

## Call for Papers

# THE SECOND INTERNATIONAL CONFERENCE ON ENERGY ENGINEERING (ICEE-2)

December 27-29, 2010  
Aswan, Egypt

Under the patronage of

**Dr. Eng. Hassan Ahmed Younes**

Minister of Electricity and Energy

**Prof. Hany Helal**

Minister of Higher Education & State for

Scientific Research

Honorary Chairman

**Prof. Abas Mansour**

President of South Valley University

Chairman

**Prof. Abdel-fatah M. Hashem**

Vice-president for Postgraduate Studies and  
Research, South Valley University

Executive Chairman

**Dr. Gaber Shabib**

Dean of the High Institute of Energy, Aswan

General Secretariat

**Dr. M. M. Dewidar**

**Dr. Mohamed K. Hassan**

**Dr. Omar Noureldeen**

**Dr. Waleed Abdelfadeel**

## SCOPE OF THE CONFERENCE AND MAJOR THEMES

It is with great pleasure that the High Institute of Energy, South Valley University, Aswan, Egypt, invites engineers, scientists, and energy managers from all over the world to Aswan, the southern city of Egypt with over 7000 years of history, for the ICEE-2 during December 27-29, 2010.

The conference will not only offer you an exciting chance to exchange ideas on the current status of developments in the field of energy, but also will give you a great chance to discover ancient Egypt, as the schedule also includes interesting events of entertainment and tour programs.

The conference will provide a forum for scientists and engineers from all over the world with a view of exchanging experience and highlighting the state-of-the-art in the field of Electrical and Mechanical Energy and related topics.

### MAIN TOPICS:

The conference program will focus on the recent advances in the following areas:

#### 1. Mechanical Energy Engineering:

New Energy and Renewable Energy, Thermal Engineering, Combustion Engineering, Fluid Mechanics, Hydraulic Machines, Thermal Machines.

#### 2. Applications on Mechanical Energy Engineering in the field of:

Mechanical Design and Tribology, Production Technology, Material and Manufacturing Technology (Nano-materials, Corrosion and Energy Storage

Materials, Semi and Superconducting Materials, Photoferroelectric), High Temperature Materials.

#### 3. Electrical Engineering:

Electric Power Generation, Transmission, and Distribution Systems, Control Systems, Protection Systems, Energy Systems, Power Electronics, and Electric Machines. Applications of Superconducting Materials in Electrical Power.

### DEADLINES AND FORMAT

- Original papers on the above topics are solicited for presentations at the ICEE-2.
- Please submit a one-page, 250-word abstract by May 17<sup>th</sup>, 2010 electronically to: [mkorrany@msn.com](mailto:mkorrany@msn.com) Or to [gtag2000@yahoo.com](mailto:gtag2000@yahoo.com).
- Tentative abstract acceptance notice: Two weeks after submission.
- Manuscripts (online submission/e-mail attachment): July 26<sup>th</sup>, 2010.
- Tentative acceptance notice: September 27<sup>th</sup>, 2010.
- Registration fees: October 18<sup>th</sup>, 2010.
- Graduate students are particularly encouraged to present their research works. The conference proceedings will be published as a special issue of a leading journal, strictly adhering to the journal's refereeing and publication policies. All manuscripts will be carefully and rigorously refereed and edited to ensure the quality of the proceedings.

## FEES AND REGISTRATION:

- Students: L.E. 300 (\$ 250)
- Authors: L.E. 600 (\$ 500)
- Non-authors: L.E. 700 (\$ 600)
- Participants of Non-Egyptian affiliations should pay the fees in US \$. Registration fees cover an electronic copy of the proceedings, lunches and refreshments during the conference.
- Social Program: \$ 200 Dependants only.

## ORGANIZERS:

- High Institute of Energy, South Valley University, Egypt
- LFW, RWTH- Aachen, Germany
- CPS-CSIC, Univesidad de Zaragoza, Spain
- Okayama University, Japan.

For questions & enquiries, please contact Dr. Mohamed. K. Hassan or Dr. M. M. Dewidar:  
Phone: (002) 097-348-1234,  
Fax: (002) 097-348-1234,  
Email: mkorrany@msn.com,  
dewidar5@hotmail.com.

For more details, please visit the conference website:

<http://www.svu.edu.eg/arabic/aswan/conf/fcee/index.htm>

## INTERNATIONAL SCIENTIFIC ADVISORY COMMITTEE:

- Prof. Tashiyuki Torii, Prof. Eji Tomita and Prof. Masahero Fuji, Okayama University, Okayama Japan;
- Prof. Takashi HIYAMA, Kumamoto University- Japan;
- Prof. Gerhard Poll, Hanover University;
- Dr. Jose Gonzalez-Santalo, Electrical Investigations Institute, Mexico;
- Prof. Bo-Young Hur, Gyeonggsang National University, Korea;
- Prof. O. H. Abdalla, Oman Electriciry Transimition Company, Oman;
- Associate Prof. M. S. Aly-Hassan, Kyoto Institute of Technology, Kyoto, Japan.

## CONFERENCE VENUE:

The conference will be held at Aswan city. Aswan, Egypt's sunniest southern city and ancient frontier town located about 500 miles south of Cairo, enjoys a distinctively African atmosphere. In Aswan, the Nile is at its most beautiful, flowing through amber desert and granite rocks, round emerald islands covered in palm groves and tropical plants. Close to the conference location, various hotel classes are available.

## SOCIAL PROGRAM: DAILY TOUR/POST TOUR

- Local sightseeing tours to main places in Aswan and Nile cruises will be arranged during the conference.
- Tours to Abou Simble, Luxor and Hurghada may also be arranged upon request.
- Daily Tour/Post Tours will be scheduled to widen experiences of ancient Egypt. With thousands of years of history, Egypt has well preserved ancient places, historical relics, and cultural treasures, yet state-of-the-art facilities and infrastructures.
- Field Visit: Tentative Programs for Tour are also prepared to take a field trip. You can visit Aswan High Dam and Aswan power planets.
