قوة تأثير الوسائل الدعاية التى تجوزها الحومات فى الوقت الحاضر وباختصار شديد يمكن القول ان القوة كاحد عناصر السلطة انما تعتمد ليس فقط على القوة المادية وانما يضا على عوامل نفسية واجتماعية وتاريخية .	
							انا مفهوم اصطلاح التجارة الالكترونية يدور حول ثلاثة محاور هي الوسيلة والنشاط والاطراف وهو عبارة عن جزئين هما التجارة والالكترونية ويتميز بالعديد من المزايا من اهمها عدم وجود دعائم ورفيقا للمنافسة وزيادة الانتاج مع انخفاض تكلفة الوسيلة . ويطلق اصطلاح القانون الدولى الخاص على مجموعة القواعد القانونية التى تنظم العلاقات ذات الطابع الدولى وهذا الاصطلاح لم تهمله الشريعة الاسلامية فهم لم تتوازن عن تحديد اى شكل من اشكال المعاملات التى يمكن ان تنشأ فى اى مجتمع من المجتمعات ووضعت حلولا للعديد من المسائل التى تدرج ضمن نطاق هذا القانون منها على سبيل المثال مبدأ المساواة بين بني الانسان . ورغم ان هذا القانون ماهو الا مجموعة من قواعد لحل النزاعات التى قد تنشأ فى العلاقات القانونية من خلال المعاملات العابرة للحدود الا ان هذه القواعد فى الاساس دولية التطبيق محلية الاصدار لا انها منبثقة من الانظمة القواعد فى الاساس دولية التطبيق محلية الاصدار لانها منبثقة عن انظمة القانون الدولى الخاص لكل دولة وقد تقوم من خلالها محاكم كل دولة وفقا لقانون الوطنى بتطبيق قانون اجنبى عند بحث ما اذا كان المورد قد قام بتنفيذ لقانونها الوطنى بتطبيق قانون اجنبى عند بحث ما اذا كانت الموارد قد قام بتنفيذ الالتزام او لم يقم بالتنفيذ بصورة جهرية ولا شك ان امتناع احد الطرفين عن تنفيذ التزاماته عادة ما يدفع الطرف المتضرر للتضامن لتعويضه عما احقق به من ضرر .	
							واهم التوصيات :-	
							عند وضع تعريف لاصطلاح التجارة الالكترونية يكون من الضروري التوسع فى تحديد مفهوم كل من الوسيلة والنشاط-1 والاطراف بحيث يشمل كافة الانشطة التجارية للمنتجات والخدمات التى تتم باستخدام تكنولوجيا المعلومات وعر شبكة . اتصال دولية وباستخدام التبادل الالكترونى للبيانات لتنفيذ المعايير التجارية	
							يتعين مراعاة ان العلاقة بين الحكومة والمواطنين فى التعامل الالكترونى لاتندرج ضمن مفهوم الربحية منازط العمل-2 . التجارى	
							تهييب بكل من المشرعين المصرى والسعودى ان يبادر الى اصدار تشريعات تنظم التجارة الالكترونية والتحكيم-3 الالكترونى وانشاء محاكم حكومية افتراضية .	

					ينادى الباحث بسرعة العمل على اعداد اتفاقية عربية موحدة يعمل بها كتشريع داخل الدول العربية بدلا من النصوص-4 الحماية الحالية شريطة ان تكون مستقاة من احكام الشريعة الاسلامية الغراء التى بينت بجلاء كيف يحصل الضعيف على حقه .	2007 .	عين شمس :	ابراهيم احمد ابراهيم .	زمزمى . ابراهيم احمد سعيد .			
3495	10670424				الثأر في اللغة الدمي نفسه او المطالبة بالدم اذا اصابه الطالب شفيت وهذا باله فهو بهذا المعنى قتل قاتل والثأر فى اصطلاح القانونيين فعل القتل بدافع الانتقام يقوم به فرد او اكثر من اقرابه المجنى عليه ضد الجاني نفسه او احد اقرابه وعند علماء الاجتماع هو نظام اجتماعى يقوم على مبدأ رد العدوان بالعدوان وذلك اغلالا للقانون السائد الذى تطيقه السلطة المختصة فى الدولة ومعنى القصاص فى اللغة العربية ان يفعل بالجاني مثل فعله من قتل او قطع او ضرب اوجرح فهو يعنى المساواة والمماتلة اما القصاص فى الشرع معناه المساواة والمماتلة بين الجريمة والعقوبة وهو مشروع بالكتاب والسنة والاجماع واثر وان كان يققن مع القصاص فى ان كلا منهما يهدف الى قتل القاتل فهو ليؤمن معه التعدي والزيادة .	2007 .	اسيوط :	محمد عماد احمد عبدالجواد .	عبدالجواد . محمد عماد احمد .	الثأر عند العرب مقارنا بالقصاص فى الشريعة الاسلامية :		3496
3497	10673809				يبدو من الاهمية بمكان التحرير المرفق العام من القيود التى تفرضها النظرية التقليدية للمرافق العامة وذلك بالاعتراف بهذا الوصف لاي نشاط يبتغى النفع العام يقطع النظر عن القائم عليه او المالك لامواله وهذا مايدعو الى تقبل	2009 .	عين شمس :	محمود احمد سليمان البراشدى .	الورشادى . محمود احمد سليمان .	النظام القانوني لاموال المرفق العام فى ظل سياسة الخصخصة :		
					تتناول الرسالة : قواعد القانون الدولى العام وتطورها بشكل كبير وسريع بعد ظهور المنظمات الدولية خاصة منظمة الأمم المتحدة عام 1945تعد أدى ظهور تلك المنظمة إلى تغير الكثير من قواعد القانون الدولي العام خاصة بما يتصل بتسوية المنازعات الدولية التى تنور بين الدول المتنازعةعلى الحدود المشتركة فيما بينهم لذا فإن هذه الدراسة تعرض لتقصية الحدود بين الاردن واسرائيل . ومن اهم النتائج :- بالنسبة لمفاوضات ابرام المعاهدة :- عقدت هذه المعاهدة فى اطار المفاوضات المباشرة والثنائية بين الاردن واسرائيل كما انها جمعت بين الدبلوماسية العلنية والسرية . ثانيا :-بالنسبة لشروط صحة المعاهدة فمن حيث شرط الاهلية وجدنا ان الطرفين لها الاهلية القانونية فى ابرام المعاهدات الدوليةولكن لاتوافر الاهلية القانونية الكاملة لاسرائيل فى المعاهدات ترسيم الحدود مع الأردن كما ان المعاهدة لم تخل من عيب الاكراه لوقوع الاردن تحت وطأة الاحتلال الاسرائيلي اضافة الى مراعاة المعاهدة التى حققت السيادة القانونية الكاملة وبالنسبة للاعتراف الصادر من كل طرف للطرف الاخر تضمنت المعاهدة اعتراف كل طرف للطرف الاخر باستقلاله السياسى وسلامة اراضيه . من اهم التوصيات :- يجب ان يقوم الاردن بتصحيح الوضع الوارد بهذه المعاهدة بخصوص منطقتين الباقورة والغمر واستعادة ابار المياه الجوفية فى وادى عربة باتتاج الطرق الواردة فى اتفاقية فينا لقانون المعاهدات وبحلها بالطرق السلمية ومنها عقد اتفاق جديد لتعديل هذا الوضع .	2007 .	بنى سويف :	لطفي نبيه عبدالعظيم محمد ،	محمد ، لطفي نبيه عبدالعظيم .	معاهدة السلام الأردنية الاسرائيلية فى ضوء أحكام القانون الدولي العام /		3498

								من المتوقع أن انخفاض مستوى أداء مراكز التدريب لدورها في مجال التدريب على الحاسبات الإلكترونية يعزى إلى وجود قصور في بعض الجوانب التنظيمية لمراكز التدريب على الحاسبات الإلكترونية ووجود قصور في علاقات المتعاونين والتتبع بين مراكز التدريب المختلفة ووجود قصور في مجال تحديد الاحتياجات التدريبية لغات المستفيدين من التدريب ووجود قصور في مجال تسويق نشاط التدريب على الحاسبات الإلكترونية ومن ثم تهدف هذه الدراسة إلى توصيف وتقييم الدور الحالي لمراكز التدريب موضع الدراسة في مجال ممارسة نشاط التدريب على الحاسبات الإلكترونية والتعرف على المشكلات التي قد تواجه تلك المراكز وتعوق النشاط التدريسي الذي تقدمه وتحد من دورها على المستوى القومي وتقديم عدد من المقترحات التي يمكن أن تساهم في التغلب على المشكلات التي قد تكشف عنها الدراسة أو التقليل منها ومن النتائج التي توصلت إليها الدراسة أن حجم النشاط التدريبي في مجال الحاسبات الإلكترونية محدود بالنسبة للنشاط الأخرى التي تمارسها مراكز التدريب وأن هناك نقص في عدد وأنواع الوظائف اللازمة لممارسة نشاط التدريب في مجال الحاسبات الإلكترونية وأن هناك قصور في الأساليب المستخدمة في دراسة المستفيدين من التدريب وأن عدم مسؤوليه معظم مراكز التدريب من تحديد مجموعة المعلومات التي يمكن أن تكشف عن الاحتياجات التدريبية وتوصلت الدراسة أيضا إلى أن هناك قصور في استخدام الأساليب التدريبية حيث يستخدم أسلوب المحاضرة كوسيلة أساسية من وسائل التدريب وعدم كفاية التدريب العملي مما يعكس الميل إلى الجانب التعليمي أكثر من التدريب.		
3556	10719238	تقيم دورمراكز التدريب علي الحاسبات الالكترونية في جمهورية مصر العربية :	محمد ، علاء تاج الدين	سوهاج : علاء تاج الدين محمد،	1993 .	سوهاج : علي سيد بخيت ،	1989 .	تهدف الدراسة إلى اختيار نموذج موضوعي من النماذج الرياضية التي تعكس القيمة الاقتصادية لحياة الإنسان بحيث يمكن أن يسترشد به القضاء المصري في التوصل إلى مقدار التعويض المادي المناسب للمضرورين أو أسرهم من حوادث السيارات في دعاوي الوفاة والإصابات البدنية التي قد تلحق بهم من جراء حوادث السيارات في جمهورية مصر العربية مع دراسة بعض الأساليب والطرق المتبعة في بعض الدول النامية الأخرى في شأن تعويض الوفيات والإصابات البدنية التي تنتج عن حوادث السيارات في تلك الدول وقد أظهرت الدراسة أن النظام القانوني المتبع بشأن التعويض في التأمين الإخباري من المسؤولية المدنية الناشئة عن حوادث السيارات في جمهورية مصر العربية يقوم على منح المضرور وأسرتة تعويض بذلك القدر الذي يستطيع أن يثبت فيه أن السائق أو قائد المركبة كان هو المخطئ في الحادث مما ترتب على هذا النظام الكثير من المساوئ والسلبيات.

3569	10722926	مملكة مالي الاسلامية/	علي، حسن جلال الدين محمد.	حسن جلال الدين محمد علي،	1978 .	القاهرة:		ازدهرت في عهد خلفاء ماري جامطة الذي توفية سنة 1255، وكما ابن خلدون أن أهل مالي كثروا أمم السودان في نواحيهم تلك واستطالوا على الأمم المجاورة لهم		
3570	10723033	الخصائص النحوية في كتاب الإيمان في صحيح مسلم بشرح النووي/	عبدالله، علي السيد حسن.		2008			في كتاب الإيمان في صحيح مسلم دراسة نحوية دلالية تحنى بالكشف عن العلاقات القائمة بين أجزاء الجملة ، وعلاقات الجمل فيما بينها ، لمعرفة الخصائص النحوية في كلامه □ ، ولاستجلاء بعض أسرار البيان النبوي وروايعه ، ولعلها تكون خطوط على طريق هذا النوع من الدراسات الموجهة إلى لغة الحديث الشريف وأسلوبه . وأحسب أن الدراسات التي دارت حول الحديث النبوي لا تقل في عددها عن الدراسات التي كتبت حول القرآن الكريم . لكن جُلَّ هذه الدراسات موجه نحو الجانب التشريعي في الحديث ، أما الجانب اللغوي فيه فقد كانت الدراسات والبحوث فيه قليلة للقياس إلى ما حُطَّ حول القرآن من كتب في إعرابه ، وبيان إعجازه وبلاغته ، فقد اقتصرت الجهود اللغوية في الحديث على ما ألف في غريبه ، وعلى بعض الجهود في إعرابه ، وفي الكشف عن وجوه البلاغة فيه . () ومن هنا تأتى أهمية هذه الدراسة الموجهة إلى لغة الحديث الشريف لمعرفة الخصائص النحوية في كلامه من خلال مجموعة من الأحاديث في كتاب الإيمان في صحيح مسلم . تلك الأحاديث هي أحاديث قرولية () اخترتها من كتاب الإيمان في صحيح مسلم . وعدد هذه الأحاديث المختارة مائة وعشرة أحاديث من جملة ثلاثمائة وأربعين حديثاً في كتاب الإيمان () ، والسبب في اختيار هذه الأحاديث وترك الباقي هو تحاشي تكرار الجمل المدروسة ، حيث إنه في كل باب من أبواب الكتاب أحاديث تتعلق بموضوع واحد ، فتأتى هذه الأحاديث متشابهة إلى حد كبير في منتها ، فتحزّرا من تكرار منى لتكرار الجمل المدروسة اخترت من أحاديث كل باب حديثاً أو حديثين على أكثر تقدير . تكون الجمل فيه متنوعة

3583	10729335			إمارة بني مرداس في حلب(400-475/1010-1083) /	عبد القادر، عبد القادر حسن أحمد.	قا : . 2005	تتناول الرسالة دراسة إمارة بني مرداس في حلين الجوانب التالية تطورها السياسي،علاقة الإمارة المرديسية بالفاطميين والعباسيين والسلاجقة،وكذلك بالإمراطورية البيزنطية والتركمان،ثم تعرض المظاهر الحضارية للإمارة المرديسية.		
3584	10730023			التحقيق الباهر شرح الأشياء والنظائر للعلامة محمد هبة الله بن محمد بن يحيى التاجي الحنفي المتوفى سنة 1224هـ لزين الدين بن إبراهيم بن محمد بن محمد المشهور بابن نجيم الحنفي المتوفى سنة 970هـ الفن الثاني من فنون كتاب الأشياء والنظائر (كتاب الطهارة والمصلاة فالزكاة والصوم ثم الحج:	حسين، أمل رمضان.	قا : . 2006	عرف العلماء القاعدة الفقهية تعريفات عديدة ومما جاء في تعريف الأشياء والنظائر قول الحموي : المراد بها المسائل الت يشبه بعضها بعضا مع اختلاف في الحكم؛الأمور خفية أدركها الفقهاء بدقة أنظارهم.		
3585	10730393			المكاييل والموازين في مصر القديمة /	أحمد، محمد صلاح بن محمد.	1980	يبحث موضوع هذه الرسالة في المكاييل المصرية ونظمها، والموازين وتطورها ثم صنح الوزن ومعاييرها في مصر القديمة دراسة نظرية وعملية.		
3586	10730476			تسجير خطر عطل الآلات :	العمرى ، شريف محمد علي	سوهاج : . 1993	وأهمية هذا الموضوع في أنه يبحث في جانب هام من جوانب الحضارة المصرية وهو الجانب الاقتصادي الذي تمثل المكاييل والموازين ركيزة أساسية فيه فعلى أساسها تتحدد معاملات الأفراد وعلاقاتهم التجارية ويتحدد معاملهم وماعيلهم وتحفظ بذلك حقوقهم.		
							وتتقسم هذه الرسالة إلى ثلاث أبواب يضم كل باب موضوعا من الموضوعات الثلاث: المكاييل والموازين وصنح الوزن. ويشتمل أول هذه الموضوعات وهو المكاييل على دراسة موضوعين منفصلين أولهما هو مكاييل الجيوب والثاني هو مكاييل السوائل.		
							ويتناول الموضوع الثاني في هذه الرسالة : دراسة الموازين، ولقد إرتبط الميزان كما هو معروف لدينا بالمعاملات التجارية اليومية بين الأفراد، وأصبح من أكثر الوسائل التي تحدد العلاقة بين المتعاملين في الأسواق فقة وبساطة وأصبح من البسير على البائع والمشتري معرفة مقدار وقية ما يتعاملان فيه من سلع.		
							الموضوع الثالث والأخير هو : صنح الوزن، ارتبطت صنح الوزن بالموازين فهنصة الوزن هو هي عبارة عن قطعة من الحجر أو المعدن لها شكل ومعيار متعارف عليه كانت توزع في كفة الميزان بينما يوضع الشئ المراد وزنه في الكفة المقابلة ومن ثم يمكن تحديد قيمته.		
							دج		
							هدفت الدراسة إلى توصيف الوحدات غير الهادفة للربح وتصنيفها، وتحديد السمات الأساسية لها مع تجلية أهميتها وحاجاتها لترشيد الإنفاق وأهميته لها والتعرف على المنهج المحاسبي الإسلامي ومفاهيمه حول النفقة والترشيد واستنباط خصائصه وتميزه، تقويم الأداء في الوحدات غير الهادفة للربح محل التطبيق على ضوء طبيعة الأنشطة بها، تقديم نموذج مقترح لترشيد الإنفاق في الوحدات غير الهادفة للربح في إطار الفكر المحاسبي والفكر الإسلامي. توصلت الدراسة إلى أن الوحدات غير الهادفة للربح هي وحدات حكومية وأخرى غير حكومية. إهتم المنهج المحاسبي الإسلامي لترشيد الإنفاق بالوحدات غير الهادفة للربح لدورها الإهام والفاعل في التنمية المجتمعية الشاملة. للمنهج المحاسبي الإسلامي من الخصائص مايميزه عن غيره من المناهج وهو مايشير إلى توازنه ونفعيته للوحدات غير الهادفة للربح وحماية المال العام بها. تبين من تقويم الأداء بالوحدات محل التطبيق إلى وجود تجاوزات تشير إلى عدم رشد في الإنفاق. تتمثل عناصر النموذج المقترح لترشيد الإنفاق في عناصر معنوية وأيضاً عناصر تجريدية تضم التخطيط والتنظيم للرقابة.		
3587	10730810			ترشيد الإنفاق في الوحدات غير الهادفة للربح في إطار الفكر المحاسبي والفكر الاسلامي /	الاتصاري ، خالد محمد حلمي ابو المكارم علي .	سوهاج: . 2001			

							هدفت الدراسة إلى تطوير إطار فكري للمحاسبة الإدارية تمثلياً مع التطورات المعاصرة للفكر المحاسبي والفكر الإداري. ناقشت الدراسة اتجاهات كل من الفكر المحاسبي والفكر الإداري وأثرها على مقومات البناء الفكري للمحاسبة الإدارية. توصلت الدراسة إلى أن الأطر الحالية للمحاسبة الإدارية ليست أطراً فكرية واقعية حيث تنقذ إلى كثير من معايير الصلاحية الداخلية والخارجية اللازم توافرها في الإطار الفكري، وتبعاً لذلك لا تتسق تلك الأطر ولا تتماشى مع المتغيرات البيئية للممارسة العملية في الوقت الحاضر. أن كل اتجاه من اتجاهات تطور الفكر المحاسبي والفكر الإداري له تأثير مختلف على مقومات البناء الفكري للمحاسبة الإدارية، وتبعاً لذلك يجب أن تؤخذ تلك الاتجاهات التطورية في الاعتبار كمرجعية لإعادة صياغة الإطار الفكري للمحاسبة الإدارية.		
3588	10730824	امطار فكري مقترح للمحاسبة الادارية في ظل تطور الفكر المحاسبي والفكر الاداري :	ايو الغيط ، جلال محمد .	جامعة جنوب الوادي ،	سوهاج :	2001	هذا نقض الاساليب المتأخلة لإدارة تقييم مدي كفاءة وفاعلية استخدام المحاسبات الالية في تشغيل نظم المعلومات وأن الجهود التي بذلت في هذا المجال قدمت بعض العناصر التي تساعد الإدارة على التقييم إلا أنه لا يوجد أسلوب متكامل يعطي كافة جوانب التقييم .		
3589	10730905	مدخل يبني لتطور التقارير المالية المنشورة ل وحدات القطاع العام الصناعي :	بركات، إبراهيم محمد أحمد.	إبراهيم محمد أحمد بركات ،	سوهاج :	1999	بعد إنخفاض مستوى الكفاءة الإنتاجية الكلية والكفاءة التوعية للالات والعمالة ومستلزمات الإنتاج السلعية في المشروعات الصناعية اليمنية من أهم المشكلات، ولذلك تهدف هذه الدراسة إلى قياس مستوى الكفاءة الإنتاجية الكلية والتوعية في المشروعات الصناعية اليمنية، ودراسة وتحليل العوامل المؤثرة على الكفاءة الإنتاجية للمشروعات الصناعية اليمنية وتحديد أهمية وفرة واتجاه هذه العوامل ودرجة تأثيرها على الكفاءة الإنتاجية ثم دراسة وتحليل المداخل المختلفة لتحسين الكفاءة الإنتاجية مع اقتراح مدخل متكامل لتحسين الكفاءة الإنتاجية للمشروع يكونها نظام متكامل له مداخله ومخرجاته وبنيتها، ثم تقديم مقترحات لتحسين الكفاءة الإنتاجية. وقد توصلت الدراسة إلى مجموعة من النتائج منها:- أن أبسط صورة للكفاءة الإنتاجية تمثل بالعلاقة بين المخرجات والمدخلات، ومنها أيضاً أنه فيما يتعلق بالمصطلحات المرتبطة بالكفاءة الإنتاجية مثل الفاعلية فقد تبين أنها جميعاً ترتبط ارتباطاً عضوياً بمفهوم الكفاءة الإنتاجية، وتوصلت الدراسة أيضاً إلى أنه قد تم بذل جهود كبيرة خلال فترة السبعينات والثمانينات كان لها الأثر الكبير على أداء وتطور الاقتصاد اليمني بالرغم مما واجهته اليمن من ظروف صعبة في تلك الفترة، وقد تبين أن هناك تفاوت ملحوظ في معدلات نمو الاقتصاد اليمني خلال عقدي السبعينات والثمانينات، وقد تبين أنه يوجد اتجاه عام نحو إنخفاض مستوى الكفاءة الإنتاجية الكلية طبقاً لمؤشر الكفاءة الإنتاجية الكلية بالأسعار الثابتة، وأن الإنخفاض في مستوى الكفاءة الإنتاجية الكلية يعود إلى معدل التطور في تكلفة الإنتاج، وأن التحسن في مستوى الكفاءة الإنتاجية الكلية بالأسعار الجارية في بعض المشروعات يعود إلى تحسن حقيقي في استخدام عوامل الإنتاج بغير ما يعود ذلك إلى تحسن جزء كبير منه إلى المتغيرات السعريّة. بعد تاريخ الخطط وانشاؤها، وتبنت معالمها، أثارها بالوصف والتدوين من الأمور الهامة في تاريخ الحضارات، ورغم الأهمية التي تمثلها دراسة مثل هذه الموضوعات، فإن الأبحاث التي صدرت عنها قليلة جداً.

						تمثل هذه الدراسة وهي "العلاقات السياسية والثقافية بين فارس و غرناطة" في الفترة الممتدة بين (614هـ إلى 862هـ/ 1217-1458م) صورة حية لسمات بلاد المغرب العربي في هذه الفترة التي تعبر تعبيراً دقيقاً عن مرحلة هامة من مراحل التاريخ الإسلامي بوجه عام، وتاريخ فارس و غرناطة بوجه خاص، لما شهده من تحولات خطيرة، كان لها جل الأثر في تشكيل تاريخ البلدين، وإبراز أهمية الدور الذي قام به رجال بني مرين، في الوقت الذي عانى فيه المسلمون من تمزق سياسي في عدوتي المغرب والأندلس على حد سواء، تمكنت خلالها الموجة الأيبانية الباغية على الإسلام من بسط نفوذها على معظم المدن الأندلسية، ماعدا مدينة غرناطة التي إستطاعت الصمود أمام ضربات النصارى المتلاحقة، وذلك بفضل أمراء بني مرين في فارس، الذين حملوا راية الجهاد بالأندلس خلفا للموحدين، دون أن تنزل بهم رهبة أو خوف لمن حل بمن سبقهم من ضربات وجهها إليهم الأسبان، أو يترددوا لحظة في تقديم دمايتهم وأرواحهم، ومقومات بلادهم المادية في سبيل حفظ هيبة الإسلام من القوي النصرانية المتربصة به، فكان بنو مرين سدا منيعا حل دون تحقيق الأطماع الأيبانية في إبتلاع مملكة غرناطة آخر معاقل المسلمين في الأندلس طوال فترة بغاتها من سنة (614هـ-869هـ/1217-1467م).	2000			أحمد، يحيى صلاح الدين.	3627 10751642

							تناول البحث قضية التعليم، والتي تكاد تكون السبب الرئيسي في تخلف القارة الأفريقية ، حيث كانت الدول الكبرى مخططات في صياغة عقول البشر حسب الروى الاستعمارية والتي كان من نتائجها الملموسة حالياً انخفاض معدلات التنمية بصورة كبيرة ومهينة على مستوى القارة . كما تحدث عن جنوب افريقيا من الناحية الاجتماعية وانعكاس تلك الناحية على أوضاعها السياسية الاقتصادية مما يؤثر سلباً على مستقبل جنوب افريقيا ونقاش التعليم الفئوى ، والذي كان يتم طبقاً لفلسفة معينة تحكمها قواعد الجنس واللون . وكانت جنوب افريقيا نموذجاً متفرداً في هذا المجال ، يخالف كافة القواعد والنظم التعليمية المتعارف عليها دولياً ، ودراسة التعليم في جنوب افريقيا تجلّي الصورة السلبية للسياسة العنصرية، والتي تدخلت في تكوين وصياغة عقلية وأفكار الأفراد ، لتخلق هذا التباين الواضح بين الفئات واضعاف الرغبة في احداث تغيرات تستهدف انهاء تحكم البيض على المسعد الاقصاى وعلى مسعيد الوظائف القيادية والاشرافية والمهارية فى الدولة ، فلازال البيض هم المتحكمون فى عالم المال والأعمال.

3761	10881712	Master.	Improving waiting time of tasks scheduled under preemptive round robin algorithm /	Mostafa, Samih Mohammed.			2010	An operatig system is a set of manual and automatic procedures that enable a group of people to share a computer installation efficiently. the key word in this definition is sharing : it means that people will compete for the use of physical resources such as processor time, storge space, and peripheral devices ; but it also means that people can cooperate by exacting programs and data on the same installation.	#####	Saad Zaghloul Rida, safwat Helmy Hamd.	
3762	10882861	Doctoral.	Air pollution modelling in urban environment /	Amer, Ewad Ali Ahmed.			2010	One of the dominant sorces of air pollution affecting environmental living quality in urban areas is road traffic-induced air pollution. providing information about traffic air pollution and finding out its disributing is therefore a crucial starting point for planning effective measures to improve air quality. such information helps decision makers to optimized e.g. urban design. in the present work, a line source model, developed in laboratory of envirnoment physics, faculty of science at qena, egypt is proposed to describe the downwind dispersion of pollutants near roadways, at different cities in egypt. the model is adopted completly graphical user interface (gui)technique for operating in avarious windows-based microcompyters.	24/7/2010. 3763	10884195	دكتوراه	كفاءة الإدارة المحلية في القانون الوضعي والفقه الاسلامي :	السيد، هدى محمد عبدالرحمن .	هدى محمد عبدالرحمن السيد ،	اسيوط :	2008 .	تتناول الرسالة :اهمية الإدارة المحلية في نظام الحكم الداخلي كما تقوم بدور فعال في التنمية القومية وتتميز بأنها أداة قريبة من المواطنين نابعة من صميم الشعب واصبحت الادارة تلعب دورا اساسيا في عملية التنمية الشاملة التي لا توجد دولة الا يدفعها الطموح ان تقطع اشواط ملموسة على طريقها.لذلك فان عملية التطوير الادارى تصبح حتمية اولى على جدول اولويات المجتمع الامتائية ، فالتطوير الادارى هو الذى يستهدف أولا خلق امتائية قادرة ولذلك كان هذا مضمون الرسالة المتمثل في كفاءة الادارة المحلية في القانون الوضعي والفقه الاسلامي وايضا دراسة المحليات في العديد من الدول المتقدمة والتي نجحت فيها هذه الادارات مثل انجلترا وفرنسا مع مقارنتهما جاءت به مبادئ الشريعة الاسلامية للوصول على كيفية الارتقاء بالادارة المحلية في مصر والوصول بها الى كفاءة عالية لتسهيل مهمة المواطن وتسهيل العلاقة بين الاجهزة المركزية والهيئات المحلية . وتناولت ايضا نظام الادارة المحلية في ظل القانون رقم 43 لسنة 1979 وتعديلاته المختلفة وتناولت ايضا الحكومة الالكترونية ودورها في كفاءة الادارة المحلية . من أهم التوصيات ايضا			
3764	10885055		التطورات الاقتصادية الحديثة وأثرها على مركز المتعاقدين في العقد الإداري :	المصري، حازم بيومي .	حازم بيومي المصري ،	القاهرة :	2008 .	تحدد الاختصاصات بين الوحدات الادارية المحلية يجب القضاء على ظاهرة تعدد الاجهزة التي تمارس الانشطة نفسها او الانشطة متشابهة داخل الوحدة الادارية مما يترتب عليه ازدواج وتضارب في تخطيط وتنفيذ العديد من المشروعات الجديدة . تحديد الاختصاصات بين السلطات المركزية والمحلية وانه على الرغم من ان الحكومة المركزية هي صاحبة الولاية على- المحليات في وضع السياسة العامة والخطط العامة للدولة والمتابعة والرقابة على اداء المحليات الرقابة المحلية وتفعيل دور المجالس الشعبية :يجب تطوير مفهوم الرقابة المحلية لان الرقابة الحالية تنتم من خلال القوانين- . واللوائح اى انها تركز على التصرفات والانشطة التي تمارس من قبل الاجهزة المعنية تدعم الموارد المالية المحلية:يجب العمل على زيادة الموارد للوحدات الادارية المحلية لانها تشكل عصبها اساسيا من- الحوافز الايجابية والسلبية :يجب وضع نظام متكامل للحوافز الايجابية والسلبية يعتمد بصفة اساسية على ربط الحافز- الحوافز الايجابية والسلبية :يجب وضع نظام متكامل للحوافز الايجابية والسلبية يعتمد بصفة اساسية على ربط الحافز- بالايجاز المحقق			
								تتناول الرسالة:تطور وجودا"وعما" في تلك التطورات الاقتصادية الحديثة وأثرها على مركز المتعاقدين في العقد الإداري وذلك من خلال مناقشة التطورات الاقتصادية الحديثة والنظرية التقليدية للعقد الإداري عن طريق بيان التطورات الاقتصادية الحديثة الاتجاه نحو تزايد أهمية العقود الادارية دوليا "واسس النظرية التقليدية للعقد الإداري . وتم ايضاح هذه التطورات على مركز التعاقدين في مرحلة العقد متناولين معالجة اختلال التوازن بين المتعاقدين في هذه المرحلة ومظاهر اختلال التوازن بين المتعاقدين في مرحلة اسناد العقد.وتم استعراض الاطر الجديدة لأبرام العقد الإداري في القانون الدولي وذلك عن طريق تفصيل القواعد الاساسية التي تحكم ابرام العقد الإداري في عقود الفيديك واليونسترال ومدى توازن مركز المتعاقدين في هذين العقدين وتم تفصيل أثر التطورات الاقتصادية الحديثة على مركز المتعاقدين في مرحلة تنفيذ العقد من خلال تناول تنفيذ سلطات الادارة في العقد الإداري الدولي والتوازن المالي في العقد الإداري وضرورة تعادل الالتزامات بين طرفيه . من أهم التوصيات :- يتعين على الادارة عدم اللجوء الى القطاع الخاص ايا كانت شكل مشاركته . لما كان المشرع المصري في القانون رقم 89 لسنة 1998 بشأن المناقصات والمزايدات يتبنى طريقة العرض الفنى-2 . والعرض المالي . نموذج عقد الفيدليك هو الأكثر استخداما لدى الدول الصناعية المتقدمة وخاصة الانشاءات الدولية-3 في نطاق عقود البيع الدولي للبضائع فانه يتعين أن يقع عبء اثبات العيب في البضاعة على المشتري لكونه صاحب-4 . المصلحة الحقيقية من وراء الاتبات . النظرية العامة للموظف الدولي فعرضنا تعريف الموظف وتعيين الموظف الدولي من خلال الحديث عن سلطة التعيين وشروط وطرق تعيين في الوظيفة العامة الدولية وعن الضمانات الادارية والقضائية للموظف الدولي من خلال الحديث عن الضمانات الادارية وطرق الحماية الادارية للموظف العام .ودور الاراء الاستشارية لمحكمة العدل الدولية كوسيلة استئناف لاحكام بعض المحاكم الادارية الدولية وهما محكمتان فقط المحكمة الادارية لمنظمة الامم المتحدة والمحكمة الادارية لمنظمة العمل الدولية حسبما ورد بالنظام الاساسي للمحكمتين سالفتي الذكر.			

