CURRENT POST:

Assistant Professor and Head of Urology Dept. Faculty of Medicine, South Valley University.

MEMBERSHIPS:

Egyptian Urological Association.

Subdivision of Pediatric Urology in Egyptian Urological Association,

Egyptian Society of Surgery

Panarab Urological Association

CLINICAL EXPERIENCE:

GENERAL UROLOGY:

- Basic and advanced urologic surgery covering management of urinary infections, urolithiasis, urologic oncology and various obstructive urologic disorders.
- In Egypt, I am currently an assistant professor in Urology after about 26 years of experience in one of the most busy and distinguished university hospitals all over the Upper Egypt.

SPECIALITY UROLOGY:

- Mastering Pediatric Urologic Surgery involving correction of congenital anomalies such as hypospadias, epispadias, exstrophy, posterior urethral valves, ureteropelvic junction obstruction, and ureterocele.
- Mastering basic and advanced endourologic procedures including diagnostic and therapeutic procedures all over the urinary tract such as endoscopic treatment of urethral, prostatic, bladder, ureteral and renal diseases.
- Advanced course in flexible ureterorenal surgery (RIRS).

RESEARCH AND AUDIT:

- Clinical Evaluation Of TURP In Cases Of BPH, this was the research project for my master thesis and was submitted to Al-Minia University at 1995.
- Detection and Management of Perinatal Hydronephrosis; it was the title of my MD thesis that was carried out in Japan between November 1999 and November 2001 and submitted to Al-Minia University at 2002.
- Management of Antenatally Diagnosed Hydronephrosis; Summary of 30 Cases. Gamal A. Alsagheer, Yataro Hosoda, Atsuyuki Yamataka, Takeshi Miyano. Conjoint meeting of 34th PAPS (Pacific Association of

Pediatric Surgery) and WOFAPS (World Federation of Associations of Pediatric Surgeons). Kyoto, Japan 2001.

- Tubularized incised urethral plate for hypospadias repair. Alaa M. Shaaban, Mohamed H. Ablohassan, Ahmed Z. Mohamed and Gamal A. Alsagheer,. Asian Journal of Surgery, vol. 24, No. 4, Oct 2001, 286-288.
- Lithoclast: A new technique of cystolithotripsy in colon-augmented neurogenic bladder. Hiroyuki Kobayashi, Gamal Alsagheer, Hideshi Miyakita, Zhi Xin Li, Atsuyuki Yamataka, Kiyohiko Ohshiro, and Takeshi Miyano. Asian Journal of Surgry, vol 24, No.4, October 2001.
- Reimplantation of the ureters into the colon cap during sigmoidocystoplasty for treatment of vesicoureteric reflux associated with neurogenic bladder: Long-term outcome. Atsuyuki Yamataka, kun Wang, Kiyohiko Ohshiro, Geoffrey J. Lane, Gamal Alsagheer, and Takeshi Miyano. Surg Childh Intern X, 1, 6-9, 2002.
- The antenatally diagnosed hydronephrosis: impact of the antenatal course pattern on the postnatal management. Lotfy M. Abdel-Kader, Khalid M. Badr, M. Abdel-Malik Hassan, M.H.Aboul-Hassan, Takeshi Miyano and Gamal Alsagheer. 38th annual congress of Egyptian Urological Association. October 1-4, 2003.
- Transurethral resection versus transurethral electrovaporization in treatment of benign prostatic hyperplasia. Khalid Ezz El Din, Gamal Alsagheer, Lotfy Abd El Kader, and Mohamed Abd El Malek. Kasr El Aini Medical Journal, Vol. 11, No. 1, 2005.

AREAS OF SPECIAL INTEREST:

- Pediatric Urology
- Endourology

CAREER OBJECTIVES:

- Advancing my knowledge and skills in Pediatric Urology and Endourology.
- Gaining more practical experience in the growing field of laparoscopic urology.
- Undertaking basic as well as clinical research work.

HOBBIES AND INTERESTS:

- I am a keen sports man. I especially enjoy cycling and swimming
- I am a keen tourist and interested in visiting new places and different cultures and like making friendship and socialization.
- I am interested in general and scientific reading.
