SVU has excellence output in this goal nationally and globally in the period of 2017 to 2021.

International Collaboration

Publications co-authored with Institutions in other countries/regions

- SVU plant about 1800 tree in campus towards smart and green university.
- Sustainable Cities & Communities encompasses both the challenges and opportunities presented by the increasing concentration of our global population both in urban centers and smaller but still heavily populated towns.
- Fine art forum is held annually under faculty of fine arts in the campus.

## SVU strategy

SVU has continued to prioritize pedestrian access on campus in order to:

- Encourage walking and reduce dependency on cars.
- Protect the environment and reduce greenhouse gas emissions by limiting the use of cars.
- Improve the health and wellbeing of faculty staff, employees, and students.

## SVU Vision

- SVU act as custodians of heritage and environment in their communities, a sustainable community must have access to its history and culture in order to thrive.
- SVU supporting arts and heritage and provide access to local cultural and heritage.