							نتائج الباحث.1: ان التحكيم لحل المنازعات التي تنشأ بين الافراد وفي جميع الحالات فالنزاع القائم او المحتمل هو سبب الالتجاء الى التحكيم , وهو لا يكون الا اذا حقق الالية منه بصدر حكم عادل سريع وصحيح خال من العيوب غير متعارض مع النظام العام الداخلي او الدولي .2: يجب على المحكم مراعاة المبادئ الاساسية الحاكمة للصحة والمواجهة لسير الاجراءات فيها واهمها مبدأ المواجهة بصورة مستقلة ونزيه ومحايدة وليس طبقا للمفهوم الشخصي للمحكم والمستمدة من ثقافته وتقاليد وذلك من منطلق ان التحكيم قضاء وان الحكم الصادر عنه حكما قضائيا فلا بد وان يتوفر في المحم شرط الاستقلال والحيدة والنزاهة ويكون دينية البحث عن الحقيقة حتى ولو كانت متعارضة مع مصالح الطرف الذي اختاره .3: ان مبدأ المواجهة الذي افرد المشروع المصري في قانون التحكيم الجديد رقم27 لسنة 1994 لم يتضمن القدر الكافي من كل الضمانات فيجب على المشروع ان يضمه وبصورة صريحة كل الضمانات اللازمة لاعماله والالتزام هيئة التحكيم به بصورة صريحة كل الضمانات الازمة لاعماله والالتزام هيئة التحكيم به وبصورة لا تحتمل التأويل حيث يوجد قصور وعدم وجود نص صريح يلزم المحكم باحترام مبدأ المواجهة في المسائل القانونية والواقعية التي يثيرها من تلقاء نفسه بينما نظم قانون المرافعات الفرنسي الجديد .4: يجب على المشروع المصري الزم المحكم بتسبيب حكم التحكيم وذلك لانه الوسيلة الاساسية التي من خلالها تستطيع الهيئات القضائية الرقابة على احكام التحكيم خاصة في حالات رفع الدعوى البطلان لعدم احترام حق الدفاع وهذا مطلب عادل لان المحاكمة التحكيمية لا تتطلب فيها العلانية بل تقوم في الاصل على مبدأ السرية .5: يجب على المشروع المصري اعمال النظر مرة اخرى وبمنظرة متعمقة في الاخذ بالملين بالاستئناف او التماس اعادة النظر في احكام التحكيم على درجة واحدة من التقاضي .	2007 .	الزقازيق	محمد على حسن عويضة ,	عويضة, محمد على حسن .	حق الدفاع كضمانة اجرائية في خصومة التحكيم :	3776	10907524	
							عرف التحكيم عند العرب قبل الإسلام وكان الوسيلة السائدة لفرض المنازعات لدى غالبية مجتمعات العرب قبل الإسلام إذ كان يقوم لديهم بنفس المهمة التي يقوم بها القضاء في المجتمعات المدنية ويعزى ذلك الى افتقار مجتمعات العرب قبل الإسلام غالبيتهم الى التنظيمات السياسية المرنة والسلطة المركزية القوية وقد تلاحظ ان اللجوء الى التحكيم في فض المنازعات منوط بتوافق الاطراف المتخاصمة وهو اختياري مهما كان نوع المنازعة وطبيعتها بمعنى ان الركيزة الاساسية لنظام التحكيم عند العرب قبل الإسلام هي ارادة الأطراف او الخصوم .	1996 .	طنطا :	عبد الكريم محمد عبد الكريم نصير ,	نصير , عبد الكريم محمد عبد الكريم .	التحكيم عند العرب كوسيلة لفرض المنازعات بين الافراد :	3777	10907536	
							يتضح من خلال الدراسة ان هناك قصورا في النظام التشريعي في مصر يتمثل في عدم توفير الضمانات الكافية للمشترين في مواجهه ممارسات المنتجين والبايعين وعلمنا ان القانون المدني سمح بالنص في عقود البيع المبرمة على بنود من شأنها أن يفلت البائع من ضمان عيوب مبيعته الخفية طالما انه لم يتعمد اخفاء العيب عن المشتري وطالما ان المشتري قد قبل بذلك طواعيه منه .وتعرض الدراسة مدى علاقة شروط تعديل ضمان العيب الخفي بشروط تعديل المسؤولية وقام الباحث بتوضيح أبرز الصور التقليدية والغير تقليدية لشروط الاعفاء والتخفيف من ضمان العيوب الخفية . وتناولت أيضا الرسالة التشريعي الذي يمكن تطبيقه حكم القاضي بمقتضى العرف في مبادئ الشريعة الاسلامية معرفة آراء الفقهاء ورجال القانون مع معرفة القانون المدني في مصر وفي فرنسا .	2009 .	القاهرة :	عمرو احمد عبد المنعم ديش ,	ديش, عمرو احمد عبد المنعم .	النظام القانوني لضمان العيوب الخفية في عقد البيع في إطار القانون المدني المصري /	3778	10907775	
							النظام القانوني الخاص لشركات السمسرة في الأوراق المالية بالدراسة والبحث والذي يعد من اهم الموضوعات الملغلة ببورصة الأوراق المالية فالوسطاء في عمليات التداول الأوراق المالية هم ركيزة الاساسية لتنشيط سوق الأوراق المالية لجذب المدخرات جلب المدخرات وجلب مستثمرين جدد من اجل تمويل المشروعات ودعم وتنمية الاقتصاد القومي وقد قسمت الدراسة الى ثلاث اقسام الاول هو الدراسة بفصل تمهيدي عن ماهية شركات السمسرة في الأوراق المالية بينا من خلاله اوجه التمييز بين السمسرة العادية والسمسرة في الأوراق المالية ثم عرفنا شركة السمسرة في الأوراق المالية واهم خصائصها ثم بينا المركزي والقانون لسمسارة الأوراق المالية للوقوف على القواعد والاحكام التي يخضع لها وتحديد حقوق والزاماته ومسؤوليته . وقد ادت الدراسة الى عدد نتائج 1: سمسارة الأوراق المالية ليس في المركز القانوني لسمسارة العادي ولا وكيل بالمعولة طبقا للرأي الائد في الفقه المصري والفرنسي على السواء وانما هو وكيل تجاري منظم بقانون خاص ونقترح تسميته وكيل التداول بالبورصة 2: خضوع الشركات العاملة في مجال الأوراق المالية عامة وشركات السمسرة خاصة لاجراءات متكررة ومتماثلة عند طلب الحصول على الموافقة الميدانية للتأسيس ونفس الاجراءات عند التقدم بطلب الحصول على الترخيص واخير عند طلب قيدها في عضوية البورصة . 3: وجود تعارض بين نصوص قانون سوق رأس المال ولائحته التنفيذية وبين القرارات الصادرة من مجلس الادارة الهيئة العامة لسوق المال والقرارات الصادرة من رئيس الهيئة . 4: تمتع الهيئة العامة بسلطات مطلقة في منح الموافقة الميدانية على التأسيس ومنح الترخيص وعدم تقييد الهيئة بأسباب محددة على سبيل الحصر في حالة الرفض .	2008 .	حلون :	ماهر مصطفى محمود امام ,	امام ماهر مصطفى محمود .	النظام القانوني الخاص لشركات السمسرة في الأوراق المالية :	3779	10907802	
							أن التعاقد باستخدام وسائل التقنية الحديثة يؤثر اهتمام رجال القانون وفكره , مشرعا , وقاضيا , وفقيها , لما في ذلك من مسائل شائكة لكل طرف من هذه الأطراف كل في مجال تخصصه . br 2 . بعد التلفزيون والانترنت المثاليين النموذجيين للتعاقد بوسائل الاتصال الحديثة حيث يمثل الاتصال التزامني والتزامني بين المتعاقدين , كما انهما أكثر الطرق المستخدمة في هذا المجال . br 3 . هناك ارتباط وثيق بين تنظيم التعاقد والتعاقد بوسائل الاتصال الحديثة واثاره وبين حماية المستهلك تلك الغاية المنشودة والواجب الملقي على علق الدولة في توثيا المعاصر وخاصة في ظل عقود الإعلان والتي اتخذت شكلا مختلفا كما كانت عليه من ذي قبل . وذلك للخلل الواضح بين طرفي العلاقة العقدية في ظل هذا النوع من التعاقد . br 4 . عدم كفاية نصوص النظرية التقليدية للالتزامات والموسسة على تغليب المذهب الشخصي لتحقيق حماية فاعلة لمستهلكين . ومن ثم فلا بد من تدخل تشريعي كما حدث في فرنسا وغيرها من الدول الأوربية تنفيذا للتوجيه الأوروبي رقم 97/7 CE بشأن حماية المستهلكين في التعاقدات المبرمة عن بعد والصادر في 5.20/5/1997 br . اتساع مفهوم التجارة الالكترونية لتشتمل عمليات بيع وشراء المعلومات بجانب بيع وشراء السلع وتقديم الخدمات عبر الانترنت بما يعني أن التجارة الالكترونية تشتمل على ما هو مادي من المبيعات وما هو معنوي . br 6 . لايمنع الفقه الإسلامي حسب الرأي الراجح وهو ما ذهب اليه جمهور الفقهاء من جواز التعاقد كتابي ويكون ذلك بالطريقة التي اتعاد عليها الناس في زمنهم , ومن ثم فلا مانع من الأخذ بالكتابة الالكترونية في التعاقد مادامت لها الحجية والصلاحية الكافية .	2007 .	طنطا :	اشرف محمد مصطفى ابو حسين ,	ابو حسين, اشرف محمد مصطفى .	التزامات البائع في التعاقد بوسائل الاتصال الحديثة في ظل احكام القانون المدني والفقه الاسلامي /	3780	10907876	
							يوصى الباحث بضرورة مراجعة كافة التشريعات الضريبية المعمول بها في مصر بهدف توحى الحذر دقة الصياغة وإزالة ماقد يعين بين النصوص من تعارض أو تضاد فضلا عن إزالة ما قد يلتبس ببعضها من غموض أو إبهام وبما ييسد الطرق أمام الممولين الذين يحاولون النفاذ بين ثغراتها والاستفادة من غموضها ويقترح الباحث هنا تجميع كافة التشريعات المتصلة بموضوع الضرائب في متن أو حيز واحد وليسمى مثلا بالموسوعة الضريبية المبررة وان تكون في متناول من يطلبها من الممولين كما يمكن أيضا إصدار موسوعة للأجرائات الضريبية تحوى نماذج للمستندات المطلوبة للمحاسبة الضريبية بشأن كل ضريبة فضلا عن خطوات العمل في صورة مختصرة ومبسطة وبما يجعل منها اعلناالحقوق الممولين . ويوصى الباحث أيضا بتشكيل هيئة قوامه العمل الضريبي في مصر وليكن مسماه مثلا المجلس القومي للضريبة يتألف من ذوي الاختصاص من رجال الجامعات وال نقابات المهنية والغرف التجارية وخبراء الضرائب والمحامين وبعض اعضاء هيئة المصلتين التشريعية والقضائية .وقد توصل الباحث الى عدة نتائج من خلال البحث 1.1: ان التسرب الضريبي ظاهرة مركبة ذات مظاهر عدة وطرق مثشعبة فهي تضم كل مظاهر السلوك الهادفة الى تللتخلص من الالتزام الضريبي وبالتالي فهي تشمل على أنشطة الهرب الضريبي والتخطيط الضريبي بالإضافة الى ممارسة الاقتصاد الخفى . 2 : ان التجنب الضريبي ينصرف الى مجموعة الأنشطة الهادفة الى التحايل على روح القانون دون نصه وذلك باستغلال ثغراته او ما قد يقع من تعارض بين بعض احكامه بهدف تكييف التصرف الاقتصادي على نحو يخرج به عن مجال وجواب الضريبة تصرفا احتياليا متضمنا لسوء النية . 3 : ان التخطيط الضريبي يتم من جانب الممول وهو حق مشروع له كلفته كل الدساتير كما يتم من جانب المشروع نفسه عند استخدام الضريبة كأحدى أدوات التوجيه والتحفيز الاقتصادي .	2003 .	الزقازيق	محمد نجيب محمد محمد جادو ,	جادو , محمد نجيب محمد محمد .	ظاهرة التسرب الضريبي واثارها المالية والاقتصادية :	3781	10907982	

							انتهت الدراسة الى ان التسميات التي تمكن التفكير في توحيد تسميتها بمكثك حصرها في ثلاث مجموعات br المجموعه الاولى الوحدات الحكومية التي تهدف كل منها هدفا رئيسيا من اهداف الخدمة الحكومية سواء كانت تلك اهداف مباشرة او تكميلية br المجموعه الثانيه التقسيمات الهيكلية لتلك الوحدات الكبرى وهي مستويات تتضمن عدة مستويات تنظيميه وقد اشتمل التحليل على المستويات الثلاثه br المجموعه الثالثه تسميات الوظائف الاشرافيه لتلك التقسيمات على مستوياتها المذكوره . لعله من المتفق عليه ان الاصلاح الادارى هو أحد القضايا الادارية الهامة التي تشد اهتمام الدارسين والممارسين للعملية الادارية على السواء وقد زاد الاهتمام بها والتيقظ لأبعادها بوجه خاص فى الثلاثينات نتيجة للدراسة الشهيرة التي قامت بها كلية إدارة الأعمال بجامعة هارفارد مع شركة وسترن إليكتريك فى مصنعها بيهوثورن بالولايات المتحدة الأمريكية ثم تضاعف الاهتمام بعملية الإصلاح فى أعقاب الحرب العالمية الثانية عندما أستردت كثير من الدول حريتها واكتسبت كثيراً من الشعوب كياناً مستقلاً ربما لأول مرة فى النواحي السياسية والاقتصادية والاجتماعية . ونعتقد فى أهمية معاودة المنظمة واستمرارها فى مياثره هذا النشاط على ميايراعى ان يكون ذلك بناء على دراسة ميدانية تتعاون فيها المنظمات مع المعاهدات ومؤسسات التنمية الادارية المعنية وذلك ليبان وتحديد المبادئ المتعلقة بدعم استخدام اللغة العربية فى الادارة وبيان وفحص المناهج المطبقة فى المعاهد والكليات والجامعات فى هذه الدول بغرضالبحث عن المواد التي تدرس بالغات الاجنبية .
3782	10908592	المنظمة العربية للتنمية الاداريه ودورها فى تحقيق الاصلاح الادارى فى الوطن العربى /	بدوى، ناصر فتحى محمد احمد	ناصر فتحى محمد احمد بدوى ،	القاهرة :	2000	
3783	10908638	الحمايه الجنائيه للمال العام :	بخيت، ناصر خلف .	ناصر خلف بخيت ،	القاهرة :	2008	تناولت الرسالة موضوع الحماية الجنائية للمال العام ويحظى هذا الموضوع بأهمية كبيرة سواء على المستوى النظري أو العملي ولعل ذلك يرجع الى تناوله فى قانون العقوبات فضلا عن ارتباطه الوثيق بكيان الدولة الاقتصادى.وبدأت الدراسة بباب تمهيدى تدور حول التطور التاريخي لحماية المال العام والباب الأول فى القانون الروماني والثاني فى تطور الحماية الجنائية للمال العام فى ظل الشريعة الإسلامية وتناولت هذا الموضوع فى فرنسا ومصر وفى مرحلة ما بعد الثورة تناولت حماية الاموال العامة فى القانون المقارن . وفى النظامين الرأسمالي والاشتراكي ، ووسائل هذه الحماية ، وكذا فى النظام السوفيتي و اليوغسلافي و الشريعة الإسلامية ، والمذهب الفردي ، ومذهب التدخل ، وموقف الفقه الفرنس والمصري ، ثم تركز الدراسة على القانون العراقي وتبين الفرق بين أموال الدولة العامة وأموالها الخاصة و الحماية الدستورية ، والجنائية للأموال العامة ، ومبدأ عدم جواز الحجز عليها، ويقترح الباحث وجوب تشديد الحماية الجنائية للمال العام. وقد تناول فى القسم الاول من هذه الرسالة مقومات الحماية الجنائية للمال العام من حيث الطبيعة القانونية لجرائم المال العام ومدى ارتباطهم بجرائم امن الدولة سواء من جهة الداخل او من جهة الخارج ووضع اطار للقاعدة العقابية لجرائم الاعتداء على المال العام ووسائل الحماية الادارية والمدنية والجنائية وارتباط جرائم الاعتداء على المال العام بصفة المال كونه مال عام وانواع المال العام فى مصر وفى التشريعات المقارنة وكذلك الارتباط تلك الجرائم بصفة الموظف العام وما هو الموظف العام وكيفية حيازته للمال العام ومدى توافر تلك الصفات ليتحقق وقوع الاعتداء .
3784	10908657	مجلس الشورى ونظام ازدواج الهيئة التشريعية (نظام المجلس) :	راتب، على ذكي.	على زكي راتب ،	القاهرة :	2006	يتناول الباحث موضوع مجلس الشوري ونظام ازدواج الهيئة التشريعية (نظام المجلس) وتطبيقه على النظام الدستوري المصري ودساتير كل من : الولايات المتحدة الأمريكية - ألمانيا - إنجلترا - فرنسا - المملكة العربية السعودية - قطر - عمان - البحرين - مصر ، كما استخدم الباحث منهج البحث المقارن وتوصل فى النهاية الى عدة توصيات كان أهمها ضرورة اتحاد الدول العربية فى صورة اتحاد فيدرالى عربى و اصلاح النظام الانتخابي المصري وانشاء مجلس شورى عربى كبرلمان عربى موحد. ثم تناول نظام ازدواج الهيئة التشريعية (نظام المجلس) فى دساتير بعض الدول (الغير عربية) الغربية منها وذلك فى تناول نظام ازدواج الهيئة التشريعية فى بعض الدول البسيطة وذلك بتحديد المقصود بهذه الدول وانواعها ثم الاساسية التي يقوم عليها نظام ازدواج الهيئة التشريعية مع تطبيقات النظام ازدواج الهيئة التشريعية (نظام المجلس) فى هذه الدول . وتناول مجلس الشورى والسلطة التشريعية فى دساتير كل من المملكة العربية السعودية وقطر وعمانومملكة البحرين . ومجلس الشورى والسلطة التشريعية فى النظام الاساسي (الدستورى) للملكة العربية السعودية . وفى النهاية تناولنا تقيم لنظام مجلس الشورى والسلطة التشريعية فى مصر فى الوقت الحالي والصعوبات التي تواجه تطبيقه وكيفية التصدى لها ثم اثر وأهمية نظام ازدواج الهيئة التشريعية فى تحقيق اتساع المشاركة السياسية وذلك فى ظل التحولات والتطورات الجارية فى مصر حاليا وما يندور حول النظام الشرق الاوسط الكبير او الموسع .
3785	10908666	الحمايه القانونيه لقواعد البيانات :	الحنيطي، علي احمد مطح .	علي احمد مطح الحنيطي،	القاهرة :	2009	تعتبر قواعد البيانات من المصنفات الفكرية المستحدثة والهامة فى مجال حق المؤلف وبعد تناول الحماية القانونية لقواعد البيانات بالبحث والمقارنة لتحديد مفهومها وطبيعتها التقنيه والقانونيه والاطر القانونى المترتب على الاختلاف التقنى الذى يودى الى تباين فى جوهر وشكل الحماية ومن ثم البحث عن التشريع الانجح لتحقيق حمايه شامله ومتوازنه تكتل حقوق مؤلفيها بالشكل الذى يضمن حقوق الغير بما يحقق الهدف المرجو من غايه قواعد البيانات على الوجه الامثل هو جوهر البحث. وتتناول الرسالة أيضا: التوصيات حيث أن المشروع الاردنى فى المادة الثالثة على "تتمتع بالحماية بموجب هذا القانون المصنفات المبتكرة ويدعو المشرع الاردنى لاجراء التعديلات بشكل يدخل فى اختصاص الفقه والقضاء ويخرج عن اختصاص المشرع وذلك لسرعة التطور فى المفاهيم .ودعا المشرع الاردنى إلى اعطاء القاضى صلاحية اتخاذ مابراه مناسباً من اجراءات تحفظية اسوة بالمشرع المصرى وعدم تعيقه باجراءات تحفظية محددة . دعوة المشرع المصرى إلى ضرورة تقديم كفالة مالية من مقدم طلب اتخاذ الاجراءات التحفظية أسوة بالمشرع الاردنى وعدم ترك ذلك للسلطة التقديرية لرئيس المحكمة .
3786	10908686	حجية المحررات والتوقيع الالكتروني فى الإثبات عبر شبكة الانترنت /	العبد الرزاق، نور خالد عبد الحسن .	نور خالد عبد المحسن العبد الرزاق ،	القاهرة :	2009	تناول الباحث فى رسالته مفهوم وضور التوقيع الالكتروني حيث اختلف الفقه والقضاء وكذا التشريعات بشأن تعريف التوقيع الالكتروني وقد عرض وجهات نظر الفقه والقضاء بخصوص ذلك فى ضوء النصوص القانونية كما وضح أوجه التشابه بين التوقيع الالكتروني والتوقيع التقليدى ثم تناول صور الالكتروني الذى يتم باستخدام القلم الالكتروني أو من خلال إعطاء الأمر بالموافقة أو عن طريق البطاقات البنكية كبطاقات الحاسب الالى ، وبمطابقات الشيكات والوفاء والائتمان . ثم عرض الباحث المزايا والعيوب لكل صوره من الصور .لاشك ان هناك مظاهر للتشابه بين التوقيع الالكترونى والتوقيع القادى والمتمثلة فى صعوبة تحديد الموقع والتعبير عن رضاه بالمضمون واكتساب صفة الحجية فى الإثبات وهناك ايضا مظاهر الاختلاف بينهما سواء من ناحية الشكل او الدعامه او المخاطر التي يتعرض لها كل منهم وللتوقيع الالكتروني صور عده منها 1-br التوقيع من خلال فكرة المسح الضوئى. 2-br التوقيع المرئى. 3-br التوقيع البيومترى. 4-br التوقيع من خلال الحاسب الالى. 5-br وقد اوضح الباحث فى رسالته عيوب كل صوره وخاصه الاشكاليات المتعلقة بالتوقيع بالبطاقات ثم تطرق الباحث الى حجية التوقيع الالكتروني فى الإثبات حيث حاول العديد من الفقهاء تطويع القواعد التقليديه لتستوعب التصرفات الالكترونيه ولكن واجهوا العديد من المشاكل كما ان التوقيع يجب ان يدل على صاحبه وان يعبر عن رضاه ثم اوضح الباحث المخاطر التي تحيط بالتوقيع الالكتروني والمحرر الالكتروني. 1-br العقبات المستمدة من المخاطر التي تحيط بالتوقيع الالكتروني. 2-br العقبات المستمدة من الطعن بالتزوير. 3-br العقبات المستمدة من المبادئ العامة فى الإثبات.

							يتناول الباحث موضوع نظام التعددية الحزبية الخالصة باعتبارها عماد النظام الديمقراطي وسندهو بخاصة النظام النيابي توجهت النية نحو معالجة نظام التعددية الحزبية في النظام السياسي المصري مع المقارنة بالوضع في الانظمة الديمقراطية الغربية و ذلك من خلال دراسة التاوصل الفكري لنظام التعددية الحزبية و كذلك الاسس التي تحكم قيام النظام في كل من النظام السياسي المصري و الانظمة السياسية الغربية حيث تتجلى اهمية الاحزاب السياسية باعتبارها اهم الهيئات او التنظيمات الوسيطة بين الحاكمين والمحكومين و قد استخدم الباحث عدة مناهج للدراسة و هي : المنهج التاريخي و المنهج الوصفي التحليلي و المنهج البنائي الوظيفي و المنهج المقارن و قد توصل الباحث الى مجموعة من النتائج والتوصيات كان اهمها:ثابر الخلاف حول حاجة مصر الى الاحزاب السياسيةحيث ذهب البعض الى عدم حاجة مصر الى وجود احزاب سياسية. ب2ر هناك تناقض صاروخي موقف النظام السياسي المصري من مبدأ التعددية الحزبية ب2ر على الرغم من ان تأثير التعددية الحزبية في النظام السياسي المصري مازال محدودا. ويمثل نظام التعددية الحزبية قاعدة اساسية في دول الديمقراطية التقليدية حيث تسود قاعدة تعدد الاحزاب السياسية والتي تقتضى وجود اكثر من حزبين ساسين في كل دولة من هذه الدوال ويقوم تعدد الاحزاب السياسية الدوال الديمقراطية لليرير الية على اساس الاعتراف بحرية تكوين الاحزاب السياسية وعلى هذا الاساس يميز جانب من الفكر السياسي الغربى بين الدولة التي تأخذ بنظام تعددية الحزبية والتي يصنفها بأنها دولة الاحزاب والدولة التي تأخذ بنظام الحزب السياسى الواحد والتي يصنفها بأنها دولة حزبية .	
	3787	10908750	ربيع، خالد محمد حسن أحمد .	خالد محمد حسن أحمد ربيع ،	القاهرة :	2007	تعد الوظيفة العامة بمثابة ثقة تمنحها الدولة للموظف العام ،وكان لزاما على هذا الموظف ان يمارس هذه الثقة في سياح من الكرامة وذلك لان الموظفين العموميين هم الصورة المرئية والواقع الملموس للوظيفة العامة حتى ان الحكم على على هذه الاخيرة انما يتم من خلال الحكم على اداء هؤلاء الموظفين،فالموظف العام كما قالت المحكمة الادارية العليا لا يمكن باى حال من الاحوال ان ينسب او يتناسى انه موظف عام تحوطة سمعة الدولة وتزخر فيه عليه مثلها دون اعتبار لحند الزمان والمكان اما بالنسبة لتقسيم البحث فانه يشتمل على فصل تمهيدي وقد تناول في هذا الفصل مفهوم الموظف العام باعتباره الملتزم بهذا الواجب وذلك من خلال ثلاث مباحث مفهوم الموظف العام في القانون وايضا في الشريعة الاسلامية وكذلك مفهوم كرامة الوظيفة العامة ومجالات تطبيق المحافظة على كرامة الوظيفة العامة ويناقش ايضا ضوابط واجب المحافظة على كرامة الوظيفة وضوابط السلوك المخل بكرامة الوظيفة العامة وضمانات المحافظة على كرامة الوظيفة العامة . ومن اهم المقترحات والتوصيات :-	
	3788	10908789	واجب المحافظة على كرامة الوظيفة العامة في القانون المقارن والشريعة الاسلامية :	حسن، حمدي محمد العمجي .	القاهرة :	2004	على الادارة وهي تقوم باختيار الموظفين ان تتأكد تماما من الصلاحية الاخلاقية للمرشحين وذلك بكل الطرق الممكنة ومن-1 خلال وضع شروط للتعيين واضحة وصريحة بعيدا عن التناهات حتى لا تترك مجالا للمحسوبية واستغلال واضحة النفوذ الذي تقضى اخيرا واصبح ظاهرا للعيان . حتى ان بعض الوظائف اليوم اصبحت تباع وتشترى اما باستغلال النفوذ او بدفع مبالغ طائلة وهذا واقع لا يمكن على الاطلاق انكاره كما انه يجب على الادارة في حالة رفض المرشح للوظيفة ان تبين بجلاء الاسباب والدوافع التي حدثت بها الى هذا الرفض حتى يكن المرشح على بينة من امره . الا تترك الادارة الى حسن اختيارها وانما عليها ان تقوم بواجبها من الإصلاح والتقويم للموظف العام وذلك من خلال-2 البرامج السلوكية الاخلاقية التي يتضمنها هذا النوع من التدريب والذي لا يقل اهمية عن التدريب العلمى والعلمى وذلك لان الموظف الخلق هو الذى يسخر ماتدرب عليه من الناحية العلمية والعملية لمصلحة الوظيفة العامة	
	3789	10909027	الحماية الجنائية في مجال الطاقة النووية السلمية /	محمد عبد الرحيم الناعى ،	طنطا :	2009	لقد كان موضوع الحماية الجنائية في مجالات الطاقة النووية السلمية هو موضوع هذه الدراسة حيث بدأت الدراسة بمفهوم الطاقة النووية وما هيته حملتها جنائيا ثم بعد ذلك عرضت الرسالة النظام القانوني للجريمة في مجالات الطاقة النووية حيث عرضت الرسالة بيان الطبيعة القانونية للجرائم النووية وقسمت الرسالة وصنفت الجرائم فمن حيث التقسيم المعتاد للجرائم الى جنائيات وجنح ومخالفات وهو المعروف بالتقسيم الثلاثي للجرائم تبين ان الجرائم النووية يصدق عليها هذا التقسيم بأنواعه الثلاث إذ قد تكون الجريمة النووية جنائية وقد تكون جنحة أو مخالفة وذلك بحسب نوع العقوبة المقررة لها وبعد ذلك تناولت الرسالة موقف الجريمة النووية من التقسيم الموضوعي للجرائم ويقصد به تقسيمها الى جرائم عادية وسياسية وعسكرية وقد تبين ان الجريمة النووية ينطبق عليها هذه الأوصاف الثلاث أيضاً ثم بعد ذلك اوضحت الرسالة خصائص الجريمة النووية إذ رغم اشتراكها في كافة الأوصاف السابقة فإن لها ما يميزها عن غيرها من الجرائم ويحدد ملامحها التي تفرقها بها فهي من جرائم الضرر سواء لحق هذا الضرر بالدولة او لحق بأحد الناس فيمس حياته او سلامته او ممتلكاته او بيئته وهي كذلك من جرائم الخطر . وقد عرضنا صور للقصد الجنائي الأخرى في الجرائم النووية وبصفة خاصة القصد المباشر والقصد الاحتمالي وعرفنا القصد الاحتمالي بأنه ذلك يعضى قضا في مشروع غير عاىء بما اذا كانت النتيجة ستحدث ام لا وقبلها على فرض تحققها وعرضنا للدور الذى يلعبه القصد الاحتمالى واهميته الخاصة في مجال التجريم النووى لما تميزه به الاضرار النووية من طبيعة غير محددة وبالتالي تكون نتائج السلوك الاجرامى فيها محتملة وغير يقينية.	
	3790	10909479	ابو عيسى، جمال ابراهيم محمد .	جمال ابراهيم محمد ابو عيسى ،	طنطا :	2009	والتفرح من تطوير النظام العدالة الجنائية في مصر محكوم بالتوازن الدقيق الذى ينبغي ان يحدث بين اعتبارين هامين لا يمكن التضحية بأحدهما من أجل الآخر وهما 1: ان اى تعديل او تغيير يجب ان يكون بتحديد ضروريا لازما لنظام العدالة الجنائية ولين كما رايناه في بعض الدول وما يحقق اغراض الاستكشاف الجنائي وذلك في اطار الظروف الزمانية والمكانية التى يعيشها المجتمع .2:البناء على ما أظهرته الدراسة من وجود اصول للاستكشاف تتمثل في بعض النصوص من الدستور المصرى والتشريع وتعليمات النيابة العامة مع فهم جديد اوسع لهذه النصوص لتكون اساما لاقامة نظام الاستكشاف الجنائى على ان يكون استكشاف المتهم لادلة النيابة العامة كاملا وشاملا حتى يتوافق مع المبادئ الدستورية . 4: يتم الاخذا بنظام الاستكشاف باليات والنتائج المترتبة عليه وفقا للضوابط التالى حتى لا تحدث مشكلة التمهيدية التطبيقية بالمعمل على تغيير المفاهيم السائدة علىئذ الفقه المشروع والقضاء والنيابة العامة والمحامين وبالأذات تبني قاعدة التكافؤ بين الدفاع والنيابة والمساو في الأسلحة والتنازل عن بعض افكار النظام التفتيى السالطوية وتقبل أعضاء النيابة العامة لفكرة المساواة في الأسلحة والتنازل عن بعض افكار النظام وتقبل فكرة كون الجريمة تمثل اعتداء على مصلحة خاصة للمجنى عليه الى جانب اعتدائها على مصالح المجتمع .	
					الاسكندر	2007	من خلال هذا البحث العلمى حول الحماية الجنائية الموضوعية للأطفال المستخدمين الذى تمت فيه محاولة الاجابة عن اشكالية هامة هي مدى وجود حماية جنائية للأطفال المستخدمين في مجال التشغيل ،فقد توصلت الدراسة الى النتائج والافتراضات التى تكفل حقوق الطفل وسلامته بالنسبة للسن والذى يمثل اهم عناصر تنظيم عمل الأطفال اتضح ان كل من التشريعين المصرى والجزائرى سعيا الى تحقيق مبدأ تحديدمسن دنيا للقول في العمل التزاما بما ورد في الاتفاقية 138 المتعلقة بتحديد الحد الأدنى لسن الاستخدام والتي اعتمدت سن 15 سنة كحد ادنى في المرحلة الاولى يرتفع تدريجيا لسن 16او ينزل الى سن 14 في بعض الدول التى لم يصل اقتصادها وتسهيلاتها التعليمية درجة من التطور وقد حدد السن الأدنى في مصر ب 14 سنة وفى الجزائر 16 سنة.	
							ومن اهم الملاحظات :	
							. رفع السن الأدنى في مصر بما يتوافق ونهاية مرحلة التعليم الإلزامى بعد جعل التعليم الابتدائى ست سنوات بدل خمسة-1 مراجعة دورية لقوائم الاعمال الخطرة المذكورة بمقتضى القرار 118 لسنة 2003 بمصر أما الجزائر وبالرغم من-2 . الاعتقاد من أن المشرع احسن بعدم تحديده لقائمة الاعمال الخطرة . على المشرع الجزائرى ضبط فترة الراحة الليلية بما يتوافق والمعايير الدولية-3 . يستحسن على التشريعين من أجل تفعيل الحماية الجنائية بما يتوافق مع مصلحة الطفل-4 . تنظيم ساعات العمل الخاصة بالأطفال العمال في الجزائر وعدم الرجوع الى القواعد العامة لتشغيل البالغين-4 ضرورة سن قوانين تحظر على الأطفال العمل في مجال صنع وبيع الخمور وترويج المخدرات والاستخدام في القوات-5 . المسلحة في القانون الجزائرى .	
	3791	10909519	الحماية الجنائية الموضوعية للأطفال المستخدمين /	بحرى، فاطمة جيلالي .	القاهرة :	2007		

						تناول البحث دراسة تنازع القوانين في مجال حوادث العمل وأوضح ماهية حادث العمل والطابع الدولي لمنازعات التعويض عنه وذلك من خلال دراسة مفهوم حادث العمل والأمراض المهنية ومعالجة حادث الإجهاد أو الإرقاع. كما تناول تطور نظام المسؤولية عن إصابات العمل والطابع الدولي لمنازعاتها، وناقش القانون الواجب التطبيق على إصابات العمل في ظل قواعد المسؤولية المدنية والتشريعات الخاصة، كما ناقش قواعد التأمينات الاجتماعية وأثرها على نطاق تطبيق القانون المختص. ثم دراسة القانون الواجب التطبيق على إصابات العمل في القانون الإنفاقي، كما تم دراسة القانون الواجب التطبيق على دعوى التعويض ضد رب العمل أو المسؤول وفقا لقواعد المسؤولية التصريحية ورجوع هيئة التأمينات الاجتماعية br وقد استند الباحث المنهج التأصيلي المقارن br وكانت من أهم النتائج:- 1-br أن الحماية من مخاطر إصابات العمل من أقدام نظم الامان الاجتماعي وأن مبادئها قد مرت بالعديد من التطورات 2-br أن الطابع الدولي لمنازعات التعويض عن إصابات العمل يبدو كثر لتدويل علاقه العمل.وقد أوضحت الدراسة موضوع تنازع القوانين في مجال حوادث العمل وقد أفرزت العديد من النتائج ومنها 1: إذا كانت الحماية من المخاطر الناجمة عن إصابات العمل تعد من أقدام نظم الامان الاجتماعي فإين مبادئ تلك الحماية قد مرت بالعديد من التطورات وهي تتعلق بأعمال قواعد المسؤولية المدنية والثانية قد شملت تطبيق التشريعات الخاصة بحوادث العمل والثالثة قد ارتبطت بتطبيق نظام التأمينات الاجتماعية سؤ تتعلق بمصر او غيرها من الدول الاجنبية . 2: فيما يتعلق بدولية منازعات التعويض عن إصابات العمل وتحديد طبيعة تلك المنازعات وما إذا كانت تعد منازعات دولية اما دخلية فقد تبين لنا من البحث ان الطابع الدولي لمنازعات التعويض عن إصابات العمل يبدو كثر لتدويل علاقه العمل .		
3792	10909576	تنازع القوانين في مجال حوادث العمل /	عبد الجواد، جابر سالم عبد الغفار .	جابر سالم عبدالغفار عبد الجواد ،	القاهرة : 2001 .	نظام الحسبة في الإسلام نظام قانوني يعتمد في أساسه على فصول من القرآن والسنة للاحتساب على نوى السلطان وتغيير المنكرات التي تقع منهم على حقوق الله كالأعتداء على مبدأ الشورى والحريه والمساواه ويجاول الباحث في هذه الدراسة ابراز الدور السياسي الذي يمكن ان تلعبه الحسبة في تنظيم العلاقة بين الحاكم والمحكوم ويجاول الباحث الوصول الى تصور صحيح ومقبول لنظام الحسبة في الإسلام في الوقت الحاضر ويمكن ان يؤدي دوره في الاحتساب على نوى الجاه والسلطان وواجب الامر بالمعروف والنهي عن المنكر لمقاومه الظلم بكافه صوره ومحاربه انواع الفساد الذي تقع من نوى الجاه والسلطان في المجتمع أن مقاومة الظلم والاحتساب على الحاكم واجب ديني ومن أجل ذلك شرع الاسلام مقاومة الظلم ووجب على الأمة الإنكار على حكام الجور ما وجدوا الى ذلك سبيلا . أن جوهر الديمقراطية مقبول في الإسلام مع الإقرار بأن ثمة فوارق من أهمها أن سلطة الأغلبية التي هي إحدى ركائز نظام الحكم الديمقراطي النبائي ليست مطلقة في الإسلام وإنما هي محكومة بما قرره الإسلام من مبادئ وأصول جاءت بها نصوص القرآن والسنة على وجه القطع والإلزام التشريعي .		
3793	10909613	الاحتساب على نوى الجاه والسلطان :	عبد الخالق، محمد فريد .	محمد فريد عبد الخالق ،	القاهرة : 2009 .	تناول البحث التطور التاريخي للإدعاء المدني، ثم عرض لعناصر الدعوى المدنية من حيث الأشخاص (المدعى بالحق المدني، المدعى عليه)، وناقش سبب الدعوى المدنية وعناصر السبب وشرط الضرر، ثم تحدث عن الدعوى من حيث: صور التعويض، أسس تقدير التعويض، كما تحدث عن مباشرة الدعوى المدنية أمام القضاء الجنائي وتحدث عن حق الخيار بين الطريق الجنائي والمدني وكيفية مباشرة الإدعاء المدني، كما عرض لتبعية الدعوى المدنية للدعوى الجنائية وقبورها واستثناءات قادة التبعية ومدى تأثير الحكم المدني على الدعوى الجنائية، واستعرض الاتجاهات الحديثة في التشريع والفقه والقضاء في مصر وفرنسا، ثم نوقشت النتائج. وهي 1-قبول الادعاء المدني على الرغم من عدم اختصاص القضاء الجنائي بالفصل في التعويض المدني . قبول الادعاء المباشر في بعض الحالات رغم عدم وجود الحق في التعويض-2 قبول الادعاء بالحق المدني من المجنى عليه أمام القضاء الجنائي حتى لو كان في مركز غير مشروع-3 قبول دعوى التعويض المدنية أمام القضاء الجنائي حتى ولو كان الضرر الذي أصاب المضرور من الجريمة ضرر غير مباشر قبول الادعاء المدني في جرائم المصلحة العامة -5		
3794	10909618	ذاتية الدعوى المدنية الناشئة عن الجريمة /	يوسف، توفيق لويس توفيق .	توفيق لويس توفيق ،	الزقازيق : 2004 .	لقد بدأت هذه الرسالة بلحمة تاريخية عن إختصاصات المحكمة الدستورية في كل من مصر والكويت حيث أوضحت حول الاستير السابفة على الدستور الحالي من الإشارة الى القضاء الدستوري المتخصص في مصر ثم أوضحت اختصاصات المحكمة العليا في مصر حيث كانت تخص بالفصل في دستورية القوانين وتفسير النصوص القانونية كما كانت تخص بالفصل في طلبات وقف تنفيذ الأحكام الصادرة من هيئات التحكيم وفي النهاية كانت تختص بفرض تنازع الاختصاص ثم عرضت بعد ذلك لاختصاصات المحكمة الدستورية العليا حيث تختص تلك المحكمة بالرقابة على دستورية القوانين واللوائح كما تختص بالفصل في تنازع الاختصاص بين جهات القضاء كذلك الفصل في النزاع الذي يقوم بشأن تنفيذ حكمين نهائيين متناقضين كما أسندت المادة 26 من قانون المحكمة الدستورية العليا لهذه المحكمة سلطة تعتر نصوص القوانين الصادرة من السلطة التشريعية ،إن الرقابة على دستورية القوانين ، هي عملية من طبيعة قانونية معينة وإذاكانت هذه الرقابة والآثار المترتبة على ممارستها لها انعكاسات هامة في مجال الحياة السياسية. من أهم المقترحات :- 1. لم ينص الدستور الكويتي على تحديد اعضاء الجهة القضائية التي تختص بالرقابة على دستورية القوانين واللوائح-1 كنا نود ان يكون المشرع الدستوري أكثر وضوحا في كيفية تشكيل اعضاء المحكمة الدستورية الكويتية وتحديد نسبة كل-2 . من الحكومة ومجلس الامة نوصي بتوسيع اختصاص المحكمة الدستورية العليا في مصر والكويت بان يسند اليها الاختصاص بنظر الطعون-3 . الانتخابية نوصي بان ينص قانون المحكمة الدستورية على أن قرارات مجلس الامة بأقرار او رفض اقرار المراسيم بقوانين على-4 خضوعها لرقابة المحكمة الدستورية		
3795	10909898	حجية الحكم الصادر في الدعوى الدستورية وآثاره :	البندر، نواف إدريس محمود .	نواف إدريس محمود البندر ،	بني سويف : 2008 .	يتناول الباحث في بحثه :- نشأة الفسخ في القانونين الروماني والفرنسي والقانونين المصري واليمني كما يتناول مفهوم فسخ العقد في إطار المجموع العقدي ومفهوم الفسخ وأساسه وتميزه عن غيره من المصطلحات القانونية المقاربة له كما قام الباحث بالتعرف على مفهوم المجموع العقدي بذكر نشأتها ومفهومها وتمييزها عن غيرها واستعرض الباحث فكرة فسخ العقد في إطار المجموع العقدي وذلك بمعرفة مدى جوازها وضوابطها كما سيندر الباحث مدى جواز العلاقة العقديه المباشره بين اطراف المجموع العقديه وأهميتها وأساسها كما سيرشح الباحث احكام فسخ العقد في إطار المجموع العقديه ومنها احكام فسخ العقد كعقود البيع المتواليه على مال واحد وعقود الاجازة من الباطن المتواليه عن عين واحدة وعقود المفاوضه من الباطن المترابطه بقصد تحقيق مشروع مشترك. ومن أهم التوصيات :- يوصي الباحث المشرع اليمني بعدم الاشراف في تغيير القانون المدني الذي يعد اصل القوانين كما يوصي ايضا المشرع-1 . اليمني عند وضع القوانين ان تكون المواد في نصوص عامة نوصي المشرع عين المصري واليمني بالأخذ بمفهوم المجموع العقديه والتي تدخل في المفهوم الموضوعي لمبدأ نسبية اثر-2 . التصرفات يجعل العلاقة العقديه المباشرة بين اطراف المجموعه العقديه في عقد الإيجار من الباطن وكذلك نوصي المشرع السابق بالأخذ بالمفهوم السابق للمجموعه العقديه بما تتضمنه من حقوق عقديه مباشرة بما فيها-3 . الفسخ واخير فالتنا نوصي الفقه القانوني في كل من مصر واليمن بالمناداة بفكرة مفهوم المجموعه العقديه وما يتضمنه عليه من-4 علاقة مباشرة بين أطرافها تشمل كافة الدعاوى العقديه المباشرة من مسئولية وتنفيذ وفسخ كما ندعو أيضا القضاء في البلدين إلى الأخذ بالمجموعه العقديه وذلك لأهميتها السابفة

					يطلب لي في نهاية المطاف "الجريمة الزنى في القانون المصري والنظام السعودي ان اختتم الكلام بمستخلص لاه ثمرات هذه الدراسة ان القانون المصري كغيره من القوانين الوضعية لا يعاقب على وطء غير مشروع وإنما حصر عقوبة الزنا على نوع واحد وهو الذي يكون احد طرفيه مرتبطا بعلاقة زوجية إما النظام السعودي يعاقب على جريمة الزنا طبقا لإحكام الشريعة الإسلامية التي تعتبر الزنا فيها اشمل واع منه في القانون المصري فهو يطلق على كل وطء خارج نطاق الزواج سواء أكان الفاعل تربطه علاقة زوجية أم لا وقد فرق القانون المصري بين زنا الزوجة وزنى الرجل كان الجريمة زنى الزوجة هي ثلاث أركان متمثلة في : - الاتصال الجنسي بغير الزوج - إبتداء قيام علاقة زوجية فعلا أو حكما - اتجاه إرادة الزوجة للقيام بهذا الوطء غير المشروع برضاها المعترف قانونيا ويضاف إليها ركن رابع لزنى الزوج وهو ارتكاب الزنا في منزل الزوجة بينما أركان جريمة الزنا في الشريعة الإسلامية هي ركنين وهما الوطء المحرم وتعمد الوطء وذلك باتفاق الفقهاء وعرفنا الوطء المعترف زنا وهو اتصال الرجل بامرأة جنسيا بالحرام كاتصاله بزوجه في الحلال وقد أجاز المشرع المصري إثبات زنى الزوجة وزنا الزوج وشريكه بكافة طرق الإثبات القانونية أم شريك الزوجة الزانية فقد حصر المشرع الأدلة التي تكون حجة عليه في أربعة أدلة فقط على سبيل الحصر وهي : - التلبس بالجريمة - الاعتراف - المكتيب والأوراق التي تصدر من الشريك والمتضمنة اعترافا صريحا أو ضمنيا بالجريمة بشرط ان تكون مكتوبة بخط يده - وجود الشريك في منزل مسلم في المحل المخصص للحريم بينما نجد ان الزنا في الشريعة لا يثبت إلا بالشهادة أو الإقرار أو بثبوت العمل عند بعض الأئمة وقد اشترط القانون المصري لتحريك دعوى الزنا في النظام السعودي هي وفقا لإحكام الشريعة التي عالجتها هذه الجريمة باعتبارها تعديا على المجتمع وأعطت حق التبليغ عن الجريمة للمجنى عليه أو وكيله أو احد أفراد المجتمع على سبيل الشهادة أو قد يكون المبلغ هو الجاني على سبيل الإقرار وقد فرق القانون المصري بين عقوبة زنى الزوجة وزنى الزوج فجعل عقوبة الزوجة الزانية وشريكها هي الحبس لمدة لا تزيد على سنتين وجعل عقوبة الزوج الزاني الحبس لمدة لا تزيد عن ستة شهور ولم ينطرق لعقوبة شريكة الزوج الزاني ولم يجرم القانون المصري زنى المحارم متأثرا بالقانون الفرنسي بينما نجد ان الشريعة الإسلامية قد فرقت في العقوبة بين الزاني المحصن وغير المحصن فجعلت عقوبة الأول هي الرجم وعقوبة الثاني هي الجلد مدة جلده والتعزير وهذا من سماحة الشريعة التي لم تجعل عقوبة المحصن الحلاب بالزواج ثم سلك طريق الحرام كعقوبة الغير الذي لم يسبق له الزواج	2007 .	القاهرة :	حاتم بن أحمد الساهر ،	الساهر ، حاتم بن احمد .	جريمة الزنى في القانون المصري والنظام السعودي :	10910790	3801
					وتكمن أهمية هذه الدراسة بوضوح في أن الحد من الجريمة الدولية ومسألة مقترفيها وعقابهم يشكل الهدف الرئيسي للقانون الدولي الجنائي باعتباره فرعاً حديثاً من فروع القانون الدولي ، فهو بمثابة الشق الجنائي له . فالقانون الدولي الجنائي باعتباره نبتاً علمياً جديداً ، لم يستقر على عوده بعد بقر العقاب على انتهاك النظام العام الدولي في أشد صور هذا الانتهاك من حيث الجسمانية . إذ أن الجرائم في نطاق القانون الدولي الجنائي لا تقتصر فحسب على قتل إنسان أو إصابته في سلامته الجسدية ، بل تشمل جرائم هذا القانون في مخالفة قوانين الحرب وأعرافها (أى جرائم الحرب) وما يرتكب فيها من فظائع وأعمال وحشية جسيمة يندى لها جبين البشرية ، كما تتمثل في إبادة الجنس البشري والجريمة ضد الإنسانية ، وأخيراً جريمة العدوان . br . وتبرز أهمية هذا القانون في الآثار الجسيمة الناجمة عن ارتكاب تلك الجرائم ، والتي تتزايد حدتها ، ويتسع نطاقها بمرور الزمن ، وما ذلك إلا نتيجة حتمية لتشابك وتعقد المصالح الدولية وتداخلها ، وكذلك تعدد صور السلوك الإجرامي .. كذلك تبرز أهمية هذا القانون في الأحداث المتلاحقة على الساحة الدولية ، والتي إن دلّت على شئ ، فإنما تدل على أن المجتمع الدولي لا يمكن أن يستقر وينمو بدون قانون يترصد بالعقاب كل من تهفو نفسه إلى العبث بأمن المجتمع الدولي واستقراره وسلامته . br . إذن فوجود قانون دولي جنائي " يحدد الجرائم الدولية ويبين العقاب عليها ، يمكن أن يكون وسيلة لتحقيق التوازن العادل بين المحافظة على المصالح العليا للمجتمع الدولي من ناحية ، واحتمالات العبث بمقرراتها من ناحية أخرى .. فالجزاء الجنائي يتعين أن يصبح عنصرأ من عناصر الردع والجزر في القانون الدولي الجنائي ، وما ذلك إلا من أجل منع كل من قد تهفو نفسه – رئيساً كان أو مروضاً - للعبث بأمن ومقررات الشعوب ، وانطلاقاً من هنا ، وإدراكاً منى لهذا الهدف فسوف أحاول من خلال هذه الدراسة تناول الموضوعات التي من شأنها إزاحة بعض الغموض والتدقيق الذي يكتنف كلاً من الجرائم الدولية والقانون الدولي الجنائي . فإذا ما انتهيت من ذلك عرجت على الأحكام العامة والموضوعية للجرائم الدولية طبقاً لقانون الدولي الجنائي الموضوعي ، والتي تعرضت لها كل المراجع بالبحث .	2007 .	طنطا :	مصطفى شكرى الدقاق ،	الدقاق ، مصطفى شكرى .	الجريمة الدولية /	10910835	3802
					تتازع القوانين في مجال حق المؤلف يقتضي دراسة شقين رئيسيين هما القانون واجب التطبيق فيما يتعلق بتحديد المؤلف باختلاف النظم في تعريف المؤلف وهذا الاختلاف ينقسم حول قانون الدولة المطلوب تقرير الحماية بها وقانون الدولة الأصلية أو مايعرف بقانون دولة النشر الأول اما الشق الثاني فهو دراسته القانون الواجب التطبيق على حق المؤلف وقد خلسنا فيه الى اختلاف القانون باختلاف الطريقة التي تم فيها الاعتداء على حق المؤلف فلن كان وفقا للمسنولين الاتفاقية والقانون الواجب التطبيق هو قانون الارادة كما هو الحال في سائر العقود اما اذا كان الاعتداء وفقا للمسنولين التصديرية فالقانون واجب التطبيق هو قونن الدولة المطلوب تقرير الحماية بها على ما يرد عليها من إستثناء في بعض الحالات كما لو كانت مدة حماية الحق في قانون الدولة المطلوب تقدير الحماية بها أطول من المدة المقررة في قانون الدولة الأصلية . أن الحديث عن تتازع القوانين فيما يخص حق المؤلف يستلزم منا ابتداء بيان نقاط رئيسية تتمثل في بيان التطور التاريخي لحق المؤلف في المعاهدات الدولية والتشريعات الوطنية وهو ما سيتم دراسته في المطلب الأول . ثم لابد بعدها من بيان مفهوم العمل الذهني المستحق لهذه الحماية ؛ فهناك الكثير من الاعمال الذهنية والتي لا تدخل في نطاق حماية قوانين حق المؤلف وعليه فلا بد من بيان هذه الاعمال الذهنية ، إذ لا يمكن فهم طبيعة حق المؤلف ومن ثم القول بالقانون الواجب التطبيق عليه قبل فهم وبيان محتوى هذا الحق .	2009 .	القاهرة :	احمد محمد يوسف الشحى ،	الشحى، احمد محمد يوسف .	تتازع القوانين في مجال حق المؤلف /	10910836	3803
					تدعو هذه الدراسة الولايات المتحدة الأمريكية الى مراجعة موقفها الرافض للمحكمة الجنائية الدولية والذي يبدو من خلال تطلن عزمها على انتهاك القانون الدولي الانساني وارتكاب الجرائم الدولية حول العالم فهذا الموقف ان ينتج عنه تضاعف المحكمة الجنائية الدولية اوقلها بل كل نتيجة هي عزله للولايات المتحدة الأمريكية ومزيد من السمعة السيئة لها في المجال الدولي وعلاوة على التوصيات السابقة فتدعو هذه الدراسة المجتمع الدولي والدوال الاطراف في المحكمة الجنائية الدولية بل المحكمة ذاتها عدم الاعتداد بالاتفاقيات الثنائية التي ابرمتها الولايات المتحدة لمنع تسليم رعاياها والسير في اجراءات المحكمة والاتهام بصورة عادية دون ان تعبر هذه الاتفاقيات الثقلا لكونه غير قانونية وتدعو المزيد من دول العالم للانضمام الى المحكمة الجنائية الدولية والتصديق على نظامها الاساسي وان تبدل الدول كل الجيد لتعاون مع هذه المحكمة حيث انها المثلد الهامى الحالي للعدالة الجنائية الدولية في ايشع الجرائم واكثرها ضررا بالانسان . وقد توصل الى عدة توصيات 1: على المستوى الدولي تدعو هذه الدراسة الولايات المتحدة الأمريكية الى مراجعته موقفها الرافض للمحكم الجنائية والتي يبدو عليه وكأنها من خلالها تعلن عزمها على انتهاك القانون الدولي العام الانساني وارتكاب الجرائم الجنائية الدولية وعلاوة على التوصيات السابقة فتدعو هذه الدراسة المجتمع الدولي والدوال الاطراف في المحكمة الجنائية الدولية الى عدم الاعتداد بالاتفاقيات الثنائية التي ابرمتها الولايات المتحدة الامريكية لمنع تسليم رعاياها والسير في اجراء المحاكمة والاتهام بصورة عادية دون تعبر هذه الاتفاقيات وتدعو المزيد من دول العالم للانضمام الى المحكمة الجنائية الدولية والتصديق على نظامها .	2009 .	القازاق :	امجد احمد محمد هيكل ،	هيكل ، امجداحمد محمد .	المسئولية الجنائية الفردية الدولية امام القضاء الجنائي الدولي :	10910922	3804

					يجب ان تقتصر وظيفة مامورى الضبط القضائى على ضبط الشرطة فقط الحاصلين على ليسانس الحقوق وعلوم الشرطة دون ماسواهم من باقى اعضاء هيئة الشرطة من الانماء والمساعدين وغيرهم . الزاوية الثانية :- ان افضل الوسائل لتأكيد وتدعيم حماية الحقوق والحريات الفردية أثناء مياثرة الإجراءات في مرحلة جمع الاستدلال في اطار من التوازن بين تلك الحقوق والحريات والمصلحة العامة عند مياثرة مامورى الضبط القضائى لاعمالهم في الكشف عن الجرائم وضبط مرتكبيها لا يكون من خلال سن النصوص التشريعية . الزاوية الثالثة :- وضع الضوابط والقواعد التى تخول مامور الضبط القضائى سلطة القيام بالاجراءات فى تلك المرحلة بصورة واضحة لاتدعو والبعد عن العبارات العامة التى تحتمل التوسع فى التفسير بما يخرجها عن مرادها الحقيقى والحكمة التى تغياها المشروع من هذه النصوص . الزاوية الرابعة :- ان يكون لدى مامور الضبط القضائى الوعى الكامل وهذا لايتواجد الا اذا اقتصرت وظيفة الضبط القضائى على ضبط الشرطة . الزاوية الخامسة :- يجب احترام حرية البراءة فى الانسان فعلى مامورى الضبط القضائى ان يعامل كافة المشتبه بهم والمتهمين معاملة على اسس ان الاصل فى الانسان البراءة . الزاوية السادسة :- لما كان المشرع الفرنسى قد وفر الكثير من الضمانات فى مرحلة جمع الاستدلالات اعتبار من قانون 1993 دعم هذه الضمانات واكد عليها قانون 15مايو سنة 2000. لما كان الاستيقاف لاستجلاء حقيقة المستوقف والتأكد من شخصيته بسؤاله عن بطاقته الشخصية ولايجوز لرجل السلطة اقتياد المستوقف الى قسم الشرطة رغم عنه . اما فى حالة عجز المستوقف عن تقديم ما يثبت شخصيته فانه فى هذه الحالة يكون توافرت فى حقه حالة التلبس بجريمة عدم حمل بطاقة اثبات الشخصية المنصوص عليها بالمادتين(52+60) من القانون رقم 260 لسنة 1960 فى شأن الاحوال المدنية .	2007 . القاهره :	سمير محمد شعبان , شعبان, سمير محمد محمد .	ضمانات حقوق الإنسان في مرحلة الإستدلال /	10912132 3810	
					تناول الباحث بالدراسة ضمانات المتهم أثناء مرحلة التحقيق الابتدائى فى النظام السعودى وتتخلص الدراسة بالقاء الضوء على ماهية التحقيق الابتدائى من ناحية مفهومه ومفهوم المتهم ثم سلط الباحث الضوء على الضمانات العامة بين أن هناك ضمانات متعلقة بحماية المتهم وضمانات تستمد من اختصاص التحقيق الابتدائى وتناول الباحث بعد ذلك الضمانات الخاصة وهى ضمانات الدفاع عن المتهم وضمانات عدم المساس بحرمته الخاصة وعدم التأثير على ارادته أصبحت شخصية المتهم محل اهتمام ودراسة من الناحيتين النفسية والاجتماعية لمعرفة العوامل الدافعة لارتكاب الجريمة وذلك لمساعدة القاضي من ناحية اختيار العقوبة المناسبة بالرغم مما يمثلته الحبس الاحتياطى من سلب حرية المتهم فترة من الزمن قد تطول أو تقصر اما بالنسبة لقانون الاجراءات الجنائية المصرى فقد افر ضمانات مهمة للمتهم بموجب قانون رقم 145 لسنة 2006م وكشفت الدراسة عن مدى اهتمام المنظم السعودى والقانون المصرى ببعض طوائف المتهمين ككل كل من المنظم السعودى والقانون المصرى حق الدفاع للمتهم باعتبار هذا الحق من أهم الحقوق له بالرغم من أن المنظم السعودى اوجب عند حضور المتهم التحقيق لأول مرة أن يحاط علما بالتهمة المنسوبة اليه مع اثبات اقواله فى المحضر نظرا لما تشكله الشهادة من اهمية أثناء مرحلة التحقيق الابتدائى فانه يلاحظ ان المنظم السعودى لم تنص على الزام الشاهد بالحضور لم يأخذ المنظم السعودى بميعال جسامنة العقوبة او تحديد نوع الجريمة وذلك عندما اشترط لتفتيش المسكن أن يكون هناك اتهام موجه الى الشخص المعين فى المسكن المراد تفتيشه يارتكاب جريمة او ياشترأكه فى ارتكابها (المادة 80 من نظام الاجراءات الجزائية . بعد ان اتفهيما بحمد الله وتوفيقه من دراسة موضوع مشروعية الصوت والصورة فى الإثبات الجنائي ، وتلك من خلال بيان موقف المشرع الأمريكى والفرنسي ، وكذلك المشرع المصرى والأردني من الدليل المستمد من مراقبة المحادثات التليفونية والتسجيل الصوتي والصورة ، ومدى حجة في الإثبات الجنائي ، فضلاً عن بيان الضمانات القانونية التي نصت عليها التشريعات المقارنة ، كضوابط كفيلة بإقامة نوع من التوازن بين حق المجتمع في إقامة العدالة ، وكشف غموض الجرائم وضبط الجناة ، وبين حق المتهم في حرمة حياته الخاصة ، وهو ما تناوله في الباب الأول . Dr ولم ينف الأمر في النظم القانونية المختلفة عند هذا الحد ، بل امتدت رعاية المشرع لتحيط تلك الحقوق والضمانات بسياج من الحماية القانونية التي تكفل احترامها من عدوان السلطة أو الغير ، فبدون هذه الحماية تبقى الضمانات المختلفة التي تقرها التشريعات المقارنة لضيافة حقوق الأفراد عديمة الجدوى وغير محققة لغايتها ، فالضمانات التي تحاطب بها إجراءات البحث عن الألة يترتب على مخالفتها جزاءات تجعل من هذه الضمانات حصن يقي المتهم من الاعتداء على حقوقه أو اتخاذ أي إجراء يمس حرمة حياته الخاصة . وأهم التوصيات الخاصة بالقانون المصرى :- اولاً:-تعديل الفقرة الاولى من المادة (45) من الدستور والتي نصن على ان لحياة المواطنين الخاصة حرمة بحميها القانون والفقرة الاولى من المادة (57) من الدستور والتي تنص على ان كل اعتداء على الحرية الشخصية او حرمة الحياة الخاصة للمواطنين وغيرها من الحقوق والحريات العامة التي يكفلها الدستور والقانون . ثانياً:-حذف كلمة(الموطن) الواردة بصدر المادة (309) مكرر من قانون العقوبات المصرى على ان يحل محلها كلمة (القرء) . ثالثاً:-إلغاء لفظ (المحادثات) ويحل محلها لفظ الحديث من أجل بسط الحماية الجنائية على الحديث . رابعاً:-أظهرت الدراسة اتجاه القوانين المقارنة الى تحديد مدة المراقبة لخطورتها على الحياة الخاصة . خامساً:-كشفت الدراسة عن مدى انتشار جهاز الفيديو في المجال الجنائي في الأونة الأخيرة . سادساً:-أظهرت الدراسة حرص المشرع الفرنسى على شمول الحماية الجنائية الموضوعية لكل من يقيم على الاراضى الفرنسية . اما القانون الاردني :- تشير الى ان المشرع الاردني لم يات بنصوص تعالج موضوع المراقبة الالكترونية بالشكل فلم يوازن بين حق المجتمع فى إقامة العدالة وكشف غموض الجرائم وضبط الجناة وبين حق المتهم فى حرمة حياته الخاصة وضرورة النص فى قانون العقوبات على تجريم الاعتداء على الحق فى الخصوصية والتي تضم جريمة التقاط أو تسجيل أو نقل الاحاديث الخاصة وجريمة التقاط أو التسجيل أو نقل الصوروجريمة اذاعة أو استعمال التسجيل أو المستند أو التهديد بالقضاء . ضرورة النص فى قانون العقوبات على تجريم تصنيع أو استيراد أو الاعلان عن الاجهزة التى تستخدم فى التجسس على الحياة الخاصة بكافة عناصرها ويتعين على المشرع الاردني ان يضع ضمانات وضوابط تتكافأ مع شدة المراقبة ومن هذه الضمانات ان يكون اصدار الاذن بالمراقبة من اختصاص السلطة القضائية مع تسبب امر المراقبة وتجنب الاحاديث البرينة وقصر المراقبة على المتهم الذى تنوافر دلائل كافية على ارتكابه الجريمة .	2009 . القاهرة :	محمد أمين الرشيدة , الخرشة, محمد أمين فلاح .	مشروعية الصوت والصورة في الإثبات الجنائي :	10912337 3812	

							لكي تحقق الدراسة أهدافها، سوف نتناول موضوع البحث (أثر التقنيات الحديثة في مجال الدليل الكتابي) من خلال ثلاثة أبواب، وذلك على النحو التالي : br الباب الأول br الإثبات بالدليل الكتابي التقليدي br وينقسم إلى ثلاثة فصول : br الفصل الأول : أنواع الدليل الكتابي التقليدي، ويندرج تحته مبحثان : br المبحث الأول : المحررات الرسمية . br المبحث الثاني : المحررات العرفية . br الفصل الثاني : قاعدة الدليل الكتابي التقليدي، ويندرج تحته مبحثان : br المبحث الأول : الحالات التي يجب فيها الإثبات بالكتابة . br المبحث الثاني : الاستثناءات القانونية من ضرورة الإثبات بالكتابة . br الفصل الثالث : عناصر الدليل الكتابي التقليدي، ويندرج تحته مبحثان : br المبحث الأول : عنصر الكتابة . br المبحث الثاني : عنصر التوقيع . br الباب الثاني br التقنيات الحديثة وانعكاسها على الدليل الكتابي في الإثبات br وينقسم إلى فصلين: br الفصل الأول : تقنيات الاتصال الحديثة، ويندرج تحته ثلاثة مباحث : br المبحث الأول : التلكس . br المبحث الثاني : الفاكس . br المبحث الثالث : الحاسوب والإنترنت . br الفصل الثاني : المحرر الإلكتروني، ويندرج تحته ثلاثة مباحث : br المبحث الأول : تعريف المحرر الإلكتروني . br المبحث الثاني : أنواع المحررات الإلكترونية . br المبحث الثالث : مدى استيعاب قواعد الإثبات التقليدية لفكرة المحرر الإلكتروني . br المبحث الرابع : عناصر المحرر الإلكتروني . br الباب الثالث br حجية المحررات الإلكترونية في الإثبات br وينقسم إلى ثلاثة فصول : br الفصل الأول : المحاولات التي بذلت من أجل قبول المحررات الإلكترونية في الإثبات في br ظل قواعد الإثبات التقليدية، ويندرج تحته مبحثان : br المبحث الأول : محاولة اللجوء إلى مبدأ حرية الإثبات كمنفذ لقبول المحررات الإلكترونية في br الإثبات . br المبحث الثاني : محاولة اللجوء إلى الاستثناءات التي أوردها المشرع على قاعدة وجوب br الإثبات بالكتابة كمنفذ لقبول المحررات الإلكترونية في الإثبات . br الفصل الثاني : التنظيم التشريعي لحجية المحررات الإلكترونية في الإثبات، ويندرج تحته ثلاثة مباحث : br المبحث الأول : الأعداد التشريعي بحجية المحررات الإلكترونية في الإثبات . br المبحث الثاني : الشروط الواجب توافرها في المحرر الإلكتروني حتى يتمتع بحجية الدليل الكتابي الكامل في الإثبات . br المبحث الثالث :الاستثناءات الواردة على نطاق الأعداد التشريعي بالمحررات الإلكترونية br الفصل الثالث : مقدم خدمات التصديق الإلكتروني، ويندرج تحته أربعة مباحث : br المبحث الأول : ماهية مقدم خدمات التصديق الإلكتروني . br المبحث الثاني : الرقابة على مقدم خدمات التصديق الإلكتروني . br المبحث الثالث : مسؤولية مقدم خدمات التصديق الإلكتروني . br المبحث الرابع : شهادة التصديق الإلكتروني .

						يتناول موضوع البحث دراسة الإشراف القضائي على التنفيذ الجنائي وقد أثار هذا الموضوع جدلاً فقهيًا وتشريعياً باعتباره أحد المحاور الأساسية لتدعيم حقوق الإنسان أثناء مرحلة التنفيذ الجنائي التي أصبح ينظر إليها بأنها أهم مراحل الدعوى الجنائية باعتبارها مرحلة البناء والتأهيل. br وإذا كانت معظم التشريعات تفر مبدأ تدخل القضاء في التنفيذ إلا أنها اختلفت في أسلوب هذا التدخل وفي الاختصاصات الممنوحة له فإذا كان بعضها يمنح مجرد الرقابة والتفتيش فإن من بينها ما جعل لقضاء الإشراف على التنفيذ دور مهم في تحديد أسلوب المعاملة العقابية داخل المؤسسات بل أكثر من ذلك فهناك من قرر إشراف القضاء على أنظمة المعاملة العقابية سواء داخل المؤسسات العقابية أو خارجها. br ويعتبر القانون الفرنسي من أكثر التشريعات المتطورة في تنظيم قضاء تطبيق العقوبات فهو يرى في التنفيذ الجنائي مرحلة من مراحل الدعوى الجنائي التي لا تنتهي إلا بتأهيل وإصلاح المحكوم عليه، وفي سبيل ذلك نجده يفر مجموعة من الأنظمة التي تهدف إلى تطوير المعاملة العقابية لمصلحة المحكوم عليهم. br وقد تأثر المشرع المغربي بهذا التوجه وأنشأ مؤسسة قاضي تطبيق العقوبات ومنحها اختصاصات جد محدودة لا ترقى إلى ما وصل إليه القانون الفرنسي ويتضح مدى التباين الشاسع بين القانونين سواء في الآليات القانونية للتدخل وسواء في الاختصاصات الممنوحة له إذ نلاحظ مدى تواضع البناء القانوني لمؤسسة قاضي تطبيق العقوبات المغربي هذه المؤسسة التي أريد لها أن تكون محور العدالة الجنائية

						لا شك ان مصالح الدولة الاساسية هي محط انظار المشرع و هدفه لان حماية هذه المصالح تهدف الى تحقيق التقدم والرفى من ناحية و تأمين هذه المصالح من ناحية اخرى لذلك يسعى المشرع الى حماية هذه المصالح من مصادر الاعداء المختلفة سواء اكانت داخلية او خارجية . و هذه المصالح تمثل القيم الاجتماعية العليا للمجتمع و يسعى المشرع الى حمايتها بالتشريعات المختلفة و اهمها قانون العقوبات و لهذا حاول الباحث الوقوف على هذه المصالح لتحديد محل الاعداء و خطة المشرع في مواجهه هذا الاعداء و الى اى مدى تحققت هذه الحماية الجنائية المستهدفة . و الباحث في عصر الحرية والمسواة يحاول ان يقق على الحقيقة الجادة ليشارك في دع الضمير الانساني الى العدالة و الحق حتى يبلغ الانسان غايته التي من اجلها شرعت القوانين . و المشرع في حمايته لهذه المصالح تعرض لحرية الفرد و حقوقه الاساسية التي كفلتها كافة الدساتير سواء في الدول المتحضرة و غير المتحضرة باختلاف نسبي لهذه الكفالة لانه بين امرين : الاول هو المصلحة العامة و ما تقتضيه من حماية مصالحها و سرعة في مواجهه جرائم امن الدولة بسرعة الفصل في القضايا المتعلقة بها اما الثاني فهو المصلحة الخاصة و ما تقتضيه من حماية للحريات و الحقوق العامة التي كفلها الدستور و المعاهدات و المواثيق الدولية و القانون الوطني و ايضا سرعة الفصل ى القضايا حتى لا يظل المتهم قيد الاتهام مدة طويلة . و لذلك فقد يفرض عليها قيود دستورية و قانونية ضرورة لبقاء المجتمع و قيمه العليا يجعل تعرض المشرع لها تعرضا قانونيا منظما بالقدر الذي تقتضيه مصلحه المجتمع في حمايته لمصالحه الاساسية دون غلو او انتهاك لهذه الحرية و المشرع في تنظيمه لجرائم امن الدولة تعرض للحريات بقيدو تقتضيها مصلحه المجتمع خرج عن القواعد العامة في قانون العقوبات و قانون الاجراءات الجنائية لحماية مصالح الدولة الاساسية و ما ورد في القواعد العامة في قانون العقوبات و قانون الاجراءات الجنائية لحماية مصالح الدولة الاساسية و ما ورد في القواعد العامة حتى في تحديده لقانون العقوبات و الاجراءات بالقانون 95 لسنة 2003 و إلغاء عقوبات الاشغال الشاقة المؤبدية و المؤقتة و استبدالهما بالسجن المؤبد و المؤقت.

						بعد الانتهاء من دراسة الجزاءات الضاغطة في العقود الإدارية حيث بينت الدراسة في بادئ الأمر مدى سلطة جهة الإدارة في توقيع جزاءات على المتعاقد معها سواء المنصوص عليها أو التي أغفل ذكرها وأوضحت الخصائص العامة التي تتمتع بها تلك الجزاءات ومدى اختلافها عن نظيرتها العقود المدنية والإرادة المفردة لجهة الإدارة في توقيع تلك الجزاءات دون حاجة للجوء إلى القضاء مسبقاً شرطية احترام مبدأ المشروعية. br ثم تم التطرق إلى أنواع الجزاءات في العقود الإدارية والتي تنبئان ما بين جنائية ومالية وتنفيذ عيني وأخيراً فسح العقد كلية. br ثم تم بيان مفهوم الجزاءات الضاغطة والغرض من توقيعها والتي تهدف إلى إرغام المتعاقد المقصر على الوفاء بالتزاماتها وليس من شأن هذه الجزاءات إنهاء العقد بل يظل هذا المتعاقد مسئولاً أمام الإدارة حتى تمام العملية على حسابه وتحث مسئوليته. br ثم تم استعراض صور الجزاءات الضاغطة والتي تتمثل أولاً في وضع المرفق تحت الحراسة في عقد الالتزام وموذي ذلك عل يد الملتزم عن إدارة المرفق مؤقتاً على أن تقوم السلطة مانحة الالتزام بإدارته بنفسها أو بمن تكل إليه ذلك. br على أن ذلك يفترض وقوع خطأ جسيم من المتعاقد أو إذا كان هناك سبب من شأنه التأثير سلباً على سير المرفق دون خطأ من الملتزم. br وتم إيضاح أن هذه الأخيرة لا تعد جزاءاً بقدر ما هي تدبير احترازي ويينا أن القاعدة العامة في هذا المتضمار موداها أن هذا الجزاء يثبت لجهة الإدارة ولو لم يكن منصوباً عليه في العقد، كونه إجراءً متصلاً بالنظام العام على أسس من أن الإدارة هي القوامه على سير المرفق بتنظيم وإطراد ومن ثم فإذا حدث ما يعكر الصفو لمحل القوامه فلجهة الإدارة أن تقصى الملتزم أو تحل محله في إدارة المرفق وتم إيضاح أن هذا الإجراء يشتم بخصائص عدة: أولها أنه إجراء عاجل والهدف منه الجبولة دون توقف المرفق ولذلك لا يشترط إعدار الملتزم به ويتم دون تدخل القضاء وثانيها أنه إجراء مؤقت ولا يؤدي إلى إنهاء الالتزام بل يظل هذا الأخير قائماً لحين إسقاطه أو انتهاء العقد، كما أنه يفترض وقوع خطأ جسيم من الملتزم من شأنه تعريض المرفق للخطر أو عدم كفاية الملتزم في إدارته وللملتزم أن يناعز أمام القاضي في مدى ملائمة وضع المرفق تحت الحراسة.

							ان عمليات نقل وزراعة الأعضاء من المعجزات التي توصل اليها العلم الحديث.واثبت الطب الحديث ان جميع اعضاء الانسان تقبل النقل والزراع ولقد حققت هذه الاعضاء نجاح كبير وحتى وصلت نسبة النجاح في بعض الاعضاء كالكلى الى 93%في حالة النقل من الاحياء 83 في حالة النقل من الاموات الى الاحياء فهناك العديد من المرضى يعيشون بقرانيات غيرهم وكانو قد فقدو الابصار تمام ويتفق القانون الاممصرى مع الفقه الاسلامى على اعتبار التطبيب عملا مباح فالتدوى والامر به والحث عليه وممارسته وامر دعا اليه الاسلام منذ ان ظهر في الوجود فقد وضع الاسلام قواعد التي استفاد منها جميع اطباء منها جميع اطباء العالم ويتفق كذلك القانون المصرى مع الفقه الاسلامى واهم الشروط 1:ان يكون الطبيب مؤهلا علميا وعلميا ومرخصة له بمباشرة المهنة 2: ان يكون قصده من القيام بعمله شفاء المريض وتخليصه من الالام التي يعانى منها 3: ان يتوفر رضاه المريض وتخليصه من الالام 4 : ان يتفق عمل الطبيب مع الاصول العلمية المعترف بها فى عالم الطب . 5: ان تكون المنافع المتوقعة من الاجراء عمليات الزرع متفوقة من الاخطار المحتملة فيجب ال يكون رضاه المتبرع سببا في اتلال صحته او اثناء حياته .6: يجب الا يكون الاقطاع والزرع مخالفا للنظام العام والاداب فلا تنقل خصية الرجل ومبيض المرأة لما يؤدى اليه نقل الاعضاء من اختلاط الانساب . 7: يجب الحصول على رضا الشخص قبل وفاته لنقل عضو من جسده وموافقته اقاربه اذا لم يبدو اعتراضا اثناء حياته ولا يؤخذ بفكرة الموافقة المفترضة او تأميم الجثة .		
3826	10914167	نقل وزراعة الأعضاء بين التجريم والإباحة:	عطية، ياسر حسين حسين 0	ياسر حسين حسين عطيه ,	الزقازيق	2009 .	إن الصلات والعلاقات بين الشعوب أمر طبيعي وفطرة الله التي فطر الناس عليها ومن الصلات تنشأ الخلافات والنزاعات لاختلاف المبادئ وكذا تضارب المصالح والأغراض لذلك تناولنا في هذه الدراسة العديد من الموضوعات المتعلقة بالحدود ونزاعاتها وكيفية تسويتها واتضح لنا أن فكرة الحدود بمفهومها المعاصر لم تظهر بشكل مباشر وإنما مرت بمراحل زمنية عدة حتى أصبح لفظ الحدود موازي للدولة . فالدولة لها الحق في ممارسة كامل سلطاتها ضمن إقليمها البري الأمر الذي يستوجب رسم الحدود كي لا تتجاوز الدول المتجاورة بعضها البعض ولكي تستطيع أن تعيش في سلام وأمان . وقد حاولنا قدر استطاعتنا أن نتعرض بشئ من التحليل والتفصيل لكل الجزئيات المرتبطة بموضوع الدراسة حتى يمكن أن تقدم رؤية متكاملة عن ماهية الحدود ومراحل تطورها وكذا عن أنواع الحدود ثم كيفية تحديد الحدود وتخطيطها في الفصل التمهيدي للرسالة تناولنا المبادئ الأساسية للحدود الدولية واتضح لنا أن لفظ الحدود يفيد في أن واحد الخطوط الفاصلة بين دولتين والمنطقة التي تتضمن هذه الخطوط كما أن فكرة الحدود في العصور القديمة كانت محاولة بحالة من التقديس . وتناول أيضا أسس تحديد الحدود وتخطيطها باعتبارهما عنصرين أساسيين لاستقرار الحدود ومظهر من مظاهر السيادة .وان التحديد والتخطيط الحدودي يتم عن طريق التراضي وبموجب اتفاقيات خاصة وبموجب قرار تحكيم قضائي صادر من هيئة قضائية وتتناول أيضا المساعي الحميدة والوساطة كاحد الأساليب للتسوية السلمية للنزعات الحدودية .		
3827	10914170	الحدود الدولية وطرق تسوية نزاعاتها :	ناجي، محمد جميل محمد .	محمد جميل محمد ناجي ،	أسيوط :	2006 .	اصبحت الحاجة ملحة لتدخل المشرع الجنائي المصري بتجريم وغالب الانماط المختلفة للجريمة المعلوماتية تلك الظاهرة الاجرامية المستحدثة فعرض الباحث في رسالته للحاسب الالى ومكوناته المادية والمنطقية وعن المعلوماتية كعلم من العلوم وكجريمة من الجرائم وقام الباحث بدراسة الظاهرة الاجرامية لجرائم المعلومات المسجلة الكترونيا وتحدث فيها عن السمات الرئيسية للجرائم المعلوماتية كما تحدث عن الشرع الجنائي للجريمة المعلوماتية واستعرض الباحث الجوانب القانونية لجرائم المعلومات المسجلة الكترونيا بالنسبة لجرائم المعلومات المرتكبة في اطار جرائم الاموال كما تحدث عن جرائم المعلومات المرتكبة في اطار جرائم الغش المعلوماتي.		
3828	10914174	الحماية الجنائية للمعلومات المسجلة الكترونيا /	الحمامي، عمر ابو الفتوح عبد العظيم .	عمر ابو الفتوح عبد العظيم الحمامي ،	القاهرة :	2009 .	واهم خطط البحث الظاهرة الاجرامية لجرائم نظم المعلومات بان لفظ المعلومات المسجلة الكترونيا ينصرف الى المعلومات المسجلة الكترونيا والمخزنة داخل النظام المعلوماتي وقد سلك الباحث منهجا مقارنا بين الوضع في القانون المصري والوضع في القانون المقارن كالولايات المتحدة وانجلترا وفرنسا ولقد ركز الباحث في هذه المقارنة على التشريع الاخير باعتبار ان التشريع الفرنسي هو المصدر الفني الغالب لنصوص القانون المصري مسترشدين في ذلك ببيان رأى الفقه المقارن ومايجرى عليه العمل في القضاء في التشريعات المقارنة . والعلة النهائية من هذه المقارنة بين تلك التشريعات هي الوصول الى مدى ملائمة وكفاية النصوص القانونية الجنائية القائمة في التشريع المصري للتطبيق على جرائم المعلوماتية وفي حالة عدم الملائمة التفتش فإن التساؤل يثار حول المقترحات الخاصة في هذا الصدد .		
3829	10914236	النظام القانوني لأموال المرفق العام في ظل سياسته الخصخصة :	البراشدى، محمود احمد سليمان .	محمود احمد سليمان البراشيدي،	القاهرة :	2009 .	يعد البحث اهميته في كونه محاوله للاسهام في البحوث الرامية الى وضع الخصخصة في اطارها القانوني السليم كما أن موضوع الخصخصة يقع من الاهمية في ظل نحو الخصخصة فإن اهمية هذا الموضوع في سلطته عمان تأتي في مرتبه موازیه فقد وضعت الخصخصة قدمها في مخطط الحكومه وحصدت العديد من المشروعات والاملاك العامه وقد وضعها المشرع العماني في قالب قانوني انتظمته التشريعات المعدله لها. hr اما الوجه الآخر لاهميه البحث فيمكن في محاوله وضع لبنیه اولیه لاطر قانوني يحكم اموال المرفق العام بعد الخصخصة استلهاها من النظام الذي يحكم تلك الاموال وذلك بدافع حمايه هذه الاموال وبالرغم من طبيعته الخاصه لهذه الاموال إلا أنها بعد رصدھا للمرفق تكون محمله بحق سائر للمستفيدين من خدمات المرفق العام في ان تظل هذه المنظمه مؤديه لكل مايطب من خدمات على الوجه المنشود.		
							من أهم النتائج والتوصيلت .-		
							يبدو من الاهمية بمكان تحرير المرفق العام من القيود التي تفرضها النظرية التقليدية للمرفق العام وذلك بالاعتراف بهذا-1 الوصف لای نشاط يتنعى النفع العام بقطع النظر عن القائم عليه اوالمالك لامواله ان النظرية التقليدية للاموال العامة تعد تنظيميا متكاملًا لاملاك الدولة العمومية نشأت في كنف القانون العام ونظمت في-2 قواعد القانون الخاص .		
							ان الطبيعة الخاصة لاموال المرفق العام بعد الخصخصة لاتمنع المشرع من اخضاعها لنظام معايير للنظام المقرر بمقتضى-3 القانون الخاص من أجل حماية وظيفة هذه الاموال وصون مصالح الجمهور المستندة .		
							ان وظيفة اموال المرافق العامة بعد الخصخصة تقتضى احاطتها بسياس من الحماية من الوجهتين المدنية والجنائية بنصوص-4 صريحة في ضوء مايتفق وطبيعتها القانونية من ناحية ومصلحة المرفق العام من ناحية اخرى		
							انه اذا كانت الخصخصة لاتزال خيار الحكومات في الاصلاح الاقتصادي وادًا كان بريق هذه السياسة لايزال يخطف ابصار-5 المصلحين بالرغم مما تلقته الراسمالية من ضربة في مقتل بفعل الازمة الاقتصادية التي شهدها العالم مؤخرا .		
							تعني هذه الدراسة بجانب مهم من الجوانب التي تنتظم عقود الأشغال العامة ذات الطبيعة الدولية ، وهو بيان الطبيعة القانونية لهذا النوع من العقود في ظل الشروط الجديدة التي تحتويها والتي تعد شروطا دخیلة على العقد الإداري ، قد تتناظر مع الأطار العام للنظرية الموضوعية لهذا العقد . كما تعني هذه الدراسة ببيان الآثار المرتبة على هذه الطبيعة الجديدة من حيث الإخلال بالاتزامات والجزاءات التي توقعها الدولة على المتعاقد الأجنبي واثار هذه العقود بالنسبة للغير ، وكذا وسائل تسوية الأخرى دون اللجوء للقضاء ، ومعالجة المشكلات الناتجة عن هذه الوسائل الحديثة ومقترحاتنا في هذا الصدد. hr وخلال هذه الدراسة سنري شروط الثبات التشريعي التي تحمي المتعاقد الأجنبي من المتغيرات التشريعية في قوانين الضرائب والجمارك والتأمين الاجتماعي والاجور وخلافه من التشريعات التي قد تدخل بالتوازن المالي للعقد .		
							من أهم التوصيات :-		
							أنه بصدد مشروعات عقود الأشغال الدولية الكبرى يتعين على جهة الإدارة حفاظا على المال العام -التحقق من توافق-1 الاعتماد المالي للآلزام للاتفاق على المشروع قبل الإعلان عن المناقصة وذلك تلافيا للإعلان عن المناقصة وعدم صرف مستحقات المقاولين ممايؤدى الى التأخير في تنفيذ الأعمال ويحقق بالمال العام أبلغ الضرر يتعين على جهة الإدارة ان يتعهد الى احد المكاتب الاستشارية الكبرى لاعاداد تصميمات المشروع المعمارية والإنشائية-2 . وكذا أبحاث التربة قبل الإعلان عن المناقصة		
							يتعين على جهة الإدارة التحقق من خلو مواقع تنفيذ الأعمال من الموانع الطبيعية اوالقانونية وخلافة قبل الإعلان عن-3 المناقصة .		

					يجب على الدولة اعداد نموذج لعقد الاشغال العامة ضابطا للاحكام المنظمة لها على ان يكون هناك نموذج محلي وآخر-4 دولي باعداده لجنة من كبار الاساتذة المختصين واعضاء مجلس الدولة ذوى الخبرة في عقود الدولة واصول برامها وفقا لتقانون المناقصات والمزايدات . ان تعديل قانون المناقصات الجديد والصادر بالقانون رقم 89 لسنة 1998 ولائحته التنفيذية لم يأت بالإصلاح المرجو في-5 مجال تعادف الدولة فقد كان يتعين عليه التوسع في الاخذ بنظام الممارسة المحدودة والاتفاق المباشر في تعادلات الدولة في . صدد بعض عقود الاشغال الدولية التي قد تستلزم السرية والسرعة	2000 .	القاهرة :	محمد عبد المجيد اسماعيل ،	اسماعيل، محمد عبد المجيد .	عقود الاشغال الدولية :	10914263	3830
					تهدف هذه الدراسة إلى محاولة بيان الإشكاليات القانونية والعملية التي تصادف القضاء عند رقابته على مشروعية أعمال هيئات الضبط الإداري ، من حيث أسباب هذه الإشكاليات وكيفية التغلب عليها. br واختيار هذه الدراسة مرده ، من ناحية أولى : الوقوف على دور القضاء عندما يتصدى لفحص مدى مشروعية أعمال هيئات الضبط الإداري ، وكيف يوفق فيما يصدر عنه من أحكام بين مصلحة المجتمع ، وحقوق وحريات الأفراد المعنيين بالأعمال الضبطية ،خصوصا أن الوصول إلى إيجاد نقطة التوازن بين هاتين المصلحتين يقع ضمن منطقة تتداخل فيها عناصر الواقع ، والقانون ، والعدالة وبعد أن ينتهي القاضي إلى حلول بشأن ما طرح عليه من طعون ودفعو تتعلق بمشروعية أعمال الضبط الإداري ، ماذا يفعل عند تصديه لما يعرض عليه من طعون ودفعو أخرى ؟ هل يرى ، دائما ، مناسبة تطبيق الحلول السابقة على هذه الطعون والدفعو الجديدة ؟ وهل هو في أداء واجبه في تحري الحقيقة وتحقيق العدالة يهتم بالبحث عن الحلول العملية أم ينشغل أكثر بوضع مبادئ قضائية عامة ولا يفوتنا أن نذكر أن جهود الفقه للوقوف على دور القاضي في التغلب على الإشكاليات العملية والقانونية في الرقابة على قرارات الضبط الإداري لم وإن تتوقف ؛ لأن موضوعات الضبط الإداري العام والخاص ، وغايتها تتطور بحكم صلتها الوثيقة بالحياة في المجتمع ، وتتجدد، بحكم الزوم ، الإشكاليات القانونية والعملية التي تتولد عن أعمال الضبط الإداري ، ويستمر السعي المتواصل من القضاء والفقهاء وهيئات الضبط الإداري ، وإصرارهم الدائم على إيجاد الحلول المناسبة لهذه الإشكاليات ؛ لتلحق الأمر بحياة أفراد المجتمع وأنشطتهم فيه .	2006 .	القاهرة :	محمد عبد الحميد مسعود صباح ،	صباح، محمد عبد الحميد مسعود .	إشكاليات الرقابة القضائية :	10914273	3831
					تناول البحث تعريف الحدود الدولية وأنواعها ومراحل انشاءها وتناول ماهية نزاع الحدود ودور القضاء الدولي في تسويته سلميا تعرض لمفهوم نزاع الحدود وأسبابه كما تناول دراسة دور القضاء الدولي في تسوية منازعات الحدود الدولية وتعرض لمبدأ ثبات ونهائية الحدود الدولية ومبدأ الإغلاق ومفهومه وشروط تطبيقه أمام القضاء الدولي كما تناول دراسة بعض أدلة الإثبات وأثر تحديد التاريخ الحاسم على قيمتها الاستدلالية ونوقشت النتائج والتوصيات. أن تقوم الدول وهي بصدد ترسيم حدودها المشتركة بالاستفادة مما قدمه التقدم التكنولوجي في مجال المسح الجغرافي عن-1 يجب على الدول المعنية أن تقوم بتكليف لجان مشتركة للإشراف على علامات الحدود القائمة بسمح للدول المعنية أن تتخذ-2 التدابير اللازمة لإعادة نصب هذه العلامات Densification يجب على الدول المعنية أن تنظر في مدى كفاية العلامات الحدودية الموجودة وأن تقوم بعملية تكثيف-3 العلامات . لهذه العلامات كما يجب على الأطراف المعنية أن تنجز عملية الترسيم خلال فترة زمنية قصيرة بعد الانتهاء من عملية التتعيين-4	1997 .		عادل عبدالله حسن المسدي ،	المسدي، عادل عبدالله حسن .	التسوية القضائية لمنازعات الحدود الدولية /	10914379	3832
					يُقسم هذا البحث الي قسمين يندرج الأول منها تحت عنوان " الاعداد والتدريب السابق على الاتحاق بالوظيفة العامة" ويتناول الباب الأول من هذا القسم المبادئ والقضايا التي تنظم الاعداد والتدريب السابق أما الباب الثاني فيختص بالاعداد والتدريب السابق في ظل نظام مهنية الوظيفة العامة ويتناول الباب الثالث الاعداد والتدريب السابق في ظل نظام الوظيفة ثم يتناول القسم الثاني موضوع التدريب اللاحق على الاتحاق بالوظيفة العامة حيث يخصص الباب الأول من هذا القسم للوصول النظرية للتدريب اللاحق والباب الثاني لتطبيقات التدريب اللاحق في الدول التي تأخذ بنظام مهنية الوظيفة العامة والتي تأخذ بنظام الوظيفة ثم يأتي الباب الثالث ليعالج موضوع التدريب اللاحق في جمهورية مصر العربية وقد أتبع في البحث منهج الدراسة الفنية المقارنة مع التركيز بشكل خاص على التطور التاريخي للنظم الوظيفية المختلفة إذ يعتقد الباحث أن الأنظمة الادارية ليست وليدة الفكر القانوني وحده وإنما هي في المحل الاول وليدة البيئة الاجتماعية والظروف التاريخية وأنه بالدراسة التي تتعمق فيها الناحية الفنية مع القانونية يبدو لنا النظام الاداري كأنه كائن حي إذ يتبين لنا كيف نشأ وكيف نما ثم سما أوكيف بعد ان نشأ فني.	1978 .	القاهرة :	السيد محمد يوسف المعداوى ،	المعداوى، السيد محمد يوسف .	النظرية العامة للتدريب في الوظيفة العامة :	10914386	3833
					تهدف هذه الدراسة إلى تحقيق النتائج الآتية وهي إيجاد نظرية عامة للإصلاح الإداري مع إيضاح المقصود بالإصلاح الإداري وتحديد المفاهيم المختلفة في هذا الصدد وبيان المداخل الأساسية لتحقيق الإصلاح الإداري وعلاقتها بخطة التنمية الاقتصادية والاجتماعية وذلك عن طريق تحديد أسلوب علمي للتخطيط لعمليات الإصلاح الإداري والتنفيذ الفعال لها ووضع الإرشادات في هذا المجال مع بيان أساليب المتابعة المختلفة والتقييم السليم لنتائج الإصلاحات الإدارية كل ذلك في القسم النظري. br تحليل مجهودات القومية للإصلاح الإداري في الجمهورية العربية اليمنية كمثال للتطبيق مع الربط بخطة التنمية الاقتصادية والاجتماعية في ضوء النظرية العامة بجميع أبعادها كتحليل عمل ووضع مؤشرات بالنسبة للمستقبل على أسس وتقديرات ترتبط بالدارة العلمية والواقع البشري والامكانيات البشرية والمادية.	1970 .	القاهرة :	محمد حسان رستم ،	حسان، محمد رستم .	النظرية العامة للإصلاح الإداري :	10914410	3834
					كان تحديد مفهوم العقد الدولي في بداية الموضوع للدراسة وفقا للمعيار محدد وواضح ويتفق مع واقع وطبيعة العقد الدولي وخصائصه الذاتية امر هاماً حتى نقف على حدود السلطة وطبيعة مادة الدراسة ومايندرج تحت عنوانها وما يخرج عنها وكان المعيار الدولي القانوني الحديث والذي ايداه الباحث وهو الضابط والمؤشر لتحديد الدولة العقد وبالتالي فامن الضوابط والمعايير للآخرى لا تصلح من وجهة نظر الباحث للقول بتوافر وصف الدولية وذلك لانها ان لم توازن جيد بين العناصر العلاقة العقدية وسأوت تمام بينهم من حيث تأثير مدى ارتباط الصفة الاجنبية فهي تكون قد تأثرت بطبيعة العلاقة فتقرر بتوافر عنصر الدولية ونون وجه الحق استنادا لوظيفة الاقتصادية وما يتحقق خلالها من دوران لرووس الاموال وهو الامر الذي حول الباحث قدر جهده لتوضيح عدم صوابه . وقد تعرض الباحث الى مراحل من اهم مراحل الباحث وهي المفاوضات في العقود الدولية ويجب ان يهتم اطراف العقود الدولية بهذه الفترة والتحرز لها جيدا فالمفاوضات التي تنتهي بالفشل خير وافضل للطرف من العقد الذي يتم ابرامه ثم للإنجح في تحقيق وتلبية احتياجات اطرافه ويجب تحديد مسؤوليات الاطراف أثناء مرحلة التفاوض في ابرام العقد من عدمه ويجب تحديد قيمة واثر المستندات التي يوقع عليها الاطراف ومدى علاقتها بالوثيقة الأساسية للعقد . وقد انتهت الدراسة الى تناول بدائل تسوية المنازعات العقود اوضحت كيف ان طبيعة العقود الدولية وخصائصها قد أثرت على طبيعة منازعات الامر الذي افرد لها منازعات خصوصية معينة ابرزتها الدراسة مثل رغبة اطرافها في احتواء .	2008 .	عين شمس :	محمد احمد حسن محمود الشربيني ،	الشربيني، محمد احمد حسن محمود .	النظام القانوني للعقد الدولي :	10914450	3835
					تناول الباحث في تلك الدراسة التحكيم في المنازعات الادارية ذات الطبيعة التعاقدية في كل من القانون الفرنسي والقانون المصري وقوانين دول مجلس التعاون الخليجي ولقد تناول في سبيل ذلك العديد من الموضوعات وتكلم عن المعيار المميز للعقود الادارية والتعريف بأهم صور هذه العقود كما تناول الباحث ايضا ماهية التحكيم من حيث تعريفه وبيان مخزوره التاريخية عند العرب وفي فرنسا وتحديد طبيعته القانونية وأنواعه والإشكالية التي ثارت بشأن خضوع المنازعات الادارية لمجال التحكيم الداخلي كما استعرض اتجاهات محل الدراسة وأوضح اختلاف مذاهبهم بشأن تطبيق أسلوب التحكيم على منازعات العقود الادارية وهذا مادفع الباحث الى محاوله البحث عن تنظيم منقرد للتحكيم في المنازعات الادارية تكون قاعدته القواعد القانونية الواردة في الشريعة العامة للتحكيم ولذا تناول التنظيم الاجرائي للتحكيم في منازعات العقود الادارية كما تعرض للتنظيم الموضوعي للتحكيم في منازعات العقود الادارية وعرض لفكره التحكيم المطلق والذي يطلق عليها التحكيم بالصلح او التحكيم بالعدالة.							
					أهم التوصيات :- الاخذ الاخير الذي وضعته الجمعية العمومية لقسمى الفتوى والتشريع في فتاوها الصادرة بتاريخ 5 أبريل عام 2006-1 والذي مفاد حظر الانتجاع إلى التحكيم في المنازعات التي تتور بين الاشخاص العامة . تقنين المبدأ الذي وضعته محكمة القضاء الادارى في حكمها الصادر في قضية مالكوكرب والذي مفاده جواز تعرض-2 . القضاء الوطني لفحص مشروعية اتفاق التحكيم في حالة ما اذا كان هذا الاتفاق طاهر البطلان .							

						الإبقاء على مضمينه قانون التحكيم من اشتراط موافقة الوزير المختص أما بالنسبة للعقود الادارية ذات الطابع الدولى-3 . فيكون الاتفاق على التحكيم بموافقة مجلس الوزراء . 4 . اسبعاد التشكيل الفردى والاخذ بالتشكيل الجماعى لهيئة التحكيم- حظر تعرض هيئة التحكيم لفحص مشروعية القرارات الادارية القابلة للانفصال عن العقد واعتبارها من المسائل الاولى-5 . التي ينعقد الاختصاص بشأنها للقضاء الادارى . 6 . إلزام المحكم بتسبيب كل الاحكام الصادرة عنه سواء كانت منبهة للخصومة كلها أو بعضها- 7 . الإبقاء على حظر الطعن بالاستئناف ولكن مع منح الاطراف حق الاتفاق عليه والاخذ بطرق الطعن والبطالان- 8 . تفسير ميعاد رفع دعوى البطلان إلى 60يوما تبدأ من تاريخ صدور الحكم إذا كان حضوريا- 9 . ضرورة تعديل نص المادة 39/2 من قانون التحكيم فيما تضمنته من منح هيئة التحكيم سلطة تحديد القواعد القانونية- 10- استكمال لما تقدم ينبغى على المشرع العمل على تحقيق الفاعلية اللازمة لتنفيذ أحكام التحكيم حتى لا يتسنى إلا عن طريق إصدار قانون يقرر إمكانية تدخل القاضى الإدارى .

						تناول البحث ماهية عقد الاشغال العامة، وحقوق جهة الإدارة المتعاقدة تجاه المقاول وسلطة الإدارة في مراقبة عقد الاشغال العامة وسلطتها في تعديل هذا العقد بإدارتها المفردة، كما تحدث عن جزاءات مخالفة المقاول لالتزاماته، غرامات التأخير، مصادرته التأمين، التعويضات، وضع العقولة تحت الإدارة المباشرة، كما تحدث عن الفسخ الجزئى لعقد الاشغال العامة، واستعرض الالتزامات الهندسية للمقاول، والعمل على تأمين سير المرقق العام وسلامة الأعمال، كما تحدث عن حق المقاول فى الثمن وفى إعادة التوازن المالى للعقد،وأهم التوصيات . تعريف عقد الاشغال بأنه عقد مقولة عامة بين شخص عام ومقاول يلتزم بالقيام بعمل فى عتار عام أو عتار خاص لحساب شخص عام أو بتدخل منه فى اطار مهمة مرقق عام تحقيقاً للرفع العام مقابل ثمن يدفعه الشخص العام وهذا ازدواجاً فى اختصاص الجهاز المركزى للحسابات والهيئة العامة للخدمات الحكومية وجهاز التفتيش المالى بوزارة المالية فى خصوص الرقابة المالية بعد الصرف وان عقد الاشغال العامة يخضع لرقابة كل منها وفى حالة التعارض بين أى من اجهزة الرقابة وأحدى الجهات الادارية وراينا اللجوء الى الجمعية العمومية لتسعى الفتوى والتشريع لحسم الخلاف بينهم وراينا أن ينص المشرع صراحة فى هذا القانون على التزام الجهات الادارية بأجراء جسات اصلية للتربة بالموقع المزمع تنفيذ العملية محل عقد الاشغال العامة وهناك مشكلات يسبب عدم توافر الاعتمادات المالية المخصصة للمشروعات التى يتم تنفيذها من خلال عقود الاشغال العامة وتعرض المتقنى من هذه الاعتمادات للاتداء على بنك الاستثمار القومى . تناول الرقابة الوظيفية التقليدية التى تتمثل فى رد اعتداء السلطة التشريعية على الدستور فقط ولكنها تجاوزت ذلك الى القيام بوظائف غير تقليدية التى تتمثل فى رد اعتداء السلطة التشريعية على دستور ولكنها تجاوزت ذلك الى القيام بوظائف غير تقليدية تتمثل فى فرض احترام حقوق الأفراد وحرياتهم بصورة غير تقليدية فضلاً عن مساهمتها الفعالة فى الإبقاء على نصوص الوثيقة الدستورية .وآثار منحه المحكمة الدستورية العليا فى تطبيق المادة الثانية من الدستور اختلافاً بين الفقه الدستورى بين مؤيد لمسلكتها يسند الى حجج تخلص فى ان القوانين المطبقة فى مصر منذ انشا المحاكم الاهلية سنة 1883 تتباعد تماماً عن الشريعة الإسلامية . وقد انتهينا الى تأييد الاتجاه المعروض لمنهج المحكمة فى تطبيق المادة الثانية من الدستور لم تتبع المحكمة الدستورية القواعد الأصولية والقانونية لتفسير نص المادة الثانية فقد تحدث هذه القواعد التفسير . يخالف نهج المحكمة القواعد القانونية لفرض التنازع بين النصوص القانونية من حيث الزمان بل لا نجاوز أن قلنا ان مسلك- ان الاستناد الى تقرير اللجنة العامة لمجلس الشعب فى تحديد مجال تطبيق مادة دستورية استناد غير مستساغ لان اللجنة- العامة التى تعد احدى اجهزة المشرع العادى ليست ذا صفة فى تحديد نطاق تطبيق نص دستورى .زمانيا او موضوعيا من اهم التوصيات :- ترتب المادة الثانية التزاما على القاضى وآخر على المشرع و يمثّل الإلزام الملقى على عاتق القضاء فى الزاما القاضى بان يحكم الاحكام الشرعية قطعية الثبوت والدلالة من تلقاء نفسه دون انتظار لتدخل المشرع وتقنين هذه الاحكام . وهذه المغايرة فى الحكم فرضتها الضرورة العملية رغما عن ان المنطق القانونى المجرد يفرض المساواة فى الحكم بين كافة احكام الشريعة الإسلامية باعتبارها كلا لا يتجزأ من ناحية للطبيعة الامرة للنصوص الدستورية من ناحية اخرى .

			اهتم علماء الأمة بالسنة النبوية جمعاً وتدويناً وشرحاً وتبلياً وتمحيصاً يتبين عنها كيد الغرضين ومكر المبيغضين حفاظاً على الحق وحمايةً للدين فكان من ثمر هذا الاهتمام كثيراً من المصنفات الجامع لتراجم الرجال وما قيل في تجريحهم أو توقيهم والمصنفات الشارحة لمعاني الحديث.	2011	قنا	راوية ممنوح رياض بريري	بريري ،راوية ممنوح رياض	مرويات سلمان الفارسي وصهيبي الرومي(رضى الله عنهم)فى الكتب الستة	11050460	3908	
			تتناول الدراسة موضوع "السفن في العصر الإسلامي من خلال تصاوير المخطوطات والتحف التطبيقية"، وهو موضوع له أهميته نظراً لمكانة السفن كوسيلة من أبرز وسائل المواصلات التي استخدمت في العصور الإسلامية المختلفة؛ حيث ربطت بين أقاليم العالم الإسلامي المترامية الأطراف، فضلاً عن الإقليم الواحد، ومن جهة أخرى فقد أدت دوراً مهماً في التجارة والرحلات البحرية.								
			لقد بلغت أهمية السفن في العالم صورة جعلت أحد الباحثين يجمّلها بقوله : " السفينة حاملة البضائع والناس والأفكار ". كما تدل كثرة التصاویر الواردة في المخطوطات المزوقة، وعلى التحف التطبيقية –التي تحتفظ بها المتاحف العلمية ودور الكتب والوثائق- على حقيقتين ؛ الأولى: أن الفنان المسلم لم يكن بمعزل عن الدور البارز الذي لعبته السفن في التاريخ الإسلامي بشعبه المختلفة (الحربي، والإقتصادي، والإجتماعي)، فلا يخفى على أحد أمجاد الأسطول الإسلامي، كما كان تجار المسلمون هم سادة البحر المتوسط والمحيط الهندي، وأخيراً أرتبطت السفن ببعض الإحتفالات الإجتماعية، بالإضافة إلى اشتراكها في مواكب الأمراء والأثرياء البحرية. الثانية : إن كثرة تصاویر السفن جعل من الجدير إفرادها بدراسة خاصة. هذا وتبرز أهمية دراسة هذه السفن الواردة في تصاویر المخطوطات والتحف التطبيقية في أنها توضح مآكثت عليه السفن في العصر الإسلامي، والوقوف من خلالها على مدى تطور السفن وأشكالها في العصر الإسلامي؛ إضافة إلى ذلك فإن هذه التصاویر متمكن من المقارنة بينها وبين ما كتبه المؤرخون والرحالة عن السفن الإسلامية، لرصد مدى التطويق بين بني الفنان ووصف المؤرخ، والمقارنة بين السفن في مشرق العالم الإسلامي وغربه.	2010				السفن في العصر الإسلامي من خلال تصاویر المخطوطات والتحف التطبيقية /	11050475	3909	
			وبالنسبة لمنهج البحث فقد جمعت الدراسة بين كل من المنهج الوصفي والمنهج التحليلي. هذا وقد اقتضى البحث دراسة واسعة ومستفيضة في ميدانين؛ فأولهما: هو الميدان الأكاديمي، وتمثل في جمع المعلومات من الوثائق والمصادر والمراجع. أما الميدان الثاني : فتمثل في زيارة ورش صناعة السفن بمنطقة الأنفوشي بمدينة الإسكندرية، والتحدث مع التجارين وصناع السفن، كل حسب إختصاصه. كذلك قام الباحث بزيارة قسم الهندسة البحرية بكلية الهندسة –جامعة الإسكندرية؛ لمحاولة الاستفادة منهم في قواعد بناء السفن، لاسيما السفن القديمة، ومحاولة نقد أشكال السفن الواردة في تصاویر المخطوطات والتحف التطبيقية؛ لملاحظة مدى دقة الفنان في رسم السفن وأوضاعها في البحر، وعلى الرغم من التشجيع الذي قوبل به الباحث، فإن الأمر لم يتعد هذا التشجيع.								
			مشكلة الدراسة وأهميتها :- تتمثل المشكلة البحثية للدراسة الراحه في الإجابة عن تساؤل رئيسي مؤداه : ما طبيعة التأثير الذي تحدثه العولمة الثقافية على تغيير منظومة القيم الأسرية في الأسرة المصرية؟ ومشكلة الدراسة بالصياغة السابقة لا تمثل مجرد ترف فكري ولكن في الوقت الراهن تمثل ضرورة ملحة وعلى درجة كبيرة من الأهمية وتتمتد هذه الأهمية وتلك الضرورة من خلال مجموعة من الأسباب لعل أهمها مايلي :- أولاً:- أهمية ماطروحته العولمة الثقافية بالياتها – بما تنسم به من شمول وجذرية- من تساؤلات عديدة على العقل العربي ويدور قسم لا يستهان به منها حول ماهية هذه العولمة الثقافية وتأثيراتها على مختلف النظم الإجتماعية إضافة إلى العديد من التساؤلات التي الحت على عقول الكثيرين على إتساع العالم وتم تناول هذه التساؤلات من زوايا وروى مختلفة ومتباينة وحقا لطبيعة السياقات الإجتماعية والثقافية التي انطلقت منها رغم كثرة هذه الطروح وتنوعها فإن الحاجة إلى المزيد نطل قائمة وذلك لأن الرؤي المتبينة تخصب بعضها بعضا وتزداد ثراء بتجادلها الدائم ومن هنا تتأكد أهمية الكشف عن طيبة هذه العولمة الثقافية وتأثيراتها.	2009				العراقي، مروة حسين عبده.	العولمة الثقافية وتغير القيم الأسرية :	11050684	3910
			ثانياً:- الأهمية المتزايدة لدراسة تأثيرات هذه العلوم على تغير القيم الأسرية في الأسرة المصرية من منطلق أن القيم لها دور كبير في حياة الفرد وأساس بث القيم في الفرد يأتي في المرتبة الأولى على الأسرة فإذا صلحت الأسرة صلح المجتمع بأكمله.								
			ثالثاً :- الإيمان بأن المجتمع المصري وخاصة الأسرة المصرية لا تعيش بمعزل عن هذه التغيرات والتحولات العالمية ولذلك لايمكن فهم واقعها المحلي إلا من خلال أعلى درجات التنظير والتجريد فمن يظل متصلا بواقعه المباشر غير متجاوزا له لايدركه في كليته وتركيبته وخصوصيته.								
			وهذا من ناحية يتفق مع ما أشار إليه "ميللز" في مؤلفه الخيال السوسيولوجي من خلال فكرة جوهرية مؤداها أن الفرد صنيعة تايخ إجتماعي عام والمشكلات التي يعاني منها الأفراد لا يمكن حلها أو فهمها دون إدراك لمشكلات الآخرين ليس في المحيط المباشر ولا في المجتمع المحلي ولكن في الإطار العالمي.								
			ويتفق من ناحية أخرى مع أشار إليه "على ليلة" وهو أن التحولات العالمية الراحه تحتاج إلى حس أو خيال سوسيولوجي جديد قادر على المعاصرة قدرة هذا العالم الإنطلاق.								
			رابعاً :- إتيان هذه الدراسة تحقيقاً لإحدى المهام الأساسية لعلم الإجتماع وهي الإستجابة للتطورات والتحولات والتغيرات التي يشهدها العالم المعاصر وذلك لأن العالم يمثل وحدة أساسية تتطلب ملاحظة شاملة وبحث دقيق ولاشك في أن تحقيق هذه المهمة يضمن لعلم الإجتماع الخروج من أزماه القاسية ولعل إحدى النتائج المترتبة على ذلك إتساع مجالات إهتمام علم الإجتماع وقدرته على مواجهة المشكلات العامة.								
			خامساً :- التعرف على روية عينة مجتمع قنا لأهمية الفضائيات كآلية العولمة الثقافية وتأثيرها على تغير القيم في الأسرة المصرية لما تحمل أهمية في حد ذاتها لأن عينة مجتمع قنا هي التي تمكس المجتمع ككل وهي القادرة على إعطاء صورة شبيهة كاملة عن المجتمع والكشف عن التأثيرات الإيجابية والسلبية لهذه التغيرات من جراء العولمة الثقافية والإستفادة منها في تدعيم وتماسك الأسرة والعمل على زيادة ترابطها.								
			يسير هذا البحث بين جنبات علم المناخ الفسيولوجي الذي يتناول بالدرس والتحليل تأثير المناخ على راحة الإنسان وتشمل هذه الدراسة جميع اراضى جمهورية مصر العربية سواء من حيث دراسة درجة الحرارة والرطوبة النسبية وتقع منطقة الدراسة بين دائرتي عرض 22,36,31 شمال خط الاستواء وبين خطي طول 25,36 شرق خط جرينتش .	2011 م	قنا	طارق محمد ابو الفضل ابراهيم	ابراهيم،طارق محمد ابو الفضل	درجة حرارة الهواء والرطوبة النسبيقي جمهورية مصر العربية واثارها على راحة الإنسان	11050806	3911

								Airborne gamma-ray spectrometry (AGS) is essentially a remote sensing technique since short-wavelength bands of the electromagnetic spectrum are measured by detectors and sensing such as optical and thermal remote sensing in that point measurements are collected along closely spaced flight lines and the data are interpolated to create images with a regular cell size. AGS, also known as "gamma radiometrics" or "radiometrics" in geology circles, uses gamma-ray emission in multiple wavelengths (typically 256) to derive abundances of the major gamma-emitting elements : potassium (K), thorium (TH) and uranium (U). This conversion to element abundances is necessary since in practices gamma-ray spectra are mixtures of the emissions of these three elements due to an effect known as Compton scattering. As such, the display of wavelength-range counts, such as in optical remote sensing, is of little value. The derived element concentrations provide spatial images of the geochemistry of the upper rock/soil layer to a depth of about 30-45 cm, largely passing through vegetation. Although lacking in depth of penetration compared to some geophysical techniques, the distribution of these element concentrations at the surface can often be related to subsurface properties, the information are presented as images. It differs from other traditional forms of remote.		
3930	11068546	Geophysical study on the area of Gebel UMM Laseifa and its surroundings, central eastern desert, Egypt /	Ahmed, Mahmoud Ahmed Abbas.					ان دراسة الجيش في مصر في العصرين الطولوني والاختنيدمن الموضوعات الهامة في تاريخ العسكرية الإسلامية والتي من خلالها نعلم أهل البلاد المصريون بالسيادة على وروح الخصوصية والقدرة على حماية البلاد من مطامع الأعداء .إن هذه الدراسة لم تكن سهلة فقد اتضح أن المادة العلمية والمصادر التي تناولت هذه الفترة ر غم كثرتها إلا أنها لم تكن تتعمق فيما يخص موضوع الدراسة وهو الجيش .		
3931	11069773	الجيش في مصر في العصرين الطولوني والاختنيدى	الشيخ فائق محمدالبندارى	فاتن محمد البندارى الشيخ	قا	2001		وقد قسم البحث الى مقدمة والرابعة فصول وخاتمة . تدور الدراسة في تلك علم لغة النص ويعنى هذا العلم بالانتقال من بوثقة نحو الجملة الى نحو النص .وتهدف الدراسة الى الانتقال من نحو الجملة الى نحو النص عبر الدرس التطبيقي الذى يكشف اللثام عن معالم هذه النظرية وقد اختار الباحث القران الكريم مجالا للتطبيق لكونه نصا مليئا بالالفاظ والمفردات التى تجعل منه مجالا خصبا ينبثق من خلاله كل شمين وسورتا القوية والافلا من السور المدنية التى تحدثت عن امور العقيدة ومعاملاته مع المجتمعات الأخرى . وقد اتخذ من المنهج النصي منهجا للدراسة باعتباره يحمل في طيه معايير تحليلية .		
3932	11069985	سورتا الانفال والتوبة	حسين ,عبد محمود عبده	عبد محمود عبده حسين	قا	2011 م		كان من اسباب اختيار الموضوع انه لاتوجد دراسة أثرية تتناول هذا الموضوع وهو تراكيب القبور بمدينة القاهرة والتي تعود الى العصر العثماني وقواجهت الباحث عدة صعوبات منها صعوبة العثور على تراجم لأصحاب هذه المدافن والتراكيب .وكانت الكتابات هي القاسم المشترك في دراسة التراكيب .وقد جاءت الدراسة على نحو يتحقق فيه الجانب الأثرى الحضارى مراعية في ذلك الجوانب الفنية من ناحية الوصف والتحليل وقد قسمت الدراسة الى ستة فصول .		
								يتناول موضوع الرسالة بنوعقلب في اقليم الجزيرة منذ ظهور الاسلام حثتهاية العصر الأموى يعد البحث في تاريخ القبائل العربية محورا مهما في محاور فهم حركة التاريخ الاسلامى .وتلقى اهمية موضوع الدراسة باعتباره ان قبيلة تغلب هي احدى القبائل العربية العدنانية الهامة التى كان لها شان في العصر الجاهلى وحتى بعد الاسلام .ولم تكن الاخطاة بجوانب البحث مهمة سهلة .لقد جاءت هذه الدراسة في ستة فصول مسبوقة بمقدمة ودراسة عن المصادر الهامة وقد زيلت بخاتمة سجلت فيها الملاحظات التى خرجت بها الدراسة

								Fourteen species of Egyptian snakes representing four different families (Colubridae, Elapidae, Viperidae and Boidae), belong to suborder: Serpents, order: Squamata, class: Reptilia, were morphologically and cytogenetically studied. The results of the chromosomal analysis were compared with those obtained from the classical methods in taxonomy using morphological and anatomical characters alone, the following is a summary of the results. Class : Reptilia order : Squamata. Suborder : Serpentes (Ophidians; Snakes). 1) Family: colubridae Eight species belong to family colubridae were cytogenetically studied . A.) Two species of genus Psammophis, Psammophis schokari & P. sibilans were studied. The two species of these snakes are living in different habitates . Psammophis schokari is living in sandy habitats, so it is characterized by sandy color from dorsal side and yellowish khwhite from ventral side; while P. silibans inhinite vegetated labitats, the body color is yellow from the ventral side and triated with yellow and green strands from the dorsal side. Moving very fast with very strong muscle.		

The chromosomal analysis indicated that, although the two species have the same diploid number of chromosomes $42 + ZW$ in females and $42 + ZZ$ in males. However the fundamental number was different in two species, it is 46 in the first and 60 in the second. Furthermore the karyotypes of the two species were distinctly different. In the case of *Psammophis schokari* karyotype is composed of three groups, two pairs of autosomal metacentrics, nine pairs of autosomal telocentrics, ten pairs of micro chromosomes and a single or pair of sex chromosomes which is ZW in female and ZZ in male respectively, where Z is metacentric and W is telocentric. On the other hand, the karyotype of *P. silibans* was composed of four groups: one pair of autosomal submetacentrics, six pairs of subtelocentric chromosomes, one pair of autosomal telocentrics, ten pairs of microchromosomes and pair of sex chromosomes, Z is subtelocentric and W is telocentric.

(B) *Malpolon monspessulana* & *M. moileensis*

They are preferred the north part of Egypt in sandy habitats, East and West desert and Siwa Oasis. The two species are recognized by moderate size, the head distinct from the neck. *Malpolon monspessulana* is similar to *M. moileensis* but have green body color and small eyes. While *M. moileensis* appeared to be sandy, yellowish brown in body color with yellow spots and orange large eyes.

The chromosomal analysis of the two species indicated that, they both have the same haploid chromosome number of $n = 20 - jZW$ in females and $n = 20 + ZZ$ in males, however the fundamental number was different in the two species ($FN = 46$ in the female and $FN = 60$ in male). Furthermore the karyotype of *Malpolon monspessulana* is composed of four different groups: two pairs of autosomal metacentrics, two submetacentric chromosomes, six pairs of telocentrics, and ten pairs of microchromosomes in addition to a single pair of sex chromosomes (ZW) in females and (ZZ) in males, where Z is metacentric and W is telocentric.

While they are arranged in four groups in *M. moileensis* as: Six pairs of metacentric chromosomes, three pairs of submetacentric chromosomes, one pair of telocentrics and ten pairs of microchromosomes in addition to one pair of sex chromosomes Z metacentric and W is submetacentric.

(C) *Coluber nummifer* & *C. flourentus*

Although the two species are living in different habitats where *C. nummifer* is living in Cairo, Giza and in Sinai especially in Al Arish, *C. flourentus* is found in Upper Egypt in vegetated lands in Qena and Luxor. *Coluber nummifer* has creamy body color from the ventral side with dark scales on the third or the fourth ventral scale. On the other hand *C. flourentus* has dark olive brown color with dark transverse strands and dark spots.

The chromosomal analysis shows that the two species have the same haploid number of chromosomes $17 + ZW$ in females and $17 + ZZ$ in males. However the karyotypes of the two species were different. The karyotype of *Coluber nummifer* is composed of four groups, five pairs of metacentric chromosomes, one pair of submetacentric chromosomes, one pair of subtelocentrics and ten pairs of micro chromosomes together with a pair of sex chromosome where Z element is metacentric and W is submetacentric. In *C. flourentus* the chromosomes are arranged in three groups: five pairs of metacentric chromosomes, two pairs of subtelocentrics and ten pairs of microchromosomes together with a pair of sex chromosome which have Z element is metacentric and W is submetacentric.

(D) *Telescopus dhara*

It is distributed in Wadi Feiran arid Wadi El Notrun and Sinai. Head is oval distinct from the neck, size is moderate and the body color is reddish brown. Feeds on birds and bats.

The haploid chromosome number of this species is $18 + ZW$ in females and $18 + ZZ$ in males, arranged in four different groups: five pairs of metacentrics, one pair of submetacentric, one pair of telocentric and eleven pairs of micro chromosomes in addition to one pair of sex chromosomes Z is submetacentric and W is telocentric.

(E) *Natrix tessellata*

Aquatic snake live in water, head is narrow and elongated. The body color varies from brown, green to olive, with four longitudinal dark blotches. It feeds on fishes and amphibians.

The chromosomal analysis of this species showed that the haploid chromosome number is $17 + ZW$ in females and $17 + ZZ$ in males and (FN) = 48. The chromosomes were arranged in two groups: seven pairs of metacentrics and ten pairs of microchromosomes together with metacentric Z chromosome and a submetacentric W .

2) Family: Elapidae

Naja haje & *N. nigricollis*

They are preferred vegetated lands, while *Naja haje* inhabit the desert regions. *N. nigricollis* usually found in Upper Egypt swimming in the river Nile especially in the winter, both species feeding on rodents, frogs and sometimes other snakes, *N. nigricollis* can be distinguished from *N. haje* by the presence of black collar around the neck.

In general, the biological control is very important method to control the harmful insects or invertebrate animals as snails of Bilharzias and fascioliasis. So, The present study is an attempt to demonstrate number of predators deployed in the ponds and marshes in the governorate of Qena to determine the efficiency of predators under laboratory conditions or other factors such as the temperatures and pH values. Therefore, Five aquatic predators were collected from the field and their efficiency as predators of snails was studied under laboratory conditions. The predators under investigation included: two species of Hemiptera adults *Limnogeton fieberi* Mayr and *Sphaerodema urinator* Duf. (Belostomatidae), and nymphs of three species of Odonata, *Anax imperator* Leach (Aeshnidae), *Crocothemis erythraea* Brulle (Libellulidae) and *Ischnura pumilio* Charp. (Coenagrionidae), which they studied against different types of snails (preys). *Bulinus truncatus* Audouin (Thiaridae) which it is the main intermediate host of *Schistosoma haematobium* in Egypt and Middle East countries, *Biomphalaria alexandrina* (Planorbidae), acts as an intermediate host of *Schistosoma mansoni* in Egypt. *Cleopatra bulimoides* (Thiaridae), acts as intermediate host for *Gastrodiscus aegypticus* and *Prohemistomum vivax*, *Melanoides tuberculata* (Thiaridae), as first intermediate host for *Lecithodendrium pyramidum* which has the adult stage in bats.

The data of these experiments were analyzed by the program (statistical package for social science) (SPSS).

The First Experiment
1. Consumption capability of insects (predators) on different types of snails under laboratory and five constant temperatures (°C):
In the present work, the consumption capability of the five predators were examined on four snail species (as preys), *Bulinus truncatus* Audouin, *Biomphalaria alexandrina* Ehrenberg, *Cleopatra bulimoides* Olivier and *Melanoides tuberculata* Muller under five constant degrees of temperatures (20°C, 25°C, 30°C, 35°C and 40°C) in addition to room temperature. Regarding to a comparison between the consumed snails, the maximum consumed number of the preys was represented by *Bulinus truncatus*, to all types of predators, while the minimum number was observed in case of the snail *Biomphalaria alexandrina* to all types of predators. Except, *Limnogeton fieberi* which the minimum number was observed in case of the snail *Cleopatra bulimoides*. These results were confirmed statistically as highly significance at $P > 0.1\%$ probability level of error for predation of the present predators.

Limnogeton fieberi (the only insect) prefer the snail of *Biomphalaria alexandrina* after the snail of *Bulinus truncatus* at all experiments.

On the other hand, the current study showed highly consumption of the preys under both 30°C and 35°C. In contrast, the lowest number of consumed snails was under 40°C, and the consumption rate was gradually higher with the increase of temperature from 20°C to 35°C., and had the ability on consumption the different types of snails and tolerate the high temperature. *Limnogeton fieberi*, the best predator at this experiment which achieved the best results, and the lowest results with *Ischnura pumilio*. These results indicated that the all predators were active in the different temperatures and had the ability on consumption the different types of snails and showed the important role can be played by these predators under investigation in controlling these harmful snails.

The Second Experiment
2. Consumption capability of insects (predators) on different types of snails under laboratory and four values of pH:

In this experiment, the effect of low and high values of pH on consumption capacity of aquatic insects (predators) on the snails (preys) were studied. The predators under investigation examined against four types of snails (preys), under laboratory conditions and four values of pH (5, 7, 9 and 11pH). The incubator to control was used to the temperature at (30°C), which it was suitable degree to give the best consumed snails. So, the experiments were prepared and placed in incubator (30°C) for ten days. Regarding to a comparison between the consumed snails, the maximum consumed number of the preys was represented by *Bulinus truncatus*, to all types of predators, while the minimum number was observed in case of the snail *Biomphalaria alexandrina* to all types of predators. Except, *Limnogeton fieberi* which the minimum number was observed in case of the snail *Cleopatra bulimoides*. These results were confirmed statistically as highly significance at $P > 0.1\%$ probability level of error for predation of the present predators. On the other hand, the current study showed highly consumption of the preys under both 7pH and 9pH. In contrast, the lowest number of feed snails was under 11pH value. *Limnogeton fieberi*, the best predator at this experiment which achieved the best results, and the lowest results with *Ischnura pumilio*. Thereby, the result indicated that the predator *L. fieberi* had highly predatory efficiency of consumption capacity under the different pH values, while the lowest predatory efficiency of consumption capacity was *Ischnura pumilio*. In addition, these results indicated that the maximum predation under 7pH value regardless the laboratory result. These results indicated that the all predators were active in the different pH values and had the ability on consumption the different types of snails.

The third Experiment
Prey preference

3968	11202784	doctor.	Studies On Some Aquatic Insects Including Their Predation for The Different Snails/	Mohamed, Shadia Mostafa Bakry.		2011	The experiment was conducted in the laboratory to study the preference of the five predators on the four types of snails which exist in its natural habitat/The consumption capability of the predators in non choice experiment under laboratory conditions was determined. Thereby, the result indicated that when all predators were provided with equal numbers of the snails species recorded above, the first preferred for attack was directed towards <i>Bulinus truncatus</i>. However, the tested preys could be arranged descendingly according to the preference as follow: <i>Bulinus truncatus</i>, <i>Biomphalaria alexandrina</i>, <i>Melanoides tuberculata</i> and <i>Cleopatra bulimoides</i>. The experiment was repeated again in the laboratory to study the preference of these predators on the three types of snails, <i>Biomphalaria alexandrina</i>, <i>Melanoides tuberculata</i>, and <i>Cleopatra bulimoides</i>, after isolated the preference snail <i>Bulinus truncatus</i>. however, the three tested preys could be arranged descendingly by <i>Limnogeton fieberi</i> according to the preference as follow: <i>Biomphalaria alexandrina</i>, <i>Melanoides tuberculata</i> and lastly <i>Cleopatra bulimoides</i>. But, the three tested preys could be arranged descendingly by the other four predators according to the preference as follow: <i>Melanoides tuberculata</i> <i>Cleopatra bulimoides</i> and lastly <i>Biomphalaria alexandrina</i>. The <i>Belostomatidae</i> (<i>Limnogeton fieberi</i> and <i>Sphaerodema urinator</i>), and <i>Odonata</i> (<i>Anax imperator</i>, <i>Crocothemis erythraea</i> and <i>Ischnura pumilio</i>), <i>WQTQ</i> active as predators of harmful snails (<i>Bulinus truncatus</i>, <i>Melanoides tuberculata</i>, <i>Biomphalaria alexandrina</i> and <i>Cleopatra bulimoides</i>) thus they can be reared in large numbers and then released in the breeding places of snails to achieve biological control of these pests. So, the results of such studies would enable us to formulate the biological control program in a more effective way. Finely, The current study hope that this study along with the aforementioned studies provide a better understanding of this promising biocontrol agent and the best conditions for rearing and releasing of this important predator of snails to conserve (nature and human health).	27/6/2011.	Mohamed Zaky Youssef Aly, Ibrahim Essa Essa Mohamed.
							The Egyptian <i>Buthus occitanus</i>, scorpion venom contains a strong bradykinin potentiating factor (BPF) that augments bradykinin effects through enhancing its release. BPF has been shown to be cytoprotectant in a model for burn wound healing in Guinea pig, male and female germ cell proliferation and improvement of kidney functions. Based on the protective ability" of BPF. the present work / hypothesized that it would be hepatoprotectant. and that after determining its sub-lethal dose. For that purpose, injection of carbon tetrachloride (CC14) in Guinea pigs (for liver injury) was used. This protection can be detected thought some physiological studies including hematological and biochemical studies. It is worth to mention that, the assessment of the blood has become a routine procedure in the investigation of hematological disorders in toxicology and biosafety assessment studies. Furthermore, Oxidative stress derived from CC14 metabolism has been a major focus in the study of CC14-induced tissue injury, and that sustain the important of monitoring the oxidative biochemical parameter. For study the effect of BPF as a treatment, Three to four weeks-aged Guinea pigs were grouped into three major groups as the following: Group 1: each animal of this group were intraperitoneal injected (i.p.) with 0.9% isotonic saline solution at a dose (1uOl ml/kg body weight) per 5 days along the experimental period and served as normal group. Group II: Each animal of which were injected intraperitoneal with CC14 (0.5 ml/kg b. w. for 4 days) and served as a positive control and left out treatment. First half of group (8 animals) sacrificed after 15 days and the rest of animals were sacrificed after 30 days, but they are starved one day before sacrificing. i Group III: This group was injected with CC14 (0.5 ml/kg b. w. for 4 days) and then treated by BPF as the following. 4 animals of group was (i.p.) injected with BPF dissolved in saline solution (1ugm/g body weight per 5 days) i.e. it was given 4 doses of BPF. First half of group (8 animals) sacrificed after 15 days and the rest of animals were sacrificed after 30 days (i.e. it was given 6 doses of BPF) from the beginning of treatment, but they are starved one day before sacrificing. After sacrificing, blood was collected from each animal and divided into two portions; part was taken in EDTA containing tubes for hematological studies including; blood counts (RBCs, WBCs, and Platelets), blood Hb, reduced glutathione (GSH) and Packed cell volume (PCV). The other portion of blood was collected into plain centrifuge tubes and left for 1 hr. at room temperature for clotting. Serum was separated by centrifugation for 30 minutes and analyzed for the concentration of liver enzymes (ALT, AST and ALP), total protein, albumin, globulin and nitric oxide (NO). After collection of blood, the liver tissue was removed and was perfused with a cold BPS (Phosphate buffered saline) Hardening the dissected tissue by liquid nitrogen then crushed and homogenized in 5-10 ml cold buffer per gram tissue. The tissue is centrifuged at 4000 r.p.m. for 15 minutes and then removed supernatant for assaying MDA, CAT and SOD. Consequently, after assaying aforementioned physiological studies, the CC14- injected group (i.e. group2) showed that, after 15 days from injection, the hematological parameter was decreased significantly except WBCs that was increased. With time proceeding, (i. e. after 30 days) the hematological parameter was a highly significant decrease while WBCs was a highly significant increase.		

3969	11203406	master.	Physiological Studies on the Effect of Bradykinin Potentaiting Factor (BPF) Isolated from Scorpion Venom on Carbon Tetrachloride (CCl4)-Induced Acute Hepatic Injury in Guinea Pigs/	Ismail, Asmaa Sayed Muhammad.		2011	In addition, the concentration of liver function enzymes! in serum was increased significantly after 15 days from injection, but after 30 days the concentration of liver enzymes was a highly significant increase. Furthermore the concentration of total serum protein and serum albumin were decreased significantly after 15 days from injection. But after 30 days these concentration were a highly significant decreased and from both of them we determined the concentration of globulin from the difference from total serum protein and serum albumin. On the other hand, the determining the oxidative stress take place by assaying the concentration of tissue MDA, CAT, SOD, blood reduced GSH and serum NO. It found that, the concentration of tissue MDA and serum NO was increased significantly after 15 days from injection, but after 30 days was a highly significant increase. In contrast, the concentration of tissue CAT, SOD and blood reduced GSH after 15 days from injection was a significantly decreased which became after 30 days a highly significant. The same physiological studies in the third group (treated with BPF) recorded that, after 15 days from injection, the hematological parameter was increased significantly except WBCs that was decreased, and then after 30 days the hematological parameter was a highly significant increase. while WBCs was a highly significant decrease. According to recorded results, the concentration of liver function enzymes in serum was decreased significantly after 15 days from treating with BPF, consequently, after 30 days the concentration of liver enzymes was a highly significant decrease. Furthermore the concentration of total serum protein and serum albumin were increased significantly after 15 days from treating with BPF. And hence, after 30 days these concentration were a highly significant increased and from both of them we determined the concentration of globulin from the difference from total serum protein and serum albumin. On the other hand, the determining the oxidative stress take place by assaying the concentration of tissue MDA, CATJ SOD, blood reduced GSH and serum NO. It found that, the concentration of tissue MDA and serum NO was decreased significantly after 15 days from injection, but after 30 days was a highly significant decrease. In contrast, the concentration of tissue CAT, SOD and blood reduced GSH after 15 days from injection was a significantly increased which became after 30 days a highly significant. Finally, from the present study we concluded that, BPF that isolated from Buthus occitanus venom treatment I normalized the changes which happen by a harmful effect, such as exposure to CC14. Consequently, BPF treatments may have therapeutic values in preventing CCl4-induced hepatic disorders beside some blood constituents and the oxidative stress. These findings establish a therapeutic role to the venom j animals.	27/6/2011.	Abd El-raheim Ali El-shater, Muhammad Mahmoud Ali Salman.

							The present study focused on studying some of the ectoparasitic monogenean parasites infecting gills of fresh water fishes belonging to 10 species (9 families) from the River Nile at Qena Governorate, Egypt. 743 fish specimens belonging to Schilbe mystus , Lates (lates) niloticus, Chrysichthys rueppelli , Tetraodon lineatus , Chrysichthys auratus , Malapterurus electricus , Oreochromis niloticus , Mormyrus kannume , Bagrus bajad , and Labeo niloticus were collected from the River Nile at Qena Governorate, Egypt. Examination of the investigated fish species in this study revealed infestation by parasitic monogeneans at a rate of 81.43 % .The highest percent of infection was recorded in Schilbe mystus with a percent of 100 % (130/130) while the lowest percentage was recorded in Lates (lates) niloticus 42.86 % (30/70). For the studied monogenean parasites, the highest percent of infection was recorded in summer for all of the examined fish with a percent of 86.89% (431/496) and the lowest percentage was recorded during winter being 70.44% (174/247). During summer, the highest percentages of infection with monogenean parasites among fish were recorded in S. mystus 100% (90/90), C. rueppelli 100%: (70/70) and in T. lineatus 100% (40/40), while the lowest percentage was recorded in L.(lates) niloticus 50% (25/50). The percentages of infection for the other fish species during summer were recorded as 95% (57/60) for C. auratus, 94.55% (52/55) for M. electricus, 80% (32/40) for O. niloticus, 76.19% (16/21) for M. kannume, 72.5% (29/40) for B. bajad, and 66.66% (20/30) for L. niloticus.		

3971	11203738	master.	Studies on Some Monogenean Parasites Infecting Fishes in Qena Province, Egypt/	Abdel-mageed, Asmaa Adel.			2011	The highest percentage of infection with these parasites during winter was recorded in S. mystus with a percent of 100% (40/40) and the lowest percentage of infection was recorded in L. (lates) niloticus with a percent of 25% (5/20). the percentages of infection in the other examined fish species were recorded as 90% (18/20) for T. lineatus , 90% (18/20) for C. rueppelli , 86% (43/50) for C. auratus, 68% (17/25) for M. electricus , 50% (10/20) for I. niloticus, 47.83% (11/23) for O. niloticus , 44.44% (4/9) for M. kannume , and 40% (8/20) for B. bajad . A positive correlation was found between the number of monogenean parasites infecting gills and skin of the infected fish hosts and the fish weights. It was also found during the present study that the number of monogenean parasites counted from infected fishes increases as the weight of the fish increased. The histopathological changes of the infected gills revealed a clear damage accompanied by gill hyperplasia due to the heavy infestation with monogenetic trematodes.	31/10/ 2011. 4037	11424056		صابر، شيماء عبدالعاطي سعيد	دور وكالات العلاقات العامة في تطوير النشاط الاتصالي والتسويقي	شيماء عبدالعاطي سعيد صابر	مقاط	2012م	الملك فاروق في مصر يوم ٢٣ يوليو سنة ١٩٥٢ ، ثم ما لبث في ٢٦ يوليو من نفس العام أن أجبره على الرحيل من مصر ، بعد تنازله عن العرش لابنه الصغير أحمد فؤاد، لتصبح السلطة كاملة في يد مجلس قيادة الثورة (١) ، والذي كان عليه تحمل مسؤولية إدارة البلاد، إضافة إلى مواجهة تحديات عديدة، وتحقيق الأهداف التي أعلن عنها، كالقضاء على الاستعمار وأعدائه والإقطاع وسيطرة رأس المال، وإقامة حياة ديمقراطية سليمة وعدالة اجتماعية بين طبقات المجتمع، وبالطبع بناء جيش وطني قوي قادر على حماية البلاد، كما كان عليه حل مجموعة من القضايا الخارجية مثل تحديد موقفه من الصراع بين المعسكرين الشرقي والغربي، وكذلك قضية فلسطين. وقد رتب مجلس قيادة الثورة أولوياته، بحيث جاء انزال العلم البريطاني من قاعدة القناة كهدف رئيس للثورة، لا يتقدمه هدف آخر، كما كان إيجاد حل للمسألة السودانية يمثل مطلباً استراتيجياً ملح (٢) ، حيث أدركت القيادة أنه ليس من السهل البدء في مفاوضات الجلاء مع البريطانيين دون حل لمشكلة السودان، فهي العقبة الكروود التي تحطمت عليها معظم المفاوضات المصرية البريطانية السابقة، مما يفسر أسباب البدء بهذه القضية أولاً (٣) .		
4038	11424114		حسين،مصطفى السيد	الصراع المصري- الاسرائيلي 1955-1967	مصطفى السيد حسين	مقاط	2012م	أما قضية فلسطين فلم تكن حرب فلسطين أو نتائجها سببا رئيسي□□ لقيام الثورة المصرية، وإنما كانت عاملاً مساعدا ودافعا لضرورة التغيير (١)، وبالتالي لم تكن تلك القضية تحتل مكاناً رئيسي□□ في أولويات النظام الجديد في مصر، لدرجة أن "جمال عبد الناصر"، رغم علمه بعمل الحكومة الإسرائيلية على زيادة قواتها المسلحة بشكل مضطرد، إلا إنه رفض إعطاء مسألة الاهتمام بالجيش الأولوية في الانفاق الحكومي، وفضل أن تكون الأولوية لم مشاريع التنمية (٥)، وربما يرجع عدم احتلال قضية فلسطين، أو مسألة الصراع العربي الإسرائيلي مكاناً رئيسي□□ في أولويات الثورة، إلى أن هزيمة ١٩٤٨ لم ينتج عنها فقدان مصر لأي جزء من أراضيها،		

							نتائج الدراسة :- قد خلصت الدراسة إلى النتائج التالية:- أن الأسرة الحادية والعشرين ليست كما يعتقد البعض أنها أسرة إهتبار وإضمحلل فقد سعي كل من الملوك وكبار الكهنة -1 إلى وضع سياسي مرضي لكلا الطرفين يؤدي بمصر إلى الإستقرار دون التورط في أي حروب من أجل الحكم والذي وصفه "كشتن" بقوله -عش ودع الآخرين يعيشوا-. وأن دل ذلك على شيء إنما يدل على أن ملوك الأسرة الحادية والعشرين وكبار كهنتها كانوا ذوي حنكة سياسية يفكرون الموقف حق تقديره؛ إذا تصدوا للفتن والثورات والفتال 2-حاول ملوك الأسرة الحادية والعشرين وكبار كهنتها التشبه بكبار ملوك مصر وإحياء تذكراهم في ألقابهم وأثارهم 3- تركت الأسرة الحادية والعشرين ميراثا حضاريا وفنيا في شمال الدلتا وجنوبها. سواء كان ذلك في داخل المعابد أو -3 المتاحف العالمية، شأها باحتفاظها للموروثات الحضارية الثقافية السابقة لها 4- لم يكن ترتيب "ماتيون السمنودي" لملوك الأسرة الحادية والعشرين صحيحا بشكل كامل؛ إن أن بعض القرائن والشواهد -4 أعطت انطبعا يعكس ذلك خاصة المدونات التي كانت علي أكتاف خبيئة الدبر البحري سواء كانت من مقابر الملوك أو كبار الكهنة، كما أن ذكر كبار الكهنة مع الملوك علي الكفن الواحد زاد الأمر تعقيدا 5- إعتاد المؤرخون والأثريون علي حدا سواء إعتبار ملوك تائيس هم الملوك الشرعيين في البلاد، وأن كبار كهنة طيبة لم -5 يكونوا سوي طامحين فقط للحكم كما سيفهم في ذلك من كان قبلهم. غير أن المدقق في أوضاع مصر خلال تلك الفترة خاصة فيما بعد "حريحور" يجد أن مصر من النوبة حتي الحبية (بمحافظة المنيا) كانت تحت إمارة كبار الكهنة الملوك بل وإستمرت -6 سيطرتهم علي هذا القطاع حتي نهاية الأسرة. فلا يجوز مطلقا إستبعادهم من حكم البلاد لم يرتبط ملوك الأسرة الحادية والعشرين بروابط أسرية قوية ولم يلبث - حتى الآن- الدليل القاطع أنهم عائلة واحدة-6 ثورات العرش، أما كبار الكهنة فقد كانت علاقتهم محددة أكثر من ذلك إذ دون السواد الأعظم منهم بأنه ابن الكاهن السابق له، كما أن فترات الحكم الخاصة بالملوك وكبار الكهنة غير واضحة. ومن الخطأ الكبير أن نطبق ما نأدي به البعض من تحديد فترات الحكم علي أسس فلكية من خلال بعض المناسبات الدينية، أو التواريخ الإقتراضية؛ إذ أنه وببساطة لا يمكن -7 تطبيق مقاييس فترات الإستقرار علي فترات الإضطراب غلب علي هذه الأسرة السياسة الدفاعية عن حدودها نتيجة للظروف الداخلية من إنقسام وزيادة الوجود الليبي، وظهور -7 نجم الدولة الليبية التي إتخذت معها سياسة مرنة، وبعض الممالك في سوريا والتي لم يعد لمصر سوي السيادة الاسمية التقليدية عليها، كما لم تسجل تلك الفترة أي ثورات إستقلالية بالنوبة 8- رغم إنقسام السلطة بين الشمال والجنوب إلا أن عبادة آمون كانت أحد السمات التي إرتبط بها البيتين، وحرص كل منهما -8 علي التبرك به وتعظيمه بعد فترة الرعامسة التي كانت تعلاوا من شأن الإله "ست" فكان لذلك وقعا حسنا في نفوس المصريين، ولم يشعروا بهذا الإنقسام رغم أنه كان واقعا ملموسا أقام ملوك تائيس العديد من المعابد في الدلتا التي تعرضت لعوامل التعرية وقد أثر ذلك بشكل كبير عليها. أما كبار كهنة -9 آمون بعظية فلم تسمح الفتال والإضطرابات التي سادت عيودهم بإقامة مثل تلك الأبنشاء؛ فكتفي كلا الطرفين بتسجيل أعمالهم علي آثار كبار ملوك مصر
4039	11424274	الأسرة الحادية والعشرين في مصر القديمة :	محمود صفاء عبدالرزوف محمد.			2012م	تتناول هذه الدراسة الرهائن السياسيين في الاندلس منذ الفتح الإسلامي حتى نهاية عصر الطوائف كظاهرة تاريخية ذات ملامح سياسية واجتماعية ونفسية جذيرة بالدراسة التي التزم الباحث من خلال الدراسة بالمنهج الاستقرائي التحليلي الذي ساعد الباحث في وصف الواقع التي حدثت في الماضي وتحليلها وتفسيرها بغية الوصول الى نتائج تساعد علي فهم الحاضر والتنبؤ بأحداث المستقبل وقد ذلك الباحث علي رصد التطورات التاريخية التي مر بها الموضوع عبر المراحل التاريخية المختلفة والبحث يحتوي على مقدمة تمهيد وخمسة فصول رئيسية تم خاتمة تستعرض أهم ما توصل اليه الباحث من نتائج خلال فترة الدراسة .
4040	11424478	الرهائن السياسيون في الاندلس منذالفتح الإسلامي حتى نهاية عصر الطوائف (479-92هـ/712-1086م)	إبراهيم منحت محمد عبدالحرث.	مدحمحمد عبدالحرث ابراهيم،	قنا:	2012م	تعرف الابواب الوهمية بمدخل الروح وهى وحدات معمارية وعقائدية استمر كيانها ثابت فى المقابر وبعض معابد الطغوس المصرية فى اغلب العصور وظهر الباب الوهمى كعنصر واضح المعالم من الاسرة الرابعة واستمر منذ الدولة القديمة الى الدولة الوسطى. وقد حددت وظيفتين للباب الوهمى الاولى الباب الوهمى المكان الرئيسى فى المقبرة والذى تقدم فيه القرابين الى الميت وتقام عنده الدعوات والصلوات من الكهنة والوظيفة الثانية ان الباب الوهمى هو المكان الوحيد الذى تستطيع الروح الدخول من الى المقبرة للانتفاع بالصلوات والقرابين وروية الزنارئين للمقبرة وقد جاءت الدراسة فى مقدمة وثلاثة فصول وخاتمةوكل لابد من توضيح شئ نام،فالباب الوهمى محل الد ارسه تقصد بو الباب الوهمى بشكمو التعميدى الذى يتكون من العضادات والعتب السفى والعموى والخير ا زنة وخمة الباب والاسطوانة مغرقين فى ذلك بين الباب الوهمى و بين الموحة ذات الباب الوهمى كما اطلق عميا حيث انتشرت فى الدولة الحديثة فى مقابر الالف ا رد لوحات تخص صاحب المقبرة الا انيا اتخذت فى شكما الفنى خاصة الشكل الخارجى شكل الباب الوهمى وخاصة الطلغ الذى يعموا. وقد جاءت الد ارسه فى مقدمة و ثلثة فصول وخاتمة . الفصل الاول : المصادر و درس فى نذا الفصل الابواب الوهمية فى الدولة الحديثة والتي تركزت التماذج منيا فى الاسرة وفى العصر المتأخر تركزفى الاسرتين 26،25 بوشمل الفصل التعريف بصاحب كل باب 18 ونمى ولقبو وموقع المقبرة بجبانة طيبة وموقع الباب الوهمى بالمقبرة ومقاسات الباب ومادة صنمو والتشر العمى لمباب ونصوصو ثم عرض لنصوص الباب بداية بالنص البيروغيمفى والترجمة الصوتية والترجمة والتعميق ان وجد بوشممت الد ارسه بعض الابواب الغير منشورة عميا حيث قام الطالب بالوصف ونقل النصوص والترجمة والتعميق عميا. الفصل الثانى: المناظر المصورة عمى الابواب الوهمية ودرس فى نذا المناظر المصورة عمى الباب نفسو وتقصد بيا مناظر لوحة القران والعتب السفى ثم المناظر المحيطة بالباب سواء المناظر الجانبية او المناظر العموية والسفمية شارحين فى ذلك لممنظر والنصوص المصاحبة لو ،وقد شممت ايضا بعض المناظر الغير منشورة
4041	11424494	الباب الوهمى فى مقابر الافراد فى عصر الدولة الحديثة والعصر التأخر فى جبانة طيبة	علي , عمرو أبو الصفا خليفة	عمرو أبو الصفا خليفة علي	قنا	2012م	اكتسبت المكتبات مكانة بارزة في حياة المجتمع وافراده نظرا للدور الذي تؤديه في بث الوعي لدى افراد المجتمع لهذا كان لابد من تحقيق الرضاء الوظيفي لهم وتحاول الدراسة الوقوف على الاثار الإيجابية الناتجة عن رضاء الفرد عن عمله مثل ارتفاع الروح المعنوية لهم ونخفاض نسبة الغياب ونخفاض معدلات ترك العمل وتهدف الدراسة بوجه عام الى التعرف على حالة الرضاء الوظيفي للماملين بالمكتبات في مركز ومدينة قنا جامعت الدراسة فى فصل تمهيدى ومقدمة وتم تلبيها اربعة فصول واخيرا قائمة المصادر والمراجع العربية والاجنبية بليها ملاحق الدراسة.ونظرا أن تقدم أي مهنة مرهون باقتناع العناصر البشرية بعملها ورضاهها عنه فقد قامت المؤسسات بمختلف أنواعها بإبتكار أساليب عدة لتشجيع وتحفيز موظفيها ، ذلك لان الأمن الوظيفي والتوافق مع بيئة العمل والتوازن بين متطلبات الوظيفة ومتطلبات المعيشة هي العوا مل المهمة التي تحقق الرضاء الوظيفي للعاملين في كل قطاعات التوظيف وإذا انتقلنا من العام إلى الخاص نجد أن هناك العديد من الدراسات والبحوث التي أجريت في مجال المكتبات أما على المجموعات أو على العمليات الفنية أو على الخدمات المقدمة للمستفيدين ، أما موضوع الرضاء الوظيفي فكان ولا يزال موضوعا منسيا أو مهملا . بالرغم من أن المكتبين عليهم دور كبير وواضح

4042	11424548		الرضاء الوظيفي لدى العاملين في المكتبات بمرکز ومدينة قنا	محمود منال غريب يسن	منال غريب يسن محمود	قنا	2012م	في دفع عجلة التطور أى هم بمثابة العمود الفقري للمكتبة ، لذلك يعد الرضاء عن يعد النقل أحد الأنشطة الاقتصادية التي تقوم بدور الوسيط بين مناطق الإنتاج ومناطق الاستهلاك أى انه نشاط اقتصادى مكمل لعملية الإنتاج وبه تزيد قيمة المنتج ومحاطة اسوان هى إحدى محافظات جنوب الصعيد وآخر المحافظات المصرية من ناحية الجنوب وتنقسم الدراسة إلى ستة فصول وتبدأ بالمقدمة وتنتهى بخاتمة . اختلفت الفرق الكلامية في مسائل العقيدة وقد كان للعلل دور مهم في كلا من التفسيرين المعنيين بالدراسة فالرازي لا يخفى تقسيمه للاستدلال العقلي حتى انه قدمه على الاستدلال النقلى وافد له كتابا اسماء تأسيس التقديس اما تفسير المنار فيتجاذبه طرفن هما الامام محمد عبده والشيخ رشيد رضا وقد استخدم المنهج التحليلي واشتملت الدراسة على مقدمة وثلاثة فصول وخاتمة.
4043	11424687		النقل البرى والتنمية الاقتصادية فى محافظة أسوان باستخدام نظم المعلومات الجغرافية	عثمان، حمدان سعد نجار	حمدان سعد نجار عثمان	قنا	2012م	
4044	11424771		محمود إمانى محسوب العطيفى عبدالرحيم	ممنهج تفسيرى مفاتيح الغيب والمنار فى عرض مسائل الايمان بالله	امانى محسوب العطيفى عبدالرحيم محمود	قنا	2012م	تعد القوة الاجتماعية واحدة من الموضوعات الهامة في علم الاجتماع بشكل عام فعلاقات القوة تتخلل بشكل واضح كل مجتمع من المجتمعات لهذا جاءت الدراسة لتكشف عن عناصر بناء القوة في المجتمع المحلي وعن أثر التحولات الاجتماعية التي طرأت على تلك العناصر في ظل المتغيرات العالمية والمحلية التي مر بها المجتمع المصرى في الفترة الأخيرة، وجاءت الدراسة في ثلاثة فصول ثم مراجع الدراسة والملاحق وينهى الباحث الدراسة بملخص باللغة العربية وآخر باللغة الأجنبية. ولهذا فقد جاءت هذه الدراسة لتكشف عن عناصر بناء القوة في المجتمع المحلي وعن أثر التحولات الاجتماعية التي طرأت على تلك العناصر في ظل المتغيرات العالمية والمحلية التي مر بها المجتمع المصرى في الفترة الأخيرة مستندة في ذلك على الاتجاه التنظيري الذي درس القوة كالنظرية الصفوية والتعددية والطبقية، مستخدما في ذلك عدة مناهج كالمنهج الانثروبولوجي، ومنهج المسح الاجتماعي، ومدخل الشبر، للوصول بشكل عام من هذه الدراسة إلى بحث مشكلات القرية المصرية وسبل تنميتها وأساليب تقدمها في محاولة لتطوير المجتمع الريفي ككل وتقدمه وجاءت هذه الدراسة في مضمونها تحتوي على ثلاثة فصول، الفصل الأول : وهو يتناول الإجراءات المنهجية للدراسة وإطار التنظير والدراسات السابقة ويشتمل على ثلاثة مباحث: المبحث الأول : الجوانب المنهجية للدراسة ويعرض فيه الباحث لإشكالية الدراسة وتساولاتها وأهمية الدراسة وأهدافها - المبحث الثاني : يوضح التوجه النظري للدراسة من خلال دراسة وتحليل آراء نظرية الصفوة والنظرية التعددية وكذلك النظرية الطبقية المبحث الثالث : الأدبيات السابقة ويعرض من خلاله الباحث للدراسات السابقة العربية وبعض الدراسات الأجنبية وثيقة - الصلة بموضوع الدراسة مع عرض لتداعج هذه الدراسات والدراسة الحالية وأوجه الشبه والإختلاف بينهم أما الفصل الثاني : فهو يتكون من ثلاثة مباحث أيضا: المبحث الأول يتحدث عن : القوة الاجتماعية في المنظور السوسيولوجي من حيث إشكالية تعريفها في التراث - السوسيولوجي وكذلك عرض لبعض المفاهيم المرتبطة بها كالسلطة والنفوذ والسيطرة والهيبة، وكذلك مفهوم بناء القوة السوسيولوجي . ويكيان تواجد داخل المجتمع
4045	11435098		التحولات الاجتماعية وبناء القوة في ريف صعيد مصر :	محمد، حسن محمود يوسف			2012 .	أن التعليم هو المشروع القومي لمصر فهو سبيلنا الوحيد لكي نواكب التطور العالمي وخلق جيل قادر على الابتكار والإبداع العلمي في جميع المجالات العلمية والفنية والثقافية وتربية الإنسان وإعادة تشكيله مهمة ليست سهلة، ومن هنا كانت المهمة الأساسية هي أن نرفع من روحه ونخترم علمه الداخلي ونعطيه قوة معنوية ونجعل كل قدرات المجتمع الفكرية وكل إمكانياته الثقافية تعمل من أجل تشكيل إنسان نشط اجتماعيا وغنى روحيا ومستقيم وحى الضمير وهنا يبرز الدور العظيم والرسالة المهمة التي تضطلع بها تلك الجمعيات الأهلية. وقد جاءت الدراسة في ثلاثة فصول تسبقها توطئة وتنتهى الدراسة بأهم المراجع ثم ملخص للرسالة. وهنا يكون إنشاء الجمعيات الأهلية أمرا ضروريا من أجل المساهمة في الارتقاء بمستوى المجتمع بشكل عام وبالتعليم بشكل خاص، ولهذا أصبحت الجمعيات الأهلية ذات صدق في المجتمعات الحديثة، ولقد لعبت إهتماما واضحا لدى المعنيين بالدراسات الاجتماعية " ونالت تلك الجمعيات الاعتراف بالفعل لما تنسم به من ميزة نسبية إزاء الحكومات لما لديها من خيرة أطول في مجال الدعوة والأنشطة البرنامجية؛ لأنها غالبا تضرب بجذورها في فئات سكانية قليلة الحظ من الخدمات، ويصعب الوصول إليها (عن طريق القنوات الحكومية " . وهنا يبرز الدور العظيم والرسالة المهمة التي تضطلع بها تلك الجمعيات الأهلية، الأمر الذي يجعل من الضروري توجيه عناية خاصة لها في مجال البحث الاجتماعى والتربوى.
4046	11435114		الجمعيات الأهلية ودورها في تطوير المجتمع المدرسى :	قمر الدين، نادية عوض أحمد.			2012 .	بدأ دور أمريكا في تحريك السياسة في إيران قبل وأثناء الحرب العالمية الثانية وددت مطالبيها بخانية فاتكة في إيران بعد الثورة البلشفية في روسيا وأن الذى ساعد الولايات المتحدة الأمريكية على توطيد نفوذها في إيران أنها رأت أن بريطانيا لم تعد قادرة على مواجهة السوفيت وقد جاءت الدراسة تمهيد وخمسة فصول وخاتمة الإسلامية، وكيفية استخدام سلاح الدين لحماية مصالحها كما شهدت هذه الفترة انهيار نظام إستبدادي ملكي قائم على النظرة الإستعمارية ليقوم مقامه نظام إسلامى . : بالنسبة للمنهج المتبع في الدراسة * المنهج التاريخي التحليلي ويتحقق ذلك باتباع الخطوات التالية : - جمع المادة العلمية من الوثائق والمراجع الأصلية والثانوية - تصنيف المادة العلمية التي يتم جمعها على أن تصبح كل مجموعة منها تعالج فصل لا من فصول الدراسة ثم تسجيلها - وتحليلها . - إجراء التحليل اللازم لكل الحقائق والوقائع - تفسير الحقائق المتصلة بالموضوع والبحث عن الأسباب الكامنة وراء هذه الحقائق والنتائج التي انتهت إليها -
4047	11435416		العلاقات السياسية الأمريكية الإيرانية من 1979-1953م /	سيد، نهى فكرى.			2012 .	تعرف الفرق الرومانية في اللغة اللاتينية بمصطلح Legio الذى يقصد به القوات المجهزة او عملية التجنيد وكان هذا المصطلح في البداية يطلق على الجيش الروماني نفسه وتهدف هذه الدراسة الى التعرف باهم الاليات التي من خلالها كون الرومان إمبراطوريتهم وفضلها تحولت روما من مجرد قرية صغيرة على نهر التبرير الى عاصمة الامبراطورية الممتدة الاطراف , وتكونت الدراسة من خمسة فصول يسبقها تمهيد وقد ذيلت الرسالة بقائمة المصادر والمراجع وملحق اشتمل على الصوروالاشكال.
4048	11435513		الفرقة الرومانية منذ بداية الحروب البونيقية وحتى نهاية الحرب المقوتونية الرابعة	على،محمد محمود محمد	محمد محمود محمد على	قنا	2011م	تقع منطقة الدراسة في الركن الجنوبي الشرقي من الصحراء الغربية وتمتد حدود المنطقة من خور توشكى وحوضه جنوبا حتى الحدود الجنوبية لخور كلابشة وحوضه شمالا وتهدف الدراسة إلى تحديد الأشكال الجيومورفولوجية المميزة للمنطقة وتكثاف الدراسة من ستة فصول تسبقها مقدمة وتُعقبها خاتمة ويبدأ كل فصل بمقدمة وينتهي بخلاصة. وقد تم إختيار الموضوع لعدة أسباب منها أن هذه الدراسة تمثل إمتدادا للدراسات عديدة سابقة تناولت أجزاء من توشكى أيضا توافر المادة العلمية مادة الدراسة وأيضا رغبة في إعداد دراسة جيومورفولوجية لها أبعاد تنموية وتخطيطية. وتهدف الدراسة إلى تحديد الأشكال الجيومورفولوجية المميزة للمنطقة ودراستها دراسة تفصيلية وإنشاء قاعدة بيانات جغرافية لمنطقة الدراسة تسهم في حصر إمكانيات المنطقة. تم إختيار الموضوع بناءً على عدة أسباب،أهمها : أن هذه الدراسة تمثل إمتدادا لدراسات عديدة سابقة تناولت أجزاء من منطقة -١ توشكى أو بعض الأشكال الجيومورفولوجية بها، ولذلك أراد الطلاب أن يواصل هذه الدراسات التي تهدف في النهاية إلى دراسة المنطقة دراسة تفصيلية يفيد منها المخططون في المستقبل القريب. ٢- محاولة تقديم دراسة جيومورفولوجية تساعد في تحديد العلاقة بين العمليات والأشكال الجيومورفولوجية من جانب وتنمية المنطقة من جانب آخر. ٣- كان تتوفر المادة العلمية من مصادر مختلفة، والتي تمثل أرضية للدراسة أثر - كبير في اختيار موضوع الدراسة، بالإضافة إلى أن هذه المنطقة من المناطق الواعدة ؛ لذا أراد الطلاب دراستها.

						،ميل الطالب إلى التخصص في الجيومورفولوجيا ذات الإهتمام بالأبعاد التطبيقية -٤ ورغبته في إعداد دراسة جيومورفولوجية لها أبعاد تنموية وتخطيطية. قدرة الطالب على تطبيق تقنيات الاستشعار عن بعد ونظم المعلومات الجغرافية – ٥ في الدراسة الجيومورفولوجية، لتوضيح إمكانية إسهام هذه التقنيات في دراسة الجيومورفولوجيا والخروج بنتائج مفيدة في البحث. وتهدف الدارسة إلى: تحديد الأشكال الجيومورفولوجية المميزة للمنطقة، ودراستها دراسة تفصيلية، ورسم ١- خريطة جيومورفولوجية تفصيلية لها). محاولة الوقوف على طبيعة العلاقة بين العمليات والأشكال الجيومورفولوجية من ٢- جانب ومواقع التنمية الموجودة بالمنطقة من جانب آخر .
4049	11435802	أبو حديد، أحمد عبدالفتاح حسين محمد.	أشكال التحت والإرساب في المنطقة بين بحيرة ناصر ومنخفض توشكي :		2011 .	يظل نص مالك بن الربيع (لا ليت شعري...) للخلوص وللعمام نصا لهاذا مدهشا يستحق أن تكتف حوله المقاربات والممارسات الحديثة والمعاصرة حيث كانت طبقة السادة تملك كل شئين وأما طبقة العبيد فلم تكن تملك أى شئ حتى حريتها وأمام هذا الفارق الحاد بين في الثروة والمكافأة الإجتماعية كان من الطبيعي أن يحدث الشقاق الذي يدفع الإنسان المعمد إلى التمرد وقد جاءت الدراسة في مقدمة وخمسة فصول وخاتمة ثم الملاحق. ومما يدعو للتعجب أكثر أن هؤلاء الذؤبان الفكك الهلاك لا يغيرون على أهل الكرم من الأغنياء، ثم إنهم ليعرضون أنفسهم للموت والقتل والهلاك ثم يعودون بما غنموا ليوزعوه على دوى الحاجة. أى نزعة هذه؟ وأى فلسفة قام عليها متناج التسعك؟ بل والأعجب من ذلك أن نجد رج لا شرفيا عنده ما يكفيه، ويتكفل برعاية وغاية الصعاليك المعوزين للدرجة التي يلقب عندها "بابي الصعاليك" وهو عروة بن الورد الذي كان إذا جذب الناس ومستمهم الضراء أسرعوا إليه، فيحفر لهم الأسراب، ويغنى عليهم الأكفاف، ثم يأخذ من قوى منهم، ليغير به ويطلعهم المرضى الباقين، حتى ليعود الرجل إلى قومه بعد تقسيم الغنائم وقد أسغنى، وعروة بذلك يعبر عن نفس كبيرة فهو لا يغزو للغزو والنهب والسلب كالشغرى وتأبط شراء وإنما يغزو ليعين الهلاك والفقراء والمرضى والمستضعفين من قبيلته، والطريف أنه لم يكن يغير على كريم يبدل ماله للناس، بل كان يخير لغاراته من عرفوا بالشح والبخل ومن لا يمدون يد. (العون للمحتاج في قبائلهم). ١ أى شعور هذا الذي يفيض من الصعلوك؟! إنها نزعة رحمة وحب، ودنقت قلب قد قست عليه جميع القلوب، ونفس ترأف لأنها ذات مرارة الظلم والحرمان، وأكبر ميزة لعروة بن الورد أنه كان رج لا يشعر بالناس أكثر مما يشعر بنفسه واخترع لذلك المعنى، التعبير الفني الجميل وهو "أقسم جسمي في جيسوم كثيرة . (وأحسو قراح الماء والماء بارد"٢ إلى هذا الحد بلغ الصعلوك اسمى معاني الرحمة، بل والإشترابية السانجة - على حد تعبير شوقي ضيف - التي يتغافى فيها الفرد من أجل بقاء الجماعة، فقد كان صعلوكا شرفيا، استطاع أن يرفع الصعلكة وأن يجعلها ضربا من ضروب السيادة والمروءة، إذ كان يستشعر في قوة فكره التضامن الإجتماعي وما يطوى فيها من إيثار وبر بالفقراء، فهو لا يسعى لنفسه، فحسب وإنما يسعى قبل كل شئء للمعوزين من عشيرته، حتى يدفع عنهم كل ما يجدون من نؤس وشقاء قد كان من نتائج الإمتداد الزمني للغة المصرية القديمة حدوث الكثير من التغيرات في النحو والصرف وقواعد الهجاء والمخصصات وفي القيم الصوتية لذا قسمت إلى عصور تميز كل منها بخصائص معينة، وكانت مرحلة القبطية قد بدأت في القرن الثالث الميلادي وإنتهت رسميا وليس فعليا بدخول الإسلام مصر عام 641م حيث اللغة العربية وقد جاءت الدراسة في تمهيد ومقدمة وأربعة فصول وخاتمة. الجملة في اللغة المصرية القديمة إما اسمية أو فعلية شأنها في ذلك شأن اللغة العربية، الاسمية هي ما بدأت باسم أو ضمير ابتدائي أو ما يعمل معاملة الاسم كالمصدر وأسماء الفاعل والمفعول، و تنقسم الجملة الاسمية إلى قسمين تبعاً لتركيبتها الجملة الاسمية البسيطة والجملة الاسمية المركبة، وتنقسم أيضاً تبعاً لنوع خبرها إلى ثلاث أنواع هم (الجملة الاسمية ذات الخبر الظرفي، الجملة الاسمية ذات الخبر الإسمي والجملة الاسمية ذات الخبر الوصفي). الجملة الفعلية هي ما بدأت بفعل ويليها الفاعل والمفعول المباشر أو غير المباشر أو شبه الجملة الظرفية حسب نوع الفعل إما لازم أو متعدي . أولاً:- الجملة الاسمية:- تنقسم الجملة الاسمية من حيث تركيبها إلى قسمين :- أ – الجملة الاسمية البسيطة وهي التي تتكون من عنصرين، المبتدأ والذي إما أن يكون اسم أو ضمير شخصي، والخبر والذي يكون إما اسم أو صفة أو مصدر أو جملة مستخدمة كاسم أو شبه جملة ظرفية. ب - الجملة الاسمية المركبة وهي تلك الجملة التي يلحق بها فعل مساعد يعبر عن أحد الأزمنة، أو فا للتعبير عن زمن المضارع يستخدم الفعل المساعد المعبر عن زمن المضارع الثاني وهو هو يلحق بالجملة الاسمية عندما تكون جملة تابعة (ثانوية)، وللتعبير عن الجملة الاسمية في زمن والجملة ، ene أو ne الماضي يستخدم الفعل المساعد الذي يعبر عن زمن الماضي الناقص وهو التي تعبر عن نفي mn المعبرة عن الوجود ouن الاسمية المركبة أيضاً هي التي يلحق بها الوجود وذلك عندما يكون مبتدأ الجملة نكرة -:- وتنقسم الجملة الاسمية تبعاً لنوع الخبر إلى ثلاث أنواع هم ٣ الجملة الاسمية ذات الخبر الظرفي تتكون الجملة ذات الخبر الظرفي في اللغة المصرية القديمة في عصرها الوسيط ١- والمتأخر من مبتدأ + حرف جر أو ظرف + اسم يكونوا معا ما يسمى بالخبر الظرفي
4050	11435836	محمد، محمد مختار حسن.	تشكلات الضعف الإنساني في أدب الصعاليك والخوارج :		2012 .	تعد العلاقات العامة جزء مهما من الأنظمة القائمة في كل دولة من دول العالم تتأثر بالنظام المحيط بها والبيئة التي تعمل فيها ولا تنفصل عن الواقع وأصبح لزاما على إدارات العلاقات العامة أن تتكيف مع التطور التكنولوجي ويمكن لأخصائي العلاقات العامة أن يكون له دور في استقبال أو نقل ونشر المعارف والمعلومات المرتبطة بأنشطة وبرامج العلاقات العامة وجايت الدراسة في مقدمة وخمسة فصول وخاتمة. ومن خلال دراسة سلوك الأفراد والجماعات دراسة علمية موضوعية، ويهدف رعاية العلاقات الإنسانية السليمة في المجتمع، وكسب ود الجماهير وضمان التقاهم بين الإدارات المحلية من جهة وجماهيرها من جهة ثانية لتهيئة جو سيكولوجيا من الفهم والثقة المتبادلة بين الإدارات المحلية وبين جماهيرها المتعلقة معها عن طريق الجهود المستمرة التي تبشر وفق خطة مدروسة. وفي ضوء ما سبق تعد العلاقات العامة نشاطا هاما واساسيا من أنشطة المنشآت التي تعمل في مجال الإدارات المحلية، كما تعد عاملا رئيسيا من عوامل نجاح الجهود التثشيطية للإدارة المحلية حيث تستهدف العلاقات العامة دعم ومساندة أنشطة الاتصال بالجمهور الداخلي والخارجي للإدارة المحلية ومحاولة تكوين صورة ايجابية عن الإدارة المحلية وخدماتها كما تشااعد العلاقات العامة الإدارة المحلية على تجنب التغيرات المحتملة في اتجاهات جمهور الإدارة المحلية (الداخلي - الخارجي) وردود أفعالهم، وتوطيد الصلات بالجمهور الخارجي للإدارة المحلية والمحافظة عليه وتوطيد الصلة أيضا بالمؤسسات الأخرى والتعاون معها لرفع مستوى الأداء والكفاءة المهنية وهي بذلك تقوم بدورها في تحقيق أهداف التنمية المحلية. ومن هذا المنطلق يهتم البحث بدرجة رئيسية لرصد طبيعة الدور الاتصالي بمكتابب العلاقات العامة بالإدارات المحلية بمحافظة (أسوان – الأقصر – قا – سوهاج) نظرا لأهمية هذه الإدارات في نشر المعلومات للجمهور المحلي بالإضافة إلى قيامها بتقديم المعلومات لأجهزة الإعلام المحلية لتحسين صورة الإدارة المحلية وتقديم المعلومات عنها للجمهور الخارجي في ضوء الواقع الفعلي لها وتقويمه لوضع سيناريو مستقبلي لعملها.
4051	11435876	عبدالجليل، دلال عابد خلف الله.	جملة الصلة الحقيقية والتقديرية في اللغة القبطية /		2012 .	تعد العلاقات العامة جزء مهما من الأنظمة القائمة في كل دولة من دول العالم تتأثر بالنظام المحيط بها والبيئة التي تعمل فيها ولا تنفصل عن الواقع وأصبح لزاما على إدارات العلاقات العامة أن تتكيف مع التطور التكنولوجي ويمكن لأخصائي العلاقات العامة أن يكون له دور في استقبال أو نقل ونشر المعارف والمعلومات المرتبطة بأنشطة وبرامج العلاقات العامة وجايت الدراسة في مقدمة وخمسة فصول وخاتمة. ومن خلال دراسة سلوك الأفراد والجماعات دراسة علمية موضوعية، ويهدف رعاية العلاقات الإنسانية السليمة في المجتمع، وكسب ود الجماهير وضمان التقاهم بين الإدارات المحلية من جهة وجماهيرها من جهة ثانية لتهيئة جو سيكولوجيا من الفهم والثقة المتبادلة بين الإدارات المحلية وبين جماهيرها المتعلقة معها عن طريق الجهود المستمرة التي تبشر وفق خطة مدروسة. وفي ضوء ما سبق تعد العلاقات العامة نشاطا هاما واساسيا من أنشطة المنشآت التي تعمل في مجال الإدارات المحلية، كما تعد عاملا رئيسيا من عوامل نجاح الجهود التثشيطية للإدارة المحلية حيث تستهدف العلاقات العامة دعم ومساندة أنشطة الاتصال بالجمهور الداخلي والخارجي للإدارة المحلية ومحاولة تكوين صورة ايجابية عن الإدارة المحلية وخدماتها كما تشااعد العلاقات العامة الإدارة المحلية على تجنب التغيرات المحتملة في اتجاهات جمهور الإدارة المحلية (الداخلي - الخارجي) وردود أفعالهم، وتوطيد الصلات بالجمهور الخارجي للإدارة المحلية والمحافظة عليه وتوطيد الصلة أيضا بالمؤسسات الأخرى والتعاون معها لرفع مستوى الأداء والكفاءة المهنية وهي بذلك تقوم بدورها في تحقيق أهداف التنمية المحلية. ومن هذا المنطلق يهتم البحث بدرجة رئيسية لرصد طبيعة الدور الاتصالي بمكتابب العلاقات العامة بالإدارات المحلية بمحافظة (أسوان – الأقصر – قا – سوهاج) نظرا لأهمية هذه الإدارات في نشر المعلومات للجمهور المحلي بالإضافة إلى قيامها بتقديم المعلومات لأجهزة الإعلام المحلية لتحسين صورة الإدارة المحلية وتقديم المعلومات عنها للجمهور الخارجي في ضوء الواقع الفعلي لها وتقويمه لوضع سيناريو مستقبلي لعملها.
4052	11435935	حسن، أيمن عبدالكريم أحمد،	الدور الاتصالي لمكاتب العلاقات العامة بالإدارة المحلية في محافظات الصعيد :		2012 .	الحياة الاقتصادية تعكس صورة واضحة المعالم لمدى استقرار أو تزدى الحياة السياسية وهو المحور الذي يدور حوله كلا من الحياة الإجتماعية والثقافية وإذا كان الاقتصاد مستقرا نعمت طبقات المجتمع بحياة مستقرة وقد جاءت الدراسة في تمهيد وأربعة فصول عاجلت الدراسة التمهيدية ثلاث نقاط أساسية ثم خاتمةالدراسة التحليلية لأهم المصادر والمراجع:

					إعتمدت في كتابة هذا البحث على مجموعة كبيرة من المصادر الأصلية، والمراجع الحديثة التي تناولت موضوع البحث بشكل مباشر أو غير مباشر، إلا أنه سوف يتم تناول بعض المصادر والمراجع بالتفصيل والدراسة التي كان لها دور في تكميل المادة العلمية الخاصة بالرسالة، وفيما يلي ذكر لأهم المصادر التاريخية مرتبة من الأقدم إلى الأحدث حسب تاريخ وفاة المؤلف، أما المراجع فحسب ترتيب الحروف الأبجدية لإسم الشهرة الخاص بالمؤلف. إبن أبي زرع: أبي الحسن علي بن محمد بن أحمد بن عمر بن أبي زرع الفاسي (ت ٧٤١ هـ / ١٣٤٠ م) صاحب كتاب الألبس المطرب بروض القرطاس في أخبار ملوك المغرب وتاريخ مدينة فاس، ولا تعرف عن حياة المؤلف الكثير، لأنه لم يذكر أى شئ عن حياته وكان الكتاب عرض لتاريخ المغرب بشكل عام ومدينة فاس بوجه محدد وذلك حتى سنة ٧٢٦ هـ / ١٢٢٥ م. وأسلوب (١) الكاتب متوسط لغوياً حيث تتباين عباراته بتباين عبارات من ينقل عنه، وأسناد البحث من الكتاب في رصد الظواهر الاقتصادية من ارتفاع في الأسعار أو هبوطها ورصد الكوارث الطبيعية مثل الأوبئة والمجاعات ونزول الأمطار أو حدوث قحط وتأثير ذلك على الحالة الاقتصادية للبلاد تكوين صورة واضحة لملامح السياسة التي سار عليها السلاطين المرينيين تجاه جيرانهم في المغربين الأوسط والأدنى - ٢ وخارج البلاد تجاه غرناطة الإسلامية هذا وينسب لابن أبي زرع كتاب (الذخيرة السنية في تاريخ الدولة المرينية العبد الحقية) وذلك لتطبيق المادة العلمية في كلا الكتائين	2012 .							
4053	11436146	النظام الإقتصادي في المغرب الأقصى في العصر الزينى (610-869هـ / 1213-1465 م) /	عاشور، مروة محمد عبدالرحيم.		ابراهيم احمد عبدالله	قنا	2012م	القران الكريم كنز الاسرار الذي أنزل على النبي صلى الله عليه وسلم ونور الأنوار التي اودعها الله للبشرية ونحن مأمورون بالتدبير في الفاظه ومعانيه. وهناك دراسات عديدة تحدثت عن سورة الكهف وقد تناول الباحث خلال الدراسة المنهج التكمالى وقد قسم الدراسة إلى مقدمة وتمهيد وثلاثة فصول وخاتمة وثبت باهم المصادر والمراجع.					
4054	11436223	الوجه البلاغية في سورة الكهف في ضوء الاسنية المعاصرة	الصالح، ابراهيم احمد عبدالله عبدالوهاب		ابراهيم احمد عبدالله	قنا	2012م	الادب الشعبي هو الادب الذي ينتجه الشعب بنفسه ليحور عن اماله واحلامه لذا يعتبر الادب الشعبي اصدق تعبير عن نفوس الشعوب وقد كان السبب في تطور السيرة على امتداد الزمن هو ميل الراوى إلى إضافة أحداث غريبة قد تصل إلى الأسطورة وقد قسم سيرة الملك سيف بحسب مراحل حياته وقد جاءت الدراسة في مقدمة وتمهيد وأربعة فصول. أسباب اختيار البحث :					
4055	11436283	أسطرة الرحلة في سيرة الملك سيف بن ذي يزن /	أحمد، جعفر حمدان مرعى.				2012 .	١ إكتشاف جواهر جديدة في كنوز الأدب الشعبي- ١ التعرف على طرق وأنماط تفكير العقليّة العربيّة المنتجة لهذا الأدب الشعبي الزاخر- ٢ المشاركة في إثبات قدرة العقل العربي على الصياغة والتأليف القصصي- ٣ الدفاع عن الأدب الشعبي الذي اتهم طويلا بالتفاهة فترك وأهمل بحثه وإكتشاف- ٤ مجهوله رغم أهميته لكونه المعبر عن وجدان الشعوب ومطوحاتها ٥ إكتشاف الطريقة الشعبية للتأريخ بعيدا عن الطريقة الرسمية المشكوك فيها أحيانا لتحيز المؤرخين أو لتعصبهم- ٦ أن الأدب الشعبي لا يمثل تسجيلا تاريخيا للواقع فقط بل إنه يمزج بين الوقائع التاريخية وأحاسيس الشعوب التي تقع هذه- ٧ الوقائع على أرضها ٨ محاولة وقف تيارات التغريب بإحياء تراثنا العربي القديم ومنه السبر الشعبية- ٩ إكتشاف بعض قصص وسير الأبياء التي علفت في أذهان الشعوب وأعاد القاص الشعبي صياغتها وإنتاجها وإصاها- ٨ بإبطال السبر الشعبية					
4056	11448306	قضية الموت في شعر المخضرمين	بكرى، نادية مصطفى	نادية مصطفى بكرى	نادية مصطفى بكرى	قنا	2011م	لقد خلق الله هذا العالم لأجل تحقيق حكمة الابتلاء فالدنيا دار امتحان واختبار وقد افترضت الحكمة الإلهية أن يكون لهذا الابتلاء امد فينتهي بالموت وقد جاء في الحديث "لولا ثلاث ما طأطأ ابن آدم راسه : الفقر والمرض والموت وقد حاولت الدراسة أن تنحو منحى بعيدا عن موضوعات الرثاء بما تناولته من حديث عن فقد المدن والبلدان واليهاتين ثم تأثرت قضية الموت في البناء الفني وفلسفة الشعراء المخضرمين لهذه القضية وبذلك جاءت الدراسة في أربعة فصول ومقدمة وانتهت بخاتمة.					
								العصر الإسلامي الأول هو عصر الحديث الذهبي فيه إنتشر حديث رسول الله صلى الله عليه وسلم وفيه جمعت رواياته ودونت كما صنفها أعظم كتب السنة على الإطلاق وكان طلب الحديث شرفا لا يداينه شرف وشاركت المرأة في تحمله وإدائه. ويهدف هذا البحث الى ابراز جهود المرأة في نشر الحديث وعلومه وقد جاءت الدراسة في مقدمة وتمهيد وأربعة فصول ويعقبتها خاتمة.					
								أسباب إختيار الموضوع :					
								أثرف العلوم بعد القرآن الكريم؛ لكونه وحيا من □ أولاً: لما كان الاشتغال بحديث رسول الله عند الله تعالى،لما يتضمنه من أحكام تشريعية وتوجيهات تربوية ،فهو التطبيق العملي للتشريع الرباني في القرآن الكريم، فقد رغب في العمل بهذا العلم فلخترت موضوعاً يبرز أثر النساء في نقل هذا العلم، والاستفادة منه في تربية الأجيال.					
								تَضَرُّ (١) الله ام اُر سَمِعَ (٢) مَثًا □. ولأنترب على الخوض في هذا العلم؛ ولكي أنال دعوة رسول ﷺ فَبَلَّغْهُ كَمَا سَمِعَ ، فَرُبَّ مُنْغَلٍ أَوْغَى مِنْ سَامِعٍ." (٣)					
								قال أبو عيسى: هذا حديث حسن صحيح.					
								ثانياً: التعرف على جهود التابعيات في تحمل الحديث وأدائه في القرن المفضل وكيفية نقلى التابعيات له.					
								ثالثاً: إِب اُر ز جهود التابعيات في حفظ السنة وأدائها، وأثر العنصر النسائي في نشر العلم بصفة عامة، وفي الحديث بصفة خاصة.					
								اربعاً: لأن الكتابة في هذا الجانب قليلة جداً،وبدا للناس وكان الم اُر ة في فجر الإسلام وصدره لم تكل بلوها في علم الحديث رواية ود ارية، فخصاً لطرق الحديث ورجاله، وم ارجعته ونقده؛ فأردت المساهمة ولو بقدر يسير في نقض الغبار وتجليه لحقائق باهرة سجلها التاريخ وسجلتها كتب الت ارجم عن تلك الجهود،					
4057	11448330	جهود التابعيات في القرون الثلاثة الهجرية الاولى في نشر الحديث النبوي /	الأمير، صباح ثابت،				2012	ترجع أهمية هذه الدراسة إلى ان الموضوع لم يهتم به الكثير من الباحثين الذين تعرضوا لدراسة النواحي المعمارية لعمائر القاهرة في تلك الفترة.					
								لذا فمن الأهمية بمكان إلقاء الضوء على مثل هذه الرسوم ومعرفة عناصره المختلفة، وسميوتها والألوان المختلفة المستخدمة، وطريقة تنفيذ هذه الزخارف، ومن الذين قاموا بتنفيذ هذه الزخارف، وما هي الأدوات التي كانت تستخدم لتنفيذ هذه الزخارف، كما أنه من الأهمية بمكان في تلك الفترة معرفة مدى التأثير والتأثر الذي طرأ على البلاد من الخارج والإنتفاع على العالم العربي وفنونه المختلفة وقد ظهر ذلك جليا في فنون تلك الفترة.					
								وتعد هذه الدراسة تكملة لسلسلة الدراسات التي تناولت مدينة القاهرة سواء من الناحية المعمارية أو من الناحية الفنية؟					
								وقد اعتمد البحث علي إتجاهين أساسين :-					
								الإتجاه الميداني: وتطلب القيام بالعديد من الزيارات الميدانية لجميع المنشآت الدينية (مساجد وأضرحة) والمدنية (السكنية - والتجارية والمائية) فضلا عن الزيارات الإستكشافية لجميع شوارع وحارات ودروب هذه المدينة.					
								الإتجاه الأكاديمي: وقد تمثل في جمع المادة العلمية من وثائق، ومصادر ومراجع عربية ومعربية وأجنبية -					
4058	11448557	الرسوم بالألوان المائية والزينية على عمائر القاهرة في القرن الثالث عشر الهجرى -التاسع عشر الميلادى :	هاشم، وائل بكرى رشيدى،				2010	the results reveal that:

4105	11526143		synergestic effect of some selected cyanine dyes and metal cation as combined corrosion inhibitor for pickling of low carbon steel in sulphuric Acid Solution	abd -elrahman,Hala soudy	Hala soudy abd -elrahman ,	Qena:	2008	Study of Organic corrosion inhibitors is an attractive field of research due to its in various industries . Most of the Well-known Acid inhibitors are organic compounds that contain nitrogen ,sulphur,oxygen,and multiple in the molecules through which are adsorbed on the metal surface Corrosion inhibition of mild steel in acid media by leaf extracts of occimum viridis (OV) was studied at temperature of 30 and 60 C. The resits indicate that the extracts inhibit the corrosion process in acid media and inhibition efficiency increased with concentration . Synergistic effects increased the inhibition efficiency in presence of halide additives namely KCl ,KBr,KI temperature studies revealed adecrease in efficiency with rise in temperature and corrosion activation energies increased in the presence of the extract.

4157	11597315	دكتوراه	Gene Expression and Genomic Organisation of CDK105, a Candidate Gene for Diabetic Nephropathy	El-Mahdi· Mohammed Bassyouni Mohammed	Mohammed Bassyouni Mohammed El-Mahdi ^١	Londo n Univer sity:	2005	Diabetic nephropathy(DN) is the major cause of end-stage renal failure. Identification of genes and their products involved in DN may be of value in treating the condition . to that end, genes showing differential expression in the kidneys of Goto-Kakizaki(GK) non-obese diabetic rats are being characterised . the cDNA for one of these,CDK105 WAS SEQUENCED AND FOUND TO BE 1072 nucleotides long with an open reading frame encoding apolypeptid of 260 amino acids. the deduced protein sequence has an N-terminal nuclear localisation signal and is highly conserved with orthologues in man,Drosophila Cae3norhabditis,Arabidopsis and Yeast. Human CDK105 IS IDENTICAL TO PREVIOUSLY IDENTIFIED TRANSCRIPTS TINPI, YR29 and HCLI. Its product has 62% sequence identity with the yeast YER126C product that is a consuiuent of 66S pre-ribosomal particles,involved in 60S ribosomal subunit biogenesis.		
4158	11597810	دكتوراه	MORPHOLOGICAL, TAXONOMICAL AND ECOLOGICAL STUDIES ON FRESH WATER COPEPODA (CRUSTACEA) OF EGYPT	HassNIEN ·Azhar Hussein Mohamad	Azhar Hussein Mohamad Hassanien ^١	Assiut Univer sity:	1994	تعتبر مجدياته الأرجل مجموعته هامة من الحيوانات القشريه الهائمه ولقد حظيت الدراسات التصنيفيه علي هذه الكائنات باهتمام ملحوظ في كل انحاء العالم ولكنها لم تثل هذا الاهتمام في مصر . وبمراجعه الأبحاث التي تمت علي مجدياته الأرجل في مصر تبين ان معظم الدراسات قد تركزت علي المياه البحريه والمليحيه والمياه الشبه ملحيه بينما القليل منها قد اجري علي المياه العذبه والتي تشمل علي نهر النيل وقنواته وبعض البرك،كما وجد ايضا ان اغلب الدراسات علي بيئه المياه العذبه المصريه قد اهتمت بسرد الانواع التي جمعت فقط بينما لم تهتم بالدراسات التصنيفيه والبيئيه . ومن هنا فان هذه الدراسات التصنيفيه والمورفولوجيه والبيئه علي مجدياته الأرجل في مصر غير كافيه وخاصه بعد ظهور مبدا عدم عالميه الانتشار لهذه المجموعه

								The field of nanoscience and nanotechnology has reached an interesting period of development and excitement in many scientific fields in the last few years. Many of the properties and phenomena associated with nanomaterials require the understanding of their chemistry because many of their applications are related to chemistry. A scientific and technical revolution has just begun based upon the ability to systematically organize and manipulate matter at nanoscale. The field of nanostructure science and nanotechnology is a broad and interdisciplinary area of worldwide research and development activity that has been growing explosively in the past few years. The products that are created through nanostructuring have great potential and significant commercial impacts at present. Nanotechnology is defined as fabrication of devices with atomic or molecular scale precision. Devices with minimum feature size are considered to be products of nanotechnology [5]. When matter is as small as 1 to 100 nanometers, many of its features will easily change and have many unique features both different from macro-matters and single atoms due to the quanta effect, regional confinement of matter, and huge surface or interface effects. The final objective of nanometer Chapter (1) Introduction technology is to produce products of special functions with new physical and chemical features by making atoms, molecules and matters presenting their features directly in the length of a nanometer [5]. New materials are being discovered or produced and astonishing claims are being made concerning their properties, behaviors and applications. Research in this area is motivated by the possibility of designing nanostructured materials that possess novel electronic, optical, magnetic, photochemical and catalytic properties such materials are essential for technological advances in photonics, biotechnology, quantum electronics, nonlinear optics, energy storage and information storage and processing. Nanoscience and nanotechnology is an important interdisciplinary area, which emerged in recent years due to the unusual size and shape dependent physiochemical and electronic properties of metallic and semiconducting nanoparticles. These nanoparticles can be exploited in a wide variety of technological applications like light emitting diodes, sensors, solar cells, etc. Nanotechnologies cover a wide range of fields (from Chemistry, Physics and Biology, to Medicine, Engineering and Electronics). The factors which cause the properties of nanomaterials to differ significantly from other	4	

							materials are increased relative surface area and quantum yield of nanoscience and nanotechnology has reached an interesting period of development and excitement in many scientific fields in the last few years. Many of the properties and phenomena associated with nanomaterials require the understanding of their chemistry because many of their applications are related to chemistry. The environmental applications of photocatalysis using TiO ₂ nanoparticles have attracted a great deal of research efforts over the last three decades. It is well established that nanoparticles of TiO ₂ illuminated with UV light can degrade almost any dissolved organic pollutant to the degree of mineralization. Nevertheless, photocatalysis, particularly in the aqueous media, has still not been applied commercially for environmental purposes. One reason seems to be the cost associated with the requirement of using an expensive UV radiation source. The work presented in this thesis is divided into three chapters, references, and two summaries one of them is English and the other is Arabic. This chapter includes a brief idea about nanotechnology, methods of synthesis of nanotechnology, application of nanotechnology, photocatalysis, mechanisms of photocatalysis, properties and applications of titanium dioxide. It also presents a brief idea about the synthetic methods of titanium dioxide nanoparticles and a brief idea about its modification. This chapter includes the experimental conditions and the materials used to synthesize the undoped TiO ₂ nanoparticles by two different methods (the Sol-gel and the hydrolysis methods). In addition, this chapter includes the methods used to characterize TiO ₂ nanoparticles such as: Thermal Analysis (The thermogravimetric (TG), differential thermogravimetric (DTG)) and the differential scanning calorimetry (DSC), X-ray diffraction (XRD), Transmission Electron Microscopy (TEM), Fourier Transform Infrared Spectroscopy (FTIR) and UV-visible Spectroscopy. The XRD results also showed that the oxides obtained by the hydrolysis method, in the basic medium (ammonium hydroxide), contain only anatase phase, while calcination at the same temperature of the sample synthesized in the acidic medium (nitric acid) resulted in the formation of two phases (anatase and rutile). - The FT-IR results showed the presence of surface hydroxyl groups and water molecules adsorbed at the surface of the calcined oxides at 480 °C. The band gap has been calculated from the UV absorbance results. The results demonstrated that the band gap values agree with those of the literature. - The electronic microscope results clarified that all the oxides synthesized at different calcination temperatures have particles in the nanometer scale (less than 100 nm). These results are in good agreement with those results obtained from the corresponding XRD results by using Scherrer equation. The photocatalytic activity results showed that all the prepared oxides by different methods have high efficiency for formic acid removal, as indicated by the decrease of the TOC and the increase of the pH values of the treated solutions

4208	11674435	master.	Studies on the Biological Control of Subterranean Termite, Psammotermes Hybostoma (Isoptera :Rhinotermitidae) and their Population Fluctuations in Qena City /	Abd Elatti, Zainab Ali Saad.			2012	Studies on the subterranean sand termite psammotermes hybostoma and its control took attention of authors as a result of their economic importance. The present work was carried out at two regions namely; El-Konooz region and the farm land of South Valley University in Qena city during the period from September 2010 till June 2012. The aim of the work was to study some different models of subterranean termite traps, annual population and cast composition, seasonal fluctuations in addition to study the effect of some microbial insecticide and some natural oils and substances against the sand termite, P. hybostoma under laboratory and field conditions.	22/3/2013.	Mohamed Zaky Yousif Aly, Khalid Said Mohamed Osman, Karem Mohammad Muhanna.

4214	11677072		BIOLOGICAL STUDIES AND FISHERIES ON OREOCHROMIS NILOTICUS IN THE RIVER NILE AT SOHAG GOVERNORATE	Soliman ·Hamdy Ahmed Mohammed	Hamdy Ahmed Mohammed Soliman	Sohag Univer sity:	2008	The health consequences of cigarette smoking and of Ac mr of other tobacco products are well known. They are an important cause of increased mortality and morbidity in developed countries and the prevalence increasing in the developing world as well. The resulting of cigarette smoke is composed of a complex mixture of over 4,000 chemicals resulting from pyrolysis. Many of these chemicals exist in very small quantities just above the detection limits of sensitive toxicology assays, but many highly toxic chemicals are present in large measurable concentrations in tobacco smoke and are known to be involved in causing a variety of diseases. Nicotine represents the major harmful chemical component. The hazardous effects in pregnant mothers and their newborn are of great importance. In the present study, sixty fertile male and virgin female rats were used during experimentation. They were mated with average of 3: 1 females per each male respectively and zero date of gestation was determined. The pregnant rats were arranged into six groups, each was composed of 10 individuals as follows: 1.Control pregnant rats 2.Low dose nicotine-treated pregnant rats (0.2mg/kg body weight).- 3.High dose nicotine-treated pregnant rats (0.4mg/kg body weight). 4.Trifolium pratense seed extract-treated pregnant rats. 5.Combined trifolium seed extract and low dose-nicotine-treatment. 6.Combined trifolium seed extract and high dose nicotine-treatment. Each individual in the treated groups received the applied daily doses at the 6th day of gestation until parturition. The present findings are summarized as follows: 1. Effects on maternal tissues:		

1.1. Liver: Administration of daily subcutaneous doses of 0.2mg (low dose) and 0.4mg (high dose) nicotine /kg body weight to pregnant mothers of albino rats from the 6th day of gestation until parturition produced histological defects of hepatic tissues characterized by marked increase of dissolution of hepatic cords with prominent dilated blood sinusoids and ill defined cell boundaries) of hepatocytes. Marked apparent hypertrophied kupffer cells, ballooning degeneration of hepatocytes with prominent vacuolated cytoplasm, apoptotic cell death and focal collection of inflammatory cells in different regions on hepatic tissues were also noticed. In the perivascular regions, hyaline degenerated areas, fatty change of hepatocytes associated with increased incidence of pyknotic cell death, internal haemorrhage and congested blood vessels are apparent. Trifolium pratense seed extract-treatment showed no signs of hepatotoxicity. Treatment of nicotine (either low and high dose) in combination with trifolium seed extract revealed marked amelioration of hepatic tissue.

1.2 Pancreas: Nicotine-treatment induced degeneration of endocrine cells associated with lacked normal orientation and structural pattern of pancreas at light microscopic level. Trifolium seed extract-treatment showed normal structural pattern similar to control. Combination treatment of nicotine and trifolium revealed marked amelioration of islet cells. Regenerated blood vessels at the periphery of the islets were detected.

At TEM level, low dose nicotine-treated group affected both light and dark P cells. The nuclei possessed irregular nuclear envelope and electron-dense chromatin material. The mitochondria appeared few and their inner compartment becomes vesicular. Some light P cells exhibited degenerated nuclear materials. Many other ones showed nuclei having convoluted nuclear envelope and enclosed by numerous electron-dense chromatin materials. The granular endoplasmic reticulum appeared either degenerated or release their covering ribosomes or become fragmented. Few numbers of secretory granules of varying sizes were detected throughout cytoplasm. Experimental group received Trifolium pratense seed extract-treatment, the β cells appeared intact similar of the control.

Experimental group received low dose nicotine-treatment in combination with Trifolium pratense seed extract possessed almost normal cytological architecture of B cells. Few numbers of vacuoles were detected in-between the endocrine α cells. The cytoplasm of the cells exhibited increased intensity of secretory granules almost similar to the control.

1.3. Heart: In experimental low and high dose nicotine-treated groups, the myocardial muscle fibers showed irregular orientation pattern and become widely separated from each other. Focal necrotic zones with slight dense collection of inflammatory cells were detected. Many of the myocardial muscle fibers become eosinophilic with marked degeneration of their nuclei. Group received trifolium seed extract showed no signs of myocardial toxicity. Experimental group treated with either low or high dose-treatment in combination with oral doses of 1ml of Trifolium pratense seed extract revealed marked amelioration of myocardial tissue.

2. Effects on body weight, size and crown-rump length of newly born: Delivered newly born maternally-treated with nicotine at low and high dose level exhibited marked reduction effect on their body weight, size & crown-rump length comparing with the control and those supplemented Trifolium pratense seed extract. However, experimental group received nicotine plus Trifolium pratense seed extract showed amelioration of the tested parameter but still below the normal value.

3. Gross morphological abnormalities of newly born: Examining the gross morphology of delivered newborn of experimental groups revealed the presence of different pattern of congenital malformations including superficial haematoma, shortened neck region, kinky tail, uni- & bilateral deformity of both fore- & hind limbs and 1 abnormal skin. High rates of congenital abnormalities were detected post-high dose-nicotine treatment. Low and high dose nicotine-treatment altered the sex ratio being 40% and 35% for males and 60% and 65% for females respectively. Although trifolium seed extract ameliorate the histological picture of maternal tissues, the shift of sex ratios were still detected but less variation comparing with nicotine-treated groups.

4. Length measurements of some ossified appendicular bones: Delivered newborn maternally received nicotine-treatment exhibits marked reduction of ossified bones of mandibular, humerus, radio-ulna, femur, tibio-fibula, scapula and ilium comparing with the control and the supplemented Trifolium pratense seed extract. Newborn of mothers received nicotine-treatment plus trifolium seed extract exhibited ameliorated of measured ossified bones but was still below the normal values.

5. Histological observations on liver & heart of newly born:

5.1. Liver: Liver of newborn of maternally nicotine treated mothers with either low or high dose-treatment showed massive degeneration of hepatocytes associated with perivascular round cell infiltration, a marked congestion of the blood sinusoids, and vacuolar degeneration of most hepatic cells. Highest adverse effects were observed in those of high dose nicotine-treated mother. Newborn of mothers received Trifolium pratense seed extract revealed no signs of hepatotoxicity. Newborn of maternally-treated with either low or high dose of nicotine in combination with trifolium seed extract revealed marked ameliorating of hepatic tissue.

4215	11677224	The Role of Trifolium Seed Extract in Ameliorating the Adverse effects of Nicotine on The Pregnant Mothers of Rats and their Newborn	Mohamed ·Zeinab Kamal Sayed	Zeinab Kamal Sayed Mohamed†	South Vally Univer sity:	2010	5.2. Heart:The heart of newborn of maternally nicotine-treated mother showed massive degeneration of muscle fibers. Newborn of mothers received trifolium seed extract revealed normal structural pattern of myocardial muscle. Newborn of experimental group recieved nicotine-treatment in combination with trifolium seed extract ameliorated the histological picture of myocardial muscle fibers		
							The Red Sea is home of unique fauna due to its almost isolated position near the Indian ocean, over ten percent of its fish species are endemic found exclusively between the Suez canal in the north and the Gate of Lamentations (Bab-el-Mandab) in the south (Debelius, 2007).About 13,000 marine fish species exist (Nelson, 1994) and so far fewer than 2% of these have been Studied cytogenetically (Brum, 1996). Approximately 1,000 species of fishes occur in Red Sea , many reef fishes exhibit considerable variation in colour, some have a very different pattern as juveniles, others such as wrasses (Labridae) and parrot fishes (Scaridae) may differ markedly in colour with sexual developmentKaryological studies have provided basic information on the number, size and morphology of chromosomes that is important to undertake chromosome manipulations in fish (Khan et al., 2000). Furthermore, the karyotype might characterize a species through the determination of the details (number, size and structure) of its chromosomes (Alcocer et al., 1999). Besides karyotype analysis helps to predict, with considerable certainly, the fertility or sterility of hybrids by comparing the number and morphology of the chromosomes of parental species (Serebryakova, 1972).The use of molecular techniques has increased dramatically over the past several years, largely due to the development of the polymerase chain reaction (PCR). The random amplification of polymorphic DNA (RAPD), a methodology that employs a single short primer in PCRhas been widely used in several studies in animals, including the identification of fish species (Welsh and McClelland, 1990; Williams et al., 1990; Dinesh et al.,1993; Borowsky et al., 1995; Sultman et al., 1995; Partis and Wells, 1996; Callejas and Ochando, 1998) and the detection of population genetic variability in these organisms (Johanson et al., 1994; Caccone et al., 1997; Nadig et al., 1998; Cagigas et al., 1999; Chong et al., 2000). In spite of the fact there have been considerable development of cytotaxonomic studies in the last twenty years, very little information are available on the cytogenetic characteristics of marine fishes in Egypt especially in the Red Sea. So the aim of the present study is fill this gap and also to indicate the taxonomic relationship of twenty species of order Perciformes, 10 from Family Labridae; Cheilinus lunulatus, Cheilinus abudjubbe, Cheilinus mentalis, Cheilinus digrammus, Larabicus quadrilineatus, Hemigymnus melapterus, Thalassoma rueppellii, Thlassoma lunare, Gomphosus caeruleus, Cheilio inermis and 10 from Family Scaridae; Hipposcarus harid, Cetoscarus bicolor , Chlorurus sordidus, Chlorurus gibbus, Scarus ferrugineus, Scarus psittacus, Scarus frenatus, Scarus genazonatus, Scarus fuscopurpureusand Scarus niger 1.-Determination the diploid chromosome numbers and karyotype of some marine fishes of family Labridae. 2-determine parts of DNA of some coral reef fishes from Labridae and Scaridae families by using polymerase chain reaction (PCR) RAPD. 3-Studies of phylogenetic differences among fishes of two families (Labridae and Scaridae) by using eight primers (10 nucleotids). 4-demonstrate the phylogenetic relationship among the fishes inside each family and among the two families.

								Ice Cream and Frozen dairy desserts are nutritious and healthful and relatively inexpensive desserts which are preferred by people of all ages .Its healthful and nutritive values make the consumers to by very conscious and prefer to use it.		

4227	11713120	ماجستير	Factors related to the technological and sensory aspects of some probiotic dairy food/	Mohammed Ibleasam Ramadan Mowafi.		17/1/ 2008.	Bifidobacteria are the major microorganisms of the Large intestine of the adolescents and adults. The healthy of these bacteria in the intestine gave the researchers and consumers the choice to give it higher attentions . Nowadays, the dairy industry focused on the production of dairy products that contain life probiotic bacteria .As the ice cream has popularity for all ages as a refreshing and a nutritious product, its value may be increased progressively in the presence of bifidobacteria . So, this study aimed to manufacture ice cream with probiotic properties and having good functional and sensory properties . The study is divided in two parts and the results are summarized . Part1: This part is studied the suitability of ice cream to be a carrier for Bifidobacteria through measuring the viability of bifidobacteria to be a live in ice cream mix, under manufacturing conditions of freezing and whipping and during storage . Part II: In this part of study the quality of the product was evaluated , when the product was fresh or stored up to 7 weeks, by measuring the functional and sensory properties of the products ,	Prof.Dr.Samweul Iskander shalabi

								DME is produced by dehydration of methanol using acidic porous materials, e.g. zeolites, alumina and silica–alumina, as the catalysts [8]. Among the several solid-acid porous catalysts studied for methanol dehydration reaction, γ-Al2O3 is mainly used as a catalyst for this reaction. This is due to its large surface area, large pore volume, uniform pore size distribution and excellent mechanical properties (attrition, resistance and crush strength) [9]. In addition, γ-Al2O3 has an excellent thermal stability and high catalytic activity for DME formation due to its surface acidity [10].1.1.4.1 Types of Alumina Aluminium oxide, alumina (Al2O3), is one of the most interesting ceramic materials for its numerous applications and its varied physical properties [11]. Because of its thermal, chemical and mechanical stability [11, 12], alumina has numerous applications. For example, it is used as a catalyst support, adsorbent, ion exchangers, in electronic-device fabrication, as a cutting-tool material, as a protective barrier against corrosion on aluminaforming alloys, or as an alternative for surgical material for implants. Alumina has the particularity to exist in a variety of metastable structures, the so-called transition aluminas, e.g. χ, κ, γ, δ, η, θ as well as its stable α-Al2O3 phase. This polymorphism can be classified in terms of the oxygen sublattice structure and the distribution into this sublattice of aluminium ions in tetrahedral and octahedral interstitial sites [11]. Thus, in α-Al2O3, the oxygen sublattice is hexagonal-close-packed (hcp) structured with 2/3 of octahedral sites occupied with cations, while γ, δ, η, θ have a face-centered cubic (fcc) arrangement of oxygen atoms and cations present in various proportions in both octahedral and tetrahedral sites. It has been established that boehmite transforms into stable α-Al2O3 via the following sequence [11]. AlO(OH) γ δ θ α -Al2O3 6 Aluminium Oxide Al2O3 can be produced in a variety of solid form. For example dehydration of boehmite at 300-500°C yields γ-Al2O3, at 700-800°C it produces δ-Al2O3, at 900-1000°C it gives θ-Al2O3, and at 1000-1200 °C, α-Al2O3 is produced [13].Zabeti et al. [14] studied the activity of solid catalysts for biodiesel production. They reported some important properties of alumina such as its use as a support, aluminium oxide can exist in the form of porous γ-Al2O3 and η-Al2O3. Nonporous crystalline α-Al2O3 has been widely used as a support in catalysis processes, such as polymerization, reforming, steam reforming, dehydration and hydrogenation. It is also used in the synthesis of biodiesel. Finally they concluded that effective factors on catalytic activity of solid catalysts are specific surface area, pore size, pore volume and active site concentration on the surface of catalyst. Moreover, the type of precursor of active materials has significant effect on the catalyst activity of supported catalysts. However, active site concentration was found to be the most important factor for solid catalyst performance. The use of catalyst supports such as alumina, silica and zinc oxide could improve the mass transfer limitation of the three phase reaction. Furthermore, by anchoring metal oxides inside pores, catalyst supports could prevent active phases from sintering in the reaction medium.		

4257	11745148	Synthesis of Dimethyl ether from methanol over pure and modified home made γ -AL2o3 /	Ahmed ·Ahmed Ibrahim Osman.			2012	Al2O3 is used as a common catalyst in the production of DME [15, 16] because of its fine particle size, high surface area, surface catalytic activity, excellent thermal stability, high mechanical resistance and wide range of chemical, physical and catalytic properties. Among the various crystalline phases of alumina, γ -Al2O3 has received much attention due to less generation of by-product [15]. Therefore, it is used as a support in heterogeneous catalysis, it allows the dispersion of active phases due to its high specific surface area. The unique properties of nanoparticles make them of interest for applications in catalysis [17]. Commercially, γ -Al2O3 is used as

4277	11784976	ماجستير	Stratigraphy and Facies analysis of late Cretaceous-Early Tertiary Sequences, North Desert, Egypt /	Hefiny, Mahmoud.			2013		#####	Abbas M. Masour, Mohamed Youssef Ali, Hans-Joachim Kuss

							أهداف الدراسة: br لا شك أن لكل دراسة غاية وهدف تتشده من ورائها يتفق مع الإطار العام لها وينسجم مع مفهومها الذي يشكل الفلسفة الحقيقية لها حيث يعتبر هدف الدراسة المحور الرئيسي الذي تسعى إلى الوصول إليه منذ أن كانت فكرة في ذهن الباحث إلى أن أصبحت مشروعاً له مقومات القيام وقواعد الاستمرارية، وتهدف هذه الدراسة إلى تحقيق الأهداف التالية: 1- br محاولة إيجاد إطار قانوني لحل قضية الجزر الثلاث المتنازع عليها بين دولة الإمارات العربية المتحدة وإيران. 2- br التوصل إلى فك رموز مشكلة التفاهم الموقعة بين الشارقة وإيران وإنهاء هذه المشكلة في أسرع وقت ممكن وذلك من خلال تقديم نظرية جديدة للحل القانوني تقوم على تعادل الإلزامات القانونية بين الطرفين بعيداً عن الطروحات النظرية المناحزة. 3- br اقتراح استراتيجية متكاملة لحل النزاع من خلال القضاء الدولي وإيجاد إطار نظري "خارطة طريق" تكون بمثابة الخطوة الأولى لحل القضية، وذلك من خلال بيان وجهات النظر المختلفة وإبراز الوسيلة المناسبة التي تتفق مع طبيعة المشكلة فقد خلصت الدراسة إلى أن التسوية القضائية هي الوسيلة الأنسب لهذه القضية حيث تتفق والطبيعة القانونية لهذا النزاع 4- br إنهاء هذه المشكلة في أسرع وقت تقادياً لما قد يترتب على عدم تحقيق هذا الهدف من نتيجتين مهمتين: النتيجة الأولى: تدمير ما اعتبر مكسباً بالنسبة لدولة الإمارات العربية المتحدة. br النتيجة الثانية: حتى لا يلعب الزمن دوره المهدى بالنسبة لهذه القضية خصوصاً لدى الأجل الجديده. فالمانيا التي اقتطع جزء من أرضها لصالح "بولونيا" غداة الحرب العالمية الثانية ظلت طويلاً ترفض الاعتراف بالحدود الجديدة حتى انتهت مستلزمات أخرى باقاعها بضرورة القول(). 5- br وبالتالي فإن عنصر الزمن عاملاً أساسياً في تلك القضية، فإذا اجتمع التقادم مع قبلة نووية إيرانية "محتملة" أصبحت قضية الجزر الثلاث في ذمة التاريخ حتى ولو أن إيران لن تستخدم سلاحها النووي استخداماً فعلياً – فعلى أقل تقدير – استخداماً تهديدياً ردعاً وإجباراً- () لكسب الوقت، على اعتبار أن القانون الدولي قانون محافظ النزعة، يحافظ على الوضع القائم في العلاقات الدولية(). 6- br تقسيم الدراسة: br تنقسم الدراسة إلى بابين أساسيين: br الباب التمهيدي: النظام القانوني للجزر في القانون الدولي العام ويشتمل على أربعة فصول: br الفصل الأول: ماهية الجزر البحرية. br الفصل الثاني: النظام القانوني للجزر. br الفصل الثالث: القضاء الدولي ومنازعات الجزر. br الفصل الرابع: التسوية القضائية للنزاع القطري – البحري حول جزر حوار. br الباب الثاني: النزاع الإيراني الإماراتي حول الجزر الثلاث (منطب الكبرى – منطب الصغرى – أبي موسى) br الفصل الأول: التعريف بالجزر الثلاث محل النزاع br الفصل الثاني: وجهات نظر الأطراف br الفصل الثالث: الرهن الحيازي الدولي مذكرة التفاهم نموذجاً br الفصل الرابع: مذكرة التفاهم br الفصل الخامس: تسوية الأزمة br الفصل السادس: عقبات على طريق الحل	2010	عبد الحليم، عبد الحليم محمد.	التسوية القضائية لمنازعات الجزر :	11794635	4278
					اسيوط :	2013 .	دعوى الألغاء تعد وسيلة فاعلة في حماية مبدأ المشروعية وصيانتته وهو مبدأ ينتهي بتجسيد دولة القانون التي تتوافق فيها سلطة الحكم مع حرية المحكومين وحقوقهم وتبرز فاعلية هذه الدعوى أكثر في كونها من دعاوى القضاء الإداري التي تواجه عسف الإدارة حينما تصدر وبما لها من سلطة قرارات معيبة تتجاوز بها حدود القانون وتغتصب بها حقوق الأشخاص ذلك أن هذه الدعوى تنتهي بين يدى القضاء الأمين بحكم يكشف أوجه العوار في قرار الإدارة ويقضي بإلغائه ولكن صدور الحكم القضائي ليس نهاية المطاف بل قد تنتشر منازعات بعد صدور الحكم وقبل انشاء أو بعد تنفيذ كما أنا هناك مقدمات للتنفيذ يجب على الصادر لصالحه الحكم اتخاذها وعلى هدى ذلك بدانا دراسة اشكاليات تنفيذ الاحكام الادارية الصادرة ضد الإدارة وكيفية مواجهة امتناعها عن التنفيذ وقصصنا الباب التمهيدي لمنازعات التنفيذ في المواد الادارية فبرقا منا زعات التنفيذ وريضا طبيعتها القانونية واقسامها المختلفة.		احمد الشافعي محمود صالح احمد .	اليات تنفيذ الاحكام الصادرة ضد الادارة في مجال المنازعات الادارية/	11796309	4279

		المنهج المتبع :- المنهج المستخدم في هذه الدراسة هو المنهج الوصفي والتاريخي، وفي سبيل إستيعاب دلالة لفظ الجهاد تمتد الدراسة لتشمل السياق، أى أن الدراسة تركز على فكرتى التطور الدلالي والسياق. فالتطور الدلالي ... تتمثل أسبابه في :- ظهور الحاجة إلى تغير المعنى، أو التغير الثقافي والحضارى، أو الإنحراف اللغوى، أو الإنتقال المجازى، أو الإبتداع، أو التغير الصوتى... ومن أنواع التطور الدلالى :- إنتقال المعنى، والمبالغة، وتعميم الدلالة، وتخصيص الدلالة.. أما نظرية السياق (المنهج السياقي):- فترى أن الكلمة هى إستعمالها، أو هى الطريقة التى تستعمل بها، وأن المعنى لا ينكشف إلا من خلال تسبيق الوحدة اللغوية فى سياقات مختلفة لغوية أو غير لغوية. فالسباق اللغوى :- موضوعه البيئة اللغوية التى تحيط باللفظ، وما يتصل بذلك من مصاحبة لفظية. والسياق غير اللغوي يشمل :- السياق العاطفى، ويكشف عن المعنى الوجداني - سياق الموقف، وهو الموقف الخارجى الذى وجد فيه الخطاب أو وقع منه - السياق الثقافى والاجتماعى، ويرتبط بحضارة معينة أو مجتمع معين أو طبقة معينة - ويقود السياق اللغوى إلى الرصف أو توافق الوقوع أو المصاحبة اللفظية collocation أى الإرتباط الإعتيادى لكلمة ما بكلمات أخرى معينة.. الخطة :- قسمت هذه الدراسة ثلاثة فصول مسبقة بمقدمة وتمهيد ومنذلة بخاتمة، تشتمل على أهم النتائج والتوصيات. المقدمة :- أتحدث فيها عن :- سبب إختيار الموضوع وأهميته ومادة الدراسة وصعوبات الدراسة وخطة العمل والمنهج المتبع. التمهيد :- يشتمل على ثلاث مباحث (أولا : لفظ الجهاد فى الشريعة الإسلامية – ثانيا: التغير الدلالى – ثالثا : السياق). فصول الدراسة :- الفصل الأول :- لفظ الجهاد فى القرآن الكريم. الفصل الثانى :- لفظ الجهاد فى الحديث النبوى. الفصل الثالث :- لفظ الجهاد فى الإستعمال العربى. المبحث الأول : لفظ الجهاد من العصر الجاهلى حتى سنة 1212 هـ. (أولا لفظ الجهاد فى العصر الجاهلى – ثانيا : لفظ - الجهاد بعد الإسلام حتى سنة 1212 هـ. المبحث الثانى : لفظ الجهاد فى شعر ونثر العصر الحديث والمعاصر - ملحق بدلالات لفظ الجهاد فى اللغة العربية :- يشتمل على ثلاثة مباحث :- أولا : دلالات جامعة إشتمل عليها لفظ الجهاد - ثانيا : تقسيم الجهاد إلى كونه : بالفكر أو باللسان أو بممارسة جنسية أو بالعمل الدعوب - ثالثا : جهاد النفس وجهاد غير النفس - خاتمة :- تتضمن : (أهم نتائج الدراسة – قائمة المصادر والمراجع).	2013		محمود، محمد سيد عباس.	لفظ الجهاد فى اللغة العربية :	11840868	4291		
		اختلفت الآراء النحاة فى تصنيف الجملة الشرطية فهناك من كان يعدها جملة فعلية □ وهذا من بعدها اسمية ، وهذا الاختلاف يأتى أصلاً من عناصر تركيبها ؛ لتوافر ، عناصر الإسناد فيها بين الفعل والفاعل أو المبتدأ والخبر ، والحقيقة أن الجملة الشرطية تمثل قسماً مستقلاً بذاته يوازى الجملة الفعلية والاسمية ، ومن هنا كان لها مكانة فى دراسة مفهوم الجملة عند النحاة ؛ لأهميتها فى نص الكلام اختلفت تسميات النحاة فى إطلاق مفهوم معين على هذا التركيب بين مصطلحي □ الجأزاء والشرط ، ولكن باحتساب هذا التركيب جملة مستقلة بذاتها ، وكونه يمثل أسلوباً من أساليب العربية المتنوعة فالأفضل أن أطلق عليه فى دراستى تسمية (الجملة الشرطية) أو (الأسلوب الشرطى) . إن اقتارن الأدوات الشرطية ب(ما) الازندة والتى تنتقل الأدوات من حالة البساطة □ إلى التركيب جعلت من الشرط ناصعاً متقشاً فى الزمان والمكان ، فى حين يكون على وتيرة أقل من الحدة والتقشئ الإبلاغى فى حال عدم اقترانها بها تخطى شعر فاروق جويده فى بناء جملة الشرط الصور التى حصرها (سيبويه) □ وأتى بصور أجازها بعض النحاة فى غير الشعر كصورة الفعل المضارع المجزوم مع الفعل الماضى . كشفت البحث عن سبب اختيار (الفاء) كى تكون أداة رابطة لجواب الشرط وذلك □ لأنها الحرف الوحيد الذى يحتاج إليه حينما يكون الكلام غير صالح لأداء وظيفته النحوية . لمست فى شعر فاروق جويده أن الجملة الطلبية هى أكثر أنواع الجمل اقتارناً بأداة □ الربط (الفاء) ولاسيما الجمل المبذوة بفعل الأمر . ورد فى الأعمال الكاملة نص شرطى جاء فيه جواب الشرط مسبوقاً ب(لم) □ المقترنة ب(الفاء) ، وهذا الموضع هو من الحالات التى منع فيها النحاة اقتارن الجواب ب(الفاء) إن أكثر الأدوات الشرطية استعمالاً فى شعر فاروق جويده هى الأداة (إن) . □ اشتركت الأداتان الشرطيتان (إن) و (إذا) فى المعنى المقطوع بحصوله والمتحقق وقوعه على خلاف ما ذكره النحاة من أن (إن) لا تأتى إلا فى المعانى المبهمة ، و (إذا) فى المعانى المتحققة الوقوع . وانفردت (إن) فى المعنى المشترك فى حصوله، والمعنى المستحيل الحصول ، وانفردت (إذا) فى أداء المعنى الكثير الحصول . من المعانى التى خرجت لها أداة الشرط (لو) فى الأعمال الكاملة ، الدلالة على □								

							المضني والإمتناع ، والدلالة على المستقبل إذ وردت بمعنى الأداة (إن) ، أما المعنى الأكثر شيوعاً هو استحالة الوقوع وعدمه . جمعت أداة الشرط (أما) بين عدد من المعاني متحققة من سياق النص إذ جمعت بين معاني الشرط والتوكيد والتفصيل وبيان السبب والاستئناف أكثر الأنماط الشرطية شيوعاً في شعر جويده هي أداة الشرط مع فعلين ماضيين للشرط وجوابه ، وقد استوفى هذا النمط جميع أدوات الشرط ، إلا أن أكثر الأدوات اطرأاً هي الأداة (مَن) والأداة (إذا) الشرطيتين يلي هذا النمط أكثر من ثلاثين نمطاً استوفيناها في الأنماط المذكورة في البحث . جاء في شعر جويده ذلك التركيب الذي كان موضع خلاف بين النحاة في صورة الأداة مع اسم مع فعل ماضٍ وجوابه ماضٍ أيضاً وإن كان هذا التركيب قد أكد النص القرآني ، وانسب التعليقات النحوية لهذا التركيب ما جاء به بعض النحاة ون □ المتقدمين من أن الاسم الواقع بعد الأداة مرفوع بالابتداء والفعل الواقع بعده يك في محل رفع خبره . أثبت شعر جويده ما نفاه النحاة من منع افت ا رن فعل الشرط الماضي ب(قد) وقد اختصت بهذه الصورة الأداة (لو) ، إذ إن مجيء (قد) مع هذه الأداة يدل على حصول الشرط المحقق مع التأكيد على حصوله وإن كان وقعه مستقبلاً وقد اقرن جواب شرط (لو) بها أيضاً وقد تحفظ عليه النحاة ؛ لأنه لم يوجد المسموع والمنقول من كلام العرب هذا النمط من التركيب الذي اختصت به هذه الأداة .	2013 .	عاطف فكار ،محمد سيد نصر الدين.	2013

4303	12000493	Master of Science.	A Study of UML-based Testing Techniques of Object - Oriented Software/	Mahmoud, Aida Hussein Abu Bakr.			2014	الاختبار هو جزء هام جدا في عملية تطوير البرمجيات .نسبة كبيرة من البرامج تفشل بسبب عدم اختبارها بشكل صحيح الاختبار يتم باستخدام انواع مختلفة من الاستراتيجيات. عادة يتم تنفيذ الاختبار على الكود ، ولكن اذا كان من الممكن اختبار البرمجيات في المراحل المبكرة من عملية التطوير فإن معظم الاخطاء يمكن القضاء عليها ويمكن وقفها من الانتشار الى المراحل التالية وبالتالي ، فينالك حاجة لاستكشاف امكانيات الاختبار في المراحل المبكرة.	25/6/2014.	Moheeb Ramzy Girgis, Elnomary Alam Zanaty.
4304	12009954		المالكية الزراعية في مصر منذ الفتح الإسلامي حتى نهاية العصر الفاطمي (20-567/640-1171م))	أحمد، إيمان عبد الفتاح محمد			2011	الملكية الزراعية في مصر خلال العصر البيزنطي وهي الفترة التي تبدأ بالإعتراف بالمسيحية وتنتهي بدخول الإسلام ولقد انقسمت الى أنواع عدة منها: الملكية الإقطاعية، وملكيات الأفراد والفقرى وملكية تحت التاج وملكية تتبع الكنيسة.		
4305	12009998		تقويم كفافه آداة الإحصائي الإجتماعى كمارس عام بمكاتب تسويه المنازعات الأسرية بمحاكم الأسرة/	ربيع، أحمد علي أحمد.			2011	تعد الأسرة الداعم الأساسي لبناء المجتمع وتمثل أقدم النظم الإجتماعية التي تعمل على حماية الإنسان وتوفر له الرعاية وتتنسنة الإجتماعية بهدف غرس القيم والسلوكيات الأخلاقية للأفراد وهي المصدر الرئيسي الذي يشبع فيه الفرد احتياجاته من الحب والحنان والأمن والحماية.		
4306	12010031		تقويم مشروعات الخدمة الإجتماعية المدرسية في تنمية المجتمع المحلي بمدينه قنا/	أحمد، نصر الدين بركات محمد.			2011	يهدف هذا البحث المسئولين عن التعليم في تقويم مشروعات الخدمة الإجتماعية المدرسية في تنمية المجتمع المحلي للمدرسة والعمل على تطويرها وتحسينها بما يناسب الوقت الحالي حتى يمكن تحقيق الأهداف المنشودة الى أقصى حد ممكن في تنمية المجتمع المحلي للمدرسة.		
4307	12010069		فعاليه المدخل المنظومى فى تعلم بعض مهارات كرة القدم لدى تلاميذ المرحلة الإعدادية/	حسين، الشريف محمد أحمد.			2011	يهدف البحث الحالي الى تصميم وحدات تعليمية باستخدام المدخل المنظومى لبعض مهارات كرة القدم لدى تلاميذ المرحلة الإعدادية بقنا ومعرفة أثرها على :		
4308	12010755		تقدير كلفة وعائد التعلم الالكتروني بجامعة جنوب الوادي/	عبد المولى، مروه جبرو عبد الرحمن.			2011	تعلّم بعض المهارات في كرة القدم المرتبطة بالمنهج الدراسي 1- تعلّم الجانب المعرفي في كرة القدم 2-		
4309	12010839		تشكل جماعات الصفوه في ضوء التحولات المعاصرة في الريف المصرى /	سعيد، محمد محمود خضر.			2011	هدفت الدراسة إلى التعرف على الأطار المفاهيمي والفلسفي للتعلّم الإلكتروني وواقعه بالجامعات المصرية وتحديد العوامل المؤثرة على كلفة وعائد التعلّم الإلكتروني وطرق قياس كلفة وعائد المقررات الإلكترونية وتغيير كلفة وعائد المقررات الإلكترونية بجامعة جنوب الوادي واعتمدت الدراسة على المنهج الوصفي الذي يهتم بتحليل الواقع تشخيصاً وتفسيراً واستخلاصاً للنتائج للتعرف على واقع التعلّم الإلكتروني.		
4310	12010875		التقنيق الصحي وسلوك المرض /	حسن، هاله علي محمد.			2011	يمثل الهدف الرئيسي لهذا الدراسة في التعرف على أهم التغيرات التي لحقت ببنية الصفوه الريفيه وتفاعلاتها في ظل التحولات الحادثة في الريف المصري ولتحقيق هذا الهدف تنطلق الدراسة نحو تحقيق عدد من الأهداف التفصيلية بعض منها تتجه الدراسة لتحقيقه على المستوى النظري والبعض الآخر لا يمكن تحقيقه الا من خلال البراهين الاميريقيه .		
4311	12012410		فاعليه نموذج للتعلم البنائي على تعلم بعض المهارات الاساسيه والتحصيل المعرفي في الكرة الطائرة لتلاميذ المرحلة الاعدييه بقنا/	منوفى، هشام اسامه عبد الراضى.			2011	تزداد اهميه الدراسة في مجال الرعاية الصحية لأنها تتحكم الى حد كبير في نمط انتشار المرض وطريقه الافراد في تفسيره ومعالجته فالتقائه تقى الانسان المرض وتصيبه به ايضاً وبذلك تقع مهمه نشر الوعى الصحي على جميع افراد المجتمع ولا تقتصر على العاملين في الحقل الطبي من اجل التعريف بالامراض وطرق العلاج منها من " فالوقايه خير من العلاج".		
4312	12012502		مدى فاعليه برنامج ارشادى فى تخفيف حده بعض المشكلات السلوكيه لدى عينه من ابناء المطلقين خلعا/	عبد الرحمن، جيهان محمد بكرى .			2011	يهدف البحث الى تصميم وحده تعليميه مقترحه باستخدام نموذج التعلم البنائي ومعرفة تأثيرها على ما يلى:-		
4313	12017175		القاعة في الدور العثمانيه الباقية بالقاهره(923-1220/1517-1805م))	عبد المجيد، هاله عزت أمين.			2011	تعلّم بعض المهارات الأساسية في الكرة الطائرة لتلاميذ المرحلة الاعدييه بقنا 1- التحصيل المعرفي في الكرة الطائرة لتلاميذ المرحلة الاعدييه بقنا 2-		
4314	12017222		خطط مدينه اسنا منذ بدايه العصر العثمانى حتى نهايه القرن التاسع عشر (923/1517م- 1899/1320م))	المولى، محمود أحمد جاد.			2011	هدفت الدراسة الى محاوله التعرف على الفروق الاحصائيه بين ابناء المطلقات وابناء المطلقين خلعا من خلال الدرجه الكليه لمقياس المشكلات السلوكيه كذلك التعرف على الفروق الاحصائيه بين متوسط درجات ابناء المطلقين خلعا على مقياس المشكلات السلوكيه تبعا للجنس ومدى فاعليه البرنامج الارشادى السلوكى فى تخفيف حده مشكله العناد ، العذوان، الكتب لدى ابناء المطلقين خلعا .		
4315	12017257		الرحله بين الشامخ بن ضرار وكعب بن زهير /	أيوزيد، أشرف أمين جاد.			2011	تعد دراسته الدور من الدراسات المهمه		
4316	12017319		مناظر الصيد والقتص من خلال تصاوير مخطوطات المدرسه المغولييه الهنديه (932-1274/1526-1858م) /	يوسف، إبراء صلاح الدين محمود.			2013	تعد دراسته الخطط باليمن والأحياء من الدراسات المهمه التي تجلى الكثير من الغموض عن هذه المناطق موضوع الدراسة حيث يعد تاريخ الخطط وتطورها وتنتج معالمها وأثارها بالوصف والتدوين من الأمور الهامه في تاريخ الحضارات ورغم الأهمية التي تمثلها دراسة هذه الموضوعات فإن الأبحاث التي صدرت عنها قليلة جداً.		
4317	12017383		دور الجعيات الأهليه في تنمية الاسره/	على، منى عبد الراضى منوفى.			2011	الرحله جزء اصييل من حركه الحياه على الارض وقد لا تتجاوز الرحله مسافه قصيره في بعض الاحيان وقد تمتد وتطول حتى تغطي اطول المسافات بين المكان والمكان الآخر ومن وراء كل رحله دافع او دوافع لكى تفضى على الطريق ومن بعد كل رحله هدف او غايه تجاوب اراده الحياه		
4318	12017433		الفرقة الرومانية منذ بدايه الحروب البونيقية وحتى نهايه الحرب المقدونييه الرابعه/	على، محمد محمود محمد.			2011	Characterized the school Mughal Indian photography Islamic characteristics and advantages of important technical expressed her Islamic Indian characteristic , which confirmed that India during the era of the Mughals were comparable to the greatest imaging centers in the Muslim world , and is the views of Fishing and Hunting of the most excelled what came to us in the imaging Mughal Indian , so is the theme (views Fishing and Hunting through representations of the Indian Mughal manuscripts school (932-1274 AH / 1526-1858 AD) , " the study of ancient art ") of important topics in the field of Islamic imaging , Dr. been split this topic into two volumes , the first volume this included an introduction and pave the doors and then finale included the most important results and a list of major sources and references , Volume II included the index of shapes and paintings and a catalog of images , following the descriptive and analytical approach . The second section: a special analytical study of the views of Fishing and Hunting in the representations of the school Mughal India, and split this section into four chapters, the first chapter deals with trips and fishing methods in the representations of the school Mughal India and is divided into first: Trips and methods of hunting - Second: Trips and methods of fishing - Third, trips and fishing methods atmosphere.		
							2011	تدور الدراسة حول التعرف على دور الجمعيات الأهلية في تنمية الاسره من خلال الاهميه والدور الذى تقدمه تلك الجمعيات للمرأة خاصه المعيله عن طريق المترددات على الجمعيات.		
							2011	تهدف هذه الرسالة الى التعرف باهم الآليات التي من خلالها كون الرومان امبراطوريتهم وبفضلها تحولت روما من مجرد قرية صغيره على نهر " النبير" الى عاصمه لإمبراطوريه ممتدة الأطراف .		
								هدف البحث الحالي إلى التعرف على فاعلية برنامج قائم على التعلم البصري على كل من : التحصيل، وتنمية مهارات الإدراك البصري المكاني لدى الطلاب الصم بالصنف الأول الإعدادي المهني. وتكونت مجموعة البحث من 28 طالباً وطالبة من مدرسة الأمل للصم وضعاف السمع الإعدادية المهنية بأسوان.		

						وقد أظهرت نتائج البحث ما يلي:
					2011	وجود فرق دال إحصائياً عند مستوى 0.01 بين متوسطي درجات الطلاب في التطبيقين القبلي والبعدي بالنسبة للاختبار - (التذكر، والفهم، والتطبيق) التحصيلي لصالح التطبيق البعدي في كل من : التحصيل ككل، وفي كل من مستويات التحصيل وجود فرق دال إحصائياً عند مستوى 0.01 بين متوسطي درجات الطلاب في التطبيقين القبلي والبعدي بالنسبة لاختبار - الإدراك البصري المكاني لصالح التطبيق البعدي - نسبة الكسب لبليك كانت مقبولة بصفة عامة في التحصيل، والإدراك البصري المكاني - حجم تأثير البرنامج القائم على التعلم البصري كان كبيراً على كل من: التحصيل، ومهارات الإدراك البصري المكاني - وبناء على نتائج البحث، فقد أوصت الباحثة بضرورة توجيه نظر معلمى الصم في المرحلة الإعدادية المهنية إلى أهمية استخدام برامج التعليم القائمة على التعلم البصري في تدريس الهندسة وضرورة تكاملها مع المواد الدراسية الأخرى، وعند برامج تدريبية لمعلمي الصم لتدريبهم على استخدام البرامج في التدريس.
4319	12017564	عبدالعزيز، فاتن محمد علي.	فاعلية برنامج قائم على التعلم البصري لتدريس الهندسة للطلاب الصم بالمرحلة الإعدادية المهنية في التحصيل والإدراك البصري المكاني /			
4320	12017665	محروس، رمضان عازف رمضان.	دور لجان المراجعة في تفعيل حوكمة الشركات /		2011	لجان المراجعة وتفعيل حوكمة الشركات.
4321	12019322	صالح، حنفي عبد الغني.	برنامج مقترح لتفعيل مشاركة المرأة في أنشطة مراكز شباب القرى من منظور طريقة خدمه الجماعة/		2011	تعد مراكز الشباب مؤسسات راعية للشباب بنوعيه الذكر والانثى لان مرحلة الشباب من اهم مراحل الحياه فمن خلالها يكتسب الفرد مهاراته الانسانيه والبدنيه والعقليه والنفسيه والاجتماعيه اللازمه لتدبير شئون حياته وتنظيم علاقته مع الآخرين .
					2011	مشكلة البحث ضعف التحصيل والتفكير الهندسي لدى طلبة الصف الثاني الاعدادى لذلك تم استخدام التعلم التعاونى فى التدريس وهى استراتيجيه TPS وذلك فى محاوله لتنمية التحصيل والتفكير الهندسى لدى طلبة الصف الثانى الاعدادى.
4322	12019352	ببواى، عصاد رشيد عبادى.	فعاليه إستراتيجيه Tps فى التحصيل الدراسى وتنميه التفكير الهندسى لدى تلاميذ المرحلة الاعدادى		2011	فعاليه إستراتيجيه Tps فى التحصيل الدراسى وتنميه التفكير الهندسى لدى تلاميذ المرحلة الاعدادى توصلت نتائج البحث الى فعاليه إستراتيجيه Tps فى التحصيل الدراسى وتنميه الفكر الهندسى لدى تلاميذ المرحلة الاعداديه كما توصلت الى وجود فروق ذات دلالة احصائيه بين مجموعى البحث التجريبيه والضابطه وذلك فى التطبيق البعدي للاختبار التحصيلي عند مستويات بلوم المعرفيه لصالح درجات القياس البعدي التى حصل عليها افراد المجموعه الضابطه.
4323	12019393	حسن، محمد حسن علي.	اثر استخدام خرائط المفاهيم على التفكير الهندسى لتلاميذ المرحلة الاعداديه/		2009	استخدام التعلم التعاونى فى التدريس وهى استراتيجيه TPS وذلك فى محاوله لتنمية التحصيل والتفكير الهندسى لدى طلبة الصف الثانى الاعدادى.
4324	12019413	إسماعيل، أشرف حسن علي.	التناص في شرح النووى على صحيح مسلم في ضوء علم الغه الحديث/		2011	هذفت الدراسة الحالية الى التعرف على اثر استخدام خرائط المفاهيم على التفكير الهندسى لتلاميذ الصف الاول الاعدادى بصفه عامه وعلى مستوياته الفرعيه (التصور- التحليل- شبه الاستدلالي - الاستدلالي- التدقيق الحكم).
4325	12019853	الرباوى، قناوى محمد فاوى أحمد.	المفاريذ في القراءات العشر من طريقى الشاطبيه والدرد/		2011	تهدف الدراسة الى تتبع صور التناص الموجوده فى كتاب المنهاج شرح صحيح مسلم بن الحجاج المعروف بشرح النووى وبين كل صوره من هذه الصور بيانا تفصيليا وكذلك دلالات الأمر من خلال السياقات وهى دلل للوجوب أو الذنب وكذلك النهي ودلالته وهل هو للتحرير أو للكرهه .
4326	12019879	يوسف، رضوى عزب.	ديوان حكيم الهى قمشه اى/		2011م	علم القراءات من العلوم التى اخذت بتصنيف افر من البحث والتأليف من قبل القدماء والمحدثين لتعلقه باعظم معجزه قائمه منذ اربعه عشر قرنا ومستغل أن يرث الله الارض ومن عليها وهى علم يحتاج اليه المفسر فى تفسيره والفقيه فى استنباطه للاحكام واهل اللغة والنحو فى الاحتجاج والاستشهاد فعلم القراءات متعلق بهذه العلوم جميعا ويغيرها .
						يعد ديوان الشاعر حكيم الهى قشه اى من الدواوين ذات الصيغه الدينيه والديوان يعد نموذجا للشعر التقليدى الكلاسيكى سواء من ناحية الشكل والمضمون والديوان لم يحمل اى من ملامح التجديد الشكلية التى ظهرت مع بدايه القرن العشرين كما ان مضامين الديوان القصرت على المضامين الدينيه والمذهبيه .
						عظيمة أهل السنة والجماعة قائمة على الكتاب والسنة وما كان عليه الصحابة الكرام رضى الله عنه أجمعين، فكانت واضحة جلية لا تشوبها شائبة التعقيد ولا تغلفها ضبابية التجهيل تخضع لها عقول الخاصة والعوام وتتقبلها قلوبهم بكل امتنان، فجاء من أراد أن ينحسب هذا الدور ليسنده إلى العقل والذي ل بلغ الشرح استخدامه، ولكنه أرادوا أن يجعلوا له دور السيادة فعولوا عليه وتأولوا النقول، وقدموا لها المقدمات فتجع على الكلام المضموم، والذي بين ألو الذين ابتلوا بو ما فاته من فضل، وفي النهاية صاروا إلى الحيرة والندم، واتباع طريقة السلف. وقد كان الإيمان بالله وما يتضمنون من مسائل من أى القضايا الخلافية بين الفرق ، فتمت بتناول نذا الموضوع وقسمتو إلى تمهيد وثلاثة فصول ؛ الفصل الأول بعنوان "منهج تفسيريّ مفاتيح الغيب والمنار في إثبات توحيد الألوهية"، "أما الثالث فهو بعنوان "منهج تفسيريّ مفاتيح الغيب والمنار في إثبات توحيد الأسماء والصفات"، وقد كان من أى أسباب اختيار هذا الموضوع ، أن الإمام فخر الدين الرازي من علماء الكلام الذين قدموا العقل على ما جاء به الحق سبحانه وتعالى وأنزلو في كتبو وأرسل بو رسلو -عليه السلام -فجاء تفسيره مفاتيح الغيب "المعنى بالدراسة ملن بالأدلة والمقدمات العقلية التى أقامها على وجود الله سبحانه وتعالى وروبوينو ،فكانت أدلتو تميل إلى التعقيدات الفلسفية والحجج الكلامية . كما استطرد في الحديث عن صفات الله تعالى إلا أنو ل يثبت منها إلا ما دل عليه العقل فقط بوو ما أطلق عليه الأشارة صفات المعاني، أما غيرا من الصفات الخيرية سواء كانت صفات ذات مثل الوجود واليد والعين أو صفات فعل لله سبحانه وتعالى مثل الإتيان والمجيء قل يثبتها لله سبحانه وتعالى لأنها تقتضى التجسي وقيام الحوادث بذاتو العلية كما خالف السلف الصالح في إثبات صفة الكلام لله سبحانه وتعالى ،فأثبت الكلام النفسى لله تعالى متميّا في ذلك مذبو الأشعري ،كما تعتر في إثبات الروية لله سبحانه وتعالى ،فجمع بين متناقضين وما نفى الجهة والعلو وبين إثبات الروية لله تعالى ،فدنب إلى ما ذنب إليه غيره من الأشارة وبو القول بأن الله تعالى يرى لا من جهة. أما الشيخ رشيد رضا في تفسيره "المنار" وبو الجانب الآخر للمقارنة فيميل إلى مذهب السلف الصالح القائل على اتباع كتاب الله وسنة رسولو -صلّى الله عليه وسل - فكد يخلو تفسيره من التعقيدات الكلامية والحجج الفلسفية الله إلا في بعض المواضع التى تابع فيها أستاذة الإمام محمد عبده كتأويلو صفة الإتيان في حقو تعالى وإكراه أن للسحر حقيقة، أما فيما يخص أدلة وجود الله سبحانه وتعالى قل يستطرد في الحديث عن الأدلة العقلية الفلسفية مقارنة بالرازي واكتفى بدليل القرآن ،أما توحيد الألوية ،فقد كان لرشيد رضا دوره البارز في إثباتو وحضض الشرك وإظهار مواطن البدع والخرافات التى كانت منتشرة في عصره بينما كاد يخلو الحديث عنها في تفسير الرازى ربما لعدم انتشار الحديث عنها في عصر الرازى أو لانشغالو بقضايا كلامية أخرى عنه
